

## THE EUROPEAN FAMILY AWAKENING SET (5 CD Set)

“From the era of Plato, Socrates, and Cato to that of DaVinci and Michelangelo, to Locke and Shakespeare, to Jefferson and Franklin, Western civilization has sprung from the creative genius of one kindred people. In the vast panorama of time this period was but a fleeting moment and a glorious dream. The near future will show what manner of civilization will follow the passing of the White man. How sad and ironic that the American republic, which was formed exclusively for the preservation and promotion of Western man, became the vehicle through which he was destroyed both here and in his European homeland.”

- David Lane, as found on this CD in “READ-DavidLane's final addr.PDF”

### Open Letter to my People

wherever they may be on this Earth

*Your forefathers shed their blood to save you from the very tyranny you now accept.*

*Would they have shed their blood if they knew that YOU, their descendants, would forsake their sacrifice?*

*If you learned that a group was intentionally killing off your family, what would you do to those criminals?*

*If you knew how to stop it, how to permanently protect your family and all our descendants so that they could never again fall prey to the same recurring tyranny, do you love your people enough to act?*

Greetings my White Brother or Sister,

#### Introduction

I hope this letter finds you well. This letter is being completed on the last days of the year commonly known as 2002, and the 5-CD Set you just received, **THE EUROPEAN FAMILY AWAKENING SET**, serves as my first great Gift to my Race. There is so much to tell you, but I will be as brief as possible while providing enough of an introduction for you to realize what this Gift is and why it is so important. It is absolutely necessary to read this letter so that you understand why this Gift has been given to you, and have proper orientation for its contents. So, PLEASE take the next few minutes to read this letter, and delay opinions until you have done so.

I began my path to Racial Awakening only a few months before the tragic events of September 11th, 2001. The greatest journey of my life, the path has been filled with both jubilation for my people, and shock to learn the horrors which have been purposely orchestrated against us over dozens of generations for the purpose of complete genocide of our beautiful and creative White race. I wish I could say this was only the fanciful claim of feeble minds, but quite the opposite is true- this is brutal nonfiction. A fact so carefully manipulated, in fact, that most of us are completely blinded, and even support our own destruction.

If I were in your shoes today, I would also not believe such a statement without proof. However, I knew that, if true, such a proposition was indeed frightening. So, instead of dismissing it, I decided to immediately begin spending time to research what could be THE SINGLE MOST IMPORTANT ISSUE for White people in our history. I urge you to do the same. Take my hand, and walk with me. Your RACE is at stake!

We, your Brothers and Sisters, now open our hearts to you. The Loyalist who gave you this Set cares about you and our people enough to risk, as have I, his/her reputation and freedom to get this Set into your hands. It is a unique gift which is not available by any other means and definitely will never be available in your local record store! Your messenger has put his/her money where their heart is. They have duplicated these CDs at their own cost, and chosen to give them to you for free because they love you as part of their racial family.

Never before, to my knowledge, has there been an Awakening Set like this compiled, but it is very much needed, as you will come to realize, and I am honored create it. We on the other side know from personal experience that if you honestly research (hence the files on the computer CD) this subject instead of choosing to have all of your opinions spoon fed to you, there is only one confident conclusion which honest White people can draw.

Because this is done at our expense, if you are financially able, a private donation to the Loyalist messenger who provided you with this Awakening Set is greatly appreciated. By their own honor and code of ethic, s/he uses all donations 100% for the duplication and distribution of more Awakening Sets. If you do not yet feel that such donation is warranted, keep him/her in mind after you have done more research. Then, when you are also aware, I urge you to join our Awareness campaign by providing this Set to those you care about, as was done for you. WAKE UP! Your future depends on it!

### Our situation

I have researched and read multiple points of view and data from a plethora of books, news archives, science, archeology, history, culture, and more. Following over a year of intense research and personal reflection, I now know who I am, who WE are, and the reality of the precarious situation we face at this moment in our history. The benefits I have gained are deep love and pride for my people, and 100% loyalty and dedication to the 14 words: “We must secure the existence of our people and a future for white children.” -David Lane

Unknown to me before searching for like-minded folk, and probably unknown to you before this moment, there are definitely tens of thousands, and probably hundreds of thousands of White people worldwide who realize what I realize, and Awareness grows every day, especially outside of America where people are less influenced by its pervasive propaganda machine. Loyalists are demonized by the media, when even mentioned at all, so the general public scorns and mislabels them, chanting “racist” or “Nazi” in a negative context without even understanding the terms, just as medieval women (and sometimes men) were often branded as “witch” if they were a threat to those in power, so that the public would support their persecution and often state-sponsored murder. Our White heritage is scorned, our traditions are becoming banned, our achievements are erased from our children’s textbooks, our heroes are replaced with nonwhites, our children are blatantly LIED to and actually TAUGHT many forms of decadent behavior in our schools, our people are systematically disarmed, our courts have become halls of INJUSTICE, and Western governments have become pure TYRANNY whose disguises of “freedom” become increasingly transparent as their atrocities only accelerate, regardless of who is in office.

