# THE PLATFORM FOR THE NEVADA WHITE PEOPLES PARTY

- 1: We oppose illegal immigration:
- (a) We want to authorize local police to arrest illegal immigrants for trespassing and or illegal use of County, State property.
- (b)We want to criminalize the use of State, County, Services by illegal immigrants and all illegal immigrants applying for services to be held in custody until Federal ICE agents or other appropriate authorities pick them up for deportation
- (c) We want to establish a Volunteer Nevada Immigration Enforcement Agency to deal with illegal immigrants. This volunteer force will have full Police Powers to make arrest and receive proper training for handling their responsibilities.

## 2: We oppose Affirmative Action:

Affirmative Action is nothing more than racial discrimination against Whites and shall be outlawed. We will prohibit any company that has Affirmative Action policies from doing business with the State, County, or City Governments. All State funded Schools, Universities, Agencies, and Departments will be prohibited from using Affirmative Action in admissions, hiring or promotions.

3: We want academic achievement to be the top priority of all school districts within the state. Currently Political Correctness and Social engineering seem to dominate the school systems.

A policy to create an option to opt out of the Clark County School District shall be created.

Smaller more attentive neighborhood school districts may be established when Cities, Towns, Townships, Planned Urban Developments, Master Planned Communities, put a sound plan together. Each new school district shall receive its share of the funding that goes to the Clark County School District per student.

## 4: We will establish White History Month

This is our local Platform as of September 2005 and may have additional stances added as the year goes along. Also we are developing a National Platform which is much more extensive because many of the issues facing us are of a Federal nature

### IF YOU WOULD LIKE TO HELP OUR PARTY:

- 1: You can help by becoming a Signature Collector; we need 8,000 signatures to be on the Ballot Statewide
- 2: Start spreading the word about us
- 3: Most of all if you agree with us, you could consider becoming a Candidate yourself for our party
- 4: Make sure you are registered to voter and sign The White Peoples Party Petition to put us on the ballot
