PREFACE.

THIS book was suggested to me on reading Section 5 of the original Bill of the Education Act of 1902. It seemed to me then, and the opinion was subsequently fortified by what was said in the House—I think by Sir Joseph Leese—that those who might have to administer the Act not being experts nor elected *ad hoc* would find themselves at a disadvantage when called upon to find out what were their powers and duties by wading through and comparing many Acts of Parliament. Of those Acts I was entirely ignorant when I commenced, but by dint of reading and re-reading I acquired and arranged that knowledge which I here lay at the service of those who may require it. The way has been long and arduous, and many times I have been inclined to give it up, for as I said, I am no educational expert, and a fool might well hesitate to rush in where angels have apparently feared to tread. I have tried to systematize, as much as in me lies, the powers and duties of those who may be called upon to administer the new Act. The matter is open to all, the system has been dictated to me by those who have gone before in the analysis and arrangement of legal facts. My indebtedness to those to whom I have just referred is great; to those who have aided me with their living assistance and counsel it is no less so, and in particular are my thanks due to my friend C. R. Sillem, Esq., of Lincoln's Inn, whose the Index—without which a Law Book is as a pathless garden full of good things which cannot be got at—in great part is,

and whose wise counsel has aided me to unravel many mysteries, and has set me right when tripping. Also to my clerk, Mr. G. Parnell, am I greatly indebted for his willing and untiring collection of the materials contained in the Appendices, without which I could not have completed the work, at all events in anything like reasonable time. Lastly I am much beholden to my publishers, Messrs. Sweet and Maxwell, for in the first place kindly undertaking to publish the book, and for their patience in enduring the ever and apparently endless growth of the MS. during its period of production. I can only hope that they may have their reward.

LAW OF EDUCATION.

PART I.

THE LOCAL EDUCATION AUTHORITY AND THE EDUCATION COMMITTEE.

CHAPTER I.

THE LOCAL EDUCATION AUTHORITY.

SECT. I.—THE LOCAL EDUCATION AUTHORITY FOR ELEMENTARY EDUCATION.

THE Education Act, 1902, directs that the local education authority shall be :—

- (a) In the case of a county or county borough—*the council of such county or borough.*

Scilly Isles.—In the case of the Scilly Isles, the council of the Isles of Scilly is to be the local education authority (E. Act, 1902 (2 Edw. VII. c. 42), s. 26).

Local education authority in counties and county boroughs (E. Act, 1902, s. 1).

“**Elementary Education.**”—The power to provide instruction under the Elementary Education Acts, 1870—1900, is, except where those Acts expressly provide to the contrary, limited to the provision of instruction given under the regulations of the Board of Education to scholars who at the close of the school year will not be more than sixteen years of age; but the local education authority may, with the consent of the Board of Education, extend those limits in the case of any such school if no suitable higher education is available within reasonable distance of the school (E. Act, 1902 (2 Edw. VII. c. 42), s. 22 (2)). See also p. 100.

Part I.

School Year.—That is the year or other period for which an annual Parliamentary grant is for the time being paid or payable under the Code (*D. S. C.*, 1908, *Art.* 20).

Reasonable Distance.—The Board of Education will presumably decide as to what is or is not a reasonable distance.

“County.”—The county here referred to is the administrative county under the L. G. Act, 1888, and means the area for which a county council is elected in pursuance of that Act (51 & 52 Vict. c. 41, ss. 1, 100).

In the case of the Welsh counties and Monmouthshire it is to be noted that the county council as local education authority is to have transferred to it the powers, duties, property and liabilities of the county governing body under the Welsh Intermediate Education Act, 1889 (*E. Act*, 1902, s. 17 (8)). See p. 109.

For a list of such counties see p. 442.

“County Borough.”—That is:—

(i.) Each of the boroughs named in the 3rd Schedule to the L. G. Act, 1888, being a borough which on the 1st of June, 1888, either:

- (a) Had a population of not less than 50,000; or
- (b) Was a county in itself (51 & 52 Vict. c. 41, s. 31).

(ii.) Any borough having a population of not less than 50,000, and constituted a borough by order of the Local Government Board (51 & 52 Vict. c. 41, s. 54 (1) (d)).

The county boroughs of Oxford, Grimsby, and Newport (Mon.) have been so constituted.

In the case of Welsh county boroughs and that of the county borough of Newport (Mon.), the local education authority is to have transferred to it the powers, duties, property, and liabilities of the county governing body for such county borough under the Welsh Intermediate Education Act, 1889 (*E. Act*, 1902, s. 17 (8)). See p. 109.

For list of county boroughs see p. 443.

“The Council of such County or Borough.”—In the case of a county the council consists of a chairman, aldermen, and councillors, and is a body corporate with perpetual succession, a common seal, and power to acquire and hold land for the purposes of its constitution without licence in mortmain (*L. G. Act*, 1888 (51 & 52 Vict. c. 41), ss. 1, 79).

Such a council is a statutory corporation as distinguished from a corporation created by royal charter or common law corporation, and cannot exercise any powers other than those conferred upon it by statute (*A.-G. v. London C. C.*, [1901] 1 Ch. 781; [1902] A. C. 165).

Council of the Isles of Scilly.—For particulars of such council

see *Local Government Board Provisional Orders Confirmation (No. 6) Act, 1890* (53 & 54 Vict. c. clxxvi.). By Art. xxvii. (1) of that Act the council were to appoint a school attendance committee as though they were guardians of a union composed of the parishes of the Isles of Scilly; and (2) all the provisions of the E. E. Act, 1870—1880, with regard to a school attendance committee, and the powers, duties and functions thereof, and to the attendance at school and employment of children, were made applicable to the Isles of Scilly.

For abolition of school attendance committees see p. 5; for their various powers, duties, &c., see Part II.

The county councillors elected for an electoral division consisting wholly of a borough or urban district, whose council are a local education authority for the purposes of elementary education, or of some part of such a borough or district, may not vote in respect of any question arising before the county council which relates only to matters of elementary education (E. Act, 1902, s. 23 (3)).

A person who holds any office or place of profit in the gift or disposal of the council, or who has directly or indirectly by himself or his partner any share or interest in any contract or employment with, by, or on behalf of the council, is disqualified for being elected and for being a councillor (Municipal Corporations Act, 1882 (45 & 46 Vict. c. 50), s. 12 (1) (a) (c); L. G. Act (51 & 52 Vict. c. 41), ss. 2 (1), 75). Accordingly teachers in schools provided by the local education authority are disqualified from being members of the county council or county borough council. Teachers in a school maintained but not provided by the local education authority are expressly placed in the same position as respects disqualification for office as members of the authority as teachers in a provided school (E. Act, 1902 (2 Edw. VII. c. 42), s. 23 (7)).

Disqualifications for membership of local education authority.

But the disqualification of any persons who are at the time of the passing of the E. Act, 1902 (Dec. 18, 1902), members of any council, and who will become disqualified for office in consequence of the Act, is not, if the council so resolve, to take effect until a day fixed by the resolution, not being later than:—

- (a) In the case of a county council the next ordinary day of retirement of councillors.
- (b) In the case of a council of a borough the next ordinary day of election of councillors.
- (c) In the case of an urban district council the 15th of April, 1904 (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (9)).

As to the disqualification of such persons for membership of the education committee see p. 15.

In the case of county boroughs the council consists of the mayor, aldermen, and councillors (Municipal Corporations Act, 1882 (45 & 46 Vict. c. 50), s. 10 (2); L. G. Act, 1888 (51 & 52 Vict.

THE LOCAL EDUCATION AUTHORITY

Part I.

c. 41) s. 84 (8), (a), and though not itself a corporation, exercises all the powers vested in the county borough, which is a corporation created by Royal charter or common law corporation. The council of such a corporation, therefore, is able to do in the name and on behalf of the corporation many acts which are not included in any statute, but which are within the general powers of a common law corporation. (*A. G. v. London C. C., vide supra*).

As to disqualification for membership of such council, vide supra.

Local education authority in smaller boroughs (E. Act, 1902, s. 1, s. 23 (8)).

(b) In the case of a borough with a population of over 10,000 according to the census of 1901—the council of such borough.

As to the constitution and powers of such council, and as to disqualification of certain persons as councillors, vide supra.

For list of such boroughs see p. 444.

Local education authority in urban districts (E. Act, 1902, s. 1, s. 23 (8)).

(c) In the case of an urban district with a population of over 20,000 according to the census of 1901—the urban district council.

“Urban District Council.”—Such council is a corporate body with perpetual succession, a common seal, and power to sue and be sued in its own name (P. H. Act, 1875 (38 & 39 Vict. c. 55), s. 7; L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 21 (1)).

For list of such urban districts see p. 447.

Women may be elected to be councillors (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 23 (2)).

A person holding any paid office under the district council, or who is concerned in any bargain or contract entered into with the council, or participates in the profit of any such bargain or contract, or of any work done under the authority of the council, is disqualified for being elected or being a member or chairman of a district council (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 46 (1), (d)). Accordingly paid teachers in schools provided by the urban district council as the local education authority will be disqualified from being members of the urban district council. Teachers in non-provided schools are in the same position (E. Act, 1902, s. 23 (7)).

As to the eligibility of such persons for membership of the education committee see p. 15.

Combination of local education authorities (E. E. Act, 1870, s. 52; E. Act, 1902, Sch. III. (1)).

Apparently it will be possible for two or more local education authorities, with the sanction of the Board of Education, to combine together for any purpose relating to elementary schools within the areas for which they act, and in particular to combine for the purpose of providing, maintaining, and

keeping efficient schools common to such areas. Such agreements may provide for :—

Chap. I.
Sect. 1.

- (a) The appointment of a joint body of managers.
- (b) The proportion of the contributions to be paid by each area.
- (c) Any other matters which in the opinion of the Board of Education are necessary for carrying out such agreement.

Cross References.—Providing schools, p. 25; Maintaining and keeping efficient schools, p. 21.

“Joint body of managers.”—As to this see p. 84. The expenses of such joint body of managers are to be paid in the proportions specified in the agreement by each of the local education authorities out of the fund out of which the local education authority are payable (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 52; E. Act, 1902 (2 Edw. VII. c. 42), Sch. III. (1), (2). For the fund out of which such expenses will now be payable see p. 120.