The shock of these audio CDs, and the computer CD (CDR) files, will take many months to fully absorb, and we understand this. So, take a few bites, let the information digest, then bite off more. Above all, however, do not allow yourself to slip back into the sheep mode. Ignorance may be temporary bliss, but it is also a death sentence. Seriously. If we didn’t know this to be true, we would never endure personal pain and ridicule to awaken our sleeping brethren. I KNOW that at the very least, new questions have been raised in your mind. Explore them, draw your own conclusions, and above all, never fear the truth.

### The Audio CDs

My Brother or Sister, you have been given this **EUROPEAN FAMILY AWAKENING SET** of 5 CDs at our personal expense because both I and another Racial Loyalist care very much about you and your family, for the same blood courses through both of our veins and we are an extended family. The first 4 CDs, marked “A1” through “A4” are audio only, and the 5th, marked “C5” is the computer CD which contains this letter. The first 2 audio CDs are my personal compilations of White music. The 3rd compilation is easy listening and humor compiled with permission directly from sections of the sample mp3 list on <http://1488web.com> (thank you!), and is much more tame for casual time listening by a wider audience. If you are already into hardcore rock, or if you find yourself there, Audio 4 is the hard-hitting and much talked about “Resistance Audio

rock, or if you find yourself there, Audio 4 is the hard-hitting and much talked about “Resistance Audio Sampler” from <http://www.resistance.com> .

In compiling these (first 3) CDs, I sought to consider how I would communicate to myself before my Awakening, and present the message in a particular order. The Compilation attempts to tell a story. In particular, A1 contains elements of orientation and serious meaning followed by hard jolts of reality. It is a musical message designed to grab everyone’s attention and cause them to rethink what they have been taught by government-sponsored and media-controlled puppets. Of course this means offending or even scaring most of you at least once. In this manner, you (just as the messenger Loyalist who gave this to you) will not feel as if you have to be selective when passing this out in the future. So, expect to be offended by some songs, but do realize that there are reasons for their inclusion. I do not agree with every concept presented herein, nor do I expect you to. This method of presentation is necessary, however, for you to gain a wider understanding of the various viewpoints of your Brothers and Sisters involved in the Struggle for our Race. I can virtually guarantee that every one of you will find at least several songs very enjoyable and uplifting. In this way, only ONE Set is necessary for worldwide distribution, so that ALL of our people can enjoy the presentation of our message.

The audio compilations will hold increasing meaning as you begin to read the literature on the computer disk (C5). From folk to metal, techno to comedy, there is enough variety on all 4 audio CDs (A1-A4) to satisfy the musical appetites of most of our Brothers and Sisters, and if the listener keeps everything in context, they should grow to enjoy most if not all of the music. For parents, I must respectfully advise you that parental discretion is advised for young teens due to the strong language in a few of the songs.

### The Importance of Order

The first two Compilations have been carefully selected to communicate a particular message, so please listen to them IN ORDER the first time, and listen to every song (even if you don’t speak German), and use that European brain of yours to THINK. Why are they saying these things, or why are they angry, or why are they so proud? Thereafter, feel free to skip tracks you don’t like yet. Do remember that I am not attempting to push a particular concept, but rather helping you become aware of the thoughts of increasing portions of our people as they awake. If something really scares or deeply offends you, I COMPLETELY understand. Believe me, I really do. Like childhood fear of the bogeyman, adults’ fear of Racially Aware people is not grounded in reality, even though you have been scared into believing such so you would avoid researching facts for yourself. I, too, was scared by this, by the people it represents (“Oh my God, they’re racists and Nazis!”), and had MANY red flags go up only 18 months ago. But now, after objectively researching the reality of our world situation, I am proud, happy, and enjoy such music. In fact, I now find it very irritating to listen to any music OTHER than Loyalist and classical (Beethoven, Bach, Mozart, etc.- all White by the way), because I listen to music for lyrics and meaning instead of for escapism like most people. So just skip any disturbing track for now. When you get to the third CD, Audio 3, you will find very relaxing and uplifting music, followed by some catchy racial comedy songs from the past. And of course A4 is for those of you with an appetite for some serious hatecore.

