The Pyramids of Egypt are the most stupendous and lasting monuments that human labour Mas been known to accomplish and have been objects of wonder from the age of Herodatus to the present time.

OUND substantial work is, and always has been "worth while." To earn a reputation for skilful tradesmanship and thorough execution is to place yourself in the position of being able to select your own jobs and name your own price. To such an end this House tenders its services. If you are in any difficulty or are up against any unusual problem our Chemists are your Chemists and our Laboratories your Laboratories-whilst as to goods,

BASKET GRATE, in the late Seventeenth Centurystyle, suitable for burning either wood or coal; may be had with a brass or bronze front and terminals; if is highly finished, and fitted with bright bars and fire lump back.

REGISTER GRATE, with highly finished steel front: bright mouldings, bright shaped bars, and fire lump back; it is

adapted to fit either in a marble mantle piece or with marble surrounds. A curious old Trade Catalogue from which the Grate has been carefully reproduced

states that it was made for William, Prince of Orange.

The TUDOR GRATE is fitted with a brass panel, bright iron frame and bars

and a fire lump back, and can be used either with tile or marble surrounds.

VENTILATING WARM AIR GRATE, arranged to introduce fresh air from external sources thereby ensuring an agreeable and healthful

atmosphere, as the supply of air may be regulated by a valve above the fire. This Grate is fitted with a brass panel and bright iron mouldings, and is adapted for either tile or marble surrounds.

MANTLE REGISTER GRATE fitted with tile sides, wood shelf, and fire lump back.

WE invite BUILDERS, DECORATORS, HOUSE FURNISHERS, SHIPPERS, etc., to introduce their customers, with the assurance that we shall make every effort to suit the requirements of those who may favour us with a visit.

Editorial Notes.

TO CONTRIBUTORS AND SUPPORTERS.

THE War is now over, and though circumstances are anything but favourable to the Architectural Profession or to the Architectural Publisher, we look forward to better times to come with a definite hope.

A few words in explanation of the policy carried on in respect to this publication during the war and our future aims is not perhaps amiss at this time.

The restrictions placed on Architecture and Building at once made themselves felt in respect to this journal. The Royal Academy Exhibition with the inclusion of Photographs soon became filled with representations of completed work of which this journal had in many cases already published the preliminary sketches or exhibition perspectives. I felt that under such circumstances the half-yearly or even regular annual issue was not warranted.

Concerning the future I desire to depart from the past traditions of this book as far as arrangement is concerned. Each issue will contain a Representative review of the Royal Academy Exhibition; but this I feel is not sufficient for our present needs, and therefore the Architectural Review part of the publication will include Reviews of not less than 16 pages on current Topical Architectural Subjects. Volume 52 will, it is hoped, include Reviews on Cottage Homes and Housing Schemes, Garden Architecture, Public Offices, Interiors by Baillie Scott and others, and if possible Reviews on Cinema Theatres, Shop Fronts, &c., &c.

The publishing has been taken over by Messrs. B. T. Batsford, Ltd., of 94, High Holborn, W.C. This firm is so well known and has such a splendid reputation for supplying all the various needs of the profession that they need no further recommendation. But the Proprietor, A. E. MARTIN-KAYE, would prefer that all editorial correspondence be addressed to THE EDITOR, 44, Doughty Street, W.C. 1, as before. THE EDITOR.
