INCLOSURE NUMBER 1

The attached clipping is taken from the newspaper "DITIKI ELLADOS" of Agrinion, printed on 12 January 1944. The clipping is a photostatic copy of the criminal record of Athanasios KLARAS, alias Ares BELOUCHIOTES, of the KKE central committee. KLARAS and SERAPHIS are the actual leaders of the ELAS.

The record includes the crime committed, date, place and time served. KLARAS has served prison terms amounting to over 11 years for theft, rioting, perjury, forgery and for communist activity.

Editor's note at bottom states:

"The above shows who is Athanasios or Efthemios KLALAS, or ANASTASIADES, or DIMITRIADES, or Ares BELOUCHIOTES, leader of the EAM-ELAS-EPONIS. If any loyal Greek knows where the above is hiding, it is his duty to report him to the authorities."

INCLOSURE NUMBER 2

The following is a translation from the Greek by this Agent of the attached propaganda circular printed and distributed by the National Royalist Organization of Patras, EOB.

THE PEOPLE OF PATRAS

DEMAND --

The Mayor of Patras, B. ROUFOS; Brigadier TSIKLITRAS; the Deputy Chief of Staff GOUMAS; The General Secretary of the EAM, KONSTANTINOUS; and all the political leaders of the EAM are hereby invited to explain to the people of Patras through their official daily bulletins, for what reason, under whose orders, and by whom, were the murders of the following carried out:

1. 40 persons from the military camp of TROPEA
2. 600 persons from the military camp of KOUMANI, TRITAIAS.
3. 70 policemen
4. 50 officers of the Gendarmerie
5. 5 wives of officers
6. 750 persons from the military camp of SIGOUNI
7. 1,300 or more of the inhabitants of the village of FENEQU, CORINTH, including old men, women and children, even to babes in arms; the names of whom are known and will be published in due time.

An answer to the questions asked above is an obligation of honor to the persons named, and moreover an obligation because of the high positions they occupy in the EAM organization.

The failure of the chiefs of the above organization to give a proper explanation of the charges brought against that organization, shall be an obvious revelation of the true character of their liberation movement and proof that the EAM, ELAS and EPON do not strive for liberation but for Fascism No. 2, the creation of an anarchistic dictatorship of the proletariat.

INCLOSURE NUMBER 3

The following is a translation from the Greek by this Agent of anti-Royalist propaganda edited and distributed by the LD propaganda section of the EAM in the city of Patras in late October 1944, early Nov 1944:

"Glucksburg wants to return to our Greece. He who has tramped upon the Constitution, and the liberties of the individual; he who created the man-destroying fascist-monarchistic dictatorship. He who surrendered the people to the invaders, unarmed and unprotected. He who shamelessly collaborated with the traitors of the country, the "TAVOULARISES" and the "RALLISES" for the formation of the "Tramp Battalions" (Security Battalions". Gluckburg! The plebiscite will be your grave. The people hated you and still hate you."

Another is as follows:

"The "Gang of August 4" (date of the Metoxas dictatorship) with the renegade and arsonist Glucksburg at their head, abolished the liberty of the individual, the freedom of the press and assembly. He exiled all the anti-fascist elements in the country. He protected the 5th columnists, and led the country towards Hitlerite barbarism. Glucksburg has the audacity to rule and bury us once more. Renegade! The people will do away with you in a plebiscite."

INCLOSURE NO. 4

The following is a translation from the Greek by this Agent of the attached propaganda circular printed and distributed by a Nationalist Pro-Royalist Organization in Patras in October 1944:

BROTHER GREEKS

A month has elapsed since the day on which the Germans "withdrew" from our city. We considered ourselves liberated. We all wanted to celebrate heartily. We hoisted flags over our homes and went out into the streets joyfully exclaiming, "Christ has arisen! Greece has been resurrected!" Now we ask ourselves whether that day was actually the day of our liberation. It is true that the foreign enemy has been driven away, and within a short time he will be far from our frontier. We see our friends and Allies, the British, by our side doing everything possible to reconstruct the country which was left in ruins by the enemy. This effective aid gives us the courage to continue living. If they were not here, most of us would be meeting the same fate of those who were taken to the mountains by our native "liberators". The kind of liberty we gave birth to we feel to the depths of our souls.

The day after our liberation we beheld the EAM and its various organizations parade in our city. These organizations of the KKE forced the tormented population of our cities and villages to join the procession. They did this by use of the whip (which is so necessary to our liberators) or by threats. We were shocked by the disgusting spectacle of our priests, some willingly and others unwillingly, participating in that procession shouting, "EAM-EPON-JUSTICE-DEATH ... etc". They and the communists sang hymns extolling the Bulgarian DIMITROFF and their other comrades-in-arms with full knowledge that thusly their allegiance was being tested, and with the knowledge that on the first occasion the communists would destroy our churches like the athiests and materialists that they are.

