World Scientific Publishing owns the exclusive copyrights to the Book.

We demand for the immediate removal of the E-Book from the said website and to take such other steps as may be appropriate to protect our rights under the copyright.

If this is just a link to the other website hosting the content, please let us know which website is hosting this content as this information is not provided without first registering as a member.

It is a violation to distribute copyrighted material without prior permission from its owner. Such violation is actionable under copyright laws.

We assert that you remove the E-Book from your Website immediately and curtail any further downloading, uploading or distribution activities of the E-Book.

Further, please provide us with a list of details of every download of the E-Book from your website. We are accumulating this information in an attempt to determine the total number of times the E-Book was downloaded via non-authorized third party websites.

We are providing this notice in good faith and with the reasonable belief that the rights owned by World Scientific Publishing has been infringed. We certify that the information contained in the notification is both true and accurate, and we have the authority to act on behalf of the owner of the copyright involved.

Your prompt attention is appreciated.

Sincerely,

__
