

Fort Collins Police Services

Policy Manual

INTRODUCTION

This policy manual is the most current revision of the Fort Collins Police Services Policy Manual. Several changes have been made and a few new policies have been added. In my last preface I stated that this policy manual will continue to be a living document subject to continuous update and improvement. This edition of our manual is an example of this constant and consistent revision process. These revisions will take place twice a year. By doing so, we remain current in our policies complying with law and providing clear, updated department policies to guide each employee.

New policies or revisions with significant changes have been made in the following policies: Temporary Custody of Juveniles (324), Personal Communications Devices (702), Brady Material Disclosure (612), Physical Fitness (1001), and Preventing Assaults in the Temporary Detention Areas (900, 902, 904).

Our Policy Manual guides all members of this organization as we serve our community in daily services. I would be remiss if I didn't remind you that no manual can address every possible scenario or situation that may arise. It is still my expectation that it is incumbent of every member to exercise common sense and good judgment in our job tasks that is based on thorough, rigorous, and continued training.

The Fort Collins Police Services Policy Manual is a guide to us as we endeavor to fulfill our law enforcement mission to our community. Each of us must know its content and follow these policies set forth therein to the best of our ability.

John Hutto, Chief of Police

Law Enforcement Code of Ethics

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my Agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad.

(a) Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the DOS Office of Foreign Missions (OFM) that illegal acts by foreign service personnel should always be pursued through proper channels. Community Service Officers

203.1 PURPOSE AND SCOPE

The community service officer (CSO) position is a limited commission, non-sworn civilian position designed to deliver efficient service to the community. A large percentage of police calls are service-oriented rather than enforcement-related. Many of these calls do not require the expertise of a sworn officer and can be competently handled by CSOs.

203.2 ASSIGNMENT

CSOs may be assigned to any Division of the Agency, as needed. Individual assignments within or between these Divisions will rotate at the Agency's discretion, depending on Agency needs, job enrichment opportunities, and the needs of the individual.

The Patrol Captain will determine the days and times to be worked and the number of CSO's assigned to a particular Division or shift. The CSO's immediate supervisor will determine the day-to-day activity and assignment.

203.2.1 COMMISSION

The CSO position is one of a limited police commission. A CSO is commissioned to issue citations into Municipal Court for violations of the Fort Collins City Code and Charter and to issue citations into Larimer County Court for state law traffic violations. A CSO does not have the authority to issue citations for non-traffic, state law violations, unless specifically commissioned to do so by the Chief of Police. In addition, a CSO does not have the authority to make arrests for violations of any law. To the extent permitted by law, and for the sole purpose of issuing County Court citations as authorized by this Policy, the CSO shall be deemed to be a peace officer, Level III, as defined by C.R.S. §18-1-901(3)(1)(IV).

203.2.2 CAREER

- (a) The position of CSO is one of career status. There are no provisions for promotion or automatic movement into the position of police officer.

- (b) The types of crime calls a CSO may handle are often referred to as "cold reports". A cold report is typically one which involves an incident which occurred more than 15 minutes prior to the call, or one where rapid response by an officer would not aid in the apprehension of a suspect or in securing evidence at the scene.

208.7 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a web-accessed system that provides training on the Agency Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Sergeant.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Training Sergeant. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Agency.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or on a regular schedule as directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Electronic Mail

212.1 PURPOSE AND SCOPE

This Policy establishes guidelines for the proper use and application of the electronic mail (email) system provided by the Agency. Email is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law. Except as provided below, messages transmitted over the email system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Agency.

212.2 EMAIL RIGHT OF PRIVACY

- (a) All email messages, including attachments, transmitted over Agency computer networks or through remote access to Agency or City technology are considered Agency records and therefore are the property of the Agency. The Agency reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its email system or placed into its storage.
- (b) Except as provided by law, email transmitted over Agency computer networks or through remote access to Agency or City technology is considered a public record. Therefore, the email system is not a confidential system and is not always appropriate for confidential communications, unless noted specifically in the text of the email. If a communication must be confidential, an alternate method to communicate the message should be considered. Employees using the Agency email system shall have no expectation of privacy concerning communications transmitted over the system.
- (c) Employees should not use personal accounts to exchange email or other information that is related to the official business of the Agency.

212.3 PROHIBITED USE OF EMAIL

- (b) Email messages addressed to the entire Agency are only to be used for official business-related items that are of particular interest to all users. All email is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular email communication, the user should seek prior approval from their supervisor. Personal advertisements or announcements are not permitted except through the use of special email lists designed specifically for those purposes and provided by the City or the Agency (City Personnel Policies and Procedures 8.9.3).
- (c) It is a violation of this Policy to transmit a message under another user's name or email address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended.

212.4 MANAGEMENT OF EMAIL

Because the email system is not designed for, nor does it support, long-term retention and archiving of messages, email that an employee desires to save or that requires retention because it has significant administrative, fiscal, legal or historical value should be printed and/or stored in another database designed for long-term storage and retrieval. Users of email are solely responsible for the management of their mailboxes. Messages should be reviewed and at least once per shift or work-day. All messages stored in excess of three months may be deleted or archived at regular intervals from the Agency.

212.4.1 ADVERTISEMENTS AND SOLICITATIONS USING EMAIL

- (a) The City's email system and the distribution list capability of the system are intended for the transaction of City business. Personal use of the City's e-mail system is limited to those situations described in this Policy.
 - 1. An employee may make personal use of the City's e-mail system for advertisements and solicitations only through the use of a Service Area or Service Unit Director-approved email distribution list established for that purpose or by posting on the City-designated electronic bulletin board known as the Bargain Box.
 - (a) Any Service Area or Service Unit Director approving such a distribution list shall determine whether the list will be limited to employees in that Director's service area or, with the approval of any other applicable Service Area or Service Unit Director, will be open to City employees from other service areas or service units.
 - (b) Employees may not forward distribution list emails to employees who have not agreed to be on the distribution list.
 - (c) Employee participation in an approved distribution list is voluntary, and employees may choose to opt in or out of any such list. Employees who choose to participate will be subject to the receipt of any kind of commercial or non-commercial advertisements or solicitations that conform to the requirements set forth below. Employees may use the City's regular email system to respond to advertisements and solicitations from the approved email distribution list or from the Bargain Box.

212.4.2 PERSONAL USE OTHER THAN FOR ADVERTISING AND SOLICITATION

An employee may make occasional personal use of the City's email system providing the use does not involve any kind of advertisement or solicitation, except as provided above.

- (a) Because an employee's personal use of the City's email system can have a direct and material effect upon the effective and efficient operation of City business, the following requirements shall be applicable to all communications permitted under this Policy:
 - 1. The communication shall not promote illegal activities or transactions.
 - 2. The communication shall not be misleading, deceptive, or constitute a public nuisance.
 - 3. The communication shall not encourage or constitute prohibited discriminatory or harassing conduct.
 - 4. The communication shall not constitute prohibited political activities as described in these City of Fort Collins Personnel Policies and Procedures (Section 8.13).

7. The communication shall not promote or encourage sexual or violent activities or practices; and shall not contain pornographic, obscene, or sexually explicit materials.

Employees should not have an expectation of personal privacy in the materials sent or received on City computers, including personal email. All information sent or received on City computers, including personal email, is deemed to be City property and subject to inspection and copying by supervisors and other City officials with or without notice or consent. The electronic mail of an employee may be a public record under the public records law and may be subject to public inspection.

Supervisors may restrict or prohibit an employee's personal use of the City's email if, in the supervisor's judgment, an employee's use is contrary to the provisions of this Policy.

212.5 EMAIL RECORD MANAGEMENT

- (a) Email may, depending upon the individual content, be a record under the Colorado Open Records Act or the Colorado Criminal Justice Records Act and must be managed in accordance with the organization's adopted records retention, archiving and destruction policy in compliance with state law (CRS § 24-72-201 to 24-72-309).
- (b) When employees are notified of a Litigation Hold issued by the City's Risk Manager, they will notify their supervisor and follow the instructions given. Employees will refer to City of Fort Collins Administrative Policy 7.10 for information about email retention pursuant to a Litigation Hold.

Patrol Supervision Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this Policy is to ensure that proper supervision is available for all patrol shifts. The Agency intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Agency.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in scheduling at least one Sergeant on duty whenever possible. Watch Commanders will ensure that at least one Sergeant or an Acting Sergeant is deployed during each patrol watch.

216.2.1 SUPERVISION DEPLOYMENTS

- (a) In order to accommodate training and other unforeseen circumstances, an officer may be deemed an Acting Sergeant in place of a Sergeant, in accordance with the terms of the applicable collective bargaining agreement.

216.3 WATCH COMMANDER

The Patrol Captain will assign a Watch Commander over one or several patrol shifts.

216.3.1 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable, the Patrol Captain or a Patrol Lieutenant may designate a qualified Sergeant as an Acting Watch Commander. This Policy does not preclude designating a patrol officer as an Acting Watch Commander when operational needs require.

Retired Officer LEOSA Firearm Qualification

220.1 PURPOSE AND SCOPE

The purpose of this Policy is to outline the process and conditions associated with the issuance, denial or revocation of Agency identification for retired officers and firearm qualification in accordance with the Law Enforcement Officer Safety Act (LEOSA) passed by the United States Congress.

220.2 QUALIFIED RETIREES

- (a) Any qualified retired law enforcement officer of this Agency who was authorized to, and did, carry a firearm during the course and scope of his/her employment may request to be issued a retired officer Agency identification card. The Chief of Police or an authorized designee will consider the following qualifying factors in their decision to issue a retired officer Agency identification card:
1. Qualified retired law enforcement officer means an individual who (18 USC § 926C):
 - (a) Separated in good standing from service as a law enforcement officer, other than for reasons of mental instability.
 - (b) Was authorized by law to engage in or supervise law enforcement activities for any violation of law and had statutory powers of arrest.

 1. For an aggregate of at least 10 years or more before retirement, or
 2. Retired from service with a service-related disability after completion of probation.
 - (d) During the most recent 12-month period has met the state standard for training and qualification to carry firearms.
 - (e) Is not under the influence of alcohol or other intoxicating or hallucinatory drugs or substances.

 - (b) The retired officer Agency identification card shall include a recent photo of the retired officer and state that they have retired from the Agency "in good standing" in accordance with 18 USC § 926C. The retired officer Agency identification card shall include an expiration date of not more than three years from the date of issue. However, nothing will preclude the Chief of Police from shortening that expiration term upon initial issuance or if he/she determines that the retired officer no longer meets the standards under which it was issued.
 - (c) A former law enforcement officer is not "in good standing" if he/she was discharged for cause or resigned prior to the final disposition of allegations of misconduct. Additionally, any formal disciplinary action or investigation into allegations of misconduct during the 12 months prior to the separation from employment may be considered when deciding whether or not to issue the retiring officer an Agency identification card. A former law enforcement officer is not "in good standing" if he/she

Policy Manual

has entered into an agreement with the agency in which that individual acknowledges that he/she is not qualified under this section for reasons relating to mental health and for those reasons will not receive or accept the required photographic identification.

- (d) The above enumerated qualifications are intended to be a minimum standard for consideration as a "qualified retiree" in accordance with Federal law. Nothing in this Policy shall prohibit the Chief of Police from considering the entirety of the officer's service with the Agency and/or nature of the separation in the decision to issue a retired officer Agency identification card.

220.2.1 FIREARMS QUALIFICATIONS

- (a) This Agency may offer a qualified retired law enforcement officer of the Agency the opportunity to obtain the firearms qualifications necessary for certification in accordance with LEOSA, on a schedule and using a facility deemed appropriate by the Agency. The Agency reserves the right to impose a nonrefundable fee in the amount necessary to pay the expenses for providing the firearms qualification or as allowed by law.
- (b) The firearms qualifications test may include, but is not limited to, the following:
 1. The retired officer must present a current retired officer Agency identification card containing a photograph to the Firearms Instructor in charge of the range prior to attempting to qualify with their firearm.
 2. The retired officer must demonstrate safety and proficiency in the handling of the firearm. The retired officer must comply with all safety rules and regulations established by the Firearms Training Unit and which have been established for the particular facility where the qualification will take place. The retired officer must demonstrate proficiency in the use of the firearm by meeting the minimum standard established for the qualification course, as outlined in 4 CCR 901-1 Rule 27.
 3. A review of safety rules and the facility safety plan will be conducted for all participants prior to conducting any live fire exercises on the range.
 4. All qualifications will be conducted in a manner and under the rules consistent with Agency standard set forth in Policy 312 - Firearms.
- (c) In the event a retired officer does not qualify after three attempts, the retired officer has failed to qualify and shall not be certified by this Agency for the purposes of carrying a firearm under the LEOSA. No further qualification attempts will be allowed with that firearm. If the Agency offers another qualification session, the retired officer may return and attempt to qualify again subject to the payment of a nonrefundable fee in the amount necessary to pay the expenses for providing the additional firearms qualification or as allowed by law.
- (d) No remedial training will be conducted.
- (e) A record will be kept by the Firearms Instructor in charge of the range of individuals who attempt to qualify, the firearm they attempt to qualify with and whether they passed or failed. That record will be turned into the Agency Training Unit as soon as practical after the qualification session.

220.2.2 ISSUANCE OF CERTIFICATE

Upon successful completion of required qualification standards, the Firearms Instructor in charge of the range may issue the retired officer a firearm certification of proficiency on an Agency approved form. The certificate of proficiency will include an expiration date

one year from the date of issue. A retired officer may request an annual evaluation of weapons proficiency and issuance of a certificate of proficiency as needed to comply with the provisions of 18 USC § 926C.

220.2.3 ALTERNATIVE PERMIT OPTIONS

Nothing in this Policy will prohibit a retired law enforcement officer from seeking and obtaining a concealed weapon permit pursuant to CRS § 18-12-201, et seq., and 4 CCR 901-1 Rule 27.

220.3 CARRYING FIREARMS OUT OF STATE

Subject to 18 USC § 926C and the local laws and regulations of other jurisdictions, qualified retired officers of this Agency may be authorized to carry a concealed firearm in other states. This Agency does not condone the violation of any law, statute, ordinance or regulation of any jurisdiction. It is incumbent upon the retired officer to be aware of the law(s) of any jurisdiction in which they intend to carry a firearm and to be in compliance with those laws.

220.4 OTHER QUALIFIED RETIREES

- (a) The Chief of Police may, at his/her discretion, allow or direct the Firearms Training Unit to conduct proficiency certification as described in this Policy for qualified retired law enforcement officers who have retired from other agencies (Foreign Retired Officer) if the retired law enforcement officer meets the criteria set forth in 18 USC § 926C and state law.
- (b) If the Chief of Police directs the Firearms Training Unit to conduct proficiency testing for such Foreign Retired Officers, it shall be done to the same standard and in the same manner as testing completed for retired officers from this Agency. Any certificate of proficiency issued will expire one year from the date of issue.
- (c) The minimum requirements for this consideration include that the Foreign Retired Officer must be a qualified retired law enforcement officer, who is entitled to carry a concealed firearm under 18 USC § 926C and state law. The Agency may impose a nonrefundable fee in the amount necessary to pay the expenses in providing the certification.

220.4.1 APPLICATION PROCESS FOR FOREIGN RETIRED OFFICERS

- (a) The application process for Foreign Retired Officers consists of the submittal of the required form, in person, and the payment of any fees required or allowed by law. The Foreign Retired Officer shall sign the completed application form in person before the Chief of Police or the authorized designee. The Chief of Police or the authorized designee shall verify the Foreign Retired Officer's form, recent firearms qualifications, retiree law enforcement identification and valid driver's license for completeness, validity and proper identification (4 CCR § 901-1 Rule 27.)
- (b) The qualification for proficiency testing shall be validated, including a check for warrants or warrants and any active court order, and a determination if the Foreign Retired Officer is prohibited by state or federal law to possess or carry firearms. This validation will include a request through the Colorado Bureau of Investigation to the National Instant Criminal Background Check System and the Colorado Integrated Justice Information System to verify the applicant meets the criteria specified.

The written notice of any suspension or revocation shall include the cause for such suspension or revocation.

The retired officer Agency identification card or firearm proficiency certificate may be immediately and temporarily revoked by any command officer of the rank of lieutenant or above or any sergeant who is designated an acting lieutenant when the conduct of a retired officer compromises public safety. Upon revocation, either verbally or in writing, by a command officer of the Agency, the retired officer Agency identification card and/or firearm proficiency certificate shall be immediately surrendered by the retired officer.
- (c) If the Agency denies, suspends or revokes either the retired officer Agency identification or the firearms proficiency certificate, the retired officer may request a review in the following manner:
 - 1. In the event that the issuance of a retired officer Agency identification card is initially denied, the retired officer shall have 15 days from the date of denial to request a review hearing.
 - (a) The request must be submitted in writing to the Administrative Captain or his/her designee.

2. Prior to revocation or suspension of the retired officer Agency identification card or the proficiency certificate, the Agency shall provide the affected retiree with written notice of a review hearing by either personal service or first class mail, postage prepaid, return receipt requested, to the retiree's last known address. If immediate revocation is necessary, then direct contact may be made and the revoking command officer will follow-up with written notice within 3 days of the revocation.
 - (a) The retired officer shall have 15 days from the date of notification to file a written request for a review hearing. The request must be submitted in writing to the Administration Captain or his/her designee.
 - (b) The failure to submit a written request for a review hearing in a timely manner shall be deemed a waiver.
 - (c) The review hearing, absent written agreement between the parties, shall be held no later than 90 days after the request is received.
3. The review hearing for the denial, suspension or revocation of the retired officer Agency identification card or firearm proficiency certificate will be conducted before a panel of three employees consisting of two command level officers of the rank of lieutenant or above and one sergeant. Additionally, the Firearms Training Unit coordinator or his/her designee will be available for consultation on firearms training or Subject Matter Expert information. The members of this panel will be appointed by the Chief of Police but should not include any employee directly involved in any incident leading to the denial, suspension or revocation.
 - (a) The findings and recommendation of the panel will be submitted to the Chief of Police for final determination of the continued denial, suspension, or revocation within 10 days of the completion of the review hearing.
 - (b) The Chief of Police will have 10 days to review the findings and recommendations of the panel and shall present the retired officer with a disposition of the denial, suspension, or revocation in writing at the end of that 10 day period.
 - (c) Any retiree who waives the right to a hearing or if the panel at the review hearing determines that the retired officer Agency identification card or firearm proficiency certificate should be suspended or revoked, shall immediately surrender his/her identification card and/or firearm proficiency certificate if it has not previously been surrendered.

220.6.1 PROFESSIONAL STANDARDS UNIT RESPONSIBILITY

Employees who have reason to suspect a retired officer's conduct has compromised public safety should notify the Administration Captain as soon as practicable. The Captain should take the following steps in these instances:

- (a) Take appropriate steps to promptly look into the matter.
- (b) If warranted, contact the retired officer in person and advise him/her in writing of the following:
 1. The retiree's identification card and/or proficiency certificate is immediately suspended or revoked.

Fort Collins Police Services

Policy Manual

2. The retiree will have 15 days to request a hearing to determine whether the temporary revocation should become permanent.
 3. The retiree will forfeit his/her opportunity to a review hearing and the endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
- (c) In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Administration Division Captain should attempt to make the above notice of temporary suspension or revocation through another law enforcement officer. For example, if a retired officer was arrested or detained by a distant agency, the Administration Division Captain may request that a law enforcement officer of that agency act as the Agency's agent to deliver the written notification.
- (d) Notification of the temporary suspension or revocation should also be promptly mailed to the last known address of the retired officer via first class mail, postage prepaid, return receipt requested.
- (e) The Administration Division Captain should document in a memo the investigation, the actions taken and, if applicable, any notification made to the retired officer. The memo should be forwarded to the Chief of Police.
- (f) If the Administration Division Captain is unavailable to perform these duties, s/he may designate another command officer to perform them in his/her place.

220.7 EXPIRED CONCEALED WEAPON PERMIT

Any retired officer Agency identification card that has been allowed to expire by the holder and has lapsed for 60 days or more beyond the expiration date without the retired officer contacting the Agency is not subject to renewal and will require a new application process, including a written request from the retired officer and the payment of any fees as required with an initial request.

220.8 RETENTION OF RECORDS

Records pertaining to the issuance of concealed weapon permits shall be maintained pursuant to the requirements of any other personnel record or state law.

Chapter 3 - General Operations

Response to Resistance

300.1 PURPOSE AND SCOPE

This Policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every employee of this Agency is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this Policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.1.2 RESPONSE TO RESISTANCE RELATED POLICIES

- (a) Policy 300 - Response to Resistance
- (b) Policy 301 - Response to Resistance Reporting and Review
- (c) Policy 302 - Force Review Board
- (d) Policy 306 - Restraint Devices
- (e) Policy 308 - Control Devices and Techniques
- (f) Policy 312 - Firearms

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Agency recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer who witnesses another peace officer, in the pursuance of their law enforcement duties in carrying out an arrest of any person, placing any person under detention, taking any person into custody, booking any person, in the process of crowd or riot control, or in any other situation uses physical force which exceeds the degree of physical force permitted pursuant state law and this Policy shall report such use of force to such witnessing peace officer's immediate supervisor (based in part on C.R.S. §18-8-802 and C.R.S. §18-1-707).

Fort Collins Police Services

Policy Manual

Response to Resistance

- (a) Should an officer have a question about what was observed, he or she is encouraged to discuss the matter with his or her immediate supervisor.

300.2.2 REPORTING

An officer who witnesses another peace officer using force in excess of that permitted pursuant to CRS § 18-8-802 must report such use of force to a supervisor. Subsequent written notification shall be within 10 days of the occurrence and include the date, time and place of the occurrence, the identity, if known, and description of the participants, and a description of the events and the force used (CRS § 18-8-802(1)(b)).

Although State statute requires that this report be made in writing within 10 days of the occurrence, officers of this Agency shall make such report within 24 hours of the occurrence.

- (a) This report shall be submitted in written memorandum format to the witnessing officer's immediate supervisor, and shall include the date, time, and place of occurrence, the identity (if known) and description of the participants, and a description of the events and the force used.
- (b) Once the witness officer makes the report to their supervisor, it shall then be the responsibility of that supervisor to make a report to the supervisor of the involved officer(s).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Agency. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this Policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST OR PREVENT SUICIDE

Any officer is justified in using reasonable and appropriate physical force upon another person when and to the extent that he/she reasonably believes it necessary (CRS § 18-1-707(1)):

Fort Collins Police Services

Policy Manual

Response to Resistance

- (a) To effect an arrest or to prevent the escape from custody of an arrested person, unless he/she knows that the arrest is unauthorized.
- (b) To defend him/herself or a third person from what the officer reasonably believes to be the use, or imminent use, of physical force while effecting or attempting to effect the arrest of a suspect or while preventing or attempting to prevent the escape of a suspect.

A peace officer is justified in using reasonable and appropriate force upon another person when and to the extent he/she reasonably believes it necessary to thwart a person's attempt to commit suicide or inflict Serious Bodily Injury upon him/herself (C.R.S. § 18-1-703).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling an actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed Agency-approved training. Officers utilizing any pain compliance technique should consider:

Fort Collins Police Services

Policy Manual

Response to Resistance

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible. Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:
 - 1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
 - 2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle. Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes deadly force is directed at the officer or others; and there is no reasonable alternative to stop the threat.

300.5 REPORTING THE USE OF FORCE

Any reportable use of force by an employee shall be documented promptly, completely, and accurately in a written report. In addition, notification to supervisors will be made as soon as practicable after the use of reportable force.

To collect data for purposes of training, resource allocation, analysis and related purposes, the Agency may require the completion of additional report forms as specified in Agency Policy (including Policy 1021 - Early Intervention System) and applicable law.

Reportable force applications include the following:

- (a) The application would lead a reasonable officer to conclude the individual may have experienced more than momentary discomfort.
 - (b) The individual subjected to the force expressed a complaint of pain or injury.
-

Fort Collins Police Services

Policy Manual

Response to Resistance

- (c) Any application of a control device as described in Policy 308 - Control Devices and Techniques.
- (d) The individual subjected to the force was rendered unconscious.
- (e) An individual was struck or kicked in any manner.
- (f) The application caused a visible injury, serious bodily injury or death.
- (g) An individual alleges any of the above has occurred.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of a reportable use of force as defined above.

300.5.2 USE OF FORCE RESULTING IN DEATH OR SERIOUS BODILY INJURY

An employee who either causes, or is involved in, the use of force that causes the death or serious bodily injury to another person shall refer to the Officer Involved Incident Protocol, and to the extent reasonable under the circumstances:

- (a) Render first aid.
- (b) Immediately notify dispatch and a supervisor of the incident and location and request appropriate assistance.
- (c) Protect the integrity of the scene, all evidence, and instruments of force until asked to relinquish it by an authorized employee.
- (d) Provide officers responding to the scene with a preliminary statement as to where the incident occurred, the location of all possible evidence, and the identity and whereabouts of any possible witnesses or suspects.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden

death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor will respond to an incident in which there has been a reportable use of force. The supervisor is expected to accomplish (a.) through (h.) below:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) Ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (d) Identify any witnesses not already included in related reports.
- (e) Review and approve all related reports.
- (f) Complete a police report detailing the actions taken by the supervisor.
- (g) In the event that the supervisor believes the incident may give rise to potential civil litigation, a confidential TDR should be completed and routed to appropriate personnel.
- (h) The supervisor shall initiate a separate administrative investigation if it is reasonable to believe that an application of force by an officer was not reasonable or within Policy.

When a supervisor does not respond to the scene of an incident involving a reportable use of force, the supervisor is still expected to ensure completion of as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

If any person receives serious bodily injury or death as a result police action, a Watch Commander will:

- (a) Provide assistance to the involved employee(s) by:
 - 1. Ensuring the involved employee is escorted to an appropriate location;
 - 2. Ensuring the involved employee is placed in an area of limited access so that no unauthorized individuals can have access to the involved employee; and
 - 3. Advising the involved employee to not discuss the case with unauthorized persons. Authorized persons include investigators working the criminal or administrative investigations, the employee's attorney or family/personal representative, or members of the Peer Support Team.
- (b) Notify the on-call detective.
- (c) Notify the involved employee's Captain.
- (d) In the event that a supervisor cannot respond due to extraordinary circumstances, an experienced police officer may be substituted, but a supervisor is still expected to complete as many of the above items as is practicable.

Response to Resistance Reporting and Review

301.1 PURPOSE AND SCOPE

This Policy sets forth procedures for reporting and review of the use of force by Agency employees. The intent of this Policy is to ensure that such incidents are investigated in a fair and impartial manner.

The reporting and review requirements of these incidents are determined by the level of force used, as defined in this Policy.

Nothing in this Policy is intended to increase, modify or in any way affect the current legal standards nor shall any deviation from these guidelines be considered a breach of any legal standard except where the deviation may effect an employee's employment.

301.2 TYPES OF FORCE IN RESPONSE TO RESISTANCE

The type of force used by an employee will determine the appropriate level of review. If there is uncertainty about which level of review is appropriate for a given incident, then the higher level should be assumed.

301.2.1 DEPLOYMENT VS. APPLICATION OF FORCE

For the purposes of the reporting requirements of this Policy that involve uses of force, the following terms apply:

- (a) "Application" means that a control device or firearm was used or discharged upon a person to attempt to gain compliance.
- (b) "Deployment" means that a Kinetic Energy Delivery System such as the Sage and Pepperball was brought to bear on a suspect and the operator acquired "sights on target" but no rounds were delivered.

301.2.2 TYPE 1 USE OF FORCE

The following incidents are Type 1 uses of force and will be reviewed by a supervisor:

- (a) The application of OC Spray through the use of an Individual Protection Device.
- (b) A take-down of a person.
- (c) The application of a Police Baton.
- (d) The application of personal weapons such as strikes and kicks.
- (e) The application of any device or technique which causes bodily injury, other than temporary discomfort or pain, to any person and the force complies with Agency Policy, procedures, Directives and training.
- (f) The deployment of a Kinetic Energy Delivery System or Conducted Energy Device if brought to bear on a suspect and the operator acquired "sights on target" but no rounds were delivered, or in the case of EMDT, an arc was displayed.

By definition, a Type 1 Use of Force is force that does not cause serious bodily injury (CRS § 18-1-901(3)(p)) to any person.

Fort Collins Police Services

Policy Manual

Response to Resistance Reporting and Review

301.2.3 TYPE 2 USE OF FORCE

The following incidents are Type 2 uses of force which will be reviewed by the Force Review Board:

- (b) The application of a Chemical Agent Delivery System other than through the use of an Individual Protection Device.
- (c) The application of an Electro-Muscular Disruption Device (such as a TASER.)
- (d) The application of a Police K-9 other than a narcotics detection dog.
- (e) A vehicle pursuit.
- (f) The application of any device or technique which causes serious bodily injury to any person and the force complies with Agency Policy, procedures, Directives and training, as determined below:
 1. If a control device or technique, as defined in Policy 308 - Control Devices and Techniques, other than a firearm, results in serious bodily injury to any person, the Watch Commander shall immediately evaluate the incident and consult with the Division Captain or authorized designee and consider, based upon the facts evident at the time, if the application of force complied with Agency Policy, procedures, Directives and training. If it is determined the use of force may not have complied with Agency Policy, then it shall be considered a Type 3 Use of Force for the purpose of further reporting and review.

301.2.4 TYPE 3 USE OF FORCE

The following incidents are Type 3 uses of force and automatically invoke the Officer Involved Incident Protocol (OIIP):

- (a) A use of force results in the death.
- (b) A use of force results in the serious bodily injury of a person except as described in this Policy.
- (c) A use of force causes injuries likely to result in death as determined by a physician.
- (d) A firearm is intentionally discharged at a person, vehicle or structure regardless of whether an injury to a person occurs.

301.2.5 ELEVATION OF USE OF FORCE REVIEW

If an inquiry regarding an employee's use of force indicates the incident requires a different level of inquiry, the appropriate level of inquiry will be used.

- (a) Supervisors may request that the Force Review Board review any Type 1 Use of Force with the approval of the Division Captain.
- (b) A Division Captain or authorized designee may invoke the OIIP on any incident with the approval of the Chief of Police.

301.3 REPORTING

- (a) Employees must document any reportable use of force as defined in Policy 300 - Response to Resistance in a police report. Where applicable, the report will include a description of any threat made by a suspect or perceived by the employee, a description of the force used and the result of the use of force.

Fort Collins Police Services

Policy Manual

Response to Resistance Reporting and Review

1. Employees involved in a Type 1 or Type 2 Use of Force will complete, prior to the end of their shift, an Early Intervention System (EIS) incident report to collect data for purposes of training, resource allocation, analysis and related purposes as described in Policy 1021- Early Intervention System.
- (b) Reporting the use of a Type 3 Use of Force will comply with Policy 1020 - Administrative Investigations, and may be accomplished through an interview with investigative personnel assigned to this investigation. In such cases, a supervisor will complete the EIS incident report.

An employee who is involved in a Type 3 Use of Force will be placed by the employee's Captain or authorized designee on administrative leave as defined in Policy 1020 - Administrative Investigations and the applicable collective bargaining agreement.

- (a) In the case of a duty-related incident involving serious bodily injury to another person, not involving firearms, but involving other control devices or techniques as defined in Policy 308 - Control Devices and Techniques, the involved employee may or may not be placed on administrative leave at the discretion of the employee's Captain or the Chief.

301.4.1 POST-INCIDENT URINE AND BREATH TESTING

An officer who is involved in a duty-related use of force that results in the death of a person will be requested to undergo urine and/or breath testing for the presence of alcohol or controlled substances in the officer's body as part of the administrative investigation into the incident, such testing is described in Policy 1012 - Alcohol and Drug Use.

- (a) Testing will not be required absent a supervisor's determination that there is reasonable suspicion that the employee is physically impaired by alcohol or other intoxicants.
- (b) An officer's refusal to take the tests or to cooperate in the provision of the samples may subject the officer to disciplinary action up to and including termination of employment. The officer will be tested as soon as possible following the incident, but not to exceed eight hours for alcohol testing and thirty-two hours for drug testing. The testing procedure shall be as set forth in the Procedures for Transportation Workplace Drug Testing Programs as described at 49 CFR Part 40, using the split sample method. The results of the tests conducted pursuant to this provision cannot be used against the officer in any subsequent criminal proceedings.

An officer who is involved in a duty-related use of force that results in serious bodily injury to a person will only be required to provide urine and breath samples for testing pursuant to an administrative investigation or a supervisor's determination that there is reasonable suspicion that the employee is physically impaired by alcohol or other intoxicants.

301.5 REVIEW OF TYPE 1 USES OF FORCE

A supervisor shall provide review of a Type 1 Use of Force. If an incident involves multiple employees with different supervisors, a Lieutenant will designate which supervisor will conduct the review. A supervisor who used force during an incident shall not conduct the review.

When a supervisor reviews and approves all police reports and EIS incident reports without taking further action, the use of force is deemed to have been reasonable.

301.6 REVIEW OF TYPE 2 USES OF FORCE

The Force Review Board will provide review of Type 2 Uses of Force. For consistency, After Actions Reports should be prepared for the Force Review Board by an employee's Lieutenant, the Watch Commander or the SWAT Commander, as appropriate. The After Action Report will follow the form described in this Policy.

- (a) The After Action Report will be forwarded to the Force Review Board for review.

Restraint Devices

306.1 PURPOSE AND SCOPE

This Policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Agency authorizes the use of restraint devices in accordance with this Policy, the Response to Resistance Policy and Agency training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only officers who have successfully completed Agency-approved training on the use of restraint devices described in this Policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

Fort Collins Police Services

Policy Manual

Restraint Devices

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Agency. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

Routinely, handcuffs should be applied with the hands behind the person's back. Handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed.

Detainees who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

Restraint Devices

306.6 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Agency shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.6.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (b) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (c) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (d) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (e) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.7 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints in a police report.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This Policy provides guidelines for the use and maintenance of Agency-issued control devices.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Agency authorizes officers to use control devices in accordance with the guidelines in this Policy and the Response to Resistance Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this agency only if the device has been issued by the Agency or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed agency-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.3.1 PROHIBITED ITEMS

Only batons issued or approved by the Agency may be used. The following similar items are specifically prohibited for use by officers:

- (a) Saps, slaps, Billy clubs, and other similar type items;
- (b) Sap gloves and other similar type weighted items; and
- (c) Wrist claws, vices, and any other type of twisting or pressure items.

308.4 RESPONSIBILITIES

308.4.1 TRAINING SERGEANT RESPONSIBILITIES

The SWAT Commander may authorize the use of additional control devices for the SWAT Team who have successfully completed the required training.

308.4.2 INVENTORY AND CONTROL

The Training Sergeant shall control the inventory and issuance of control devices and shall ensure that damaged, inoperative, outdated or expended control devices are properly disposed of, repaired or replaced. The SWAT Commander has the same responsibility for additional devices issued to SWAT Team members.

Fort Collins Police Services

Policy Manual

Control Devices and Techniques

Control devices will be periodically inspected by the Training Sergeant or the designated instructor for a particular control device. The inspection shall be documented in Agency training files.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Training Sergeant for disposition.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers are required to carry an Agency-approved police baton while in uniform. When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 CHEMICAL AGENTS GUIDELINES

Chemical agents may be used for crowd control, crowd dispersal or against barricaded suspects. Supervisors and Swat Team members who have been appropriately trained may authorize the delivery and use of chemical agents only after evaluating all conditions known at the time and determining that such force is reasonable.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical agents to assist if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

Uniformed personnel will carry OC spray on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel deploying a pepper projectile system should not intentionally target those areas, except when the

Fort Collins Police Services

Policy Manual

Control Devices and Techniques

officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Policy 300 - Response to Resistance.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect with sights on target, whether or not the launcher was used. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of chemical agents should be promptly provided with clean water to cleanse the affected areas, when practicable. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This agency is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only agency-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
 - (b) The suspect has made credible threats to harm him/herself or others.
-

Fort Collins Police Services

Policy Manual

Control Devices and Techniques

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.10 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

- (f) In the event of a negligent discharge of a firearm by an employee, regardless of the environment in which it occurs, the FTU Coordinator or their designee will review the event to determine the contributing factors to the unintentional discharge and what, if any changes in training, equipment, or procedures may be necessary to prevent future similar incidents. The review will also include any remedial training provided or recommended by Firearms Instructors.

312.4.2 NON-QUALIFICATION

1. Remedial training is defined as review of a previously trained skill designed to bring an individual up to an acceptable level of performance in that skill.
2. At the discretion of the Firearms Instructor assigned to perform the remedial training, initial remedial training of two hours may occur immediately after the officer has failed to qualify. If the officer had failed to qualify on their Uniform Handgun or Rifle this initial session of remedial training shall occur, at a minimum, within one day following the initial failure to qualify.
3. Remedial training will begin with an initial evaluation of the shooter and the weapon system, followed by individualized instruction totaling a minimum of two hours.
4. After a resting period of not less than 20 minutes, the officer may attempt to qualify. If an officer successfully qualifies on any of three attempts they shall be considered qualified on that firearm and the Agency Training Unit and the officer's supervisor will be notified that the officer has passed the qualification course.
5. Should the officer fail to satisfactorily complete the initial remedial phase or all three subsequent attempts on the qualification course, they will continue to be designated as a remedial shooter and the officer will be scheduled by the Agency Training Unit for additional remedial training. At a minimum, this second session of remedial training should occur within two days following the initial two-hour remedial session.
6. The second remedial training session will be structured as the first with an evaluation of the shooter and weapon system followed by individualized instruction totaling not less than five hours.
7. After a resting period of not less than 20 minutes, the officer may attempt to qualify. If an officer successfully qualifies on any of three attempts they shall be considered qualified on that firearm and the Agency Training Unit and the officer's supervisor will be notified that the officer has passed the qualification course.
8. Should the officer fail to satisfactorily complete the second phase of remedial training or the subsequent qualification course, the officer will be scheduled by the Agency Training Unit for final remedial training.
9. The final remedial training session will be a comprehensive review of firearms skills and individualized instruction totaling not less than sixteen hours.
10. After a resting period of not less than 20 minutes, the officer may attempt to qualify. If an officer successfully qualifies on any of three attempts they shall be considered qualified on that firearm and the Agency Training Unit and the officer's supervisor will be notified that the officer has passed the qualification course.
11. Should the officer fail to satisfactorily complete the final phase of remedial training or the subsequent qualification course with their Uniform Handgun or Rifle, the officer will be referred to the Agency Training Unit. The Agency Training Unit will notify the officer's supervisor and Division Captain of the officer's inability to demonstrate essential job skills.
12. Should the officer fail to satisfactorily complete the final phase of remedial training or the subsequent qualification course with their Plain Clothes or Back-up Handgun, the officer will be referred to the Agency Training Unit with a recommendation from the remedial Firearms Instructor as to the appropriateness of continued remediation and the officer's use of the

Plain Clothes or Back-up Handgun. Upon review, the Agency Training Unit will notify the officer's supervisor and Division Captain of the officer's inability to demonstrate proficiency with the Plain Clothes Handgun and any recommendation for action.

13. In the case of an officer's Uniform Handgun or Rifle, the whole course of remedial training will take no more than fourteen days from the initial qualification attempt to complete. As an essential job function for the position of police officer, failure to meet set standards may be cause for corrective and/or disciplinary action, up to and including termination of employment.
 14. In the case of an officer's Plain Clothes or Back-up Handgun, the above process will be followed in regard to the minimum number of hours of remedial training and attempts to qualify. However, remedial training for these handguns will not be subject to the same time limits for the completion of the remedial training process.
- (c) If the FTU staff notes that an officer is being repeatedly designated as a remedial shooter, they may refer the situation to the officer's supervisor for corrective action and include any recommendations from the FTU. In particular, the following will be referred to the officer's supervisor for corrective and/or disciplinary action along with any recommendations by the FTU.
1. Failure to qualify on the part of any introductory employee during the introductory period including the Skills Academy initial training.
 2. Failure to qualify on the part of any officer two times within any twelve month period.
 3. In addition, the FTU shall make recommendations to an officer's supervisor for follow-up, additional training or mandatory practice anytime that officer has completed the second or third phase of remedial training as outlined above.
- (d) Except when due to an absence authorized by an officer's supervisor, failure of an officer to appear for any required qualification session within the time period established by FCPS for that qualification will be deemed a failure to qualify and will be treated as such under this Policy.
1. In such a case, the Agency Training Unit will issue an Advisement of Firearms Status form to the officer and their immediate supervisor. The officer will not be allowed to carry the specified firearm(s) until they have successfully qualified with a Firearms Instructor.
 2. In the case of an unauthorized absence from a qualification session, no remedial training will be necessary prior to the officer's first attempts at qualification.
 3. A failure to qualify for reasons other than proficiency, including any malfunction of firearms, ammunition or otherwise, is not considered a failed attempt at qualification.
- (e) Officers who are unable to qualify due to temporary medical reasons or authorized leave from the Agency will be exempted from qualifications until the officer's return to duty. The Agency Training Unit will schedule the officer for a qualification course within seven working days of the officer's return to duty.
- (f) Officers who are not on Modified Duty Status or under a doctor's restriction of physical activity for work are required to perform all of the physical exertions, such as kneeling and prone positions, as outlined in the qualification course. Sworn officers shall make available for inspection, upon request and in accordance with the above scheduling guidelines, any firearm that is issued to them or owned by them and listed as an Authorized Firearm in accordance with this Policy. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by written consent of two persons called to view the animal.

In the event of any unintentional or negligent discharge of a duty firearm by an employee, regardless of the environment in which it occurs, the FTU Coordinator or their designee will review the event to determine the contributing factors to the negligent discharge and what, if any changes in training, equipment, or procedures may be necessary to prevent future similar incidents. Officers may discharge firearms for training purposes or recreational shooting at an approved range or any area where firing a weapon would be safe and not a violation of law.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this Policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this Policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (CRS § 42-4-108).

314.1.1 PHILOSOPHY

Vehicular pursuits will be conducted only in accordance with the provisions of the Colorado Motor Vehicle Laws and this Policy. Each pursuit will ultimately be judged upon the reasonableness of the participants' actions. Officers whose duties expose them to the possibility of pursuits shall remain familiar with and abide by this Policy.

Officers shall continuously evaluate the established safety priorities: hostages, innocent civilians, police officers and suspect when initiating or continuing a pursuit. Officers shall also remain cognizant of the facts known at the time and whether those facts could be used for a successful criminal investigation as opposed to the pursuit in order to apprehend the violator.

314.2 DEFINITIONS

See Policy 107 - Definitions.

314.3 OFFICER RESPONSIBILITIES

It is the Policy of this Agency that a vehicle pursuit shall be conducted using an authorized emergency vehicle that is equipped with a siren and horn, and at least one signal lamp mounted as high as practicable and capable of displaying a flashing, oscillating or rotating red light visible from the front (CRS § 42-4-213).

The following Policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway.

314.3.1 WHEN TO INITIATE A PURSUIT

- (a) An officer in a marked police vehicle may engage in a police vehicle pursuit only if all of the following criteria exist:
1. When an officer knows or has reasonable grounds to believe the fleeing suspect has committed or attempted to commit a violent felony
 2. There is a reasonable expectation of apprehension of the suspect
 3. Under the circumstances, it is reasonable for the officer to conclude that the suspect's actions are so dangerous that they present an imminent threat of serious bodily injury or death to persons other than themselves.

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

- (b) The pursuing officer shall base his/her decision to initiate or continue a pursuit authorized in this Policy only on the facts and circumstances actually known to him/her at the time. The decision to initiate a pursuit must be based upon the conclusion that the immediate danger to the public and the officer by the pursuit are less than the immediate or potential danger to the public should the suspect remain at large. The officer shall consider:
 - 1. Whether or not the suspect can be identified and apprehended at a later time through an investigative process,
 - 2. The amount of vehicular and pedestrian traffic in the area,
 - 3. The condition of the road surface upon which the pursuit will be conducted,
 - 4. Weather conditions,
 - 5. The equipment and performance capabilities of the pursuit vehicle,
 - 6. The officer's familiarity with the area and the terrain where the pursuit will occur,
 - 7. The officer's training and experience in pursuit driving, and
 - 8. The officer's emotional and physical condition at the time of the pursuit.
- (c) No officer shall engage in a pursuit if he / she has not participated in and successfully completed an Agency approved emergency vehicle operator course as approved and scheduled by the training unit.
- (d) If a civilian rider or a family member is present in the police vehicle, the officer shall use reasonable judgment in deciding when to initiate or participate in a pursuit.
- (e) The driver of a vehicle conveying a prisoner, witness, or suspect shall not initiate or become involved in a pursuit.
- (f) Only officers driving marked police vehicles shall initiate or become actively involved as a pursuing unit in any pursuit. An appropriate number of officers, in close proximity to the termination of the pursuit, may assist in the tactical deployment for the arrest of the suspects.
- (g) Absent extreme circumstances involving the preservation of life, and with supervisory approval, a K-9 handler will not initiate and/or become involved in a pursuit due to the potential danger to an unrestrained dog in the police vehicle. The handler's responsibility in a pursuit situation is to respond with reasonable care and maintain a safe distance from the pursuit to provide assistance at the time of the stop, without being a part of the actual pursuit.

314.3.2 WHEN TO TERMINATE A PURSUIT

- (a) Once a pursuit is undertaken, officers are obligated to continuously evaluate the need for maintaining the pursuit against the potential for bodily injury, death or property damage. Only facts and circumstances known to the officers and which establish reasonable suspicion or probable cause relating to criminal activity shall be considered.
- (b) The pursuing officer, any other officer, Agency-designated acting supervisor, Sergeant, Lieutenant, Captain, or Chief may terminate a pursuit.
- (c) A pursuit shall be terminated immediately under any of the following circumstances:
 - 1. The distance between the fleeing vehicle and the pursuing vehicle(s) is so great that further pursuit is futile,
 - 2. The danger to all persons involved, including the general public, posed by continued pursuit becomes greater than the value of apprehending the suspect,

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

3. Weather or traffic conditions change and substantially increase the danger of a pursuit beyond the value of apprehending the suspect,
 4. The officer is not reasonably familiar with the area and terrain of the pursuit, or
 5. The pursuit is ordered terminated by a supervisor.
- (d) If any officer involved in a pursuit discovers any malfunction, which would limit his/her vehicle's capability to function at maximum efficiency and safety, that officer shall immediately terminate active participation in the pursuit.
- (e) If an officer is no longer able to maintain radio communication with a communications center, it is highly recommended that the pursuit be terminated.
1. Consideration should be given to whether the nature of the crime warrants continuation of the pursuit, if a secondary pursuit vehicle can maintain radio communication, when additional support units may be encountered, and when radio communication might be reestablished.
- (f) Because pursuits will only be initiated to apprehend persons suspected of committing a violent felony, all contacts with suspects involved in a pursuit must be considered high-risk contacts; therefore, the primary pursuit officer shall advise all other involved officers of the high risk stop procedure he / she will employ.
1. Any officers not in uniform who will be involved in the stop must ensure they are readily identifiable as police officers.
- (g) If at all possible the primary and secondary officers should not be used to transport the suspect(s) after the stop.
- (h) If a pursuit is not authorized or is terminated, the officer shall disengage and let the fleeing vehicle escape.

314.3.3 TRAFFIC REGULATIONS

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (CRS § 42-4-108(4)).

- (a) Each officer authorized under this Policy to engage in a vehicular pursuit shall activate his/her vehicle's headlights and all emergency vehicle equipment, including emergency lights and siren, prior to beginning or joining a pursuit.
- (b) Officers engaged in a pursuit shall drive with due regard for the safety of themselves and all persons within the pursuit area.
- (c) In accordance with Colorado Revised Statute 42-4-108(2) and Section 21-7 of the Fort Collins' Model Traffic Code, when an officer is engaged in a pursuit authorized by this Policy, he/she may:
 1. Park or stand a motor vehicle, irrespective of the provisions of the Fort Collins Code and state law,
 2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation,
 3. Exceed the lawful speed limit, so long as he/she does not endanger life or property, and
 4. Disregard regulations governing directions of movement or turning in specified directions.

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

- (d) The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle.
- (e) Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit (CRS § 42-4-108(2)(c))
 - 1. Pursuit speeds have become unreasonably unsafe for the surrounding conditions,
 - 2. Pursuit speeds have exceeded the driving ability of the officer, and
 - 3. Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

314.4 PURSUIT UNITS

- (a) Pursuit units should be limited to two vehicles, however, the number of units involved may vary depending on the circumstances.
- (b) An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
- (c) Any officer involved in a vehicle pursuit shall be driving a marked police vehicle.

314.4.1 MOTORCYCLE OFFICERS

Police motorcycles shall not be involved in a vehicle pursuit when practicable.

314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Unmarked police vehicle shall not be involved in a vehicle pursuit.

314.4.3 PRIMARY UNIT RESPONSIBILITIES

- (a) The primary pursuit officer is the officer who originates the pursuit and he/she bears full responsibility for initiating the pursuit and is accountable for his/her decisions and judgment during the pursuit.
 - 1. If the primary pursuit unit becomes disabled, this responsibility shall fall to the secondary unit officer continuing the pursuit.
 - 2. Upon initiating a pursuit, the primary pursuit officer shall activate his/her headlights and all emergency lights and siren, immediately notify Dispatch that a pursuit is underway, and provide the following information:
 - (a) Unit identification;
 - (b) The violent felony for which the officer is pursuing the suspect;
 - (c) Location, speed and direction of the fleeing and the pursuing vehicles;
 - (d) Description including license plate number, color, make, model and unique characteristics of the fleeing vehicle; and
 - (e) Number and descriptions of occupants in the fleeing vehicle.

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

3. Failure to provide the required information to the Dispatch may result in an immediate order by a field supervisor to terminate the pursuit.
4. If another officer is assigned primary pursuit responsibility, the replaced primary pursuit officer shall reduce his/her level of pursuit to that of a secondary pursuit vehicle unless otherwise assigned by the field supervisor.

314.4.4 SECONDARY UNIT RESPONSIBILITIES

- (a) Only one secondary pursuit vehicle shall fall in line behind the primary pursuit vehicle unless additional secondary unit(s) are expressly authorized by the field supervisor.
- (b) The secondary pursuit vehicle shall have its headlights, emergency lights, and siren activated, but shall attempt to use a siren variation different than that of the primary pursuit unit.
- (c) The secondary vehicle shall maintain a safe distance in relation to the fleeing vehicle and primary pursuit vehicle for the purpose of assisting the primary pursuit officer upon termination of the pursuit or assuming the primary position if required.
- (d) The officer driving the secondary vehicle is responsible for keeping the Communications Center informed of the progress of the pursuit.

314.4.5 PURSUIT DRIVING TACTICS

- (a) The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:
 1. Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle; and
 2. Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic; and
 2. Pursuing units shall exercise due caution and slow down as may be necessary for safe operation when proceeding through controlled intersections (CRS § 42-4-108(2)(b)).
- (c) As a general rule officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered (CRS § 42-4-108(2)(d)):
 1. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway;
 2. Requesting other units to observe exits available to the suspect;
 3. Notifying the Colorado State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction; and
 4. Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

and a clear understanding of the maneuver process exists between the involved officers.

314.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

- (a) Other assisting officers should attempt to station themselves at strategic points in anticipation of assisting when the suspect is stopped, or becoming actively involved if the primary or secondary units lose the suspect vehicle or become disabled.
- (b) Other assisting officers can attempt to divert other traffic away from the path of the oncoming pursuit and may station themselves to use mechanical tire deflators. There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.
- (c) Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, except when an emergency situations exists such as a high-risk stop or foot pursuit.
- (d) The primary unit, secondary unit and supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.4.7 PURSUIT TRAILING

In the event that the initiating unit from this Agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

314.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

- (a) Upon notification that a pursuit incident is in progress, the field supervisor shall assume responsibility for the monitoring and control of all aspects of the pursuit, including:
 - 1. Directing pursuit vehicles into or out of the pursuit;
 - 2. Re-designating primary, secondary or other assisting unit responsibilities;
 - 3. Approving, disapproving, and coordinating pursuit tactics; and
 - 4. Determining if the pursuit should be continued or terminated.
- (b) The field supervisor may order the pursuit terminated at any time.
- (c) The field supervisor may assign additional vehicles to assist the primary and secondary pursuit vehicles based on an analysis of:
 - 1. The nature of the offense for which the pursuit was initiated;
 - 2. The number of suspects and any known propensity for violence;
 - 3. The number of officers in the pursuit vehicles;

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

4. Any damage or injuries to the assigned primary and secondary vehicle or officers;
 5. The number of officers necessary to effect an arrest at the conclusion of the pursuit; and
 6. Any other clear and articulable facts that would reasonably warrant the increased hazards caused by additional pursuit vehicles.
- (d) The field supervisor shall respond to the termination point of all completed pursuits involving Agency officers to control police actions at the scene and ensure that all reports are completed accurately.
- (e) The Watch Commander shall prepare a comprehensive After Action Report as described in Policy 301 - Response to Resistance Reporting and Review on all vehicular pursuits involving Agency officers.
1. The report shall analyze the pursuit, the tactics used, and the application of Agency Policy concerning the pursuit.
 2. The report shall include all case reports, accident reports, injury reports, and any other report associated with the pursuit.
 3. The after-action report and radio tapes of the incident shall be submitted within 10 working days to the Force Review Board.
 4. All after-action pursuit reports shall be filed and maintained by the Professional Standards Unit in accordance with the records retention schedule.
- (f) Due to other responsibilities, field supervisors are discouraged from initiating or becoming the primary or secondary vehicle in a pursuit. If circumstances put them in this position it is recommended they relinquish that position as soon as possible to another marked unit.

314.5.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander shall monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this Policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

314.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this Agency or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.6.1 Poudre Emergency Communications Center Responsibilities

- (a) Upon notification that a pursuit is in progress, Dispatch personnel shall immediately advise the field supervisor of the essential information regarding the pursuit.
 - (b) When a dispatcher becomes aware of a pursuit entering Agency jurisdiction they should notify the field supervisor and allow the supervisor to determine what, if any, response Agency officers take in the pursuit.
 - (c) During a pursuit, Dispatch personnel shall:
-

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

1. Control all radio communications and divert all radio traffic not associated with the pursuit to an alternate channel;
2. Record pertinent information on the pursuit and the pursued vehicle;
3. Coordinate and dispatch backup assistance under the direction of the field supervisor;
4. Notify neighboring law enforcement agencies as soon as possible that a pursuit has been initiated; and
5. Obtain registration information on the fleeing vehicle if a license plate number is available, and criminal record checks of the vehicle owner or suspects.

314.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.7 INTERJURISDICTIONAL CONSIDERATIONS

- (a) Officers shall not become involved with pursuits of other agencies without the consent of the patrol supervisor or designee who shall determine the level of assistance to be rendered and make the assignments accordingly.
- (b) Officers involved in a pursuit departing the Agency's jurisdiction shall update Dispatch with critical information, and that information shall be forwarded to the jurisdiction being entered.
 1. Officers must continue to evaluate their familiarity with the area and ability to provide accurate locations and directions of travel.
 2. Officers may change to an appropriate radio frequency to coordinate with the other agency after advising Dispatch.
 3. Officers shall follow the same pursuit guidelines of this Policy when assisting other agencies.
 4. At the request of the other pursuing agency, and when authorized by the an Agency field supervisor, Agency police officers may assist in a pursuit by another law enforcement agency by moving to a vantage point, by blocking intersections to divert traffic away from the pursuit area, by deploying mechanical tire deflators or by going to the scene of the termination of the pursuit.

314.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

- (a) When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.
 1. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

another jurisdiction and a request for assistance is made to this Agency, the other agency should relinquish control.

