BGE states that the timing of the transactions cannot be accurately estimated but that BGE will provide the system energy to PSE&G at a negotiated rate upon which the parties will agree prior to each transaction when it is economical for each party to do so. PSE&G will pay a Reservation Charge to BGE for each transaction in an amount equal to the megawatthours of system energy reserved for PSE&G by BGE during a transaction multiplied by a Reservation Charge Rate negotiated prior to each transaction. The Reservation Charge Rate will be subject to a cost justified ceiling. PSE&G will pay an Energy Charge for each transaction in an amount equal to the megawatthours delivered by BGE during such transaction multiplied by an Energy Charge Rate. The Energy Charge Rate will be BGE's estimated incremental cost to supply the transaction, to be charged for each hour of the transaction in which BGE supplies energy.

Pursuant to § 35.11 of the Commission's regulations, BGE requests that the Commission waive the prior notice requirement and allow the Agreement to become effective January 25, 1995. PSE&G has concurred with this rate schedule by its execution of the Agreement.
