COUNTER INTELLIGENCE CORPS
MILAN DETACHMENT, ZONE 5
APO 512, U.S. Army

10 September 1946

FILE SUMMARY OF INFORMATION.-

SUBJECT : Yugoslav Documents.

1. A reliable informant brought to this Agent a large number of personal documents belonging to Yugoslav soldiers or ex-soldiers who clandestinely or legally crossed into Zone A of the Venezia Giulia.

2. All of the above documents belong to people caught by Polish troops and, according to informant, later "eliminated" as TITO and OZRA agents.

3. This Agent has not been able to ascertain number 2 above, as informant was not willing to divulge additional information.

4. The documents are interesting in that they present a good picture of types of identity cards (military, civilian, semi-military (KNOC), and temporary foreigner's identity card), travel permits, military laissez-passer, passes, and orders, National Liberation Front personal papers, OZRA release slips, mobilization orders, circulation permits, clearance papers, etc.

5. Another interesting aspect is that these personal documents contain many stamps of various organizations involved, including city commands, city governments, OZRA Zagreb, IV Army, various KNOC battalions, brigades and divisions, National Liberation Office, II Yugoslav Army, regional commands, etc.

6. The documents have been arranged according to the individuals involved with an explanatory note giving the type of document and stamp.

7. The information contained may be useful for orientation or duplication purposes.

Nicholas A. NATSIOS
Special Agent, CIC.

M. A. TONINI,
