Learning Objectives - Cont'd:

Learning Objective 4.2 : Participant will be able to successfully demonstrate the body worn camera recording process, through scenario involvement.

4.0 Specifications that should be considered when choosing a camera for official use.

Model _____ / _____ and Name of the body worn camera.

_____ option of the body worn camera (e.g., Head, Chest, Glasses, Helmet, Various).

➤ Optional _____ locations may require add-on accessories

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

Maximum Video _____ of the body worn camera (e.g., 640x480, 1080p).

Recording _____ of the body worn camera (e.g., 30 fps).

➤ Recording _____ often depend on the video resolution selected

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

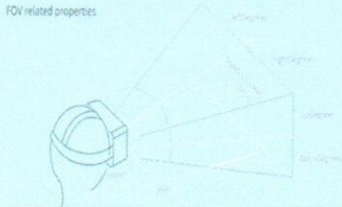

Recording _____ of the video from the body worn camera (e.g., MPEG-4, MOV).

Capability to capture Still Photos.

_____ of a Time/Date Stamp in the recorded video.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

The _____ of _____ of the body worn camera (e.g., 75°, 120°).

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

The Lux Rating of the body worn camera.

- The minimum amount of _____ that produces an acceptable image. This rating is for normal camera operation and does not take into account any _____ Mode.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

_____ capable and in what format (e.g., Low Light, IR Lens, etc.).

_____ Screen availability for on-person video viewing.

_____ Format of the body worn camera (e.g., MP2, AAC).

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

CJIS and Video _____ that limit access or editing by users.

_____ - _____ Record feature and the buffered time and if the recording includes audio.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

Event Marking capable.

- ✓ Event marking capabilities provided by offline video management software is considered a "No" response.

The _____ used by the body worn camera and whether it is internal or removable.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

The _____ **Life** of the body worn camera battery.

The _____ of the body worn camera battery.

The _____ of the body worn camera battery.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

The onboard memory **Storage capacity** of the body worn camera.

The _____ of the body worn camera under default resolution settings.

Recording time is dependent on the **video** _____ and body worn camera memory.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

GPS or **Geo-Location capability**, and whether that information is embedded in recorded video.

The **physical** _____ (in inches) of the body worn camera (camera, control unit and/or battery).

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

Duration of **standard** _____ that comes with the body worn camera unit.

➤ A range of warranty durations indicates an **optional extended warranty is available**.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

Proprietary Video _____
 _____ used for video management of the body worn camera recordings, and if it is required to use the body worn camera.

Police _____ option for the body worn camera.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

Vehicle Mountable for dashboard applications.

✓ Many body worn cameras that can be mounted in a vehicle **require optional accessories**; these are not included in the price.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

The Manufacturer Suggested Retail Price (**MSRP**) for the body worn camera.

✓ Does not include **optional features, accessories or services plans**.

4.0 Specifications that should be considered when choosing a camera for official use....Cont'd

_____ capabilities to communicate with a computer or external DVR unit.

_____ option; Hosted/Cloud storage or Local/Server storage capability.

4.1 Practical Exercise

Participant will demonstrate functionality of their Body Worn Camera (BWC)

Select Deputy with Body Worn Camera to explain to class functionality of his/her BWC

DEFINE & PROCESS

Define: What you gained from demonstration and explanation by Deputy Constable on BWC

Process:

4.2 Practical Exercise

The participant will be able to successfully demonstrate the body worn camera recording process, through scenario involvement.

Specific to the respective agency approved body worn camera; although for the purposes of this course some a conventional scenario model should be recommended.

DEFINE & PROCESS

Explain: The Body Worn Camera recording process.

Process:
