In the Matter of the Search of)
(Briefly describe the property to be searched)
or identify the person by name and address))

Case No. 12-mj-1085

Person known as:)
Michael Mancil Brown)

SEARCH AND SEIZURE WARRANT

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search of the following person or property located in the Middle District of Tennessee
(identify the person or describe the property to be searched and give its location):

Michael Mancil Brown residing at 107 Cadet Circle in Franklin, Tennessee

The person or property to be searched, described above, is believed to conceal (identify the person or describe the property to be seized):

a DNA sample from Michael Mancil Brown by using a buccal (oral) swab, specifically, the executing law enforcement officers will obtain Brown's DNA by inserting four swabs (from four packages containing one swab each) into his mouth, one at a time, and running each swab along the cheeks and the inside of the lip.

I find that the affidavit(s), or any recorded testimony, establish probable cause to search and seize the person or property.

YOU ARE COMMANDED to execute this warrant on or before

September 27, 2012

(not to exceed 14 days)

in the daytime 6:00 a.m. to 10 p.m.

at any time in the day or night as I find reasonable cause has been established.

I am satisfied that the Affidavit establishes reasonable grounds to authorize the execution of the Search Warrant without knocking and announcing.

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory as required by law and promptly return this warrant and inventory to United States Magistrate Judge

Juliet Griffin

(name)

I find that immediate notification may have an adverse result listed in 18 U.S.C. § 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose property, will be searched or seized (check the appropriate box) for _____ days (not to exceed 30).

until, the facts justifying, the later specific date of _____.

o. Communications with reporter Ken Whitehouse, with the City Paper of Nashville or with any other reporter or news media outlet concerning the matters under investigation;

p. Michael Brown's whereabouts on August 25, 2012 through August 31, 2012.

2. Pens, highlighters, markers, envelopes, postage stamps and other packaging materials;

3. Camera equipment;

4. Computers and computer systems, and the data stored within, which may be used or have been used to store, transmit or receive stolen data from the computers of PricewaterhouseCoopers or tax information for Willard M Romney and Anne D Romney or to create or distribute the above referenced letters, Pastebin posts, 4shared posts, or BitCoin accounts, to include, but not limited to, laptop or notebook computers, cellular telephones, smartphones, central processing units, monitors, printers, scanners, hard drives, zip drives, CD and DVD drives, thumb drives, flash drives, power supplies, and cables;

5. For any computer or storage medium whose seizure is otherwise authorized by this warrant, and any computer or storage medium that contains or in which is stored records or information that is otherwise called for by this warrant (hereinafter, "COMPUTER"):

- a. evidence of who used, owned, or controlled the COMPUTER at the time the things described in this warrant were created, edited, or deleted, such as logs, registry entries, configuration files, saved usernames and passwords, documents, browsing history, user profiles, email, email contacts, "chat," instant messaging logs, photographs, and correspondence;
- b. evidence of software that would allow others to control the COMPUTER, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software;
- c. evidence of the lack of such malicious software;
- d. evidence of the attachment to the COMPUTER of other storage devices or similar containers for electronic evidence;

- e. evidence of counter-forensic programs (and associated data) that are designed to eliminate data from the COMPUTER;
 - f. evidence of the times the COMPUTER was used;
 - g. passwords, encryption keys, and other access devices that may be necessary to access the COMPUTER;
 - h. documentation and manuals that may be necessary to access the COMPUTER or to conduct a forensic examination of the COMPUTER;
 - i. records of or information about Internet Protocol addresses used by the COMPUTER;
 - j. records of or information about the COMPUTER's Internet activity, including firewall logs, caches, browser history and cookies, "bookmarked" or "favorite" web pages, search terms that the user entered into any Internet search engine, and records of user-typed web addresses;
 - k. Contextual information necessary to understand the evidence described in this attachment.
6. Routers, modems, and network equipment used to connect computers to the Internet.

As used above, the terms "records" and "information" includes all forms of creation or storage, including any form of computer or electronic storage (such as hard disks or other media that can store data); any handmade form (such as writing); any mechanical form (such as printing or typing); and any photographic form (such as microfilm, microfiche, prints, slides, negatives, videotapes, motion pictures, or photocopies).

The term "computer" includes all types of electronic, magnetic, optical, electrochemical, or other high speed data processing devices performing logical, arithmetic, or storage functions, including desktop computers, notebook computers, mobile phones, tablets, server computers, and network hardware.

The term "storage medium" includes any physical object upon which computer data can be recorded. Examples include hard disks, RAM, floppy disks, flash memory, CD-ROMs, and other magnetic or optical media.

Dear PricewaterhouseCoopers LLP

Using your Office @ 830 Crescent Centre Drive, Suite 260, Franklin, TN 37067 Telephone: [1] (615) 503-2860 we were able to gain access to your network file servers and copy over the tax documents for one Willard M Romney and Ann D Romney. We are sure that once you figure out where the security breach was, some people will probably get fired but that is not our concern.

All major news media outlets are going to be sent an encrypted copy of the most recent tax years that your company had on file since you did not have them all in a convenient electronic form. The years before 2010 will be of great interest to many. If the parties interested do not want the encrypted key released to the public to unlock these documents on September 28 of this year then payment will be necessary.

The deal is quite simple. Convert \$1,000,000 USD to Bitcoins (Google if you need a lesson on what Bitcoin is) using the various markets available out in the world for buying. Transfer the Bitcoins gathered to the Bitcoin address listed below. It does not matter if small amounts or one large amount is transferred, as long as the final value of the Bitcoins is equal to \$1,000,000 USD at the time when it is finished. The keys to unlock the data will be purged and what ever is inside the documents will remain a secret forever.

Failure to do this before September 28, the entire world will be allowed to view the documents with a publicly released key to unlock everything.

Bitcoin Address to Stop Release:

1HeF89wMjC48bWNgWvVo7Wu3RaLW8XVsE8

And the same time, the other interested parties will be allowed to compete with you. For those that DO want the documents released will have an different address to send to. If \$1,000,000 USD is sent to this account below first; then the encryption keys will be made available to the world right away. So this is an equal opportunity for the documents to remain locked away forever or to be exposed before the September 28 deadline.

Who-ever is the winner does not matter to us.