As a consequence of the establishment of the local education authority the school boards introduced by the E. E. Act, 1870 (33 & 34 Vict. c. 75), and the school attendance committees of the E. E. Act, 1876 (39 & 40 Vict. c. 79), are abolished as from the “appointed day,” and their property, rights, and liabilities then existing are transferred to the council exercising the powers of the school board.

Abolition of school boards and school attendance committees and transfer of their property, &c. (E. Act, 1902, s. 5, Sch. II. (1)).

“School Attendance Committees.”—Notwithstanding their abolition, such committees are bound during the period between the passing of the E. Act, 1902 (Dec. 18, 1902) and the “appointed day” to furnish to the council, which will on the appointed day become the local education authority, such information as that council may reasonably require (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (15)). A like duty is also cast upon the managers of any public elementary school (*ibid.*).

“Appointed Day.”—The 26th March, 1903, or such other day, not being more than eighteen months later, as the Board of Education may appoint; different days may be appointed for different purposes, and for different provisions of the Act, and for different councils (E. Act, 1902 (2 Edw. VII. c. 42), s. 27 (2)). See *Circular of Board of Education*, p. 441.

“Property and Liabilities.”—These words, unless the context otherwise requires, have the same meanings as in the

Part I.

L. G. Act,
1888, s. 100.

L. G. Act, 1888 (see E. Act, 1902 (2 Edw. VII. c. 42), s. 24 (8)).

The L. G. Act, 1888, s. 100, provides as follows:—

The expression "**property**" includes all property, real and personal, and all estates, interests, easements, and rights, whether equitable or legal, in, to, and out of property real and personal, including things in action, and registers, books, and documents; and when used in relation to any quarter sessions, clerk of the peace, justices, board, sanitary authority, or other authority, includes any property which on the appointed day belongs to, or is vested in, or held in trust for, or would but for this Act have, on or after that day, belonged to, or been vested in, or held in trust for, such quarter sessions, clerk of the peace, justices, board, sanitary authority, or other authority; and the expression "property" shall further include, in the case of the county of Chester, any surplus revenue of the River Weaver Trust, which is or would but for this Act be payable to the quarter sessions:

The expression "**powers**" includes rights, jurisdiction, capacities, privileges, and immunities:

The expression "**duties**" includes responsibilities and obligations:

The expression "**liabilities**" includes liability to any proceeding for enforcing any duty or for punishing the breach of any duty, and includes all debts and liabilities to which any authority are or would but for this Act be liable or subject to, whether accrued due at the date of the transfer or subsequently accruing, and includes any obligation to carry or apply any money to any sinking fund or to any particular purpose.

"**Transferred.**"—Sects. 85—88 of the L. G. Act, 1894 (56 & 57 Vict. c. 73) (which contain transitory provisions), are to apply with respect to such transfers (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (8)). Sects. 85—88 of the L. G. Act, 1894, are as follows:—

85.—(1.) Every rate and precept for contributions made before the appointed day (*a*) may be assessed, levied, and collected, and proceedings for the enforcement thereof taken, in like manner as nearly as may be as if this Act had not passed.

(2.) The accounts of all receipts and expenditure before the appointed day (*a*) shall be audited, and disallowances, surcharges, and penalties recovered and enforced, and other consequential proceedings had, in like manner as nearly as may be as if this Act had not passed, but as soon as practicable after the appointed day (*a*); and every authority, committee, or officer, whose duty it is to make up any accounts, or to account for any portion of the receipts or expenditure in any account, shall, until the audit is completed, be deemed for the purpose of such audit to continue in office, and be bound to perform the same duties and render the

Current
rates, &c.

same accounts and be subject to the same liabilities as before the appointed day (a).

Chap. I.
Sect. 1

• (8.) All proceedings, legal and other, commenced before the appointed day (a), may be carried on in like manner, as nearly as may be, as if this Act had not passed, and any such legal proceeding may be amended in such manner as may appear necessary or proper in order to bring it into conformity with the provisions of this Act.

(4.) Every valuation list made for a parish divided by this Act shall continue in force until a new valuation list is made (b).

(5.) The change of name of an urban sanitary authority shall not affect their identity as a corporate body or derogate from their powers, and any enactment in any Act, whether public general or local and personal, referring to the members of such authority shall, unless inconsistent with this Act, continue to refer to the members of such authority under its new name (b).

(a) References to the "appointed day" to be construed as respects a case of relinquishment of powers and duties (see p. 74), as references to the date on which the relinquishment takes effect. (E. Act, 1902, Sch. II. (8), (a).)

(b) Sub-ss. (4), (5) are not to apply (*ibid.*) (c).

86.—(1.) Nothing in this Act shall prejudicially affect any securities granted before the passing of this Act (a) on the credit of any rate or property transferred to a council or parish meeting by this Act; and all such securities, as well as all unsecured debts, liabilities, and obligations incurred by any authority in the exercise of any powers or in relation to any property transferred from them to a council or parish meeting shall be discharged, paid, and satisfied by that council or parish meeting, and where for that purpose it is necessary to continue the levy of any rate or the exercise of any power which would have existed but for this Act, that rate may continue to be levied and that power to be exercised either by the authority who otherwise would have levied or exercised the same, or by the transferee as the case may require.

Saving for existing securities and discharge of debts.

(2.) It shall be the duty of every authority whose powers, duties, and liabilities are transferred by this Act to liquidate so far as practicable before the appointed day (b), all current debts and liabilities incurred by such authority.

(a) References to "the passing of this Act" are to be construed as respects a case of relinquishment of powers and duties (see p. 74), as references to the date on which the relinquishment takes effect. (E. Act, 1902, Sch. II. (8) (a).)

(b) *Vide* note (a) to sect. 85, *supra*.

87.—All such byelaws, orders, and regulations of any authority, whose powers and duties are transferred by this Act to any council, as are in force at the time of the transfer, shall, so far as they relate to or are in pursuance of the powers and duties transferred,

Saving for existing byelaws.

THE LOCAL EDUCATION AUTHORITY

Part I. continue in force as if made by that council, and may be revoked or altered accordingly.

Saving for pending contracts, &c.

88.—(1.) If at the time when any powers, duties, liabilities, debts, or property are by this Act transferred to a council or parish meeting, any action or proceeding, or any cause of action or proceeding is pending or existing by or against any authority in relation thereto the same shall not be in anywise prejudicially affected by the passing of this Act (a), but may be continued, prosecuted, and enforced by or against the council or parish meeting as successors of the said authority in like manner as if this Act had not been passed.

(2.) All contracts, deeds, bonds, agreements, and other instruments subsisting at the time of the transfer in this section mentioned, and affecting any of such powers, duties, liabilities, debts, or property, shall be of as full force and effect against or in favour of the council or parish meeting, and may be enforced as fully and effectually as if, instead of the authority, the council or parish meeting had been a party thereto.

(a) *Vide* note (a) to sect. 86, *supra*.

In construing the above sections, the powers and duties of a school board or school attendance committee which is abolished, or of a council which ceases to exercise powers and duties (see p. 74), are to be deemed powers and duties transferred under the E. Act, 1902. (E. Act, 1902, Sch. II. (8) (b)).

Should any question of adjustment arise, the 68th section of the L. G. Act, 1894 (56 & 57 Vict. c. 78), is to apply:—

L. G. Act, 1894. Adjustment of property and liabilities.

68.—(1.) Where any adjustment is required for the purpose of this Act, or of any order, or thing made or done under this Act, then, if the adjustment is not otherwise made, the authorities interested may make agreements for the purpose, and may thereby adjust any property, income, debts, liabilities, and expenses, so far as affected by this Act, or such scheme, order, or thing, of the parties to the agreement.

(2.) The agreement may provide for the transfer or retention of any property, debts, or liabilities, with or without any conditions, and for the joint use of any property, and for payment by either party to the agreement in respect of property, debts, and liabilities so transferred or retained, or of such joint user, and in respect of the salary or remuneration of any officer or person, and that either by way of an annual payment or, except in the case of a salary or remuneration, by way of a capital sum, or of a terminable annuity for a period not exceeding that allowed by the Local Government Board: Provided that where any of the authorities interested is a board of guardians, any such agreement, so far as it relates to the joint use of any property, shall be subject to the approval of the Local Government Board.

(8.) In default of an agreement, and as far as any such agreement does not extend, such adjustment shall be referred to arbitration in accordance with the Arbitration Act, 1889, and the arbitrator shall have power to disallow as costs in the arbitration the costs of any witness whom he considers to have been called unnecessarily, and any other costs which he considers to have been incurred unnecessarily, and his award may provide for any matter for which an agreement might have provided.

Sect. 1.
52 & 53 Vict.
c. 48.

(4.) Any sum required to be paid by any authority for the purpose of adjustment may be paid as part of the general expenses of exercising their duties under this Act, or out of such special fund as the authority, with the approval of the Local Government Board, direct, and if it is a capital sum the payment thereof shall be a purpose for which the authority may borrow under the Acts relating to such authority, on the security of all or any of the funds, rates, and revenues of the authority, and any such sum may be borrowed without the consent of any authority, so that it be repaid within such period as the Local Government Board may sanction.

(5.) Any capital sum paid to any authority for the purpose of any adjustment under this Act shall be treated as capital, and applied, with the sanction of the Local Government Board, either in the repayment of debt or for any other purpose for which capital money may be applied.

No election of members of a school board is to be held after the passing of the E. Act, 1902 (Dec. 18, 1902).

E. Act, 1902,
Sch. II. (10).

The term of office of members of any school board holding office at the passing of the Act, or appointed to fill casual vacancies after that date, are to continue to the appointed day.

The Board of Education have power to make orders with respect to any matter which it appears to them necessary or expedient to deal with for the purpose of carrying the above provisions into effect, and any such order is to operate as though part of the E. Act, 1902.

“Appointed Day.”—See p. 5.

SECT. II.—THE LOCAL EDUCATION AUTHORITY FOR HIGHER EDUCATION.

The local education authority for the purposes of higher education are:—

E. Act, 1902,
s. 1.

- (a) In the case of a county or county borough, the same as for elementary education, viz., the council of such county or borough (*vide ante*, p. 1).

Part I.

E. Act, 1902,
s. 8.

(b) In the case of a non-county borough or urban district, the county council,—the council of the borough, or urban district having certain concurrent powers (see p. 100).