- (b) Agency officers will discontinue the pursuit when another agency has assumed the pursuit, unless the continued assistance of Agency officers is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.
- (c) The role and responsibilities of officers at the termination of a pursuit that was initiated by this Agency shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

314.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

- (a) The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this Agency should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit.
 - 1. Fort Collins Police officers shall not engage in any pursuit which does not meet the standards set forth in this Policy. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this Agency may join the pursuit until sufficient units from the initiating agency join the pursuit.
- (b) When a request is made for this Agency to assist or take over a pursuit that has entered this jurisdiction, and the justification for the pursuit clearly meets the standards set forth in this Policy, the supervisor should consider the below factors and only facts and circumstances known to the officers and which establish reasonable suspicion or probable cause relating to criminal activity shall be considered:
 - 1. Ability to maintain the pursuit;
 - 2. Adequate staffing to continue the pursuit;
 - 3. The public's safety within this jurisdiction; and
 - 4. Safety of the pursuing officers.
- (c) As soon as practicable, a supervisor or Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.
- (d) Assistance to a pursuing outside agency by officers of this Agency will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this Agency may continue only until sufficient assistance is present unless a field supervisor or Watch Commander authorizes continued involvement.
- (e) In the event that a pursuit from another agency terminates within this jurisdiction, officers shall notify the initiating agency of the termination of the pursuit, provide appropriate assistance to officers from the initiating and other involved agencies including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through ramming, intentionally striking a person or vehicle, the tactical application of tire deflation devices, roadblocks, or boxing in a vehicle.

314.8.1 WHEN USE IS AUTHORIZED

- (a) Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use an intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.
 - 1. Ramming, intentionally striking a person or vehicle, roadblocks, or boxing in a fleeing vehicle is considered an application of deadly force and should be used only when the use of deadly force is justified in accordance with Policy 300 - Response to Resistance.
 - 2. A vehicle-disabling device, such as a mechanical tire deflator, may be used to terminate a pursuit; however, any officer using such a device must be trained in its application and must use the device in accordance with that training. Mechanical tire deflators are to be used only when the suspect vehicle is involved in an incident that would be authorized for a pursuit within this Policy. This section shall not apply to tactics used by the SWAT team during a deployment.

314.8.2 USE OF FIREARMS

- (a) Shooting from a moving motor vehicle at a fleeing vehicle is strictly prohibited.
- (b) Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.8.3 SUSPECT CONTACT

- (a) Because pursuits will only be initiated to apprehend persons suspected of committing a violent felony, all contacts with suspects involved in a pursuit must be considered high-risk contacts; therefore, the primary pursuit officer shall advise all other involved officers of the high risk stop procedure he / she will employ.
- (b) Any officers not in uniform who will be involved in the stop must ensure they are readily identifiable as police officers.
- (c) If at all possible the primary and secondary officers should not be used to transport the suspect(s) after the stop.

314.9 REPORTING AND REVIEW REQUIREMENTS

- (a) Every officer involved in a vehicle pursuit shall complete a police report prior to their end of shift.
- (b) The Watch Commander or an authorized designee shall complete an After Action Report, as described in Policy 301 - Response to Resistance Reporting and Review and forward to the Force Review Board.
- (c) After first obtaining available information, the patrol supervisor shall promptly complete a memorandum, briefly summarizing the pursuit, to the Chief or an

Fort Collins Police Services

Policy Manual

Vehicle Pursuits

authorized designee, unless a Division Captain assumes this responsibility. This memo should minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit in distance and time
3. Involved units and officers
4. Initial reason and circumstances surrounding the pursuit
5. Starting and termination points
6. Alleged offense, charges filed or disposition: arrest, citation or other release
7. Arrestee information should be provided if applicable
8. Injuries and/or property damage
9. Medical treatment
10. The outcome of the pursuit
11. Name of supervisor handling or at the scene
12. A preliminary determination that the pursuit appears to be in compliance with this Policy.

314.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn officers, below the rank of Captain, will participate, no less than semi-annually, in regular and periodic training addressing this Policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.9.2 POLICY REVIEW

Sworn employees shall certify in writing that they have received training on, read and understand this Policy initially and upon any amendments. Recorded attendance at the Driver's Training courses taught by Agency instructors shall suffice for this requirement.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This Policy provides guidelines for the safe and appropriate response to all emergency and non-emergency situations.

316.2 RESPONSE TO CALLS

Officers responding to any call shall proceed with due regard for the safety of all persons and property. Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren. Officers responding to emergency calls for service shall continuously operate emergency lighting equipment and shall sound the vehicle's siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Responding with emergency lights and/or siren does not relieve the officer of the duty to drive with due regard for the safety of all persons and property and does not protect the officer from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)). The use of any other warning equipment without emergency lights and/or siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)). Officers should only respond to a call with an emergency response when responding to circumstances the officer reasonably believes involves the potential for immediate danger to persons or property.

316.3 REQUESTING EMERGENCY ASSISTANCE

Officers may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of officers or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify Dispatch.

316.3.1 NUMBER OF UNITS PARTICIPATING

A patrol supervisor is responsible to monitor the number of officers responding to incidents and reduce or enhance the response as warranted.

Officers or supervisors may make adjustments to the particular personnel assigned by Dispatch to an incident based on the location of responding officers, officer availability or other factors. However, generally only the number of responding units suggested by Dispatch should respond to a call. This allows Dispatch the flexibility to assign other calls for service to available officers.

Fort Collins Police Services

Policy Manual

Officer Response to Calls

316.4 EMERGENCY RESPONSE

A patrol supervisor will monitor the appropriateness of the response and reduce or enhance the response as warranted.

Each responding officer will determine what level of response is needed based on the incident, distance to the incident and any other factor which a reasonable person would consider while maintaining public safety. When circumstances permit, the first officer on the scene of an emergent incident will determine if additional resources are required and which type of response is required. If an officer on-scene of an incident decides there is no additional need for emergency response by assisting officers, the officer or will make notification for a response downgrade.

Officers who are not dispatched to emergency incidents should avoid unnecessary radio traffic in order to provide the most opportunity for dispatchers and dispatched units to communicate information.

316.5 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response officers may (CRS § 42-4-108(2)):

- (a) Disregard regulations governing parking or standing when using a warning lamp.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

Community service officers have different response criteria, which include:

- Are not permitted to exceed any posted speed limit while responding to calls for service.
- May disregard rules governing flow of traffic when arriving at and remaining on scene of a motor vehicle accident or other traffic related incident.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency response is appropriate, an officer shall give the location from which he/she is responding.

316.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may consider the appropriateness of an emergency response without siren, emergency lights or both:

Fort Collins Police Services

Policy Manual

Officer Response to Calls

- (a) An officer is attempting to confirm his/her suspicion that a driver has violated the traffic code and there is no other reasonable suspicion or probable cause to stop the driver (CRS § 42-4-108(3)).
- (b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard (as defined by C.R.S.) for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

316.6 COMMUNICATIONS RESPONSIBILITIES

Dispatch shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed. In all other circumstances, the dispatcher will request the level of response by officers, however, the response will ultimately be determined by responding officers and/or a patrol supervisor. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Confirm the location from which the unit is responding.
- (c) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (d) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (e) Control all radio communication during the emergency and coordinate assistance under the direction of the Watch Commander or patrol supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Watch Commander or patrol supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The patrol supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, a patrol supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response

Fort Collins Police Services

Policy Manual

Officer Response to Calls

- Traffic and roadway conditions
- The location of the responding units

Canine Program

318.1 PURPOSE AND SCOPE

The canine program was established to augment law enforcement services to the community. Highly skilled and trained teams of handlers and canines are used to supplement law enforcement operations to locate individuals and contraband and to apprehend criminal offenders.

318.2 GUIDELINES FOR THE USE OF CANINES

- (a) A canine may be used in the investigation of a crime or possible crime, in the execution of a warrant and to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following conditions exist:
 - 1. There is a reasonable belief the individual poses an imminent threat of violence or serious harm to the public, any officer or the handler;
 - 2. The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance; or
 - 3. The individual is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.
- (b) It is recognized that situations may arise that do not fall within the provisions set forth in this Policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.
- (c) Absent a reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from a pursuing officer shall not serve as good cause for the use of a canine to apprehend an individual.

318.2.1 PREPARATIONS FOR UTILIZING A CANINE

- (a) Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:
 - 1. The individual's perceived age.
 - 2. The nature of the suspected offense.
 - 3. Any potential danger to the public and/or other officers at the scene if the canine is released.
 - 4. Any unnecessary risk to the safety of the canine.
 - 5. The degree of resistance or threatened resistance the subject has shown.
 - 6. The potential for escape or flight if the canine is not utilized.
 - 7. The potential for injury to officers or the public if the canine is not utilized.
- (b) As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

Fort Collins Police Services

Policy Manual

Canine Program

- (c) The canine handler will evaluate each situation and determine if the use of a canine is appropriate. The handler shall have the ultimate authority not to deploy the canine.
- (d) Generally, the decision to deploy the canine shall remain with the handler. However, a supervisor sufficiently apprised of the situation may override the handler's decision to deploy.

318.2.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of escape or injury to officers, a clearly audible warning that a canine will be released if the person does not comply should be made prior to deployment of the canine.

- (a) Warnings should contain the following information:
 - 1. Announcement of authority;
 - 2. Direction to the individual to comply; and
 - 3. Consequences for failing to comply.
- (b) In the event of an apprehension, the handler shall document in a police report whether a verbal warning was given and, if none was given, the reasons why.

318.2.3 USE OF NARCOTIC-DETECTION CANINES

A narcotic detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for narcotics during a search warrant service.
- (b) To obtain a search warrant by using the detection canine in support of probable cause.
- (c) To search vehicles, buildings, bags and any other articles as deemed necessary.
- (d) A canine will not be used to search a person for narcotics.

318.2.4 CONTROLLED SUBSTANCE TRAINING AIDS

The Canine Team Leader will coordinate with the Evidence Unit to identify, procure, issue, replenish, rotate, and return for final destruction, per Evidence Unit procedures, any drug evidence useful for canine training purposes.

- (a) Individual canine handlers will be issued and personally sign for controlled substance training aids for training use from the Evidence Unit and shall be responsible for the training aids they are assigned until such time as the training aid is returned to the control of the Property/Evidence Unit.
- (b) All controlled substance training samples will be stored in airtight and watertight cases at all times, except during training. The cases shall be secured in the locked vault of the canine handler's assigned patrol vehicle or stored in a locked evidence locker. The canine handler who signed for controlled substance training aids shall maintain positive control over access to these training aids at all times. Keys or combinations to storage cases or vaults in which controlled substance training aids are stored shall remain in the handler's possession at all times.
- (c) The Canine Team Leader and Canine Lieutenant shall be notified immediately of any damaged or lost controlled substance training samples.
- (d) All duly certified officers acting in the performance of their official duties and any person working under their immediate direction, supervision, or instruction have

immunity under state law while providing substance abuse training or canine drug detection training.

318.2.5 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may be effectively used to track or search for non-criminals (e.g., lost children or individuals who may be disoriented or in need of medical attention.) In such circumstances it will be necessary for the handler to evaluate the conditions and the ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine, or the public such applications should be conducted on-leash or under conditions that minimize the risk of the canine biting or otherwise injuring the individual, if located.
- (b) Searches for lost children may be conducted only after obtaining consent from a parent or guardian.

318.2.6 REPORTING CANINE USE, BITES AND INJURIES

Whenever the canine is deployed, a Canine Deployment Report shall be completed by the handler. If the canine had significant action during the deployment (e.g., located evidence, a suspect, or made a criminal apprehension) a police report shall also be completed.

- (a) Whenever a canine bites or causes any injury to an individual, whether on or off-duty, the handler shall immediately notify the Canine Team Leader and Canine Lieutenant.
- (b) Color photographs shall be taken of the bite or injury.
- (c) The injured party should be transported to an appropriate medical facility if the injury requires medical attention beyond first aid. If the injured party is in custody, an officer should remain with the suspect until treatment has been rendered.
- (d) If a subject alleges an injury that is not visible, the location of the alleged injury should be photographed.
- (e) Canines controlled by peace officers are exempt from regulatory action enforced by the Larimer County Humane Society relating to canine bites and leash laws.

Canine applications shall be considered a Type 2 Use of Force as described in Policy 301 - Use of Force Reporting and Review when the canine bites or injures a suspect after being released upon the suspect.

318.2.7 REPORTING CANINE INJURIES

In the event that a canine is injured, the handler shall notify the Canine Team Leader and Canine Lieutenant as soon as practicable.

- (a) Medical care for any injured canine shall follow the protocol established in this Policy.
- (b) The handler will document the injury in a Canine Deployment Report.

318.2.8 ASSIGNMENT OF CANINES

Patrol canines shall be assigned to the Patrol Division to supplement and assist the Patrol Division. Detection only canines (narcotics and explosives) may be assigned to the Criminal Investigations Division or the Patrol Division.

318.3 REQUEST FOR USE OF CANINE TEAMS

Agency personnel are encouraged to request the use of the on-duty canines. Requests for off-duty canine teams may be granted by the on-duty patrol supervisor.

318.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

The Canine Lieutenant or Canine Team Leader must approve all requests for on or off-duty canine assistance from outside agencies. If neither is available, requests may be granted by the on-duty patrol supervisor subject to the following provisions:

- (a) Canine teams shall not be used for any assignment that is not consistent with this Policy.
- (b) The handler has the ultimate authority to decide whether the canine is to be used for a specific assignment.

318.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine demonstration shall be approved by the Canine Team Leader or Canine Lieutenant prior to making any commitment. Only trained decoys shall be used to demonstrate apprehension work.

318.4 SELECTION, REQUIREMENTS, AND REMOVAL OF UNIT

- (a) Canine Unit openings will be authorized and filled subject to the approval of the Patrol Captain. During a selection process, interested police officers, with at least two years of service in the Agency shall be evaluated by the following criteria:
 1. Recognized competence and ability as evidenced by performance;
 2. Special skills or training as they pertain to the assignment;
 3. Ability to meet or exceed the 50th percentile rating in each segment of the Agency physical fitness test;
 4. Willingness to perform duties using a canine partner for the working life of the canine; and
 5. Officers who accept assignments as canine handlers are not eligible for transfer or promotion during the first four years of their canine assignment.
- (b) Canine handlers and decoys shall participate in the Agency physical fitness test twice a year. Team members must meet or exceed the 50th percentile in each segment of the test. Failure of any phase of the testing will result in remedial training with an Agency fitness instructor and a retest of all segments to be completed within 30 days. Failure to comply within the thirty-day period shall result in a suspension from the team and possible removal. Team members unable to test due to injury or illness must provide documentation from a doctor indicating the nature of injury and applicable work restrictions. Following a release from a doctor, the team member will have no more than 60 days to complete the testing.
- (c) Canine handlers or decoys may be suspended or removed from the Canine Unit at any time, without advanced notice, with or without cause by the Canine Lieutenant or Patrol Captain.
 1. A canine handler shall have no property right to the Canine duty assignment.

Fort Collins Police Services

- (d) Upon the retirement of a canine, the Canine Lieutenant shall evaluate the performance of the handler and make a recommendation to the Patrol Captain to retain or remove the handler from the Canine Unit. The Patrol Captain will have final approval authority regarding the recommendation.

318.5 CANINE HANDLER RESPONSIBILITIES

318.5.1 CARE FOR THE CANINE AND EQUIPMENT

The handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions. The handler will be responsible for the following:

- (a) Unless required by a particular application, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the Canine Lieutenant as soon as possible.
- (g) Under no circumstances will the canine be lodged at any other location unless approved by the Canine Lieutenant in advance.
- (h) Whenever a canine handler takes a vacation or an extended number of days off, the canine shall only be lodged at an Agency-approved location.

- (j) Canines may not be bred or used for breeding without authorization from the Captain of the Division to which the canine is assigned.

318.5.2 CANINES IN PUBLIC AREAS

All canines shall be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canines are trained.

- (a) Canines shall not be left unattended in any area to which the public may have access.
- (b) When the canine patrol vehicle is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended canine patrol vehicle remains inhabitable for the canine and the canine heat protection system in the vehicle is activated.
- (c) Only FCPS canine handlers or trained canine decoys are authorized to be in control of a FCPS canine in public.

All medical attention shall be rendered by the Agency designated canine veterinarian, except during an emergency or if a specialist is required.

- (a) All records of medical treatment shall be provided to the Canine Team Leader and maintained with the canine unit.

318.6.2 EMERGENCY MEDICAL CARE

The handler shall notify the Canine Team Leader and Canine Lieutenant as soon as possible when emergency medical care for the canine is required. Depending on the severity of the illness or injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and canine are out of the area, the handler may use the nearest available veterinarian.

318.7 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current recognized national standards or Agency-approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics or explosives shall be trained and certified to meet a nationally-recognized standard or the Agency-approved certification standards established for such detection canines. Canine teams may not be used outside the scope of their certification.

318.7.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally-recognized standard or the Agency-approved certification standards on an annual basis. Each detector canine team shall thereafter be certified on an annual basis. Additional training considerations are as follows:

- (a) Canine handlers are encouraged to engage in additional training with approval of the Canine Lieutenant.
- (b) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Agency.

318.7.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification standards are achieved. Any canine team failing to certify will receive remedial training to correct any performance issues. Handlers or canines that fail to respond to remedial training efforts may be subject to removal from the Canine Unit.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this Policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. This Policy specifically addresses the commitment of this Agency to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.2 POLICY

The Agency's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the Policy of this Agency to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this Policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls entered by a dispatcher.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up investigation.
- (d) When practicable and legally permitted, take video or audio recordings of all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims should be told to come to the police department in the event that the injuries later become visible so that the injuries can be documented and photographed.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

Fort Collins Police Services

Policy Manual

Domestic Violence

- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers will take appropriate enforcement action when there is probable cause to believe an offense has occurred.

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE

If no arrest is made because the officer is unable to determine whether a crime of domestic violence occurred pursuant to CRS § 18-6-803.6(1), the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties, and
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the agency's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

Fort Collins Police Services

Policy Manual

Domestic Violence

- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable if a dispatcher cannot verify the reason for the incomplete call.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS

Officers shall presume the validity of, and enforce in accordance with the provisions of this Policy, a foreign court order that appears to be an authentic court order that has been provided by any source. If the protected party does not have a copy of the foreign protection order on his or her person and the peace officer determines that a protection order exists through the central registry, the National Crime Information Center, or communication with appropriate authorities, the officer shall enforce the order. An officer may rely on the statement of any person protected by a foreign protection order that it remains in effect. An officer who is acting in good faith when enforcing a foreign protection order shall not be civilly or criminally liable pursuant to section C.R.S 18-6-803.3(5).

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable (CRS § 13-14-104(4)):

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.9 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for law enforcement to consider and do a variety of actions when domestic violence is involved in an investigation or response for assistance.

320.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) If an officer has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).

Fort Collins Police Services

Policy Manual

Domestic Violence

- (b) An officer is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS § 18-6-803.6). If an officer receives complaints of domestic violence from two or more opposing persons, the officer shall evaluate each complaint separately to determine if a crime has been committed by one or more persons. In determining whether a crime has been committed by one or more persons, the officer shall consider the following (CRS § 18-6-803.6):
 - 1. Any prior complaints of domestic violence.
 - 2. The relative severity of the injuries inflicted on each person.
 - 3. The likelihood of future injury to each person.
 - 4. The possibility that one of the persons acted in self-defense.
- (c) Unless impractical, if probable cause exists to believe an offender has violated a court order and that such offender had notice of the court order, an arrest shall be made (CRS § 18-6-803.5). If the circumstances make arrest impractical, the officer shall seek a warrant of arrest for the offender (CRS § 18-6-803.5).
- (d) If a restrained person is arrested for violating or attempting to violate any provision of a court order, the arresting officer shall make all reasonable efforts to contact the protected party to notify him/her of such arrest (CRS § 18-6-803.5).

320.9.2 REPORTS AND RECORDS

The Records Manager will maintain records on the number of domestic violence-related calls reported to the Agency and forward such records to the state as required (CRS § 18-6-803.9).

In the event that an individual is arrested by the Agency for violating a court order, the Records Manager shall forward to the issuing court a copy of the arrest report, a list of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the restrained person. The Records Manager shall also ensure that a copy of the same information is provided to the protected party.

The Agency shall delete the address and telephone number of a witness from the list sent to the court upon request of such witness, and such address and telephone number shall not thereafter be made available to any person, except law enforcement officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection order in this or any other state and is subsequently arrested by the Agency for violating or attempting to violate a protection order, the Records Manager shall notify the prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

320.9.3 SERVICE OF COURT ORDERS

Officers responding to a domestic violence call who encounter a person named in a court order that has not been otherwise served shall serve the person with a copy of the order (CRS § 13-14-102).

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This Policy provides general guidelines for Agency personnel to consider when dealing with search and seizure issues.

322.2 POLICY

It is the Policy of the Agency to respect the fundamental privacy rights of individuals. Officers of this Agency will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this Agency will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Training Policy, the Agency will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent;
- Incident to a lawful arrest;
- Legitimate community caretaking interests;
- Vehicle searches under certain circumstances;
- Exigent circumstances;
- Evidence or contraband found in Plain View;
- Certain searches of persons after reasonable suspicion; and
- The application of Police Narcotics Detection Dogs.

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of found or abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each employee of this Agency is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor or the City Attorney or the District Attorney to resolve questions regarding search and seizure issues prior to electing a course of action.

Fort Collins Police Services

Policy Manual

Search and Seizure

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Officers will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry to a premise, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search, if one is readily available. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search, if practicable.

322.4.1 RISK ASSESSMENT

Prior to executing a search or arrest warrant, officers shall complete the High Risk Warrant Matrix. The Matrix consists of high risk indicators with weighted values for each category. The completed Matrix will be included in any subsequent police report. Some of the indicators require a mandatory service by the Agency SWAT Team. After completing the Matrix, the officer will proceed in the following ways:

- (a) Notify a supervisor of the Matrix score.
- (b) Serve the warrant unassisted or with other officers as necessary.
- (c) Consult a SWAT supervisor to determine if the SWAT Team will assist or take over the service of the warrant.
- (d) Provide the warrant to the SWAT Commander for a SWAT service if required.

322.5 DOCUMENTATION

Officers are responsible to document any search of a premise and to ensure that required reports contain, at minimum, documentation of the following:

- Reason for the search;
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys);
- What, if any, injuries or damage occurred;
- All steps taken to secure property;
- The results of the search, including a description of any property or contraband seized;
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer, if such a request was reasonable given the totality of the circumstances; and
- The Return of Service for a search warrant.

Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the [Anytown Police Department] (42 USC § 5633).

324.1.1 DEFINITIONS

The following definitions relate only to this policy:

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

324.2 POLICY

The Fort Collins Police Services is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Fort Collins Police Services. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Fort Collins Police Services:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed

Fort Collins Police Services

Policy Manual

Custody of Juveniles

(d) Significantly intoxicated

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Fort Collins Police Services unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Fort Collins Police Services when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Fort Collins Police Services without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Fort Collins Police Services (42 USC § 5633).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Fort Collins Police Services. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure detention (42 USC § 5633).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Fort Collins Police Services unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

324.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS

A juvenile offender may be taken into temporary custody (CRS § 19-2-502):

- (a) When there are reasonable grounds to believe that he/she has committed a violation of a statute, ordinance or court order that would subject an adult to an arrest.
- (b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2-503.

Fort Collins Police Services

Policy Manual

Custody of Juveniles

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile's parents, guardian or legal custodian (CRS § 19-2-507(4)).

The juvenile shall be released to the care of the juvenile's parents or other responsible adult unless a determination is made in accordance with CRS § 19-2-507(2) that the juvenile's immediate welfare or the protection of the community requires that the juvenile be detained (CRS § 19-2-502(3)).

If the juvenile is not released to the care of his/her parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility or a shelter designated by the court, without unnecessary delay (CRS § 19-2-507(4)).

As an alternative to taking a juvenile offender to a detention facility or shelter, an officer may, if authorized by policy of the court, serve a written promise to appear for juvenile proceedings upon the juvenile and the juvenile's parent, guardian or legal custodian (CRS § 19-2-507(5)).

When a juvenile is not released pending charges, the officer shall notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2-507(1)).

324.5 ADVISEMENTS

The screening team for the judicial district generally notifies the juvenile's parent, guardian or legal custodian that, if the juvenile is placed in detention or a temporary holding facility, all parties have a right to a prompt hearing to determine whether the juvenile is to be further detained. The notification may be made to a person with whom the juvenile is residing if a parent, guardian or legal custodian cannot be located. If the screening team is unable to make the notification, officers may make it (CRS § 19-2-507).

324.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Agency, the detention shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Fort Collins Police Services.
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (e) Any changes in status.
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure detention.
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the detention, including any secure detention, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Agency (42 USC § 5633). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Fort Collins Police Services shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

324.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Fort Collins Police Services shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Fort Collins Police Services more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Fort Collins Police Services more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

Fort Collins Police Services

Policy Manual

Custody of Juveniles

324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Fort Collins Police Services when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

324.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Fort Collins Police Services shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Fort Collins Police Services.

324.11 SECURE CUSTODY

Only juvenile offenders 10 years of age or older may be placed in secure custody. Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this agency should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

324.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire detention.

Fort Collins Police Services

Policy Manual

Custody of Juveniles

- (b) Juveniles shall have constant auditory access to agency members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by a staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Fort Collins Police Services. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Criminal Investigations Division supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City Attorney.
- (e) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

In any case where a juvenile is taken into temporary custody, officers should not attempt to interview or interrogate a juvenile offender or status offender unless either of the following occurs:

- (a) A public defender or other counsel representing the juvenile is present.
- (b) A parent, guardian, or legal or physical custodian of the juvenile is present and the juvenile and his/her parent, guardian, or legal or physical custodian are advised of the following:
 - 1. The juvenile's right to remain silent
 - 2. That any statements made may be used against him/her in a court of law
 - 3. The juvenile's right to the presence of an attorney during the interrogation
 - 4. The juvenile's right to have counsel appointed if he/she so requests at the time of the interrogation (CRS § 19-2-511)

324.14 RESTRICTION ON FINGERPRINTING

The following juvenile offenders shall be fingerprinted (CRS § 19-2-503.5):

Fort Collins Police Services

Policy Manual

Custody of Juveniles

- (a) A juvenile offender held for committing any if the following:
 - 1. A felony
 - 2. A Class 1 misdemeanor
 - 3. A misdemeanor under CRS § 42-4-1301 (driving under the influence or while impaired)
 - 4. A crime that includes an act of domestic violence as defined in CRS § 18-6-800.3(1)

- (b) A juvenile who has not been fingerprinted prior to his/her first appearance before the court and has been ordered by the court to report for fingerprinting

Abuse of At-Risk Adults

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this agency with direction and understanding of their role in the prevention, detection and intervention in incidents of the abuse of an at-risk person. It is the policy of the Fort Collins Police Services to treat reports involving at-risk adults as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspect.

326.2 REPORTING REQUIREMENTS

An officer should make an immediate oral report to the department of social services under any of the following circumstances:

- (a) The officer observed mistreatment, self-neglect or exploitation of an at-risk adult.
- (b) The officer has reasonable cause to believe that an at-risk adult has been:
 - 1. Mistreated.
 - 2. Self-neglected.
 - 3. Exploited and is at imminent risk of mistreatment, self-neglect or exploitation.
- (c) Any such mistreatment, self-neglect or exploitation of an at-risk adult is reported to the officer.

If an officer receives a report that an at-risk adult has been mistreated, self-neglected or exploited, the officer shall prepare a written report as soon as reasonably practicable but no later than 48 hours (CRS § 26-3.1-102(1)(c)). The report shall be forwarded to the department of social services and the District Attorney's Office within 24 hours (CRS § 26-3.1-102(3)).

326.2.1 RECORDS RESPONSIBILITIES

The Records is responsible for (CRS § 26-3.1-102(3)):

- (a) Providing a copy of the at-risk adult abuse report to the local office of the Adult Protective Services Unit of the Colorado Department of Human Services and the domestic violence unit in the District Attorney's Office within 24 hours of the completion of the report. This requirement is applicable even if the initial call was received from a state agency.
- (b) Retaining the original at-risk adult abuse report with the initial case file.

326.3 OFFICER'S RESPONSE

All incidents involving actual or suspected abuse of an at-risk person shall be responded to immediately, fully investigated and appropriately documented.

326.3.1 INITIAL RESPONSE

Officers may be called upon to affect a forced entry as the first responder to the scene of a suspected at-risk adult abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident,

Fort Collins Police Services

Policy Manual

Abuse of At-Risk Adults

officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if medical personnel are not already present.

326.3.2 STABILIZE THE SITUATION

Officers must quickly assess the situation to ensure the immediate safety of all persons. Officers shall also consider the following:

- (a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible. Frequently, it is wrongfully assumed that elderly persons are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly or at-risk person.
- (b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence, such as injuries that may change in appearance, should be photographed immediately.
- (c) Assess and define the nature of the problem. Officers should assess the available information to determine the type of abuse that may have taken place or the potential for abuse in the future that may be eliminated by law enforcement intervention.
- (d) Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser is a family member or caretaker) may leave the older or at-risk victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk and the competent victim's desires. The present and future safety of the victim is of utmost importance.

326.3.3 SUPPORT PERSONNEL

The following persons may be consulted if it appears an in-depth investigation is appropriate:

- Patrol supervisor;
- Criminal Investigations Division (CID) personnel;
- Forensic Services personnel;
- County or State Protective Services Agency personnel;
- Ombudsman if the abuse is in a long-term care facility (CRS § 26-11.5-101-112); and
- Victim advocates.

326.3.4 PROTECTIVE ORDERS AND EMERGENCY PROTECTIVE ORDERS

In any situation where an officer reasonably believes that a vulnerable person is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may contact the county court or Adult Protective Services and request a temporary restraining or protective order against the person alleged to have committed or threatened such abuse if that person is not in custody. If an offense is taken where it is clear there has been domestic violence against an elderly or at-risk adult, upon arrest of the suspect, the officer should seek an emergency court order.

Fort Collins Police Services

Policy Manual

Abuse of At-Risk Adults

326.4 AT-RISK ADULT ABUSE REPORTING

Every allegation of at-risk adult abuse shall be documented. When documenting at-risk adult abuse cases the following information should minimally be included in the report (CRS § 26-3.1-102(2)):

- (a) The name, address and approximate age of the at-risk adult
- (b) The name and address of the person responsible for his/her care, if there is one
- (c) The name and address, if available, of the person who is alleged to have abused, neglected or exploited the at-risk adult
- (d) The nature and extent of the alleged abuse, neglect or exploitation of the at-risk adult
- (e) Any evidence of previous injuries
- (f) The basis of the reporter's belief that the at-risk adult has been abused, neglected, exploited or isolated
- (g) Any other information that would assist in the investigation of the report

Reporting cases of older person or at-risk adult abuse is confidential and will only be released as per the Records Release and Security Policy, or as necessary for the coordination of a multi-agency investigation of a report or for the provision of protective services to an at-risk adult (CRS § 26-3.1-102(7)).

326.5 AT-RISK ADULT ABUSE IN A CARE FACILITY

Officers shall investigate all allegations relating to the abuse, neglect or exploitation of an at-risk adult in a care facility or under the care of a facility. Officers shall immediately notify the Adult Protective Services Unit of the Colorado Department of Human Services and notify the Department of Human Services and the District Attorney's Office within twenty four hours after completing the investigation.

326.6 OBTAINING ARREST WARRANT

Officers should promptly seek a warrant for the arrest of any person for whom probable cause exists to believe the person is criminally responsible for the abuse, neglect or exploitation of an at-risk adult.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

This policy is intended to prevent agency members from being subjected to discrimination or sexual harassment.

328.2 POLICY

The City, and by extension the Agency, is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Agency will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Agency will take preventive and corrective action to address any behavior that violates this Policy or the rights it is designed to protect.

The non-discrimination policies of the City and the Agency may be more comprehensive than state or federal law. Conduct that violates this Policy or City Personnel Policy 8.2 may not violate state or federal law but still could subject an employee to discipline.

328.3 DISCRIMINATION PROHIBITED

328.3.1 DISCRIMINATION

- (a) The City is committed to providing a work environment that is free of harassment and unlawful discrimination. Consistent with the City's respect for the rights and dignity of each employee, harassment based on race, color, religion, sex, national origin, age, disability, sexual orientation, genetic information, or any other characteristic protected by law, will not be sanctioned or tolerated. Sexual harassment is strictly prohibited.
- (b) Harassment on the basis of any other protected characteristic is also strictly prohibited. In general, harassment is any verbal or physical conduct that denigrates or shows aversion toward an individual because of race, color, religion, sex, national origin, age, disability, sexual orientation, genetic information, or any other characteristic protected by law, and that:
 1. Has the purpose or effect of creating an intimidating, hostile or offensive work environment;
 2. Has the purpose or effect of unreasonably interfering with an individual's work performance; or
 3. Otherwise adversely affects an individual's employment.
- (c) Harassing conduct includes, but is not limited to: epithets, slurs, or negative stereotyping; threatening, intimidating or hostile acts; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group and that is placed on walls or elsewhere on City premises or circulated in the workplace. Any individual found to have engaged in sexual or any other form of harassment will be disciplined as appropriate, up to and including termination.
- (d) Any employee who believes she or he has been harassed in violation of this Policy by a co-worker, supervisor or agent of the City, or by anyone while working, should promptly report the facts and the names of the individuals involved to her or his

Fort Collins Police Services

Policy Manual

Discriminatory Harassment

supervisor or, in the alternative, to the Director of Human Resources. During non-business hours, if the employee is unable to reach his or her supervisor, or if it is inappropriate for the employee to contact his or her supervisor, the employee may contact any other supervisor or manager in the employee's department to report the incident and/or to obtain immediate emergency action. Any employee who observes harassment is also encouraged to report the incident promptly.

- (e) Employees must immediately report to their supervisor all complaints, observed incidents or suspected incidents of harassment in violation of this Policy. The Human Resources Department will promptly investigate all reports and complaints of harassment as confidentially as possible and recommend appropriate action after consulting with Human Resources and City Attorney staff.
- (f) A prompt and thorough investigation of the alleged incident will be conducted and appropriate action will be taken. Consistent with adequate investigation and appropriate corrective action, and to the extent permitted by law, any complaint of harassment will be treated as confidential.
- (g) The Agency will not in any way retaliate against an employee, potential employee or former employee who, in good faith, makes a complaint or report of harassment, or participates in the investigation of such a complaint or report. Retaliation against any individual for reporting a claim of harassment or cooperating in the investigation of such a complaint will not be tolerated.

328.3.2 SEXUAL HARASSMENT

Sexual harassment is strictly prohibited. Sexual harassment is any unwelcome sexual advances, request for sexual favors, or other verbal or physical conduct of a sexual nature when submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment; when submission to or rejection of such conduct is used as the basis for employment decisions affecting such individual; or such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Colorado Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or Agency rules or regulations, or any other appropriate work-related communication between supervisor and employee.

328.4 RESPONSIBILITIES

- (a) This Policy applies to all employees. All employees shall follow the intent of these guidelines in a manner that reflects Agency Policy, professional law enforcement standards and the best interests of the City, the Agency and the respective mission.
- (b) Employees shall promptly report any discriminatory, retaliatory or harassing conduct or known violations of this Policy to a supervisor. Any employee who is not comfortable with reporting violations of this Policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking

Policy Manual

supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director or the City Manager.

- (c) Any employee who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this Policy.

328.4.1 SUPERVISOR RESPONSIBILITIES

Supervisors and managers receiving information regarding alleged violations of this Policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below. Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure subordinates understand their responsibilities under this Policy.
- (d) Ensure that employees who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or the Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Agency and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent employees.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline in a manner that is consistent with established procedures.

328.4.3 RESPONSIBILITIES UPON RECEIPT OF COMPLAINT

Upon receipt or notification of a complaint filed with the Colorado Civil Rights Division, the Chief of Police, the Human Resources Director, an authorized designee shall assign the complaint for action. The person assigned the complaint is responsible to ensure completion of the following (CRS § 24-34-301, et seq.):

- (a) Provide a written answer to the complaint within the time required after receiving it.

Fort Collins Police Services

Policy Manual

Discriminatory Harassment

- (b) Supply and explain all relevant information, data or papers upon request.
- (c) Respond to all telephone or mail inquiries from the Colorado Civil Rights Division.
- (d) Attend all meetings, hearings or fact-finding conferences when requested.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolving a complaint may exist. During the pendency of any investigation, the supervisor of the involved employees should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the Policy of the Agency that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing employee should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

328.5.1 SUPERVISORY RESOLUTION

Employees who believe they are experiencing discrimination, harassment or retaliation are encouraged to inform the individual that his/her behavior is unwelcome. However, if the employee feels uncomfortable, threatened, has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted pursuant to Policy 1020 - Administrative Investigations.

The Professional Standards Unit is charged with the formal investigation of discriminatory acts and has full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any employee involved. No influence will be used to suppress any complaint and no employee will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Reporting shall be in compliance with this Policy. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Employees who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Director or the City Manager.

328.5.3 EQUAL OPPORTUNITY EMPLOYMENT COMPLAINTS

No provision of this Policy shall be construed to prevent any employee from seeking legal redress outside the Agency. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this Policy does not in any way affect those filing requirements.

328.6 TRAINING

All new employees shall be provided with a copy of this Policy as part of their orientation. The Policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this Policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive annual training on the requirements of this Policy and shall certify by signing the prescribed form that they have reviewed the Policy, understand its contents and agree that they will continue to abide by its provisions.

328.6.1 QUESTIONS REGARDING DISCRIMINATION OR SEXUAL HARASSMENT

Members with questions regarding discrimination or sexual harassment are encouraged to contact a supervisor, manager, the Captain, the Human Resources Director or the City Manager, or they may contact the Colorado Civil Rights Division.

Child Abuse

330.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse and consistent with the intergovernmental agreement between the county Department of Human Services (DHS) and law enforcement agencies of northern Colorado.

330.2 POLICY

The Agency will investigate all reported incidents of alleged criminal child abuse and ensure the county DHS is notified as required by law.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, the decision to remove a child from his/her family, guardian or other responsible adult should be made in conjunction with child welfare authorities.

Generally, the officer should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, the officer should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

- (a) When a court has issued an order for protective custody.
- (b) Without a court order when:
 1. The child is abandoned or lost, or seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child's protection or the protection of others;
 2. There are reasonable grounds to believe that such child has run away or escaped from such child's parents, guardian, or legal custodian;
 3. An arrest warrant has been issued for such child's parent or guardian on the basis of an alleged violation of CRS § 18-3-304.
 4. A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by an officer upon the recommendation of DHS, a physician, a registered nurse, a licensed practical nurse, or a physician's assistant, while an order of the court pursuant to CRS § 19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

Fort Collins Police Services

Policy Manual

Child Abuse

- (c) A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue and there is no other reasonable way to protect the child without removing the child from his/her home.

330.6.1 COURT ORDERS

Unless already being addressed by DHS, an officer should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the officer (CRS § 19-3-405):

- (a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for the child's care and custody would present a danger to that child's life or health in the reasonably foreseeable future, or
- (b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child's care and custody only if certain emergency protection orders are entered.

330.6.2 RELATED NOTIFICATIONS

If DHS is unable to take custody of a child, officers taking a child into protective custody shall (CRS § 19-3-402):

- (a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.
- (b) At the earliest opportunity, notify the court that the child has been taken into protective custody and where the child has been taken.
- (c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian, or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

330.6.3 SAFE HAVEN ACT PROVISIONS

Any newborn infant (72 hours old or younger) who has been surrendered by a parent to an on-duty firefighter or hospital staff member under the safe haven provisions of CRS § 19-3-304.5 shall be taken into temporary protective custody by an officer pursuant to CRS § 19-3-401. A supervisor and a representative of DHS should be notified without delay.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Officers should attempt to avoid interviewing a child if possible while gathering information from other sources. Should a child need to be interviewed, officers should record the preliminary interview while asking as few non-leading questions as possible to gather minimal information. Officers should avoid multiple interviews with a child and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child.

If exigent circumstances do not exist the officer should notify a supervisor who will coordinate with DHS to consider obtaining a court order for such an examination.

If injuries are visible, an officer may photograph them with and without scale to document them, CRS § 19-3-306.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and DHS is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking, or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Northern Colorado Drug Task Force Commander should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

332.2 REPORT ACCEPTANCE

- (a) Employees shall accept any report, including any telephone report, of a missing person, including runaways, without delay and shall give priority to the handling of these reports. A missing person report shall be accepted if (CRS § 16-2.7-102(2)):

 2. There is credible information indicating that the missing person was last believed to be within this Agency's jurisdiction.
- (b) Employees are not required to accept a missing person report if the person is the subject of a missing person report under investigation by another law enforcement agency within Colorado (CRS § 16-2.7-102(5)).
- (c) If the location where a person has been missing or was last seen cannot be clearly and easily established, the local law enforcement agency having jurisdiction over the missing person's last known residence should take the report. In any instance where there is a disagreement over reporting responsibility that is not immediately resolved, it is the Policy of this Agency to promptly take and investigate a missing person report.
- (d) Any investigation completed and information obtained in a case that is ultimately the responsibility of another jurisdiction shall be recorded in a police report, including information regarding the determination of jurisdiction, and forwarded to the appropriate agency.

It shall be the Policy of this Agency to accept the report of a missing child even if custody has not been formally established. Reporting parties shall be encouraged to obtain legal custody as soon as possible; however, since the safety of the missing child(ren) is paramount, employees will open a case when it can be shown the child has been removed, without explanation, from his or her usual place of residence. If custody has not been established by the Court, then the law-enforcement responsibility is to ensure the child is safe only.

- (d) The assigned officers will interview available witnesses, victims, and others to determine what circumstances, if any, indicate that the situation may involve a bias-motivated crime. No victim of, or a witness to, a bias-motivated crime may be detained or turned over to federal authorities exclusively for any actual or suspected immigration violation unless that person is charged with or convicted of a crime under state law.
- (e) Depending on the situation, the assigned officers or supervisor may request additional assistance from investigators or other resources to further the investigation.

The Agency expressly reserves the right to access and audit any and all communications, including content that is sent, received, and stored through the use of the devices and services.

342.2 DEFINITIONS

See Policy 107 - Definitions.

342.3 COMPUTER SYSTEM INSPECTION OR REVIEW

There is no expectation of privacy regarding files contained in or on Agency computers, tablets, iPads, or systems. A supervisor has the express authority to inspect or review the system, any and all temporary or permanent files and related electronic systems or devices and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

When requested by an employee's supervisor, or during the course of regular duties requiring such information, a member of the Agency's information systems staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the system.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Employees who generate reports on computers are subject to all requirements of this Policy.
- (c) All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. 344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable.

The relevant facts contained in those notes shall be incorporated into the incident reports. Once those reports have been dictated or entered into ARS and approved, the original notes will be destroyed. However, upon receipt of a court order requiring the preservation and disclosure of employee notes, the employee will preserve and make available to the prosecuting attorney all case notes in existence at the time of, and subsequent to the court order. Additionally, upon receipt of a litigation hold from the City's Risk Manager, the employee will preserve all case notes in existence at the time of and subsequent to the receipt of the litigation hold until such time as the litigation hold is removed.

344.3.2 CONTENT

- (a) All reports shall be accurate, detailed and complete. The required information fields in ARS are to be completed fully when information is available.
- (b) Follow-through is expected in report preparation. For example, if witnesses are interviewed, a synopsis of the witness' oral statement and their information is to be included in the report. If written statement forms are left with citizens for completion, it is the employee's responsibility to assure the forms are later collected and included in the original report. When an employee collects a written statement for an incident other than a routine traffic accident, the employee shall include a synopsis of the written statement in their narrative report.
- (c) All action taken should be documented. Even if action taken does not lead to expected results, there should be documentation of the action taken to prevent duplication of efforts. When leads are exhausted and no charges are filed, a supplemental report will be completed to inactivate the case.
- (d) An employee must make an immediate verbal report to the on duty patrol supervisor and the employee's immediate supervisor of any duty related or off duty incident that involves the discharge of a firearm (with the exception of firearms training, range practice, sporting events or recreational purposes). This verbal report shall consist of information necessary to secure the scene, ascertain whether medical care is needed, whether all suspects are in custody or their last know location and route of travel, the location of evidence and the location of potential witnesses.

- (b) Complicated accident reports, requiring extensive diagramming, may be an exception to the above standard. In these situations, cover sheets must be completed and turned in at the end of the shift. Supervisor permission is necessary for the delay in completing the report.

Employees should note their best contact number on the subpoena so that they can be kept informed of any changes and save unnecessary trips to court.
 2. If it becomes necessary to subpoena an employee with less than 10 days notice, the service of the employee will be face to face to make sure that they are aware of the subpoena. If possible, they will attempt to do this with the least amount of inconvenience to the employee's personal time.

It is the responsibility of the subpoenaed employee to notify the issuing agency of the employee's unavailability to appear. If the named employee is unable to make the notification due to the injury or illness, the supervisor shall make the notification.

If a process server attempts to present a subpoena at the Agency and the employee is not on-duty, an authorized employee shall inform the process server of the employee's next available working day.

348.2.5 OFF-DUTY RELATED SUBPOENAS

Employees receiving valid subpoenas for off-duty actions not related to their employment with the Agency shall comply with the requirements of the subpoena. The Agency will compensate employees who appear in their official capacity on civil matters arising out of the employee's official duties as directed by Policy 1038 - Work Periods and Overtime.

Except when acting as a witness for a government party, the Agency will receive reimbursement for the employee's compensation through the civil attorney of record who called the employee as a witness. Any reimbursement received directly by the employee shall be promptly turned over to the Agency.

348.3.1 PROCEDURE

To ensure that the employee is able to appear when required, is compensated for such appearance and to protect the Agency's right to reimbursement, employees shall follow established procedures for the receipt of a civil subpoena.

348.3.2 CIVIL SUBPOENA ACCEPTANCE

Mutual Aid and Outside Agency Assistance

352.1 PURPOSE AND SCOPE

This Policy provides guidance to officers in the request of or answering the request for assistance from another law enforcement agency.

It is the Policy of this Agency to provide assistance whenever reasonably possible. Assistance shall be consistent with the applicable laws and Policies of this Agency when another law enforcement agency requests assistance with an arrest or detention of any person. This Agency may also request an outside agency to provide assistance (CRS § 29-5-104).

The Agency may at the discretion of the Chief of Police establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206. An agreement may include:

- (a) Assisting other peace officers in the line of their duties and within the course of their employment.
- (b) Exchanging Agency peace officers with peace officers of another agency on a temporary basis.

352.2 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are received via radio transmission and are routed to the Watch Commander or patrol supervisor for approval. Any such response to assist an outside agency should be considered for authorization pursuant to law or an established mutual aid plan (see generally CRS § 24-33.5-713).

- (a) When an authorized employee of an outside agency requests the assistance of this Agency in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a patrol supervisor. Arrestees may be temporarily detained by this Agency until arrangements for transportation are made by the outside agency. A police report will be completed to report action taken by Agency personnel when:
 - 1. An Agency police officer arrests a person;
 - 2. When the use of force is necessary to effect or assist in any arrest;
 - 3. At the request of the agency asking for assistance; and
 - 4. When directed by a supervisor.

352.3 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The supervisor may request Dispatch to assign a mutual aid radio frequency for use by all involved agencies so that communication can be coordinated as needed.

Fort Collins Police Services

Policy Manual

Mutual Aid and Outside Agency Assistance

If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

An additional resource to consider when obtaining mutual aid assistance is the Colorado State Emergency Resource Mobilization Plan (CSERMP) available from <https://mobilization.state.co.us/documents/CSERMP.pdf>.

352.4 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants with contingent sharing requirements should be documented and updated as necessary by the Patrol Administrative Lieutenant. The conditions relative to sharing, the training requirements connected to the use of the supplies and equipment, and those trained in the use of the supplies and equipment should be included in the documentation.

Registered Sex Offender Information

356.1 PURPOSE AND SCOPE

This Policy establishes guidelines by which the Agency will address issues associated with certain offenders who are residing in the jurisdiction and how the Agency will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY

It is the Policy of the Agency to identify and monitor registered sex offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose. This Policy establishes the roles and responsibilities of Agency personnel in the registration of registered sex offenders, and to ensure that the Agency establishes and maintains a clear process to facilitate compliance with registration requirements. It will be the responsibility of the Criminal Impact Unit to ensure the following:

- (a) All assigned employees receive appropriate training regarding the sex offender registration process.
- (b) A system is established and maintained that will reasonably accommodate registrants as they seek to register.
- (c) An information dissemination process is established and maintained to provide Agency employees with timely updates regarding new registrants or registrants who have relocated.
- (d) A process is established and maintained to legally verify that a registrant remains in compliance with his/her registration requirements after the initial registration.

356.3 REGISTRATION

The Investigations Lieutenant shall establish a process that complies with state law (CRS § 16-22-109). The Investigations Lieutenant may consider a process that would rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders will receive appropriate training regarding the registration process and state law.

Upon conclusion of the registration process, the Investigations Lieutenant shall ensure that the registration information is provided to the Colorado Bureau of Investigation (CRS § 16-22-109; CRS § 16-22-110; CRS § 16-13-903).

The refusal of a registrant to provide any of the required information or complete the process will initiate a criminal investigation for failure to register.

Any person required to register per state law as a sex offender and who resides in the City of Fort Collins, upon initial registration, shall register with this Agency consistent with the following guidelines:

- (a) As part of the registration process, each registrant that registers will have background information prepared to include, but not limited to, past registration activity, warrants, and criminal histories.

Fort Collins Police Services

Policy Manual

Registered Sex Offender Information

- (b) A determination will be made based on Colorado Bureau of Investigation guidelines as to the registration status of the offender (annual or quarterly).
- (c) This Agency shall comply with the duties and use the standardized forms as provided by the Colorado Bureau of Investigation (CRS § 16-22-109).
- (d) Photographs will be taken of registrants upon initial registration and photos shall be maintained so that a current likeness of the offender is on file.
- (e) Fingerprints will be taken of registrants upon initial registration or after a check of Agency and Agency-partner computer systems. If fingerprints are on file, they do not need to be obtained again.
- (f) Registrants who come in to re-register on their quarterly or annual dates need only complete the required forms as prescribed by the Colorado Bureau of Investigation (CRS § 16-22-109). Photographs and Fingerprints will typically only be obtained per the above guidelines.

356.3.1 CONTENTS OF REGISTRATION

The registrant shall be required to complete the registration form provided by CBI.

Registration by a person who lacks a fixed residence shall be accepted unless it includes a location that would violate state law or local ordinance. The registrant shall be advised of any such violation and allowed five days to secure an alternate location (CRS 16-22-108).

356.4 MONITORING OF REGISTERED OFFENDERS

The Sergeant of the Criminal Impact Unit (CIU) should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the state website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the Criminal Impact Unit Supervisor.

The CIU Sergeant should also establish a procedure to routinely disseminate information regarding registered offenders to Agency personnel, including timely updates regarding new or relocated registrants.

356.4.1 MANDATORY CONFIRMATION

Following a registrant's first registration with the Agency, the residence verification referenced above shall occur as soon as possible after the registration and annually thereafter.

Residence confirmation shall occur quarterly if the registrant is a sexually violent predator (CRS § 16-22-109).

356.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the

Fort Collins Police Services

Policy Manual

Registered Sex Offender Information

Chief of Police or an authorized designee. A determination will be made by the Chief of or an authorized designee, with the assistance the City Attorney as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the websites of the Colorado Bureau of Investigation Convicted Sex Offender or the Agency's website.

The Records Manager shall release local registered offender information to residents in accordance with state law (CRS § 16-22-112; CRS § 24-72-201 et seq.) and in compliance with the Colorado Open Records Act or the Colorado Criminal Justice Records Act.

356.5.1 RELEASE NOTIFICATIONS

Sex registrant information that is released shall include the written statement: The Colorado sex offender registry includes only those persons who have been required by law to register and who are in compliance with the sex offender registration laws. Persons should not rely solely on the sex offender registry as a safeguard against perpetrators of sexual assault in their communities. The crime for which a person is convicted may not accurately reflect the level of risk. (CRS § 16-22-112(5)).

356.5.2 MANDATORY DISSEMINATION

The Agency shall release local sex offender information to residents in accordance with Colorado law and the rules set forth by the CBI. Information released shall include, at a minimum, the name, address or addresses, and aliases of the registrant; the registrant's date of birth; a photograph of the registrant, if requested and readily available; and a history of the convictions of unlawful sexual behavior resulting in the offender being required to register pursuant to this article (CRS § 16-22-110; CRS § 16-22-112). Information concerning victims shall not be released.

The Agency will also make the mandated community notifications regarding sexually violent predators. These community notifications shall only occur under the circumstances and in the manner specified by the Colorado Department of Public Safety Sex Offender Management Board (CRS § 16-13-904; CRS § 16-13-905; CRS § 16-13-906).

356.5.3 DISCRETIONARY DISSEMINATION

The Agency may also provide local sex offender information to any other person the Agency determines warrants notification. If the Agency elects not to release registrant information to a non-resident, the Agency may submit a request from the non-resident to CBI (CRS § 16-22-112).

356.5.4 INFORMATION AVAILABLE VIA THE INTERNET

The Agency may post the following registered offender information on its website (CRS § 16-22-112):

- (a) Offender information, including the offender's name or aliases, photograph, sex, height, weight, name, address and offenses committed, as allowed by law;
- (b) Educational information concerning protection from sex offenders that has been developed in conjunction with the Sex Offender Management Board and a sexual assault victims' advocacy group, or a link to educational information included on the Colorado Bureau of Investigation website;
- (c) A link to the national sex offender website;

356.6 NOTIFICATION PRIOR TO RELEASE OR DISCHARGE

Notification of a registrant's release on parole will be made by the sentencing court, the probation department, community corrections, the county jail or the Department of Corrections (CRS § 16-22-106; CRS § 16-22-107).

Prior to registrants being discharged from the Department of Corrections and pursuant to CRS § 16-22-107(4)(a), this Agency shall verify that:

The address provided by the person is a residence.

- (a) The occupants or owners of the residence know of the person's history of unlawful sexual behavior.
- (b) The occupants or owners of the residence have agreed to allow the person to reside at the address.
- (c) If the registrant is being released on parole, the address complies with any conditions of the parole.

If any of the information required for verification is not true, the Agency shall notify the Department of Corrections that the person provided false information concerning the address at which he/she intends to reside (CRS § 16-22-107(4)(b)).

356.7 CONFIDENTIAL INFORMATION

The forms completed by persons required to register pursuant to Colorado law shall be confidential and shall not be open to inspection by the public or any person other than law enforcement personnel except as provided by law (CRS § 16-22-109(4)).

358.2 POLICY

The Agency recognizes that certain incidents require the attention of supervisors or other specified Agency personnel to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

358.3 MAJOR INCIDENTS

The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides;
- Missing children or endangered missing adults where foul-play is suspected;
- Officer-involved shooting, whether on- or off-duty;

The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before making notifications, and shall attempt to make the notifications as soon as practicable. Notifications can be made by group or individuals and may include utilizing Dispatch capabilities and pre-defined notification groups.

358.4.1 COMMAND PAGE

A Command Page shall be issued by Dispatch at the direction of a Watch Commander or authorized designee, but only after consideration of the need for the immediacy of such page for intended personnel.

