Note: Complete guidelines for preparing and submitting an application under this activity will be available on February 24, 1995.

4.2 Cooperative Agreements

CSAP's Communications cooperative agreement program is discussed below. Substantive Federal programmatic involvement is required in cooperative agreement programs. Federal involvement will include planning, guidance, coordination, and participating in programmatic activities (e.g., participation in publication of findings) and on steering committees. Periodic meetings, conferences and/or communications with the award recipients may be held to review mutually agreed-upon goals and objectives and to assess progress. Additional details on the degree of Federal programmatic involvement will be included in the application guidance materials.

4.2.1 Communications Programs for Demonstrating the Prevention of Alcohol, Tobacco, and Other Drug Problems

- ♦ Application Deadline: May 10, 1995.

- ♦ Purpose: To demonstrate that alcohol, tobacco, and other drug problems can be reduced through effective communication strategies.

- ♦ Priorities: CSAP has identified two (2) priority populations: (1) adolescent females ages 12-20 and (2) Native Americans, particularly in relation to reducing the incidence of FAS/FAE among the infants of Native American women. In addition, other field identified and justified high-risk populations may be targeted for the development and evaluation of communications strategies in response to this cooperative agreement.

- ♦ Eligible Candidates: Public organizations such as units of State or local governments and private nonprofit and for-profit organizations such as universities, colleges, hospitals, and community-based organizations. Indian Tribes/tribal organizations are eligible applicants.

- ♦ Grants/Amounts: Approximately \$1 million has been designated for female adolescents to support up to five (5) cooperative agreements averaging \$200,000 each;

Approximately \$500,000 has been designated for up to two (2) cooperative agreements for Native Americans;

Approximately \$800,000 has been designated for up to five (5) cooperative agreements, averaging \$160,000 each, for field-specified target population.

- ♦ Catalog of Federal Domestic Assistance Number: 93.901.

- ♦ Program Contact: Bob Vollinger, Linda Bass, or Javier Cordova, Division of Public Education and Dissemination Center for Substance Abuse Prevention, Rockwall II Building, Suite 800, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443-9936.

Note: Complete guidelines for preparing and submitting an application under this activity will be available on February 17, 1995.

5. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Specific application guidance materials may include more detailed guidance as to how the Center will implement SAMHSA's policy on promoting the non-use of tobacco.

7. Executive Order 12372

Applications submitted in response to most, if not all, of the FY 1995 activities listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to:

Office of Review, Substance Abuse and Mental Health Services Administration, Rockwall II Building, suite 630, 5600 Fishers Lane, Rockville, Maryland 20857

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. The CSAP does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the provisions of Executive Order 12372.

Dated: February 7, 1995.

Richard Kopanda,

Acting Executive Officer, SAMHSA.