The councils of non-county boroughs and urban districts which are local education authorities for the purpose of elementary education (*vide* p. 4, *ante*) are not local education authorities for the purpose of higher education, but the council of all non-county boroughs or urban districts have concurrent powers with the county council in such matters (*vide* p. 100). The county council is the authority for higher education throughout the county, its powers of rating being universal over the whole county, including the boroughs and urban districts, which it may rate even against their will. Should, however, the boroughs and urban districts build schools, as it seems they may do without consulting the county council, such schools would, presumably, belong to those bodies, and they would be entitled to any grant in respect of them.

For powers and duties of local education authorities as regards higher education, see p. 99.

For income for higher education purposes, see p. 156—159.

CHAPTER II.

THE EDUCATION COMMITTEE.

SECT. I.—CONSTITUTION OF THE COMMITTEE.

It is the duty of every council having powers under the E. Act, 1902, to establish an education committee or committees, save that where a council having merely concurrent powers with a county council in respect of higher education determines that such a committee is unnecessary in their case, it is not obligatory on them to establish such a committee.

Part I.
E. Act, 1902,
s. 17 (1).

“**Every Council.**”—This includes all local education authorities (see pp. 1—4), as well as those councils who merely have concurrent powers (see p. 10).

With regard, however, to this latter class of councils, there is no duty cast upon them of appointing an education committee, if they deem it unnecessary, whereas in the case of a council which is a local education authority it is obligatory on them to appoint such a committee. Therefore, as regards elementary education, which can only be dealt with by a council having the rank of a local education authority, there must in every case be an education committee.

“**Committee or Committees.**”—As to separate committees in any area within a county (*vide infra*), it would also seem that separate committees may be appointed in reference to subjects of instruction, but before approving any scheme which provides for the appointment of more than one education committee, the board of education are required to satisfy themselves that due regard is paid to the importance of the general co-ordination of all forms of education, *i.e.*, to see that the education committees are not so constituted as to leave one for secondary education and the other wholly for elementary education (*vide infra*). See also *Circular of Board of Education* (470) VI. (3), p. 410.

As to sub-committees see p. 19.

For all or any purposes of the E. Act, 1902, there may be constituted:—

- (i.) A separate education committee for any area within a county: or

Separate or
joint com-
mittees (E.
Act, 1902,
s. 17 (5)).

Part I.

- (ii.) A joint education committee for any area formed by a combination of counties, boroughs, or urban districts, or of parts thereof.

“Separate Education Committee.”—As to the Board of Education’s duty in such cases to see that due regard is paid to general co-ordination of education, *vide infra*.

“Joint Education Committee.”—For composition of such a committee, *vide infra*. The formation of such committees may be convenient in the case of boroughs or urban districts which may not desire to relinquish permanently their powers under the Act (see p. 74), but may yet desire to work in close co-operation with the county in which they are situated. *Circular of Board of Education* (470) iv. (3), (d), p. 409.

Committee to be constituted by schemes (E. Act, 1902, s. 17 (1)).

Approval of scheme by Board of Education (E. Act, 1902, s. 17 (6)).

Power to hold a public inquiry (E. Act, 1902, s. 23 (10)).

The education committee or committees are to be constituted in accordance with a scheme made by the local education authority and approved by the Board of Education.

Before approving a scheme the Board of Education must :—

(a) Take such measures as may appear expedient for the purpose of giving publicity to the provisions of the proposed scheme.

(b) Satisfy themselves, where the scheme provides for the appointment of more than one education committee, that due regard is paid to the importance of the general co-ordination of all forms of education.

They may hold a public inquiry for the purpose under sect. 73 of the E. E. Act, 1870. See the section, p. 211.

The Board of Education have announced that they have no intention of framing a model scheme or schemes, but that they will be ready to enter into communication with local education authorities (and presumably any council) on the subject of schemes, and to assist them, when invited to do so. See also *Circulars of Board of Education*, pp. 407, 411, 416.

“Measures . . . for the Purpose of Giving Publicity to the Scheme.”—The measures will probably be similar to those now taken by the Board of Education in cases under sect. 33 of the Endowed Schools Act, 1869 (32 & 33 Vict. c. 56). See also sect. 20 of E. E. Act, 1873 (36 & 37 Vict. c. 86), as to publication of notice, &c. The publication of the scheme will afford opportunity for making objections and suggestions. It will be noted that no time limit is fixed within which such objections and suggestions may be made, as in the Endowed Schools Act, 1869, s. 34.

“Hold a Public Inquiry.”—Similar provision exists under the Endowed Schools Act, 1869 (32 & 33 Vict. c. 56, s. 35), as affected by the Board of Education Act, 1899 (62 & 63 Vict. c. 33, s. 2), and Board of Education (Powers) Order in Council, 1901.

Chap. II.
Sect. 1.

“Satisfy themselves that due Regard is paid to the General Co-ordination of all Forms of Education.”—It is the duty of the local education authority to see that the education committees are not so constituted as to leave one for secondary education and the other wholly for elementary education. See *Circular of Board of Education* (470) VI. (3), p. 410.

A scheme when approved is to have the same effect as though enacted in the E. Act, 1902.

Should a scheme not have been made and approved within twelve months after the passing of the E. Act, 1902 (*i.e.*, Dec. 18, 1902), the Board of Education have power, subject to the provisions of the Act, to make a provisional order for the purposes for which a scheme might have been made.

Effect of scheme (E. Act, 1902, s. 21 (3))
Failing scheme, a provisional order to be made (E. Act, 1902, s. 17 (7)).

Sections 297 and 298 of the P. H. Act of 1875 (38 & 39 Vict. c. 55), which relate to provisional orders, and which are set out below, are to apply to provisional orders made under the E. Act of 1902, but references therein to a local authority are to be construed as references to the authority to whom the order relates, and references to the Local Government Board are to be construed as references to the Board of Education. *E. Act, 1902, s. 21 (1).*

The sections of the P. H. Act, 1875, provide as follows:—

(1.) The *Local Government Board (a)* shall not make any provisional order under this Act, unless notice of the purport of the proposed order has been previously given by advertisement in two successive weeks in some local newspaper circulating in the district in which such provisional order relates :

P. H. Act,
1875, s. 297.

(2.) Before making any such provisional order the *Local Government Board (a)* shall consider any objections which may be made thereto by any persons affected thereby, and in cases where the subject-matter is one to which a local inquiry is applicable, shall cause to be made a local inquiry, of which public notice shall be given in manner aforesaid, and at which all persons interested shall be permitted to attend and make objections :

(3.) The *Local Government Board (a)* may submit to Parliament for confirmation any provisional order made by it in pursuance of this Act, but any such order shall be of no force whatever unless and until it is confirmed by Parliament :

(4.) If while the Bill confirming any such order is pending in either House of Parliament, a petition is presented against any

Part I.

order comprised therein, the Bill, so far as it relates to such order, may be referred to a select committee, and the petitioner shall be allowed to appear and oppose as in the case of private bills:

(5.) Any Act confirming any provisional order made in pursuance of any of the sanitary Acts, or of this Act, and any order in council made in pursuance of any of the sanitary Acts, may be repealed, altered, or amended, by any provisional order made by the *Local Government Board* (a) and confirmed by Parliament:

(6.) The *Local Government Board* (a) may revoke, either wholly or partially, any provisional order made by them before the same is confirmed by Parliament, but such revocation shall not be made whilst the Bill confirming the order is pending in either House of Parliament:

(7.) The making of a provisional order shall be *prima facie* evidence that all the requirements of this Act in respect of proceedings required to be taken previously to the making of such provisional order have been complied with:

(8.) Every Act confirming any such provisional order shall be deemed to be a public general Act.

Sect. 298.

The reasonable costs of any *local authority* (b) in respect of provisional orders made in pursuance of this Act, and of the inquiry preliminary thereto, as sanctioned by the *Local Government Board* (a), whether in promoting or opposing the same, shall be deemed to be expenses properly incurred for purposes of this Act by the *local authority* (b) interested in or affected by such provisional orders, and such costs shall be paid accordingly; and if thought expedient by the *Local Government Board* (a), the *local authority* (b) may contract a loan for the purpose of defraying such costs.

(a) For "Local Government Board" read "Board of Education."

(b) For "local authority" substitute the authority to whom the order relates, *i.e.*, "county council," "borough council," or "urban district council," as the case may be.

Provisions of
the scheme.
(a) Compulsory
provisions.
Composition of
the committee
(E. Act, 1902,
s. 17 (3) (a)).

Every scheme *must* provide:—

(a) For the appointment by the council of:—

(i.) At least a majority of the committee consisting (unless, in the case of a county, the council otherwise determine) of members of the council. In the case of joint committees (*vide supra*), it is sufficient if a majority of the members are selected and appointed by the councils of any of the counties, boroughs, or districts out of which or parts of which the area is formed:

Apparently members of the council prohibited under the Act

from voting upon questions relating to elementary education at the council (see p. 8), as representing districts exempted from county control under the Act, will also be prohibited from voting upon similar questions when on the committee.

Chap. II.
Sect. 1.

(ii.) Persons of experience in education : and

E. Act, 1902,
s. 17, (3) (b).

(iii.) Persons acquainted with the needs of the various kinds of schools in the area for which the local education authority acts.

As regards persons coming within (ii.) and (iii.), *supra*, the scheme is to provide, where it appears desirable, for their appointment by the local education authority, on the nomination or recommendation of other bodies, including associations of voluntary schools,

For a list of voluntary schools associations see p. 448.

(iv.) If desirable, members of school boards existing at the time of the passing of the Act as members of the first committee.

E. Act, 1902,
s. 17 (3) (d).

“Appointment by the Council.”—(1.) *Period of Appointment.*
—This would seem to be three years as a maximum if the committee is to be regarded as a committee of the county council under the L. G. Act, 1888 (51 & 52 Vict. c. 41). If, however, the committee is not to be regarded as a committee of the county council, the question as to the period of appointment arises with regard to *all* members of the committee, as it must in either case as to “nominated” members and other members who are not at the same time county councillors.