- (a) The tour of duty report (TDR) is a consolidated report which provides timely information to employees about noteworthy incidents which required police intervention or involvement. A TDR will be supplied by each Watch at the end of the Watch. TDRs are forwarded via electronic mail to all Agency personnel and other specified persons as determined by the Chief of Police. TDRs may be followed-up by confidential supplements, when necessary, dealing with sensitive information and are disseminated with limited distribution.
- (b) Watch Commanders will assure that a TDR is completed for each Watch. Other Divisions are also responsible for submission of appropriate information as it relates to noteworthy activities within their Special Units.
 - 1. Dispatchers are responsible for notification to the Watch Commander of incidents that come to their attention which may be appropriate to include in the TDR and of which the Watch Commander might not be aware. Examples would include calls from citizens which are not assigned or dispatched.
- (c) The main TDR will consist of a synopsis containing significant line operations issues and incidents. Watch Commanders are expected to use their best judgment in determining which occurrences should be included in the TDR. Most items included in the TDR are operational in nature. They are generally items which quickly become matters of public record. Prompt information about such incidents is frequently vital to staff's ability to manage the Agency and respond to inquiries. Examples of items which should always be included in the TDRs are:

Major Incident Notifications and Tour of Duty Reports

358.5.1 CONFIDENTIAL TOUR OF DUTY REPORT

A confidential tour of duty report consists of a report to Executive Staff and other specific employees on a need-to-know basis. A confidential TDR provides rapid, accurate and confidential information about issues directly affecting the Agency and its personnel. A comprehensive list cannot be provided, but most incidents will demand confidentiality for the best interests of those involved. This information is essential to the Chief and Executive Staff to decide upon appropriate courses of action. Examples include:

- (a) Conflicts between employees and representatives of other agencies, such as the Sheriff's Department, hospital, other City agencies, etc.
- (b) Personnel matters needing immediate notice, attention and/or intervention.
- (c) Incidents which might result in significant civil liability or adverse community relations.
- (d) Incidents that may require immediate internal investigation or administrative follow-up.
- (e) Incidents where public employees have been arrested.

Firearm Injury Reporting

359.1 PURPOSE AND SCOPE

Investigation of cases involving firearm injuries is important to the Agency, the City of Fort Collins, the State of Colorado and the safety of the public. Some causes of firearm injuries may not be readily apparent and some cases differ substantially from what they appeared to be initially. The Agency takes firearm injury investigations seriously and therefore employees must conduct thorough and complete investigations.

359.2 INVESTIGATION

- (a) All bullet wounds, gunshot wounds, powder burns or any other injury arising from, or caused by, the discharge of any gun, pistol or any other firearm shall be investigated as thoroughly as reasonably possible by this Agency upon receipt of any report made pursuant to CRS § 12-36-135 or that otherwise is reported to the Agency.

- (b) The Colorado Division of Wildlife completes the International Hunter Education Association's Hunting and Hunting Related Incident Report for compiling nationwide hunting-related statistics and uses the information provided by local agencies for this purpose. The Colorado Division of Wildlife also uses this information from local agencies to determine whether to investigate or charge a violation of CRS § 33-6-122, criminal hunting in a careless manner.

Death Investigation

360.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to CRS § 30-10-606.

360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Coroner, a Deputy Coroner or an appointed Coroner Investigator. A supervisor shall be notified in all death investigations.

360.2.1 CORONER REQUEST

The Coroner shall be called in all deaths involving any of the following circumstances (CRS § 30-10-606(1)):

- (c) From thermal, chemical or radiation injury
- (d) From criminal abortion, including any situation where such abortion may have been self-induced
- (e) From a disease which may be hazardous or contagious or which may constitute a threat to the health of the general public
- (f) While in the custody of law enforcement officials or while incarcerated in a public institution
- (g) When the death was sudden and happened to a person who was in good health
- (h) From an industrial accident

360.2.2 SEARCHING DEAD BODIES

- (a) The Coroner or an assistant and authorized investigators are generally the only persons permitted to move, handle or search a body. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner when practicable.
- (b) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner, a receipt shall be obtained. This receipt shall be attached to the death report.

Fort Collins Police Services

Policy Manual

Death Investigation

360.2.3 DEATH NOTIFICATION

- (a) When reasonably practicable, and if not handled by the Coroner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned officers/deputies may need to talk to the next-of-kin.
- (b) If a deceased person has been identified as a missing person, this Agency shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

360.2.4 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented in a police report.

360.2.5 SUSPECTED HOMICIDE

- (a) If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Criminal Investigations Division shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.
- (b) If the on-scene supervisor, through consultation with the patrol supervisor or on-call detective, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.
- (c) The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

360.2.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any employee who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified by telephone or teletype with all pertinent information.

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This Policy provides guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) To maintain uniformity in reporting, the Agency shall initiate a report for victims residing within the Agency's jurisdiction at the time the crime occurred. Unless circumstances arise where time is imperative, victims of identity theft shall be referred to the Financial Crimes Unit. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(3)).
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this Agency should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(c)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator's identity because of identity theft. Information can be obtained by contacting the Department of Revenue.
- (f) Following supervisory review and Agency processing, the initial report should be forwarded to the appropriate investigator or agency for follow-up investigation and prosecution as circumstances dictate.

362.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access <http://www.colorado.gov/cs/Satellite/Revenue-MV/RMV/1206604920872> for further information.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this Policy is to provide guidance for handling private person's arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115. It is this Agency's Policy that private persons should call for assistance from law enforcement before considering the use of statutory powers to make an arrest.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to affect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

- (a) For any crime that has been or is being committed or attempted in his/her presence.
- (b) When directed by any peace officer to assist a peace officer.
- (c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year.
 1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person who has made a private person's arrest must determine whether there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.
 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable suspicion to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

Fort Collins Police Services

Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is reasonable suspicion to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a written witness statement or cause a statement to be recorded by a police officer. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the witness statement (and any other related documents, such as citations and booking forms), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Civil Disputes

365.1 PURPOSE AND SCOPE

It is the policy of Fort Collins Police Services to prevent a breach of the peace or other disturbance in civil matters. Officers called on a civil dispute are not to adjudicate or force resolution of any civil dispute or give legal advice.

365.2 POLICY

Employees shall notify interested parties during civil disputes that Fort Collins Police Services has no jurisdiction in civil matters and that our role is to maintain the peace and prevent disturbances. Employees shall maintain the status quo (maintain the parties and situation in the same condition as existed when the officer arrived on scene). If a civil stand-by involves entry to a building or vehicle, employees will not force entry into the building or vehicle. When possible, employees should refer parties to a civil attorney.

365.3 PROCEDURES

- (a) When an officer is called upon to perform a civil stand-by in a situation where entry into a residence, business, or vehicle is anticipated, all parties to the dispute need not be present on-scene; however, in no event shall an officer permit forcible entry into or on the premises, building, or vehicle. For the purposes of this directive, an adult may give consent to enter if present; however, a juvenile may not.
- (b) If a person presents an officer on scene with a court order regarding the distribution of property, such order should be read carefully as orders generally require the parties to distribute the property and do not generally require that law enforcement ensure that the distribution takes place. If one party does not comply with the court order, the officer shall refer the other party back to the court from which the order came.
- (c) The officer conducting the stand-by shall document the actions taken, parties present, and any other information pertinent to the stand-by.

365.3.1 ASSISTING PERSONS SUBJECT TO RESTRAINING ORDERS

Under Colorado law, in a temporary restraining order situation, the restrained party is allowed one-time access to a shared residence during which police presence is required (13-14-102(8)(a)). An officer should make all reasonable attempts at the following provisions:

- (a) Verify that the protected party is advised of the civil stand-by and given an opportunity to be present.
- (b) If the protected party cannot be contacted or declines to be present, the officer may proceed with the civil stand-by. The officer will meet with the restrained party at the shared residence and allow the restrained party to non-forcibly enter the shared residence and complete the stand-by.
- (c) The officer shall not permit the restrained party to use any level of force to enter a shared residence. If the residence cannot be entered without force, the restrained party must make another appointment for a civil stand-by.
- (d) The officer may allow a reasonable amount of time for the restrained party to obtain sufficient personal property as necessary for health and welfare and to maintain a normal standard of living for 14 days.

Fort Collins Police Services

Policy Manual

Civil Disputes

- (e) Anyone other than the restrained party and the officer may be refused entry onto the premises by the protected party or for safety reasons as determined by the officer.
- (f) Any property disputed by the parties shall remain at the shared residence and the parties referred to the court from which the order came for resolution.
- (g) The officer shall remain with the restrained party at all times while on the premises.
- (h) The officer may terminate or change the conditions of the civil stand-by if the officer determines that the safety of any person at the premises is compromised. If the officer must leave the shared residence because of an emergency, the restrained party must arrange to complete the civil stand-by at another time.

365.4 CIVIL ACTIONS

- (a) Employees shall not testify in civil cases that are in the scope of their employment unless legally subpoenaed or ordered to appear by their supervisors. Officers shall not serve civil processes, except those initiated by the City of Fort Collins.
- (b) Employees shall not institute civil actions arising out of their official duties without first notifying the Chief of Police, Human Resources, and the City Attorney's Office.
- (c) Employees shall not use their positions with Fort Collins Police Services as a means of forcing or intimidating persons with whom they are engaged in civil controversy to settle the case in their favor.
- (d) Employees shall not accept anything as payment for personal injury or property damage incurred in the scope of their employment without first notifying the Chief of Police, Human Resources, and the City Attorney's Office.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is the Policy of this Agency to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 USC § 2000 d).

368.2 FOUR-FACTOR ANALYSIS

Since there are potentially hundreds of languages that Agency personnel could encounter, the Agency will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) *LEP Guidance to Federal Financial Assistance Recipients* available at the DOJ website, <http://www.lep.gov/resources/resources.html>, to determine which measures will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis must remain flexible and requires an ongoing balance of the following four factors:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by Agency personnel, or who may benefit from programs or services within the jurisdiction of the Agency or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with Agency personnel, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to create a balance that reasonably ensures meaningful access by LEP individuals to critical services, while not imposing undue burdens on the Agency or its personnel.

While this Agency will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

368.2.1 IDENTIFICATION OF LEP INDIVIDUAL'S LANGUAGE

The Agency will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language in an effort to avoid mistakes when identifying a language.

368.3 TYPES OF LEP ASSISTANCE AVAILABLE

Depending on the balance of the four factors listed above, this Agency will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where reasonably available. LEP individuals may elect to accept interpreter services offered by the Agency at no cost or choose to provide their own interpreter services at their own expense. Agency personnel should document in any related report whether the LEP individual elected to use interpreter services provided by

Fort Collins Police Services

Policy Manual

Limited English Proficiency Services

the Agency or some other source. Agency-provided interpreter services may include, but are not limited to, the assistance methods described in this Policy.

368.3.1 BILINGUAL PERSONNEL

Personnel utilized for LEP services need not be certified as interpreters but must have demonstrated, through established Agency procedures, a level of competence to ascertain whether his/her language skills are best suited to monolingual communication, interpretation, translation, or all or none of these functions.

All personnel used for communication with LEP individuals must demonstrate knowledge of the functions of an interpreter and the ethical issues involved when functioning as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated competence in both English and the non-English language. When bilingual personnel from this Agency are not available, other persons who have the requisite knowledge or training may be used.

368.3.2 WRITTEN FORMS AND GUIDELINES

This Agency will periodically determine the most frequently used and critical forms and guidelines, and translate these documents into the languages most likely to be requested. The Agency will make these translated forms available to Agency personnel and other appropriate individuals. As of the date of adoption of this Policy the current list of such forms and guidelines is as follows:

- (a) Complaint procedures;
- (b) Complaint Intake forms;
- (c) Complainant Rights form;
- (d) Complaint Incident Summary form;
- (e) Written Statement form;
- (f) Advisement of Rights form;
- (g) Consent to Search form;
- (h) Photographic Display form;
- (i) Accident Written Statement form;
- (j) Domestic Violence Victim form; and
- (k) Pre-printed Miranda advisement cards.

368.3.3 AUDIO RECORDINGS

The Agency may develop audio recordings of information that is either important to or frequently requested by LEP individuals for broadcast in a language most likely to be understood by them.

368.3.4 TELEPHONE INTERPRETER SERVICES

The Communications Manager will maintain a list of qualified interpreter services. These services shall be available to assist personnel in communicating with LEP individuals.

368.3.5 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF INTERPRETATION

Where competent bilingual Agency personnel or other City-certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in

Fort Collins Police Services

Policy Manual

Limited English Proficiency Services

either monolingual (direct) communication and/or in interpretation and translation (as noted above) may be called upon to assist in communication efforts. Sources for these individuals may include neighboring law enforcement agencies, university language and linguistics departments, local businesses, banks, churches, neighborhood leaders and school officials. Agency personnel should ensure that community members are able to provide unbiased assistance. The nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Except for exigent or very informal and non-confrontational circumstances, the use of a LEP individual's bilingual friends or family members, particularly children, are generally not recommended. Agency personnel shall make case-by-case determinations on the appropriateness of using such individuals (for further guidance, see Section V(3) of the U.S. DOJ Final Guidance available at <http://www.justice.gov>).

368.4 LEP CONTACT SITUATIONS AND REPORTING

While all law enforcement contacts, services and individual rights are important, this Agency will utilize the four-factor analysis to prioritize language services so that these services may be targeted where they are most needed. A supervisor should be informed of any service requests other than those provided by the Agency.

Whenever any employee is required to complete a report or when other documentation when interpretation or translation services are provided to any involved LEP individual, such services should be noted in the related report.

368.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

To provide LEP individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this Agency has designated its 9-1-1 lines as its top priority for language services. Agency personnel will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines through any or all of the above resources.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this Policy.

368.4.2 EMERGENCY CALLS TO 9-1-1

When a 9-1-1 call-taker receives a call and determines that the caller is a LEP individual, the call-taker should quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the call-taker should immediately connect the LEP caller to the interpreter.

If an appropriate authorized interpreter is not available, the call-taker will promptly connect the LEP caller to the contracted telephonic interpretation service directly for assistance in completing the call. Dispatchers will make every reasonable effort to dispatch a bilingual officer to the assignment if one is available.

The Agency will take reasonable steps and will work with the Human Resources Department to hire and develop in-house language capacity in Dispatch by hiring qualified personnel with specific language skills.

Fort Collins Police Services

Policy Manual

Limited English Proficiency Services

368.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Agency personnel must assess each situation to determine the need and availability for translation or interpretation services and utilize the methods outlined above to provide appropriate language assistance.

Although not every situation can be addressed in this Policy, it is important that Agency personnel are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with a LEP individual. For example, it would be meaningless to request consent to search if the person requesting is unable to effectively communicate with a LEP individual.

368.4.4 INVESTIGATIVE INTERVIEWS

In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take certain steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. If audio recording the interview is not practical or possible a written statement should be collected. The identification and contact information for the interpreter (e.g., name, address) should be documented so the person can be subpoenaed for trial if necessary.

Any person selected as an interpreter and/or translator must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter that allow for correct and effective translation, and should not be a person with an interest in the case. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.

368.4.5 CUSTODIAL INTERROGATIONS AND BOOKINGS

To protect the rights of LEP individuals during arrest and custodial interrogation, this Agency places a high priority on providing competent interpretation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, Agency personnel providing interpretation services or translated forms in these situations will have demonstrated competence in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.

To ensure that translations during criminal investigations are documented accurately and are admissible as evidence, audio recordings of interrogations, written statements, victim interviews and witness interviews should be used whenever reasonably possible.

Employees providing interpretation or translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is under the control of Agency personnel. Medical screening questions are commonly used to elicit information on an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, symptoms of withdrawal from certain medications or the need to segregate the arrestee from other prisoners. Therefore it is important for employees to make every reasonable effort to provide effective language services in these situations.

368.4.6 COMPLAINTS

The Agency shall ensure access to LEP persons who wish to file a complaint regarding the discharge of Agency duties. The Agency may do so by providing interpretation assistance or translated forms to such individuals. If the Agency responds to complaints filed by LEP individuals, the Agency shall attempt to communicate its response in an accessible manner.

LEP persons may also file a complaint related to the interpretation or translation services provided by the Agency. Such persons may file a complaint with the City of Fort Collins Title VI coordinator. The Agency shall ensure access to such complaint forms and process by providing interpretation assistance or translated forms to such individuals.

368.4.7 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this Agency have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. This Agency will continue to work with community groups, local businesses and neighborhoods to provide equal access to programs and services to LEP individuals and groups.

368.5 TRAINING

In an effort to ensure that all personnel in public contact positions or who have contact with those in custody are properly trained, the Agency will provide periodic training to personnel about LEP policies and procedures, including how to access Agency-authorized, telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring all new personnel receive LEP training and that all personnel receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, with a copy in each employee's training file, in accordance with established records retention schedules.

368.6 INTERPRETERS AND TRANSLATORS

Agency personnel who are called upon to interpret, translate or provide other language assistance, will be trained annually on language skills competency, including specialized terminology and ethical considerations.

The Agency is committed to developing employees at various levels of language skills to serve the community. Agency personnel will be considered for higher levels of training based on several factors including, prior interest in learning the target language, demonstrated ability, and commitment to continuing their language acquisition. Avenues to language acquisition include, but are not limited to, university or college classes, local language programs, basic law enforcement immersion training, advanced law enforcement immersion training, refresher training courses and language school outside the United States. Completion of one or more of these training opportunities will give the Agency personnel skills to communicate at varying levels with LEP individuals and groups.

- (a) The LEP coordinator will ensure that a language interpreter list is current and a copy forwarded to Dispatch.

368.7 SUPPLEMENTAL MATERIALS PROVIDED TO AGENCY EMPLOYEES

The following materials will be made available to employees to assist in providing access and service to LEP individuals:

Fort Collins Police Services

Policy Manual

Limited English Proficiency Services

- (a) A list of bilingual employees, languages spoken and contact and shift information.
- (b) A list of Agency-certified interpretation services, bilingual interpreters, languages spoken and contact and availability information.
- (c) The telephone number and access code of telephonic interpretation services.
- (d) Language identification cards.
- (e) Translated *Miranda* warning cards and other frequently used documents.
- (f) Audio recordings/warnings that are developed in non-English languages.

368.8 MONITORING AND UPDATING LANGUAGE ASSISTANCE EFFORTS

368.8.1 LEP COORDINATOR

The Chief of Police will appoint an LEP coordinator who is responsible for coordinating and implementing all aspects of Agency LEP services.

The LEP coordinator shall assess demographic data, review the utilization data obtained from the contracted language access services, and consult with community-based organizations annually to determine if there are additional languages into which vital documents should be translated.

The LEP coordinator will also be responsible for annually reviewing all new documents issued by the Agency to assess whether they should be considered vital documents and therefore translated.

Hearing Impaired/Disabled Communications

370.1 PURPOSE AND SCOPE

Individuals who suffer from deafness, hearing impairment, blindness, impaired vision, and mental or other disabilities may encounter difficulties in gaining meaningful access to, or an understanding of important rights, obligations, and services. In accordance with the Americans with Disabilities Act (42 USC § 12101, et seq.), it is the Policy of this Agency to take all reasonable steps to accommodate such individuals in any law enforcement contact.

370.2 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, employees of this Agency should consider all information reasonably available to them when determining how to communicate with an individual suffering from any disability. These factors may include, but are not limited to:

- (a) The extent to which a disability is obvious or otherwise made known to the involved employee. Impaired or disabled individuals may be reluctant to acknowledge their condition and may even feign a complete understanding of a communication, despite actual confusion.
- (b) The nature of the disability (e.g., total deafness or blindness versus impairment).
- (c) The nature, length, and complexity of the law enforcement contact (e.g., emergency versus non-emergency, custodial versus consensual).
- (d) The availability of resources to aid in communications.

When considering these and other available information, the employee should carefully balance all factors in an effort to reasonably ensure meaningful access to critical services, while not imposing undue burdens on the Agency or its officers.

370.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, Agency employees should be alert to the possibility of communication problems. They should exercise special care in the use of all gestures and with verbal and written communications to minimize initial confusion or misunderstanding when dealing with any individual with known or suspected disabilities or communication impairments.

370.3 TYPES OF ASSISTANCE AVAILABLE

Depending on the balance of the factors available for consideration at the time, this Agency will make every reasonable effort to provide meaningful and timely assistance to disabled individuals through a variety of services, where available. Disabled individuals may elect to accept this assistance at no cost, choose to provide their own communication services at their own expense, or any combination thereof. In any situation, the individual's choice of a communication method shall be given primary consideration and shall be honored unless the employee can adequately demonstrate that a more effective method of communication exists under the circumstances.

Fort Collins Police Services

Policy Manual

Hearing Impaired/Disabled Communications

Officers should document the type of communication utilized in any related report and whether a disabled or impaired individual elected to use services provided by the Agency or some other identified source. All written correspondence exchanged with a person who is deaf or hard of hearing in a criminal case will be placed into evidence under the appropriate case report number. This includes any notes exchanged with victims, witnesses, or suspects. Placement of any notes into evidence does not take the place of documenting the conversation in the narrative section of the case report.

370.3.1 FIELD RESOURCES

Individual officers and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this could include such simple methods as:

- (a) Hand gestures or written communications exchanged between the employee and a deaf or hearing-impaired individual.
- (b) Facing an individual who uses lip reading, and speaking slowly and clearly.
- (c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual.
- (d) Use of a pen or pencil to exchange written notes.
- (e) Use of computers or a typewriter.
- (f) Use of Teletypewriters (TTY) or Videophones (VRS).

The Agency shall not require an individual with a disability to bring another individual to interpret for him or her.

370.3.2 AUDIO RECORDINGS AND ENLARGED PRINT

From time to time, the Agency may develop audio recordings of important information needed by blind or visually impaired individuals. In the absence of such audio recordings, employees may elect to read aloud an Agency form or document, i.e., reading a citizen complaint form to a visually impaired individual or utilizing a photocopier to enlarge printed forms for a visually impaired individual.

370.3.3 TELEPHONE INTERPRETER SERVICES

The Fort Collins 911 will maintain a list of qualified interpreter services, to be contacted at Agency expense and upon the approval of a supervisor, to assist deaf or hearing-impaired individuals. When utilized, notification to such interpreters shall be made at the earliest reasonable opportunity. The interpreter should be available to respond within a reasonable time, generally not to exceed three hours.

370.3.4 TTY AND RELAY SERVICES

Individuals who are deaf or hearing-impaired must be given the opportunity to use available text telephones (TTY or TDD). All calls placed by such individuals through such services shall be accepted by this Agency. Additional information is available in Communications SOP 300.

370.3.5 COMMUNITY VOLUNTEERS

Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services, such as those who are proficient in American Sign Language (ASL). Sources for these individuals may include

Fort Collins Police Services

Policy Manual

Hearing Impaired/Disabled Communications

local businesses, banks, churches, neighborhood leaders and school officials. In addition to sources that may be developed by individual officers, the Agency will attempt to maintain and update a list of qualified community volunteers who may be available to respond within a reasonable time.

370.3.6 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL

While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g., victim/suspect).

370.4 CONTACT SITUATIONS AND REPORTING

While all contacts, services, and individual rights are important, this Agency will carefully consider reasonably available information in an effort to prioritize services to disabled and impaired individuals so that such services and resources may be targeted where they are most needed due to the nature and importance of the particular law enforcement activity involved. Whenever any employee is otherwise required to complete a report or other documentation, and communication assistance is provided to any involved disabled or impaired individual, such services should be noted in the related report.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

To provide disabled and impaired individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this Agency has designated its 9-1-1 lines as its top priority for assistance with such services. Agency personnel will make every reasonable effort to promptly accommodate disabled and impaired individuals utilizing 9-1-1 lines through any or all of the above resources. While 9-1-1 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate disabled and impaired individuals seeking more routine access to services and information from this Agency.

For additional information please see Communications SOP 300.

370.4.2 QUALIFIED INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who, due to deafness or a physical speaking impairment, cannot readily understand or communicate in the English language or cannot understand the proceedings, shall inform his/her supervisor of the arrest and ensure a qualified interpreter as specified by law is available at public expense to the arrestee before an interrogation or the taking of a statement (CRS § 13-90-204(1)(d)).

The arresting officer shall immediately make arrangements to provide a qualified interpreter at the earliest possible time at the place of detention. The officer shall, with the assistance of the interpreter, explain all charges filed and all procedures relating to the person's detention and release. The interpreter shall assist with all other communications including those relating to needed medical attention.

370.4.3 CUSTODIAL INTERROGATIONS AND BOOKINGS

To ensure that the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this Agency places a high priority on providing reasonable communication assistance during such situations. It is further recognized

Fort Collins Police Services

Policy Manual

Hearing Impaired/Disabled Communications

that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, Agency personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent impediments to gathering information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is under the control of Agency personnel. Medical screening questions are commonly used to elicit information regarding an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, symptoms of withdrawal from certain medications or the need to segregate the arrestee from other prisoners. It is important for this Agency to make every reasonable effort to provide effective communication assistance in these situations.

- (a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.
- (b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices, such as a wheelchair or crutches during a custodial situation, the removal of such items will require that other reasonable accommodations be made to assist such individuals with access to all necessary services.
- (c) Whenever a deaf or hearing-impaired individual is detained or arrested and placed in handcuffs, officers should consider, safety permitting, placing the handcuffs in front of the body to allow the individual to sign or write notes.

370.4.4 QUALIFIED INTERPRETER REQUIRED FOR VICTIMS AND WITNESSES

An officer shall make arrangements to provide a qualified interpreter to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

370.4.5 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve disabled or impaired individuals. The scope and nature of these activities and contacts will inevitably vary. The Agency recognizes that it would be virtually impossible to provide immediate access to complete communication services to every officer in the field. Each officer and/or supervisor must assess each situation to determine the need and availability for communication assistance to any and all involved disabled or impaired individuals.

Although not every situation can be addressed within this Policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information, and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with a deaf individual.

370.4.6 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this Agency have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this Agency will continue to work with community

Fort Collins Police Services

Policy Manual

groups, local businesses, and neighborhoods to provide equal access to such programs and services to disabled individuals and groups.

370.5 TRAINING

To ensure that all employees in public contact positions, or who have contact with those in custody, are properly trained, this Agency will provide periodic training in the following areas:

- (a) Employee awareness of related Policies, procedures, forms and available resources
- (b) Working effectively with in-person and telephone interpreters and related equipment
- (c) Awareness and understanding of the importance of this Policy to ensure its implementation.

School Employee Arrest Reporting

372.1 PURPOSE AND SCOPE

The purpose of this Policy is to describe the procedures to follow when a public or private school employee, teacher or non-teacher, has been arrested under certain circumstances.

372.2 SCHOOL EMPLOYEE ARREST REPORTING

- (a) When an employee of the Agency becomes aware a school employee is arrested for any controlled substance offense, child abuse, sexual abuse, indecent behavior, indecent exposure or any felony offense involving moral turpitude, the Chief of Police or the authorized designee may, in his sole discretion, report the arrest within 48 hours of determining the applicable occupation as follows:
1. Public school teacher - Notify the superintendent or designee of the school district employing the teacher by whatever means the Chief of Police designates.
 2. Public school non-teacher employee - Notify the superintendent of the school district employing the non-teacher by whatever means the Chief of Police designates.
 3. Private school or licensed day-care teacher - Notify the private school or licensed day-care employing the teacher by whatever means the Chief of Police designates.
 4. Private school or licensed day-care non-teacher employee - Shall notify the private school or licensed day-care employing the non-teacher teacher by whatever means the Chief of Police designates.
- (b) When an arrest of a school employee is made, the investigating officer shall make, or cause to be made, notification through his/her chain of command to the Chief of Police as soon as is practicable.

Pupil Arrest Reporting

373.1 PURPOSE AND SCOPE

The purpose of this Policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

'School grounds' shall be any public, private, or charter primary and secondary school property, facility, or any event supervised by primary or secondary school employees. This would include school busses, district vehicles, playgrounds, athletic fields or venues, or off-site events such as eco-week etc.

373.2 PUPIL ARREST REPORTING

- (a) A school resource officer or other law enforcement officer acting in their official capacity on school grounds, in a school vehicle, or at a school activity or sanctioned event, that arrests a student, issues a summons or ticket to a student must do the following:
 - 1. If an arrest, notify the principal of the school or designee of the arrest within 24 hours.
 - 2. If issuing a summons or ticket, notify the principal of the school or designee within 10 days.
- (b) When dictating or creating a report in ARS, under the persons tab in the field labeled Employer/School, officers should list the name of the school where the conduct occurred or sponsored the activity, for example; Blevins Middle School (must contain the word 'School') in the field.

373.2.1 NOTIFY SCHOOL WHEN PRACTICAL

An arresting officer or his or her supervisor should notify a school administrator or the School Resource Officer and coordinate any police activity prior the arrest of a student on school grounds and during school hours. Prior notification and assistance from the school may reduce disruption to school operations and other students.

373.2.2 PUPIL ARREST BEFORE NOTIFICATION

- (a) In some cases, based upon the circumstances of the investigation, it may be appropriate to arrest a pupil on school grounds and during school hours before the arresting officer or his supervisor notifies a school administrator. This may be appropriate if the officer reasonably believes that prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public. In these cases the officer shall notify a school administrator or the School Resource Officer as soon as possible after the arrest.
- (b) A supervisor should approve any attempt by an officer to take a pupil into custody or investigate a case, other than a minor offense, on public school property without the knowledge of a school administrator or assigned School Resource Officer. Examples of a minor offense would be:
 - 1. smoking violations
 - 2. status offenses

Fort Collins Police Services

Policy Manual

Pupil Arrest Reporting

3. traffic enforcement

- (c) Officers working off duty assignments on school property involving after school-hour events such as sports related activities, dances, etc., will notify the appropriate school administrator or School Resource Officer as required in Section 737.2.

373.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

- (a) Parental notifications made by employees of a juvenile detention or processing facility will satisfy this requirement if the officer documents the notification in a police report.
- (b) If, after reasonable attempts have been made, an officer cannot locate a parent or guardian of a juvenile, the officer shall notify the juvenile detention center or processing facility what attempts were made, including providing the names and numbers.

373.3 REQUIRED STATE REPORTING

Effective August 1, 2013, and annually thereafter, the Agency is required to report in aggregate form without personal identifying information the following data for the preceding twelve months regarding official action on school grounds, in school vehicles, at school activities or sanctioned events involving school students:

- (a) Number of students investigated by police for delinquent offenses;
- (b) Number of students arrested by police and the offense;
- (c) Number of summonses or tickets issued by police to students; and
- (d) Age, gender, school, and race or ethnicity of each student.

The Records Unit will extract the required data and prepare the annual report to comply with the stator provisions (CRS 22-32-146.)

DNA Samples

374.1 PURPOSE AND SCOPE

The purpose of this Policy is to provide guidelines for the collection of DNA evidence from those individuals required to provide such samples under Colorado law. The principal purpose of the DNA database is to assist a federal, state, or local criminal justice agency in the investigation or prosecution of offenses in which biological evidence is recovered (CRS § 16-23-102).

374.1.1 DEFINITIONS

Definitions related to this Policy include (CRS § 18-1-1101):

Disposed of - Means evidence is destroyed, thrown away or returned to the owner or his/her designee.

DNA - Means deoxyribonucleic acid.

DNA evidence - Means all evidence collected in a criminal investigation, which evidence may be reasonably believed to contain DNA that is relevant to a disputed issue in the investigation and prosecution of the case.

DNA profile - Means an identifier obtained as a result of a specific DNA analysis.

374.2 PERSONS SUBJECT TO DNA COLLECTION

While the courts may order DNA samples taken in a variety of circumstances, employees are only authorized to obtain DNA samples with appropriate legal authority (e.g. consent, a court order issued pursuant to the Colorado Rules of Criminal Procedure, Rules 16 and 41.1, or a search warrant). Only those qualifying individuals whose DNA information is not currently on file with the state of Colorado Bureau of Investigation may be required to provide samples. Verification of DNA samples on file may be determined by a DNA collection flag on the individual's criminal history record or, during regular business hours, by calling the Colorado Bureau of Investigation. All DNA collection flags should be verified by contacting the Colorado Bureau of Investigation prior to the collection of the sample (CRS § 16-23-103(4)). A second DNA sample may be ordered by the court to be collected from an individual in a criminal investigation if forensic DNA evidence is necessary.

374.2.1 FELONY OFFENSES

As part of the booking process, or later if impractical during booking, the Agency shall collect a biological DNA sample on every adult arrested or charged with a felony on or after September 30, 2010 (CRS § 16-23-103(1) and CRS 16-23-103(3)).

374.3 PROCEDURE

Upon a determination that any individual is qualified and required to provide DNA samples under Colorado law, the designated trained employee shall obtain or cause to be obtained DNA samples in accordance with this Policy and proper protocol.

Fort Collins Police Services

Policy Manual

DNA Samples

374.3.1 BLOOD SAMPLES

A blood sample shall be drawn in a medically acceptable manner by a licensed professional nurse, a licensed practical nurse, a paramedic, a qualified medical technician, a licensed physician or other person licensed by the state for this purpose.

374.3.2 BUCCAL SWABS

Buccal swab samples (taken from the inside of the mouth) may only be procured by employees who have successfully completed approved training in the collection of buccal swabs and with the use of approved buccal swab collectors. A thumbprint shall be placed on the collector along with other required identifying information, such as the DNA Buccal Swab Database Card.

374.3.3 FULL PALM PRINTS AND PHOTOGRAPHS

If the offender has not been fingerprinted and photographed, full palm print impressions shall be obtained on the prescribed forms and the offender shall be photographed. Both the fingerprints and the photographs shall be forwarded to the Colorado Bureau of Investigation (see generally CRS § 16-21-104).

374.3.4 USE OF FORCE TO OBTAIN SAMPLES

An authorized employee may use reasonable force against an individual who is required to provide a DNA sample when and to the degree the employee reasonably believes the force is reasonably necessary to collect the sample (CRS § 16-23-103(5)).

- (a) If, after a written or oral request, a qualified person refuses to provide any or all of the required DNA samples, an authorized employee of this Agency may use reasonable force to obtain such sample under the following conditions:
 - 1. Prior to the use of reasonable force, the authorized employee shall take and document reasonable steps to secure voluntary compliance.
 - 2. Prior to the use of reasonable force, the authorized employee shall obtain written authorization from a Watch Commander, which shall minimally include that the individual was asked to provide the sample and refused.
 - 3. If the authorized use of reasonable force includes a cell extraction, such extraction shall be recorded on video.

- (b) If the circumstances appear that the force required to obtain the sample may be excessive or unnecessary and is therefore unreasonable, the employee should stop the attempt and promptly complete an information report on the effort (CRS § 16-23-103(3)). In the report, he/she should at a minimum:
 - 1. Identify the persons present.
 - 2. Provide a description of the effort to obtain the DNA sample and the behaviors of the subject that prevented acquisition of the sample.
 - 3. Submit the report to a supervisor.

The Watch Commander should, no later than the next business day, forward the report to the prosecuting attorney with a cover letter requesting that the court order the subject to submit to the acquisition process, thereby making any subsequent noncompliance in contempt of the court. This letter is a request for authorization from the court to employ an alternative method of sampling that will allow officers/deputies to obtain a sample with no or minimal force, including but not limited to, sedation and sampling by a medical professional. For the purpose of this Policy, the "use of reasonable force" shall be defined as the force that

Fort Collins Police Services

Policy Manual

DNA Samples

an objective, reasonable, trained and competent authorized employee faced with similar facts and circumstances would consider necessary and reasonable to gain compliance.

374.4 PROCESSING DNA SAMPLES

All DNA samples and related materials shall be promptly forwarded to the Colorado Bureau of Investigation or accredited DNA laboratory using the Colorado Bureau of Investigation mailing tubes, labels and instructions for prompt analysis (CRS § 16-23-103(6), CRS § 16-23-104).

374.4.1 SUFFICIENT SAMPLE

DNA evidence that is subject to preservation pursuant to CRS § 18-1-1103 shall be preserved in an amount and manner sufficient to develop a DNA profile, based on the best scientific practices at the time of collection, from the biological material contained in or included on the evidence (CRS § 18-1-1104(2)).

If DNA evidence is of such a size, bulk or physical character as to render retention impracticable, the property and evidence technician shall remove and preserve portions of the evidence likely to contain DNA related to the offense in a quantity sufficient, based on the best scientific practices at the time of collection, to permit future DNA testing.

The preserved DNA evidence shall, whenever possible, include a sample sufficient to allow for independent testing by the defendant. After preserving the necessary amount of the DNA evidence, the remainder of the evidence may be properly destroyed as allowed by law.

374.4.2 NOTICE OF A REJECTED SAMPLE

In the event the Colorado Bureau of Investigation notifies the Agency that a DNA sample or print impression is not usable, the individual whose original sample or impression was provided is required to submit to collection of additional samples. The Agency shall thereafter take all reasonable steps to collect additional samples from any such individual and promptly transmit these samples as required.

374.4.3 FOLLOW-UP NOTICE TO THE BUREAU OF INVESTIGATION

Within two years of submitting any DNA specimen, this Agency shall notify the Colorado Bureau of Investigation whether the individual remains a suspect in a criminal investigation. It shall be the responsibility of the Colorado Bureau of Investigation to thereafter purge samples of any individual who is no longer a suspect in any criminal investigation from the DNA database.

374.4.4 RECORDS, RETENTION AND PRESERVATION

The Agency shall maintain a DNA record for the statutory period of a DNA specimen collection from an eligible individual from the date of collection.

- (a) DNA evidence collected in reference to a criminal investigation of a felony that does not result in or has not resulted in charges being filed shall be preserved for the length of the statute of limitations for the felony crime that was investigated (CRS § 18-1-1103(1)).
- (b) Except as provided in CRS § 18-1-1105, CRS § 18-1-1106 and CRS § 18-1-1107, the Agency shall preserve the DNA evidence for the life of a defendant who is convicted, if the sample was collected in a criminal investigation that resulted in a conviction listed in CRS § 18-1-1102(1) and CRS § 18-1-1103(2).

Fort Collins Police Services

Policy Manual

DNA Samples

- (c) A court may order the Agency to preserve existing biological evidence for DNA testing at the request of a defendant (CRS § 18-1-414(2)).

374.5 RECORD SECURITY

It is unlawful for any person to knowingly misuse or disclose to an unauthorized entity a DNA sample collected or profile obtained for DNA database purposes.

374.6 LITIGATION

The Chief of Police or the authorized designee shall immediately notify the Colorado Bureau of Investigation's DNA Legal Unit in the event this Agency is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state's DNA Data Bank Program.

374.7 EXPUNGEMENT OF DNA EVIDENCE

A person may qualify for expungement and destruction of DNA evidence. This Agency will destroy DNA evidence after written notice is received from the Colorado Bureau of Investigation (CRS § 16-23-105).

374.8 DISPOSITION OF DNA EVIDENCE

In cases described in CRS § 18-1-1102(1)(c) and CRS § 18-1-1102(1)(d), the Agency may seek to dispose of DNA evidence by providing notice to the District Attorney who prosecuted the charges (CRS § 18-1-1105(2)).

If the District Attorney determines that the DNA evidence should not be disposed of, the District Attorney will provide notice. Upon receipt of the notice, the Agency shall preserve the DNA evidence until such time that a court order is obtained to dispose of the DNA evidence (CRS § 18-1-1105(4)).

If the Agency does not receive notice from the District Attorney within a reasonable amount of time, the Agency may file a motion with the court that entered the conviction in the case, asking for a court order to dispose of the DNA evidence.

The Agency may not request permission to dispose of DNA evidence in cases described in CRS § 18-1-1102(1)(a) and CRS § 18-1-1102(1)(b) (CRS § 18-1-1105(1)).

374.8.1 DISPOSITION OF VICTIM DNA EVIDENCE

If DNA evidence is being held that is the property of the victim, the victim may request the District Attorney to review whether the DNA evidence may be returned. If the District Attorney determines the DNA evidence may be returned, the District Attorney may file a petition with the court for the return of the DNA evidence. Upon proper receipt, the Agency will release DNA evidence belonging to the victim (CRS § 18-1-1107).

374.9 TRAINING

All officers are required to complete DNA training, such as that provided by the Colorado Peace Officer Standards and Training (POST) online training module (CRS § 24-31-311).

Child and Dependent Adult Safety Policy

380.1 PURPOSE AND SCOPE

The Agency recognizes that family members who are subjected to traumatic events, such as the arrest of a parent, guardian or caregiver, may experience lasting negative emotional effects.

380.1.1 POLICY

It is the Policy of this Agency to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Agency will endeavor to create a strong cooperative relationship with local and state community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

380.2 PROCEDURES DURING AN ARREST

When encountering an arrest situation, officers should make reasonable attempts to determine if the arrestee is responsible for minor dependent children or dependent adults. In some cases this is obvious, such as when children or dependent adults are present. However, officers should inquire if the person has any other dependent minor children or adults who are without appropriate supervision. When such a situation is encountered, the following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have dependents for fear the individual may be taken from them.
- (c) Inquire of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a dependent child or adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the dependent child or adult that he/she will receive appropriate care.

380.2.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered minor children or dependent adults.

Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. The following guidelines should be followed:

Fort Collins Police Services

Policy Manual

Child and Dependent Adult Safety Policy

- (a) Allow the person reasonable time to arrange for the care of minor children and dependent adults with a responsible party, as appropriate.
 - 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts. Consideration regarding familiarity with the surroundings, comfort, emotional state and safety should be paramount.
 - 2. Except when a court order limits contact, the officer should attempt to locate and place dependent children or adults with a non-arrested parent or guardian.
- (b) Provide for the immediate supervision of minor children or a dependent adult until an appropriate caregiver arrives.
- (c) Notify the Department of Human Services and request their assistance in placement, if appropriate.
- (d) Notify the patrol supervisor or Watch Commander of the disposition of minor children or dependent adults.
- (e) Domestic Violence cases where children are present require notification to the Larimer County Department of Human Services.
- (f) Offer victim advocates from Crossroads' DART team to the victim. If advocacy is accepted, notify the DART advocate responding to the page that there are children on scene so a KDART advocate may also respond. Notification of DART/KDART does not replace the required notification of DHS.

If children or dependent adults are at school or a known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be included in the associated report.

380.2.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee may be allowed to make additional free local telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any minor dependent child or adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

380.2.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
 - 1. Names, gender and ages of persons present
 - 2. If, how, where and with whom or which agency any child was placed
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee should document the following information about the dependent adult:
 - 1. Identity;
 - 2. Whether he/she reasonably appears able to care for him/herself; and,
 - 3. Disposition or placement information if he/she is unable to care for him/herself.

Fort Collins Police Services

Policy Manual

Child and Dependent Adult Safety Policy

380.2.4 SUPPORT AND COUNSELING REFERRAL

Should it be apparent that law enforcement action may have a delayed or lingering effect upon children or dependent adults, providing referral information for available support, counseling, victim advocate, a crisis line or similar services should be considered.

380.3 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any dependent minor children or adults, the handling officer should consider taking the children or dependent adults into protective custody and placing them with the appropriate county welfare service or other agency-approved social service.

Only when other reasonable options are exhausted should a child or dependent adult be transported to an Agency facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.4 TRAINING

The Training Sergeant is responsible to ensure that all personnel of this Agency who may be involved in arrests affecting children or dependent adults participate, on a timely basis, in an approved course on effective safety when a parent or guardian is arrested.

Volunteer Program

384.1 PURPOSE AND SCOPE

It is the Policy of this Agency to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Agency, provide educational opportunities through internships and improve the delivery of responsive services to the community. Volunteers are intended to supplement and support, rather than supplant, Agency employees. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. In addition, volunteers bring new skills and expertise to the Agency and prompt new enthusiasm.

384.1.1 VOLUNTEER ELIGIBILITY

Requirements for participation as an Agency volunteer vary and are specific to each volunteer opportunity and are established by the Training Sergeant in cooperation with the Human Resources Department:

- (a) The Chief of Police may make exceptions for eligibility based on organizational needs and the unique qualifications of a particular individual.

384.2 VOLUNTEER MANAGEMENT

384.2.1 VOLUNTEER COORDINATOR

The Training Unit Sergeant is the designated Volunteer Coordinator for the Agency. The Victim Services Supervisor and the Restorative Justice Coordinator may perform certain duties of the Volunteer Coordinator as authorized. The Volunteer Coordinator is the central coordinating point for effective volunteer management within the Agency, and directs and assists staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator or authorized designee shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions;
- (b) Maintaining records for each volunteer;
- (c) Tracking and evaluating the contribution of volunteers;
- (d) Outlining expectations and responsibilities for all volunteers;
- (e) Creating Policies for all volunteers;
- (f) Maintaining a record of volunteer schedules and work hours;
- (g) Completing and disseminating as appropriate of all necessary paperwork and information;
- (h) Planning periodic recognition events;
- (i) Administering discipline when warranted; and
- (j) Maintaining liaison with other community volunteer programs and assisting in community-wide efforts to recognize and promote volunteering.

384.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis in accordance with Agency and City Policy on equal opportunity, non-discriminatory employment.

Fort Collins Police Services

Policy Manual

Volunteer Program

Requests for volunteers should be submitted in writing by interested employees to the Volunteer Coordinator through the chain of command. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or the authorized designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Review of application and personal history statement;
- (b) Interview;
- (c) Integrity and CVSA (truth verification exam) interviews;
- (d) Background investigation; and
- (e) Pre-employment drug test.

A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of fingerprints and clearance through the Colorado Bureau of Investigation.

384.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Agency, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Agency. All volunteers shall be required to sign a City-approved volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and match the needs of the Agency.

Auxiliary Unit volunteers are generally assigned to assist staffing special events.

384.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Agency, personnel, Policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Pursuant to Colorado Peace Officer Standards and Training (POST) rules and regulations, the Agency may establish training, licensing and continuing education requirements for its auxiliary officers.

Fort Collins Police Services

Policy Manual

Volunteer Program

Training should reinforce to volunteers that they should not represent themselves as, or by omission infer, that they are police officers or employees of the Agency. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and Directives, either oral or written, issued by the Agency. Whenever a rule, regulation or guideline in this Manual refers to an employee, it shall also apply to a volunteer, unless by its nature it is inapplicable.

384.2.6 FITNESS FOR DUTY

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver's license;
- (b) Medical condition;
- (c) Arrests;
- (d) Criminal investigations; and
- (e) All law enforcement contacts.

All volunteers shall adhere to the guidelines set forth by this Agency regarding drug and alcohol use.

384.2.7 DRESS CODE

As representatives of the Agency, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by certified officers. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.

Volunteers shall be required to return any issued uniform or Agency property upon the request of the Agency.

384.3 SUPERVISION OF VOLUNTEERS

Each volunteer must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and the necessary office supplies.
- (c) Make sure the work is challenging.

Fort Collins Police Services

Policy Manual

Volunteer Program

- (d) Train the volunteers on the applicable policies and procedures appropriate to their service to the agency.

384.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position, or Agency Policy all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by Agency Policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Agency. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing, or by any other means by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Agency, or maintain that they represent the Agency in such matters without permission from the proper Agency personnel.

384.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on-duty. Any fixed and portable equipment issued by the Agency shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Agency.

384.5.1 VEHICLE USE

Volunteers assigned to duties that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing;
- (b) Verification that the volunteer possesses a valid driver's license; and
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating an Agency vehicle, volunteers shall obey all rules of the road, including seat belt requirements, and successfully participate in the Agency-approved driving training class every two years.

Volunteers shall only operate unmarked Agency vehicles or vehicles clearly marked with "Auxiliary" decals. Volunteers are not authorized to operate an Agency vehicle for any patrol operations or under emergency conditions (lights and siren).

384.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the law enforcement radio or MDC and shall comply with

Fort Collins Police Services

Policy Manual

Volunteer Program

all related provisions. The Volunteer Coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police, the volunteer's supervisor or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a name clearing hearing. The hearing shall be limited to a single appearance before the Chief of Police or an authorized designee.

Volunteers may discontinue from volunteer service with this Agency at any time. Volunteers who intend to discontinue should provide advance notice of their departure and a reason for their decision.

384.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Agency.

384.7 EVALUATION

An evaluation of the overall volunteer program will be conducted every two years by the Volunteer Coordinator. Yearly evaluations should be conducted with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

384.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL

The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel.

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This Policy is intended to provide guidelines for Agency officers with respect to taking law enforcement action while off-duty.

388.2 POLICY

A police officer who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

388.3 FIREARMS

Agency officers may carry firearms while off-duty in accordance with federal regulations, state law and Policy 312 - Firearms. All firearms and ammunition must meet guidelines as described Policy 312 - Firearms. When carrying firearms while off-duty, officers shall also carry their Agency-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who is impaired.

388.4 DECISION TO INTERVENE

When officers decide to take law enforcement action while off-duty they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects;
- (b) Communication with responding units;
- (c) The availability of equipment, such as handcuffs, Oleoresin capsicum (OC) spray or a baton;
- (d) The availability of cover;
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene;
- (f) Familiarity with the surroundings; and
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible.

388.4.1 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

Illness and Injury Prevention Program

390.1 PURPOSE AND SCOPE

The health and safety of the employees of the Agency is important and is critical to the delivery of services to the community.

The purpose of this Policy is to establish an ongoing and effective Injury and Illness Prevention Program (IIPP) for the Agency. This Policy specifically applies to illnesses and injuries that result in lost time beyond the date of the incident or that require medical treatment beyond first aid. Though this Policy provides the essential framework required for an IIPP, it may be supplemented by procedures outside the Policy Manual.

The IIPP guidelines are to be followed and adopted by all personnel. Supervisory and management personnel are charged with ensuring these guidelines and Directives are implemented.

390.2 RESPONSIBILITY

The Patrol Administrative Lieutenant, acting as the IIPP administrator and safety manager for the Agency, has the authority and responsibility for implementing the provisions of this Policy and the IIPP. Supervisors are responsible for implementing and maintaining the IIPP in their work areas and for answering questions from employees about the IIPP.

390.3 COMPLIANCE

The Patrol Administrative Lieutenant is responsible for ensuring that all safety and health policies and procedures are clearly communicated and understood by all employees. The Patrol Administrative Lieutenant should take reasonable steps using resources including supervisors, the Training Unit, and City Risk Management office to ensure that all workers comply with safety rules and maintain a safe work environment, including, but not limited to:

- (a) Informing workers of the provisions of the IIPP.
- (b) Recognizing employees who perform safe work practices.
- (c) Ensuring that the employee's performance evaluation includes the employee's safety performance.
- (d) Ensuring the compliance of this Agency with safety rules regarding:
 1. Protection from blood borne pathogens
 2. Protection from airborne transmissible diseases
 3. Prevention of heat-related illness
 4. Respiratory protection

Supervisors are responsible for training, counseling, instructing or making informal verbal admonishments anytime safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Policy 1020 - Internal Investigations.

All employees should use safe work practices, follow all Directives and Policies and assist in maintaining a safe work environment.

1. New worker orientation, including a discussion of safety and health policies and procedures.
 2. Regular employee review of the IIPP.
 3. Workplace safety and health training programs.
 4. Posted or distributed safety information.
 5. A system for workers to inform management about workplace hazards.
 6. Review periodic scheduled inspections.
 7. Review investigations of accidents and exposures.
 8. Make suggestions to management for the prevention of future incidents.
 9. Assess the effectiveness of the efforts made by the Agency to address the following issues
 - (a) Protection from bloodborne pathogens
 - (b) Protection from airborne transmissible diseases
 - (c) Prevention of heat-related illness

390.5 HAZARD ASSESSMENT

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and should utilize an applicable Hazard Assessment Checklist to ensure a thorough inspection.

390.5.1 INSPECTION DUTIES

The Patrol Administrative Lieutenant shall ensure that an applicable Identified Hazard and Correction Record Form is completed for each inspection.

390.5.2 PATROL OFFICERS INSPECTION DUTIES

Officers are charged with weekly vehicle inspection of their assigned vehicle and of personal protective equipment prior to working in the field. Officers shall complete a Service Request form if an unsafe condition cannot be immediately corrected. Officers should forward this report to their supervisor. An appointment for vehicle service should immediately be scheduled if appropriate.

390.5.3 SUPERVISOR ASSESSMENT DUTIES

Supervisors should inform the Patrol Administrative Lieutenant when the following occurs:

- New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
- New, previously unidentified hazards are recognized.
- Occupational injuries and illnesses occur.

Fort Collins Police Services

Policy Manual

Illness and Injury Prevention Program

The Patrol Administrative Lieutenant will take appropriate action to ensure the IIPP addresses potential hazards upon such notification.

390.6 ACCIDENT/EXPOSURE INVESTIGATIONS

Employees must report all injuries that are a result of a workplace accident and any hazardous substance exposure to a supervisor. A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- A visit to the accident scene as soon as possible.
- An interview of the injured worker and witnesses.
- An examination of the workplace for factors associated with the accident/exposure.

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner based on the severity of the hazards. Hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering employees or property, supervisors should protect or remove all exposed workers from the area or item, except those necessary to correct the existing condition.

Employees who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazard and Correction Record Form. This should be forwarded to the Patrol Administrative Lieutenant via the chain of command.

390.8 TRAINING AND INSTRUCTION

The Patrol Administrative Lieutenant will work with the Training Sergeant to ensure all workers, including supervisors, are trained on general and job-specific workplace safety and health practices.

- (a) Training shall be provided:
1. To all new employees for those tasks that were not sufficiently covered by previous training from an academy or another training provider.
 2. To all workers given new job assignments for which training has not previously been provided.

Personnel Recall

391.1 PURPOSE AND SCOPE

There are occasions when it becomes necessary to call Agency personnel to work during scheduled time off. There may be a variety of reasons for this to occur and it is essential to have procedures in place to facilitate a personnel recall.

391.2 PROCEDURES

- (a) The on-duty patrol supervisor has the responsibility and authority to make an initial determination as to whether additional assistance and equipment will be required.
- (b) The initial assessment of an event will include a determination of what resources (personnel and equipment) are needed, as well as the anticipated length of the event. This information is critical in order to determine what group(s) of employees will be recalled.
- (c) During large-scale events, employees and civilians frequently volunteer to assist. The supervisor or incident commander will determine how to best utilize volunteers. The use of a staging area is recommended if there are no immediate assignments. Once it has been established that additional assistance is not needed, volunteers will be released from the scene.
- (d) During short or long-term events, individuals will be contacted by text messages or phone calls. If a shift or specific group of employees is activated, the corresponding supervisor will contact the requesting employee or the Poudre Emergency Communications Center for instructions on how to deploy his/her resources unless otherwise directed.

391.2.1 SHORT-TERM EVENTS

(Typically 2-3 hours in length):

Shifts coming on duty or ending a tour of duty can be utilized, along with off-duty Patrol personnel, to handle short-term events. However, if possible, employees should not work for longer than 15 hours in one shift. Some short-term events may necessitate the recall of all personnel (i.e., hailstorm at City Park during 4th of July events, civil disobedience, etc.) The on-duty supervisor will make the determination that an event is classified as "short-term."

391.2.2 LONG-TERM EVENTS

(Typically 4 - 24 hours in length):

Off-duty personnel, including Administration and Criminal Investigations Division personnel, will be utilized during these events. The assignment of personnel to the event should NOT affect normal shift strength. The Patrol and Investigations Captains will make a determination that an event is classified as "long-term."

391.2.3 CATASTROPHIC EVENT

(Typically 24 hours+ in length): All personnel will be utilized in order to cover both the normal activities and those associated with the event. It is recommended that during the duration of the event ALL personnel, including Records and Dispatch personnel, utilize a 12-on/12-off

Fort Collins Police Services

Policy Manual

Personnel Recall

shift. Shift assignments will be pre-determined based upon current position or assignment. Only the Chief of Police or a Captain in the Chief's absence or unavailability can make a determination that an event is classified as "Catastrophic."

