

drug-related criminal activity; the number of residents placed in treatment for substance abuse; and the school drop-out rate and level of absenteeism for youth. If crime statistics are not available at the project or precinct level, the applicant may use other reliable, objective data including those derived from the owner's records or those of private groups that collect such data. The crime statistics should be reported both in real numbers, and as a percentage of the residents in each project (e.g., 20 arrests for distribution of heroin in a project with 100 residents reflects a 20 percent occurrence rate). The data should cover the past three-year period and, to the extent feasible, should indicate whether these data reflect a percentage increase or decrease in drug-related crime over the past several years. Applicants must address in their assessment how these crimes have affected the project and how the applicant's overall plan and strategy is specifically tailored to address these drug-related crime problems.

(2) Other data on the extent of drug-related crime. To the extent that objective data as described under paragraph (1) of this section may not be available, or to complement that data, the assessment may use relevant information from other sources that have a direct bearing on drug-related crime problems in the project proposed for assistance. However, if other relevant information is to be used in place of, rather than to complement, objective data, the application must indicate the reason(s) why objective data could not be obtained and what efforts were made to obtain it. Examples of other data include: resident/staff surveys on drug-related issues or on-site reviews to determine drug activity; the use of local government or scholarly studies or other research conducted in the past year that analyze drug activity in the targeted project; vandalism costs and related vacancies attributable to drug-related crime; information from schools, health service providers, residents and police; and the opinions and observations of individuals having direct knowledge of drug-related crime problems concerning the nature and extent of those problems in the project proposed for assistance. (These individuals may include law enforcement officials, resident or community leaders, school officials, community medical officials, drug treatment or counseling professionals, or other social service providers.)

(i) If applying for drug treatment program funding, a certification that the applicant has notified and consulted with the relevant Single State Agency or

other local authority with drug program coordination responsibilities concerning its application; and that the proposed drug treatment program has been reviewed by the relevant Single State Agency or other local authority and that it is consistent with the State treatment plan; and that the relevant Single State Agency or other local authority has determined that the drug treatment provider(s) has provided drug treatment services to similar populations, identified in the application, for two prior years.

(j) Drug-free workplace. The certification with regard to the drug-free workplace required by 24 CFR part 24, subpart F and appendix C.

(k) Disclosure of Lobbying Activities. If the amount applied for is greater than \$100,000, the certification with regard to lobbying required by 24 CFR part 87 must be included. See section VI.(h), below, of this NOFA. If the amount applied for is greater than \$100,000, and the applicant has made or has agreed to make any payment using nonappropriated funds for lobbying activity, as described in 24 CFR part 87, the submission must also include the Disclosure of Lobbying Activities Form (SF-LLL).

(l) Form HUD-2880, Applicant/Recipient Disclosure/Update Report.

IV. Corrections to Deficient Applications

HUD will notify the applicant within 10 working days of the receipt of the application if there are any curable technical deficiencies in the application. Curable technical deficiencies relate to minimum eligibility requirements (such as certifications and signatures) that are necessary for funding approval but that do not relate to the quality of the applicant's program proposal under the selection criteria. The owner must submit corrections in accordance with the information provided by HUD within 14 calendar days of the date of the HUD notification.

V. Other Matters

(a) Nondiscrimination and Equal Opportunity

The following nondiscrimination and equal opportunity requirements apply:

(1) The requirements of Title VIII of the Civil Rights Act of 1968 (Fair Housing Act) (42 U.S.C. 3600-20) and implementing regulations issued at subchapter A of title 24 of the Code of Federal Regulations, as amended by 54 FR 3232 (published January 23, 1989); Executive Order 11063 (Equal Opportunity in Housing) and

implementing regulations at 24 CFR part 107; and title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d-2000d-4) (Nondiscrimination in Federally Assisted Programs) and implementing regulations issued at 24 CFR part 1;

(2) The prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101-07) and implementing regulations at 24 CFR part 146, and the prohibitions against discrimination against handicapped individuals under section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and implementing regulations at 24 CFR part 8;

(3) The requirements of Executive Order 11246 (Equal Employment Opportunity) and the regulations issued under the Order at 41 CFR Chapter 60;

(4) The requirements of Executive Orders 11625, 12432, and 12138. Consistent with HUD's responsibilities under these Orders, recipients must make efforts to encourage the use of minority and women's business enterprises in connection with funded activities.

(b) Environmental Impact

At the time of the publication of the proposed rule for the Federally Assisted Low Income Housing Drug Elimination Program, a Finding of No Significant Impact with respect to the environment was made in accordance with HUD regulations at 24 CFR part 50 that implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332). The initial finding applies to this NOFA, and is available for public inspection and copying from 7:30 to 5:30 weekdays in the Office of the Rules Docket Clerk, Room 10276, 451 Seventh Street, SW., Washington, DC 20410.

(c) Federalism Impact

The General Counsel, as the Designated Official under section 6(a) of Executive Order 12612, *Federalism*, has determined that the provisions of this NOFA do not have federalism implications within the meaning of the Order. The NOFA announces the availability of funds and provides the application requirements for Federally Assisted Low Income Housing Drug Elimination Grants, which fund activities designed to deter drug-related crime. Deterring drug-related crime is a recognized goal of general benefit without direct implications on States or their political subdivisions, or the relationship between the Federal government and the States, or on the distribution of power and responsibilities among various levels of government.