A similar matter, viz., the period for which county governors should hold office was dealt with specifically in the schemes under the Welsh Intermediate Education Act of 1889, and it would seem that the same course may be taken under the Act of 1902, sect. 22 (2) providing that “any scheme or provisional order under the Act may contain such incidental or consequential provisions as may appear necessary or expedient.” A specific provision relating to the matter should accordingly be inserted in the scheme. In the Welsh schemes it will be found that it was very generally provided that governors representing the county council should be appointed either for the residue of the term for which the then existing county councillors were elected, or for three years; other governors either for three or five years. *See Memorandum of Board of Education, p. 422.*

(2.) *Disqualifications for Appointment.*—Any persons who, by reason of holding an office or place of profit, or having a share or interest in a contract or employment, are disqualified from being members of the local education authority appointing the education

Part I.

committee, are also disqualified from being members of the education committee. But no such disqualification applies to a person by reason only of his holding office in a school or college aided, provided, or maintained by the local education authority. E. Act, 1902 (2 Edw. VII. c. 42), s. 17 (4).

For disqualifications for local education authority, vide supra, p. 8.

“Consisting . . . of Members of the Council.”—Although it is possible in the case of a county for a committee to be constituted entirely of non-members of the county council, yet such an event is extremely improbable, and clearly contrary to the intention of the section. In all other cases the majority of the committee must be composed of members of the appointing council.

Where membership of the council is a necessary qualification for membership of the committee, a member who becomes disqualified for the council will, *ipso facto*, cease to be a member of the committee.

“On the Nomination or Recommendation of other Bodies.”—As appointment on such nomination or recommendation is to be provided for in the scheme, it would seem that subject to the powers of revocation and alteration of the scheme (*vide infra*) that this matter will be settled once for all. Accordingly, as revocation or alteration of the scheme would no doubt be a long and expensive process, it will be advisable to exercise great caution before inviting bodies to nominate or recommend. Although the ultimate power of appointment clearly resides in the council, and it may reject the person nominated or recommended, an invitation to nominate, involving as it does considerable difficulty in rejecting the nominee, will probably be given only in the cases of more important bodies; whereas invitation to recommend, involving the council in much lighter responsibility of acceptance or rejection, will be sent to less important bodies.

The ultimate decision as to whether it is desirable that persons coming within (ii.) and (iii.) *supra* should be appointed on the nomination or recommendation of other bodies, practically lies with the Board of Education as approvers of the scheme. It might be a ground for refusing to approve a scheme should an educational body or association not be represented or insufficiently represented.

See generally Memorandum of Board of Education, p. 421.

E. Act, 1902,
s. 17 (3) (c),
s. 23 (6).

(b) The inclusion of women as well as men among the members of the committee. Married women are eligible.

In the opinion of the Board of Education the inclusion of one woman is sufficient to comply with the statute.

(c) In the case of a county or county borough in Wales or Monmouthshire, or the county borough of Newport,

Sect. 1.

(i.) That the county governing body constituted under the Welsh Intermediate Education Act, 1889, for any such county or county borough shall cease to exist.

E. Act, 1902,
17 (8).

(ii.) Such provisions as appear necessary or expedient for :—

(a) The transfer of the powers, duties, property, and liabilities of any such body to the local education authority.

(b) Making the provisions of sect. 17 of the E. Act, 1902, applicable to the exercise by the local education authority of the powers so transferred.

“County Governing Body.”—For this see p. 108.

“Welsh Intermediate Education Act.”—See p. 108.

“The Transfer of the Powers, Duties, &c. . . . to the Local Education Authority.”—It is to be carefully noted that the powers, &c., transferred are not the powers of the joint education committees under the Welsh Act of 1889 (as to which see p. 104), but those of the county governing bodies (see p. 108), and that these are transferred not to the education committees, but to the new local education authorities.

It is also to be noted that sects. 85—88 of the L. G. Act, 1894 (*vide p. 6, supra*), will not apply to such transfers, they not being transfers mentioned in Sch. II. of the E. Act, 1902 (2 Edw. VII. c. 42, Sch. II. (8)).

Every scheme or provisional order *may* provide :—

(a) For the establishment of joint or separate education committees (see p. 12).

(b) For such incidental and consequential matters as may appear necessary or expedient.

provisions

1902, s. 21
(3)).

Part I. made in like manner, and having the same effect as an original scheme.

“**Made in like Manner.**”—For manner of making original scheme, *vide supra*, p. 12.

“**Having the same Effect.**”—For effect of original scheme, *vide supra*, p. 13.

SECT. II.—FUNCTIONS OF THE COMMITTEE.

Consultative
functions (E.
Act, 1902,
s. 17 (2)).

The education committee is primarily and in the main a consultative body. All matters relating to the exercise by the council of their powers, except the power of raising a rate or borrowing money, stand referred to it; and the council before exercising any such powers are bound, unless in their opinion the matter is urgent, to receive and consider the report of the committee with respect to the matter in question.

“**Power of raising a Rate or Borrowing Money.**”—See pp. 147—159.

“**Stand referred.**”—These words do not, it seems, prevent the council from being seized of what is going on and discussing it, although, save where they consider the matter urgent, they must before acting in the matter receive and consider the report of the committee. Where the matter is one which has been delegated to the committee (*vide infra*) the whole matter can be considered by them.

“**Unless in their Opinion the Matter is Urgent.**”—In such cases it would seem that the council may delegate the matter to the committee with instructions to act promptly.

Executive
functions
(*ibid.*).

It is only by way of delegation that the education committee has any executive powers. The council is empowered to delegate to the education committee, with or without any restrictions or conditions, as they think fit, any of their powers under the E. Act, 1902, except the power of raising a rate or borrowing money.

As to the power of the education committee to deal with matters delegated to them, vide note “Stand referred,” supra.

Although the council have full powers of delegation, the ultimate responsibility must rest with them, for whatever powers they may confer on the education committee.

SECT. III.—PROCEDURE OF THE COMMITTEE.

• The regulations as to the quorum, proceedings, and place of meeting are to be such as the committee itself determines, subject to any regulations as to those matters made by the council establishing the committee.

The chairman has in case of an equal division of votes a second or casting vote.

The proceedings are not invalidated by any vacancy among or by any defect in the election, appointment, or qualification of any members of the committee.

Minutes of the proceedings are to be kept in a book provided for that purpose.

A minute signed at the same or next ensuing meeting by a person describing himself as or appearing to be chairman of the meeting at which the minute is signed, is to be received as evidence without further proof.

Until the contrary is proved the committee is to be deemed to have been duly constituted and to have power to deal with any matters referred to in its minutes.

The committee has power, subject to any directions of the council, to appoint such and so many sub-committees, consisting either wholly or partly of members of the committee, as it thinks fit.

It will not be desirable to perpetuate the severance of Elementary from Higher Education by the creation of separate committees for each. But it may often be convenient to establish sub-committees which might, under the supervision of the Education Committee, administer the various forms of education. See *Circular of Board of Education* (470) *par. VI.* (3), p. 410.

Quorum, proceedings, and place of meeting (E. Act, 1902, Sch. I. A. (1)).

Casting vote of chairman (E. Act, 1902, Sch. II. A. (2)).

Proceedings not invalidated by vacancy (*ibid.* (3)).

Minutes to be kept and made evidence (*ibid.* (4)).

Committee to be deemed duly constituted (*ibid.* (5)).

Appointment of sub-committees (*ibid.* (6)).

PART II.

ELEMENTARY EDUCATION.

CHAPTER I.

POWERS AND DUTIES OF THE LOCAL EDUCATION AUTHORITY.

E. Act, 1902,
s. 22 (2).

BEFORE considering the powers and duties of the local education authority in detail, it is to be borne in mind that by the E. Act, 1902, the power to provide instruction under the E. E. Acts, 1870—1900, is, except where those Acts expressly provide to the contrary, limited to the provision of instruction given under the regulations of the Board of Education to scholars who, at the close of the school year, will not be more than sixteen years of age, in a public elementary school, provided, however, that:—

The local education authority may, with the consent of the Board of Education, extend the limits in the case of any such school, if no suitable higher education is available within a reasonable distance of the school.

“**Powers and Duties.**”—These terms, unless the context otherwise requires, have the same meaning as in the L. G. Act, 1888, s. 100. See p. 6. (E. Act, 1902, s. 24 (3).)

“**Where those Acts expressly Provide to the Contrary.**”—*E.g.*, E. E. (Blind and Deaf Children) Act, 1898 (see p. 29); E. E. (Defective and Epileptic Children) Act, 1899 (see p. 31).

“**Regulations of the Board of Education.**”—See Day School Code, 1903, p. 629.

“**Public Elementary School.**”—See p. 21.

“**School Year.**”—That is, the year or other period for which an annual Parliamentary grant is for the time being paid or payable under the D. S. Code (D. S. Code, 1903, Art. 20), p. 638.

“Where no Suitable Higher Education is Available.”—In such cases higher education will be provided out of elementary education funds.

Chap. I.

The powers and duties of the local education authority in respect of elementary education consist partly (i.) of those which they inherit as the direct successors and representatives of the old school boards and school attendance committees, which powers and duties, relating more particularly to schools provided by them, will continue to be exercised under the E. E. Acts, 1870—1900, and any other Acts, including local Acts, subject to any modifications introduced by the Act of 1902 ; and partly (ii.) of those with which the Act of 1902 itself furnishes them as being responsible for and having the control of secular instruction in schools not provided by them. These various powers and duties are set out in the following sections.

Control of secular education in non-provided schools by local education authority (E. Act. 1902, s. 5).

SECT. I.—POWERS AND DUTIES AS TO THE MAINTENANCE AND EFFICIENCY OF SCHOOLS.

It is the duty of the local education authority to maintain and keep efficient *all* public elementary schools, whether provided by them or not, within their area which are necessary.

Cross References.—Combination of local education authorities for maintaining and keeping schools efficient, p. 4.

“To keep Efficient.”—Efficiency is thus defined by the D. S. Code, 1903, Art. 86 (see p. 651) : “A school or class is regarded as being efficient if the inspector does not in his annual report recommend the withholding of the grant under Art. 98 or Art. 101 (a) of the D. S. Code.”

“Public Elementary School.”—A public elementary school is an elementary school conducted in accordance with the regulations of sect. 7 of the E. E. Act, 1870 (*The Conscience Clause*).

(1.) It shall not be required, as a condition of any child being admitted into or continuing in the school, that he shall attend or abstain from attending any Sunday school, or any place of religious worship, or that he shall attend any religious observance or any instruction in religious subjects in the school or elsewhere, from which observance or instruction he may be withdrawn by his parent, or that he shall, if withdrawn by his parent, attend the school on any day exclusively set apart for religious observance by the religious body to which his parent belongs :

Part II.