- (a) When an event is determined to be catastrophic, a text message or phone call will be made to Agency personnel advising of the situation and any initial assignments. Employees in support staff positions (Patrol, Criminal Investigations Division and Administration) will assist in calling additional people as needed. Unless it is the only available option, it is preferred that Dispatch and Records personnel not be utilized to make phone calls or page large groups of people.

391.3 CONTACTING EMPLOYEES

- (a) Method of Contacting Employees:

1. Per Policy 702 - As condition of employment, any employee who is issued a PCD is required to have the device with them; to have the device turned on; and the employee must respond as soon as reasonably possible upon receipt of Department-transmitted text message that requires deployment or an action outlined in that text message, except during such times as the employee is on an approved leave of one work week or longer.
2. Per Policy 702 - Personal Communication Devices, all employees are required to have a secondary telephone device separate from the Department-provided communication device and to provide their current telephone numbers to Fort Collins Police Services.

- (b) Information for employees.

1. The following information (determined by the supervisor or incident commander prior to the notification) will be provided to recalled personnel:
 - (a) Reporting place (specific place, patrol district or staging area)
 - (b) Specific assignment (if known)
 - (c) Appropriate attire (i.e. special duty uniform)
 - (d) Anticipated ending time of the assignment
 - (e) Employee's supervisor in the incident
 - (f) Radio channel assignment for the event
 - (g) Equipment needed

391.3.1 EMPLOYEE RECALL BY GROUP OR ASSIGNMENT

Employees may be recalled in groups based on their primary assignment or work schedule.

- (a) The Information Services Division Captain or designee shall maintain recall lists which allow for the notification or recall of groups of employees. These recall lists shall be maintained in a manner to provide the electronic notification (generally through Agency-issued personal communication devices) of one or several groups of employees using a single message.

391.4 IMMEDIATE CALL TO DUTY

Immediate Call to Duty is defined as the right of the City to require an employee to immediately respond to duty at a time other than the employee's normally scheduled shift in response to an emergency situation as defined in the sole discretion of the City:

Fort Collins Police Services

Policy Manual

Personnel Recall

- (a) Except when ill or otherwise unfit for duty, Agency employees who are off-duty shall report for duty immediately upon receipt of orders to do so.
- (b) For an Immediate Call To Duty, compensable time shall commence at the time the employee is given notice of Immediate Call To Duty and will end when a supervisor or designee releases the employee from duty. Employees who have been placed On-call or on Standby shall not be eligible for Immediate Call to Duty pay.
- (c) No employee shall receive Immediate Call To Duty compensation if the reason the employee is called back to rectify a situation that is the result of the employee's failure to complete a normally accepted routine shift task as determined by the employee's supervisor. Examples of routine shift tasks are: completion of necessary documents, securing of special equipment, or completion of reports.

The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Criminal Investigations Division supervisor in a timely fashion.

The Criminal Investigations Division supervisor should forward the information as soon as practicable to the OPS Colorado Information Analysis Center.

Policy Manual

Patrol Function

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various divisions of the Fort Collins Police Services.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit will be the central unit for information exchange. Criminal information and reports can be disseminated to the Agency by the Crime Analysis Unit or other authorized personnel.

400.2.2 CRIME REPORTS

A crime report may be completed by any employee who receives criminal information. The report will be processed and forwarded to the appropriate personnel for retention or follow-up investigation.

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.4 INFORMATION CLIPBOARDS

Information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Agency.

400.3 CROWDS, EVENTS AND GATHERINGS

- (a) Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.
- (b) Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.
- (c) Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Racial- or Bias-Based Profiling

402.1 PURPOSE AND SCOPE

This policy provides guidance to agency members and establishes appropriate controls to ensure that employees of the Fort Collins Police Services do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

402.2 POLICY

The Fort Collins Police Services is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this agency to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law (CRS § 24-31-309).

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

402.4 MEMBER RESPONSIBILITY

Every member of this agency shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

Officers shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. The business card shall include identifying information including, but not limited to, the officer's name, division, and badge or other identification number and a telephone number that may be used, if necessary, to report any comments, either positive or negative, regarding the traffic stop (CRS § 24-31-309(4)(a)).

402.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

Fort Collins Police Services

Policy Manual

Racial- or Bias-Based Profiling

402.5 SUPERVISOR RESPONSIBILITY

The Agency will maintain educational pamphlets for public distribution at the front desk regarding the complaint process. This policy shall be made available to the public for inspection during business hours (CRS § 24-31-309(6)).

Fort Collins Police Services will investigate all complaints of alleged racial- or bias-based profiling against its members as any other complaint is investigated. The identity of the reporting person and the report shall initially be kept confidential to the extent permitted by law, unless further processing is required (CRS § 24-31-309(4)(a)).

Supervisors may monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with Policy 340 - Expectations of Conduct.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
- (b) Supervisors may review MDC data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors will document these reviews when they occur.
 - 2. Recordings that capture a potential instance of racial- or bias-based profiling should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should ensure that no retaliatory action is taken against any member of this agency who discloses information concerning racial- or bias-based profiling.

402.6 PUBLIC REPORTING

The Agency shall compile, on at least an annual basis, any information derived from complaints received due to the distribution of business cards, as provided in this policy that allege profiling. The information shall be made available to the public but shall not include the names of officers or the names of persons alleging profiling (CRS § 24 31 309(4)(c)).

402.7 ADMINISTRATION

Each year, the Patrol Administrative Lieutenant shall review the efforts of the Agency to prevent racial- or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors shall review the information compiled from complaints, as provided in this policy and the annual report, and discuss the results with those they are assigned to supervise.

402.8 TRAINING

Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Training Unit.

All certified members will attend regular training on the subject of racial- or bias-based profiling (CRS § 24-31-309). All newly employed officers shall receive a copy of this policy and initial training on the subject of racial- or bias-based profiling.

Shift Briefing

404.1 PURPOSE AND SCOPE

Shift Briefing is generally conducted at the beginning of each patrol shift. Shift Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct shift briefing. However, officers may conduct shift briefing for training purposes with supervisor approval.

Shift Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Policies, Departmental Directives or Special Directives.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects, with supervisor approval.

404.2 TRAINING DURING SHIFT BRIEFING

Shift Briefing may incorporate short training segments on a variety of subjects and may include:

- (a) Presentation and discussion of the proper application of existing Policy to routine daily activities.
- (b) Reviewing recent incidents for training purposes.
- (c) Review of Daily Training Bulletins from Lexipol.

404.3 PREPARATION OF MATERIALS

The supervisor conducting shift briefing, or an officer if the supervisor is unable to participate, is responsible for collection and preparation of the materials necessary for a constructive briefing and training.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITIES

The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue the assignment until relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive or in sequential order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

- (a) Ensure no suspects are still in the area.
- (b) Broadcast emergency information, including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Evacuate the location as required.
- (e) Identify hazards or dangerous conditions to responding personnel.
- (f) Secure the inner and outer perimeter if needed.
- (g) Protect items of apparent evidentiary value.
- (h) Identify potential witnesses.
- (i) Start a chronological log noting critical times and personnel allowed access.
- (j) Prevent unauthorized access of personnel, the media or the public.

406.2.2 EXECUTION OF HEALTH ORDERS

At the direction of the Chief of Police or an authorized designee, employees of the Agency are authorized to enforce all lawful orders from federal, state and local health authorities regarding contagious, infectious or communicable diseases.

406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and to determine if suspects are present and pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

Fort Collins Police Services

Policy Manual

Crime and Disaster Scene Integrity

406.3.1 CONSENT

Officers should obtain consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations it may be prudent to obtain a search warrant. If desired, consent may be sought even in cases where a search warrant has been granted.

406.3.2 PROTECTIVE SWEEP

If an arrest occurs in a home, areas immediately adjoining the place of arrest from which an attack could be immediately launched may be searched without a warrant (494 U.S. 325, 334 (1990)). This is known as a "protective search for dangerous persons" or a "protective sweep" of the residence. Such search is to be limited to a cursory visual inspection of those places in which a person could be hiding, and may last only as long as necessary to dispel the reasonable suspicion of danger, or to complete the arrest and depart the premises.

SWAT Team

408.1 PURPOSE AND SCOPE

The purpose of this Policy is to establish the governing regulation in the organization, use, selection, and training of the Special Weapons and Tactics (SWAT) Team. This Policy is supplemented by the SWAT Team Standard Operating Procedures Manual which is approved by the Chief of Police. In the event of a conflict between this Policy and the SWAT Team SOP, the provisions of this Policy shall control.

408.1.1 POLICY

The SWAT Team will receive special training and equipment to enhance its ability to bring high risk incidents to a successful conclusion. The mission of the SWAT Unit is to save lives by attempting to reduce the risk of injury and loss of life to hostages, innocent citizens, law enforcement officers, and suspects.

408.1.2 DEFINITIONS

See Policy 107 - Definitions.

408.1.3 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate to the Agency. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or an authorized designee.

408.2 ORGANIZATION

The SWAT Team is under the direction of the Patrol Captain who will specify the authorized number of officers to be assigned to the Team.

408.2.1 SWAT TEAM COMMANDER

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Officers may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When officers come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The Poudre Fire Authority is trained and equipped to properly respond and mitigate most hazardous materials and biohazards. As a result, Poudre Fire Authority personnel are the preferred individuals to assess the risks of a particular hazardous material response.

Officers should not perform tasks or use equipment without proper training.

An officer entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Notify the Poudre Fire Authority. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (b) Provide first aid to injured parties if it can be done safely and without contamination.
- (c) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 1. The identity of the material.
 2. How to secure and contain the material.
 3. Any other information to protect the safety of those present, the community and the environment.
- (d) Make the initial assessment of a potential hazardous material from a safe distance.
- (e) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.

Fort Collins Police Services

Policy Manual

Hazardous Material Response

- (f) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (g) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 - 1. Placards and use of the Emergency Response Guidebook.
 - 2. Driver's statements or shipping documents from the person transporting the material.
 - 3. Information obtained from any involved person with knowledge regarding the hazardous material.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
- (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
- (j) Establish a decontamination area when needed.
- (k) Contact the local Colorado State Patrol Dispatch to request assistance from the Colorado State Patrol Hazardous Materials Unit, if appropriate.
- (l) If available, activate reverse 9-1-1 calling to the affected area.

412.3 REPORTING EXPOSURE

Agency employees who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an Incident/Exposure Report, which shall be forwarded via chain of command to the Patrol Administrative Lieutenant and the Infection Control Officer as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the Incident/Exposure Report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a police report.

412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

412.3.2 INCIDENT COMMANDER RESPONSIBILITIES

The Incident Commander, in cooperation with other agencies, is charged with making an immediate appraisal of the situation and its potential. The Incident Commander should consider the following tasks:

- (a) Establish scene management.
- (b) Detect the presence of hazardous materials.
- (c) Begin identification of hazardous materials.
- (d) Begin evacuation or direct in-place sheltering.
- (e) Consider personal protection/decontamination.

Fort Collins Police Services

Policy Manual

Hazardous Material Response

- (f) Isolate the incident and identify zones of activity.
- (g) Contain the incident without risking exposure.
- (h) Perform firefighting, rescue, emergency medical and other critical life-saving response activities in accordance with the City Emergency Operations Plan.
- (i) Contact the local Colorado State Patrol dispatch and request support if it occurs on any federal, state or county highway located outside of municipal city limits.
- (j) Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. When requesting local, state or federal assistance, this Agency should clarify if it is requesting assistance only or requesting to transfer incident command to another agency.

Hostages and Barricaded Persons

414.1 PURPOSE AND SCOPE

Hostage situations and barricaded persons present unique problems for law enforcement. The protection of the public and law enforcement personnel is of the utmost importance. Proper planning and training will tend to reduce the risks involved with these incidents.

414.2 BARRICADED PERSON NEGOTIATIONS

Trained crisis negotiators, due to their experience and training, will be permitted to exercise flexibility in each situation consistent with their training and based upon the circumstances presented.

Personnel involved in barricaded/hostage situations are urged to follow the Priorities of Life when making tactical decisions on the scene of a barricaded person or hostage incident; which are:

- (a) Hostages;
- (b) Innocent Citizens;
- (c) Police; and
- (d) Suspect.

The use of deadly force against any armed suspect will be governed by the Policy 300 - Response to Resistance with due regard for the safety of hostages.

414.3 FIRST RESPONDER RESPONSIBILITIES

Upon determining that a hostage/barricaded-person situation exists, the first responder shall immediately request that a supervisor respond and shall provide the supervisor with an overview of the situation. If a supervisor is unavailable, the first responder shall assume the duties of the supervisor.

Until the supervisor arrives, the first officer on the scene of an actual or potential hostage/barricade situation shall, if practicable:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of additional personnel and the SWAT Team, to include the Crisis Negotiations Team.
- (b) Evacuate and provide medical treatment to the injured if they can be reached.
- (c) Determine the immediate threat area.
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Establish an inner and outer perimeter.
- (f) Establish a Command Post location.
- (g) Evacuate bystanders, residents and businesses.
- (h) Notify tactical and crisis negotiation personnel.
- (i) Notify appropriate personnel per Policy 358 - Major Incident Notifications
- (j) Request fire and ambulance personnel.

Fort Collins Police Services

Policy Manual

Hostages and Barricaded Persons

- (k) Establish a primary reaction team prior to SWAT arrival. The team actions may include:
 - 1. Securing any subject or suspect who may surrender.
 - 2. Taking action to mitigate a deadly threat or behavior.
- (l) Coordinate pursuit/surveillance vehicles and control of travel routes.

414.4 SUPERVISOR RESPONSIBILITIES

- (a) Upon being notified that a hostage/barricaded-person situation exists, the Watch Commander shall immediately respond to the scene and upon arrival:
 - 1. Rapidly evaluate and assess the situation, including being briefed by the initial responders.
 - 2. Assume the role of Incident Commander and retain this role until relieved.
 - 3. Assume and complete any outstanding first responder responsibilities and designate assistants as required.
 - 4. Notify the SWAT Team, if appropriate.
 - (a) A patrol supervisor or Watch Commander should advise the SWAT supervisor with as much of the following information as is available at the time:
 - 1. The number of persons, known weapons and resources;
 - 2. If the person is in control of hostages;
 - 3. If the person is barricaded;
 - 4. The type of crime involved;
 - 5. If the person has threatened or attempted suicide;
 - 6. The location of the Command Post and a safe approach path;
 - 7. The extent of any perimeter and the number of officers involved; and
 - 8. Any other important facts critical to the immediate situation and whether the person has refused an order to surrender.

414.5 ON-SCENE COMMAND RESPONSIBILITIES

Upon arrival of the SWAT Team at the scene, the Incident Commander shall brief the SWAT Team supervisors about the situation. Once the Incident Commander authorizes deployment, the onscene SWAT supervisor will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the Command Post operation, outer perimeter security and support for the SWAT Team. The Incident Commander and the SWAT supervisor or an authorized designee shall maintain communications at all times.

414.6 TELEPHONE COMMUNICATIONS

In an emergency where it is believed that an armed and barricaded suspect or a person holding a hostage is committing a crime, the supervisor may order a designated telephone company security official to cut or otherwise control telephone lines to prevent telephone communication by the armed suspect or the hostage holder with a person other than a peace officer or person authorized by law enforcement (CRS § 18-9-312).

Fort Collins Police Services

Policy Manual

Hostages and Barricaded Persons

414.6.1 REPORTING

Unless otherwise relieved by a supervisor, the initial officer at the scene is responsible for completion of reports or coordination of reports for the hostage/barricade incident.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, suspected explosive devices, suspicious packages or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When an officer responds to a call of a suspected explosive device, the following guidelines shall be followed:

- (a) The device should not be touched or transported to any other location.
- (b) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The Northern Colorado Bomb Squad ("Bomb Squad") or other appropriate bomb squad should be summoned for assistance.
- (c) A perimeter should be secured for a minimum of 300 feet around the location, or an otherwise safe distance depending on the surrounding physical environment and allowing for an entrance for support personnel, including, but not limited to, paramedics and fire department personnel.
- (d) As much initial information as possible should be relayed to the Watch Commander without touching the device, including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction).
- (e) Employees should not transmit on any equipment that produces radio frequency energy within 300 feet of the device.
- (f) Consideration should be given to the possibility of evacuation if a device is located within a building.
- (g) An additional perimeter should be secured around any suspected device.
- (h) Officers should advise additional support personnel such as paramedics and fire department personnel of the route of safe travel to and from the incident.
- (i) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area.
- (j) Explosive or military ordnance of any type should be handled only by the Bomb Squad.

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multiple considerations that may confront an officer. As in other catastrophic incidents, a rapid response will help to minimize further injury to victims, contamination of the scene by gathering crowds, additional damage from resulting fires or unstable structures.

Fort Collins Police Services

Policy Manual

Response to Bomb Calls

Whether the explosion was the result of an accident or a criminal act, the officer should consider the following concerns:

- Injury to victims.
- Existence of additional or secondary device.
- First aid.
- Evacuation of victims.

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Patrol supervisor;
- (b) Watch Commander;
- (c) Additional officers;
- (d) Fire department;
- (e) Bomb Squad;
- (f) Criminal Investigations Division;
- (g) Forensic Services;
- (h) Colorado Bureau of Investigation (CBI);
- (i) Bureau of Alcohol, Tobacco, Firearms and Explosives (BATF).

416.3.2 CROWD CONTROL

Scene access should be restricted to those with a legitimate public safety purpose.

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a wide area in addition to the 300-foot inner-perimeter. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

416.4 BOMB THREATS AT POLICE FACILITY

This procedure shall be followed should a bomb threat be received at a police facility and a search initiated for a suspected destructive device.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions shall be asked if a call of a bomb threat is received at a police facility:

- When is the bomb going to explode?
- When did you place the bomb?
- What would cause the bomb to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?

Fort Collins Police Services

Policy Manual

Response to Bomb Calls

- Where are you?
- Who are you?

To avoid possible termination of the call, the following questions should be asked only after the preceding questions. Attempt to keep the caller on the line as long as possible and obtain expanded answers to the prior questions. During this time, document the following:

- Time of the call;
- Exact words of the person as accurately as possible ;
- Estimated age and gender of the caller;
- Speech patterns and/or accents; and
- Background noises.

If the threat is received at a police facility on a recorded line, steps should be taken to ensure that the recording is preserved in accordance with current Agency evidence procedures.

416.4.2 RESPONSIBILITIES

As soon as a bomb threat has been received, the Watch Commander will be advised and fully informed of the details. The Watch Commander will then direct and assign field supervisors and officers as required for coordinating a general building search or evacuation as deemed appropriate.

416.5 BOMB THREATS AT PUBLIC OR PRIVATE FACILITY

This procedure shall be followed should a bomb threat occur at a private facility or another public facility and the Agency is informed of the threat.

416.5.1 BOMB THREAT RESPONSE OPTIONS

The options available to the person in charge of the facility are generally:

- (a) No search and no evacuation.
- (b) Search without evacuation.
- (c) Evacuation without search.
- (d) Evacuation and search.

416.5.2 REQUEST FOR ASSISTANCE

Should the person in charge of the facility request assistance, the Watch Commander shall be notified and will make the decision whether the Agency renders assistance and to what level. Should the information and circumstances indicate a reasonably apparent imminent threat to safety, a more active approach, including law enforcement control over the facility, may be considered.

416.5.3 EVACUATION OR SEARCH ASSISTANCE

Should the Watch Commander determine that the Agency will assist or control a bomb threat incident, the next step is to determine:

- (a) The level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search.

Fort Collins Police Services

Policy Manual

Response to Bomb Calls

- (d) The appropriate support necessary.

Considerations regarding the involvement of the facility staff in searching and evacuating is important. A search or evacuation can be difficult without a working familiarity of the facility. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search. The safety of all participants is the paramount concern.

Consideration for additional support resources should include notification and response, or standby notice, for fire, medical and ambulance.

416.5.4 BOMB THREATS AT A FEDERAL BUILDING OR PROPERTY

A bomb threat incident at a federal building or property shall be reported to the Federal Protective Service (877-437-7411). The Federal Protective Service will provide a uniformed police response, which may include use of its Explosive Detector Dog Teams.

416.5.5 BOMB THREATS TO POUDDRE SCHOOL DISTRICT SCHOOLS (PSD) IN THE CITY

(a) Notification

1. Bomb threats received from 0600 to 1530 hours on school days will be routed to the School Resource Officer (SRO) assigned to that school as well as the SRO Sergeant via phone notification from the Dispatch.
2. In the event the primary SRO is not available, the next SRO on the Dispatch list will be contacted. The caller's exact quote and circumstances of the call will be given to the SRO.
3. The Dispatch will enter a call into Computer Aided Dispatch (CAD) noting which SRO is assigned. The Dispatch will BOLO the call to on duty units via their Mobile Digital Computer (MDT). On-duty units in a position to apprehend suspects or secure sites for evidence may assist. If no officer safety concerns are present, all communications will be by phone not over the police radio. Any unit assisting will call the assigned SRO by phone to coordinate.
4. Dispatch will advise Poudre Fire Authority (PFA) on fire channel 2 of the call. The assigned engine company should respond silently and routinely to the area and stage out of sight until notified otherwise by the assigned SRO.

(b) SRO responsibilities

1. The assigned SRO will immediately contact the appropriate PSD site based manager as well as the PSD security manager and inform them of the threat.
2. The assigned SRO will initiate incident command with PSD Officials and collaborate in the threat assessment- action plan discussions that follow. The assigned SRO will utilize other SRO resources as needed.
3. The assigned SRO will notify the street sergeant of the threat assessment and action plan and request on-duty units if needed.
4. The assigned SRO will request the Northern Colorado Bomb Squad if a suspicious device is located. The SRO will release or deploy the assigned PFA engine as needed. The assigned SRO will coordinate reverse 9-1-1 notifications through dispatch as needed.

Mental Illness Commitments

418.1 PURPOSE AND SCOPE

This procedure describes an officer's duties when a person qualifies for emergency admission to mental health facilities.

418.2 AUTHORITY OF AN OFFICER

- (a) A police officer who has probable cause to believe any person who appears to have mental illness and as a result of that mental illness is in imminent danger of harming him/herself or others, or is gravely disabled, may take the person into temporary custody and transport him/her to the Crisis Assessment Center (CAC) in the Emergency Department at Poudre Valley Hospital for further assessment. (CRS § 27-65-105).
- (b) The officer shall complete and provide a written application to the CAC staff stating the circumstances under which the person's condition was called to the attention of the Officer and the probable cause to believe that the person, because of mental illness, is in imminent danger of harming him/herself, others, or is gravely disabled (CRS § 27-65-105(3)).
- (c) Under the provisions of CRS 27-65-105, instead of an Officer's personal observations of the person's imminent danger to self or others, or is gravely disabled, an Officer may use the observations of others whom the Officer reasonably believes to be reliable in order to establish that the person has a mental illness and, as a result of the mental illness, is an imminent danger to others or to himself or herself or is gravely disabled.

418.3 OFFICER CONSIDERATIONS AND RESPONSIBILITIES

Any officer responding to or handling a call involving a suspected mentally ill individual or an involuntary mental illness commitment should consider utilizing the following as time and circumstances reasonably permit:

- (a) Any available information that might assist in determining the possible cause and nature of the mental illness, such as developmental disabilities, intoxication or chemical dependency.
- (b) Conflict resolution and de-escalation techniques.
- (c) Language that is appropriate for interacting with a mentally ill person.
- (d) Alternatives to the use of force, if circumstances reasonably permit.
- (e) Any available community resources that can assist in dealing with a mentally ill individual.
- (f) Inquiring about any advance directive document in which a person has specified his/her choice in advance about care and treatment should the person later become incapable of exercising choice.

418.3.1 DETENTION

The detention of a person under this Policy does not constitute an arrest. When a person is taken, that person shall not be detained in the jail, except that the jail may be used if no other suitable place of confinement for treatment and evaluation is readily available. In such a situation, the person shall be detained separately from all other inmates for a period not

Fort Collins Police Services

Policy Manual

Mental Illness Commitments

to exceed 24 hours, excluding Saturdays, Sundays and holidays, after which time he/she shall be transferred to the appropriate facility (CRS § 27-65-105(2)(a)).

If the person being temporarily detained for a mental illness evaluation is a juvenile, the juvenile shall be placed in a setting that is nonsecure and physically segregated by sight and sound from the adult offenders and inmates (CRS § 27-65-105(2)(a)).

If there is no nurse or physician present to monitor and examine an adult or juvenile taken into temporary custody and confined while awaiting transfer to a mental health facility, an officer trained to conduct these examinations shall check on such adult or juvenile at least every twelve hours and seek appropriate medical care as reasonably appears necessary. (CRS § 27-65-105(2)(a)).

418.3.2 TRANSPORTATION

When transporting any individual in custody for a mental illness evaluation, and if necessary, the handling officer should have Fort Collins 911 notify the receiving facility of the estimated time of arrival, the level of cooperation of the patient and any special medical care needs of the individual that are reasonably known to the officer.

Officers may transport patients in the patrol unit and shall secure them in accordance with Police 308 - Control Devices and Techniques. Violent patients or those who are medically unstable may be restrained and transported by ambulance and ambulance personnel. An officer may accompany a violent patient when transported by ambulance. Transporting violent patients in a patrol unit equipped with a barrier or cage is generally safer with a second officer following the transport vehicle to provide assistance as needed.

The officer will escort the patient into the facility and place that person in a designated treatment room, as directed by a staff member. Unless the individual is combative and the officer must stay to offer security, once the CAC staff member is briefed on the case to his/her satisfaction the officer is free to return to regular duties.

418.3.3 RESTRAINTS

If the patient is violent or potentially violent, the officer will notify the staff. The staff member in charge will have discretion as to whether soft restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

418.3.4 WRITTEN DOCUMENTATION

The officer shall complete an application for emergency admission and provide it to the staff member assigned to that patient. The officer will retain a copy of the emergency admission form for inclusion in the case report.

The officer shall also provide a verbal summary to a CAC staff member regarding the circumstances leading to the involuntary detention.

418.4 MENTALLY ILL PERSON CHARGED WITH A CRIME

Any person charged with a crime who also appears to be mentally ill shall be transported to the authorized county jail facility for criminal confinement and treatment (CRS § 27-65-125).

If the person has injuries or some other medical condition, he/she may be taken directly to the hospital for initial medical treatment with the approval of a supervisor. After medical

Fort Collins Police Services

Policy Manual

Mental Illness Commitments

clearance is received, the person may be transported to the authorized detention facility for criminal confinement and mental illness treatment.

418.4.1 AUTHORIZED INVESTIGATIVE DEMAND ATTESTATION

If, as the result of the initial medical treatment, hospital staff determine that the person charged with a crime must be admitted to the hospital for further treatment, the officer will fill out the Authorized Investigative Demand Attestation form. This requires the hospital staff preparing discharge to notify the officer or a supervisor on duty prior to the person's release date so that an officer can take the person into custody prior to discharge from the hospital.

418.5 SAFEKEEPING OF FIREARMS AND OTHER WEAPONS

Whenever a person has been detained or taken into custody for mental illness evaluation and is found to have in his/her possession or under his/her immediate control, a firearm or other deadly weapon, that firearm or other deadly weapon may be confiscated by an officer if legal justification exists.

Any confiscated weapons shall be booked into evidence for safekeeping until further processing and release. The handling officer shall advise the person of the procedure for the return of any firearm or weapon that has been taken into custody.

418.6 TRAINING

This Agency will endeavor to include Agency-approved training on interacting with mentally ill persons and enforcing 72-hour holds.

Citation/Summons and Release

420.1 PURPOSE AND SCOPE

State and local law permits law enforcement agencies to use citation/summons release or a penalty assessment notice procedure in lieu of taking a person into custody and before a judge for traffic, misdemeanor or petty offenses, with certain exceptions.

420.2 STATUTORY REQUIREMENTS

This Agency authorizes citation releases for certain traffic, misdemeanor or petty offenses. Release by citation with a promise to appear can be accomplished by issuing a notice to appear from a citation book or an electronic device (CRS §§ 16-3-105, 42-4-1707, 13-10-111). In addition, for a Class 2 petty offense and certain parking violations, an officer may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201, §§ 19-48, 19-49 of the Code of the City of Fort Collins, and § 1707 of the Fort Collins Traffic Code). The penalty assessment notice is required to be a summons and complaint containing :

- (a) The identification of the alleged offender.
- (b) Specifications of the offense and applicable fine.
- (c) A requirement that the offender pay the fine or appear to answer the charge at a specified time and place.
- (d) Other details reasonably necessary to meet the requirements of law.

420.2.1 DISCRETION TO ARREST

While this Agency recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this Agency, except in cases of hot or fresh pursuit, while following up on crimes committed within the City, when acting under a joint powers agreement or mutual aid agreement, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances reasonably permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations, the involved officer shall clearly identify him/herself as a police officer.

Officers are authorized to use verbal or written warnings in lieu of arrest or citation to resolve minor traffic and criminal violations when appropriate.

420.3 AGENCY PROCEDURE

The following procedure will be followed to comply with the law.

420.3.1 FIELD CITATIONS

Upon obtaining satisfactory identification and verifying that there are no outstanding warrants for the individual, officers may issue citations for misdemeanors to all persons 18

Fort Collins Police Services

Policy Manual

Citation/Summons and Release

years of age or older. The officer may also release subjects who were taken into custody on a private person's arrest whenever appropriate (CRS § 16-3-105 and CRS § 42-4-1707).

420.3.2 DISQUALIFYING CIRCUMSTANCES

A person arrested for a misdemeanor shall be released on a notice to appear unless one of the following situations is present:

- (a) There is a reasonable likelihood that the offense or offenses would continue or resume or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (b) There is reason to believe that the person would not appear at the time and place specified in the notice to appear.
- (c) The person does not have adequate proof of identification to verify their identity to be issued a citation.
- (d) The crime involves domestic violence (CRS § 16-3-105(1.5)).
- (e) The crime involves violence or dangerous weapons/firearms.

420.3.3 OTHER REASONS FOR NON-RELEASE

If the person arrested is not released for one or more of the reasons specified in this Policy, the officer should state in a report the reason for non-release. Such reasons for non-release may include:

- (a) Previous failure to appear is on record.
- (b) The person lacks ties to the area, such as a residence, job or family.
- (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation.

420.3.4 PENALTY ASSESSMENTS

A decision to use the penalty assessment procedure shall be based upon circumstances which reasonably persuade the officer that the offender is likely to comply with the terms of the penalty assessment notice (CRS § 16-2-201(1)).

420.4 JUVENILE CITATIONS

- (a) Completion of citations for juveniles is generally only appropriate for misdemeanor traffic violations and Municipal Ordinance violations.
- (b) All citations, except traffic summons and summonses issued to juveniles, shall be documented with a case number.

420.5 REQUESTING CASE NUMBERS

All citations written for non-traffic misdemeanor offenses will be documented through the use of an Agency case number. Traffic situations and parking violations can be documented on the reverse side of the records copy of the citation. However, most state statute sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

Diplomatic and Consular Contacts

422.1 PURPOSE AND SCOPE

The Vienna Convention on Consular Relations sets forth certain rights of foreign nationals from member countries when they are arrested, detained or imprisoned by law enforcement officials in this country. This Policy provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify can be found on the U.S. Department of State (DOS) website, <http://www.travel.state.gov>.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity by violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts, who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court of jurisdiction, and its validity determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity. However, any family member who has a higher level of immunity is issued an identification card by DOS enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are

Fort Collins Police Services

Policy Manual

Diplomatic and Consular Contacts

foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained. Limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered and issued distinctive identification cards by the DOS Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and on the reverse side, a brief description of the bearer's immunity status. These identification cards are not always promptly issued by DOS. In addition to the DOS identification card, Foreign Service personnel should have a driver's license issued by the DOS Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state (22 USC § 4301).

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with DOS OFM, and display distinctive red, white and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates but may have Colorado license plates with an "honorary consul" label. A driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "U.S." as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals.

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current DOS guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the issuing officer:

- (a) Identification documents are to be requested of the claimant.
- (b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the notice to appear for later reference. Do not include this information on the face of the notice to appear.
- (c) Verified diplomatic agents and consular officers, including the staff and family members from countries with which the U.S. has special agreements, are not required to sign the notice to appear. The word "Refused" shall be entered in the signature box and the violator shall be released.
- (d) Claimants other than verified diplomatic agents and consular officers shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established.
- (e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the notice to appear. But a signature shall not be required if the immunity status is uncertain.

Policy Manual

Diplomatic and Consular Contacts

- (f) All other claimants are subject to the provisions of Policy and procedures outlined here.
- (g) The violator shall be provided with the appropriate copy of the notice to appear.

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention unless they have no identification and the detention is to verify their diplomatic status. Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in this Policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim, unless restraint is necessary for the protection of the officer or others. A supervisor shall be promptly notified and should respond to the scene when reasonably possible. Field verification of the claimant's identity is to be attempted as follows:

- (a) An identification card issued by the DOS Protocol Office is the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered) and Official (green bordered). The DOS identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Newly arrived members of diplomatic or consular missions may not yet have official DOS identity documents. Verify immunity by telephone with the DOS any time an individual claims immunity and cannot present satisfactory identification, if the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Agency personnel should use the following numbers in order of preference:

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by the Colorado Consular Corps, local law enforcement agencies, the foreign embassy or consulate, a driver's license issued by DOS, and DOS license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below

Fort Collins Police Services

Policy Manual

Diplomatic and Consular Contacts

shall be followed. These procedures should also be used in the event immunity cannot be verified but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained before the official is released. A supervisor's approval for the release shall be obtained whenever reasonably possible. The necessary release documents and/or a Certificate of Release Form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever reasonably possible. However, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever reasonably possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in an Driving Under the Influence (DUI) Arrest - Investigation Report, and/or any other relevant report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued if the violator is either stopped or issued a notice to appear for a violation while operating a motor vehicle. The officer shall either complete a notice to appear or a written report documenting the incident.

This Agency shall then contact DOS as soon as practicable to verify the violator's status and immunity. Within five working days of the stop, this Agency shall send to the Bureau of Diplomatic Security, OFM of the DOS, a copy of the notice to appear and any collision or other written report documenting the incident. The DOS will take appropriate sanctions against errant Foreign Service personnel, even where prosecution is not undertaken by the Agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a DOS OFM Diplomatic Driver License, issued by the DMVO, shall have D coded in the license class box of the Traffic Accident Report. The actual driver's license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in this policy.

422.6.1 VEHICLES

Vehicles which are owned by subjects with full immunity may not be searched, stored or impounded without the owner's permission. Such permission may be assumed if the vehicle has been stolen. These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each Traffic Accident Report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours, regardless of whether the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country and type of identification presented, if applicable. In addition to the report, a follow-up

Fort Collins Police Services

Policy Manual

Diplomatic and Consular Contacts

cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to DOS for further action. The supervisor or Watch Commander apprised of the incident/collision shall also send a copy of all documents and reports submitted by the investigating officer, along with any supervisor's notes, materials and/or logs, to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure the notification of DOS and all necessary follow-up occurs.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These Policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest.
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law or a local ordinance.
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the officer's presence.

After a lawful detention or criminal arrest, officers may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Officers shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Officers shall not stop or detain persons solely for determining immigration status.
- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the officer shall begin the notification process.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact Fort Collins 911 as soon as practicable and request the appropriate embassy/consulate be notified. Officers shall provide Fort Collins 911 with the following information concerning the individual:

- Country of citizenship
- Full name of the individual, including paternal and maternal surname, if used
- Date of birth or age

Fort Collins Police Services

Policy Manual

Diplomatic and Consular Contacts

- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention, if the place of detention is different from the Agency itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide Fort Collins 911 with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the DOS website, <http://www.travel.state.gov>.

422.7.2 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

An officer who has probable cause to believe that an arrestee is not legally present in the United States shall report such arrestee to ICE if the arrestee is not being held at a detention facility. If the arrestee is held at a detention facility, the arresting officer shall promptly notify the receiving officials when the arrestee is suspected of not being legally present in the United States (CRS § 29-29-103 (2)(a)(I)).

Officers are not required to make the above report to ICE when the person was arrested for domestic violence as defined by CRS § 18-6-800.3 (CRS § 29-29-103(2)(a)(II)).

422.7.3 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate arrest or investigation report the date and time Fort Collins 911 was notified of the foreign national's arrest/detention and his/her claimed nationality.

422.7.4 REPORTING

The Fort Collins Police Services shall annually report to the legislative council of the general assembly on or before March 1 of each year the number of arrests reported to ICE (CRS § 29-29-103(b)).

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. This Policy provides guidelines and factors that will assist officers in implementing a rapid response to such situations.

424.2 POLICY

The Policy of this Agency in dealing with a crisis situation shall be:

- (a) To obtain and attempt to maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location and suspect in the incident.
- (c) To attempt to attain any tactical advantage over the suspect.
- (d) To attempt, whenever practicable, a negotiated surrender of the suspect and release of the hostages.

Nothing in this Policy shall preclude the use of necessary force, deadly or otherwise, by employees of this Agency in protecting others or themselves from death or injury.

424.3 PROCEDURE

When violent acts by the suspect continue or lives are in imminent danger, a decision to advance on the suspect may be made by the officers at the scene. This decision should include the following considerations:

- (a) It is highly recommended that any advance on a suspect be made in teams of two or more officers. However, if an officer is alone, it is within his/her discretion whether to advance.
- (b) The development and implementation of immediate and planned tactics and communicating the plan to others in the field, Dispatch and supervisors.
- (c) The potential deployment of rifles, shotguns (for SWAT officers), shields, control devices and any other appropriate tools that will provide a tactical advantage.

424.3.1 DECISION TO ADVANCE ON A SUSPECT

On-scene first responders shall make the decision whether to advance on the suspect. The multitude of variables in such a circumstance requires a rapid assessment of the situation and a decision as to the best tactics to implement and the timely action necessary to resolve the incident. The following factors individually and collectively should be considered in deciding whether to advance on a suspect:

- (a) The suspect's actions are or may be causing death or serious bodily injury.
- (b) The incident is not contained and there continues to be an immediate risk of death or serious injury to law enforcement and others.
- (c) The suspect is in a position of tactical advantage and has access to more innocent citizens if not stopped or contained.
- (d) The suspect is armed and has displayed or threatened violence.

Fort Collins Police Services

Policy Manual

Rapid Response and Deployment

- (e) A hostage situation exists.
- (f) The suspect refuses to submit to arrest.

Examples of circumstances and possible decisions may include the following:

- If there is a barricaded suspect with no hostages, the officer should wait for additional assistance, including possible SWAT response, unless the incident is resolved in a timely manner.
- If there is a barricaded suspect with hostages and no harm done to the hostages, the officer should wait for additional assistance or SWAT response.
- If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity that may result in death to hostages or others in the area, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect, while calling for additional assistance.

Mobile Field Force and Civil Disobedience

425.1 PURPOSE AND SCOPE

It is the Policy of the Agency to respond to critical incidents and potential or actual civil disturbances in order to maintain or restore a safe and secure environment for the benefit of the community and its citizens. In order to manage a civil disturbance effectively and attempt to minimize its scope, intensity, and duration while protecting lives, property, and ensuring the community's right to peaceable assembly, the Agency will react rapidly with an organized Mobile Field Force response.

425.2 APPLICATIONS

The Mobile Field Force (MFF) concept can be used in a wide variety of situations. Most commonly, MFF concepts and tactics are used in civil disturbances and critical incidents; however, they can be used in any circumstance or incident where a large contingency of officers is used to manage an incident. The agency enforces applicable state and local laws pertaining to non-violent protests (see SOP 316 - Responding to Non-Violent Protestors and/or Demonstrators Within the City.)

425.2.1 AUTHORIZATION AND ACTIVATION

- (a) Based on a request from another agency, notification of a civil disturbance or critical incident, or other appropriate incident, the following have the authority to activate and/or request a deployment of the MFF:
 - 1. Chief of Police
 - 2. Division Captain
 - 3. MFF Commander
 - 4. SWAT Commander (if not the MFF Commander)
 - 5. On-duty Watch Commander or his/her designee
- (b) The requesting authority will notify the MFF Commander or his/her designee to deploy and/or activate the MFF.

After notification, the MFF Commander or his/her designee will notify Dispatch and request a call-out of specific work units to form the MFF. The MFF Commander or his/her designee will determine which units will be notified to respond. The notifications will be handled by PECC according to their approved procedures.

425.2.2 CHAIN OF COMMAND

In most instances, the MFF will be deployed to assist Agency personnel with Agency events or incidents. The MFF may be deployed to assist another agency or as part of a multi-jurisdictional command with the approval of the Chief of Police. Under these circumstances, the Chief of Police or his/her designee will approve the MFF to work in the command structure of that agency or command. During the Agency's MFF activations, and in keeping with Incident Command concepts, the following chain of command will be in effect:

Fort Collins Police Services

Policy Manual

Mobile Field Force and Civil Disobedience

- (a) Chief of Police or an authorized designee
- (b) Division Captain or designee responsible for the incident
- (c) Watch Commander or Lieutenant responsible for the incident
- (d) Incident Commander
- (e) Field Commander
- (f) Team Leader

425.3 PERSONNEL

- (a) A Mobile Field Force is a contingent of MFF trained officers and sergeants led by a Field Commander. The MFF may be supplemented by other units such as SWAT and K-9.
- (b) The MFF Field Commander is responsible for the overall tactical operation of the MFF.
- (c) Officers from the SWAT team will be assigned as the primary chemical agent operators and lethal force cover operators. These officers are specially trained and equipped for these roles. They will be under the direction of a SWAT Team Leader. Other officers with specialty training (such as K-9) will also report to the SWAT Team Leader. The SWAT Team Leader will report to the Field Commander.
- (d) A MFF Team is the basic element of a MFF. Each team will typically be led by a Team Leader (sergeant or senior officer). The number of officers assigned to a team will vary depending on the mission of the team. The number and mission of the teams will be decided by the Field Commander.
- (e) Officers and sergeants deployed as part of a MFF should be equipped and trained for their particular assignment prior to deployment.
- (f) Approved uniform for the particular mission will be at the MFF Commander's discretion. This information should be included in the MFF mobilization message sent by PECC. The standard patrol uniform or black BDU pants and shirt is acceptable if no information is provided to the contrary.
- (g) Officers should wear the appropriate safety equipment issued by the Agency.

425.3.1 TRAINING

- (a) At a minimum, MFF training is mandatory for all sworn officers annually. Training will include but is not limited to the following:
 - 1. MFF tactics and deployment,
 - 2. Team and skirmish line movement, and
 - 3. Team Leader and MFF Commander responsibilities.

425.3.2 PROGRESSION OF FORCE

A patrol supervisor or Watch Commander has a great deal of discretion when trying to address a large crowd. When making a decision on whether to activate the MFF for a large crowd response, the patrol supervisor or Watch Commander should consider the following three-tiered response decision-making matrix. This matrix is based on the Safety Priorities and provides for an appropriate response with contingencies built in for officer safety.

- (a) Tier One:
 - 1. Non-riotous, non-violent crowd that the patrol supervisor or Watch Commander feels can be impacted with the use of small-team tactics. It is not necessary to

Fort Collins Police Services

Policy Manual

Mobile Field Force and Civil Disobedience

activate a MFF to handle this type of crowd unless the patrol supervisor or Watch Commander feels the additional personnel would be helpful. Appropriate tools for use for this type of crowd might be individual OC dispensers, the PepperBall, or other individual target specific tools.

- (a) Note: The use of pyrotechnic chemical agents is not appropriate for this tier.
- (b) Tier Two
 - 1. Large riotous and violent crowd absent an immediate concern that SBI or death is occurring. In this tier, the patrol supervisor should contain the area as best as possible and initiate a MFF call-out. An emergency team should be formed in the event that an immediate rescue is needed. This crowd should be monitored but no action should be taken to disperse the crowd until a MFF can be organized and deployed.
- (c) Tier Three
 - 1. Large riotous and violent crowd that has created an immediate concern that SBI or death may be occurring in the crowd. The patrol supervisor or Watch Commander is authorized to deploy pyrotechnic chemical agents, if appropriate, and intercede with an emergency team to rescue the victim(s). Once the rescue has been completed, the officers should return to containments positions and wait for the organization and deployment of the MFF.

Extraterritorial Jurisdiction

426.1 PURPOSE AND SCOPE

The Agency recognizes that situations may occur which warrant compelling and immediate police action by Agency officers while outside Agency jurisdiction. Therefore, in addition to other authority granted to officers by Policy, Directives and by law, an officer is authorized to take police action in an on-duty or off-duty status outside the Agency's jurisdiction in any situation in which a felony or misdemeanor has been or is being committed in the officer's presence within the State of Colorado.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from a patrol supervisor or Watch Commander and shall respond to the request as outlined in Policy 352 - Mutual Aid and Outside Agency Assistance. If the request is of an emergency nature, the officer shall notify Dispatch before responding and thereafter notify an on-duty supervisor as soon as practicable.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

- (a) Pursuant to Colorado Revised Statute (C.R.S.) 16-3-110, this Policy grants officers the authority to take police action when outside the Agency's jurisdiction but within the State of Colorado.
 1. Such authority, however, is granted only to those officers who are certified as peace officers pursuant to C.R.S. 24-31-305; this does not include Community Service Officers or other employees of the Agency.
 2. Such authority is granted only regarding felonies and misdemeanors committed in the officer's presence; it does not include traffic infractions, petty offenses, and crimes not committed in the officer's presence.
- (b) An officer who intervenes in a criminal act under the provisions of this Policy shall make prudent decisions based on the totality of the circumstances, and shall adhere to Agency Policies relating to the use of force.
- (c) When practical, an officer acting under the provisions of this Policy shall identify himself/herself as a police officer prior to taking police action.
- (d) Officers are discouraged from initiating or engaging in motor vehicle pursuits outside Agency jurisdiction except under circumstances which are clearly life-threatening.
- (e) An officer should not intervene in a criminal act under the provisions of this Policy if the officer has consumed an alcoholic beverage or medication which alters mood, skills, or judgment.

426.1.3 REPORTING

- (a) Pursuant to C.R.S. 16-3-110(2), if an officer makes an arrest of any person while acting outside Agency jurisdiction, the officer shall immediately notify the law enforcement agency having jurisdiction of the arrest, and any person arrested by the officer shall be released to the custody of that law enforcement agency as soon as practical.

Fort Collins Police Services

Policy Manual

Extraterritorial Jurisdiction

- (b) If an officer is involved in any type of police action while outside Agency jurisdiction, whether on or off duty, he/she must inform the on-duty Watch Commander of the incident as soon as possible.
 - 1. If the Watch Commander determines that the incident warrants immediate attention, he/she shall immediately notify the officer's Division Captain.
 - 2. The Division Captain is responsible for notifying the Chief of Police.
- (c) The involved officer must complete a police report as soon as practical.

426.1.4 EXCEPTION

An officer duly assigned to another agency or task force shall follow the operational and reporting procedures established by that entity when taking police action outside Agency jurisdiction.

426.1.5 LIABILITY AND WORKER'S COMPENSATION

- (a) For purposes of the Colorado Governmental Immunity Act (C.R.S. 24-10-101, et seq.), any acts or omissions of an officer taking police action in accordance with this Policy, whether on-duty or off-duty, shall be deemed to have occurred during the performance of their duties and within the scope of their employment with the Agency.
- (b) For purposes of the Colorado Workers' Compensation Act (C.R.S. 8-40-101, et seq.), and the Public Safety Officers' Benefit Act (42 U.S.C. Section 3796, et seq.), if an officer is injured or killed as a result of taking police action in accordance with this Policy, his/her resulting injuries or death shall be deemed to have occurred while on-duty and arising out of and in the course of his/her employment with the Agency.
- (c) The Agency and the City of Fort Collins do not intend and are not agreeing by this Policy to provide to any officer acting in accordance with this Policy any insurance coverage, compensation, or other benefits in excess of or in addition to those legally available to the officer under the above-mentioned statutes or any other laws.

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to employees of Fort Collins Police Services in reporting, investigating and enforcing immigration laws. It is incumbent upon all employees of this Agency to make a personal commitment to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of the Agency in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

428.2 FORT COLLINS POLICE SERVICES IMMIGRATION VIOLATION POLICY

The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code (USC) dealing with illegal entry. When assisting ICE at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of Title 8, USC §§ 1304, 1324, 1325 and 1326, this Agency may assist in the enforcement of federal immigration laws.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS

Persons wishing to report immigration violations should be referred to the local office of ICE. The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, USC.

428.3.1 BASIS FOR CONTACT

Officers must make legitimate contact with and have reasonable suspicion that an individual is an undocumented alien prior to investigating immigration status. The fact that an individual is suspected of being an undocumented alien should generally not be the sole basis for contact, detention or arrest.

428.3.2 ICE REQUEST FOR ASSISTANCE

Officers have a duty to cooperate with state and federal officials with regard to enforcement of state and federal laws regarding immigration (CRS § 29-29-103(b)).

If a specific request is made by ICE or any other federal agency, this Agency will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

428.3.3 IDENTIFICATION

Whenever an individual is reasonably suspected of a criminal violation (e.g., infraction, misdemeanor or felony), the investigating officer should take reasonable steps to determine the individual's identity through valid identification or other reliable sources. If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

Fort Collins Police Services

Policy Manual

Immigration Violations

428.3.4 ARRESTS

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation if there is a substantial likelihood that the individual will not show up at a later date.

428.3.5 BOOKING

If there is a substantial likelihood that a person will not show up at a later date because he/she cannot reasonably establish his/her true identity, the individual may be booked into jail for the suspected criminal violation and held for bail.

428.3.6 DETENTION

A person detained exclusively for a traffic violation or misdemeanor should not be detained longer than necessary for the purpose of establishing his/her true identity.

428.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

An officer who has probable cause to believe that an arrestee is not legally present in the United States shall report such arrestee to ICE if the arrestee is not being held at a detention facility. If the arrestee is held at a detention facility, the arresting officer shall promptly notify the receiving custody officials when the arrestee is suspected of not being legally present in the United States (CRS § 29-29-103(2)(a)(I)).

Officers are not required to make the above report to ICE when the person was arrested for domestic violence as defined by CRS § 18-6-800.3 (CRS § 29-29-103(b)).

428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Fort Collins Police Services is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any person. The decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members of this Agency should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information or otherwise abrogate the duty to cooperate with federal, state or local government entities (8 USC § 1373, 8 USC § 1644, CRS § 29-29-103 (2)(a) and CRS § 29-29-103(b)).

428.4.1 U-VISA/T-VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U and T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services may be completed on the appropriate U.S. Department of Homeland Security

Policy Manual

Immigration Violations

(DHS) Form supplements (I-918 or I-914) by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Criminal Investigations Division supervisor assigned to supervise the handling of any related case. The Criminal Investigations Division supervisor should do the following:

- (a) Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.
- (b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Form I-918/I-914 may be found on the U.S. DHS website.
- (c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.
- (d) Address the request and complete the declaration/certification, if appropriate, in a timely manner.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The Fort Collins Utilities Department has personnel available to handle emergency calls 24 hours a day, seven days a week.

Police officers encountering disruptions or hazards in utility services shall notify Dispatch. Citizens reporting disruptions during non-business hours frequently contact Dispatch as well. Requests for such service received by this Agency should be handled consistent with this Policy.

430.1.1 BROKEN WATER LINES

The City's responsibility for servicing clean water infrastructure ends at a residential or commercial water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. The Utility Department can only turn off the valve at the meter. A citizen may accomplish this to prevent water from flowing.

If a break occurs on the City side of the meter, the Utility Department or on-call emergency utility worker should be called as soon as practicable by Dispatch.

430.1.2 ELECTRICAL LINES

Disruptions in electrical service, including downed power lines, can present a significant safety hazard for police officers and citizens.

When a power line or other electrical service disruption poses a hazard, an officer should be dispatched to protect against injuries to officers and citizens, and the Utility Department or on-call utility worker should be promptly notified.

430.1.3 STREET FLOODING

The Utility Department maintains reservoirs and public water equipment, as well as underpass and other street drainage systems. In the event of flooding or equipment malfunctions, the Utility Department or the on-call utility worker should be called as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Dispatch.

430.2 TRAFFIC CONTROL DEVICES

The City of Fort Collins maintains all traffic signals within the City, other than those maintained by the Colorado Department of Transportation (CDOT).

430.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning traffic control device, the officer will advise Dispatch of the location and problem with the device. The dispatcher should make the necessary notification to the Streets Department.

Detentions, Contacts and Photographing Detainees

440.1 PURPOSE AND SCOPE

The purpose of this Policy is to establish guidelines for conducting field interviews (FI), pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available at the time of the detention.

440.2 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to:

- (a) The appearance or demeanor of an individual that suggests he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect that suggest he/she is engaged in a criminal activity.
- (c) Whether the hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

440.2.1 INITIATING A FIELD INTERVIEW

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this Policy is intended to discourage consensual contacts. Fort Collins Police Services encourages its officers to make frequent and random casual contacts with consenting individuals to strengthen community involvement, community awareness, and problem identification.

440.2.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

Fort Collins Police Services

Policy Manual

Detentions, Contacts and Photographing Detainees

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Agency personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in an Agency vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

440.2.3 DURATION OF DETENTION

A subject may be detained to conduct an FI only for the period reasonably necessary to determine the individual's identity and resolve the officer's suspicions. The interview should not extend beyond the immediate vicinity of the place of detention unless the detainee consents to further contact or is arrested.

440.3 CONSENSUAL SEARCHES

An officer may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

- (a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
- (b) The person is informed that he/she is being asked to voluntarily consent to a search.
- (c) The person is informed that he/she has the right to refuse the request to search.
- (d) The person voluntarily provides consent.

When asking for consent, officers should explain the scope of the search. Officers should stop a consent search if the person withdraws consent.

Officers should, whenever practicable, obtain written consent. If a written consent form is not readily available, the officer should record any verbal consent, if possible.

440.4 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to, the following (see also CRS § 16-3-103(2)):

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
 - (b) Where more than one suspect must be handled by a single officer.
-

Fort Collins Police Services

Policy Manual

Detentions, Contacts and Photographing Detainees

- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

When reasonably possible, pat-down searches should be performed by officers of the same gender as the suspect.

440.5 DISPOSITION OF PHOTOGRAPHS TAKEN IN THE FIELD

All detainee photographs must be adequately labeled and associated with either an associated FI card or a report number. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the officer who collected the photograph should forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or memorandum is relevant to criminal gang enforcement, the officer will forward the photo and documents to the Criminal Impact Unit supervisor. That supervisor will ensure the photograph and supporting documents are retained as prescribed in the Policy 442 - Criminal Street Gangs.
- (b) Photographs that do not qualify for retention in Policy 442 - Criminal Street Gangs or that are not evidence in an investigation will be destroyed.
- (c) When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file in the Records Division. All other photographs will be kept in compliance with the Agency's records retention schedule,
- (d) When a photograph of a child is taken in association with a particular case, before filing a complaint regarding the offense, the photograph may only be used in the investigation of the original offense and may only be released to the court.

440.6 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this Agency during any contact other than an arrest may file a written request within 30 days of the contact, requesting a review of the status of the photograph or FI. The request shall be directed to the Chief of Police, who will ensure that the status of the photograph or FI is properly reviewed according to this Policy as described below. Upon a verbal request, the Agency shall send a request form to the requesting party along with a copy of this Policy.

440.6.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or an authorized designee will permit a person of whom the Agency retains a photograph or record of a field interview (FI) appear in person and review that photograph or FI. Any minor must be accompanied by a parent or legal guardian for a review of the status of the photograph or FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police,

Fort Collins Police Services

Policy Manual

Detentions, Contacts and Photographing Detainees

there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing.

After carefully considering the information available, the Chief of Police or an authorized designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Fort Collins Police Services Policy and whether there is any ongoing legitimate law enforcement interest in retaining the photograph or FI.

