

Do You Know Your Public Cloud Well?

Cloud Security Fundamentals 1 Day Virtual Seminar

A full day seminar with special introductory price for members

Members may find more details / register at:
<https://engage.isaca.org/malaysiachapter/home>

- Places are limited, hence please register early.
- Eligible for 7 CPE Hours.

Speaker – Lee Han Ther, MBA, CISA, CISM, CRISC,
CISSP, CCSK, AWS CloudP and SABSAF

ABOUT THE TRAINING

Cloud security, or called as cloud computing security, refers to the security measures involved in how the cloud is configured to protect data, adhere to compliance regulations, protect customers' privacy, and establishing authentication rules for devices and users.

"Cloud computing has proven battle-ready. During COVID-19, cloud demonstrated it can support unplanned and unexpected needs. Organizations may no longer question its utility, but security remains a commonly cited reason for avoiding it." – Garner Hype Cycle for Cloud Security 2020

This seminar will be providing attendees with the knowledge on the fundamentals of Cloud Security and IT & Cyber Risks of adopting Cloud Computing.

WHAT YOU'LL LEARN

- Characteristic of cloud computing
- Cloud deployment model
- Cloud service model
- Practical usage of cloud computing (use cases)
- Top threat for cloud computing
- Shared responsibility model
- Cloud Identity & Access management
- Cloud security posture management
- Cloud security architecture & strategy
- ISACA Cloud Computing Management Audit Program

AGENDA

24 February 2021

AM

- 1) Overview of cloud technology
- 2) IT & Cyber Risk of Cloud Computing

PM

- 3) Focused cloud control (with quick demo on IaaS)
- 4) Assessing cloud security

ISACA
Malaysia Chapter

DETAILS & REGISTRATION

Course : Cloud Security – Fundamentals Seminar
Date : 24 February 2021
Contact : Mr. Jayaseelan, ISACA MY Office Administrator
M: +6017 219 6225 | E: officeadmin@isaca.org.my

Fees

• Members : RM488 Non-members : RM788

Registration Details:

Important Notice:

As good practice, ISACA Malaysia Chapter is informing you that your personal data will be processed, retained and used by ISACA Malaysia Chapter in relation to this training event. Your personal data may also be retained and used by ISACA Malaysia Chapter to market and promote training events conducted by ISACA Malaysia Chapter.

TRAINER PROFILE

Han Ther currently heads the cyber security architecture, strategy and planning team for a leading telco in Malaysia. In his current capacity, he achieves the security goals by determining the security strategy, planning, and guiding the implementation of controls aligned to business needs and regulatory requirements. His coverage spans from Information Technology, Cloud and telecommunication network security requirements. He has over 18 years of experience in cyber security, risk and resilience serving various capacities and industries during his career.

Prior to this, he was the Director of Cyber Security Practice for KPMG Malaysia where he was leading cyber strategy development, regulatory compliance and cyber defense services. His experience span from international banks, IT shared services, managed security services providers (MSSPs), and a digital company. Han Ther has performed cybersecurity engagements and consulting across 15 countries in the Asia Pacific region.

On top of his Master of Business Administration (MBA), Han Ther carries with him multiple cyber professional certifications including Certified Information System Auditor (CISA), Certified Information Security Manager (CISM), Certified in Risk and Information System Control (CRISC), Certified Information System Security Professional (CISSP), Certificate of Cloud Security Knowledge (CCSK), AWS Certified Cloud Practitioner and SABSA Chartered Security Architect – Foundation Certificate (SCF). He is also a certified Project Management Professional (PMP), Disaster Recover Certified Specialist (DRCS) and certified trainer by HRDF Malaysia. Han Ther has served as one of the past Board of Directors on the Information System Audit & Control Association (ISACA) Malaysia's chapter. With regards to the academic volunteering, Han Ther is serving as the cyber security industry advisor for Monash University Malaysia's Faculty of Information Technology.
