RFP Question and ESC Response

Draft RFP Questions and ESC Responses

Ref #	Draft RFP Section	Question/Comment	Further Clarification of ESC Response
	Section L	Section 7.3.10 Time and Material states, "This worksheet identifies the proposed labor categories and their fully loaded rates that will be utilized in all Time and Material (T&M) CLINs. The Offeror shall include labor categories for the prime contractor and for each subcontractor/ interdivisional transfer. The Offeror must change the row headings to match the Offeror's labor categories. For evaluation purposes, the Government will assign an estimated value of \$5,000,000.00 to all T&M CLINs." Is this estimated value of \$5,000,000.00 included in the Funding Profile in Table 1,1? And if so where?	Yes. The T&M ceiling of \$5M is included in the funding profile. The amounts are spread throughout the program years. Assume 5% is in the SDD phase and 95% is in the production phase. Also, complete Section B T&M CLINs