If the Chief of Police or an authorized designee determines that the photograph/FI was obtained in accordance with existing law and Agency Policy and there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph or FI shall be retained according to this Policy and applicable law.

If the Chief of Police or an authorized designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph or FI card no longer exists or that it was obtained in violation of existing law or Fort Collins Police Service Policy, the original photograph or FI card shall be purged and disposed in compliance with the organization's records retention schedule. All other associated reports or documents, however, will be retained according to Agency Policy and applicable law.

If the Chief of Police or the authorized designee determines that any involved Fort Collins Police Services personnel violated existing law or Agency Policy, the Chief of Police or an authorized designee shall initiate a separate administrative investigation that may result in additional training, discipline or other appropriate action for the involved employee.

The person photographed or whom was the subject of an FI will be informed in writing within 30 days of the Chief of Police's determination whether the photograph or FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Criminal Street Gangs

442.1 PURPOSE AND SCOPE

It is the Policy of this Agency to establish a procedure for identifying criminal street gangs, participants of criminal street gangs and patterns of criminal or delinquent activity. The intent of this Policy is to establish a procedure that will be used to develop and maintain a file of information used for enhancing criminal prosecution of criminal street gang participants.

Criminal Street Gangs

442.4 CRIMINAL STREET GANG TEMPORARY FILE

The Criminal Impact Unit may maintain a temporary file of reports and field interviews (FI system) that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected street gang participant or a suspected street gang, but does not meet the criteria for entry into a criminal gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within two years of the contact, the individual or group will meet the criteria for entry into a criminal gang intelligence database approved by the Agency. A temporary file of street gang participants shall include the following:

- (a) Names, aliases, monikers, addresses, and other relevant identifying information.
- (b) Associated gang name.
- (c) Information/incidents used to identify an individual as a criminal street gang associate.
- (d) Vehicles known to be used.

Temporary files should not be retained longer than two years. At the end of two years, temporary files must be purged if the information does not qualify for entry into a criminal gang intelligence database approved by the Agency.

The Criminal Impact Unit information tracking designee shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal files is the responsibility of the Criminal Impact Unit supervisor.

442.5 FIELD CONTACTS

Officers who contact individuals who are, or may be, participants in criminal street gang activity should complete a field interview (FI) card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant based on the above criteria (e.g. subject states he/she is a member of XYZ gang, has XYZ tattoo on hand, or is wearing a shirt with the gang name printed in red or blue).

The FI card should be turned into the Agency's Records unit for entry or entered by the officer into the Automated Reporting System.

Any photographs that are taken of subjects who are known or suspected criminal street gang participant shall be forwarded to the Criminal Impact Unit.

442.6 DISSEMINATIONS OF THE FILE INFORMATION

442.7 REPORTING CRITERIA AND ROUTING

Incidents that appear to be criminal gang related shall be documented on a report form and shall at a minimum include:

Fort Collins Police Services

Policy Manual

- (b) A specific request that a copy of the report be routed to the Criminal Impact Unit.

442.8 CRIMINAL GANG INVESTIGATIVE DATA SYSTEM

The Agency may establish a uniform system of collecting, analyzing, evaluating, maintaining, securing, and disseminating intelligence information related to gang activity and involvement. This system will include the CoG and/or any other intelligence databases approved by the Agency.

- (a) The purpose of gang intelligence information is to provide Agency users and users of the CoG database with information which complies with state and federal regulations and allows for the collection and analysis of information regarding suspected criminal activity associated with gang activity in preventing future criminal acts.
- (b) The CoG system is entirely maintained by the Colorado Bureau of Investigations, and they are ultimately responsible for compliance with the guidelines defined in Title 28 Code of Federal Regulations, Part 23- Criminal Intelligence Systems Operating Policies.

- (d) Employees should collect and forward suspected gang related intelligence information to the Criminal Impact Unit for the purpose of analysis and validation of individuals and their involvement or associations with gang related activity.
 - 1. Gang Intelligence information consists entirely of legally obtained and validated data regarding the reasonably suspected gang activities and associations of individuals, groups or organizations believed to be involved in criminal acts or in the threatening, planning, organizing or financing of criminal acts, based upon reasonable suspicion.

442.8.1 ACCESS TO COG

CoG provides information for the street officer who conducts a query of the Colorado Crime Information Center (CCIC) database. After a query is made, the CoG database will present information through CCIC that the queried subject is in the CoG database, which is vital safety information for the patrol officer.

Access to the CoG database will give investigators an additional tool to investigate gang activity and crimes, not only in our own jurisdiction, but in other participating jurisdictions.

442.8.2 PROCEDURE FOR ENTRY INTO DATABASE

Once a criminal street gang has been identified and/or an individual is reasonably suspected of participating in a criminal street gang, it is the responsibility of the designated CoG coordinator and/or authorized designees to enter the information obtained into the CoG database. The information entered will be consistent with criteria established in 28 CFR Part 23 and the CoG Policy and Procedure manual.

Fort Collins Police Services

Policy Manual

Criminal Street Gangs

The authorized Agency employee shall not enter or maintain information in the CoG system unless the information meets the definition of "criminal intelligence information" or "non-criminal identifying information" as defined in this Policy Manual.

442.8.3 RETENTION/PURGING/AUDITING

CoG records retained in the system shall be reviewed and validated for continuing compliance with system submission criteria for a 5-year retention period. Any information not validated within that period will be purged by CoG. CoG periodically conducts inspections and audits of user agencies entries; therefore, Agency entries must have supporting documentation maintained to CoG standards.

Mobile Data Computer

448.1 PURPOSE AND SCOPE

Mobile Data Computers (MDCs) access confidential records of criminal and personal information from official Agency, state and federal government databases. Employees using MDCs shall comply with all appropriate Agency, federal and state rules and regulations.

Some calls for service dispatched to patrol units may be communicated via the patrol laptop. Priority calls for service shall be communicated by radio as well as MDC, unless otherwise authorized by the Watch Commander.

448.2.1 USE WHILE DRIVING

- (a) Use of the MDC by an officer should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the officer should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.
- (b) Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an officer attempt to send or review lengthy messages while the vehicle is in motion.

448.2.2 DOCUMENTATION OF ACTIVITY

The Computer-Aided Dispatch (CAD) system, MDCs and voice transmissions record official police business and also an officer's daily activity. To ensure the most accurate records, the following are required:

- (a) Contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the CAD system by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the laptop.

448.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted verbally over the police radio or through the CAD system.

- (a) Officers responding to urgent or in progress calls shall advise changes in status over the radio to assist other officers responding to the same incident.
- (b) Other changes in status may be entered via the MDC.

448.3 MAINTENANCE

Officers assigned laptops shall follow routine and ad hoc maintenance schedules as directed by the Information Services Division.

448.3.1 MALFUNCTIONS AND SPARES

Officers shall promptly deliver a malfunctioning laptop computer to the Information Services Division following established procedures.

Officers may check-out a spare laptop, if available, and return the laptop prior to their end of shift (if the laptop is used for routine patrol) in order that enough spare laptops are available for the various patrol shifts.

If an in-service, uniformed patrol officer does not have a working laptop, they shall notify Dispatch.

Medical Marijuana

452.1 PURPOSE AND SCOPE

The purpose of this Policy is to provide employees with guidelines for handling and distinguishing between claims of medical marijuana use under the Colorado Medical Marijuana Code (CRS § 12-43.3-101, et seq.) and criminal narcotics violations.

452.2 ENFORCEMENT

Although federal law does not permit possession of marijuana for medical use, Colorado has created an affirmative defense for certain qualified individuals possessing small quantities of marijuana for medical use under strict conditions.

- (a) Colorado does not provide any exception for individuals driving under the influence of marijuana. All such cases should be handled with appropriate enforcement action (CRS § 42-4-1301, et seq.).
- (b) Possession, cultivation and sales of marijuana in quantities beyond that which might reasonably be construed for personal use should be handled as criminal cases, with appropriate enforcement action taken pursuant to CRS § 18-18-406:
 1. Unless a doctor has expressly documented a greater amount, no qualified patient or primary caregiver may possess more than 2 ounces of a usable form of marijuana per individual (Colo. Const. Art. 18, § 14(4)(a) and CRS § 12-43.3-901(4)(e)).
 2. A qualified patient or primary caregiver may also maintain no more than six plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana per individual.
- (c) In any case involving the possession or cultivation of marijuana, the handling officer should inquire whether the involved individual is claiming that the marijuana is for medicinal purposes.
 1. If no such claim is made, the officer should proceed with normal enforcement action.
 2. If a claim of medicinal use is made, and the claimant has the proper documentation, the officer should proceed as outlined below.
- (d) A patient or primary caregiver shall not (CRS § 25-1.5-106(12)(b)):
 1. Use medical marijuana in a way that endangers the health and well-being of any person.
 2. Use medical marijuana in plain view or in a place open to the public.
 3. Undertake any task while under the influence of medical marijuana when doing so would constitute negligence or professional malpractice.
 4. Possess or use medical marijuana on school grounds or in a school bus.
 5. Use medical marijuana while in a correctional facility or while incarcerated.
 6. Use medical marijuana while in a vehicle, aircraft or motor boat.
 7. Operate, navigate or be in physical control of any vehicle, aircraft or motor boat while under the influence of medical marijuana.

Fort Collins Police Services

Policy Manual

Medical Marijuana

8. Use medical marijuana except as provided by Colorado law.
 - (e) Where a police officer and his supervisor intend to serve a defendant with a criminal summons and complaint or prepare a case against the defendant in anticipation of screening the case with the District Attorney it is the practice of this Agency to seize only a representative sample of the marijuana. The representative sample will be made by clipping samples from the plants and product. In addition to the sampling, police officers will take numerous photographs, video, and other non-invasive evidence to assist in the prosecution of the criminal case. Only in the most extreme situations, and only after a command staff officer has approved it, will an officer seize entire plants and product.
 - (f) Nothing in this Policy shall be deemed to create an exception, defense or immunity to any person in regard to any potential criminal liability the person may have under federal law for the cultivation, possession, sale, distribution or use of marijuana.

452.3 MEDICINAL CLAIMS

In order to qualify for a medicinal marijuana defense, the individual making such a claim must affirmatively establish the following information. If the individual cannot or will not provide all of the required information, the officer should note such in any related report and proceed with appropriate enforcement action.

452.3.1 PATIENTS

An individual may establish his/her status as a medical marijuana patient by presenting a current and valid registry identification card issued by the Colorado Department of Public Health and Environment (CDPHE) (CRS § 25-1.5-106(9)(a)). A medical marijuana program application and proof of submission shall be acceptable if the CDPHE has not made a determination within 35 days of the date the application was filed.

Valid registry identification cards are valid for one year and shall contain the following information:

- (a) A unique serial number
- (b) The patient's name, address, date of birth and social security number
- (c) The date of issuance and expiration
- (d) The name and address of the patient's primary caregiver, if any

An officer shall accept a properly issued registry identification card unless he/she reasonably believes the information on the card is false, that the card is being used fraudulently or that the card has been suspended because the patient no longer has a debilitating medical condition.

452.3.2 PRIMARY CAREGIVERS

A primary caregiver is not authorized to use, sell or possess marijuana for sale. A primary caregiver must (CRS § 25-1.5-106(2)(d.5)):

- (a) Be at least 18 years of age.
- (b) Have significant responsibility for managing the well-being of a patient who has a debilitating medical condition. By itself, the act of supplying a patient with medical marijuana does not constitute a significant responsibility.
- (c) Provide upon inquiry the registration identification card number of each of his/her patients to a law enforcement agency, in accordance with CRS § 25-1.5-106(7)(d).

Fort Collins Police Services

Policy Manual

Medical Marijuana

- (d) Maintain the patient-primary caregiver relationship in accordance with CRS § 25-1.5-106(8).

A primary caregiver must be approved by the CDPHE and possess a valid registry identification card whenever he/she is in possession of medical marijuana (CRS § 25-1.5-106(9)).

452.3.3 NOTIFICATION FOLLOWING ILLEGAL POSSESSION

Employees shall notify the CDPHE as soon as reasonably practicable upon learning that a person issued a registry identification card has pleaded guilty or been determined by a court to have violated provisions of the Colorado Medical Marijuana amendment (Colo. Const. Art. 18, § 14(3)(g)).

452.4 RETURN OF MARIJUANA

Federal law provides that regardless of the prosecution status or disposition of any related criminal case, law enforcement will not be responsible for the return of any marijuana seized as evidence, except as may be required by a valid court order (21 USC § 885(d)). However, state law stipulates that any property of interest that is possessed, owned or used in connection with the medical use of marijuana or acts incidental to such use, shall not be harmed, neglected, injured or destroyed while in possession of the Fort Collins Police Services, where such property has been seized in connection with the claimed medical use of marijuana (Colo. Const. Art. 18, § 14(2)(e)). It is therefore the Policy of this Agency that:

- (a) Any such property shall not be forfeited unless a sentence is imposed after a conviction of a criminal offense, entry of a plea of guilty to such offense, or ownership and possession is voluntarily waived.
- (b) Any medical marijuana and paraphernalia seized from a patient or primary caregiver who claimed medical use may be returned only upon the determination of the district attorney or his or her designee that the patient or primary care-giver is entitled to the protection contained in the Colorado Constitution; as may be evidenced, for example, by a decision not to prosecute, the dismissal of charges, or acquittal.

Foot Pursuits

458.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This Policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

458.1.1 POLICY

It is the Policy of this Agency when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to Agency personnel, the public or the suspect. Officers are expected to act reasonably, based on the totality of the circumstances. The safety of Agency personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and Agency personnel.

458.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. Mere flight by a person who is not suspected of criminal activity shall not serve as the justification for engaging in a foot pursuit. Officers may also be justified in initiating a foot pursuit of any individual the officer reasonably believes to be a danger to themselves or others. However, this decision must be continuously reevaluated in light of the circumstances presented at the time. Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under dynamic circumstances. It is recognized that foot pursuits potentially place Agency personnel and the public at risk.

458.3 PROCEDURE

Tactics used during a foot pursuit will be the responsibility of the initiating officer, as well as the on duty supervisor.

458.3.1 OFFICER RESPONSIBILITIES

Officers who initiate a foot pursuit will notify Dispatch as much information as practical given the situation, including:

- (a) Officer number;
- (b) Location;
- (c) Direction of travel; and
- (d) Description of suspect.

458.3.2 DISPATCH RESPONSIBILITIES

Upon hearing an officer had initiated a foot pursuit, the dispatcher will immediately:

- (a) Simulcast and alert tone on Channels 1, 2 and 3;

Fort Collins Police Services

Policy Manual

Foot Pursuits

- (b) Air the officer's unit number, the reason for the alert tone and the officer's last known location, including patrol district number;
- (c) If there is suspect information or a direction of travel, this information will also be aired by dispatch; and
- (d) Assign two officers to the unit's location or if two officers are not available "any unit to respond."

In these situations, only emergency radio traffic is acceptable until the situation is Code 4.

- (a) Responding officers will keep transmissions to a minimum, for instance, airing only that they are enroute.
- (b) Dispatch may need to enter the officer's enroute status in CAD.

Homeless Persons

464.1 PURPOSE AND SCOPE

The purpose of this Policy is to ensure that officers understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes.

464.1.1 POLICY

It is the Policy of the Fort Collins Police Services to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of everyone in our community

464.2 HOMELESS COMMUNITY LIAISON

The Patrol Division Captain will designate an employee as the homeless liaison officer. The responsibilities of the homeless liaison officer include:

- (a) Maintaining and making available to all Agency employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintaining a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 1. Proper posting of notices of trespass and cleanup operations.
 2. Proper retention of property after cleanup, to include procedures for owners to reclaim their property in accordance with the Property Procedures Policy and other established procedures.
- (e) Be present during any cleanup operation conducted by this Agency involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

464.3 FIELD CONTACTS

- (a) Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this Policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity.
- (b) Officers should be familiar with resource and assistance information for the Homeless and be able to offer the information when it is requested or appropriate

Fort Collins Police Services

Policy Manual

Homeless Persons

464.3.1 OTHER CONSIDERATIONS

The fact that a victim or witness is homeless can require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may have the need for adult protection services.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

464.4 PERSONAL PROPERTY

- (a) The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.
- (b) When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted.
- (c) Officers should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor.
- (d) Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property and should inform the Agency homeless liaison officer. If such property appears to involve a trespass, is blight to the community or is the subject of a complaint the officer should take action to remove the property. It will be the responsibility of the homeless liaison officer to coordinate abatement efforts with other city services prior to the removal of large encampments.

464.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic collisions and improve the safety and quality of life for the community through compliance with traffic laws. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, traffic conditions and other data. This Agency provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations but also in terms of traffic-related needs.

500.2 POLICY

Traffic law enforcement is a primary focus of the Agency's community-oriented policing philosophy and is an essential part of neighborhood policing strategies. Therefore, enforcing traffic laws is a primary responsibility for patrol officers. This Agency requires a regular and sustained focus on the enforcement of traffic laws through the issuance of verbal and written warnings and the issuance of traffic citations. All patrol officers shall take directed and random enforcement action during their patrol shifts unless such enforcement action is impracticable due to call load. Several factors should be considered when officers enforce traffic laws. Some of the factors include:

- Location;
- Time;
- Day;
- Citizen complaints;
- Frequency or violations or collisions;
- Areas of focus are identified by patrol supervisors or the Traffic Unit;
- Special events; and
- Construction zones.

500.3 ENFORCEMENT

Citizens in every area and patrol district of the city deserve a police officer's focus on traffic law enforcement for the safety of their neighborhoods and commuting routes. Patrol officers who do not demonstrate regular and sustained focus on the enforcement of traffic laws in their assigned patrol areas may be reassigned to another patrol area at the discretion of their supervisor. Officers who do not demonstrate their ability to accomplish this essential patrol officer function will be limited in their opportunities to participate in special assignments, special units, will receive below standard evaluations, and could be subject to discipline.

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This Agency does not establish ticket quotas, however the number of arrests or citations issued by a patrol officer is a significant measure in evaluating overall patrol officer performance. The frequency, visibility and quality of an officer's work effort will be commensurate with the community-oriented policing philosophy of this Agency.

Fort Collins Police Services

Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST

Circumstances that do not result in a citation or arrest require providing a business card in compliance with the law (C.R.S. 24-31-309(4)(a)).

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the place specified in the summons, complaint or penalty assessment notice is a court within the county in which the offense is alleged to have been committed. (CRS § 42-4-1707(5)).

500.3.4 REFUSAL TO SIGN TRAFFIC CITATION

A person who refuses to sign a traffic citation for a violation which is punishable as a misdemeanor, and thereby declines to make a written promise to appear in court, may immediately be taken before a magistrate (CRS § 42-4-1705(1)(e)). However, if a person's identity can be determined, a summons should be issued rather than making an arrest.

500.3.5 PHYSICAL ARREST

An officer may physically arrest a person on a number of criminal traffic offenses. These physical arrest cases usually deal with, but are not limited to (CRS § 42-4-1705(1)):

- (a) Negligent homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.
- (d) Hit-and-run resulting in damage to any vehicle or property.
- (e) A reasonable belief that the violator may leave the state and will not fulfill the obligations of the summons.

500.4 SUSPENDED OR REVOKED DRIVER'S LICENSE

If an officer contacts a traffic violator for driving on a suspended, revoked or restricted license and the violation is not an unclassified misdemeanor, the officer may, without a warrant, arrest the violator for a misdemeanor (CRS § 42-2-138).

500.5 HIGH-VISIBILITY VESTS

The Agency has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 C.F.R. § 655.601).

Fort Collins Police Services

Policy Manual

Traffic Function and Responsibility

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.5.1 REQUIRED USE

Except when working routine traffic enforcement, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures, while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

All officers shall have a high-visibility vest readily available in their Agency-issued vehicle for circumstances in which officers might be exposed to hazards in which the vest would enhance officer safety or when officers might benefit from being readily identified as an officer.

Traffic Accident Response and Reporting

502.1 PURPOSE AND SCOPE

- (a) The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. Fort Collins Police Services prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.
- (b) A "traffic accident," as defined in the Investigative Officer's Accident Report Manual, is unintentional damage or injury caused by the movement of a motor vehicle or its load.

502.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic accident. A traffic accident with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate.

502.2.1 RESPONSE CONSIDERATIONS

An officer responding to, and upon arrival at, a traffic accident should consider the following:

- (a) The most appropriate route to the incident
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene
- (c) Potential for involvement of hazardous materials
- (d) Providing first aid to any injured parties, if it can be done safely, including obtaining medical assistance as necessary
- (e) Traffic control and protection of the scene
- (f) Clearance of the roadway

502.3 INVESTIGATION OF TRAFFIC ACCIDENTS

- (a) Fort Collins Police Services is responsible for the investigation of traffic accidents that occur within the city limits of Fort Collins.
- (b) The appropriate State of Colorado Traffic Accident report forms, witness statement forms, and driver information forms will be used for all traffic accidents.
- (c) All traffic accidents shall be investigated. The investigation of a traffic accident will generally involve responding to the scene, assessing physical damage to the vehicles involved, collection of evidence, and obtaining witness statements so as to reasonably conclude that the proximate cause for the accident rests with one of the drivers. As a general rule, the officer investigating the accident will issue citation(s) upon determination of probable cause for a violation of traffic law or other violations that become apparent during the investigation. Exceptions must be approved by a supervisor.

Fort Collins Police Services

Policy Manual

Traffic Accident Response and Reporting

502.3.1 EXCEPTIONS TO TRAFFIC ACCIDENT INVESTIGATIONS

Exceptions to traffic accident investigations are:

- (a) Private property traffic accidents and property damage accidents which do not involve injury, hit and run, or alcohol/drugs, or property damage accidents in which the involved parties agree to file a report with Records rather than have an officer respond to the scene.
 - 1. Any summons issued as a result of a property damage traffic accident reported to Records in which a person is determined to be an "at fault" party and has no proof of valid insurance, shall be written into County Court.
- (b) Traffic accidents in which the officer responds to the scene where the vehicles have been moved and finds that no physical evidence exists.
 - 1. In such incidents, the officer's primary duty is the objective recording of accurate information obtained from the drivers of the involved vehicles and any witnesses.
 - 2. Even though a traffic accident is recorded rather than being fully investigated, a summons may be issued upon determination that probable cause exists that a violation of Colorado law or City ordinance has occurred..

Vehicle Towing and Release Policy

510.1 PURPOSE AND SCOPE

This Policy provides the procedures for towing a vehicle by or at the direction of the Agency and under the authority of CRS § 42-4-1803 and § 1801 of the City of Fort Collins Traffic Code.

510.2 RESPONSIBILITIES

Employees storing or impounding a vehicle will obtain the approval of supervisor, except that supervisory approval is not required to tow vehicles that are damaged as a result of a traffic accident if:

- (a) The vehicle, if not towed, is located in a manner that creates a traffic hazard, or
- (b) The owner/operator of the vehicle consents.

510.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM

Employees requesting towing of a vehicle shall complete a vehicle impound/storage form that includes written authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle and a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Records as soon as practicable after the vehicle is stored.

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT

When a vehicle has been involved in a traffic accident and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to Fort Collins 911. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Fort Collins 911.

If the owner is incapacitated or for any reason it is necessary for the Agency to assume responsibility for a vehicle involved in an accident, the officer shall request the dispatcher to call a company selected from the rotational list of towing companies. The officer will then conduct an inventory and store the vehicle using a vehicle impound/storage form.

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Agency should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

510.2.4 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing by a specified towing company, the dispatcher shall promptly telephone the specified towing company. The officer shall be advised when the request has been made and the towing company has been dispatched.

Fort Collins Police Services

Policy Manual

Vehicle Towing and Release Policy

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the next firm is called.

510.2.5 RECORDS RESPONSIBILITY

Approved vehicle impound/storage forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Records personnel should promptly enter pertinent data from a completed vehicle impound/storage form into CCIC to determine if the vehicle has been reported stolen (CRS § 42-4-1804). No later than 10 working days after a vehicle has been towed by this Agency, Records personnel shall report the towing and related information to the Department of Revenue, Motor Vehicle Division as required by CRS § 42-4-1804(1)(b).

Records personnel shall make a good faith attempt to notify the owner or lien holder of abandoned vehicles within 10 working days after receipt of a vehicle impound/storage form pursuant to (CRS § 42-4-1804(4)(a) and CRS § 42-4-1804(4)(b)). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 42-4-1804(4)(c)).

Records should use the notice forms available from the Department of Revenue, Motor Vehicle Division when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 42-4-1804(5)).

510.3 TOWING SERVICES

The City of Fort Collins periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list. Nothing in this Policy shall require the Agency to tow a vehicle.

510.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the Policy of this Agency to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for additional investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest

Fort Collins Police Services

Policy Manual

Vehicle Towing and Release Policy

- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene

In such cases, the handling employee shall note in the report that the owner was informed that the Agency will not be responsible for theft or damages.

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Agency against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

510.6 PRESERVATION OF EVIDENCE

An officer removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence that tends to show that a criminal offense has been committed, or tends to show a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage personnel conducting the search shall take such steps as are reasonably necessary to secure and preserve the vehicle or property

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those agency members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Fort Collins Police Services is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

514.4 FIELD TESTS

The Traffic Sergeant should identify the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (CRS § 42-4-1301.1):

- (a) The officer has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI, habitual user or UDD).
- (b) The person is dead or unconscious (CRS § 42-4-1301.1(8)).

514.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee as provided for by law. Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1(2)(a)(I)). However, officers may choose to only offer a blood test if they suspect the driver is under the influence of drugs or a combination of alcohol and drugs.

For purpose of determining drug content within a person's system officers may select the most appropriate and viable test of the of the person's blood or urine. The arrestee is required to take and complete the selected test or tests. (CRS § 42-4-1301.1(2)(b)(I)).

514.5.2 BREATH SAMPLES

The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

Fort Collins Police Services

Policy Manual

Impaired Driving

514.5.3 BLOOD SAMPLES

Only persons authorized by law to withdraw blood shall collect blood samples (CRS § 42-4-1301.1(6)(a)). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be treated as a refusal. However, the person may be required to complete another available and viable test.

514.5.4 URINE SAMPLES

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by [an officer/a deputy] or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen.

The collection kit shall be marked with the person's name, offense, Fort Collins Police Services case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

514.6 REFUSALS

When a person refuses to provide a chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (CRS § 42-4-1301.1).

- (c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a seven day temporary permit unless the person already possesses one (CRS § 42-2-126(5)).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of

Fort Collins Police Services

Policy Manual

special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

- (c) Exigent circumstances exist and the officer has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1(3)):
 - 1. Criminally negligent homicide.
 - 2. Vehicular homicide.
 - 3. Vehicular assault.

514.6.3 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 PRELIMINARY TESTING

An officer may request that a person provide a breath sample for a preliminary screening test when the officer (CRS § 42-4-1301(6)(i)(I)):

- (a) Has reason to believe the person was driving a motor vehicle while under the influence or impaired by alcohol and,
- (b) Has advised the person that he/she may refuse or agree to provide the preliminary breath sample.

If the person is under the age of 21, the officer may conduct a preliminary screening test, without the person's consent, if there is a reasonable belief the person has consumed alcohol (CRS § 42-4-1301(6)(i)(I)).

An officer may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301(6)(i)(II)).

514.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2).

514.7.3 TIME TO COLLECT SAMPLE

If an officer requests that a person submit to a blood or breath test to determine the alcohol content of the person's blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1(2)(a)(III)).

If officer requests that a person submit to a blood or urine test to determine the drug content within the person's system, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1(2)(b)(II)).

514.7.4 NOTICE TO COMMERCIAL MOTOR VEHICLE DRIVER

Officers investigating a driver of a commercial motor vehicle license for DUI shall advise the person that a refusal to submit to a chemical test shall result in an out-of-service order for a period of 24 hours and a revocation of the privilege to operate a commercial motor vehicle for one year (CRS § 42-4-1301.1(4)).

514.7.5 OFFICER RESPONSIBILITIES

An officer believing that a person should be subject to license revocation as a result of driving under the influence shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126(5)):

514.7.6 EXTRAORDINARY CIRCUMSTANCES

If an officer requests a person to submit to a chemical test and subsequently determines that there are extraordinary circumstances that prevent the completion of the test elected by the person within the two-hour time period, the officer shall inform the person of such circumstances and request and direct the person to take and complete the other test. The person shall then be required to take and complete, and to cooperate in the completing of, the other test (CRS § 42-4-1301.1(2)(a.5)(I)). Extraordinary circumstances include, but are not limited to, weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1(a.5)(IV)(B)).

514.7.7 UNCONSCIOUS OR DECEASED PERSONS

If an officer believes a person to be DUI and the person cannot submit to a chemical test because the person is unconscious, hospitalized or undergoing medical treatment, the officer may:

- (a) Order the test of any blood or urine that was obtained and not utilized by the health care provider.
- (b) Have access to medical tests administered by the health care provider that show test results of the alcohol or drug content in the person's system. The provisions of section 13-90-107 relating to physician privileged communications do not apply to such test results (CRS § 42-4-1301.1(8)).

In addition, the blood or urine sample of any deceased driver or pedestrian at least 15 years of age shall be tested for alcohol, drug and carbon monoxide concentration following the procedures established by the Department of Public Health and Environment (CRS § 42-4-1301.1(8); CRS § 42-4-1304(1); CRS § 42-4-1304(6)).

The Records Unit should forward this to the prosecuting attorney as part of the case file.

514.10 TRAINING

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

This Policy outlines the responsibility for issuing traffic citations, the collection of data, and the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES

The administrative assistant for the Patrol Division shall be responsible for ensuring an adequate supply of traffic citation forms is on hand for use by employees of this Agency. The supply of traffic citation forms shall be kept in a secure location.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this Agency do not have the authority to dismiss a traffic citation once it has been issued. Only the court has the authority to dismiss an issued traffic citation. Any request from a recipient to dismiss a traffic citation shall be referred to the supervisor of the officer that initially issued the traffic citation. Upon a review of the circumstances involving the issuance of the traffic citation, the issuing officer's supervisor may recommend dismissal of the traffic citation. If this occurs, the traffic citation will be forwarded to the appropriate prosecutor with a request for dismissal. If the supervisor decides that the request for dismissal should be denied, the recipient shall be referred to the traffic citation for the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request that the court dismiss the citation; provided, however, that if there is a prosecutor involved in the prosecution of the traffic citation, the prosecutor should be consulted before making any requests of the court.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the traffic citation shall be destroyed so that personal information written on the traffic citation cannot be recovered by unauthorized personnel.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the traffic citation shall be responsible for making the corrections. The issuing officer must make corrections on all copies of the traffic citation that has been issued, including the recipient's. If this is not possible, the officer shall:

If that officer is assigned to a call of higher priority, Dispatch should be advised of the location of the disabled vehicle and the need for assistance. Dispatch should then assign another available officer or Community Service Officer to respond as soon as practicable.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by Agency personnel will be contingent on the time of day, location, availability of Agency resources and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Agency personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2) is not considered a mechanical repair.

Abandoned Vehicles

Informants

608.1 PURPOSE AND SCOPE

In many instances, officers cannot conduct a successful investigation without the use of informants. To protect the integrity of the Agency and officers using informants, it shall be the Policy of this Agency to take appropriate precautions by developing sound informant policies.

- (a) The title "Informant" applies to a person who:
 - 1. Has entered into a written agreement with a law enforcement agency regarding the disposition of criminal charges; or
 - 2. Is compensated for providing information, whether it is a one-time occurrence or as part of an on-going relationship.
- (b) For the purposes of this Policy, the term Informant is not meant to apply to a person or organization who provides information to law enforcement and does not get compensated or become a part of the investigative process (i.e. a business firm furnishing information from its files, an employee of an organization who through the routine course of his/her activities obtains information of value, or a concerned citizen who witnesses an event of interest to law enforcement).

All persons who will be utilized as Informants should be recognized as such. All Informants will be documented with the Agency and that documentation will be kept on file at the Northern Colorado Drug Task Force (NCDTF). Informants will be documented in the following way:

- (a)
 - 1. All Informants must have a Confidential Informant Sheet completed and placed in the Informant file. The Informant sheet will reflect a tracking number (CI Number) assigned to that respective informant. All Informant files and the associated intelligence entries will be secured in a central repository maintained by the NCDTF.

608.2 INFORMANT FILE SYSTEM

A NCDTF supervisor or an authorized designee shall be responsible for maintaining informant files. A separate file shall be maintained on each Informant.

608.2.1 CONFIDENTIAL FILE SYSTEM PROCEDURE

As indicated above, each file shall be coded with an assigned informant tracking number.

For an Informant that is compensated for providing information on a one or two-time basis, an informant history shall be prepared by the controlling officer.

For an Informant who will become further involved in the investigative process or has being compensated more than twice, an informant history shall be prepared to correspond to each Informant file and shall include the following information:

- (a) Informant's name and/or aliases;
- (b) Date of birth;

Fort Collins Police Services

- (o) Information on any prior informant work.

All informant files shall be maintained in a secure area within the NCDTF. These files shall be used to provide a source of background information about the Informant, enable review and evaluation of information given by the Informant, and minimize incidents that could be used to question the integrity of officers or the reliability of the Informant. Access to the informant files shall be restricted to the controlling officer(s), the Chief of Police, the Criminal Investigations Captain, NCDTF supervisors or their authorized designees.

608.3 USE OF INFORMANTS

Informants are used in a manner to protect not only the Informant, but the integrity of the individual officer and this Agency, and to enhance investigative results. Informants are assets of the Agency, not a specific officer. Informants may be reassigned to the control of another officer at the discretion of a NCDTF supervisor or a CID supervisor. Before using an individual as an informant, an officer must receive approval from their supervisor. The officer shall compile sufficient information through a background investigation to determine the reliability, credibility and suitability of the individual, which may include, but is not limited to, age, maturity and risk of physical harm.

608.3.1 JUVENILE INFORMANTS

The use of juvenile informants under the age of 13 years is prohibited. A parent or legal guardian's written consent shall be secured prior to the use of any juvenile informant between the age of 13 and 17. Final approval to use a juvenile informant must be obtained from the Chief of Police or an authorized designee. For purposes of this Policy, a "juvenile informant" means any juvenile who participates, on behalf of this Agency, in a prearranged transaction or series of prearranged transactions with direct contact with any person when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition or criminal charge against the juvenile.

The informant will also sign a receipt showing the amount of the funds received. The receipt will be witnessed by an officer or supervisor who is not the controlling officer.

In addition, if the informant is driving his or her own vehicle, the vehicle will be searched thoroughly before and after the undercover operation. Officers of the same sex will participate in the search. All searches must be based on the informant's prior written or oral consent.

- (b) He/she is no longer willing to cooperate.
- (c) His/her cooperation has been determined to be unsatisfactory.

A written summary regarding the reason for the informant's deactivation shall be placed in the informant file by the controlling officer or a supervisor from the NCDTF.

608.5 INFORMANT PAYMENT PROCEDURES

The process for payment to any Informant must be established and followed in a manner that withstands public opinion and scrutiny. A strict procedure for disbursements must be followed to provide for a good accounting of the use of Agency funds. - (a) CID buy funds may be used for the following purposes:
 - 1. Paying documented informants for information.
 - 2. Purchasing items that will be used as evidence, develop suspects, further an investigation, or lead to an arrest.
 - 3. Procurement of evidence, information, or recovery of property from crimes committed in other jurisdictions.
 - 4. Purchase of services.
- (b) All CID buy funds will be secured within the locked CID safe.
 - 1. Access will be controlled by the CID Lieutenant who is authorized to issue and turn in funds. The CID Captain will also have access to the safe combination.
 - 2. Safe combinations will be changed when the CID Captain or CID Lieutenant are transferred from the Division.
- (c) Expenditures will be authorized by the Division Lieutenant or designees before funds are distributed. The funds are to be used for criminal investigations, with expenditures verified by documentation and receipts (where possible).

608.5.4 REPORTING OF PAYMENTS

Each Informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR § 1.60411). If such documentation or reporting may reveal the identity of an informant and by doing so jeopardize any investigation, the safety of peace officers, or the safety of the Informant then IRS Form 1099 should not be issued. In such cases, the Informant shall be provided a letter identifying the amount he/she must report on tax returns as "other income," and shall be required to return a signed acknowledgment of receipt of the letter. The completed acknowledgment form and a copy of the letter shall be retained in the informant's file (26 CFR § 1.60413).

608.5.5 AUDIT OF PAYMENTS

A quarterly audit of the NCDTF confidential funds and a bi-annual audit of CID buy funds will be conducted by the City Accounting Department for the purpose of accountability and security of the funds. Petty cash records, transfer forms, invoices, receipts and logs will assist with the audit process. This audit will be witnessed by the NCDTF Commander, or an authorized designee, for the NCDTF confidential funds and by the CID lieutenant, or an authorized designee, for CID buy funds.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this agency employ eyewitness identification techniques.

610.2 POLICY

This agency will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crimes and exonerating the innocent.

610.2.1 PROCEDURES

Generally officers should consider the following factors before asking a person to provide eyewitness identification in a criminal case:

- (a) The eyewitness's opportunity to view the perpetrator during the crime;
- (b) The length of time between the crime and the subsequent identification;
- (c) The level of certainty demonstrated by the witness at the identification;
- (d) The accuracy of the eyewitness's prior description of the criminal;
- (e) The eyewitness's degree of attention during the crime;
- (f) The length of time the witness observed the suspect.
- (g) Environmental factors present during the crime, such as:
 1. The distance between the witness and the suspect.
 2. The quality of the lighting when the suspect was observed by the witness.
 3. Whether there were distracting noises or activity during the observation.
 4. Any other circumstances affecting the witness's opportunity to observe the suspect.

610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification (either in-person, photographic, or field) if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Criminal Investigations Division Lieutenant shall be responsible for the development and maintenance of an eyewitness identification form consistent with this policy.

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.

Fort Collins Police Services

Policy Manual

Eyewitness Identification

- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment to the witness that the suspect may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION LINEUP

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses. Each witness should be admonished that he/she is not required to make an identification of any person shown during an eyewitness identification process and that the suspect may or may not be among those in the lineup.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC LINEUP CONSIDERATIONS

When practicable, the person presenting the lineup should not be directly involved in the investigation of the case (double-blind) and should not know which photograph is the suspect. When this is not possible, the employee presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

Other photographs of persons used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate photographic lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the photographic lineup.

The order of the photograph of the suspect and the fillers should be randomized before being presented to each witness.

Fort Collins Police Services

Policy Manual

Eyewitness Identification

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photographic or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photographic lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering the parameters outlined in Section 610.2.1, above.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Truth Verification Exams

611.1 PURPOSE AND SCOPE

The Agency is committed to providing the highest quality investigations possible to the community. To that end the Agency utilizes multiple tools, trainings, and technologies to assist investigators in obtaining and verifying the truth in criminal investigations and pre-hiring interviews.

The primary purpose of a Computer Voice Stress Analyzer (CVSA) examination is to assist in determining if the person being examined is being truthful or deceptive as it relates to the investigation at hand. The CVSA is only a tool to aid the investigator in evaluating the totality of statements and assist in the decisions made when directing an investigation.

The use of CVSA in criminal investigations shall be in accordance with departmental provisions and procedures as outlined in this Policy.

611.2 GENERAL PROVISIONS

- (a) CVSA examiners shall participate in all required training so as to maintain current certifications as recommended by the respective recognized associations or oversight bodies. An Agency designee will maintain and/or verify examiner certifications and training records.
- (b) City-owned equipment relating to CVSA will be maintained and updated by the Training Unit Sergeant. Records of maintenance and updates will be current.
- (c) After conducting a CVSA examination, the examiner will complete a report using a recommended format developed by the Agency designee that provides information about the CVSA examination. The examiner shall also maintain a log of exams that includes the following information:
 1. Name of tested subject.
 2. Date.
 3. Case number.
 4. Name of requesting officer/agency.
 5. Results of test.
 6. Name of examiner providing cold call.
 7. If and how results were verified if possible.
- (d) CVSA examinations should be either audio or video recorded and that record will be properly logged into evidence as dictated by Agency Policy. However, in those instances when recording is not possible due to physical constraints or malfunction, the charts and questions used in the examination shall provide sufficient record of the examination and will also be logged into evidence.
- (e) Requests for CVSA examinations to assist other agencies will only be done after the request has been approved by the CVSA examiner's supervisor or designee.
- (f) CVSA examinations requested by defense attorneys may be done on rare occasions. The defense attorney and subject will be made aware that all normal procedures for the CVSA examination will be followed or it will not take place.

Fort Collins Police Services

Policy Manual

Truth Verification Exams

1. If the request is made after charges have been filed, then the prosecutor assigned to the case must approve of the examination.
 2. All agreements as to the use of the results of a CVSA examination and its inclusion in the investigation or prosecution will be negotiated by the defense attorney and prosecutor prior to the CVSA examination. Examiners and investigators will take direction in these matters from the prosecutor. Examination results will not be used to decide if charges will be filed.
 3. Under no circumstance will a defense attorney be present during the CVSA examination. The defense attorney may approve the questions after a pre-examination interview, but they may not be present or participate in the examination.
- (g) A CVSA examination will not be used to verify or refute a previous examination by an alternative instrument.
- (h) The use of a CVSA examination for the purpose of an administrative investigation will only be done at the direction of the Chief of Police and in accordance with Policy 1020 - Administrative Investigations and other applicable City Policies and the collective bargaining agreement.

611.3 PROCEDURES

- (a) A CVSA examination is a time consuming process. The benefit of the examination must be weighed against the cost of resource allocation of the Agency and the seriousness of the case and public safety. As a general guideline, CVSA examinations will not be used in misdemeanor cases unless approved by the investigating officer's supervisor as well as the CVSA examiner's supervisor. The final determination as to the appropriateness of a CVSA examination for a particular case will rest with the CVSA examiner (except that a supervisor can prohibit an examination as his/her discretion.)
1. All attempts will be made to schedule examinations during normal business hours. Any after hour examinations will require the approval of a supervisor.
- (b) A CVSA examination is not a substitute for a thorough investigation, nor is an examination a short cut to the truth. If the investigator believes an examination may be helpful in an investigation, an examiner should be consulted early on to determine if the use of an examination is appropriate for the investigation.
- (c) Any subject taking an examination for a criminal investigation must clearly know that it is voluntary on his/her part. This must be documented by the investigator and the examiner in the form of a waiver. If the waiver is not recorded, the examiner should make every attempt to get a signed waiver from the examinee.
- (d) The investigating officer is to avoid answering any specific questions about the examination. Any explanation of the examination should be referred to the examiner.
- (e) The results of the CVSA examination cannot be used to determine probable cause, are not admissible in court, and should only be used by the investigating officer as an investigative aid.
- (f) Any use of a CVSA examination on a juvenile subject will only be done with the signed and written permission of a legal parent or guardian and the approval of a supervisor. The use of a CVSA examination on a victim whose veracity is in doubt should only be done with the approval of a supervisor.
- (g) Covert CVSA examinations for criminal investigations may be used with the approval of a supervisor.

Fort Collins Police Services

Policy Manual

Truth Verification Exams

- (h) The Training Unit will provide training and protocols for the appropriate use of CVSA to officers who may consider their use during investigations. A designated Agency supervisor will oversee the program.

***Brady* Material Disclosure**

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney consistent with the October 31, 2012 Memorandum of Understanding with the District Attorney.

612.2 POLICY

The Fort Collins Police Services will conduct fair and impartial criminal investigations and will provide the prosecution with all evidence discovered through the criminal investigation. In addition, FCPS will provide the prosecutor information that may adversely affect the credibility of a witness.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material may address their question over the telephone with the District Attorney, the 1st Assistant DA, or the 2nd Assistant DA.

612.4 DISCLOSURE OF PERSONNEL INFORMATION

Recognizing that the District Attorney's Office is required to notify the defendant and legal counsel when there is information that may affect the agency employee's credibility, FCPS will do the following:

- (a) Notify the District Attorney's Office in writing when it has sustained an administrative finding for untruthfulness, an intentional deceptive act, a criminal offense for which the POST board may deny certification (as set forth in C.R.S. 24-31-305), or any offense involving theft, or other issue affecting truthfulness on the part of any peace officer or civilian employee whose duties could reasonably include testimony in a court of law.
 1. The District Attorney's Office will, upon receipt of that notice, place the named police employee on a "Notification List."

Fort Collins Police Services

Policy Manual

Brady Material Disclosure

2. Placement on the "Notification List" will trigger the District Attorney's Office to notify the Defense, on any case for which the police employee is an endorsed witness, that there may be information in the police employee's personnel or internal affairs file which could affect his/her credibility.
- (b) If there is a pending criminal case against a defendant and FCPS initiates a concurrent internal administrative investigation directly related to the criminal case, any non-Garrity materials relevant to the criminal case, obtained as part of the administrative investigation, shall be made a part of the concurrent criminal case so that discovery of those materials to the Defense can be made.
1. A supplemental report will be filed in the criminal case indicating that additional witness statements were obtained as part of an internal administrative investigation and any recordings of those statement is being maintained as part of the internal administrative file.
 2. All exculpatory materials relevant to the concurrent criminal case must be disclosed even if they were obtained as a result of a Garrity advisement.
- (c) If there is a pending criminal case against a defendant and the internal affairs unit receives a credible report of police employee misconduct, of a type set forth in paragraph (a) above, which is directly related to the pending criminal case, FCPS will notify the District Attorney's Office either in writing or verbally, in the sole discretion of FCPS, of the existence of the pending internal affairs investigation.
1. Upon receipt of such a notification, the District Attorney's Office will only notify the Defense on the concurrent criminal case that there may be information in the relevant police employee's personnel or internal affairs file that may affect his/her credibility.
 2. The officer's name will not be placed on the "Notification List" unless and until there has been a sustained finding of misconduct affecting credibility.
- (d) If FCPS has a current employee or hires a an employee who has a previous criminal conviction for a theft related offense or an offense involving false reporting, FCPS will notify the District Attorney's Office of the name of the employee involved and the date and jurisdiction where the conviction occurred.
1. Upon receipt of this information, the District Attorney's Office will place the employee's name on their "Run Criminal History" list.
 2. This list identifies employees whose criminal history must be disclosed to the Defense as required by Colorado law.
- (e) In the event that a FCPS employee has been criminally charged, any statement obtained from that employee pursuant to a Garrity advisement, and any fruit of that statement, shall remain in the Internal Affairs file and shall not be disclosed to the criminal investigators or the District Attorney's Office.

612.5 INVESTIGATING BRADY ISSUES

If the Agency receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Agency personnel should receive periodic training on the requirements of this policy.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Agency or personally owned, while on duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Fort Collins Police Services allows employees to utilize agency-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Agency, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Agency and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any agency-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if agency equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files, without prior notice, consent or a search warrant, on agency-issued or personally owned PCDs that have been used to conduct agency-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

Fort Collins Police Services

Policy Manual

Personal Communication Devices

702.4 AGENCY-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Agency may, at its discretion, issue a PCD. Agency-issued PCs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Agency and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

As a condition of employment, any employee who is issued a PCD by the department is required to have the device with them; to have the device turned on; and the employee must respond as soon as reasonably possible upon receipt of Department-transmitted text message that requires deployment or an action outlined in that text message, except during such times as the employee is on an approved leave of one work week or longer.

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Agency accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) Employees shall promptly notify the Agency in the event the PCD is lost or stolen.
- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any agency business-related communication.
- (f) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Agency, without the express authorization of the Chief of Police or the authorized designee.
- (g) Use of a personally owned PCD constitutes consent for the Agency to access the PCD to inspect and copy data to meet the needs of the Agency, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, employees will provide the Agency with all telephone access numbers for the device.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty agency-related business activities in any manner shall promptly provide the Agency with a copy of such records to ensure accurate record keeping.

Fort Collins Police Services

702.6 USE OF PERSONAL COMMUNICATION DEVICES

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) Officers are prohibited from taking pictures, video or making audio recordings while on duty or making copies of any such picture or recording media unless it is directly related to official agency business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (c) Employees will not access social networking sites while on duty for any purpose that is not official agency business.
- (d) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

 1. PCDs should not be used to replace regular radio communications. PCDs shall not be carried in a manner that allows it to be generally visible while in uniform, unless it is contained within a carrier that has been approved by the Agency.
 2. Employees may use Department-provided PCDs for reasonable personal use as long as such use, in the discretion of the supervisor, is not excessive or disruptive. Employees must reasonably limit the timing, number and duration of the personal use. Supervisors may restrict or prohibit an employee's use of a PCD if, in the supervisor's judgment, an employee's use is excessive or affects the performance of the employee or others or is otherwise a violation of the public trust. Employees using Department-provided PCD's are required to reimburse the Department for all personal use charges that result in or contribute to any added expense to the City (such as long distance, roaming, directory assistance charges, per minute charges, or data usage) resulting from exceeding the allotted minutes or data in the service plan. Failure to promptly reimburse for the personal use charges of Department-provided PCD's may result in disciplinary action.
 3. The on-duty use of PCDs, including personally owned PCDs, for purposes other than specifically permitted within this Policy is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Agency for any charges incurred as a result of personal use.

702.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles

Fort Collins Police Services

Policy Manual

Personal Communication Devices

should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (CRS § 42-4-239). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Vehicle Maintenance

704.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Agency vehicles so that they are properly equipped, maintained, refueled and present a clean appearance.

704.2 DEFECTIVE VEHICLES

When an Agency vehicle becomes inoperative or in need of a repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who becomes aware of the defective condition. Paperwork, describing the correction needed, shall be promptly forwarded to the Service Center for repair.

The employee's supervisor should be notified when an assigned vehicle becomes inoperative or needs repair.

Except for emergencies, all maintenance, service work, and repair work will be scheduled with the City Service Center or a designated vendor during an employees' off-duty time.

704.2.1 SUSPECTED DAMAGE OR POOR PERFORMANCE

Vehicles that may have suffered damage, perform poorly or whose control or safety features has been diminished shall be immediately removed from service for inspection and repair.

704.2.2 SEVERE USE INSPECTION

Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or that exceeds the manufacturer's use parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Severe conditions may include rough roadway or off-road operation, hard or extended braking, pursuits or prolonged high-speed operation.

704.2.3 REMOVAL OF WEAPONS

All firearms, weapons and kinetic impact weapons shall be removed from a vehicle and properly secured in the officer's home or in the Agency's Armory prior to the vehicle being released for maintenance, service or repair.

Assigned Vehicle Use

708.1 PURPOSE AND SCOPE

The Agency may provide a vehicle to full-time officers based upon assignment. This Policy shall not be construed to create or imply any contractual obligation by the City to provide vehicles and the assignment of vehicles is at the discretion of the Chief of Police. Assigned vehicles have demonstrated a long-term fiscal and service benefit to the City. Assigned vehicles get better care during operation and storage, accumulate fewer service miles and hours of operation. Vehicle assignment results in an extended vehicle service life over pool patrol use vehicle assignment. Vehicles subsequently require less frequent replacement and a reduced frequency of transfer and replacement of support equipment (radios, emergency, safety equipment). Ultimately per-mile operational costs are reduced. Additionally, the ability for officers to respond from home in case of emergencies, fully equipped, results in a force multiplier for the department.

708.2 USE OF CITY VEHICLES

- (a) Assigned City-owned vehicles shall be operated only by police personnel.
- (b) Community Service Officers and other civilian employees that are assigned individual vehicles may drive those vehicles to and from work assignments, but are prohibited from driving their assigned vehicle for personal off-duty use.
- (c) General rules of conduct that apply to on-duty employees shall also apply to off-duty employees while driving a City vehicle.
 1. Off-duty employees who are operating a City vehicle should be appropriately attired to effectively perform a police function (if a sworn officer) and make public contacts. Clothing displaying inappropriate graphics is prohibited.
- (d) All personnel shall exercise good judgment in operating and utilizing a City vehicle, and shall not drive or use the vehicle in a manner that may cause unfavorable comment or reflect negatively on the Agency.
 1. Personnel will not presume any special privileges with a City vehicle. For example, an individual living in an apartment complex must park the vehicle in the designated area, not in a restricted parking zone.
 2. Unattended vehicles must be locked at all times.
- (e) All sworn officers are required to have the police radio turned on while operating a police vehicle, and to take action on observed violations.
 1. Sworn officers will use the appropriate radio call sign when using the police radio off-duty.
 2. It is not necessary to check in and out of service with the dispatcher when off-duty.
 3. In minor incidents, an off-duty officer may request an on-duty officer to handle the situation, and assist until the on-duty officer arrives. If immediate action is required, the off duty officer shall take whatever action is necessary and appropriate.
 4. Sworn officers are reminded that jurisdictional issues should be considered when operating a police vehicle outside the Fort Collins city limit.

Fort Collins Police Services

Policy Manual

Assigned Vehicle Use

- (f) Persons who are not Agency employees may accompany the officer as passengers when the City vehicle is operated off-duty.
 - 1. Employees are responsible for the proper appearance and conduct of all passengers.
 - 2. The safety of passengers rests solely with the employee operating the vehicle.
 - (a) When asked to respond to a call with non-sworn personnel as passenger(s), employees may first leave the passenger(s) at a convenient and safe location and then respond to the call. If there is no opportunity to leave passenger(s), the officer may notify the dispatcher that he/she is unable to respond to the call.
- (g) Officers are encouraged to use their assigned police vehicle in off-duty activity within the City's Growth Management Area (GMA).
 - 1. The vehicle will not be utilized for carrying heavy or excessive loads, and will not have objects protruding from the trunk or windows, or attached to the top of the car.
 - 2. Employees will not use the vehicle on a part time or temporary job where the use of the car is a required condition of employment unless specifically authorized by a Division Captain. Unless the employee lives outside of the GMA, the vehicle may be driven to and from temporary or part time employment that is located within the GMA subject to the terms of the Eligibility section below.
- (h) Use of alcoholic beverages or medication:
 - 1. Agency vehicles shall not be operated by any employee who has consumed an amount of an alcoholic beverage, taken any drug that would tend to adversely affect the officer's senses or judgment or consumed an alcoholic beverage within four hours.
 - (a) A supervisor who suspects such use of alcohol or medication may require a breath or blood test from that individual per Policy 1012 - Alcohol and Drug Use.
 - 2. Possession of an open alcoholic beverage container in a City owned vehicle is prohibited unless it is directly related to a duty function.
- (i) Employees on light-duty status shall not operate a marked police vehicle unless authorized by Captain. The City is not obligated to issue an unmarked vehicle to those officers on light-duty.
 - 1. During vacations or when an employee is out of the city for extended periods of time, the Agency may require that the City vehicle be stored at a City facility. If the vehicle is stored at the officer's house, it must be accessible for Agency use. Other employees will not use the vehicle unless special needs arise.

708.2.1 ELIGIBILITY

- (a) Employees to whom individual vehicles are assigned must reside within the service area defined by a circle with a fifteen (15) mile radius with its center at the intersection of Mulberry Street and College Avenue. They may also drive their assigned vehicle into the GMA for work related purposes, i.e., court hearings; off-duty Police jobs; SWAT, K-9 or Northern Colorado Bomb Squad callouts; use of the Department workout facility; or work related meetings. Once sworn employees are within the GMA for one of the purposes outlined above, they may use their vehicle within the GMA for personal business. Otherwise, these employees are not permitted to drive their vehicles while off-duty.
 - 1. These employees will be assessed a nominal fee to be paid through payroll deductions, based upon the distance that they live from the nearest GMA boundary.
 - 2. Officers assigned to the Northern Colorado Drug Task Force who live outside of the GMA will not be charged a fee based upon where they live due to the unique nature of their off-site assignment. However, they will not be allowed to drive their vehicles while off-duty unless they are driving to the Task Force building or the GMA for work-related purposes as outlined in section C.
 - 3. Detectives who live outside the GMA and are on-call may use their City vehicle while off-duty to drive directly to Fort Collins from their residence and then anywhere within the GMA, to enable them to respond immediately and directly to a call out. Other employees may be allowed to use their City vehicles while off-duty under certain circumstances as authorized by the Chief of Police or Division Captains.
 - 4. The fee schedule charged to employees shall be maintained in the Office of the Chief of Police and is subject to annual review and modification in January of each year.