Please realize and respect that White bands love their people (and YOU, our White brethren) so much that they endure jail time, lose friends, family, and livelihoods to do their part to fill the gaping wound which our destroyers have inflicted upon our culture. Again, the variety of music here should provide entertainment and a wake-up call to the widest audience possible. To purchase music albums from these Loyalist bands and others, please type the band name, or “white power music” into any search engine and you should find a surprising number of White music companies, whose websites often include sample mp3s. You will never hear this music on the Jew-controlled radio stations, and especially not on MTV! So, enjoy the music that “they” don’t want you to hear!

you to hear!

Upon reading the materials on the computer CD, you will come to fully understand, appreciate, and enjoy most if not all of the music I have selected. For now, just remember that much of what you have been taught about history and current political policy was written by paid-off liars or shoved down your throat for a specific agenda- so that you and/or your children would come to hate, or at least feel extreme guilt about, your own kind. The real haters are the evil ones who hate us enough to have turned us against ourselves. When you do your own research and remain open to facts from multiple points of view, your head will rise from the fog and your view will become crystal clear. So, clear your mind of propaganda and enjoy the ride. Your journey begins here.

The order in which to listen to the audio CDs is:

- Audio 1.       Compilation 1
- Audio 2.       Compilation 2
- Audio 3.       Easy Listening & Comedy
- Audio 4.       Resistance Audio Sampler     (not for the weak)

On this computer CD, I have created printable track lists for each of the audio CDs, which you may choose to print, cut, and insert into cases, or to only view privately onscreen if necessary for security. Such a safety measure is also one reason for the lack of fancy labeling on the CDs themselves- for your protection.

And by the way, for any traitors who smell lawsuit, all songs were obtained freely on the Internet in MP3 files available on websites which publicly presented them, though some have since been removed. Furthermore, since these compilations are given away freely by private distribution, there is no commerce involved. Therefore my actions and the actions of those who follow my lead are wholly outside statutory, WTO, and Federal jurisdictions. And to the wonderful White Loyalist bands who are represented herein, I know you support this free exposure since Loyalist websites already do, and because it helps support the Cause. I thank you all wholeheartedly for what you are doing for our race, Brothers and Sisters.

### The Computer CD

On this computer CD, which is both IBM and Mac compatible, the first thing to read (after this) is “Facts the Government and Media Don’t Want You to Know.” It will TOTALLY surprise you if you are not already aware of some aspects of our situation. At the end, you will find web links for further research.

Next you will find the recently-banned Holy Books of Creativity, which is our (yes, “OUR” includes YOU personally) Natural Racial Religion and Creed. How can religious books be banned in America, a country which supposedly allows religious freedom and freedom of speech and press? Because America's Federal Government is NOT the same as the country of the USA, and in fact is a traitorous foreign-owned corporation operating for foreign interests, not for the progeny of the White Americans who founded it. Regardless of whether or not you agree with the approach of Creativity (as “religion,” which you will later understand it actually IS, as was proven in court), you will find (as I did) that reading the Holy Books provides THE most complete (almost 1,000 pages) introduction, exploration, analysis, and conclusion available in one work for understanding our history, our enemies, our situation, and the solution. The monumental work of author Ben Klassen back in 1973, it stands out as one of the most important works a White man has done for his people, and I am proud to bring it to you. Klassen asked that we do whatever we can to get copies of these Holy Books in the hands of all Whites, and I have obtained permission to distribute such on computer disk.

Also included on the computer disk are several other works which I have found to be some of the most reliable and useful among the hundreds of books, articles, etc. which I have read in my Awakening process. From surprising facts behind the World Trade Center attacks to Jewish involvement in the African slave trade, and MUCH more, the material I have collected for you will cause you to drop your jaw in utter shock when you

face these realities. Many, as with the Holy Books, I personally have endeavored to convert into PDF (Portable Document Format) for your ease of reading and so that all computers may open them. The work I performed on the Holy Books are in particular extremely useful to the reader, as they are well bookmarked to assist your reading and enjoyment of these extremely important and comprehensive texts (just click directly to each Chapter). The variety of additional articles and publications will provide you with a great amount of information. Read everything you can, and put it all into context. Then make up your own mind. Regardless of your direction, or which parts you believe or not, the context you will gain will open your eyes wide. Personally, I have come to understand and respect every viewpoint in our struggle, from Biblical to atheistic to Creative, all of which lead to the same conclusion. So, consider everything as providing an important ingredient to your total overall understanding of this new Awakening, and open your mind. Your days as a mushroom are over, my Brother or Sister.

