(for conservatives and the rest of us)

- A human being is a person which was created by one **Creator** -- according to our Declaration -- and therefore inherently endowed with certain **Inalienable Rights by God** (or "God" for you atheists). Everyone knows that those rights include Life, Liberty, and the Pursuit of Happiness.
- A Corporation is a "person" which was created by **Lawyers**.
- **How is it** that the **Lawyer-version** has been judged to be **superior** to and entitled to **more Liberty** and **more protection** than the **Creator-version** of a "person"?
- **Courts** have slowly re-made corporations into omnipotent "gods".
- Our United States has **not** been "**stolen**" by the **Globalists** ... it was **BOUGHT**, individually and collectively, by a miniscule network of billionaires and multi-millionaires. Not to imply we were not also defrauded by robber-barons.
- What makes this "corruption" is that **OUR government was NEVER intended to be up for sale**.

[Alex Jones WARNS of 9-11 in July](#) (Windows Media version)

[ALEX JONES PREDICTS 9-11 on July 25, 2001](#) (longer version, RealPlay, go to 27min for warning)

Alex Jones dubbed his **July 2001** campaign '[Expose the Government Terrorists](#)' and urged his listeners to call the White House and tell them to **call off the Bin Laden operation**.

Alex Jones disagrees with Jones' "Birchite" take on history. He covers many aspects of 9-11, including growing recognition that 9-11 is a milestone in world events which are directed by a tiny elite of wealth and royalty. (**Here's how [911Truth.org](#) describes Alex** -- 110% energy, 89% accuracy.) Upon learning that the John Birch Society functioned as an adjunct of Far Right and Nazi aspects of the US government and Intelligence, including spying on Americans and a "patriotic" right wing front group, I now wonder HOW ALEX KNEW.

Did Jones just *foresee*, by reading the "tea leaves" of public Intelligence releases, or was he directed to make those statements by his FBI/CIA handlers?

**LONDON BOMBINGS ON 7/7/05**, coinciding with G8 conference and fake Live8 debt relief concert for Africa, combined with bombing Africa with AIDS meds and "peacekeeping" forces.

Tony Blair ordered his conservative parliament to **NOT investigate the train bombings** on 7-7-2005, because *that* would interfere with the "War on Terrorism".

## **How Black Ops Staged the London Bombings: Hole Blown UPWARDS thru floor**

The bombs on the Underground were not in the tube carriages. They were under the floors of the carriages. The black-ops team would need access to rail or maintenance yards in order to plant these timed devices.

"The policeman said 'mind that hole, that's where the bomb was'. The metal was pushed upwards as if the bomb was underneath the train."

## COUNTER SPIN: **WHY ALEX JONES IS WRONG ON THE LONDON DRILLS**

Visor's eight-person, office-bound terror drill wasn't cover for the black op. The *story* the coincident drill was itself the decoy cover. The story was 'handed over' by Peter Power who had been involved in 2 other London Underground disasters, to the mainstream media, and

[Lee Hamilton](#) (D) performed damage control on the [Iran-Contra-Cocaine](#) investigation, releasing a report [denying drug trafficking](#) (which the CIA later quietly admitted) and [choosing not to probe Reagan and Bush](#).

Recall how the Post saved us from the truth about Iran-Contra. ... On February 5, 1992 a gun-shy, uninspired House of Representatives begrudgingly authorized an "October Surprise" investigation by a task force of 13 congressmen headed by [Lee Hamilton \(D-IN\)](#), who had chaired the House of Representatives Iran-Contra Committee. Hamilton has named as chief team counsel Larry Barcella, a lawyer who represented BCCI when the Bank was indicted in 1988 (\*11).

like the [Washington Post](#), Hamilton had not shown interest in pursuing the U.S. arms-for-drugs operation (\*12). He had accepted Oliver North's lies, and as Chairman of the House Intelligence Committee he derailed House Resolution 485 which had asked President Reagan to answer questions about Contra support activities of government officials and others.

How did they make a decision and then engineer a complete demolition, wiring explosive charges from top to bottom, between **10am and 4pm** on Sept 11? **Did they wire it in advance?** [Silverstein's statement and denial on PBS](#) (Petroleum Broadcasting Station) **red herring was very likely planted in an attempt to discredit the idea that the building was** (obviously) **dropped**.

**DESCRIPTION** of a [controlled demolition](#) (atypical, very heavy steel): (28-story building) CDI placed 991 separate charges, about 800 lbs of explosives in all, on seven floors from the basement to the 14th floor and detonated them over a five-second interval. CDI's detonation sequence aimed to drop the building in a southerly direction in what is called a controlled progressive collapse in order to lay out the demolished structure to ease removal of debris. To blast in this fashion it is imperative that the charges on opposing sides go off simultaneously. If one goes off too soon, it will dislodge the other before it can cut through the steel.

[Jerry Silverstein](#) says he meant "[something else](#)" other than demolition, but won't elaborate.

Mention of **the third tower Building 7 collapse** is **completely missing from the 9-11 Commission Report**, obviously because it would raise unanswerable questions about **demolition planning**. Most of the steel has been recycled as per the city's decision to swiftly send the wreckage to salvage yards in New Jersey. Fire Engineering has good reason to believe that the "official investigation" blessed by FEMA and run by the **American Society of Civil Engineers is a half-baked farce** that may already have been commandeered by political forces whose primary interests, to put it mildly, lie far afield of full disclosure. ## A lotta people claim to disbelieve "conspiracy theories"

they really mean is they only believe in officially-sanctioned conspiracy theories ...