A separate audit by the City should be completed on a random date approximately once each year on each petty cash fund.

Chapter 8 - Support Services

Crime Analysts

800.1 PURPOSE AND SCOPE

Crime Analysts should provide current and useful information to aid operational personnel in meeting the Agency's crime control and prevention objectives. Crime analysis is intended to help identify and analyze the methods of operation of individual criminals, provide crime pattern recognition, aid investigations in linking crimes within the city and other jurisdictions, and provide analysis of data from field interrogations and arrests. Crime analysis is useful to the Agency's long range planning efforts by providing estimates of future crime trends, assisting in the identification of enforcement priorities and providing administrative and statistical reports.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime Reports
- Field Interview Reports
- Parole and Probation Records
- Computer Aided Dispatch Data
- Open Source Information
- Law Enforcement list-servers
- Law Enforcement databases
- Geographic Information Systems

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for crime analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information sharing among other law enforcement agencies, when approved by the Chief of Police or his designee, is also necessary for successful crime analysis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to those units. Information relevant to the development of the Agency's strategic plans should be provided to the appropriate

Fort Collins Police Services

Policy Manual

Crime Analysts

staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Communication Operations

802.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the Agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demand on the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any organization, large or small, uses available information technology in the fulfillment of its missions.

802.1.1 FEDERAL COMMUNICATIONS COMMISSION (FCC) COMPLIANCE

Agency radio operations shall be conducted in accordance with FCC procedures and guidelines.

802.1.2 ENCRYPTION AND PUBLIC RECORD

The Agency reserves the discretion to encrypt all channels within their control. It is recognized that recorded radio channels, whether encrypted or unencrypted, are subject to public records requests. Agency personnel will engage in professional behavior while using the communication system.

802.2 COMMUNICATION OPERATIONS

This Agency provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. The Agency provides access to the 9-1-1 system with a single emergency telephone number.

The Agency has two-way radio capability providing continuous communication between the Fort Collins 911 (Dispatch) and officers.

802.2.1 CALL HANDLING

When a call for law enforcement services is received, the dispatcher will determine if the call is an emergency or non-emergency. The dispatcher will determine the call type, location and priority by asking the five key questions:

- (a) Where?
- (b) What?
- (c) When?
- (d) Who?
- (e) Why?

Dispatchers should attempt to obtain all pertinent information from the calling party before placing a caller on hold or disconnecting from the caller. Dispatchers shall refrain from putting emergency calls on hold if possible. Calls are classified into three classifications: Emergent, Urgent or Routine.

- (a) Emergent calls are those with the highest priority for immediate response of an officer. While emergency calls have priority over all other police matters, officers are

Fort Collins Police Services

Policy Manual

Communication Operations

responsible for determining the appropriate manner of response based on the totality of the circumstances.

- (b) Urgent calls are those with high priority and which require quick response but are not considered an emergency. While urgent calls have priority over all other police matters except emergencies, officers are responsible for determining the appropriate manner of response based on the totality of circumstances. Urgent calls will be assigned via the radio and, at times, may also be assigned by computer.
- (c) Routine calls are those which are not within the two previous classifications, and which need attention as soon as possible but can wait if necessary. Routine calls may also be assigned by radio but routinely via the computer.

Emergency calls should be dispatched immediately. If an emergency call is pending, a patrol supervisor or Watch Commander shall be notified of the pending call for service in which units are unavailable for dispatch. Dispatchers shall make every attempt to dispatch all calls for service in a timely manner.

802.2.2 COMMUNICATIONS LOG

The Fort Collins 911 shall record all relevant information on calls for criminal and non-criminal service or self-initiated activity. The dispatcher shall attempt to obtain, record and share as much information as possible to enhance the safety of officers and civilians and assist in anticipating conditions at an incident. Necessary information would include, at a minimum, the following:

- Incident number;
- Date and time of request;
- Complete name, address and telephone number of complainant, when possible;
- Type of incident reported;
- Location of incident reported;
- Involvement of weapons, drugs and/or alcohol;
- Imminent danger or threats of dangerous circumstances;
- Injuries;
- Suspect information to include descriptions and vehicles, if applicable;
- Identification of any officers assigned;
- Time of dispatch;
- Time of the officer's arrival;
- Times of officer status and location changes;

802.3 RADIO COMMUNICATIONS

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors and other officers know the status of officers, their locations and the nature of their cases. Radio communication shall be conducted in a manner that facilitates effective communication among users of the system. The following radio channels have been established for use:

Fort Collins Police Services

Policy Manual

Communication Operations

- (a) Channel One (FC Disp1) - This is the primary channel use for police operations and communications between officers and Dispatch.
- (b) Channel Two (FC Disp 2) - This is the secondary channel used for non-priority communications between officers and Dispatch.
- (c) Tactical Channels (FC TAC 3, 4, 5 and 6) - These channels are used primarily for car to car traffic, special events, tactical operations or emergency situations.
- (d) Other Channels (Mutual Aid, State Interoperability and line of site channels) - Interoperability between agencies is critical. In order for officers to communicate and coordinate radio operations during a multi-agency event, it may be necessary to utilize local and state mutual aid channels. Dispatch maintains information regarding the various channels in addition to the Agency's primary channels.

802.3.1 RADIO CODES

All radio transmissions are to be in Clear Speech with the exception of the following codes listed below. Clear Speech means the use of short, concise, and to the point words or groups of words to convey a specific meaning as clearly as possible. The phonetic alphabet will also be used when spelling names or other words over the radio.

- CODE 0 - Use caution!; when it is known that a subject is armed and dangerous, "Adam David" is added
- CODE 1 - Sensitive information needs to be given - to be answered by the officer with "Go Ahead" or "Stand By"
- CODE 2 - Urgent
- CODE 3 - Emergent response
- CODE 4 - Situation is under control and no further assistance or status checks are required
- CODE 5A - Universal precaution, airborne
- CODE 5B - Universal precaution, blood-borne
- CODE 6 - Officer needs Emergency Assistance
- CODE 8 - Subject may be mentally unstable
- CODE 7 - On break or meal break
- CODE 9 - Wanted or stolen indicated; "Mary" is added if the warrant is a Misdemeanor; "Frank" is added if the crime is a Felony

802.3.2 OFFICER STATUS CHECKS

Status checks will be conducted at specific times designated within the Computer Aided Dispatch system (CAD) or at the request of an supervisor, officer or dispatcher, depending upon the nature of the call.

- (a) When a status check is requested by Dispatch or another unit, the response will be either "Code 4" if the officer does not need further status checks or "Okay" if additional status checks should be conducted. There may be times when the officer requests additional status checks and dispatch will handle them accordingly such as; "Check me in 10". If an officer is unreachable, the dispatcher will attempted to contact him/her by their unit number and then call them by their unit number and last name.
- (b) Whenever a status check is made by radio, the officer's response is also by radio so that other officers are aware of the response.

802.3.3 OFFICER NEEDING ASSISTANCE

- (a) When an officer needs medical assistance for any person, the officer shall request the assistance over the radio and transmit as much information as is available about the situation, including at a minimum the age and sex of the subject, the medical complaint or condition of the subject (if known) and the level of consciousness, alertness and the breathing status of the subject.
- (b) When an officer needs assistance, but not an emergency response, he/she will transmit their unit number and location (if not already on a call), along with the request and necessary response level. When possible, he or she also advises details of the situation.
- (c) Anytime an officer transmits the following situations: Foot Pursuit, Code 3 assistance, or Code 6 assistance, the dispatcher will immediately:
 1. Simulcast and alert tone on Channels 1, 2 and 3;
 2. Air the officer's unit number, the reason for the alert tone and the officer's last known location, including patrol district number;
 3. If there is suspect information or a direction of travel, this information will also be aired by dispatch; and
 4. Assign two officers to the unit's location or if two officers are not available air "any unit to respond."
 - (a) In these situations, only emergency radio traffic is acceptable until the situation is Code 4.
 - (b) Responding officers will keep transmissions to a minimum, for instance, airing only that they are enroute.
 - (c) Dispatch may need to enter the officer's enroute status in CAD.
- (d) Anytime an officer (to include off duty units) activates an Emergency Alert Button the dispatcher will broadcast an emergency status check on that officer, using the following phrase - "1B210 - Emergency alert, status check."
 1. If the activation was accidental, the officer will respond with "C4, accidental." If there is no response, or if the officer does not respond appropriately, an alert tone will be simulcast and the above protocol will be followed.

802.3.4 HOSTAGE SITUATIONS

- (a) Officer Held Hostage
 1. If an officer is taken hostage, and can use the radio, he/she precedes his/her radio call sign with the word "Houston" and advises the dispatcher that he/she is available, e.g. "Houston Bravo 7, Available".
 2. The dispatcher then responds, "Houston Bravo 7, Okay, Your Amber Lights Are Ready at the Service Center."
 3. All other on-duty units then switch to Channel Two while the hostage officer remains on Channel One. The dispatcher conducts a radio check to verify that all other units have switched to Channel Two, while the Channel One dispatcher continues to monitor Channel One.
- (b) Unauthorized Persons in the Communication Center
 1. In the event unauthorized persons gain access to the Communication Center or Center personnel are endangered in any way, an attempt is made to transmit "Houston 100", and the transmit button is held open. If possible, Channel Two

should be unselected and turned down at all consoles by the dispatchers so it can be used by mobile units for tactical traffic.

802.3.5 CONFIDENTIAL INFORMATION

(a) Medical

1. While individuals have a constitutional right to privacy regarding certain medical conditions, notification to officers regarding potential threats to health and safety is also of concern. The following governs the handling of confidential medical information and officer notification.
2. When Dispatch is aware that a contact may result in a responder's exposure to air or blood borne communicable diseases (such as tuberculosis, hepatitis C, etc.), the information will be sent via the Computer Aided Dispatch System. The responder can also call Dispatch via phone for further information. If those means of communication are not available, "CODE 5A or 5B" will be aired to inform responders that universal precaution is required.
3. Officers may notify other involved responders who are also at risk of exposure, but only on a need to know basis. Information regarding the medical condition may not be disclosed to any other individuals unless required by law or other Policy.

(b) Other

1. Dispatch may not air CCIC/NCC Criminal History and/or a juvenile criminal record obtained from the Agency's Records Management System (RMS) over the radio. Adult criminal record information from RMS may be aired over the radio as necessary. An individual's (juvenile or adult) criminal record from RMS may also be relayed via the mobile computers or telephone in both cases.
2. CCIC Criminal Histories should never be included in CAD call information and should not be sent to a mobile computer.
3. Information from the Coplink database and any Colorado Gang (CCIC) data is not releasable over the radio.

802.3.6 OFFICER IDENTIFICATION

Identification systems are based on factors such as beat assignment and officer identification numbers.

Employees should use their entire call sign when calling Fort Collins 911 or another unit (100, 1Bravo14.) The use of the call sign allows for a brief pause so that the dispatcher or called unit can respond to the appropriate unit.

Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owner or origin of the firearm. This allows the property to be returned to rightful owners or for investigations to be initiated to curb illegal trade of contraband firearms. The purpose of this Policy is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of firearm serial numbers will observe the following guidelines.

808.2 PROCEDURE

Any firearm coming into the possession of the Agency as evidence or found property, where the serial numbers have been removed or obliterated, shall be processed in the following manner.

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately document the condition of the gun when it is received. Note the positions and conditions of the various components, such as the safeties, cylinder, magazine, slide and hammer. Accurately document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, it should be processed before the serial number restoration is attempted. First document important aspects, such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed or obliterated serial numbers shall book the firearm into Property and Evidence following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated. If lab analysis is required, the employee booking the firearm into evidence shall also complete and submit the appropriate lab request form(s). The Property/ Evidence technician receiving a firearm with removed or obliterated serial numbers shall arrange for the firearm to be transported to the crime laboratory for restoration and to maintain the chain of custody

808.2.3 DOCUMENTATION

Officers should prepare case reports to document the chain of custody and the initial examination and handling of the firearm, from the time it is received or collected until it is released.

Fort Collins Police Services

Policy Manual

Restoration of Firearm Serial Numbers

This report shall include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form, depending on the type of evidence.

808.2.4 FIREARM TRACE

After the serial number has been restored (or partially restored) by the crime laboratory, a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) will be completed and forwarded to the (NTC) in Falling Waters, West Virginia or entered into the ATF eTrace system.

808.3 OTHER CONSIDERATIONS

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the ATF's National Integrated Ballistic Information Network (NIBIN), which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

The release of any information from the CCIC/NCIC system to anyone other than law enforcement or criminal justice personnel is a violation of CCIC/NCIC policy. Any release of information from CCIC/NCIC which may be incidental to another incident requiring information release should be performed by personnel identified in Policies 810 - Security and Release of Records and 812 - Criminal Histories and in accordance with their established procedures.

Colorado Bureau of Investigation (CBI) and the Federal Bureau of Investigation (FBI) are responsible for maintaining the CCIC/NCIC systems and impose consequences for violating their policies regarding access to the CCIC/NCIC system. The consequences may include the loss of access (either temporarily or permanently) for the Agency, sanctions and/or loss of CCIC/NCIC access privileges for the terminal operator, and/or possible federal charges against the terminal operator for unauthorized release of information. Additionally, violating CBI or FBI policy could result in discipline up to and including termination.

If an employee is placed on administrative leave as a result of system misuse, then the employee's operator security number shall be suspended until such time as an investigation can be completed.

813.4 PERSONNEL SECURITY

All CCIC/NCIC operators must have a valid OSN (Operator Security Number) to access the system. Any existing personnel, either sworn, civilian, or volunteers, performing queries or other transactions, who do not have their own individual OSN must contact the CCIC Coordinator for issuance of an OSN and submission of fingerprint cards to the CBI before an OSN and further access will be granted.

- (a) Operators should only access CCIC/NCIC under the OSN assigned to them. All information retrieved via CCIC/NCIC is logged to the operator signed onto CCIC/NCIC. Using or allowing someone else to use an OSN assigned to another person is a violation of CCIC/NCIC policy.
- (b) Background investigations are conducted by the CBI on all operators both through on-line query transactions and through the submission of applicant fingerprint cards sent to the CBI for CCIC/NCIC identification searches.
- (c) Logging on to the CAD system automatically generates the user's OSN logon to the CCIC/NCIC system, for those CAD terminals with CCIC/NCIC access.

813.5 QUALITY CONTROL

Entries into CCIC/NCIC must be double-checked by a second party for accuracy.

- (a) Verification should include ensuring all available cross-checks, e.g., VIN or license numbers were made and the data in the system matches the data in the investigative report.

All evidence seized and/or processed pursuant to this Policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. In situations where a complex computer environment, or advanced users are encountered a forensic expert should be consulted.

When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.
 3. A forensic expert may assist with the collection of volatile data prior to disconnecting the computer from the power source.
- (e) Label each item with the case number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Log all computer items into the Property and Evidence Unit. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether it was in operation?
 2. Who was using it at the time?
 3. Who claimed ownership?

Fort Collins Police Services

Policy Manual

Computers and Digital Evidence

4. If it can be determined, how it was being used?
 - (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic image of the hard drive shall be marked and maintained as primary evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, disks or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) A copy of reports involving the computer, including the evidence/property sheet
- (b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination
- (c) A list of the items to search for (e.g., photographs, financial records, email, documents)

A forensic image of the media will be made; subsequent forensic examination of the image will be conducted by a trained digital forensic examiner.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the Property and Evidence Unit to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not search, review, access or open digital media files prior to submission. If the information is needed for immediate investigation, request assistance from a forensic expert.

Fort Collins Police Services

Policy Manual

Computers and Digital Evidence

- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert unless exigent circumstances exist that dictate the immediate need for the information. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be wrapped in heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units. If possible the device should be plugged in to prevent data loss.
- (d) Officers may contact a forensic expert to assist with the collection and preservation of data if necessary.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) As soon as reasonably possible following the collection of evidence, the camera operator is to remove the memory card from his/her digital camera and transfer the images to storage media for submission.
- (b) The storage media should be marked with the case number and item number.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information, such as video or audio files recorded on devices using internal memory, must be downloaded to storage media. Where reasonably possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is related to case documentation and held as evidence. Only digital forensic examiners are

Fort Collins Police Services

Policy Manual

Computers and Digital Evidence

authorized to copy original media seized as evidence. The original digital media shall remain in evidence and shall remain unaltered.

- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Peer Support Team (PST)

817.1 PURPOSE AND SCOPE

Emergency service providers deal with many stressful situations in the course of their work. The outcomes include the negative impact of cumulative stress as well as the potential harmful impact of specific critical incidents. Prevention and intervention services are required to help staff maintain their emotional equilibrium so that they can successfully perform their job duties and maintain healthy personal relationships. Such services need to be offered in a way that staff will use them effectively. One proven means of providing such services is through a department Peer Support Team (PST).

817.2 PEER SUPPORT TEAM DEFINED / SERVICE OVERVIEW

- (a) The Peer Support Team:
 - 1. Provides emotional support for department employees and their families.
 - 2. Participates in the department's comprehensive response to an officer involved shooting or other potentially traumatic event. The Peer Support Team provides prevention and support services.
 - 3. Adheres to standards set by C.R.S. 13-90-107(m) and to the Peer Support Team Operational Guidelines.
 - 4. May be called upon 24/7 but are not on-call unless so placed by a supervisor.
- (b) Any employee or family member may request help directly from a peer support team member at any time.
- (c) Any employee or family member can request that PST "Reach Out" and contact someone they are concerned about.

817.3 TEAM MEMBERS

- (a) The Peer Support Team consists of employees, sworn and civilian, who are officially designated by the Chief of Police after a structured selection process and a training class in both critical incident interventions and general peer support skills.
- (b) The PST is clinically supervised and coordinated by the Director of Human Services.
- (c) The PST meets monthly with the Director of Human Services for continued education and supervision.

817.4 THE PROTECTION OF PRIVILEGED COMMUNICATION

Contact with a PST member is confidential only when the PST member and employee acknowledge that their interaction is a formal peer support contact and is also subject to the following considerations:

- (a) Administrative investigations: Issues discussed with a Peer Support Team member during any peer support contact shall be considered confidential and not subject to disclosure during an administrative investigation without the consent of the employee.
- (b) Criminal Investigations: To the extent permitted or required by law, issues discussed with a Peer Support Team member during any peer support contact shall be considered confidential and, unless otherwise mandated by law, shall not be subject to disclosure during a criminal investigation without the consent of the employee.

Fort Collins Police Services

Policy Manual

817.4.1 LIMITS UPON THE PROTECTIONS OF PRIVILEGED COMMUNICATION

- (a) The protection of privileged communication may not apply in the following circumstances:
 1. When a PST member is a witness or a party to an incident which prompted the delivery of peer support services.
 2. Information received by a PST member is indicative of actual or suspected child abuse, as described in section C.R.S. 18-6-401, or actual or suspected child neglect, as described in section C.R.S.19-3-102.

 5. There is information indicative of any criminal conduct as described in C.R.S.13-90-107(1)(m).

Critical Incidents and Line of Duty Deaths

819.1 PURPOSE AND SCOPE

Like other emergency service providers, employees are often called upon to deal with situations that may result in psychological trauma to those involved. The effectiveness of the recovery environment after a critical incident plays a significant role in both the prevention of a trauma response and a rapid recovery and successful return to work. The goal of the support offered is to return the involved staff member to duty mentally prepared to work safely and effectively.

819.1.1 POLICY

This Policy is intended to address the critical incidents and line-of-duty death provisions, including death notification and family assistance, and be applicable to any Agency employee regardless of whether or not the death is duty related. The Chief may implement any portion of this Policy and Standard Operating Procedure (SOP) in cases of death of an active duty or retired officer or employee which does not meet the criteria of "line-of-duty" death.

This Policy also provides direction to Agency Command Staff and employees for the appropriate care for the family of a deceased employee and to render honors appropriately. If the incident is the line-of-duty death of a police officer, funeral arrangements are to be decided by the family of the officer with their wishes taking precedence over those of the Agency.

819.2 CRITICAL INCIDENTS

Many factors influence the intensity of a critical incident response. Often, incidents which are not traumatic to some staff will have a profound effect on others. This difference in reactions can contribute to confusion and self-questioning commonly experienced by individuals dealing with critical incidents.

The specific effects of a critical incident on those involved may vary widely, ranging from the absence of significant problematic reactions to debilitating flashbacks, nightmares and intrusive thoughts.

- (a) Given the reality of unique responses to critical incidents, no staff will be penalized for requiring assistance.

819.2.1 ADMINISTRATIVE LEAVE

Any Agency officer directly involved in a critical incident shall be placed on Administrative Leave.

- (a) Assignment to Administrative Leave is standard procedure and is not an indication that the individual acted improperly.
- (b) Administrative Leave shall be with full pay and benefits.
- (c) While on Administrative Leave, the employee shall remain available for Agency interviews and statements regarding the incident, and shall be subject to recall to duty at any time.

Fort Collins Police Services

Policy Manual

Critical Incidents and Line of Duty Deaths

- (d) The officer shall not discuss the incident details with anyone except personnel from the Agency or another criminal justice agency who are assigned to investigate the incident; the officer's legal representative, mental health professional, clergy, and immediate family.
 - 1. If the employee feels that he/she would benefit from discussing the incident with someone other than those persons listed, a request for an exception to this restriction may be directed to the officer's Captain.
- (e) Upon clearance to return to duty by the department, the officer will remain on administrative leave until he or she participates in the Return to Duty protocol administered by the Director of Human Services

819.3 LINE-OF-DUTY DEATHS

The Line-Of-Duty Death standard operating procedure (SOP) outlines the operational procedures and duties of selected individuals shall be provided to the Chief of Police, Department Heads, and Commander of the Honor Guard. The procedures described in the SOP document should be adhered to in cases of line-of-duty deaths. These procedures should be followed whenever possible with the understanding that the wishes of the family take precedence over the desires of the Agency. Employees providing services and assistance to family members and survivors shall take all possible measures to accommodate their needs, wishes and desires in order to assist the family members during this very difficult time in their lives.

- (a) Copies of the Line-Of-Duty Death SOP will be provided to each Department Head and the Commander of the Honor Guard and shall be utilized as a resource to make assignments and enhance understanding of the roles that select individuals play in this process. The SOP shall also be on the appropriate computer shared drive utilized by the Agency.

As the need arises, the Chief of Police shall appoint an Officer In Charge who in turn will appoint a Survivor Assistance Officer (SAO) to coordinate all Agency functions regarding the follow-up, funeral, and other concerns germane to supporting the affected family.

819.3.1 FUNERAL POLICY

The Agency will address the funeral arrangements for deceased officers, employees, or city officials in the most respectful and sympathetic manner consistent with the wishes and needs of the family. In line-of-duty deaths, the police ceremonial farewell is an expression of our respect for one who has made the ultimate sacrifice; it is a public announcement of our grief.

The Agency may consider honoring the off-duty/retired officer or employee who passes away as a final tribute for their service to the city and community.

The Chief of Police may, in honor of any of these persons, order the lowering of the City of Fort Collins flag at all police facilities for a specified length of time.

819.3.2 MOURNING FALLEN OFFICERS

As soon as practical after notification of a law enforcement line-of-duty death within our Agency, the Chief of Police shall cause notification to be made to all employees. The notification should include an order for personnel to wear mourning shrouds. The Chief of Police may at his/or her discretion designate a time of mourning to honor the fallen law enforcement officer. During the time of mourning:

Fort Collins Police Services

Policy Manual

Critical Incidents and Line of Duty Deaths

- (a) Flags shall be lowered to half-staff upon order of the President or Governor and mourning ribbons worn through the day of the funeral of the involved officer.

The Chief of Police may order observances as deemed appropriate on a case-by-case basis in the event of line-of-duty death circumstances occurring within the State of Colorado.

- (a) Members of the Honor Guard along with a command level officer may be appointed to attend funerals as official delegates of the department. All other officers wishing to attend may do so voluntarily on their own time and may use their police car to attend the funeral in a car pool fashion.
 - 1. While attending the funeral of a fallen peace officer, officers may shroud their Agency badge.

904.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Criminal Investigations Division Captain, or if the allegations may reasonably involve the Captain, to the Chief of Police. All personnel may be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for agency members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with detainees and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with detainees by a contractor or volunteer.

904.6 RETALIATION PROHIBITED

All detainees and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. 904.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data related to the Temporary Holding Facility. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews. If no incidents were reported, a review will not be completed. (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. If there were no reported incidents, a brief memorandum by the PREA Coordinator will be sent to the Chief of Police advising that no review was completed. A copy of the memorandum will be maintained in the PREA Coordinator file. An annual report shall be prepared that includes (28 CFR 115.188):

Fitness Program

1001.1 PURPOSE AND SCOPE

Fort Collins Police Services believes that all organization employees are better prepared to do their jobs if they are physically fit. Improved performance benefits the Agency, the City, and the citizens we serve, as well as the employees themselves. Based on this belief, this policy provides for a fitness facility, orientation sessions, supervisory discretion and flexibility, fitness assessments, and fitness incentives.

1001.2 ENCOURAGEMENT

The Agency encourages all employees to reach and maintain a good level of fitness and provides assistance and support in the following ways:

- (a) The Agency will have a physical fitness team made up of selected employees of the department as well as a designated supervisor appointed by the Chief of Police. Team members shall receive special training and will be responsible for development and oversight of fitness programs, facilities and equipment.
- (b) The Agency provides a physical fitness training facility ("facility") and equipment.
- (c) The Agency will provide a voluntary physical fitness assessment test twice a year which will include fitness improvement incentives.
- (d) The Agency, through the fitness team, will provide various training and informational programs to employees collectively and individually to assist with fitness development.
- (e) The fitness team will make periodic checks of the equipment of the facility and request maintenance or replacement as required through the Training Unit.
- (f) With certain restrictions, the agency allows employees to use the facility during on-duty and off-duty hours.

1001.3 FACILITY

The facility is for the use of all Agency employees and authorized guests to develop their personal fitness under the following conditions. All users of the facility must follow the facility rules as established by the Fitness Team.

- (a) Orientation Session Prior to Use. Prior to the on-duty or off-duty use of the facility, new employees and current employees who have not previously received facility orientation regarding safety and familiarization check-out with a certified member of the Fitness Team must attend such an orientation session. Scheduling of an orientation session shall be at the discretion of the employee's supervisor and the Fitness Team.
 1. The orientation session shall include an explanation of the facility equipment and the rules of the facility. These sessions will be incorporated into the orientation schedule of new employees.
 2. The Training Unit is responsible for maintaining files which will contain records of the employees who have completed the orientation session and a description of the contents of the session.
 3. The Training Unit is responsible for maintaining the facility use sign in logs and ensuring that the logs are available for sign in.

Fort Collins Police Services

Policy Manual

- (b) On-duty Use. Employees may use the facility during on-duty hours only under the following conditions:
1. Employees who are normally compensated for their authorized on-duty break as part of their regularly scheduled work day may, at their on-duty supervisor's discretion, be allowed to take that break at the facility and exercise during that time. The same parameters that apply to regular breaks will apply (location, availability, etc.).
 2. Employees who are compensated for their meal breaks as part of their regularly scheduled work day may be allowed to take that meal break at the facility and exercise during that time under the following conditions:
 - (a) The on-duty supervisor will determine if and when an employee may exercise at the facility in lieu of taking a meal break. It is understood that some shifts/work groups may not have the necessary flexibility to allow exercising at the facility during meal breaks.
 - (b) The on-duty supervisor will evaluate staffing and deployment needs, call load, shift availability, and all other factors prior to allowing an employee to exercise at the facility in lieu of a meal break. An employee shall be considered "available" while exercising at the facility. For example, an employee may not be allowed to change clothes into full athletic gear and actually leave the facility to go jogging or exercise. The employee may only use their designated 40 minute meal break to work out and must monitor radio traffic and calls for service in order to be available and respond to calls for service if needed.
 - (c) Supervisory approval will occur at the daily shift briefing or other unit briefing with a specific time slot for the facility use assigned. As with all meal breaks, call load demands may cause cancellation of the approval or a change in the time slot.
 - (d) Officers who have been granted approval to use the facility during their meal breaks must make the necessary notifications regarding their location and availability to patrol supervisors and the Poudre Emergency Communications Center.
 3. Employees may use the facility while on-duty to participate in fitness assessment tests as described below. Scheduling of such tests shall be at the discretion of the employee's supervisor and the Fitness Team.
 4. Employee attendance at the above-described orientation session will be considered to be on-duty.
 5. Employee attendance at other testing or training sessions conducted at the facility may be considered to be on-duty when specifically authorized by the Chief of Police.
- (c) Off-duty Use. All use of the facility, other than under those circumstances identified above for on-duty use, shall be considered off-duty and shall be subject to the following conditions:
1. Employees may use the facility during off-duty hours at their own risk.
 2. Prior to using the facility while off-duty, employees are required to read, agree to, and sign a waiver/release of liability form. Once signed, this waiver/release form shall be applicable to the employee each time the employee is making off-duty use of the facility.

Fort Collins Police Services

Policy Manual

Fitness Program

3. Employees may exercise with a non-employee adult guest. The employee must be present in the facility when the guest is present and must assume responsibility for the conduct of the guest. The employee must ensure that the guest reads, agrees to, and signs the posted sign-in sheet which states the general risks of using the facility and contains a waiver/release of liability at the top of each page.
 4. Employees may exercise with their children providing the children are at least 12 years of age. The employee must be present in the facility when the children are present and must assume responsibility for the conduct of the children. The employee must ensure that an adult child reads, agrees to, and signs the posted sign-in sheet which states the general risks of using the facility and contains a waiver/release of liability at the top of each page. For a minor child, the employee must sign the posted sign-in sheet on behalf of the child. By signing in on behalf of the child, the employee understands that he/she is signing the waiver/release on behalf of the employee and the child.
- (d) The Chief of Police or his designee may authorize other individuals or groups to use the facility at the Chief's discretion. These other individuals or groups may include, but are not limited to, other City employees or visiting officers from other jurisdictions. Each time prior to using the facility, such authorized guests are required to read, agree to, and sign the posted sign-in sheet which states the general risks of using the facility and contains a waiver/release of liability at the top of each page that is applicable to the guest while making use of the facility.
- (e) No animals, except service animals as defined under the Americans With Disabilities Act, are permitted in the facility.

1001.4 FITNESS ASSESSMENT TESTS

- (a) The fitness team will be responsible for scheduling and administering voluntary assessment tests twice a year at about six month intervals. The purposes of the tests are to provide the members with information on their levels of fitness and to serve as an incentive to develop good fitness. Fitness testing instruments must be approved by the Chief of Police or designee and maintained in department training files. Awards will be granted based on participation and performance.
- (b) The fitness team will be responsible for the specifics of the testing process under the following guidelines:
1. Each full time employee may earn up to a maximum of twenty (20) hours of award time per test, based on their participation and over-all performance. Part time employees may earn pro-rated award time based on their normal work schedule. In addition, the department may provide other incentives or award times as recommended by the fitness team.
 - (a) Employees can continue to accrue an unlimited number of Award Time; however, an employee may only carry over, from one leave benefit year to the next, a maximum of 240 hours. Any hours above that cap will be eliminated at the end of the leave benefit year.
 - (b) Award time will not be converted to cash at any time.
 2. Tests used and award time schedule will be approved by the Chief of Police and kept on file with the appointed fitness team supervisor.
 3. Fitness instructors may conduct assessments to determine a member's ability to participate in the process; if there is an indication that the member is ill, injured,

Fort Collins Police Services

Policy Manual

Fitness Program

or not physically able to participate, fitness instructors have the authority to refuse a member's participation. Employees on light duty or modified duty are prohibited from testing unless they provide a note from their doctor indicating the employee is able to participate in the fitness test and listing any restriction if necessary.

4. Should a member be injured during the testing process, the member shall cease testing and notify the instructor at once. Medical attention should be sought, if needed and appropriate reports completed.
5. Members may test during regular work hours if scheduling permits, or may be granted flex time if they test during non-work hours.
6. In fairness to all members, the tests must be completed during the time frame specified in the announcement of the tests in order to be eligible for awards. Members who just do testing as a requirement of their job assignment, but who cannot complete the testing during the specified time frame may do the test earlier or later to meet the job requirements, but will not receive incentive awards.
7. Members will be notified of their results as well as any awards earned. Files of results will be retained for member information, for the instructors' program evaluation, and for the department to gather generalized statistical information.
8. Fitness assessments can only be conducted by certified current fitness team members. Current fitness team members must be certified through the Cooper Institute as a Law Enforcement Fitness Specialist.

1001.5 POLICE OFFICER HIRING PROCESS FITNESS TESTING

- (a) The fitness team will conduct the physical fitness readiness testing for all Agency hiring requirements.
- (b) All fitness team members participating in the administration of the fitness hiring tests must have completed the Fort Collins Police Fitness testing Procedures orientation.
- (c) A minimum of two fitness team members are required for each new hire testing group, with additional team members present as needed for safety and efficiency of scoring applicants.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The Agency's employee performance evaluation system is designed to record work performance for both the Agency and the employee, providing recognition for good work and developing a guide for improvement.

1002.2 POLICY

The Agency utilizes a performance evaluation system to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation system is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Agency evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, creed, ancestry, national origin, religion, age 40 years or older, disability, marital status, sexual orientation, genetic information, or other characteristics protected by law.

1002.3 EVALUATION PROCESS

- (a) Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.
- (b) All sworn and civilian supervisory personnel shall be trained on the completion of performance evaluations within one year of the supervisory appointment.
- (c) Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.
- (d) Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.
- (e) Non-introductory employees demonstrating substandard performance shall be notified of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity and shall be documented by the supervisor.

1002.4 EVALUATION FREQUENCY

- (a) Introductory employees will receive performance evaluations during their introductory period and prior to the end of their introductory period. Introductory employees must receive a satisfactory evaluation in order to complete their introductory period.
- (b) Non-introductory employees will receive performance evaluations at least annually.

Fort Collins Police Services

Policy Manual

Evaluation of Employees

1002.4.1 VOLUNTEER EVALUATIONS

Volunteer evaluations are described in Policy 384 - Volunteer Program.

1002.5 SPECIAL EVALUATIONS

Regular employees are subject to three types of performance evaluations:

Annual - An employee performance evaluation shall be completed once each year by the employee's immediate supervisor.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, an memorandum shall be completed by the current supervisor documenting the employee's performance during the time of supervision.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary for other reasons, including an assessment of employee performance that appears to have become substandard. Generally, when used to demonstrate those areas of performance that appear to be substandard the evaluation would include follow-up action (e.g., work plan, remedial training, retraining). The evaluation form and any documentation shall be submitted as one package.

1002.5.1 SYSTEM AND RATINGS

Supervisors will evaluate employees according to the competencies specified by the City as defined in the Police Officer Evaluation Manual and the Dispatcher Evaluation Manual.

- (b) The Agency may initiate a testing process based on a forecast of organizational needs.
- (c) A promotional testing process will be used to establish a promotional eligibility list for the rank.
- (d) The promotional eligibility list will be in effect for one year but can be extended by the Chief of Police up to two years.

1004.3 SELECTION PROCESS FOR SWORN OFFICERS

- (a) This provision outlines the procedures to be used in the promotion of qualified employees to supervisory positions as vacancies occur. This provision shall not be applicable to temporary acting assignments. The Agency reserves the right to establish and determine the qualities, work history, experience, and skills sought for promotion of employees as well as the need and timing of the promotional process.
- (b) The following procedures shall be utilized in the promotional process to the rank of Sergeant and Lieutenant:
 1. All applicants shall be required to complete a professional history evaluation, intended to measure the applicant's existing supervisory skills, experience,

Fort Collins Police Services

Policy Manual

Promotion

training, and education. Prior to scoring the completed evaluations, the Agency will establish a minimum score requirement that will permit applicants to move on to the next step in the process.

2. Remaining applicants shall be required to complete an assessment center which has been professionally audited and validated. The assessment center may include various interview boards, presentations, and role play scenarios. The designated employee bargaining agent shall be given the opportunity to designate a qualified employee representative acceptable to the City to participate in every segment of the assessment center that utilizes an Agency employee to evaluate the performance of an applicant.
3. The applicant's score from the professional history evaluation shall be combined with his/her score from the assessment center. The City will establish a minimum score requirement that will permit applicants to move on to the next step in the process.
4. Prior to any promotional selection, considered applicants shall be required to interview with the Chief of Police and members of the Executive Staff designated by the Chief.
 - (a) The number of candidates that will be interviewed by the Executive Staff shall depend on the number of promotional opportunities that are anticipated in the following ninety (90) days. If one vacancy is anticipated, the three candidates with the highest scores in the promotional process will be interviewed. In the case of two candidates who receive a tie score (at the first decimal point) in a position on the list that affects the cutoff for an interview, both candidates will receive an interview. For each additional vacancy anticipated, the next highest scoring candidate will be invited to interview with the Executive Staff. For example:
 1. If the Agency anticipates one sergeant vacancy in the following 90 days, and two highest scoring candidates receive tie scores, only three candidates will be interviewed. If the tie is for the third score on the list, four candidates will be interviewed.
 2. If the Agency anticipates two sergeant vacancies in the following ninety days, the four highest scoring candidates in the pool will be invited to interview for these two positions. Three anticipated vacancies would allow five candidates to interview.
 3. As an illustration of this multi-opening process, see the scenario below: In the event that more than one promotion is anticipated, following the rule of three, only three candidates should be considered per opening. For example.
 1. First opening:
 1. Officer #1
 2. Officer #2
 3. Officer #3
 1. Assume Officer #2 is promoted and there is a second opening:
 2. Second opening:
 1. Officer #1
 2. Officer #3

Fort Collins Police Services

Policy Manual

Promotion

3. Officer #4
 1. Assume Officer #1 is promoted and there is a third opening:
 2. Third opening:
 1. Officer #3
 2. Officer #4
 3. Officer #5
 4. The Chief of Police, in his discretion, may choose to schedule the Executive Staff to interview all 5 of the top scoring candidates in this scenario, however, only three candidates will be considered for each opening.
- (b) A scored interview will be conducted by the Executive Staff, and the score from this interview will be factored into the overall score that the candidate earned in the previous steps of the process. The weight of the scoring for all stages of the promotional process will be published to candidates at the beginning of the process. Absent the Chief's finding of a compelling reason not to promote a candidate, promotions will be made in order beginning with the highest total score received by the candidates.
- (c) If a candidate's total score following the Executive Staff interview falls below the minimal passing score for the process, the candidate shall be removed from the applicant pool. Candidates maintaining a passing total score will remain eligible for future promotion. The eligibility list will be maintained for one year following the assessment center, but the list may be extended for an additional year at the discretion of the Chief of Police. If there are subsequent vacancies while the list is valid, the Executive Staff interview process will start over with the determination of the number of candidates to be interviewed based on the number of anticipated vacancies in the following 90 days. If a candidate has previously interviewed with the Executive Staff and remained on the eligibility list, the previous interview score will be deleted and the new interview score will be used to compute the total score and ranking of the candidates.

1004.4 NON-SWORN PROMOTION PROCEDURES

The following procedures shall be utilized in the promotional process to the position of Supervisor or Manager for Non-Sworn members of the Collective Bargaining Agreement (CBA):

- (a) All applicants may be required to complete one or more written tests, oral presentations, written essay questions, and an assessment center, all intended to measure the applicant's decision-making skills, interpersonal skills, problem-solving skills, organizational/planning skills, job knowledge, supervisory skills, and teamwork. Prior to scoring the segments of the process, the Agency will establish a minimum score requirement that will permit applicants to be considered eligible for promotion. The designated employee agent shall be given the opportunity to designate a qualified employee representative acceptable to the Agency to participate in every segment of the selection process that utilizes an Agency employee to evaluate the performance of an applicant.

Fort Collins Police Services

Policy Manual

Promotion

- (b) Prior to any promotional selection, considered applicants shall be required to interview with the appropriate Division Captain and members of the Captain's staff designated by the Captain. The Captain may conduct and/or direct others to conduct follow-up interviews with the applicants. Interviewers shall provide input to the Captain. At his/her sole discretion, the Chief or his/her designee may promote an applicant from the pool, retain an applicant in the pool without promoting, or remove an applicant from the pool. Those applicants remaining in the pool shall remain eligible for promotion for a period of time to be determined by the Captain, but shall not exceed two years from the final scoring prior to the Captain interview.

1004.5 DISPATCHER PROMOTION PROCEDURES

- (a) The following procedures shall be utilized in the promotional process to the position of Dispatch Supervisor:
 - 1. All applicants may be required to complete one or more written tests, oral presentations, written essay questions, and an assessment center, all intended to measure the applicant's decision-making skills, interpersonal skills, problem-solving skills, organizational/planning skills, job knowledge, supervisory skills, and teamwork. Prior to scoring the segments of the process, the City and/or Agency will establish a minimum score requirement that will permit applicants to be considered eligible for promotion. The designated employee agent shall be given the opportunity to designate a qualified employee representative acceptable to the City and/or Agency to participate in every segment of the selection process that utilizes an Agency employee to evaluate the performance of an applicant.
 - 2. Prior to any promotional selection, considered applicants shall be required to interview with the Information Services Division Captain and members of the Captain's staff designated by the Captain. The Captain may conduct and/or direct others to conduct follow-up interviews with the applicants. Interviewers shall provide input to the Captain. At his/her sole discretion, the Chief or his/her designee may promote an applicant from the pool, retain an applicant in the pool without promoting, or remove an applicant from the pool. Those applicants remaining in the pool shall remain eligible for promotion for a period of time to be determined by the Captain, but shall not exceed two years from the final scoring prior to the Captain interview.

1004.6 SENIORITY AND ANNOUNCEMENT OF PROMOTIONS

Personnel Directive

- (a) Whenever an employees is promoted, the Chief of Police shall issue a Personnel Directive for that promotion to the employee.
- (b) The Personnel Directive will provide the employee(s) with the date the promotion will take effect and if more than one employee is promoted to the same rank on the same day, the Directive will list their order of seniority.

Transfer and Rotation

1005.1 PURPOSE AND SCOPE

Fort Collins Police Services recognizes that the overall efficiency and effectiveness of the organization is positively impacted by people at all levels of the organization who have developed a high degree of expertise and experience through a variety of assignments. It is also recognized that certain highly specialized assignments do not lend themselves to frequent rotation.

The purpose of the following Policy is fourfold: first, to ensure that sworn personnel are provided with opportunities to function in a variety of assignments within the organization; second, to ensure that the criteria for transfers and rotations is fair and equitable throughout the organization; third, to ensure that the valuable commodities of experience, knowledge, and continuity are maintained and fourth, as a value to the Agency for succession planning purposes. These four purpose areas are in the best interest of the Agency.

1005.1.1 POLICY

- (a) Police officers are subject to transfer when such movement is considered to be in the best interest of the Agency, the best interest of the affected officer, or both, as determined by the Chief of Police. There are no permanent assignments for police officers, and no officer should plan to remain in any particular assignment indefinitely. Officers do not have a property right in any duty assignment. Fort Collins Police Services reserves the right to make assignments of officers to help meet the overall goals, direction, and needs of the Agency. Transfers do not constitute promotions or demotions.
- (b) To ensure compliance with this Policy, the Captains of the Divisions will co-administer this Policy through the utilization of personnel resource plans.
- (c) A Captain may request exemptions or exceptions to this Policy to the Chief of Police. Final approval in the selection of personnel for all assignments and/or positions within Fort Collins Police Services rests with the Chief of Police.

1005.2 SUPERVISORY AND MANAGEMENT POSITIONS

Lieutenants and sergeants are subject to being transferred from one assignment to another depending on the needs of the Agency. Sworn supervisors and managers are generally subject to rotation after three to five years in a position outside of the patrol shift schedule. Factors which will be taken into consideration regarding the timing of such transfers shall include individual performance, position vacancies, opportunities for employee development, individual preference and the needs of the Agency.

When there is an anticipated vacancy in a supervisory or management position, the Captain of the affected Division will notify all eligible personnel at this rank and determine which personnel are interested in applying for the vacancy. The Division Captain shall conduct an interview process with the candidates to select the best person for the position based on demonstrated knowledge, skills and abilities, the potential for career development of the candidate and the needs of the Agency. If there are no applicants for an anticipated vacancy, the Division Captain may select a qualified person to fill the vacancy after consultation with the Executive Staff. The Chief of Police shall approve the selection of supervisory and management personnel.

Fort Collins Police Services

Policy Manual

Transfer and Rotation

1005.3 ELIGIBILITY AND RESTRICTIONS

- (a) In order to prevent interference with career development, only officers who have completed two years, from date of hire, as a sworn Fort Collins Police Services officer shall be considered for an Extended Duty, Temporary Duty or Special Assignment. This two year period must be of continuous service, immediately preceding the application due date. However, when no acceptable candidate applies for an opening, the Chief of Police may waive the two-year eligibility requirement.
- (b) Restrictions may be placed on Extended Duty Assignments, or Special Duty Assignments that would limit or prohibit individuals occupying those assignments from competing for other assignments and/or promotions within the Agency for a specified period of time. When such restriction exists, it shall be provided to all potential applicants as part of the written criteria for the assignment. Examples of assignments that have restrictions include Canine Officers and School Resource Officers.

1005.4 EXTENDED DUTY ASSIGNMENTS

- (a) Personnel Directive
 - 1. Whenever an officer accepts an Extended Duty or Temporary Duty Assignment, the Chief of Police shall issue a Personnel Directive for that assignment to the officer.
 - 2. The Personnel Directive will provide the officer with information about the assignment and its anticipated duration.
- (b) Duration of Assignment
 - 1. Extended Duty Assignments have an upper limit of up to seven-years. Nothing precludes an officer from rotating from one extended duty assignment to another. However, an officer may not re-apply for their same position or to any other position open at the same time within the same unit he/she just vacated. The seven-year time period starts when the officer assumes the Extended Duty Assignment he/she was selected for. When an incumbent has reached the maximum time allowed for his/her position and rotation is due, but there is a lack of applicants or candidates deemed acceptable by the Division Captain, the Chief of Police may grant the incumbent an additional year in the assignment before the position is again considered for rotation and opened to candidates. Rotations will occur with the normal patrol shift rotation dates, following the maximum time allowed, except for School Resource Officers, whose positions will rotate at the end of the given school year.
 - 2. There are a limited number of job assignments within the Department which are so technical and/or job knowledge specific that it would not be practical to rotate personnel after seven years. For these positions, the assignment will be for up to fifteen years duration. While these assignments may change due to Department need and/or advances in technology. Current positions designated for extended rotations are the Intelligence Officer, Forensic Services Detectives and Computer Forensic Detectives.
 - 3. The Criminal Investigations Division administrative clerk shall compile and maintain a matrix showing the rotation dates of personnel in Extended Duty and Temporary Duty assignments which will be available on the Department shared computer drive. Personnel will rotate assignments according to this matrix. Rare exceptions to the seven-year duration may occur when it is determined that it is in the best interest of the Agency to delay or accelerate a given

Fort Collins Police Services

Policy Manual

Transfer and Rotation

rotation. These exceptions must be documented in a Personnel Management Plan and approved by the Chief of Police.

4. Officers in Extended Duty Assignments may apply for other assignments or request reassignment to other positions at any time unless they agreed to a minimum year commitment for their current assignment. If these reassignments are granted, they may affect personnel management plans and are subject to approval the Chief of Police.
5. Officers in Extended Duty Assignments may be reassigned by the Agency at any time. This would normally occur due to the best interests of the Agency or performance issues.

1005.5 TEMPORARY DUTY ASSIGNMENTS

- (a) The Chief of Police shall determine the number and placement of Temporary Duty Assignments (TDAs). While a TDA is normally for up to a three year period, the duration of a specific TDA may change based on Division or Agency needs.
- (b) Officers in a TDA are eligible to apply for Extended Duty assignments. If granted an Extended Duty Assignment within the same unit that they serve as a TDA, the duration of their Extended Duty Assignment will be reduced by the number of years they served in a TDA. Movement from a TDA directly to an Extended Duty Assignment in a unit other than in the one they served as a TDA shall not impact the duration of the Extended Duty Assignment.

1005.6 SPECIAL DUTY ASSIGNMENTS

The Chief of Police or his designee shall determine the number, placement, and duration of Special Assignments.

NOTE: Field Training Officer (FTO) is a specialized assignment; however, due to the base of experience necessary to be an effective trainer, the eligibility for that assignment requires the candidate to be a level 5 officer with three years of police experience on solo patrol, two of which must be with Fort Collins Police Services.

1005.7 SELECTION PROCESS

- (a) The goal of a selection process is to find qualified candidates who can perform the job and to provide a fair opportunity for all. The following selection process shall be used for Extended Duty Assignments and, Temporary Duty Assignments.
 1. Two to three months prior to the designated patrol shift bid the Patrol, Criminal Investigations and Administrative Divisions shall send a memorandum to police officers announcing selection processes for positions within their Divisions. The memorandum will:
 - (a) List a due date for submission of letters of interest and name the supervisor or manager to whom the letters are to be sent.
 - (b) Be sent two weeks in advance of the beginning of the selection process.
 - (c) List any openings that will be filled from the list created by the process in the following year.
 - (d) Announce that an eligibility list will be created at the conclusion of each selection process which will remain in effect from January 1st to December 31st of the following year.

Fort Collins Police Services

Policy Manual

Transfer and Rotation

2. All prospective candidates shall submit written notice indicating their interest to the named supervisor by the given due date.
 3. The supervisor(s) from each Division shall develop and design a selection process that meets the unique needs of each assignment. Division Captains must approve each process.
 4. The names of those candidates who are identified through the selection process as acceptable for the assignment shall be placed on an eligibility list which will be valid from January 1st to December 31st of the following year. A Division Captain, in his or her discretion, may terminate an eligibility list at any time and may remove a candidate an eligibility list as a result of poor performance or disciplinary action that occurred at any time while they were testing for or actually on the eligibility list.
- (b) Selecting Officers to fill vacant team positions
1. When a team vacancy occurs the unit supervisor will make a selection from the eligibility list that is current at the time the vacancy occurs. The supervisor will make their selection recommendation to the team lieutenant who will approve or deny the selection. If the Division Captain supports the selection he/she will make the final recommendation to the Chief of Police. If the Chief concurs the officer will be notified of his/her selection
 2. If an eligibility list is terminated or exhausted during the calendar year, and a vacancy occurs, a new process will be conducted to fill vacancies that occur during the remainder of the calendar year.
- (c) Special Assignment selection process
1. When vacancies occur in special units, the unit supervisor, after consultation with his/her Lieutenant, will conduct a selection process to fill the position. All other qualified candidates will remain on an eligibility list to fill vacancies that occur during the remainder of the calendar year.

1005.8 PERSONNEL RESOURCE PLANS

- (a) The management of personnel resources is a dynamic ever-changing process. The goal of this annual assessment is to review department personnel resources, make necessary adjustments and plan any future rotation.
- (b) The Criminal Investigations Captain shall cause a department survey to occur in January of each year to measure department demand for existing Extended and Temporary Duty Assignments. The Criminal Investigations administrative assistant shall maintain an updated rotation matrix outlining future and historical rotation by unit, officer name and year of rotation.
- (c) Personnel Resource Plans are written by unit managers (generally Lieutenants) and approved by the affected Captain. Unit supervisors shall prepare and submit written Personnel Management Plans to their respective Captains prior to the annual April 15 review and assessment meeting.
- (d) As a committee, the Chief of Police and Captains shall review and approve each Division's Personnel Resource Plan. This annual review and assessment shall occur annually on or about April 15. Personnel Resource Plans, any department surveys and rotation matrix information will be reviewed by the Chief of Police each Captain.

Reporting of Employee Charges and Convictions

1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform their official duties. Therefore, all employees shall be required to promptly notify the Agency of any past and current criminal convictions or pending charges.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND PROTECTION ORDERS

Colorado and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; CRS § 18-12-108).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 CRIMINAL CONVICTIONS

Any person convicted of a felony is prohibited from being a peace officer in the State of Colorado (CRS 24-31-305(1.5)(a)).

If a person is convicted of a misdemeanor crime listed in CRS § 24-31-305(1.5) after July 1, 2001, they may not obtain POST certification without a waiver or may have their POST certification suspended or revoked.

Even when legal restrictions are not imposed by statute or by the courts upon conviction of a criminal offense, criminal conduct by an employee of this Agency may prohibit him/her from carrying out law enforcement duties.

1010.3.1 COURT ORDERS

All employees shall promptly notify the Agency if they are part of any criminal or civil court order. Court orders may prevent peace officers from possessing a firearm or require suspension or revocation of their peace officer POST certificate (see generally CRS § 24-31-303).

1010.4 CRIMINAL CHARGES

All employees who are charged with the following offenses, whether the offense allegedly occurred on-duty or off-duty, must report the charges verbally and in writing to their supervisors as soon as possible during business hours and not later than when the employee returns to work:

- (a) Any felony offense.
- (b) Any non-traffic misdemeanor offense.
- (c) The following traffic offenses:

Policy Manual

Reporting of Employee Charges and Convictions

1. Driving while license denied, suspended or revoked.
 2. Eluding or attempting to elude a police officer.
 3. Hit and run, or leaving the scene of an accident, or failure to give notice, information, aid and/or report to police when involved in an accident resulting in injury to, serious bodily injury to or death of any person or damage to a vehicle.
 4. Driving under the influence of intoxicating liquor and/or drugs, driving while impaired by intoxicating liquor and/or drugs, or driving with excessive alcoholic content, or driving with ability impaired.
 5. Speed contest.
 6. Reckless driving.
 7. The employee must provide a copy of the citation or charging document to his or her supervisor within a week of the date of the charged offense.
- (d) Criminal conduct by employees may result in disciplinary action, possibly including termination of employment, even when the alleged conduct occurred off-duty when it relates to qualifications for or performance of the employee's job. Moreover, the City may investigate alleged criminal misconduct or allegations of employee conduct that may violate the public trust and take disciplinary action regardless of whether the alleged offense results in a conviction.
- (e) All employees and all retired officers with an agency-issued identification card shall promptly notify their immediate supervisor, or the Chief of Police in the case of retired officers, in writing of any past or current criminal arrest or conviction, regardless of whether the matter is currently on appeal and regardless of the penalty or sentence.
- (f) All certified employees and all retired officers with an agency-issued identification card shall also promptly notify their immediate supervisor, or the Chief of Police in the case of retired officers, in writing if the employee becomes the subject of a domestic violence restraining order or similar court order.
- (g) Any employee whose criminal conviction unduly restricts or prohibits that employee from fully and properly performing his/her duties may be disciplined including, but not limited to, suspension without pay, reassignment and/or termination.

Any employee failing to provide prompt written notice pursuant to this Policy may be subject to discipline.

1010.4.1 NOTIFICATION TO THE DISTRICT ATTORNEY

Some convictions may require that the Agency notify the District Attorney. These notifications will be consistent with the provisions of a Memorandum of Understanding with the District Attorney and are related to the District Attorney's obligations required by *Brady v. Maryland* and its progeny and Rule 16 of the Colorado Rules of Criminal Procedure.

1010.5 PROCEDURE FOR RELIEF

A peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such judicial relief and the granting of a state court petition will not supersede the restrictions imposed by federal law.

Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on his/her own time and through his/her own resources.

