

Review urged the Department to "eliminate the continuation application process for budget years within the project period" and replace it with "yearly program progress reports focusing on program outcomes and problems related to program implementation and service delivery." The Department is implementing this recommendation for as many programs as possible beginning in fiscal year 1995. This will require all applicants for multi-year awards to provide detailed budget information for the total grant period requested. The Department will negotiate at the time of the initial award the funding levels for each year of the grant award. A new generic budget form, included in this package, requests the information needed to implement this initiative.

By requesting detailed budget information in the initial application for the total project period, the need for formal noncompeting continuation applications in the remaining years will be eliminated. An annual report will be used in place of continuation application to determine progress, thereby relieving grantees of the burden to resubmit assurances, certifications, etc.
