4.1.2 Evaluating Innovative Children's Mental Health Services

- Application Deadline: May 10, 1995.
- Purpose: The purpose of this announcement is to encourage demonstrations which focus on evaluating the effectiveness of innovative models of organizing, delivering, and financing mental health service systems of care for children and adolescents with or at risk for serious emotional, behavioral or mental disturbances and their families, especially those systems that include community-based services and interagency coordination.
- Priorities: None.
- Eligible Applicants: Centralized state assistance is often helpful in obtaining continued support for successful intervention projects. Therefore, State mental health authorities may choose to be direct applicants. Direct application for funding may also be made by political subdivisions of a State, and private nonprofit organizations such as community-based organizations, universities, colleges, and hospitals. In the case where an applicant is not the State mental health authority, the applicant will be required to obtain a letter of support from the State mental health authority.

- Grants/Amounts: 6 to 8 awards, with individual awards varying from \$300,000 to \$400,000 for the first year.

4.1.3 Demonstration Grants for Consumer and Family Networks

- Application Deadline: May 10, 1995.
- Purpose: The goals for these demonstration grants are to implement and evaluate strategies to: (1) Empower consumer and family networks and strengthen their ability to participate in State and local mental health service planning and health care reform policy activities related to improving community-based services for the target population; and (2) foster the financial self-sufficiency of consumer and family organizations.
- Priorities: None.
- Eligible Applicants: CMHS is limiting potential applicants for projects under this announcement to State mental health authorities. Multiple organizations are generally involved in implementing these initiatives; and the State mental health authorities are uniquely qualified to undertake the coordination function, since they work directly with the major consumer and family groups and oversee a wide range of mental health service providers.

Due to funding limitations, only States and territories that do not have a current, active Community Support Programs (CSP) Service Systems Improvement Demonstration (SSID) grant, or those that have an active CSP SSID grant with a project period that ends on or before August 31, 1995, excluding no-cost extensions, are eligible to apply.

- Grants/Amounts: 5 to 8 awards, with individual awards varying from \$125,000 to \$150,000 for the first year.

• Catalog of Federal Domestic Assistance Number: 93.125.

4.1.4 National Consumer Technical Assistance Centers

- Application Deadline: May 10, 1995.
 - Purpose: The goals of these Centers are to: (1) Serve as a resource center for consumers involved in the Community Support Programs (CSP) Service System Improvement Demonstration (SSID) grants, with a special emphasis on assisting the groups to achieve financial self-sufficiency; (2) operate a national resource center for consumers involved in developing consumer-operated services by reaching out to racial and ethnic minorities, assisting in planning, providing, and evaluating mental health services, and in planning for health care reform activities; and (3) facilitate the development of a coalition of national or multi-state consumer organizations involved in self-help and system improvement efforts.
 - Priorities: It is CMHS's expectation that the TA Center(s) will be planned, directed, and operated by primary mental health consumers.
 - Eligible Applicants: Applications may be submitted by States, political subdivisions of States, and private nonprofit agencies, as well as current CMHS/CSP TA Center grantees.