- (2.) The time or times during which any religious observance is practised or instruction in religious subjects is given at any meeting of the school shall be either at the beginning or at the end or at the beginning and the end of such meeting, and shall be inserted in a time table to be approved by the Board of Education, and to be kept permanently and conspicuously affixed in every schoolroom; and any scholar may be withdrawn by his parent from such observance or instruction without forfeiting any of the other benefits of the school:
- (3.) The school shall be open at all times to the inspection of any of Her Majesty's inspectors, so, however, that it shall be no part of the duties of such inspector to inquire into any instruction in religious subjects given at such school, or to examine any scholar therein in religious knowledge or in any religious subject or book:
- (4.) The school shall be conducted in accordance with the conditions required to be fulfilled by an elementary school in order to obtain an annual parliamentary grant (a).

(a) For these conditions see D. S. Code, 1903, p. 648. It must also be remembered that a school must be maintained under and comply with the provisions of sect. 7 of the E. Act, 1902 (2 Edw. VII. c. 42), s. 7 (4). For provisions of sect. 7, see pp. 88—92. See also p. 86 for the Cowper-Temple Clause.

“Elementary School.”—This is defined as being a school or department of a school at which elementary education is the principal part of the education there given, and does not include:—

Any school or department of a school at which the ordinary payments in respect of the instruction, from each scholar, exceed ninepence a week (E. E. Act, 1870 (33 & 34 Vict. c. 75, s. 3)).

As to *“ordinary payments”* see D. S. Code, 1903, Art. 3, p. 683.

Any school carried on as an evening school under the regulations of the Board of Education is not to be included in the term (E. Act, 1902, s. 22 (1)).

“Provided by them.”—Schools provided by the local education authority (a) include:—

(a) Schools which have been actually provided by a school board in the past, or which may be so provided by a local education authority in the future (E. Act. 1902 (2 Edw. VII. c. 42), Sch. II. (18)).

(b) Schools deemed to have been provided by a school board or local education authority, including—

(i.) Any school which has been transferred to a school board, or which may be transferred to a local education

(a) Such schools will be known as *“Council Schools”* (*Local Government Chronicle*).

- authority by managers (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 28; E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (13)).
- (ii.) Any school connected with any educational endowment, charity, or trust of which a school board have been, or a local education authority may be constituted trustees. (E. E. Act, 1873 (36 & 37 Vict. c. 75), s. 13; E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (13)).

“**Necessary.**”—In order to earn the Parliamentary grant a school must not be unnecessary (D. S. Code, 1903, Art. 80). The Board of Education is, without unnecessary delay, to determine in case of dispute whether a school is necessary or not, and in so determining is to have regard to:—

- (a) The interest of secular instruction.
- (b) The wishes of the parents as to the education of their children.
- (c) The economy of the rates.

But a school for the time being recognised as a public elementary school is not to be considered as unnecessary in which the number of scholars in average attendance as computed by the Board of Education is not less than thirty (E. Act, 1902 (2 Edw. VII. c. 42), s. 9).

“*Board of Education.*”—See Board of Education Act, 1899, p. 333.

“*Economy of the Rates.*”—The rate here referred to is not necessarily one which will fall on the whole area of the local education authority, but probably only on a small part of it, *i.e.*, the area from which the pupils of the proposed school will come.

“*Average Attendance as Computed by the Board of Education.*”—The average attendance for any period is found by dividing the total number of “attendances” made during that period by the number of times for which the school has met during such period (D. S. Code 1903, Art. 14, p. 636). For meaning of “an attendance” see Art. 12 of D. S. Code, p. 635.

“*Expenditure for which Provision is to be made by the Managers.*”—As to this see *infra*, pp. 90, 92, 121.

As regards public elementary schools not provided by them (a), the local education authority are only bound to maintain and keep such schools efficient so long as certain conditions and provisions are complied with by the managers of such schools. E. Act, 1902,
s. 7 (1).

See the various conditions and provisions, pp. 88—92.

The local education authority *may*, but is not required to, maintain as a public elementary school:— Maintenance by

Institutions
(E. Act, 1902,
s. 15).

(b) Any school which is part of, or is held in the premises of any institution in which children are boarded.

The refusal, however, of the local education authority to maintain such a school is not to render it incapable of receiving a Parliamentary grant.

The school if not maintained by the local education authority is not to be subject to the provisions of the E. Act, 1902, as to:—

- (a) The appointment of managers (see p. 78) ; or
- (b) The control by the local education authority. (See p. 21.)

SECT. II.—POWERS AND DUTIES AS TO THE PROVISION OF EDUCATION AND SCHOOL ACCOMMODATION.

§ 1.—*The Provision of Public School Accommodation.*

E. E. Act,
1870, s. 18 ;
E. Act, 1902,
s. 16,
Sch. III. (5).

The local education authority are bound from time to time to provide such additional school accommodation as is, in the opinion of the Board of Education necessary in order to supply a sufficient amount of public school accommodation for their area, including a sufficient amount of public school accommodation without payment of fees in any part of their area. Formerly the school board had absolute discretion as to whether additional school accommodation was necessary or not. The present Act, however, makes the Board of Education the arbiter, and should the local education authority fail to provide such additional public school accommodation as is in the opinion of the Board of Education necessary in any part of their area, the Board of Education may, after holding a public inquiry, make such order as they think necessary or proper for the purpose of compelling the authority to fulfil their duty, and such order may be enforced by mandamus.

E. Act, 1902,
s. 16.

“**Mandamus.**”—For proceedings on mandamus, see p. 76.

“**Public School Accommodation.**”—That is, accommodation in public elementary schools available for all the children resident in the area of a local education authority, for whose elementary education efficient and suitable provision is not otherwise made (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 5).

“**Public School Accommodation without Payment of Fees.**”—See p. 181.

“Public Inquiry.”—The inquiry will be held under the provisions of the E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 78. See E. Act, 1902 (2 Edw. VII. c. 42), s. 23 (10).

Chap. I.
Sect. 2

Where such additional accommodation takes the form either of :—

- (a) The provision of a new public elementary school ; or
- (b) Such enlargement of a public elementary school as amounts, in the opinion of the Board of Education, to the provision of a new school.

Notice to be given where new school to be provided (E. Act, 1902, s. 8 (1) (2)).

The local education authority or any other person proposing to provide the new school or enlargement must give public notice of their intention to do so.

As to charging a portion of the capital expenditure incurred on the parish or parishes served, see p. 148.

“They shall give Public Notice.”—No method of publication is specified, but presumably such publication as is required by the E. E. Act, 1873, s. 20, would be sufficient. See p. 221.

- (a) The managers of any existing school ; or
- (b) The local education authority (where they are not themselves the persons proposing to provide the school) ; or
- (c) Any ten ratepayers in the area for which it is proposed to provide the school,

Appeal to Board of Education (E. Act, 1902, s. 8 (1)).

may, within three months after the notice is given, appeal to the Board of Education on the ground :—

- (i.) That the proposed school is not required ; or
- (ii.) That a school provided by the local education authority, or not so provided, as the case may be, is better suited to meet the wants of the district than the school proposed to be provided.

“The Managers of any existing School.”—As to managers see p. 78.

“Any ten Ratepayers in the Area.”—This apparently means the area from which the pupils of the proposed school will be drawn.

The Board of Education in deciding on such an appeal are to have regard to the same facts as where in cases of dispute

E. Act, 1902, s. 9.

Part II. they determine whether a school is necessary or not (see p. 23). And any school built in contravention of the decision of the Board of Education is to be treated as unnecessary.

As a result of the above, all public elementary schools established after the passing of the Act will have to run the gantlet of clause 9.

“ To be Treated as Unnecessary.”—And therefore ineligible for annual Parliamentary grant (D. S. Code, 1903, Art. 80), p. 649.

Powers of local education authority with regard to provision of school accommodation (E. E. Act, 1870, s. 19).

Every local education authority for the purpose of providing sufficient public school accommodation for the area for which they act may exercise all or any of the following powers :—

- (a) Provide, by building or otherwise, school houses properly fitted up.
- (b) Improve, enlarge, and fit up, any school houses provided by them.
- (c) Supply school apparatus and everything necessary for the efficiency of the schools provided by them.
- (d) Purchase and take on lease any land or any right over land.

“ Public School Accommodation.”—See p. 24.

“ School House.”—As to what this includes see p. 91.

“ Everything Necessary for the Efficiency of the Schools.”—Including prizes (i.) for proficiency, (ii.) for best attendance.

Purchase of Land.—With respect to the purchase of land by local education authority under the provisions of the Lands Clauses Consolidation Act, 1845, and the Acts amending the same, see sect. 20, E. E. Act, 1870, p. 198. E. E. Act, 1873, s. 15, p. 220. “ Land ” includes houses and buildings (Interpretation Act, 1889).

Sale, &c., of surplus lands (E. E. Act, 1870, s. 22).

The local education authority, with respect to the whole or any part of any land or school house belonging to them which they do not require, may act under the provisions of the Charitable Trusts Acts, 1853—1869, relating to the sale, leasing, and exchange of lands belonging to any charity, with

the modification that the Board of Education are to be deemed to be substituted in those Acts for the Charity Commissioners.

A local education authority are able, and are to be deemed always to have been able, to be constituted trustees for any educational endowment or charity for purposes connected with education, whether such endowment or charity was established before or after 9th August, 1870 (*the date of the passing of the E. E. Act, 1870*). They also have, and are to be deemed always to have had, power to accept any real or personal gift given to them as an educational endowment, or upon trust for any purposes connected with education. Provided, however, that :—

Power of local education authority to become trustees and to accept gifts for educational purposes (E. E. Act, 1873, s. 13).

- (1.) The purposes of such endowment, charity, or trust must not be inconsistent with the principles on which the local education authority are required by sect. 14 of the E. E. Act, 1870, to conduct schools provided by them.
- (2.) Every school connected with such endowment, charity, or trust is to be deemed a school provided by the local education authority, except that the local education authority may not expend any money out of the local rate for any purpose other than elementary education.
- (3.) The law of Mortmain and the Act Geo. IV. c. 36, are to remain unaffected.

For the principles on which the local education authority are required to conduct schools, see sects. 7 and 14, E. E. Act, 1870. known as the "Conscience" and "Cowper-Temple" clauses respectively, see pp. 21, 85.

For power of local education authority to accept transfer of schools from managers of elementary schools, see p. 98.

"To be deemed a School provided by the Local Education Authority."—See p. 22.

