Monetising your content

- If you have a high traffic home page, try different creatives to drive subscriptions. **Don't forget to put the tracked link behind your banners** so everything is attributed to you! And, don't forget to test and keep things fresh!

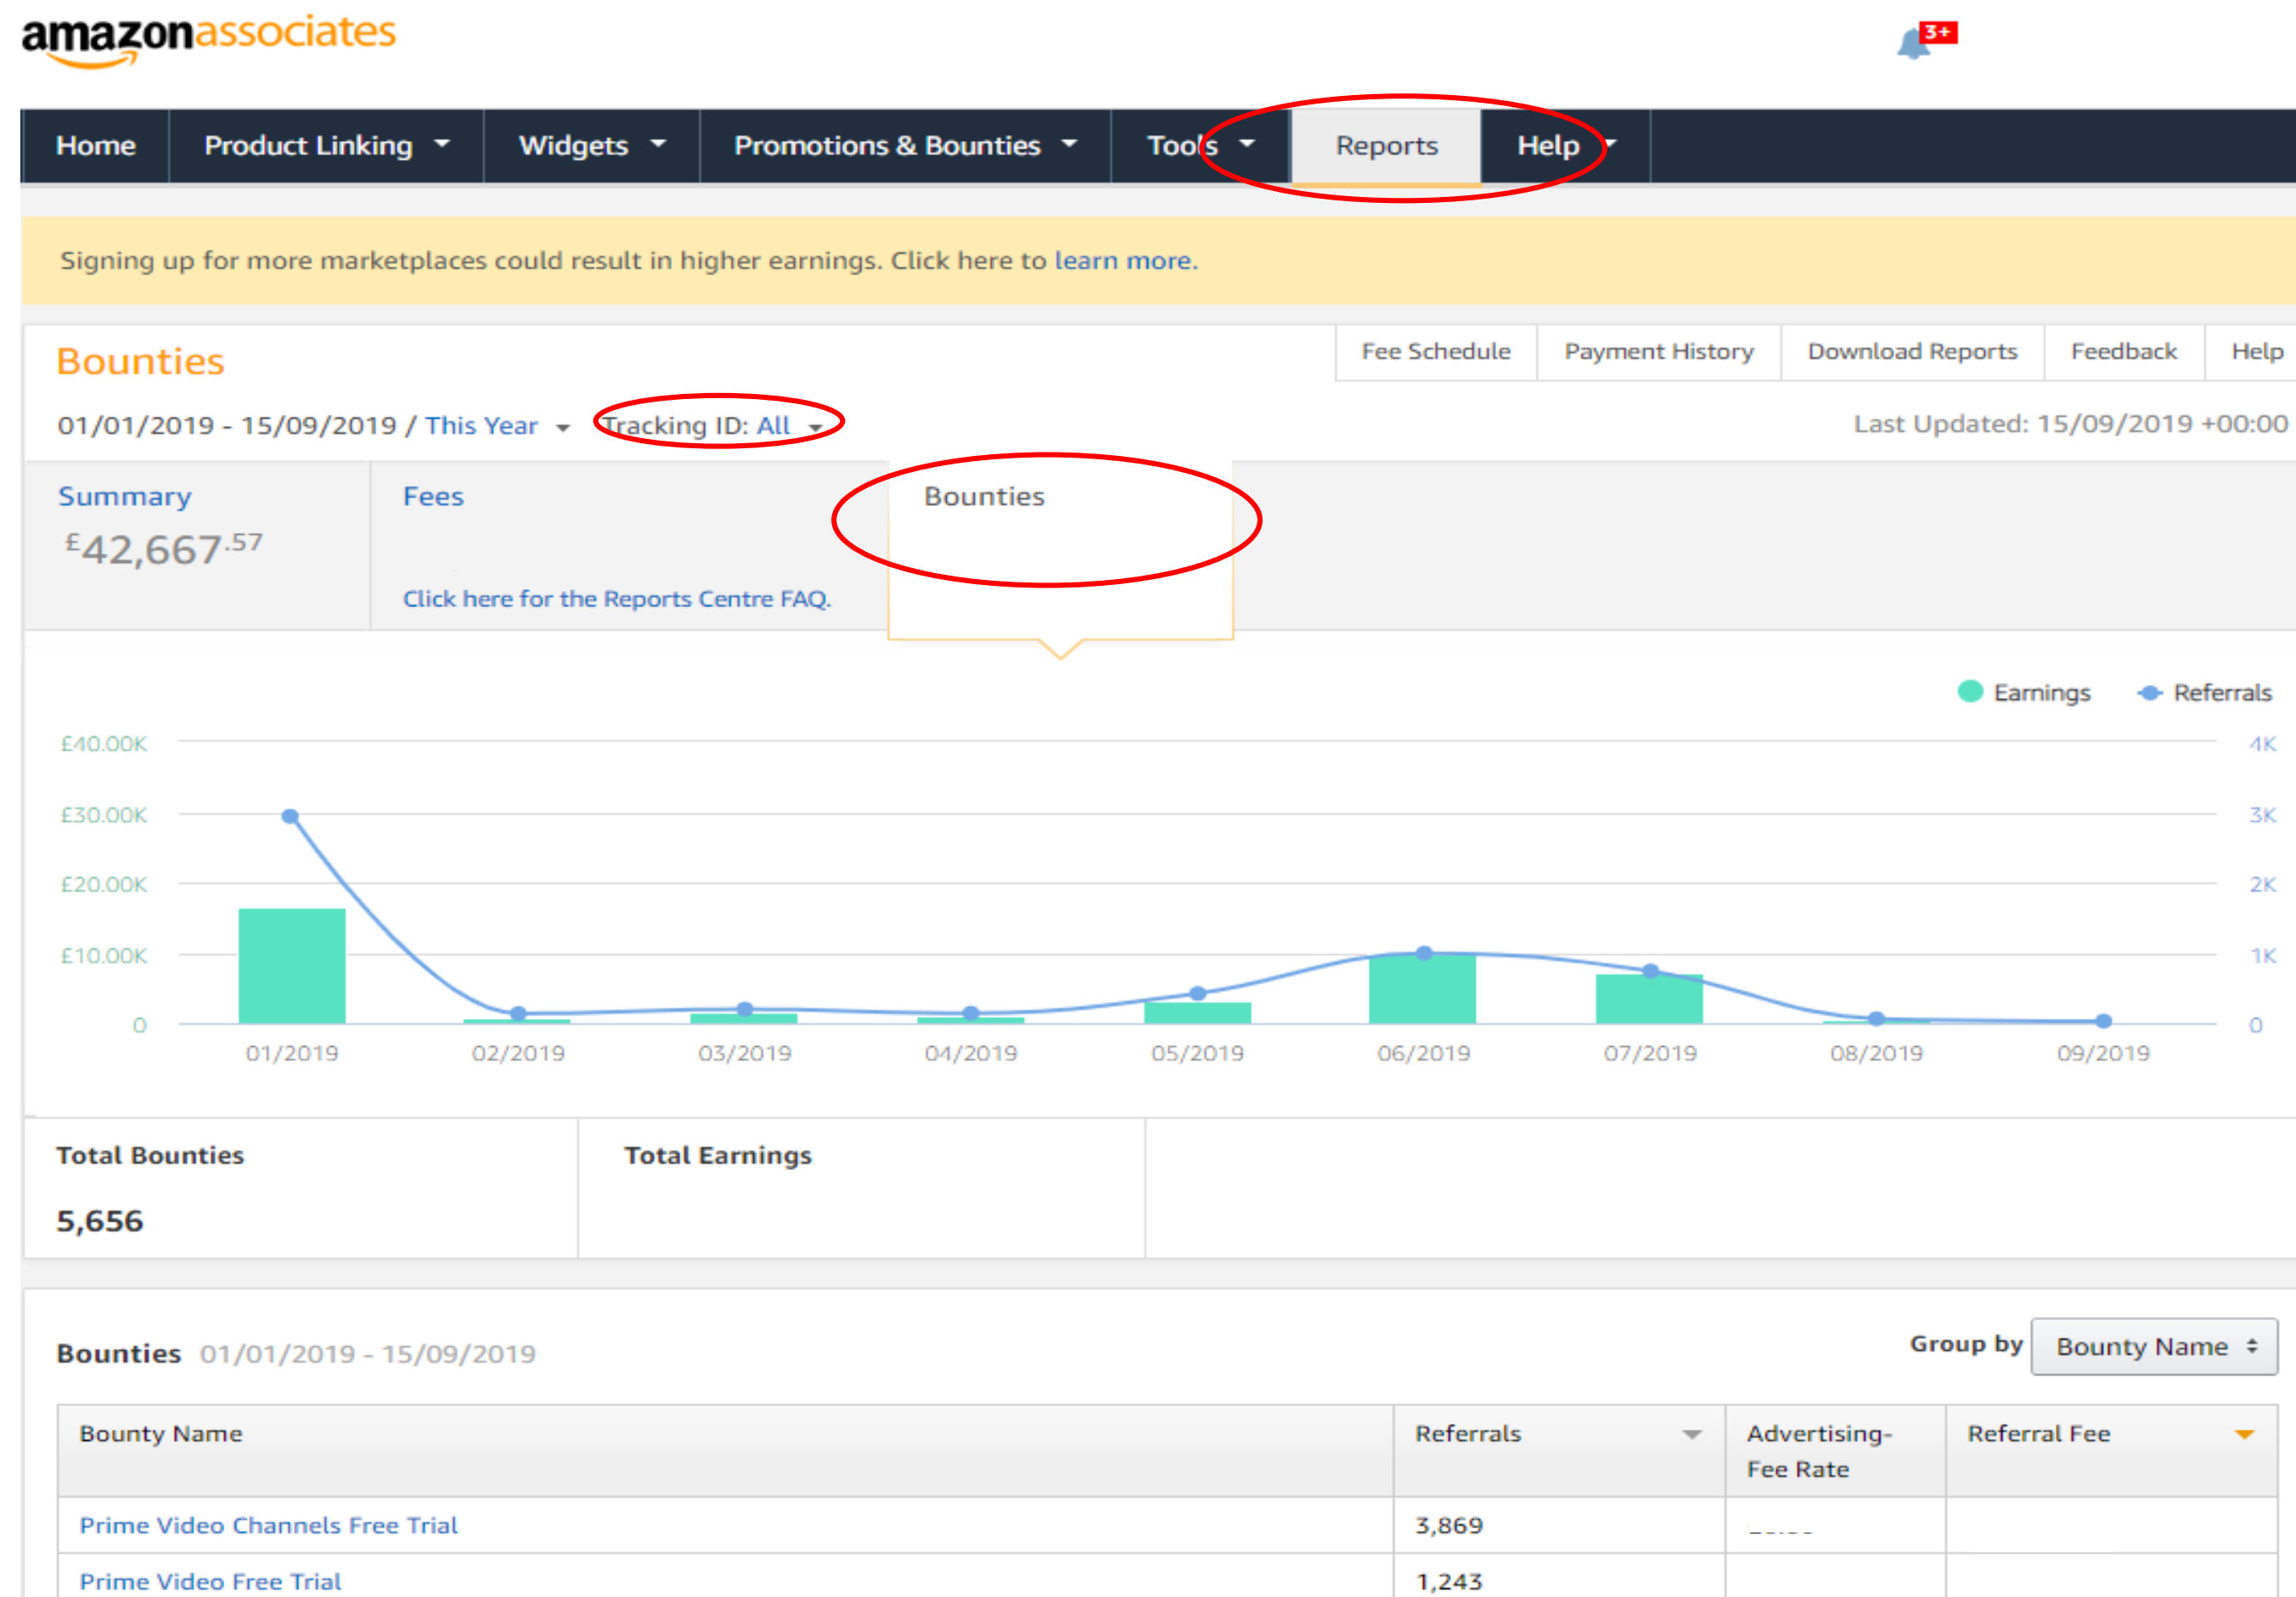

- The Associate link to Prime Video is: www.amazon.co.uk/gp/video/primesignup/ref=acph_piv?tag=AssociateStoreID
- Do not forget to replace the 'AssociateStoreID' with your store-id.

- If you are creating pieces of content instead don't forget to hyperlink your text using again The tracked link. Example:

"...Click [here to watch XX on Amazon Prime Video](#)..."

Always use the tracking link: www.amazon.co.uk/gp/video/primesignup/ref=acph_piv?tag=AssociateStoreID

Check your Performance

- You can access the number of bounties you are driving in almost real time by clicking on the tab 'Reports' and choosing the sub-tab 'Bounties'.
- Feel free to play with date ranges to understand your performance at any given time.
- On this page, you can also select specific 'Tracking-ID's if you want to split performance by different criteria (see next page with FAQ to understand what are tracking-ids)

Questions?

- Find here the recommended reads we've put together for you! These will be able to get you started today!