Our "liberators" then sped to show us what Liberty means. They attempted and are still trying in every unlawful manner to destroy all legal authority (prosecutors, policemen, gendarmes, etc.) They even released from prisons all those being held for major crimes (thieves, murderers, etc.) They have taken over the municipal seats which are given in the name of the people! In reality, a few communists have managed to impose on the people their notorious organizations and are exercising either actual or psychological compulsion. This way they have attempted to coerce one National Government, which, if it appeases them, will encourage their advance.

That should not be allowed, nor will they succeed in accomplishing their ends. Rule by the people does not mean mob rule, nor does it mean beggar rule as they are attempting to establish.

INCLOSURE NO. 4 - Continued

We want a country of pure Democratic origin. That is how our country has been, save only when the various dictatorships reigned.

We want Democracy, but not mob-rule! A constitutional monarchy is best suited for our land, especially in our present state. Let us not forget that only when monarchy existed did we achieve miracles and expand as in 1912-1913, and more recently in 1940-41. At present only our King can guarantee a greater and stronger Greece to stand by the side of our Allies, the English, etc. England is the most liberal country, but has had and always will have a King that every Englishman and Briton respects and honors, in fact, more so than his father and mother. Let our password always be therefore, "Long Live Constitutional Monarchy, which Alone Guarantees Our Real Liberty".

Signed: "Sun".

INCLOSURE NO. 5

The following is a translation from the Greek by this Agent of the attached propaganda circular printed and distributed by a Nationalist Pro-Royalist Organization in Patras in November 1944:

ATTENTION!!! -- THE NEW PASSWORD

Now is the time for dissention! The criminals who fought by the side of the Bulgars and the other enemies of our country are making new promises to us. Their latest propaganda is, "We invite all of you to our 'Camp of Democracy' and offer to guarantee the security of National and Popular interests." That is the new camouflage of the men who committed the brutal and horrible deeds which are being brought to light everywhere. The time to unmask these "Liberators" is here; for now they are attempting to malign the Holy Democratic Idea.

How can they have become Democrats over-night? If one had read the "Leader", organ of the KKE in Achaia on 7 November 1944, he would have seen the disclosure made to the English reporter of the Daily Herald, Mr. SALTSBER, by the Secretary of the KKE that the EAM is controlled by the KKE.

We are indignant because this statement is the truth. The Nationalist Organization of Patras, EOB, has decided to unmask the "hangmen" of the Greek people, and to reveal their crimes.

We have lists of innocent peoples, inhabitants of the region of Patras, who have been looted, tortured and murdered. We shall publish these lists to convince those who have heard the stories, but are still unconvinced. These are not lies. We are not using "Gestapo methods".

To determine the morals of others, these "people of darkness" make use of their own morals as a convenient measure. If another's morals are not as deteriorated as their own, then he is eliminated.

We are certain that even if Christ were to return to the world, he would be characterized as a Gestapo agent to be crucified by these ... EAMist "liberators".

What is happening today is not merely a retardation of progress, but it is a terrible smear on humanity and mankind.

Our superb civilization which required ages to attain its present plane, and which stands on an altar erected by countless generations, is now being savagely dragged down to be tossed into the mud.

The rights of man; the right to live, freedom from fear, etc. which have been established through the ages are now being destroyed by the "liberators".

INCLOSURE #5 - Continued

Those who have been deceived should beware! There is still time for them to abandon these "allies of the Bulgars", and join with us and become new Bulgar-slayers.

Unfortunate dead! Victims of these criminals. Your eyes are closed, but your souls are alive! From the altars of our churches, the voices of all our heroes who died fighting for our country salute you.

And you APOSTOLOPOULOS, SINCOURIS, PAPASERPOULOS, TRIANTIS, BELOUCHIOTES, ROUFUS, KONSTANTINOU, REMBOUTSIKAS, PATRIKIAS, RODOPOULOS, ATHANASOPOULOS, and the other hangmen, beware!

The torch-bearing Avenging Angel of your innocent victims is coming.

Deceived Democrats! Awaken! Break away from these communist beasts. Once they are smashed you will find them worshipping their wild gods to whom, after sacrificing thousands of innocent Greek patriots, they are seeking to sacrifice our Greek Fatherland.

Abandon them! Don't be deceived any longer! The ship "Greek Nation" will destroy them and sail proudly toward the harbor of happiness.