Fort Collins Police Services

Policy Manual

Reporting of Employee Charges and Convictions

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, leave without pay reassigned, or disciplined up to and including termination. The Agency may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this Policy.

Alcohol and Drug Use

1012.1 PURPOSE AND SCOPE

The intent of this Policy is to deter the misuse or abuse of substances that create a threat to the safety and health of any employee or member of the public. The Agency discourages alcohol and drug abuse and strives to achieve a workforce free from the influence of drugs and alcohol.

While this Policy describes specific guidelines and procedures which are included here as a ready reference for employees regarding Drug and Alcohol Use, all employees are to be familiar with and are bound by City Personnel Policy 8.11 - Controlled Substances and Alcohol. Where the two policies are inconsistent, this Policy shall control.

1012.2 GENERAL GUIDELINES

The consumption of alcohol by on-duty personnel is prohibited except as authorized in the performance of an official special assignment. Personnel who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance and shall only consume alcohol with the prior authorization of a Division Captain.

Any substance that when ingested by a person causes impairment, however slight, is an intoxicant including, but not limited to, alcohol, illicit drugs and controlled substances.

Impairment to any degree, however slight, by intoxicants or the odor of alcoholic beverages on the body or breath while on duty or in uniform is prohibited except as provided in this Policy.

The affected employee shall notify their shift supervisor as soon as the employee is aware that he or she will not be able to report to work. If the employee is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner.

1012.2.1 USE OR POSSESSION OF DRUGS OR ALCOHOL ON-DUTY

To promote a safe and efficient work environment, the Agency prohibits using, consuming, possessing, having in the body, or distributing alcohol and controlled substances (except prescribed medications) by Agency employees and while working for the City at any location, or while operating City vehicles at any time (City Personnel Policy 8.11.A).

1012.2.2 USE OF PRESCRIBED MEDICATIONS

The City recognizes that employees will sometimes need to take over-the-counter drugs and medications as prescribed by their physicians. It is not a violation of this Policy for employees to possess and use medication. However, if the use of such medication appears to affect the employee's ability to perform her or his job safely or effectively, then the City may, in its discretion, require the employee to take appropriate action, which may include but is not limited to doing one or more of the following (City Personnel Policy 8.11.1):

- (a) Obtain further information from her or his physician. For example, information about how long the medication must be taken and verification that the employee can perform

Fort Collins Police Services

Policy Manual

Alcohol and Drug Use

her or his job without jeopardizing the health or safety of herself or himself and others while taking the medication;

- (b) Be examined by a physician or other health care provider designated by the City in order to determine the employee's ability to perform job functions;
- (c) Take a leave of absence while taking the medication, and the employee may use available sick leave or injury leave (whichever applies), vacation time, and compensatory time off in accordance with City leave policies;
- (d) Accept an assignment to modified duty in accordance with Policy 1054 - Modified Duty.
- (e) Because the possession and use of marijuana, whether for medical use or otherwise, constitutes a federal offense and because the use of marijuana is not compatible with the performing of any job with the City, the City will not accommodate the medical use of marijuana. For purposes of this Policy, the use of medical marijuana as recognized by state law is not considered a prescribed or otherwise permitted medication.

1012.2.3 OFF-DUTY

Off-duty employees of the Agency shall refrain from consuming alcoholic beverages to the extent that it results in behavior which discredits them as an employee of the Agency or brings discredit to the Agency, or renders the employee unfit for his/her regular tour of duty.

When notified of an immediate call to duty or placement on standby status as described in Policy 391 - Personnel Recall, an employee who has consumed an amount of an alcoholic beverage or taken any drug that would tend to adversely affect the employee's senses or judgment or consumed an alcoholic beverage within four hours shall notify his/her supervisor. The call to duty or placement on standby status may be delayed if the supervisor determines that such is necessary to ensure that the employee is not impaired and does not have a significant amount of alcohol in the body at the time of reporting for duty.

Employees will not consume alcohol while On-Call, when notified of an immediate call to duty, or when an employee is placed on standby status.

1012.3 EMPLOYEE ASSISTANCE PROGRAM

A voluntary Employee Assistance Program is available to assist employees who wish to seek help for alcohol and drug problems. Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the Employee Assistance Program or their insurance provider. There may also be available a variety of insurance coverages which provide treatment for drug and alcohol abuse. Employees may contact the Human Resources Department, their insurance provider or the Employee Assistance Program for additional information.

It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

Employees may use leave for confidential visits consistent with Policy 1014 - Sick Leave.

1012.4 SUPERVISOR RESPONSIBILITIES

If an employee informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with the safe and efficient performance of his/her duties, the employee may be required to obtain clearance from his/her physician before he/she continues to work.

Fort Collins Police Services

Policy Manual

Alcohol and Drug Use

If a supervisor reasonably believes, based upon objective facts, that an employee's ability to perform his/her duties safely and efficiently may be impaired by the consumption of intoxicants, the supervisor shall ask the employee whether he/she has consumed any alcohol or other drugs and, if so the amount and type of alcohol or other drug consumed, the time of consumption and the name of the person who prescribed the controlled substance.

1012.4.1 ASSESSMENT OF PROBABLE CAUSE FOR CRIMINAL INVESTIGATION

The involved supervisor is expected to consider the facts of the situation and assess whether or not probable cause exists to believe the employee has committed a violation of law. If that assessment is that probable cause exists, then the supervisor shall ensure that standard criminal processes are followed prior to proceeding with the administrative investigation with reasonable suspicion testing.

1012.5 REASONABLE SUSPICION

- (a) Employees covered by this Policy will be required to submit to tests for controlled substances and/or alcohol when one or more trained supervisors or any City official has reasonable suspicion based on specific, contemporaneous, articulable observations that the actions, appearance, behavior, speech or body odors of the employee on duty shows symptoms of the use or presence in the employee's body of a controlled substance or alcohol.
- (b) When a supervisor reasonably suspects that an employee may have alcohol and/or a controlled substance in her or his system during working time, the supervisor should immediately and as confidentially as possible remove the employee from any potentially dangerous situation (such as prohibit the employee from driving or operating machinery). The supervisor should then immediately consult with the next level of supervision in order to reach a conclusion as to whether or not sufficient identifiable facts exist which would lead a reasonable person to suspect that the employee had alcohol and/or a controlled substance in her or his system during working hours. If, from the facts known to the supervisors at the time, the conclusion is reached that the employee is suspected of having alcohol and/or a controlled substance in her or his system during working hours, the supervisor shall make arrangements for the immediate testing of the employee pursuant to procedures set forth below. If reasonably possible, the supervisor shall consult with the Human Resources Department prior to requiring an employee to submit to an alcohol or controlled substance test and, in any event, shall notify the Human Resources Department as soon as reasonably possible after a test is imposed (City Personnel Policy 8.11.4).
- (c) The smell of alcohol on the employee's body or breath by itself will constitute reasonable suspicion requiring an alcohol test, unless the supervisor determines after consultation with the next level of supervision that there are convincing facts to the contrary (such as a call to duty situation where the supervisor has determined that at the time of reporting for duty the employee is not impaired by alcohol, and the time between the ingestion of the alcohol and the report for duty is sufficient so that the amount of alcohol in the employee's body should be insignificant, assuming a dissipation rate of .015 per hour; or the employee has had alcohol spilled on his/her clothes). Such tests shall be part of an administrative investigation conducted in accordance with the procedures outlined for administrative investigations in Policy 1020 - Administrative Investigations.
- (d) When an employee has been arrested pursuant to CRS 42-4-1301 (Driving Under the Influence) and was at the time of arrest driving a City vehicle or was driving to or

Fort Collins Police Services

Policy Manual

Alcohol and Drug Use

from work in their personal vehicle, the City may require screening tests subsequent to those statutorily required.

1012.5.1 REASONABLE SUSPICION TESTING PROCEDURE

- (a) Alcohol testing procedures will consist of an initial screening portable breath test (PBT) administered by Agency personnel. If the PBT is .01 grams of alcohol per 210 liters of breath or less, the test shall be considered to be negative. If the PBT provides a reading for alcohol in an amount above .01, the employee will be transported to a City-approved collection site for a confirmatory test conducted pursuant to the Procedures For Transportation Workplace Alcohol Testing Programs (49 CFR Part 40).
- (b) Controlled Substance testing procedures will be as set forth in the Procedures For Transportation Workplace Drug Testing Programs (49 CFR Part 40), using the split sample method except that an initial screening test at the City-approved collection site may be utilized prior to splitting the sample, sealing, and shipping the samples for laboratory analysis. In the event that an initial screening at the collection site provides results below the initial test cutoff levels as provided in 49 CFR §40.87, the sample will be destroyed and the result will be reported as negative. In the event that an initial test is at or above any of the initial test cutoff levels, the sample will be split, sealed, and shipped to a designated testing laboratory for confirmatory testing.

1012.5.2 SCREENING TEST REFUSAL

Any employee who refuses to take an alcohol or controlled substances test required by the City may be subject to disciplinary action. In addition, any employee who tests positive for alcohol or for a controlled substance (except for the employee's prescribed medication) in any amount may be subject to disciplinary action, up to and including termination of employment. Because of the accuracy limits inherent in current alcohol testing techniques, a positive test for an alcohol concentration of less than .02 will not, by itself, constitute grounds for discipline. The following behavior constitutes a refusal (City Personnel Policy 8.11.9):

- (a) Failure to provide a urine specimen or breath sample;
- (b) An inability to provide a sufficient urine specimen or breath sample without a valid medical explanation;
- (c) Tampering with or attempting to adulterate the specimen or collection procedure;
- (d) Verbal declaration, obstructive behavior, refusal to sign the Alcohol Testing Form;
- (e) Physical absence resulting in the inability to conduct the test;
- (f) Substituting a specimen;
- (g) Not reporting to the collection site in the time allotted;
- (h) Leaving the collection site prior to test completion;
- (i) Failure to permit an observed or monitored collection when required;
- (j) Failure to take a second test when required;
- (k) Failure to undergo a medical examination when required;
- (l) Failure to cooperate with any part of the testing process;
- (m) Failure to appear for any test (except a pre-employment test) within a reasonable time, as determined by the City, after being directed to do so by the City;
- (n) Having a verified adulterated or substituted test result;

Fort Collins Police Services

Policy Manual

Alcohol and Drug Use

- (o) For an observed collection, failure to follow the observer's instructions to raise clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if there is any type of prosthetic or other device that could be used to interfere with the collection process;
- (p) Possess or wear a prosthetic or other device that could be used to interfere with the collection process; or
- (q) Admit to the collector or MRO that the specimen has been adulterated or substituted.

1012.6 CONFIDENTIALITY

The Agency recognizes the confidentiality and privacy due employees. Disclosure of any information relating to chemical abuse treatment, except on a need to know basis, shall only be with the express written consent of the employee involved or pursuant to lawful process. The written results of any screening test will be provided to the employee.

Sick Leave

1014.1 PURPOSE AND SCOPE

Employees of this Agency are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the employee's respective personnel Policies or applicable collective bargaining agreement. Employees may also be entitled to additional unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (29 CFR 825.100).

1014.2 EMPLOYEE RESPONSIBILITIES

- (a) Sick leave may be used for absences described in the applicable City Personnel Policies or collective bargaining agreement.
- (b) Sick leave is not considered vacation. Abuse of sick leave may result in discipline and/or denial of sick leave benefits. Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness.
- (c) Upon return to work, employees shall complete and submit a leave request describing the type of leave used and the specific amount of time taken.

1014.2.1 NOTIFICATION

- (a) Employees are encouraged to notify their immediate supervisor, the on-duty supervisor or other appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than two hours before the start of their scheduled shift if practicable. If an employee is unable to contact the supervisor in the case of an emergency, every reasonable effort should be made to have a representative contact the supervisor.
- (b) When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever reasonably possible, provide notice to the Agency as soon as reasonably possible and with no less than 30-days notice of the intent to take leave.

1014.3 EXTENDED ILLNESS

- (a) Employees on extended absences shall, if possible, contact their unit supervisor at three-day intervals to provide an update on their absence and expected date of return. Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a statement from their health care provider supporting the use of sick leave and/or the inability to return to work.
- (b) Nothing in this section precludes a supervisor, based upon reasonable cause, from requiring a physician's statement if three or fewer sick leave days are taken.

1014.4 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this Policy. When appropriate, supervisors should counsel employees regarding the excessive

Fort Collins Police Services

Policy Manual

Sick Leave

use of sick leave and should consider referring the employee to the Employee Assistance Program.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This Policy provides guidelines for Agency personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury as required by state and federal guidelines (29 CFR § 1910.1030(a)). The Policy will offer direction in achieving the following goals:

- To identify, inform and train all Agency employees regarding the communicable disease risks to which they may be exposed while performing their specific job assignments;
- To manage the risks associated with blood borne pathogens, aerosol transmissible diseases and other potentially infectious substances;
- To assist Agency personnel in making decisions concerning the selection, use, maintenance, limitations, storage and disposal of personal protective equipment (PPE);
- To protect the privacy rights of all Agency personnel who may be exposed to or contract a communicable disease during the course of their duties; and
- To provide appropriate testing, treatment and counseling should an employee be exposed to a communicable disease.

1016.2 PROCEDURES FOR CONTACT WITH BLOOD OR BODILY FLUIDS

All Agency personnel who may be involved in providing emergency medical care or who come in contact with another person's blood or bodily fluids (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

1016.2.1 EXPOSURE CONTROL OFFICER

The Agency's Internal Affairs Sergeant has been designated by the Chief of Police as the Exposure Control Officer (ECO). The ECO shall be responsible for the following:

- (a) Coordinate communications between the department, area hospitals, Risk Management, and the county and state health departments.
- (b) Coordinate and provide a comprehensive infection control education program that meets or exceeds regulation 29 CFR 1910.1030. Technical assistance may be provided by the City's Health and Safety Manager or local Occupation Health Services.
- (c) The overall management of the blood borne Exposure Control Plan (ECP).
- (d) The ECO will work with Agency management and the City's Risk Manager to develop and administer any additional related policies and practices necessary to support the effective implementation of this plan and remain current on all legal requirements concerning blood borne pathogens and other communicable diseases.
- (e) The ECO will conduct program audits to maintain a current ECP. This audit will take place at the rotation of the ECO.
- (f) The ECO will maintain a current list of police personnel requiring training, will develop and implement a training program, maintain class rosters and quizzes and periodically review the training program.

Fort Collins Police Services

Policy Manual

Communicable Diseases

- (g) The ECO will review and update the ECP annually (on or before January 1 of each year) or upon rotation of the ECO.

Agency supervisors are responsible for exposure control in their respective areas. They shall work directly with the ECO and the affected employees to ensure that the proper exposure control procedures are followed.

1016.2.2 UNIVERSAL PRECAUTIONS

All human blood and bodily fluids, such as saliva, urine, semen and vaginal secretions are to be treated as if they are known to be infectious. Where it is not possible to distinguish between bodily fluid types, all bodily fluids are to be assumed potentially infectious.

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable diseases and other hazardous exposures. Policy 1017 - Personal Protective Equipment describes the equipment issued to all officers.

The protective equipment is to be kept in each police vehicle and replaced if it has been used or damaged during the shift, or is otherwise in need of replacement.

1016.2.4 IMMUNIZATIONS

All Agency personnel who, in the line of duty, respond to emergency medical calls or may be exposed to or have contact with a communicable disease shall be offered appropriate immunization treatment. Personnel have the option of declining immunizations, but will be required to sign a declination form; which will be kept in a permanent file by the ECO.

1016.2.5 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or bodily fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves should be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other bodily fluids. Should one's disposable gloves become contaminated with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1016.2.6 INFORMATION AND TRAINING

All employees shall participate in occupational exposure training commensurate with the requirements of his/her position. The training shall be provided:

- (a) At the time of initial assignment to tasks where an occupational exposure may take place.
- (b) At least annually after the initial training.

Fort Collins Police Services

Policy Manual

Communicable Diseases

- (c) Whenever the employee is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

The occupational exposure training should meet the minimum standards set by state and federal OSHA regulation (29 CFR § 1910.1030(g)(2)(vii)) and the Ryan White Comprehensive AIDS Resource Emergency Act.

1016.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal or decontamination of equipment or personnel after responding to an event that involved contact with a person's blood or bodily fluids.

1016.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of biohazards with the onscene fire response vehicle or ambulance, at the attending clinic or hospital with its approval or in an appropriately marked biohazard waste container immediately upon arrival.

Sharps containers, when utilized, shall be collapsible, leak proof, red and appropriately labeled with a biohazard warning, and routinely emptied.

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall immediately wash their hands either while on-scene or as soon as practicable following the removal of potentially contaminated gloves. Antibacterial soap and warm water shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water. If large areas of the employee's skin are contaminated, the employee shall shower as soon as reasonably possible, using warm water and soap. Medical treatment may be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen or other areas where food is prepared and/or stored.

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All sharps and items that cut or puncture (e.g., broken glass, razors and knives) shall be treated cautiously to avoid cutting, stabbing or puncturing one's self or any other person. If a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching sharps with the hands shall be avoided. Use a device, such as tongs to collect evidentiary items and a broom and/or dustpan, to clean up debris. If the material must be handheld, protective gloves must be worn. When practical, place the material in a puncture proof container.

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (e.g., gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then

Fort Collins Police Services

Policy Manual

Communicable Diseases

be disposed of in a biohazard waste container at the hospital. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1016.3.5 DECONTAMINATION OF NON-DISPOSABLE AND PERSONAL PROTECTIVE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station or police station for proper cleaning and disinfecting. Porous surfaces, such as nylon bags and straps, shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, corners, crevices, portable radios and external microphones. Equipment cleaning shall not be done in the kitchen, bathrooms or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces and blood clots should first be removed (e.g., using a disposable towel or other means to prevent direct contact) and then properly disposed.

1016.3.6 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry-cleaned, place it in a biohazard waste bag, deliver to the dry-cleaner, and inform them of potential contamination.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1016.3.7 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components, such as the seats, radios and doors, shall be washed with soap and warm water and disinfected with approved cleaning supplies as soon as feasible. When a gross contamination has taken place, the ECO should be contacted for further instructions.

1016.3.8 DECONTAMINATION OF STATION AND CLEANING AREA

The cleaning station inside the main police building Sally Port will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be maintained in a clean and sanitary order at all time. When cleaning is necessary, the ECO shall be contacted so that such services may be coordinated.

Fort Collins Police Services

Policy Manual

Communicable Diseases

The application of cosmetics along with consuming food and drink are prohibited in this designated area at all times.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the employee.

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

In order to provide appropriate and timely treatment should exposure occur, all employees shall verbally report a suspected airborne or blood-borne exposure to their immediate supervisor and complete a Worker's Compensation Injury/Exposure Report as soon as possible, and not more than 24 hours following the exposure or suspected exposure. The report shall be submitted to the employee's immediate supervisor.

1016.4.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure that occurs as soon as reasonably practicable following the incident, while gathering the following information:

- (a) Name and social security number of the employee exposed;
- (b) Date and time of incident;
- (c) Location of incident;
- (d) The potentially infectious materials involved;
- (e) Source of material or person;
- (f) Current location of material or person;
- (g) Work being done during exposure;
- (h) How the incident occurred or was caused;
- (i) PPE in use at the time of the incident; and
- (j) Actions taken post-event (e.g., cleanup and notifications).

The supervisor and employee should be aware shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source. If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to ensure testing is sought.

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who was exposed or suspects he/she was exposed to a communicable disease shall be seen by a physician (or qualified health care provider) as soon as reasonably possible.

The employee shall be made aware of the laws and regulations concerning disclosure of the identity and infectious status of a source. If possible, the exposed employee will be informed of the source's test results.

The health care professional will provide the ECO and/or the City's Health and Safety Specialist with a written opinion/evaluation of the exposed employee's situation. This opinion shall only contain the following information:

- If a post-exposure treatment is indicated for the employee;

Fort Collins Police Services

Policy Manual

Communicable Diseases

- If the employee received a post-exposure treatment;
- Confirmation that the employee received the evaluation results;
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation; and
- Whether communicable disease testing from the source is warranted, and if so, the possible diseases to be tested.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1016.4.4 COUNSELING

The Agency shall provide the exposed employee, and his/her family if necessary, the opportunity for counseling and consultation. The employee is further encouraged to seek support through the Office of Human Services or the Peer Support Team if they feel it would be helpful.

1016.4.5 CONFIDENTIALITY OF REPORTS

Most of the information involved in the process must remain confidential. The ECO shall ensure that all records and reports are kept confidential.

The ECO shall be responsible for maintaining records containing the employee's treatment status and the results of examinations, medical testing and follow-up procedures that took place as a result of an exposure.

The City's Risk Manager should be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

This information is confidential and shall not be disclosed to anyone without the employee's written consent, except as required by law. Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.5 SOURCE TESTING

Testing for communicable diseases of a person who was the source of an exposure to an employee of this Agency should be sought when it is desired by the employee or otherwise appropriate. It is the responsibility of the ECO to ensure the proper testing and reporting occur. These methods include:

- Obtaining voluntary consent that covers testing for any communicable disease from any person who may be the source of an exposure.
- Determining if the source person is compelled to submit to testing under any lawful provision.
- Applying for a court order to compel testing of the source person.

1016.5.1 EXPOSURE FROM A NON-ARRESTEE

Upon notification of an employee's exposure to a person who was not arrested, the ECO should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is indicated, the following steps should be taken:

Fort Collins Police Services

Policy Manual

Communicable Diseases

- (a) A licensed health care provider should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or his/her authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C and other communicable diseases the health care provider deems appropriate;
- (b) The voluntary informed consent obtained by the health care provider must be in writing and include consent for specimens of blood for testing. The ECO should document the consent as a supplement to the Worker's Compensation Injury/Exposure Report;
- (c) The result of the tests should be made available to the source and the exposed employee; and
- (d) If consent is not obtained, the ECO should promptly consult with City Attorney's Office and consider requesting that a court order be sought for appropriate testing.

1016.5.2 EXPOSURE FROM AN ARRESTEE

Upon notification of an exposure to an employee by a person who was arrested, the employee's supervisor or ECO should take the following steps:

- (a) Seek consent from the person who was the source of the exposure and seek a court order if consent is not given;
- (b) Take reasonable steps to immediately contact the Larimer County Jail (or applicable detention facility) and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the county health department can order testing;
- (c) In all cases, comply with the reporting and testing schemes required by law;
- (d) Remain in contact with the Larimer County Jail or applicable detention center to determine whether testing of the arrestee will occur and whether the testing satisfies the medical needs of the employee; and
- (e) The results of the tests should be made available to the exposed employee.

Respiratory and Personal Protective Equipment

1017.1 PURPOSE AND SCOPE

Agency employees are potentially exposed to health hazards during routine operations. These hazards include lack of oxygen, harmful concentrations of dusts, mists, fumes, smoke, gases, vapors, and liquids which may represent conditions harmful or Immediately Dangerous to Life or Health (IDLH).

The primary objectives of this Policy are to preserve the health of employees and to allow employees to safely function in adverse atmospheric environments so that they can provide emergency services to citizens and co-workers. The Agency shall provide appropriate personal protective and respiratory protection equipment to employees when such equipment is necessary to protect the health and safety of the employee.

However, it is not the intent of the Agency to authorize employees to operate in a clean-up or mitigation role for hazardous material or biological/chemical weapon incidents. Agency personnel, absent specialized training as described in 29 CFR 1910.120, serve as emergency responders to immediately render aid to citizens or to protect an area for specialized emergency responders.

While the frequency of the need to operate in such adverse environments may be low, the need to be able to safely and effectively operate in those environments when they do exist is very high from a health and safety standpoint.

1017.1.1 POLICY

This Policy is consistent with the OSHA Respiratory Protection, Personal Protective Equipment (PPE), and Records standards listed under 29 CFR 1910. It is the Agency's intent to maintain that consistency.

The provisions of this Policy are mandatory.

1017.1.2

The following terms shall have the following meanings:

- (a) "Qualified" means to be capable of effectively providing emergency and other crucial services consistent with their positions using designated respiratory and/or personal protective equipment for the specified levels of protection in adverse environments for not less than a 30-minute continuous period of time. An employee will be considered qualified if the employee is deemed medically qualified and has achieved an acceptable fit factor for the designated respiratory equipment in the specified protection level.
- (b) "Protection Level A" means a respiratory equipment system with a totally encapsulating chemical protective suit and includes a self-contained breathing apparatus (SCBA).
- (c) "Protection Level B" means a respiratory equipment system which includes a self-contained breathing apparatus (SCBA) with a splash/chemical resistant ensemble to include suit, gloves, and boots.

Fort Collins Police Services

Policy Manual

Respiratory and Personal Protective Equipment

- (d) "Protection Level C" means a respiratory equipment system which includes a full-face respirator with an air filter cartridge (air purifying) and a splash/chemical resistant ensemble to include suit, gloves, and boots.

1017.2 ABILITY TO USE PERSONAL PROTECTIVE EQUIPMENT

Employees in the following positions, regardless of rank or assignment except as specifically noted, must be qualified in the use of city-designated protective equipment for the following levels of protection:

- (a) Police officers through the rank of Captain - Level C;
- (b) Community service officers - Level C;
- (c) Lab personnel including Criminalists, Supervisors, and Managers - Level C;
- (d) Property & Evidence personnel including Supervisors and Managers - Level C;
- (e) SWAT Officers, Assistant Team Leaders, and Team Leaders - Level B;
- (f) NCDTF detectives and Sergeants - Level B;
- (g) Bomb Squad assigned police officers and Sergeants - Level B; and
- (h) Emergency Preparedness Team Officers and Sergeants - Level C or B as determined by the team Commander and depending on the duties of the member.

The designated respiratory equipment or PPE issued to an employee may be modified or adjusted within a protection level if:

- (a) It is necessary based on the need of the employee; and
- (b) The cost (both in dollars and administratively) of the alternative equipment is not unduly burdensome to the Agency; and
- (c) The employee is able to meet the above use standard with the alternative equipment.

Being qualified is considered an essential function of the above listed positions. Depending upon the needs of the Agency and the availability of respiratory equipment, employees may voluntarily become qualified in the use of different types of respiratory equipment.

1017.3 MEDICAL EVALUATION

- (a) Using respiratory equipment may place a physiological burden on an employee that varies with the type of respirator worn, the job, workplace conditions, and the medical status of the employee. A physician or other licensed health care professional designated by the Agency (PLHCP) shall determine whether or not an employee has any medical conditions that would preclude the use of a respirator in the specified protection level. The PLHCP will consider the guidance presented in the American National Standards Institute document ANSI Z88.6 in performing medical evaluations.
- (b) To become qualified in the use of designated respiratory equipment within a protection level, an employee must complete a medical history questionnaire approved by the Policy Administrator. The Policy Administrator or designee will forward the completed questionnaire to the PLHCP for review.
 1. Employees will be permitted to fill out the questionnaire during work hours.
 2. Employees who have difficulty interpreting the questionnaire may seek clarification from the Policy Administrator or an authorized designee.

Fort Collins Police Services

Policy Manual

Respiratory and Personal Protective Equipment

3. The Policy Administrator will gather the completed questionnaire and forward it to the PLHCP in such a manner so that the employee's answers are only available to the PLHCP.
- (c) The PLHCP will review the completed questionnaire to determine whether or not the employee appears to be medically qualified for the use of the designated respiratory equipment within the specified protection level. The PLHCP may request additional information from the employee in making this determination. For protection Level A or B, the PLHCP will also gather and consider the employee's work history information.
1. If the PLHCP determines that the employee is medically qualified, the PLHC will so notify the employee and the Policy Administrator.
 2. If the PLHCP is unable to determine that the employee is medically qualified, the PLHCP will refer the employee for a follow-up medical exam.
- (d) The PLHCP conducting the follow-up medical exam will review the medical questionnaire and information provided by the Policy Administrator concerning respiratory equipment availability, workplace needs, and circumstances under which the equipment will be needed. The PLHCP will complete a Respirator Certification form providing a written determination regarding the employee's ability to be qualified in the use of the designated respiratory equipment within the specified protection level and, if applicable, providing any recommendations regarding optional ways for the employee to become qualified. The Respirator Certification form will be provided to the employee and the Policy Administrator.
1. The follow-up medical examination may include any medical tests, consultations, or diagnostic procedures that the PLHCP deems necessary to make a final determination.
 2. The employee will be given the opportunity to discuss the medical questionnaire and the examination with the PLHCP prior to the issuance of a Respirator Certification form that does not determine that the employee is medically qualified in the use of the designated respiratory equipment within the specified protection level.
 3. The follow-up medical examination shall be conducted by a PLHCP chosen by the Agency and at no cost to the employee. The examination time will be considered compensable time.
 4. The results of the medical examination will be kept confidential, except that those management employees who have a need to know the results because of their responsibility to supervise the employee will have access to the results.

1017.3.1 FIT TESTING

- (a) To become qualified in the use of the designated respiratory equipment within the specified protection level, an employee must be quantitatively fit tested before being assigned a respirator and achieve an acceptable fit factor for each respirator that will be worn.
1. No facial hair that comes between any part of the sealing surface of the facepiece and the face or that interferes with valve function will be allowed during the testing.
- (b) The Agency will make a number of models and sizes of the respiratory equipment available within a protection level in order to provide correct fit and to increase the likelihood of employees being able to meet the use standard.

Fort Collins Police Services

Policy Manual

Respiratory and Personal Protective Equipment

- (c) The results of the fit test will be recorded on the Respirator Fit Test Record form.

1017.3.2 REMEDIAL PROGRAM

- (a) An employee who is determined by a physician to be unqualified for medical reasons or for a failure to achieve an adequate fit will be placed on modified duty by his/her Division Captain.
- (b) The Policy Administrator and the employee's supervisor will meet with the employee to determine whether or not a remedial program can be implemented that is likely to result in achievement of the qualification status within six months. The employee may be re-evaluated for qualification at the request of the employee.
- (c) If it is determined that the employee is not likely to become qualified within six months, has not made a good faith effort to follow a remedial program, or has not become qualified within six months, the employee's employment may be terminated based on the employee's inability to perform an essential function of the job.
- (d) Under exceptional circumstances, an employee may apply to the Director of Human Resources to extend modified duty for up to a total of twelve months from the date of being determined to be unqualified. The decision whether to grant or deny the request is completely within the discretion of the City.

1017.3.3 FOLLOW-UP EXAMINATION AND TESTING AFTER INITIAL QUALIFICATION

- (a) A fit test will be administered not less than annually and will be administered whenever an employee: changes makes, models or sizes of respirators; perceives that the respirator does not seal properly; or experiences any condition which alters the configuration of the face, e.g., weight change of ten pounds or more, broken nose, loss of teeth, or facial surgery.
- (b) An employee may also be required to complete a new medical history questionnaire, undergo a new medical examination, and/or undergo a new fit test if:
 - 1. The employee reports signs and symptoms related to the employee's use of a respirator, such as shortness of breath, dizziness, chest pains, or wheezing;
 - 2. A supervisor reasonably suspects that the employee may no longer be qualified;
 - 3. There is a change in the type, model or size of the respiratory equipment to be used by the employee; or
 - 4. Conditions under which the respiratory equipment may be used change, thereby increasing substantially the physiological burden placed on the employee; or
 - 5. The employee has been exposed to hazardous substances at concentrations above the permissible exposure limits without the necessary PPE being used.

1017.4 POLICY ADMINISTRATOR RESPONSIBILITIES

The Chief of Police will designate an Agency supervisor as the Policy Administrator who is responsible for the administration of this Policy and has the following duties:

- (a) Evaluate potential hazards and recommend appropriate respiratory protection and other personal protective equipment where necessary.
- (b) Assist in providing respiratory medical exams, fit tests, and selection of appropriate protective equipment.

Fort Collins Police Services

Policy Manual

Respiratory and Personal Protective Equipment

Administrative Investigations

1020.1 PURPOSE AND SCOPE

The Agency is committed to high ethical standards. We are an integral part of the community, and the Agency exists to serve the needs of citizens. The people entrust us with considerable authority, and we must be responsive to their concerns.

The primary purpose of this Policy is to establish the procedures to be used in administrative investigations of Agency employees to ensure fair treatment of complaining parties, witnesses, and employees. Another purpose of this Policy is to establish certain guidelines for criminal investigations of Agency employees and to delineate the differences between, and the separation of administrative and criminal investigations of Agency employees. It is not the intent of this Policy to discourage legitimate complaints.

This Policy applies to all administrative and criminal investigations of alleged misconduct by Agency employees or authorized volunteers, whether such investigations are initiated internally or as the result of a citizen complaint.

1020.1.1 TYPES OF INVESTIGATIONS

Personnel complaints consist of any allegation of misconduct or improper job performance against any Agency employee that, if true, would constitute a violation of Agency Policy, City Policy, federal, state or local law. Misconduct allegations or complaints may be generated internally or by the public.

Personnel complaints shall be classified in one of the following categories:

- (a) Performance complaint
- (b) Level One Investigation
- (c) Level Two Investigation

1020.1.2 INVESTIGATIVE FINDINGS

At the conclusion of a Level One or Level Two investigation, one of the following findings shall be used:

- (a) "Not Involved": The employee was not involved in the incident.
- (b) "Unfounded": The allegation was false, or not factual
- (c) "Exonerated": The incident occurred, but the employee's behavior did not violate any City or Agency rule, regulation, Policy, procedure or Training Directive.
- (d) "Not Sustained": There is insufficient evidence to prove or disprove the allegation.
- (e) "Sustained": The allegation is supported by sufficient evidence establishing that the employee violated one or more City or Agency rule, regulation, Policy, procedure or Training Directive.

There is no official finding required in a performance complaint, only that it was resolved and by what method.

1020.2 INVESTIGATIONS PROCESS

The purpose of this section is to outline the process used to investigate the conduct of Agency employees. It is intended to provide a guideline for supervisors to follow and also give employees an expectation of the investigation process. While an attempt has been made to give examples of situations that could be classified under these levels, it is not intended to define every situation. Supervisors are expected to exercise good judgment in classifying investigations and discuss any uncertain situations with their chain of command.

- (a) The Chief has primary authority to conduct all administrative and criminal investigations of Agency employees, or cause them to be conducted. In accordance with City policy, Police Services may investigate sexual harassment complaints filed in the Agency through established administrative investigation procedures after consulting with Human Resources staff.
- (b) The Chief or City Manager may request and authorize the City's Human Resources Department to conduct an administrative investigation.
- (c) While conducting an investigation, the Professional Standards Unit (PSU) is delegated the Chief's authority for the purpose of directing an administrative investigation. The PSU has the authority to require all employees to make a full and complete disclosure pertaining to the commission of, or omission of, any act which might be in conflict with their duties and obligations as an employee of the Agency or pertaining to the duties and obligations of any other employee of the Agency.
- (d) The Chief may direct any supervisor to conduct an administrative or criminal investigation. When doing so, they have the same authority as the PSU described above.

Supervisors shall review the applicability of Policy 1021 - Early Intervention System concerning complaint initiation, investigation, and tracking.

Legal advice regarding investigative procedures or corrective action will be provided by the City Attorney's Office.

1020.2.1 AVAILABILITY OF COMPLAINT FORMS

Complaint packets will be maintained in the Agency public lobby and on the Agency's website. Forms may also be available at other government offices and facilities. Complaint packets in languages other than English may also be provided as determined necessary or practicable.

Each Agency supervisor shall be responsible for monitoring public satisfaction or inquiries regarding the personnel complaint process and shall forward to the Professional Standards Lieutenant any suggestions for improvement or changes.

1020.2.2 SOURCE OF COMPLAINTS

Any person who believes that an Agency employee has been involved in improper conduct has the right to make a complaint. In fact, under some circumstances Agency employees may be obligated under the law and under Directives of this Agency to report improper conduct of other employees, as well as have a professional obligation to report such conduct. It is the Policy of this Agency to investigate all such complaints expeditiously, effectively, and impartially, and to take appropriate action, all in accordance with this Policy and other applicable law.

Anonymous complaints and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

Fort Collins Police Services

Policy Manual

Administrative Investigations

1020.2.3 ACCEPTANCE OF COMPLAINTS

All allegations of employee misconduct will be screened by the Professional Standards Unit or the employee's supervisor. If, during that initial screening process, it is determined that the employee's behavior was outside of accepted Agency standards the complaint, even if minor, will be entered into the Internal Affairs Case Management System (IACMS).

All complaint packets will be courteously accepted by any employee and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed verbally either in person or by telephoning the Agency and will be accepted by any employee. If a supervisor is not immediately available to take a verbal complaint, the receiving employee shall obtain contact information sufficient for the supervisor to contact the complainant.

The following should be considered when taking a complaint:

- (a) Satisfactory resolution of performance complaints will normally involve a misunderstanding of tactics and procedures, that once explained achieves a fair and reasonable resolution of the complaint that is satisfactory to all parties involved. Though the complainant may be satisfied following such explanation, the supervisor shall enter the complaint into the IACMS if it is determined that the employee behaved in a manner not consistent with accepted Agency standards.
- (b) If a complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be gathered and the person provided with information as to how a complaint packet may be obtained. However, if the intoxicated person insists on filing the complaint, the complaint shall be taken and properly processed.
- (c) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with a parent or guardian present, and after the parent or guardian has been informed of the circumstances prompting the complaint.

1020.2.4 COMPLAINING PARTY RIGHTS AND RESPONSIBILITIES IN AN ADMINISTRATIVE INVESTIGATION

Individuals wishing to comment or complain about the conduct of Agency employees will be treated with respect and professionalism.

- (a) The complainant shall have the right to have one representative of his or her choice present while being interviewed during an administrative investigation.
- (b) The representative's role shall be restricted to that of an advisor to the complainant, and not as a participant in the questioning and/or investigation.
- (c) Complainant interviews shall be scheduled at the mutual convenience of the Agency and the complainant, and not at the convenience of the complainant's representative, if any.
- (d) Interviews shall be conducted at a reasonable hour, unless the seriousness of the investigation requires immediate action.
- (e) The duration of an administrative interview of a complainant shall be for a reasonable period of time, and shall allow for reasonable personal necessities and rest periods.
- (f) The complainant has the right to a copy of his or her statement.
- (g) The complainant has the right to notification of the findings of a Level One or Level Two investigation. If the investigation has not been reviewed by the Citizen Review

Fort Collins Police Services

Policy Manual

Administrative Investigations

Board, the complainant has the right to request such review by filing a written request with the Chief of Police or the City Manager's Office within 15 calendar days of the complainant's receipt of the written findings. A written complaint, even if minor and would have fit the criteria to be investigated as a performance complaint, will be elevated to a Level One when the Agency is made aware that a written complaint has been submitted to the Citizen Review Board.

1020.3 INITIAL SUPERVISOR RESPONSIBILITIES

A supervisor who becomes aware of alleged misconduct or receives a citizen complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a performance complaint shall rest with the employee's immediate supervisor. The Chief or the authorized designee may, however, direct that another supervisor investigate it. The supervisor shall be responsible for the following:

- (a) A supervisor receiving a complaint involving allegations of a potentially serious nature shall ensure that the employee's chain of command, is notified as soon as practicable.
- (b) During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of any potential witnesses.
- (c) When appropriate, immediate medical attention should be provided and photographs of alleged injuries as well as accessible areas of non-injury should be taken.
 1. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's Captain or the Chief of Police, who will initiate appropriate action.
- (d) A supervisor investigating an allegation of misconduct by an employee shall ensure that the procedural rights of the employee are followed pursuant to Policy, the collective bargaining agreement if applicable, and state and federal law.
- (e) When the nature of a complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall gather basic facts and then promptly notify his or her chain of command, who will in turn notify the PSU. If found to be a credible allegation, PSU will contact the Human Resources Department and the Chief of Police for direction in addressing the complaint.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

Employees may be required by the City to go on administrative leave at any time with or without cause or notice at the sole discretion of the City. Such notice shall be in writing to the affected employee. Circumstances under which such a leave may occur include, but are not limited to, the following:

- (a) To make inquiries into or investigate a work-related matter;
- (b) To remove the employee from the workplace pending a pre-deprivation hearing or decision;
- (c) To protect the employee;
- (d) To protect the public;

1020.4.1 ADMINISTRATIVE LEAVE

Unless otherwise stated in the collective bargaining agreement, an employee placed on administrative leave will be subject to the following:

- (a) The determination of paid versus unpaid leave will be made in accordance with City Personnel Policies and Procedures.
- (b) An employee placed on administrative leave may be required by a supervisor to relinquish any Agency equipment or vehicle as deemed appropriate by the Chief of Police.
- (c) An employee placed on administrative leave shall not take any action as an Agency employee or in an official capacity without the prior approval of his or her Captain. The employee shall be required to continue to comply with all Policies and lawful orders of a supervisor.
- (d) An employee placed on administrative leave may be temporarily reassigned to a different shift, generally within normal business hours, during the pendency of the investigation. The employee must remain available for contact at all times during the assigned working hours.
- (e) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to his/her regularly duty assignment.

1020.5 ADMINISTRATIVE VS. CRIMINAL INVESTIGATIONS

Employees may be subject an administrative investigation and/or a criminal investigation to determine the factual basis of any complaint. It is the Policy of this Agency to distinguish between the two types of investigations to protect the rights of employees.

- (a) The purpose of an administrative investigation is to determine whether or not any City or Agency rules, regulations, Policies, procedures, or department training Directives have been violated.
 - 1. Except as otherwise specifically provided in any other Agency Policy, all administrative investigations of Agency employees shall be conducted pursuant to and in accordance with the provisions of this Policy.
- (b) A criminal investigation is conducted to determine if alleged misconduct may be the basis for filing of criminal charges. The Chief has the authority to order a criminal investigation of any alleged wrongdoing instead of or in addition to an administrative investigation.
 - 1. All criminal investigations of Agency employees by this Agency shall be conducted in accordance with Colorado law and applicable provisions of this Policy. The Chief, however, may direct that the investigation of any alleged criminal wrongdoing by an Agency employee be conducted by an outside law enforcement agency.

1020.5.1 GENERAL CONDUCT OF INVESTIGATIONS

Administrative and criminal investigations shall be conducted separately and managed by different individuals. The criminal investigator shall not have access to evidence, results, and other information that came from compelled disclosures made as part of the administratively investigated employee or that were obtained from leads furnished by such disclosures. Additionally, information that is regulated by the Colorado Open Records Act,

Fort Collins Police Services

Policy Manual

Administrative Investigations

such as the contents of an employee's personnel file, shall only be released in a manner consistent with that Act.

An administrative investigation may parallel a criminal investigation and/or any prosecution.

- (a) The Chief shall be notified as soon as practicable when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request that a criminal investigation by an outside law enforcement or prosecutorial agency be conducted parallel to the administrative investigation.
- (b) An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian under the state and federal constitutions and the employee may not be administratively ordered to provide any information to a criminal investigator.
- (c) No information or evidence administratively compelled from an employee may be given to the criminal investigator who is investigating the employee who is compelled to provide the information.
- (d) Any law enforcement agency is authorized to release limited information concerning the arrest of a peace officer which has not led to a conviction. However, no disciplinary action shall be taken against the accused employee based solely on an arrest or crime report. An independent administrative investigation shall be conducted in accordance with Agency Policy.

1020.6 INVESTIGATIVE PROCESS

The purpose of this section is to outline the process used to investigate the conduct of Agency employees. It is intended to provide a guideline for supervisors to follow and also give employees an expectation of the investigation process. While an attempt has been made to give examples of situations that could be classified under these levels, it is not intended to define every situation.

- (a) Supervisors are expected to exercise good judgment in classifying investigations and discuss any uncertain situations with their chain of command.
- (b) A difference of opinion between an employee and a citizen concerning the employee's decision to issue a traffic citation will not ordinarily be subject to an administrative investigation.
- (c) A difference of opinion between an employee and a citizen concerning the citizen's guilt or innocence for a crime will be decided within the confines of the criminal justice system, and will not ordinarily be subject to an administrative investigation.
- (d) When considering this Policy, supervisors shall consider the applicability of the Early Intervention System Policy concerning complaint initiation, investigation, and tracking.
- (e) Legal advice regarding investigative procedures or corrective action will be provided by the City Attorney's Office.

1020.6.1 ADMINISTRATIVE SEARCHES

Property owned by the City of Fort Collins in possession of an employee shall be subject to inspection and/or seizure at any time by the employee's supervisor or Professional Standards in order to retrieve City property or to discover evidence of work-related misconduct.

- (a) Such property includes, but is not limited to: offices, desks, file cabinets, computerized files, lockers, storage space, rooms, equipment, work areas, and vehicles.

Fort Collins Police Services

Policy Manual

Administrative Investigations

- (b) Employees may store private property in such areas; however, privacy shall not be expected; and employees will have no expectation of privacy in such areas
- (c) Any telephone call or electronic message or data made or received on any Agency telephone or equipment (i.e. laptops, CAD, desktop computers, etc.) is the business of the Agency.
 - 1. Due to the nature of the complex problems that face law enforcement, and the need for accuracy in reporting, those persons using such Agency telephones and equipment can reasonably expect that security could take the form of monitoring and/or recording incoming and outgoing calls, electronic messages or data.
- (d) Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Agency.
- (e) Only those employees acting in their official capacity as a supervisor or as an administrative investigator shall be authorized to inspect work areas and seize without a warrant (if such seizure without a warrant is permitted under the law) evidence relevant to the administrative investigation.

1020.6.2 ADMINISTRATIVE INVESTIGATION FORMAT

Complaints about employee performance or conduct shall be investigated uniformly per the guidelines in the Policy and also in the Early Intervention System (EIS) Policy.

- (a) Performance complaints
 - 1. General: It is expected that an employee's supervisor will investigate any performance issue that comes to the attention of the Agency by any source. This may involve a citizen's perception about an employee's behavior; a minor violation of Agency Policy, procedure or practice; or a concern expressed about the way an incident was handled. Subsequent performance issues involving similar conduct by the same employee within a twelve-month period may result in the elevation of the investigation to Level One. All performance complaints that are not satisfactorily resolved are to be entered into the Internal Affairs Case Management System.
 - (a) Performance issues typically require minimal investigation and usually consist of speaking with the concerned party and the employee(s) involved. The supervisor has broad latitude in resolving the issue. This type of investigation is not appropriate for allegations that require the review of the Citizen Review Board pursuant to Section 2-139 (2)(a) and (b) of the City Code.
 - 2. Investigator: Performance complaints are generally investigated by supervisors or acting supervisors.
 - 3. Documentation: Performance complaints are generally noted in a supervisor's file. If a complaining party is not satisfied with the outcome of a performance complaint, the supervisor will prepare an EIS Incident Entry documenting the complaint.
 - 4. Disciplinary and/or corrective action: Action taken would generally be, but is not limited to, oral counseling, modification of job duties, written apology, and consideration in the employee's next performance evaluation.

Fort Collins Police Services

Policy Manual

Administrative Investigations

5. Findings: There is no official finding required in a performance complaint investigation, only that it was resolved and by what method. However, if the complaint was received in writing, a finding is required.
6. Review Process: Discipline of oral counseling or oral reprimand (with an accompanying Disciplinary Action Form) may be imposed by the employee's supervisor without further review prior to imposition. Prior to imposing a written reprimand, suspension, involuntary demotion, or termination of employment, the supervisor shall forward the investigation and disciplinary recommendations through the involved employee's chain of command for review and comment. Each supervisor in the chain of command shall review the investigation and prepare written recommendations as to the administrative discipline and/or corrective action necessary. It shall then be forwarded to the Chief for his or her review and consideration. The Chief shall review the completed file of the administrative investigation, the chain-of-command supervisors' recommended discipline and/or corrective action, and take one of the following actions:
 - (a) Send the case back for additional investigation; or
 - (b) Authorize and/or impose any appropriate administrative discipline and corrective action. Prior to the Chief making his or her disciplinary decisions where the chain of command has recommended the imposition of a suspension, involuntary demotion, or termination of a classified employee who has completed the introductory period, a pre-decision hearing will be scheduled and conducted as described in the City of Fort Collins Personnel Policies and Procedures. As soon as practical after the Chief renders his or her decision and determines whether any discipline and/or corrective action should be imposed, the affected employee and the employee's chain of command shall be notified in writing.

(b) Level One Investigation

1. General: A Level One investigation involves an allegation that an employee violated clearly established Agency Policies, Directives, procedure or practice and may be brought to the attention of the Agency by any source. A Level One investigation involves an allegation that if substantiated could result in disciplinary action beyond that usually expected in a performance complaint. A Level One investigation is not appropriate for allegations that require the review of the Citizen Review Board pursuant to Section 2-139 (2)(a) and (b) of the City Code. However, the Chief can forward any investigation to CRB at his or her discretion
 - (a) Some examples of investigations that should be considered Level One include, but are not limited to, allegations that:
 - (b) The police tactics used were inappropriate or unwarranted, but do not rise to the level of a Use of Force allegation that would be classified as a Level Two investigation.
 - (c) An employee's behavior presented a significant safety risk to another person or a significant threat of property damage.
 - (d) An employee's driving presented a significant safety risk to another person or a significant threat of property damage, whether or not it resulted in a motor vehicle accident.
 - (e) An employee was involved in dishonest, untruthful or fraudulent conduct.
 - (f) An employee engaged in conduct that tends to seriously impair the operation or morale of the Agency, may cause the public to lose

Policy Manual

Administrative Investigations

confidence in the police department, violates the public trust, or affects the reputation of the Agency or any employee.

- (g) An employee's treatment of others was biased, unequal, or discriminatory in nature, but not rising to the level of a civil rights violation that would be classified as a Level Two investigation.
 - (h) An employee participated in sexual harassment of another employee or citizen. Subsequent Level One investigations involving similar conduct by the same employee within a twelve-month period, may result in the elevation of the investigation to a Level Two Investigation.
2. Investigator: The Professional Standards office, or at the Chief's discretion, another investigator may be assigned to conduct the Level One investigation.
 3. Documentation: A thorough investigation and documentation using approved Professional Standards forms are required in a Level One investigation. All Level One investigations will be entered into the IACMS. Documented statements from involved parties are preferred unless circumstances make this impossible or unreasonable.
 4. Disciplinary action: A sustained Level One complaint may result in, but is not limited to, an oral or written reprimand, suspension, demotion or termination. The Agency may also consider corrective action, modification of job duties, or other methods of correcting the behavior, regardless of the official finding.
 5. Finding: Level One investigations require an official finding as defined in this Policy.
 6. Review process: The completed file in a Level One Investigation shall be forwarded through the involved employee's chain of command for review and comment. Each supervisor in the chain of command shall review the investigation and findings, and prepare written recommendations as to the findings and administrative discipline and/or corrective action necessary. It shall then be forwarded to the Chief for his or her review and consideration. The Chief shall review the completed file of the administrative investigation, the chain-of-command supervisors' recommended findings, discipline and/or corrective action, and take one of the following actions:
 - (a) Send the case back for additional investigation
 - (b) Render one of the findings as defined in this Policy and authorize and/or impose any appropriate administrative discipline and corrective action. Prior to the Chief making his findings and disciplinary decisions where the chain of command has recommended the imposition of a suspension, involuntary demotion, or termination of a classified employee who has completed the introductory period, a pre-decision hearing will be scheduled and conducted as described in the City of Fort Collins Personnel Policies and Procedures. As soon as practical after the Chief renders his or her decision and determines whether any discipline and/or corrective action should be imposed, the affected employee and the employee's chain of command shall be notified in writing. The complainant, if any, shall also receive written notification of the findings.
- (c) Level Two Investigation
1. General: A Level Two investigation is one in which review by the Citizen Review Board may be required or anticipated. It includes allegations that:

 - (d) A police officer or community service officer used deadly force, whether or not the use of such force results in death; or
 - (e) Any other matter the Chief or the City Manager determines should be a Level Two investigation or forwarded to the Citizen Review Board for review.
2. Investigator: The Professional Standards Unit shall generally have the responsibility for conducting a Level Two investigation. At the Chief's discretion, another investigator may be assigned to conduct the investigation.
 3. Documentation: A thorough investigation and documentation using approved Professional Standards forms are required in a Level Two investigation. All Level Two investigations will be entered into the IACMS. Documented statements from involved parties are preferred unless circumstances make this impossible or unreasonable.
 4. Disciplinary action: A sustained Level Two complaint may result in, but is not limited to, an oral or written reprimand, suspension, demotion or termination. The Agency may also consider corrective action, modification of job duties, or other methods of correcting the behavior, regardless of the official finding.
 5. Finding: Level Two investigations require an official finding as defined in this Policy.
 6. Review process: The completed file in a Level Two investigation shall be forwarded through the involved employee's chain of command for review and comment. Each supervisor in the chain of command shall review the investigation and findings, and prepare written recommendations as to the findings and administrative discipline and/or corrective action necessary.
 - (a) When a Force Review Board is required as described in Policy 301 - Response to Resistance Reporting and Review, that review will be conducted simultaneously with the chain of command review. If required by the City Code (sections 2-139 and 2-140), both investigation files shall be forwarded to the Citizen Review Board for review.
 - (b) The Chief of Police will then make a final review and decision based on the investigation and recommendations received. Prior to the Chief making his findings and disciplinary decisions where the chain of command has recommended the imposition of a suspension, involuntary demotion, or termination of a classified employee who has completed the introductory period, a pre-decision hearing will be scheduled and conducted as described in the City of Fort Collins Personnel Policies and Procedures. As soon as practical after the Chief renders his or her decision and determines whether any discipline and/or corrective action should be imposed, the affected employee shall be notified in writing. The complainant, if any, shall also receive written notification of the findings.

1. polygraphs;
 2. intoxilyzers;
 3. blood tests;
 4. urine tests;
 5. finger printing;
 6. photographs;
 7. audio and video recordings;

- (b) An employee under investigation may request such tests and examinations if it is reasonable to believe that such tests or examinations would be beneficial to the employee's defense. The Agency shall pay for the costs of such tests and examinations requested by the employee, unless they would be duplicative of tests or examinations already conducted by the Agency, in which case the employee shall be responsible for the costs of any such duplicative tests and examinations.
- (c) An employee under investigation may be compelled to submit to such tests and examinations that the investigator has reasonable grounds to believe may yield information or evidence relevant to the investigation. Refusal of an employee to submit to such tests and examinations shall subject the employee to disciplinary action, up to and including termination from employment with the Agency.
- (d) Polygraph examinations for supervisory-initiated or complainant-initiated administrative investigations will not be administered without specific prior approval of the Chief of Police. An employee who is the subject of a complainant-initiated administrative investigation shall not be required to take a polygraph examination unless the complainant has first undergone a polygraph examination and been found to have been truthful as to the material allegations, in the opinion of the examiner. An employee who is the subject of a supervisory-initiated administrative investigation may be required to take a polygraph examination regardless of whether or not any other person has first undergone a polygraph examination. When polygraph examinations are administered, they will be specifically, directly, and narrowly related to the performance of the employee's official duties, and to the issues raised in a specific investigation.
1. Should an employee refuse to take a polygraph examination after being ordered to do so by the Chief in accordance with the above provision, the employee shall be subject to disciplinary action up to and including termination from employment within the Agency for refusal to obey an order.
 2. An examiner outside the Agency, chosen by the Chief shall administer polygraph examinations required under this Policy. The cost of such examinations shall be borne by the Agency.

Fort Collins Police Services

Policy Manual

Administrative Investigations

3. Employees, complainants, and witnesses may take another polygraph examination for the purposes of seeking a second opinion. The cost of second-opinion polygraph examinations shall be borne by the party seeking the second examination.
4. All polygraph examinations in administrative investigations shall be recorded by audio and/or video equipment.
5. The results of all polygraph examinations shall be included in the investigator's report.
6. All polygraph examinations shall be specifically directed and narrowly related to the particular administrative investigation being conducted. All questions used shall be previewed with the person taking the exam. All parties involved in the chain-of-command review may consider the polygraph examiner's report. However, polygraph reports shall be construed only as an opinion to be considered together with all other aspects of the investigation.