"The Law of Mortmain."—The Mortmain and Charitable Uses Act, 1888 (51 & 52 Vict. c 42), and so much of the Mortmain and

Part II. Charitable Uses Act, 1891 (54 & 55 Vict. c. 73), as requires that land assured by will shall be sold within one year from the death of the testator, is not to apply to any assurances, within the meaning of the said Act of 1888, of land for the purposes of a school house for an elementary school (E. Act, 1902 (2 Edw. VII. c. 42), s. 28 (5)).

Power to provide vehicles and pay travelling expenses (E. Act, 1902, s. 23 (1)).

The local education authority have power to provide vehicles, or the payment of reasonable travelling expenses, for teachers or children attending school or college whenever they consider such provision or payment required by the circumstances of their area or of any part thereof.

Previous to the Act of 1902, the power of providing conveyances only existed in the case of defective and epileptic children. See p. 82.

§ 2. *The Provision of Elementary Education for Blind and Deaf Children.*

E. E. (B. & D. C.) Act, 1893, s. 2 (1).

It is the duty of every local education authority to enable blind and deaf children resident in their area, for whose elementary education efficient and suitable provision is not otherwise made, to obtain such education in some school (a) for the time being certified by the Board of Education as suitable for providing such education, and for that purpose either :—

- (a) To establish or acquire and to maintain a school so certified ; or
- (b) To contribute, on such terms and to such extent as may be approved by the Board of Education, towards the establishment or enlargement, alteration and maintenance of a school so certified, or towards any of these purposes ; and
- (c) When necessary or expedient to make arrangement, subject to regulations of the Board of Education, for boarding-out any blind or deaf child in a house conveniently near to the certified school where the child is receiving elementary education.

E. E. (B. & D. C.) Act, 1893, s. 2 (2).

The duty of a local education authority under this section does not extend to children who are :—

- (i.) Idiots or imbeciles ; or

(a) *As to what "school" includes, see p. 258.*

- (ii.) Residents in a workhouse, or in any institution to which they have been sent by a board of guardians from a workhouse ; or
- (iii.) Boarded out by guardians.

Chap. 1.
Sect. 2.

Transfer of Duties under the Act of 1893 to County Council.—The duty of providing elementary education for blind and deaf children was, by the E. E. (Blind and Deaf Children) Act 1893, cast upon the "school authority" under that Act. Such school authority was for an area under a school board, the school board ; for an area not under a school board, the district councils of urban and rural districts acting through a committee of such council appointed for educational purposes.

The E. Act, 1902, repeals that part (b) of sect. 4 of the Act of 1893 which constituted a district council "a school authority" for the purposes of that Act, but leaves untouched that part of the section (a) which constituted a school board such authority. The result of this is that a district council *qui* district council will no longer be a "school authority" under the Act of 1893, but only in so far as it happens to be a local education authority, and as such a successor to the duties of a school board under the Act. That can only happen in the case of the larger urban districts with a population over 20,000 (*vide supra*). Accordingly the E. Act, 1902, Sch. II. (7), provides that where a district council by reason of that Act ceases to be a "school authority" within the meaning of the Act of 1893, any property or rights acquired and any liabilities incurred under that Act is to be transferred to the county council. The county council are also given power to raise any expenses incurred by them to meet any liability of a school authority under that Act, whether a district council or school board, transferred to the county council, off the whole of their area, or off any parish or parishes which in the opinion of the council are served by the school in respect of which the liability has been incurred.

Where such a transfer takes place sects. 85—88 of the L. G. Act, 1894, as modified by Sch. II. (8) of the E. Act, 1902, will apply (see p. 6), and should any adjustment be necessary sect. 68 of the L. G. Act, 1894, p. 8.

"It is the duty of every local Education Authority."—And so apparently enforceable by mandamus, see p. 75.

"Blind and Deaf Children."—This means children between five and sixteen years of age too blind to be able to read the ordinary school books used by children, and children between seven and sixteen years of age too deaf to be taught in a class of hearing children in an elementary school (E. E. (Blind and Deaf Children) Act, 1893 (56 & 57 Vict. c. 42), ss. 1, 11, 15).

“School Certified by the Board of Education.”—For necessary qualifications for certificate see E. E. (B. & D. Code) Act, 1898 (56 & 57 Vict. c. 42), s. 7, p. 255.

Contribution by Local Education Authority.—Where a local education authority contribute under (b), *supra*, towards the establishment, &c., of a certified school maintained by another authority, the terms approved by the Board of Education :—

(i.) Must include security for repayment of the value of the contribution in the event of the school ceasing to be certified (56 & 57 Vict. c. 42, s. 2 (3)) ; and

(ii.) May include provision for representation of the contributing local education authority on the governing body of the school to which it contributes, in cases where such representation appears to the Board of Education to be practicable and expedient (56 & 57 Vict. c. 42, s. 3).

“School Certified by Board of Education.”—For conditions and effect of grant of certificate for school for blind or deaf children, and for provisions as to religious instruction in such schools, see ss. 7 and 8 of 56 & 57 Vict. c. 42, pp. 255, 256.

For the performance of their duties under this Act a local education authority may, without prejudice to any other powers, exercise the like powers as may be exercised by a local education authority for the provision of school accommodation for the area for which they act.

For these powers see p. 26. For power to borrow see p. 169.

§ 3.—*The Provision of Elementary Education for Defective and Epileptic Children.*

Where a local education authority have ascertained that there are within the area for which they act defective or epileptic children, they may, but are under no obligation to, make provision for the elementary education of such children.

I. In the case of defective children either by :—

- (a) Classes in public elementary schools certified by the Board of Education as special classes ; or
- (b) Boarding out, subject to the regulations of the Board of

Education, any such child in a house conveniently near
 to a certified special class or school ; or

(c) By establishing schools (a) certified by the Board of
 Education for defective children.

II. In the case of epileptic children :—

 tained.”**—As to making arrangements for ascertaining the
 existence of such children, see sect. 1 of the Act, p. 262.

“Defective or Epileptic Children.”—Defective children are
 such children between the ages of seven and sixteen years as by
 reason of mental or physical defect are incapable of receiving proper
 benefit from the instruction in the ordinary public elementary
 schools, but are not incapable of receiving benefit from instruction
 in such special classes or schools as are mentioned in the Act (E. E.
 (Defective and Epileptic Children) Act, 1899 (62 & 63 Vict. c. 32),
 ss. 4 and 11).

“Schools Certified by the Board of Education.”—The
 E. E. (Blind and Deaf Children) Act, 1893 (see p. 255), respecting
 the conditions and effect of the grant of certificates, applies
 in the case of these schools with necessary modifications,
 except that no requirement need be made as to the proportion of
 the expenses to be defrayed out of private sources (E. E. (Defective
 and Epileptic Children) Act, 1899, s. 5), p. 264.

*For regulations of Board of Education as to such schools see
 p. 492.*

*The regulations as to religious instruction in these schools are the
 same as those in the case of schools for blind and deaf children (62 &
 63 Vict. c. 32, s. 12 ; 56 & 57 Vict. c. 42, s. 8), pp. 255, 256.*

The provisions of Sch. II., E. Act, 1902, as to the transfer of the
 property, rights, and liabilities of an urban district council which
 ceases to be “a school authority” within the meaning of the
 E. E. (Defective and Epileptic Children) Act, 1899, are the same as
 those which apply under similar circumstances in the case of a
 district council ceasing to be a “school authority” within the
 meaning of the E. E. (Blind and Deaf Children) Act, 1893, as to
 which *vide supra*, p. 29 (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (7)).

The local education authority may also :—

(I.) Establish or acquire and maintain certified schools ; and

(a) As to what “school” includes, see pp. 258, 266.

Power of the
 local education
 authority to

establish, &c. certified schools (E. E. (D. & E. C.) Act, 1899, s. 2 (3)).

(II.) Contribute on such terms and to such extent as may be approved by the Board of Education towards the establishment, enlargement, or alteration, and towards the maintenance of certified schools.

Further, as sect. 5 of the Elementary Education (Blind and Deaf Children) Act, 1893 (*vide supra*, p. 30), is with necessary modifications to apply to the local education authority when acting under this Act, the local education authority may when so acting exercise the like powers as may be exercised by them for the provision of school accommodation for the area for which they act.

As to these powers see pp. 26. 169.

As to power of local education authority to contribute in respect of their children attending classes in the areas of any other local education authority in accordance with 62 & 63 Vict. c. 32, s. 2 (4), see p. 165.

Duty to provide for examination of children (E. E. (D. & E. C.) Act, 1899, s. 2 (5)).

The local education authority are bound to make provision for the examination from time to time of any child dealt with under the above provisions, in order to ascertain whether it is fit to attend the ordinary classes of public elementary schools; they must also make provision for such examination when demanded by the parent of any child, provided that the claim is not made within less than six months after the child has been examined.

As to duty of local education authority to make returns see p. 64.

Power to supply guides and conveyances (E. E. (D. & E. C.) Act, 1899, s. 3).

The local education authority may provide guides or conveyances for children who, in the opinion of the local education authority, are by reason of any physical or mental defect unable to attend school without guides or conveyances.

For similar power now generally possessed by the local education authority, see p. 28.

Local education authority not bound to receive certain children (E. E. (D. & E. C.) Act, 1899, s. 10).

The local education authority are not bound to receive into a special class or school established by them any defective or epileptic child:—

(a) Who is resident in, or whose permanent home in their

opinion is in, the area for which another local education authority act ; or

Chap. I.
Sect. 2.

- (b) Who is resident in a workhouse, or in any institution to which he has been sent by the guardians from a workhouse, or boarded out by the guardians,

Unless that other local education authority or, as the case may be, the guardians are willing to contribute towards the expenses of the education and maintenance of the child such sum as may be agreed on between the authorities concerned.

§ 4.—*The Provision of Certified Industrial Schools and Day Industrial Schools.*

The local education authority have power as regards certified industrial schools and certified day industrial schools either to :—

E. E. Act,
1870, s. 27 ;
E. E. Act,
1876, s. 16 (1).

- (I.) From time to time *contribute* such sums of money and on such conditions as they think fit towards :—

- (a) The alteration, enlargement, or rebuilding of such a school ; or

I. S. Act, 1866,
s. 12.

- (b) The support of the inmates of such a school ; or

- (c) The management thereof ; or

- (d) The establishment or building of a school intended to be such a school.