**conspiracy section offloaded [here](#)**

**CONSPIRACY** is when two or more people plan a crime, *whether or not the crime was actually committed*, or to commit a crime, which may be complicity *after* the fact. A corner drug deal is a conspiracy and **one in four federal prosecutions include a conspiracy charge.** **Conspiracy can be far easier to prosecute** than the actual crime.

... well, it's a **huddle**. WHEN a group like the CFR or Tri-Lateral Commission or the Bilderberg group, the G8 leaders, or any other board or other group, get together to **plan a strategy**, that's called "**a planning meeting**". If what the planners are planning is **illegal** -- or grossly **unethical** -- **that's a conspiracy**.

America was founded on a conspiracy theory -- it's in the declaration of independence-- that **King George was conspiring against the colonists** by all his actions. -- Tarpley

(Mike Levine, a former cop who prosecuted govt drug conspiracies disputes any conspiracy.)

**complicity.**

What about a **THEORY** ? Police detectives test unproven ideas (hopefully *logically-inferred*) -- a hypothesis -- about crimes.

You think 9-11 is **too big** to cover up? It **IS**.

Actual conspiracies around 9-11 by government officials are *painfully* evident, from Bush's initial insistence on "no investigation", to other criminal evasions. Their cleverness has been to allow and encourage

... conspiracy theories to flourish, and to participate in muddying the waters.

he noted **loudly** that the arrangements for the entire Sept 11 Project took probably eight years, and therefore **did** precede the admin. ### **Kerry HELPING Bush 41** [link to details](#)

There are differences as to whether **John Kerry** (D) pursued the **Iran-Contra** investigation, and the related **scandal**, or **helped cover it up**. I clarify BCCI "**The Al-Qaeda International Bank of Pakistan**". Some claims of course make Kerry a hero over it.

If you know you're in trouble, make sure the investigator/prosecutor has got your back. (is an ally)

### **Kerry HELPING Bush 43** [link to details](#)

Kerry never mentioned during his campaign that Bush 43 had re-hired the people **he investigated to prosecute** for BCCI (*essentially*). They once worked for Bush 41, and now Georgie put them back in power. If Kerry *really* went after them, he was really serious -- why didn't he mention that his opponents were criminals who used CIA and Executive power to block the investigation?

I understood **BCCI** at the time. I didn't. [Accounts at BCCI](#) But if Kerry had said:

I would have prosecuted the **American branch of the Bank of Al-Qaeda** as hard as I could. Poppy Bush pardoned some of them, and now **Junior put them back in the charge**", I think people would *get* that after Sept 11!

There are many other honest proven **meaty and substantial** criticisms about Bush which Kerry FAILED to mention, holding back a lot of information.

A few more clues: Assistant Attorney General **Robert Mueller** (now head of FBI) testified that "at no time ...has anyone in the CIA ... attempted to obstruct or interfere with the Department of Justice's investigation and prosecution of BCCI."

On August 2, 1991, with Congress in recess, acting CIA director Richard Kerr chose to provide the first public account of the CIA's involvement with BCCI at the National Press Club, to a group of high school students, who were not permitted to ask questions.

## TORTURE:

MY SUGGESTION: I'm not necessarily against it. THEY SHOULD ALL BE TORTURED.

**Bush should round up Carter, Bush 41, Clinton, and all their key Pentagon and CIA leaders, along with the Joint Chiefs, heads of Tri-Lateral, and send them all to Guantanamo ... and then Bush 43 'W' should join them himself.** Don't forget **Dick Armitage**, former torture-master of Latin America.

# Kennedy Assassination

I had never been deeply interested in the Kennedy Assassination, until after 9-11. It happened. I was three. What difference does it make today to speculate who did it?

Well, for one thing, the evidence presented is FAR more than mere speculation. For another, I didn't understand that the JFK assassination was a giant step along a well-established path leading to fascism, a military-intelligence dictatorship in the United States.

There are many not "weird" but simply *factual* parallels between the **Kennedy assassination** and **9-11** the same people linked to both events, how the Establishment and the Media handled public confusion in the aftermath by contradicting initial reports with later ones, creating incredible theories, leaking intentional disinformation, creating strawmen, the use of ridicule, etc.

Here's the biggest and most obvious fact: **Allen Dulles** was fired by President Kennedy, in part because of the fiasco of the Bay of Pigs, where CIA tried to "force" JFK to order an invasion by launching their own clandestine attack.

Despite being an ex-employee, Allen Dulles was appointed by Lyndon Johnson to serve on the Warren Commission to

investigate the murder of his former boss. JFK had not only been killed but he had sworn to dismantle the whole CIA (Nazi) operation. **These men obviously had a serious grudge, personal, political, power.**

Allen Dulles was business partner to W's grandfather, and employer of his father, George Herbert Walker Bush. He was also a Nazi- collaborator, more like one of the key lynchpin men in charge of the operation.

See page 308 from Volume XVIII of the official Warren Commission Report.

Click here to see the **infamous memo** from J. Edgar Hoover expressing his opinion on the sentiments of the "misguided anti-Cubans". Hoover wrote this memo TO the State Department regarding information he furnished to "George Bush of the C.I.A.". The goofy thing is that the anti-Castro Cuban attack **Operation 40** was **run by the CIA**, and GHW Bush of the CIA, so there would have been no logical reason for CIA to have been inquiring about it from Hoover.

**Claimed to have first joined the CIA in 1974 -- over a decade later -- ... as it's Director.** Members of Operation 40, CIA, who badly wanted war with Castro, were implicated in the Kennedy assassination.