Presenting Klassen's work (the Holy Books) to you along with other literature, music, and even comedy is my way of providing what I hope you will find to be an entertaining and educational value which you will enjoy far into the future. And again, as you begin to enjoy the music, please purchase the albums and support the scene, and most of all, PLEASE copy and distribute (see "Distribution Instructions.PDF") this to as many White people as possible.

This process of Awakening does not take place overnight, but your journey may be much faster than mine was because the months of spending all my free time, and countless sleepless nights searching, reading, reviewing, and placing into context, have all been removed for you, and everything you need for a good foundational education of our situation is now placed conveniently into one Set. I have removed perhaps the largest obstacle which prevents our people from learning the truth- lack of time to search for the answers. That hurdle has been removed. Now, like warm sunlight, the answers have come to you!

#### Consideration

In choosing the particular music and literature to include in this **EUROPEAN FAMILY AWAKENING SET**, I have been careful to not compromise the efforts of any organization, and in fact to help them. As you research this CD along with other materials available online, you will surely encounter multiple organizations, as I have. The two listed below are my definite recommendations after extensive research and consideration. With the publications, articles, and personal notes which I have chosen to include for your research, my goal is definitely not to push one viewpoint or one organization, but rather an open and honest Awareness campaign. We on the other side have eyes to see the truth from a very wide historical context. We did our own research. However, government- and media-induced brainwashing is so effective that when we try to tell you (the unaware propaganda victims), you shun, persecute, or betray us to the "thought police" who no longer allow free speech by Whites.

#### After your Awakening

The media similarly smears and lies about what are in my opinion the two most important organizations for our people today, which I recommend that you explore when you are ready. These are (in no particular order) the World Church of the Creator (<http://www.wcotc.com> or <http://www.creator.org>) and the National Alliance (<http://www.natall.com> or <http://www.natvan.com>). Both have literally thousands of members worldwide, and I recommend both equally, depending on your style. The WCOTC provides the race-as-religion creed and backbone philosophy, and the National Alliance provides the contemporary insight and professionalism to attract even the highest of scholars. Both approaches have the same goal, so after you have Awakened, examine your options and choose the organization which best fits your style. Members of these and other organizations stand side by side in protests, rallies, and demonstrations to promote our Cause, so we love you either way.

### In Closing

By providing you with this, **THE EUROPEAN FAMILY AWAKENING SET**, I have attempted to present as complete an education as possible, while also considering your privacy and security. With C5, you can enrich yourself in complete privacy, and without going online where such information may be censored (or worse) in your country. Additionally, I am aware that many of you wish to keep your internet activities from the prying eyes of coworkers or family members who are not yet Awake. Thus, you now have, on one CD, what I hope to be a complete foundational education. And if you open the files directly from this CD (C5), you can remain completely confidential in your studies.

One wonderful non-Jewish-owned media source to help keep you informed of daily world events and supporting commentary is <http://www.whatreallyhappened.com>. Other important sites with which to expand your knowledge once you have built your foundation are listed in the "Facts."

Along this journey, you will find yourself not at all alone, but embraced by a growing number of your Brothers and Sisters who see the truth, and have a high degree of internal loyalty to their racial family, for they have regained the identity which was stolen from them almost since birth. You cannot understand this wonderful feeling until you experience it, but you will soon feel that bond. Fear not, my Brother or Sister. Great days are coming. I welcome you to your bright future.

Love and Loyalty from Your Brother,  
The Founder of this Set

### VIQ (very important quotes)

"The Jews who control the news media have a program to 'sensitize' White Americans about racial matters. And by that, I mean that they want to instill in White Americans a sense of White racial guilt. To make White Americans feel that any sense of White racial solidarity is reprehensible. To persuade them that any White resistance to demands by non-whites is 'racist,' and therefore 'wicked.'"

- the late and great Dr. William Pierce, whose superb speeches you may find here: <http://www.jeffsarchive.com>

"Let them call you a racist. Would you rather be a racist than an anti-racist?

Let them call you a fascist. Would you rather be a fascist than a communist?"

- from the powerful and talented band Involved Patriot, "NO MORE GUILT!"