- (e) The purchase of land required either for the use of such existing school, or for the site of a school intended to be such a school.

The local education authority must, however, give not less than fourteen days' notice of their intention to take into consideration the making of such contribution at a time and place to be mentioned in such notice, by advertisement in some one or more public newspaper or newspapers circulating within the district of the county or borough, and also in the manner in which notices relating to business to be transacted by the local education authority are usually given.

Notice to be given by the local education authority (I. S. Act, 1866, s. 12 ; E. E. Act, 1873, s. 14).

Where the contribution is in respect of any of the purposes (a) (d) (e) (*supra*), the approval of the Home Secretary must be previously given. To obtain which the managers of the

“**Fourteen Days’ Notice.**”—Such notice is not required where a local authority agree to contribute a weekly payment to the maintenance of a child in an industrial school : *Youthful Offenders Act*, 1901, *sect.* 9.

“**Certified Industrial School.**”—A certified industrial school is a school in which industrial training is provided, and children are lodged, clothed and fed, as well as taught. Certified by the Home Secretary under the Industrial Schools Act, 1866 (29 & 30 Vict. c. 118, ss. 5, 7).

“**Certified Day Industrial School.**”—A certified day industrial school is a school certified by the Home Secretary in like manner as under the Industrial Schools Act, 1866 (*vide supra*), in which industrial training, elementary education, and one or more meals a day, *but not lodging*, are provided for the children (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 16).

The local education authority may, with the consent of the Home Secretary, establish, build, and maintain a certified industrial school or a certified day industrial school, and for those purposes have the same powers as they have for the purpose of providing sufficient school accommodation for the area for which they act (see p. 26). They must obtain the same consent where they desire to spread the payment of the expense of such establishment and building over a number of years, or to borrow money for the purpose (see p. 68).

The local education authority are, however, so far as regards any such industrial school, subject to the jurisdiction of the Home Secretary, in the same manner as the managers of any other industrial school are subject ; and the school is subject to the provisions of the Industrial Schools Act, 1866, and not of the E. E. Act, 1870.

SECT. III.—DUTIES AND POWERS OF LOCAL EDUCATION AUTHORITY AS REGARDS BYE-LAWS.

§ 1.—*The Making of Bye-laws.*

Every local education authority has power from time to time, with the approval of the Board of Education, to make bye-laws for all or any of the purposes (A)—(E), *infra*. Should it at any time appear to the Board of Education that in the area for which any local education authority acts there are no bye-laws in force under sect. 74 of the E. E. Act, 1870, the Board of Education may either proceed by way of mandamus under sect. 16 of the E. Act, 1902, or may make bye-laws respecting the attendance of children at school in

E. E. Act, 1870, s. 74;
E. E. Act, 1900, s. 6 (3);
E. E. Act, 1880, s. 2;
E. Act, 1902, Sch. III. (9).
Making of bye-laws enforceable by mandamus (E. Act, 1902 Sch. III. (9)).

Part II.

Duties and Powers as regards Bye-laws.

that area, and the bye-laws so made have the same effect and may be enforced as though they had been made by the local education authority for that area and sanctioned by the Board of Education.

It is to be noted that the local education authority have the powers of the old school boards and school attendance committees conferred upon them in respect of their whole area, *i.e.*, the whole area of the local education authority. The power, therefore, of making bye-laws will now include the making of bye-laws for non-provided or voluntary schools.

Existing bye-laws preserved (E. Act, 1902, Sch. II. (1), (8); L. G. Act, 1894, s. 87).

All bye-laws of any school board or school attendance committee whose powers and duties are transferred to any council as are in force at the time of the transfer are, so far as they relate to or are in pursuance of the powers and duties transferred, to continue in force as though made by that council, and to be revoked or altered accordingly.

E. Act, 1902, Sch. III. (4).

Where the local education authority is a county council they may make different bye-laws for different parts of the area for which they act.

33 & 34 Vict. c. 75, s. 74 ;
63 & 64 Vict. c. 53, s. 6 (3).

“Approval of Board of Education.”—The local education authority, not less than one month before submitting any bye-law for the approval of the Board of Education, must—

- (a) Deposit a printed copy of the proposed bye-laws at their office for inspection by any ratepayer.
- (b) Publish a notice of such deposit by advertisement in some one or more of the newspapers circulating in the area for which the local education authority, whose bye-laws are so deposited, acts (Order of Education Department, 15th October, 1875).
- (c) Supply a printed copy of the proposed bye-laws gratis to any ratepayer.

For form of deposit notice see p. 577.

The Board of Education before approving of any bye-laws must—

- (a) Be satisfied that the deposit above referred to has been made and the notice thereof published.
- (b) Cause such inquiry to be made in the area for which the local education authority act as they think requisite.

Validity of bye-laws (E. E. Act, 1870, s. 74 ; E. E. Act, 1900, s. 6 (3)).

When sanctioned by the Board of Education, bye-laws have effect as though they were part of the E. E. Act, 1870.

No bye-law made under sect. 74 of the E. E. Act, 1870, if otherwise valid, is to be rendered invalid by reason of its being more stringent than the provisions of the E. E. Act, 1876.

Chap. I.
Sect. 3.
E. E. Act,
1876, s. 50.

As to the provisions of E. E. Act, 1876, see pp. 49, 64.

(A) Requiring the parents of children of such age (not less than five years nor more than fourteen years) as may be fixed by the bye-laws, to cause such children (unless there is some reasonable excuse) to attend school. Provided that any bye-law requiring a child between twelve and fourteen years of age to attend school must provide for the total or partial exemption of such child from the obligation to attend school if an inspector certifies that such child has reached a standard of education specified in such bye-laws.

Bye-laws re-
quiring school
attendance
(E. E. Act,
1870, s. 74
(1)).

“Parents.”—Parent includes guardian and every person who is liable to maintain or has the actual custody of any child (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. (3)).

“Children.”—In the case of canal-boat children, they are to be subject to the bye-laws in force either in the place of registration of the boat, or within the area of the local education authority where they actually attend school or receive efficient instruction (Canal Boats Act, 1877 (40 & 41 Vict. c. 60), s. 6), p. 375.

“Not less than Five.”—In the case of a deaf child the minimum is seven years (E. E. (Blind and Deaf Children) Act, 1893 (56 & 57 Vict. c. 42), s. (1) (1)). See p. 29.

In the case of defective and epileptic children within 62 & 63 Vict. c. 82, the minimum age is seven years. See p. 31.

“More than Fourteen Years.”—The age originally fixed by the E. E. Act, 1870, s. 74 (1), was thirteen. This was altered to fourteen by the E. E. Act, 1900 (63 & 64 Vict. c. 53, s. 6 (1)), and this age will be the maximum limit in the case of bye-laws made since that date (August 8th, 1900). The section, however, does not affect bye-laws already in existence before that date, in which cases thirteen will continue to be the maximum limit until altered. The attendance of children between the ages of thirteen and fourteen in such cases being dealt with by sect. 5 of the E. E. Act, 1876 (see p. 49).

63 & 64 Vict.
c. 53, s. 6 (1).

Blind and Deaf Children.—In the case of blind and deaf children within the E. E. (B. & D. Children) Act, 1893 (56 & 57 Vict. c. 42, s. 11), the maximum age is sixteen, and the

Part II.

attendance of such children may be enforced as though required by bye-laws.

Defective and Epileptic Children.—The same remarks as to maximum age limit and attendance apply in the case of defective and epileptic children within the E. E. (Defective and Epileptic Children) Act, 1899, as in the case of blind and deaf children (E. E. (D. & E. Children) Act, 1899 (62 & 63 Vict. c. 32), s. 11).

“Reasonable Excuse.”—Any of the following are reasonable excuses:—

- (a) That the child is under efficient instruction in some other manner.
- (b) That the child has been prevented from attending school by sickness or any other unavoidable cause.
- (c) That there is no public elementary school open which the child can attend within such distance, not exceeding three miles, measured according to the nearest road from the residence of such child, as the bye-laws may prescribe (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 74 (5)).

The reasonable excuses above given are not exhaustive, but are given partly as illustrations and as the reasons which are most likely to occur (*Belper School Attendance Committee v. Bayley*, 9 Q. B. D. 259; 51 L. J. M. C. 91).

Blind and Deaf Children.—As regards children within the E. E. (B. & D. Children) Act, 1893, the fact of a child being blind or deaf is not of itself, except in the case of a *deaf* child under seven years of age, a reasonable excuse for not causing the child to attend school, or for neglecting to provide efficient elementary instruction for the child; nor of itself is the fact that there is not within any particular distance from the residence of the child any public elementary school which the child can attend (E. E. (B. & D. Children) Act, 1893 (56 & 57 Vict. c. 42), s. 1 (1), (2)).

Defective and Epileptic Children.—As regards children within the E. E. (D. & E. Children) Act, 1899, the fact that there is no certified special class or school within reach of the child's residence constitutes a reasonable excuse, but the fact that a guide or conveyance for the child is necessary does not (E. E. (D. & E. Children) Act, 1899 (62 & 63 Vict. c. 32), s. 4 (1)).

“Certified Special Class or School.”—See pp. 30, 31.

“To attend School.”—For enforcement of attendance at school, see “Enforcement of Bye-laws,” p. 44.

The local education authority of any area in which a bye-law is in force have power from time to time to supply forms to any public elementary school for the purpose of obtaining reasonable information with respect to the attendance of children residing in their area who attend such school, and should the managers of such school fail either :—

Chap. I.
Sect. 3.

36 & 37 Vict.
c. 86, s. 22.

(a) To cause these forms to be truly filled up and returned in manner required by the local education authority; or

(b) To cause such information to be given as will enable the local education authority to ascertain whether a child resident within their area, and attending that school, attends the same as required by the bye-law;

they must cause to be produced to such member or officer of the local education authority, or other person as may be duly authorised in that behalf by the local education authority, at any reasonable time when required by him, the registers and other books and documents containing information with respect to the attendance of children at such school, and must permit him to inspect and take copies of and extracts from the same.

Should any difference arise between a local education authority and the managers of a public elementary school as to whether the information required is or is not reasonable, the matter is to be referred to the Board of Education, whose decision is to be final (E. E. Act, 1873 (36 & 37 Vict. c. 86), s. 22).

“*Public Elementary School.*”—For definition see p. 21.

“*Managers.*”—See p. 78.

