## Highlights from PGI 2001

Superstring. The name says it all.

The Superstring in action!

Bill Swint working on his flight of 100 tourbillions for the closing show.

The tourbillions taking flight after the superstring.

Two perfect ring shells open during one of many shows.

A proud girandola builder waits for the competition to start.

An elaborate set piece crafted with uncompromising skill.

The "crown" setpiece lives its short life of splendor.

A perfect shell of shells opens during competition.

The 12 inch "big one" covers the sky, winning the Hoyt prize reserved for truly outstanding shells.

The megastring explodes in a fireball of glory!