1020.6.4 ADMINISTRATIVE INVESTIGATIONS PROCEDURES

(a) Timeliness

1. Administrative investigations shall be completed in an expeditious manner and consistent with the applicable deadlines set forth at Section 2-140 of the City Code having to do with review by the Citizen Review Board.
2. Allegations of past improper conduct by an Agency employee may be the subject of an administrative investigation regardless of the amount of time passed since the alleged misconduct.

(b) Conduct, Notification and Documentation of Investigation

1. The investigator conducting the administrative investigation shall, as soon as practical, notify the affected employee and the employee's chain of command in writing of the fact that the investigation is being conducted, unless the Chief determines that such notification may compromise the investigation.
2. The Chief shall be promptly advised of any allegation of misconduct serious enough to possibly require immediate action, such as relieving the employee from duty.
3. While conducting an administrative investigation, the role of the investigator is that of a fact-finder. His or her purpose is to establish, as accurately and thoroughly as practical, the facts surrounding the incident, which precipitated the administrative investigation, and to render his or her finding. Administrative investigations shall be conducted in a fair and impartial manner.
4. Administrative investigations shall be conducted using all standard investigative methods, procedures, and tools appropriate and reasonable under the circumstances.

1020.6.5 EMPLOYEE RIGHTS AND RESPONSIBILITIES IN AN ADMINISTRATIVE INVESTIGATION

- (a) Every Agency employee is required to establish and maintain a working knowledge of all City or Agency rules, regulations, Policies, procedures, and Training Directives. In the event of a performance complaint or alleged misconduct, it will be presumed that the employee was familiar with the City or Agency rules, regulations, Policies, procedures, and Training Directives in question.

Fort Collins Police Services

Policy Manual

Administrative Investigations

- (b) All Agency employees are required to fully and truthfully cooperate in administrative investigations. During an administrative investigation, no employee can be disciplined for refusal to make a statement to a supervisor or answer a supervisor's questions unless he or she was first given an administrative investigation advisement (otherwise known as Garrity advisement) by a supervisor. The advisement shall include, in essence, the following:
1. That the employee is required to answer truthfully all questions specifically directed and narrowly related to the performance of official duties.
 2. Refusal to answer such questions truthfully will subject the employee to discipline, up to and including termination.
 3. Any statements the employee makes, including answers to questions, and any evidence which is gained as a result of such statements, cannot be used against the employee in any subsequent criminal proceedings.
- (c) While an administrative investigation is ongoing, no employee against whom a complaint has been filed, nor the employee's representative or attorney, shall contact any complainant or witness concerning the complaint or its investigation unless authorized to do so in writing by the Chief, nor shall any employee interfere with the investigation. However, once an investigation has been completed, if the employee receives notice that a pre-decision hearing is to be held, the employee and/ or his or her attorney may then contact the complainant or other witnesses in the investigation for the limited purpose of preparing information to present at the pre-decision hearing. The employee shall respect the right of the complainant or other witnesses to choose not to talk to the employee, or his or her attorney, regarding the investigation or the subject matter thereof. Further, no employee shall intimidate, threaten or harass any complainant or witness or attempt to persuade such complainant or witness to withhold or falsify any testimony or to absent him or herself from any administrative proceeding.
- (d) Any employee who becomes the subject of an administrative investigation shall be entitled to the following administrative process, which shall generally include the right to:
1. Be informed in writing, within a reasonable period of time of the complaint being filed, of the existence of the complaint and/or charge which initiated the administrative investigation, except that such disclosure may be withheld until the investigation is completed if the Chief determines that disclosure might jeopardize the investigation;
 2. An opportunity to respond to the complaint and/or charge;
 3. The Agency's consideration of the employee's response;
 4. A hearing before imposition of serious discipline. However, this pre-decision hearing is not applicable to authorized volunteers or classified employees who have not completed the introductory period, and unclassified employees as defined in the City of Fort Collins Personnel Policies and Procedures. Serious discipline means a suspension without pay, involuntary demotion, or termination of employment;
 5. Receipt of decision concerning discipline within a reasonable period of time; and
 6. If discipline is imposed, the opportunity to initiate a grievance, appeal, or issue resolution process as provided by applicable City of Fort Collins Personnel Policies and Procedures or any collective bargaining agreement that supersedes City Policies and Procedures. The grievance and appeal processes are not applicable to authorized volunteers or classified employees

Fort Collins Police Services

Policy Manual

who have not completed the introductory period and unclassified employees as defined in the City of Fort Collins Personnel Policies and Procedures.

- (e) An employee under administrative investigation shall have the right to the presence of one representative of his or her choice during any interview or procedure required of the employee in the investigation. However, the representative of the employee shall not be a witness or the subject or potential subject of the administrative investigation which is being conducted concerning the employee or be involved in either the employee's administrative or criminal investigation or be a supervisor in the chain-of-command of the employee.
- (f) The representative's role shall be restricted to that of an advisor to the employee, and not as a participant in the questioning or investigation. The employee's representative may not interfere with the questioning or investigation.
- (g) Administrative investigation interviews of the employee shall be conducted at reasonable hours, unless the seriousness of the allegation requires immediate action.
- (h) Administrative investigation interviews shall be at a time convenient to the Agency, and not at the convenience of the employee or of the employee's representative.
- (i) The duration of an administrative interview of an employee shall be for a reasonable period of time, and shall allow for reasonable personal necessities and rest periods.
- (j) An employee being interviewed shall not be subjected to offensive language or threatened with transfer or discipline. The investigator shall make no promise or offer of a reward to the employee as an inducement to answer questions.
- (k) An employee under administrative investigation may not review his or her investigation file until the investigation is completed. However, once the investigation is completed, the employee may review the file in accordance with this Policy.
- (l) The administrative interview of the employee may be recorded on audio and/or videotape by the Agency. The employee may request that the interview is recorded by the Agency and the employee is provided with a copy of the recording.

1020.7 ADMINISTRATIVE DISCIPLINE AND CORRECTIVE ACTION

- (a) As a result of corrective action for a performance issue, subject to the grievance and appeal procedures of the City of Fort Collins Personnel Policies and Procedures or any collective bargaining agreement that supersedes City Policies and Procedures, if applicable, any supervisor acting within the scope of his or her supervisory duties may administer oral counseling or reprimand (with an accompanying Disciplinary Action Form), and/or impose corrective action for a minor violation of any Agency rule, regulation, Policy, procedure, or Training Directive.
- (b) Subject to the grievance and appeal procedures of the City of Fort Collins Personnel Policies and Procedures or any collective bargaining agreement that supersedes City Policies and Procedures, if applicable, the Chief is authorized to impose and shall be the final authority as to the imposition of administrative discipline and corrective action within the Agency. He or she may follow, but is not bound by, the findings and recommendations of supervisors or of the Citizen Review Board.
- (c) The imposition of discipline or corrective action as a result of an administrative investigation shall in no way preclude further sanctions imposed in any subsequent civil or criminal proceeding. Conversely, the outcome of any criminal or civil proceeding against an employee of this Agency shall not preclude the imposition of administrative discipline or corrective action.

Fort Collins Police Services

Policy Manual

Administrative Investigations

- (d) A finding of "Exonerated" or "Not Sustained" as defined in this Policy does not prohibit the Chief or supervisors from recognizing potential employee problems and requiring corrective action.
- (e) Any employee who refuses to submit to the procedures described in this Policy after being ordered to do so by the Chief or the employee's supervisor may be subject to disciplinary action up to and including termination of employment from the Agency.

1020.7.1 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file. The tender of a retirement or resignation by itself shall not serve as grounds for the termination of pending discipline or official finding by the Chief.

1020.8 ADMINISTRATIVE INVESTIGATION FILES

- (a) Files relating to administrative investigations are confidential, the property of the Agency, and shall be maintained by the PSU. Access to such files shall be limited to PSU personnel and those specific persons authorized by the Chief. However, a supervisor conducting an ongoing administrative investigation of an employee may have access to all administrative investigation files of that employee, if the Chief first approves such access.
- (b) Except as provided in this Policy, records pertaining to administrative investigations shall not be released without the prior approval of the Chief.
- (c) After an administrative investigation has been completed and reviewed by the Chief, employees may request, in writing, permission from the Chief to review the contents of an administrative investigation file in which they are accused of misconduct. The Chief may deny the employee inspection of all or any part of such an administrative investigation file if the Chief determines such inspection is not in the best interest of the Agency or of any witness involved, or that such inspection would compromise the investigation.
 - 1. Unless otherwise permitted by the Chief, such "review" by the employee shall be limited to reading and cursory note-taking, and shall not include photocopying or otherwise recording the entire contents of the file.
 - 2. However, upon written request, an employee accused of misconduct shall be provided with a copy of his or her statement(s).

1020.9 DISCIPLINARY ACTION INFORMATION RELEASE

On occasion, it is necessary and appropriate to administer corrective action or actual discipline to an employee in order to correct his or her behavior. While supervisors and staff members may be informed of a disciplinary action, discipline is a private matter that should be kept between the employee, his or her supervisors, and other people directly involved in the incident. Therefore, it is Agency Policy to keep disciplinary matters confidential, and to maintain personnel files in a secure area with controlled access. Exceptions to the Policy concerning disciplinary action information release may be made at the discretion of the Chief of Police.

Early Intervention System

1021.1 PURPOSE AND SCOPE

The Fort Collins Police Services Early Intervention System (EIS) shall provide accurate and accessible accounts of an employee's performance record, allowing both the employee and supervisory staff the ability to quickly identify areas of risk or concern and initiate appropriate disciplinary or non-disciplinary assistance as needed to improve performance.

All early intervention records are considered a part of the permanent administrative Investigation file of an employee and shall be provided all confidentiality associated with internal records under law.

Early Intervention records will be recorded and stored in the electronic Internal Affairs Case Management System (IACMS). The IACMS is a secure software application where investigations can only be accessed by an employee's chain of command or personnel assigned to the Professional Standards Unit. All dispositions and discipline will be recorded and stored in the IACMS.

1021.2 RESPONSIBILITIES

The Professional Standards Unit, is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each officer to the appropriate Captain. Though generated quarterly, each Performance History Audit will contain data from a one-year time period.

1021.3 SYSTEM DESCRIPTION

The EIS is intended to be an employee assistance instrument which helps supervisors identify at-risk activities and behaviors in order to prevent possible employee misconduct. The EIS assists supervisors in identifying at-risk behaviors by monitoring occurrences of performance indicators, and by generating alerts for supervisory assessment whenever thresholds for performance indicators are reached. Supervisors determine what, if any, intervention is appropriate and ensure the employee fulfills intervention obligations. Supervisors also evaluate the need for a post-intervention assessment and complete it when appropriate.

1021.4 PERFORMANCE INDICATORS

The following Performance Indicators have been incorporated into the EIS as areas of risk to the employee or department:

- (a) Use of force.
- (b) Vehicle pursuits.
- (c) Vehicle collisions involving City-owned vehicles.
- (d) Performance complaints.
- (e) Level I investigations.
- (f) Level II investigations.

1021.4.1 THRESHOLD

Thresholds causing an alert will be as follows:

Fort Collins Police Services

Policy Manual

Early Intervention System

- (a) When an employee generates any combination of three activities in Performance complaints, Level I investigations, Level II investigations, vehicle pursuit, or vehicle collisions involving City-owned vehicles during any twelve-month period.
- (b) When an employee generates any combination of five activities in Performance complaints, Level I investigations, Level II investigations, vehicle pursuit, or vehicle collisions involving City-owned vehicles during any eighteen-month period.
- (c) The Agency may also set appropriate threshold levels for issues regarding use of force.

1021.4.2 INTERVENTIONS

Interventions are strategies to align employee conduct with the Agency's expectations and include oral counseling, retraining, discipline or other interactions an employee must complete to address concerns noted as a result of the supervisory assessment.

1021.5 SYSTEM DESIGN AND RESPONSIBILITIES

The computer-based EIS applications will track event data for each employee for all performance indicators described in this Policy. Additionally it may:

- (a) Automate the alert process to the supervisory chain-of-command;
- (b) Provide supervisor-reporting fields;
- (c) Provide status queues for reviewers; and
- (d) Enable employees to review summary counts of their own performance categories.

1021.5.1 OFFICER RESPONSIBILITIES

Employees involved in a Type 1 or Type 2 Use of Force will complete, prior to the end of their shift, an Early Intervention System (EIS) incident report to collect data for purposes of training, resource allocation, analysis and related purposes as described in Policy 301-Response to Resistance Reporting and Review.

1021.5.2 SUPERVISOR RESPONSIBILITIES

Supervisors shall:

- (a) Review all routed Type 1 or Type 2 Use of Force entries from employees they directly supervise and refer to Policy 301 - Response to Resistance Reporting and Review for disposition regarding the appropriateness of the use of force reported.
- (b) Enter all Performance Complaints that are not satisfactorily resolved and all Level I and II complaints into the EIS system. Satisfactory resolution of Performance Complaints will normally involve a misunderstanding of tactics and procedures, that once explained achieves a fair and reasonable resolution of the complaint that is satisfactory to all parties involved.
- (c) Enter all vehicle pursuits and vehicle collisions involving City-owned vehicles.
- (d) Access the EIS at least weekly to identify any alerts associated with employees they directly supervise. Once an alert is generated by the system the supervisor is required to:
 - 1. Review the system records associated with the alert to determine if early intervention is applicable. Supervisors should consider each of the following areas in terms of whether an employee exhibits any behaviors where an intervention may help improve the employee's work performance:

Fort Collins Police Services

Policy Manual

Early Intervention System

- (a) Verbal and non-verbal communication;
 - (b) Tactics;
 - (c) Safety; and/or
 - (d) Employee behavior, both on and off-duty (that may be affecting work performance).
2. Send recommendations for intervention, other than Oral Counseling, through the employee's chain of command for review and approval. If an intervention is not warranted a chain-of-command review is not required.
 3. If an intervention is approved by the chain of command, the supervisor will coordinate and implement the intervention, and record the action taken in the EIS record.
 - (a) Intervention assigned - Summary of actions were assigned or planned and the result of the intervention.
 - (b) Intervention Not Assigned - Summary of why an intervention was not necessary.
 4. Identify and Record Post-Intervention Assessments as a means of determining if an intervention was successful.
 - (a) Initial Reporting - Determine if a post-intervention assessment will occur, identify the date for the evaluation to be conducted and record that date in the automated EIS record.
 - (b) Additional Interventions - If the supervisor concludes a need for additional intervention, other than Oral Counseling, the supervisor will review that need and recommend follow-up intervention to the chain of command. Upon approval of the chain of command, the supervisor shall implement the intervention.
 - (c) Complete and Document - In cases where a post-intervention assessment is completed, the supervisor will ensure:
 1. That the results are reviewed by the chain of command;
 2. That any additional interventions are coordinated and completed; and
 3. The results are documented in the automated EIS system.

1021.5.3 EIS COORDINATOR RESPONSIBILITIES

- (a) The EIS Coordinator will follow-up on assigned interventions and monitor their progress and closure.
- (b) The EIS Coordinator will ensure that any required updates or changes to the EIS or the EIS Directive are completed.
- (c) Annually, the EIS Coordinator shall complete a written report for the Chief of Police that provides summary data and information about the EIS, including the number and types of interventions.

1021.6 INTEGRATION WITH OTHER POLICIES OR DIRECTIVES

- (a) Because a threshold alert does not, by itself, establish the need for any level of discipline, the fact that an employee has received an alert shall not by itself constitute grounds for discipline.

Fort Collins Police Services

Policy Manual

Early Intervention System

- (b) The assessments made by an employee's supervisor and chain-of-command of the performance indicator (activities/behaviors) causing the alert may lead to the imposition of corrective action and/or discipline. The EIS is not intended to supersede the provisions of this Manual and the collective bargaining agreement concerning internal investigations and the imposition of discipline. The EIS will operate in combination with those provisions.

1021.7 CONFIDENTIALITY OF DATA

Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered part of the employee's personnel file (or where appropriate his/her Internal Affairs file) and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to an officer's personnel files as outlined in the Policy 1026 - Personnel Files.

Seat Belts

1022.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This Policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle collision. This Policy will apply to all employees operating or riding in City vehicles.

1022.2 WEARING OF SAFETY RESTRAINTS

All employees shall wear properly adjusted safety restraints when operating or riding in Agency-owned, leased or rented vehicles and while operating or riding in privately owned vehicles while on-duty. Drivers are responsible for ensuring all occupants, including non-employees, are in compliance with this Policy (CRS § 42-4-237). The consequences of not utilizing a seat belt could be serious injury, the refusal of the City insurance carrier to cover injuries, and/or possible disciplinary action in accordance with City personal regulations.

1022.2.1 TRANSPORTING CHILDREN

- (a) An approved child restraint system should be used for all children younger than 8 years of age (CRS § 42-4-236(2)).
- (b) Rear seat passengers in a cage-equipped vehicle may have reduced clearance that requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child restraint system may be secured properly in the front seat of these vehicles; provided this positioning meets the vehicle and the child passenger safety seat system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. If this is not possible, officers should consider arranging alternative transportation.

1022.3 TRANSPORTING PRISONERS

Safety belts or another Agency-approved prisoner restraint system in the rear seat of the patrol vehicle are required unless the prisoner is uncooperative with the procedure. When possible, the prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer. The seat belt or prisoner restraint system are not intended to be a substitute for handcuffs or other appendage restraints.

1022.4 INOPERABLE SEAT BELTS

- (a) No Agency vehicle shall be operated if the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.
- (b) No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belt system, except for vehicle maintenance and repair staff, who may do so only with the express authorization of the Chief of Police.
- (c) Employees who discover an inoperable restraint system shall promptly report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems may be operated without seatbelts.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this Policy is to provide officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the Policy of the Fort Collins Police Services to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

- (a) The Training Sergeant, or his designee, shall ensure that body armor is issued to all uniformed personnel when they begin service with Fort Collins Police Services and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.
- (b) The Training Sergeant shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF BODY ARMOR

The use of body armor is required as follows:

- (a) Uniformed personnel shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
 - 1. Uniformed personnel may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (b) Uniformed personnel shall only wear Agency-approved body armor while working in an official capacity.
 - 1. Uniformed personnel may be excused from wearing body armor when he or she is involved in undercover or plainclothes work that his or her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this Policy through routine observation and periodic documented inspections. Employees using body armor should, annually, inspect the body armor for fit, cleanliness and signs of damage, abuse and wear.

Fort Collins Police Services

Policy Manual

Body Armor

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

- (a) Body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks. Officers assigned supplementary body armor (SWAT, CIU, Canine) may store their supplementary body armor in their assigned vehicles.
- (b) Body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer or the Training Sergeant to request care instructions.
- (c) Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.
- (d) Body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

Personnel Files

1026.1 PURPOSE AND SCOPE

This Policy governs the maintenance, retention and access to Agency and Internal Affairs personnel files. It is the Policy of the Agency to maintain the confidentiality of personal data in personnel and Internal Affairs files pursuant to state law.

1026.2 FORMAL PERSONNEL FILES IN HUMAN RESOURCES DEPARTMENT

The Human Resources Department maintains the main personnel files for all employees. Documents that contain medical or credit information about an employee or family member are maintained in a separate file.

1026.2.1 INFORMAL DEPARTMENTAL FILES

In addition to files located at the Human Resources Department, department or division heads or supervisors may maintain informal files. However, copies of all documents relating to pay, performance, oral and written warnings, other disciplinary or corrective action, references, and background checks must be sent to the Human Resources Department. After an employee leaves employment, the entire contents of departmental files must be sent to the Human Resources Department. Supervisors in the Agency may maintain electronic or paper files for their respective units for use in ongoing supervision and for completing performance reviews.

Documents that contain any medical information about an employee or family member should generally be forwarded to the Human Resources Department for inclusion in the medical files. However, where departments need to maintain medical information, such as doctor's reports describing work limitations, departments must keep those documents in separate files that are locked and restricted to access only by the supervisor as needed. Documents that contain any credit information about an employee or family member must be forwarded to the Human Resources Department for inclusion in the credit files.

The departmental file should contain at least the following:

- (a) Personal data, including marital status, family members, educational and employment history or similar information.
- (b) A photograph of the employee.
- (c) Personnel action reports reflecting assignments, promotions and other changes in the employee's employment status.
- (d) Performance evaluation reports regularly completed by the appropriate supervisor and signed by the affected employee.
- (e) Documents reflecting any commendation, congratulation or honor bestowed on an employee by a member of the public or by an employee for an action, duty or activity that relates to official duties.
- (f) Disciplinary Action Forms.

Once a document or information is placed in the employee's personnel file, whether the formal file or in the informal departmental file, it may not be removed except as required by law. However, the Director of Human Resources may, in his or her discretion, place

Fort Collins Police Services

Policy Manual

Personnel Files

documents from personnel files into other files. In addition, the City may periodically discard time sheets, leave of absence slips and other routine documents from files based upon the City's document retention schedule.

If an employee believes that information in his or her file is not accurate, the employee may submit a memorandum expressing the employee's opinion and providing additional information. Supervisors may also add information to correct or update previous entries

1026.2.2 SUPERVISOR'S FILE

The Supervisor's file should contain, but is not limited to:

- (a) Supervisor log entries, case notes and other materials intended to assist the supervisor in the completion of timely performance evaluations.
 - 1. Once the permanent performance evaluation form has been made final, the underlying foundational material and/or duplicate copies may be purged in accordance with the current records retention schedule.

1026.2.3 ADMINISTRATIVE INVESTIGATIONS FILE

Administrative investigation files shall be maintained under the exclusive control of the Professional Standards Unit (PSU). Access to these files may only be approved by the Chief or the supervisors of the Professional Standards Unit. These files shall contain the complete investigation of all formal complaints of employee misconduct regardless of disposition.

- (a) Each investigation file shall be sequentially numbered within a calendar year with any other alphabetical and/or numerical characters as approved by the PSU.
- (b) Each investigation file arising out of a formal citizen's complaint or a complaint involving discriminatory harassment or hostile work environment shall be kept according to the current records retention schedule and/or by the decision of the Chief.

1026.2.4 TRAINING FILES

An individual training file shall be maintained by the Training Sergeant for each employee. Training Unit files will contain records of all training and education mandated by law or the Agency, including firearms and defensive tactics qualifications.

- (a) It shall be the responsibility of the involved employee to provide the Training Unit or immediate supervisor with evidence of completed training/education in a timely manner.
- (b) The Training Unit shall ensure that copies of such training records are placed in the employee's training file and maintained for the duration of their employment before being transferred to the Human Resources Department at separation.

1026.2.5 INFECTION CONTROL FILE

A confidential infection control file shall be maintained by the Infection Control Officer and will be separate from all other files and shall be maintained in accordance with OSHA's 1910.1030. It shall contain all documents relating to:

- (a) Name and social security number of affected personnel.
- (b) Immunization records.
- (c) Circumstances of exposure to any communicable or infectious diseases.

Fort Collins Police Services

Policy Manual

Personnel Files

- (d) Post-exposure medical evaluation, treatment, and follow-up.

Infection control records shall become a permanent part of the employee's personnel health file at the Human Resources Department and will be maintained for the duration of employment plus 30 years.

1026.3 RELEASE OF PERSONNEL FILE INFORMATION

- (a) By law, certain information about employees is confidential and cannot be made available to the public, whether or not it is contained in a formal personnel file. Nonexempt employees are not authorized to volunteer work time to the Agency. When practicable, requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule (within the same work week) to compensate for the time worked, rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a request for such a period, the employee shall comply. Employees must have prior approval before utilizing accrued compensatory time. The supervisor may take into account factors such as workload, scheduling, and resource availability prior to granting approval. Only non-exempt employees are eligible to earn overtime pay (unless otherwise authorized in this Policy) or earn or use compensatory time. Exempt employees are ineligible to earn overtime pay or compensatory time, but may informally flex their time in accordance with City policy and as approved by the employee's supervisor.
- (d) Overtime pay shall be paid at a rate of time-and-one-half, based on the employee's hourly rate.
- (e) In lieu of overtime pay, non-exempt employees may request to accrue compensatory time, and supervisors have the discretion to grant or deny such requests based upon personnel needs, budgetary constraints, and other business reasons.

Upon promotion to exempt status, the promoted employee's Compensatory Time balances will be paid to the employee in cash or otherwise expended in accordance with City Policy.

Such employees are not authorized to start work prior to their officially scheduled starting time, nor are they authorized to work beyond their officially scheduled quitting time without prior supervisory approval. With the approval of a Division Captain, a Lieutenant or civilian equivalent manager is authorized additional compensation at a rate of time-and-one-half during incidents/events when their primary duties are that of operational managers and when the work is performed during normal off-duty hours for emergent, non-planned events. This includes but is not limited to such positions and events as:
 - (a) Community events where a Lieutenant or civilian equivalent manager is in charge of personnel and/or acting as the police Incident Commander or within the Incident Command Structure.
 - (b) A major incident/natural disaster where a Lieutenant or civilian equivalent manager is in charge of personnel and/or acting as the police Incident Commander or within the Incident Command Structure.
 - (c) Other operational events as approved.
 4. A Lieutenant or civilian equivalent manager that is required to work on a holiday, at their option, may either:
 - (a) Record on their time sheets both their hours worked and the holiday hours, so they will essentially receive double pay for the day; or
 - (b) Record only the hours worked and take the holiday time off at a later date before the end of the payroll year.

1038.4.1 STANDBY STATUS

"Standby status" is defined as a non-exempt employee being instructed by any supervisor or designee to be available for immediate call to duty.

- (b) Standby compensation shall commence at the time that the restriction begins, as designated by the supervisor. Standby status will end at the notification of the employee by a supervisor or designee, or at the predetermined scheduled conclusion.
- (c) The department shall notify the employee of the standby hours, when possible, at the initial standby notification.
- (d) Time spent on designated standby status shall be considered time worked for the calculation of overtime within a work week. Standby status is much more restrictive than On-Call status.

1038.4.2 SUBPOENAED COURT APPEARANCE

- (a) This article applies to non-exempt employees placed on the Municipal Court docket or who receive subpoenas requiring their appearance in court or DOR hearings (including Express Consent hearings).
- (b) Since the granting of overtime is based on Agency need, should both the prosecutor's office and the court (or, in the case of a DOR matter, the hearing officer) excuse a non-exempt employee from further testimony, the continued presence of the employee in the proceedings will not be compensable. Prior to testimony, or upon the completion of testimony, the employee shall, to the extent possible, seek to determine if his/her continued presence is required. If it appears that the employee is not needed for further testimony, they shall request to be excused.
- (c) Court-related meal breaks shall not be compensated.
- (d) Non-exempt employees shall submit their overtime requests as soon as possible after a court appearance to a supervisor for approval.
- (e) Off-duty attendance at any court or DOR hearing pursuant to this article will be compensated at time and one-half for either the actual time the non-exempt employee spends or for two hours, whichever is greater, provided that the two hour minimum does not overlap with the employee's regularly scheduled work hours. At the request of the employee and with the approval of the supervisor, the employee may be granted compensatory time in lieu of overtime compensation.
- (f) Employees may receive the two-hour minimum compensation only two times per day. In the event that there are three scheduled meetings, time will be compensated at the rate of actual time worked in addition to the two 2-hour minimum.

1038.4.3 FILINGS AND MEETINGS WITH DISTRICT ATTORNEY

The need for a non-exempt employee to file a case with the District Attorney's Office outside of his/her scheduled duty shift, or attend required meetings with the District Attorney's Office scheduled outside a non-exempt employee's duty shift shall not be considered subpoenaed court appearance status and shall be considered as overtime. Employees will be compensated for either the actual time spent completing such filings and attending such meetings or for the minimum of two hours at the rate of time and one-half (after the employee has reached their 40-hour work week), whichever is greater, provided that the two hour minimum does not overlap with the employee's regularly scheduled work hours or with any subpoenaed court appearance time as described in the prior section.

1038.4.4 ON-CALL STATUS

- (a) Employees required by the department to be On-Call and respond when requested shall be compensated at the rate of ten hours of straight time for each week for which the employee is On-Call. This rate shall be pro-rated if the On-Call period is less than one week. Employees may choose to be paid in cash or compensatory time, with supervisor approval.
- (b) An Employee is considered On-call when he/she is directed to be available and designated as On-call for a specified time period as determined by a supervisor via telephone, pager, police radio, or other means of communication so that they are available for and capable of reporting for work within a reasonable time frame, which is generally defined as 30 minutes or less. These individuals may be supplied with a Personal Communication Device (PCD) to ensure their availability. On-call status limitations and response requirements are less severe than those associated with

1038.4.5 OFF-DUTY WORK RESULTING FROM AN AGENCY-ASSIGNED VEHICLE

Off-duty work by a non-exempt employee resulting from car plan usage will not be compensated unless it exceeds one-tenth of an hour (6 minutes) in one contact.

- (a) All off-duty contacts must be called in to the Dispatch.

1038.4.6 TIME TRADES

- (a) Time trade is defined as an employee voluntarily agreeing to work the requesting employee's normally scheduled work hours. The requesting employee shall then work the granting employee's normally worked shift at a later, mutually agreed upon date. The employees participating in this time trade must be within the same division and of the same rank.
- (b) Time trades shall be allowed providing the employees notify and obtain advance approval of their supervisors of the time trade. Once agreed upon and approved, employees will be responsible for working the shift or hours they agreed to work. If an employee is unable to fulfill their time trade obligations, it is his/her responsibility to arrange for an approved employee to fill the shift. However, if the employee cannot fill the shift because of an emergency, they must notify the affected supervisor immediately.
- (c) Until a time trade has been approved by both supervisors, the employee who was originally scheduled to work the shift shall be responsible for working that shift.
- (d) Hours worked when an employee is working or scheduled to work a time trade shall not be considered in the calculation of overtime or compensatory time. Each employee will be credited as if he/she worked his/her normal work schedule.

- (a) Commuting to and from work each day to the designated workplace is not considered time worked.
- (b) When a non-exempt employee travels out of town on City business for a one-day assignment, all the time spent traveling must be recorded as time worked, except meal times and any time spent in driving or as a passenger from home to the usual place of employment, a point of public conveyance, or a vehicle pooling point.
- (c) When a non-exempt employee travels out of town on City business for an overnight trip assignment, all the time spent traveling must be recorded as time worked, except meal times and any time spent traveling from home to the usual place of employment, a point of public conveyance, or a vehicle pooling point. Once the employee reaches his or her destination (such as a hotel), the time is no longer considered working time unless the employee is actually working on City business.
 - 1. All other time spent traveling shall not be counted as time worked unless the employee is required to perform City related work while traveling.

1038.4.8 AWARD TIME

- (a) Award time is granted to employees for unusual or special circumstances which are not related to compensable work hours.

Fort Collins Police Services

- (c) Unused Award time is forfeited at termination of employment.
- (d) Employees shall submit a request to their supervisor to use Award time leave, and such leave will be approved at the discretion of the supervisor.
- (e) The Chief of Police reserves the right to alter or eliminate the Award time program at any time when financial or other circumstances dictate such action is needed.
- (f) Employees can accrue an unlimited number of Award Time hours through our Fitness and Zero Sick Leave programs. However the employee may only carry over, from one leave benefit year to the next, a maximum of 240 hours. Any hours above that cap will be eliminated at the end of the leave benefit year.

1038.4.9 TRAINING COMPENSATION

- (a) Only training which is required or authorized by the Agency is compensable.
- (b) Unless otherwise authorized by the Captain, Director, or Chief of Police, time spent while off-duty attending training facilities and academic classes is not compensable if attendance at the facility is not required. This applies even when the Agency pays for all or part of the training, or if the classes or training sessions in question may incidentally improve the employee's work performance or prepare the employee for advancement.

1038.5 LIMITATION ON HOURS WORKED

Unless authorized by a supervisor, employees should not work more than:

- 15 hours in one-day period (24-hour period)
- 30 hours in any two-day period (48-hour period)
- 84 hours in any seven-day period (168-hour period)

Except in very limited circumstances employees should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any employee who has exceeded the above guidelines.

It is the employee's responsibility to comply with these limitations, which will be audited by the employee's supervisor. Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime and any other work assignments.

Outside Employment

1040.1 PURPOSE AND SCOPE

To further professionalism, protect the reputation of the Agency, ensure that the Agency receives full and faithful service in return for its expenditure of resources, and to avoid actual or perceived conflicts of interest for employees, the Agency provides guidelines and Policies regarding employee's work activities outside of their regular employment with the City.

Prior to engaging in Outside Police Employment or Outside Non-Police Employment, all employees shall initially obtain written approval.

- (a) Approval shall be at the discretion of the Chief in accordance with the provisions of this Policy and applicable City Policies.

1040.1.1 DEFINITIONS

Outside Police Employment (Formerly "Off-Duty Police Work") - Any duties, services or volunteer work involving the use of police authority which is performed for a third party outside organization, affiliate organization, company or individual. Outside Police Employment, when performed for a third party is not considered time worked under the FLSA or City Policy.

Outside Non-Police Employment - Any duties or services not involving police authority which is performed for a third party outside organization, affiliate organization, company or individual during non-working hours, including but not limited to a second job, engaging in outside consulting work, and become self-employed in an outside business activity. Serving as a volunteer for a non-profit entity is not considered Outside Non-Police Employment. Outside Non-Police Employment is not considered time worked under the FLSA or City policy.

Outside Non-Police Employment and Outside Police Employment are different types of employment and one type excludes the other.

1040.2 OBTAINING APPROVAL FOR ANY OUTSIDE EMPLOYMENT

No employee may engage in any Outside Employment without first obtaining prior written approval. Failure to obtain prior written approval for such employment or engaging in such employment prohibited by this Policy is grounds for disciplinary action.

- (a) To obtain approval for Outside Employment, an employee must complete the on-line Outside Work Disclosure/Update Form and submit it for review to his or her supervisor. It must describe the Outside Police Employment or Outside Non-Police Employment in complete detail, including but not limited to the name of the prospective employer, nature of the business, job title, duties, beginning and ending dates of employment, and hours of work. Additional information may be requested at any time regarding the authorization for Outside Employment.
- (b) The supervisor shall forward the Outside Work Disclosure/Update Form through his or her chain of command to the Department Head with an explanation of the steps needed to mitigate potential conflicts of interest.

In the case of Outside Non-Police Employment requests, the Chief of Police shall approve the request unless either of the following factors is present:

Fort Collins Police Services

Policy Manual

Outside Employment

- (a) The nature of the Outside Non-Police Employment is similar to work being done by the employee in his/her City employment.
- (b) The nature of the Outside Non-Police Employment concerns a topic or issue that may come before the City Council during the time the employee is engaged in the Outside Non-Police Employment. In that case, the Chief of Police shall forward the Outside Work Disclosure/Update Form and his/her recommendation to the City Manager for consideration of approval.
- (c) If the Outside Employment creates an actual or apparent conflict of interest with the Agency or City.
- (d) If there is any other business-related reason at the discretion of the Chief.

The Outside Work Disclosure/Update Form, whether approved or denied, will be retained by the Human Resources Department as part of the employee's record.

1040.2.1 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT

Under no circumstances should any employee expect that an approval of Outside Employment is permanent. Any such approval may be withdrawn entirely, restrictions may be imposed, and/or additional information may be required at any time at the sole discretion of the City, even after the employee commences the Outside Employment.

The Outside Employment authorization may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension.

The authorization may be revoked:

- (a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency, and the Outside Employment may be related to the employee's performance. The Chief of Police may, at his or her discretion, notify the employee of the intent to revoke any previously approved Outside Employment authorization. The revocation will remain in force until the employee's performance directly related to the Outside Employment has been re-established to the minimum level of acceptable competency.
- (b) If, at any time during the term of an approved Outside Employment authorization, an employee's conduct or Outside Employment conflicts with the provisions of Agency Policy, or any law.
- (c) If the Outside Employment creates an actual or apparent conflict of interest with the Agency or City.
- (d) If there is any other business-related reason at the discretion of the Chief.

1040.3 OUTSIDE NON-POLICE EMPLOYMENT

Employees engaged in Outside Non-Police Employment shall make every effort to keep their employment with the Agency separate from that work. Officers will not use an Agency vehicle for travel to and from Outside Non-Police Employment if the vehicle would create an unprofessional or unethical appearance.

The Agency expressly reserves the right to deny any application for Outside Employment if the employment:

- (a) Involves work which may involve or may appear to involve a potential conflict of interest between the Outside Non-Police Employment and the police job, which

places the officer's or the Agency's neutrality at risk, or which is considered detrimental to the professional law enforcement goals of the City or the Agency.

- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this Agency for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as an employee.
- (c) Involves the employee's use of Agency time, facilities, equipment or supplies, the use of the Agency badge, police authority, uniform, prestige or influence.
- (d) Involves the performance of an act that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement by employees of the City or this Agency (including but not limited to a tavern, club, retail liquor store, any establishment selling or dispensing any alcoholic or those establishments or entities holding a liquor license issued by the Fort Collins Liquor Authority.)
 - 1. The Chief or an authorized designee may waive this restriction.
- (e) Involves time demands that would render performance of the employee's duties for this Agency below minimum standards or would render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.
- (f) Requires, or might reasonably require the employee to access or use confidential records for other than law enforcement purposes.
- (g) Requires the officer to act as a security officer, guard or watchman on any project or at any business where there is a labor dispute or strike.

- (b) Officers engaged in Outside Police Employment may work in full Fort Collins police uniform or in plain clothes as required by the assignment.
- (c) When more than one officer is required, the Agency may require a supervisor be assigned. The Patrol Captain will give guidelines to the Outside Police Employment Coordinator for these situations.
- (d) Once an officer has accepted an Outside Police Employment assignment, he/she is committed to perform that assignment or is responsible for obtaining a replacement in advance. The Outside Police Employment Coordinator will be responsible for monitoring off-duty assignment completion.
- (e) Officers engaged in Outside Police Employment are responsible for notifying the Communications Center of the following:
 - 1. Location of assignment;
 - 2. Hours of assignment;
 - 3. Nature of duties; and

4. Personnel assigned.
 5. This will be done prior to or on arrival at the place of assignment. Officers will also notify the Communications Center when they have completed the assignment.
- (f) Patrol supervisors are responsible for the functional supervision of all Outside Police Employment assignments that occur during their shift. The shift supervisor will cause periodic checks to be made of all Outside Police Employment assignments as appropriate and necessary. Nothing in this Policy shall preclude any sworn supervisor from exercising command authority in the cancellation of Outside Police Employment assignments when such action is in the best interest of the Agency.
- (g) If an officer arrives at an Outside Police Employment assignment and finds that fulfilling it would violate this Policy (for example, liquor is being sold and there is no written waiver by the Chief), he/she will immediately notify the patrol supervisor who will decide if the assignment will be canceled.
- (h) If an officer makes an arrest or has a situation which requires on-duty police response while working Outside Police Employment, the off-duty officer is responsible for completing the initial case report. The on-duty units will handle prisoner transport and booking, and the logging of evidence. If there is any conflict over who is responsible at an incident involving an off-duty officer, the on-duty shift supervisor will respond and make that decision.
- (i) Officers employed to perform Outside Police Employment assignments will be bound only by their police authority for the enforcement of the ordinances and laws of the city, state and United States. Unless a law or ordinance has been violated, enforcement action will not be taken.
- (j) Officers are responsible for fulfilling the requirements of Outside Police Employment in a professional manner to the best of their abilities, in conformance with acceptable department standards.
1. The officer shall ensure that the presence of friends or family or other distractions does not divert his/her attention from the performance of his/her duties.
- (k) The Outside Police Employment employer may specify the off-duty officer's duties, but only within the scope of a police officer's normal law enforcement-related duties.
- (l) If an Outside Police Employment employer requests to have or not have a specific officer or to have an officer with a specific skill, consideration will be given. However, there is no guarantee as to who will work any specific assignment. These issues will be handled by the Outside Police Employment Coordinator, and any specific issues or complaints will be addressed by the Patrol Administrative Lieutenant.
- (m) Outside Police Employment shall not be permitted if the employment:
1. Involves the performance of an act that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement by employees of the City or this Agency (including but not limited to a tavern, club, retail liquor store, any establishment selling or dispensing any alcoholic or those establishments or entities holding a liquor license issued by the Fort Collins Liquor Authority.)

1040.5 LIABILITY AND INSURANCE FOR OUTSIDE EMPLOYMENT

Employees performing Outside Non-Police Employment are not provided with qualified immunity and the City does not under any circumstances provide any liability or worker's compensation insurance protection.

Officers performing Outside Police Employment work are generally protected from state tort civil liability under the Colorado Governmental Immunity Act if they are acting within the course and scope of a police officer's normal law enforcement duties and are not acting willfully and wantonly. The circumstances under which the City has an obligation to defend an officer are set forth in Section 2-611 of the City Code.

- (a) Conduct adjudged to be willful and wanton would eliminate the defense of qualified immunity and expose the officer to personal liability.
- (b) Qualified immunity may also be eliminated if the officer acts outside the scope of his or her employment by enforcing purely private secondary employer-made rules made by the Outside Police Employer and in so doing engages in a tort, such as negligence or assault.
- (c) Officers performing Outside Police Employment work are considered "loaned employees," and as such are covered under the City's Worker's Compensation insurance for injuries that arise out of and in the course of the performance of a police officer's normal law enforcement duties.
- (d) Injuries that arise out of the performance of activities that are outside the scope of a police officer's normal law enforcement duties, such as physically moving furniture at the request of the Outside Police Employer, would not be compensable under the City's insurance.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR ADMINISTRATIVE LEAVE

- (a) Employees who are placed on injury leave, administrative leave or modified-duty are not eligible for Outside Police Employment.
- (b) Employees engaged in Outside Non-Police Employment who are placed on injury leave, administrative leave or modified-duty shall inform their immediate supervisor in writing within five days whether they intend to continue to engage in Outside Non-Police Employment while on such leave or modified-duty status. The immediate supervisor shall review the duties of the Outside Non-Police Employment along with any work-related doctor's orders and make a recommendation to the Chief whether such Outside Non Police-Employment should continue or the approved authorization be suspended or revoked.
 - 1. In the event the Chief determines that the Outside Non-Police Employment should be discontinued or if the employee fails to promptly notify the supervisor of his or her intentions regarding the Outside Non-Police Employment, a notice of intent to revoke the employee's Outside Employment authorization will be forwarded to the involved employee and a copy attached to the original Outside Employment application. The revocation process outlined in this Policy shall be followed.
 - 2. Criteria for revoking or suspending an approved Outside Non-Police Employment authorization while on injury leave, administrative leave or modified-duty includes, but is not limited to, the following:

Fort Collins Police Services

Policy Manual

Outside Employment

- (a) The Outside Non-Police Employment is medically detrimental to the total recovery of the disabled employee, as indicated by the City's professional medical advisers.
- (b) The Outside Non-Police Employment performed requires the same or similar physical ability, as would be required of an on-duty employee.
- (c) The employee's failure to make timely notice of his or her intentions to his or her supervisor.
- (d) The Outside Non-Police Employment is not compatible with the reason the employee is on administrative leave.

1040.7 RATES FOR OUTSIDE POLICE EMPLOYMENT

- (a) Hourly rates charged for each officer to the employer will be set at officer skill-level 5, performance rating three, rounded to the nearest dollar; and, when a supervisor is required, the supervisor pay will be at skill-level 2, performance level three, rounded to the nearest dollar.
 - 1. Officers will not negotiate a rate different than the official rate or give discounts or preferential treatment to any Outside Police Employer.
 - 2. Work performed for other City departments will be paid at the rate of one and a half times the officer's normal hourly rate, and said compensation will be paid through the City's payroll system.
- (b) The minimum charge for an Outside Police Employment assignment is the amount applicable for two hours of service.
- (c) The Agency will not become involved in collection or payment for Outside Police Employment, except that failure to provide payment in a reasonable time period will result in termination of any agreement for further Outside Police Employment for an employer.
- (d) There is no restriction on what ranks may accept Outside Police Employment. When not working as a designated supervisor, supervisory ranks receive the same off-duty pay rate as officers.
- (e) Officers may engage in an Outside Police Employment assignment on a volunteer basis when the assignment has been pre-approved by a Division Captain.
 - 1. Officers working an Outside Police Employment assignment on a volunteer basis will not accept personal compensation of any kind.

- (e) An injured employee or an employee who has suffered a work-related illness or injury shall report as soon as practicable to his/her immediate supervisor the medical findings concerning the illness or injury and the extent and duration of any work restrictions, if they are known. - (c) All work-related injuries or illnesses are to be reported, regardless of the severity of the injury. The completed injury report shall be forwarded to that supervisor's Lieutenant through the chain of command.
- (d) Copies of any reports documenting the accident or injury should be forwarded to the appropriate modified-duty manager as soon as completed.

1042.2.4 MODIFIED-DUTY MANAGER RESPONSIBILITIES

Each Division will designate a modified-duty manager.

The designated modified-duty manager receiving a report of a work-related accident or injury should review the injury report for accuracy and determine what additional action should be taken. The injury report shall then be forwarded to Risk Management.

1042.2.5 FLEXING OF TIME AND INJURY LEAVE

An employee is expected to schedule Workers' Compensation eligible injury or illness appointments during his/her regularly scheduled work hours.

With prior supervisory approval, an employee who is unable to attend a Workers' Compensation eligible injury or illness appointment during his/her regular work hours may flex the time from their regular working hours by not working an amount of time equal to the time of the appointment and recording injury leave, as long as this can be done during the same scheduled week as the appointment. However, the following limitations shall apply:

- (a) This policy is only applicable to Workers' Compensation eligible injury or illness appointments.
 - 1. The use of injury leave under this policy may not be used for any other purpose, such as for Workers' Compensation eligible surgeries or recovery time that occurs during non- regularly scheduled work hours.
- (b) If an employee attends an eligible appointment during his or her non-working hours in anticipation of taking injury leave later in their scheduled work week, the leave may be cancelled as the needs of the agency dictate. - (c) In no event will time spent at such appointments be counted as overtime.
 - 1. If overtime hours are worked during a work week in which injury leave hours were flexed, the amount of overtime hours will be reduced by the amount of injury leave that was flexed.

1042.4.1 EMPLOYEE TO REPORT INITIAL CONTACTS

When an employee sustains work-related injuries caused by another person and is then approached by such person or an agent, insurance company, or attorney and offered a settlement of claims, that employee shall take no action other than to make a written report of this contact and submit it to his/her supervisor as soon as practicable.

- (a) No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an on-duty injury, the employee shall provide the Chief of Police and the office of the City Attorney with written notice of the proposed terms of such settlement.
- (b) In no case shall the employee accept a settlement without first giving such written notice to the Chief of Police and the office of the City Attorney. The purpose of the notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the accident or injury, and to protect the City's right of subrogation, while ensuring that the employee's rights to receive compensation for injuries are not impacted.

Purchases for uniform equipment will be made in compliance with this manual to ensure consistency in uniform appearance.

1046.2 WEARING AND CONDITION OF UNIFORM AND EQUIPMENT

Personnel who are authorized to receive a reimbursement are required to submit a reimbursement form, with receipts attached for clothing purchased, to their immediate supervisor.

Employee Speech, Expression, Social Networking and Political Activity

safety of Fort Collins Police Services employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety or privacy of any employee, employee's family or associates or persons that this Agency has had professional contact with, such as crime victims or the staff of other organizations.

Examples of the type of information that could reasonably be expected to compromise safety include, but are not limited to:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1058.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the organization's safety, performance and public-trust needs, the following speech or expressions are prohibited:

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Fort Collins Police Services or its employees.
- (b) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty or illegal behavior.
- (c) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Agency. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen to jeopardize employees by informing criminals of details that could facilitate an escape or attempted escape.
- (d) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Fort Collins Police Services.
- (e) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Agency for financial gain, or data classified as confidential by state or federal law, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (f) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of agency logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Fort Collins Police Services on any personal or social networking or other website or web page without the express authorization of the Chief of Police.
- (g) Speech or expression that is in violation of the political speech limitations described in Section 1058.6.
- (h) Accessing websites for unauthorized purposes, or use of any personal communication device, game device or media device, whether personally or agency-owned, for personal purposes while on-duty, except in the following circumstances:
 1. When brief personal communications may be warranted by the circumstances (e.g., informing family of extended hours)

Policy Manual

Employee Speech, Expression, Social Networking and Political Activity

2. During authorized breaks; such usage should be limited as much as practicable to areas out of the sight and sound of the public and shall not be disruptive to the work environment.

In addition to the above, speech or expression that is made while off-duty or that is not made pursuant to an official duty is prohibited when the interests of the Agency or the City in preventing the disruption of Agency/City functions and ensuring effective employee performance are not outweighed by the employee's interests as a citizen in commenting upon matters of public concern. Speech or expression that is significantly linked or related to the Agency/City and tends to compromise or damage the mission, function, reputation or professionalism of the Agency, the City, or its employees may constitute prohibited speech if those Agency/City interests outweigh the employee's interests as a citizen in commenting upon matters of public concern. Balancing the interests of the Agency/City with the interests of the employee as a citizen to determine which interest prevails is not always simple and many factors may enter into the equation, such as:

- (a) the effect, or likely effect, of the speech upon the attainment of Agency/City goals, policies, or operations;
- (b) the impact, or likely impact, upon discipline and harmony among co-workers;
- (c) the impact, or likely impact, on close working relationships for which personal loyalty and confidence are necessary;
- (d) the effect, or likely effect, on performance of the employee's duties;
- (e) the time, place, and manner of the employee's speech; and
- (f) the level of the employee's duties within Agency/City organization and the extent to which the employee is responsible for implementing Agency/City policies.

An employee should consider these issues and factors when speaking as a citizen regarding matters that could affect Agency/City services, policies, and operations, and the employee may wish to confer with his or her supervisor about the advisability of doing so. Such speech may occur at various venues, including but not limited to, at meetings, in the press, in the public media, or at social networking internet sites. Also, an employee should be aware that providing the employee's Agency/City email address may inappropriately imply that the employee is speaking on behalf of the Agency/City.

In addition, an employee is required to take reasonable and prompt action to remove any content that is in violation of this policy, whether posted by the employee and/or others, from any web page or website maintained by the employee (e.g., social or personal website).

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

Employees may not represent the Agency or City or identify themselves in any way that could be reasonably perceived as representing the Agency or City in order to do any of the following, unless specifically authorized by the Chief:

- (a) Endorse, support, oppose or contradict any political campaign or initiative
- (b) Endorse, support, oppose or contradict any social issue, cause or religion
- (c) Endorse, support, or oppose any product, service, company or other commercial entity
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website

Employee Speech, Expression, Social Networking and Political Activity

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group) is affiliated with this agency, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Fort Collins Police Services. Providing this disclaimer shall not excuse the violation of any other provision of these Policies.

Employees' speech rights and limitations with regard to political activity are described in Section 1058.7.

1058.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any agency technology system.

The Agency reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Agency, including the Agency e-mail system, computer network, radio or other communication system or medium or any information placed into storage on any agency system or device.

This includes records of all key strokes or web-browsing history made at any agency computer or over any agency network. The fact that access to a database, service or website requires a user name or password does not create an expectation of privacy if it is accessed through agency computers or networks.

1058.6 TRAINING

Subject to available resources, the Agency should provide training regarding employee speech and the use of social networking to all members of the Agency.

1058.7 POLITICAL ACTIVITY

Agency employees hold positions in which the public must be able to place their trust and confidence. Therefore, partisan political philosophies shall not enter into the enforcement of laws or delivery of services.

The purposes of this section are:

- (a) To avoid creating impediments to the necessary cooperation which must occur between the Agency and other local, state, and federal law enforcement agencies;
- (b) To accommodate an employee's right to be free from political pressure or coercion; and
- (c) To prevent conflicts which might arise from an Agency employee holding multiple positions.

1058.7.1 TERMS

"Contribution" means any gift, subscription, loan, advance, deposit of money, allotment of money, or anything of value given or transferred by one person to another, including cash, check, draft, payroll deduction or allotment plan, pledge, or promise, whether or not enforceable or otherwise.

"Election" means any primary, special or general election.

"Political activity" means any act or statement supporting or opposing any candidate, legislation, constitutional amendment, amendment to the City Code or City Charter, or any petition addressed to any government agency, or official or the circulation of any such petition. A political activity does not include:

- (a) Registering to vote or voting in any election;
- (b) Any act or statement supporting or opposing any legislation, constitutional amendment, amendment to the City Code or City Charter, or any petition addressed to any government agency or official, when such act is done or statement is made by a management employee authorized by the City Manager to express the City's official position; or
- (c) Any statement which recommends supporting or opposing any legislation, constitutional amendment, amendment to the City Code or City Charter, or any petition addressed to any government agency or official, when such statement is made by an employee in the course of the employee's employment to aid City management in formulating an official City position.

1058.7.2 LIMITATIONS ON POLITICAL ACTIVITY

Agency employees shall not:

- (a) Engage in any political activity while on duty, while in a uniform that identifies the individual as an employee of the Agency, while in a City office or building (except when in a City office or building as a citizen and not as an employee), or while using a City vehicle or equipment.
- (b) Use their position of employment or official authority to influence, interfere with, or affect the results of any election for any candidate for any public office.
- (c) Become a candidate for or serve as a member of the Fort Collins City Council.
- (d) Become a candidate for any public office, whether city, county, state, federal, or otherwise, if campaigning for or holding such office would create a significant actual or apparent conflict of interest.
- (e) Serve as a member of any board, commission or authority appointed by City Council, except retirement boards. This restriction shall not apply to Hourly With No Benefits employees, providing such employees do not serve on a board, commission, or authority which, in the judgment of the City Manager, directly affects the terms, conditions or benefits of employment of any City employee. Hourly With No Benefits employees are required to obtain the written authorization of the City Manager prior to serving or continuing to serve on a board, commission, or authority.
- (f) Engage in any of the following activities regarding any candidate for the Fort Collins City Council:
 - 1. Taking an active part in managing a candidate's campaign.
 - 2. Directly or indirectly soliciting, receiving, collecting, handling, disbursing or accounting for assessments, contributions or other funds for a candidate.
 - 3. Soliciting votes in support of or in opposition to a candidate.
 - 4. Making any contribution, directly or indirectly, or expending any money or any valuable thing to assist in the election or defeat of a candidate. (City Charter, Article VIII, Section 8).

1058.7.3 PROTECTED POLITICAL ACTIVITY

Agency employees retain the right (when off duty, not in uniform, outside City offices and buildings, and not using a City vehicle, equipment or other resources) to participate fully in any public affairs, except as restricted by this Policy, by other Policies, by the City of Fort Collins Personnel Policies and Procedures, or by the City of Fort Collins Charter. The following are examples, and is not an exhaustive list, of specific political activities which employees may engage in subject to the restrictions above:

- (a) Display a political picture, sticker, badge, button or sign;
- (b) Sign political petitions as an individual;
- (c) Express an opinion as an individual, privately and publicly, on political subjects and candidates;
- (d) Take an active part in a campaign, solicit contributions and votes, donate personal time and money and hand out literature with regard to candidates for an office other than City Council; and
- (e) Be politically active in connection with matters such as a constitutional amendment, referendum, initiative, ballot issue, approval of a municipal ordinance or any other questions of issues of a similar character.

Agency employees who wish to become candidates for public office or engage in any political activities listed above may request a leave of absence during the period of candidacy or other political activity in accordance with the City's Policies and Procedures then in effect. The City retains the sole discretion to grant or deny such requests for leave of absence.

Agency employees whose principal employment is in connection with an activity which is financed in whole or in part by loans or grants made by the United States or a Federal Agency, and who exercises functions in connection with that activity, may be subject to additional restrictions on political activity as described at Title 5, United States Code, Section 1502.