“*Registers.*”—The admission and daily attendance of scholars are required to be carefully registered by or under the supervision of the principal teacher, and periodically duly verified, as one of the conditions of earning the annual grant (Day School Code, 1903, Art. 85 (d); p. 651. *For duty of managers to verify registers, see pp. 86, 87, 685.*

Exemption from school attendance may be either total or partial :

Exemptions
from school
attendance.

I. *Total Exemption.*—To be entitled to obtain this the child must :—

(a) Have attained the age of twelve years ; and

(b) Have received a certificate from an inspector that it has reached the standard fixed by the bye-laws of the local education authority in question (which should not be lower than the fifth : see *Model Bye-laws*, p. 574) as that which must be attained before total exemption can be granted (E. E. Act, 1870 (33 & 34 Vict. c. 75),

Part II.

s. 74 ; E. E. (School Attendance) Act, 1893 (56 & 57 Vict. c. 51), s. 1 ; E. E. (School Attendance Amendment) Act, 1899 (62 & 63 Vict. c. 13), s. 1).

“Reached the Standard.”—To reach a standard a child must be individually examined in reading, writing, and arithmetic in that or a higher standard, and must pass in each of those subjects (D. S. Code, 1903, Art. 30).

“Inspector.”—That is, an inspector of schools appointed by His Majesty on the recommendation of the Board of Education (33 & 34 Vict. c. 75, s. 3). *For certificates see p. 591.*

Children to be Employed in Agriculture.—In the case of children to be employed in agriculture within the meaning of the E. E. (School Attendance) Act (1893) Amendment Act, 1899, the local education authority may pass for any parish within the area for which they act a bye-law to the effect that the minimum limit within which that exemption may be obtained shall be fixed at thirteen years instead of twelve (62 & 63 Vict. c. 13, s. 1).

As to partial exemption of such children see p. 42. For certificates see p. 592.

When Bye-laws only Extend to Children of Thirteen.—Where the bye-laws of the local education authority only require school attendance up to thirteen years, then children between that age and fourteen years can only obtain exemption if they have obtained either :—

- (a) A certificate of having passed the fourth standard of the Day School Code in reading, writing, and elementary arithmetic (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 5, Sch. I. (1) (a)) ; or
- (b) A certificate of 350 previous attendances at a certified efficient school after five years of age in not more than two schools during each year for five years, whether consecutive or not (E. E. Act, 1900 (63 & 64 Vict. c. 53), s. 7) ; or

For regulations as to these certificates, see Regulations of Board of Education, p. 598.

- (c) Are employed and attending school in accordance with the provisions of the Factory Acts (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 5).

“Certified Efficient School.”—This includes :—

- (1.) A public elementary school.
- (2.) Any workhouse school certified by the Local Government Board.
- (3.) Any public or State-aided elementary school in Scotland.
- (4.) Any national school in Ireland.

- (5.) Any elementary school:—
- (a) Not conducted for private profit.
 - (b) Open at all times to the inspection of His Majesty's inspectors.
 - (c) Requiring the like attendance from its scholars as is required by a public elementary school.
 - (d) Keeping such register of attendance as may be for the time being required by the Board of Education.
 - (e) Certified by the Board of Education as being an efficient school (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 48).
- (6.) A certified day industrial school (*ibid.*, sect. 16).
- (7.) A school certified by the Board of Education as suitable for providing elementary education for blind and deaf children (E. E. (B. & D. Children) Act, 1893 (56 & 57 Vict. c. 42), s. 7 (2)).
- (8.) A school certified by the Board of Education as suitable for providing elementary education for defective and epileptic children (E. E. (D. & E. Children) Act (62 & 63 Vict. c. 32), s. 5).

“*Public Elementary School.*”—For definition see p. 21.

“*Workhouse School.*”—For regulations of Board of Education as to granting of certificates in such schools see p. 590.

For a similar definition of “*Certified Efficient School*” in the *Factory and Workshop Act, 1900*, see sect. 72 (1) of that Act, p. 346.

For standards of *Day School Code, 1903*, see p. 668.

“*Provisions of the Factory Acts.*”—See *Factory and Workshop Act, 1901* (1 *Edw. VII. c. 22, Part II.*), p. 343.

Total Exemption for the Purpose of Ingathering of Crops.
—Total exemption may be obtained under the E. E. Act, 1876 (39 & 40 Vict. c. 79, s. 9), where the local education authority think fit to issue a notice exempting the employment of children above the age of eight years from the prohibitions and restrictions of the E. E. Act, 1876, for the necessary operations of husbandry and the ingathering of crops. Exemption can, however, be but seldom claimed under such a notice, since the E. E. Act, 1880 (43 & 44 Vict. c. 23, s. 4), as amended by the E. E. Act, 1900 (63 & 64 Vict. c. 53, s. 61 (1)), provides that any person who takes into his employment a child under the age of fourteen years, before it has obtained a certificate of having reached the standard of education fixed by a bye-law for the total or partial exemption of children of the like age from the obligation to attend school, is to be deemed to take such child into his employment in contravention of the E. E. Act, 1876, and is to be liable to a penalty accordingly. That section

Part II.

makes no provision for an exemption in the issuing of such a notice as is referred to above, and accordingly where bye-laws are in force, and that is everywhere, no child can obtain exemption under such a notice, save in the case of a child between thirteen and fourteen years of age, where the bye-laws fix the maximum age for school attendance at thirteen.

II. *Partial Exemption.*—To be entitled to obtain this the child must—

E. E. (S. A.)
Act, 1893,
Amendment
Act, 1899,
s. 1.

- (a) Have attained the age of twelve years ; and
(b) Have received a certificate from an inspector that it has reached the standard fixed by the bye-laws of the local education authority in question, which should not be lower than the fourth (see Model Bye-Laws, p. 574), as that which must be attained before partial exemption can be granted ; or

E. E. (S. A.)
Act, 1893,
Amendment
Act, 1899,
s. 1.

- (c) Have made 300 attendances in not more than two schools during each year for five preceding years, whether consecutive or not.

“Inspector.”—See p. 40.

“Reached the Standard.”—See p. 40.

“Have made 300 attendances.”—With respect to partial exemption under (c), *supra*, in the view of the Board of Education, such partial exemption can only be claimed where the bye-laws in question make provision for partial exemption, which they do not always do. *For certificates see p. 592.*

62 & 63 Vict.
c. 13, s. 1.

Children employed in Agriculture.—In the case of “children to be employed in agriculture” within the meaning of 62 & 63 Vict. c. 13, s. 1. where the local education authority have by bye-law fixed thirteen years as the minimum for total exemption (*vide supra*, p. 40), then such bye-law is also to provide that such children of over eleven years and under thirteen years of age who have passed the standard fixed by the bye-laws in question for partial exemption are not to be required to attend school more than 250 times in any year.

Bye-laws as to
period of
school atten-
dance (E. E.
Act, 1870,
s. 74 (2)).

(B) Determining the time during which children are to attend school, provided that no bye-laws are :—

- (a) To prevent the withdrawal of any child from any

religious observance or instruction in religious subjects ;

• or

- (b) To require any child to attend school on any day exclusively set apart for religious observances by the religious body to which his parent belongs ; or
- (c) To be contrary to anything contained in any Act for regulating the education of children employed in labour.

Chap. I.
Sect. 3.

“Time during which Children are to attend School.”—The Model Bye-Laws (see p. 574) provide that the time shall be the whole time for which the school selected is open for the instruction of children of similar age, including the day fixed by the inspector for his annual visit.

“Parent.”—For definition see p. 37.

“Acts Regulating the Education of Children Employed in Labour.”—See Factories Act, 1901 (1 Edw. VII. c. 22), p. 343; the Canal Boats Acts, 1877 (40 & 41 Vict. c. 60) and 1884 (47 & 48 Vict. c. 75), pp. 375–6; Metalliferous Mines Regulation Act, 1872 (85 & 86 Vict. c. 39), p. 65; Coal Mines Regulation Act, 1887 (50 & 51 Vict. c. 58), p. 68; the Mines (Prohibition of Child Labour Underground) Act, 1900 (63 & 64 Vict. c. 21), p. 65.

(C) Providing for the remission of the whole, or any part of the fees of any child where the parent satisfies the local education authority that he is unable from poverty to pay the same.

As to remission of fees see p. 138.

(D) Imposing penalties for the breach of any bye-laws.

E. E. Act,
1870, s. 74.

“Penalties.”—The amount of such penalty under the E. E. Act, 1870, was with costs not to exceed 5s.; but 20s. was substituted for 5s. by the E. E. Act, 1900 (63 & 64 Vict. c. 53), s. 6 (2). Consequently, as regards bye-laws made since the date of the later Act (August 8th, 1900), 20s. will be the limit, whereas it will continue to be 5s. in the case of bye-laws made previously until altered.

Where the fine adjudged to be paid does not exceed 5s., then, except so far as the Court may think fit to expressly order otherwise, an order is not to be made for payment by the defendant to the informant of any costs; and the Court are, except so far as they think fit to expressly order otherwise, to direct all fees payable

Part II.

or paid by the informant to be remitted or repaid to him; the Court may also order the fine, or any part thereof, to be paid to the informant in or towards the payment of his costs (Summary Jurisdiction Act, 1879, s. 8.)

For enforcement of penalties, vide infra.

Where, however, a person takes into his employment a child between twelve and fourteen years of age, resident within the area for which a local education authority acts, before such child has obtained a certificate of having reached the standard of education fixed by a bye-law in force in such area for the total or partial exemption of children of the like age from the obligation to attend school, he is liable to a penalty not exceeding 40s. (E. F. Act, 1876 (39 & 40 Vict. c. 79), s. 6; E. F. Act, 1880 (43 & 44 Vict. c. 23), s. 4).

Partial or Total Exemption.—See pp. 39, 42.

(e) Revoking or altering any bye-laws previously made.

E. E. Act,
1880, s. 2.

The power of the local education authority to make and alter any bye-laws extends not only to bye-laws made by them, but also to those which may be made by the Board of Education where there are no bye-laws in force.

As to power of Board of Education to make bye-laws see p. 35.

§ 2.—*The Enforcement of Bye-laws.*

E. E. Act,
1876, s. 23.

It is the duty of any local education authority to enforce the bye-laws made by them.

Appointment of Officers to enforce Bye-laws.—See p. 54.

E. E. Act,
1870, s. 74.

Offences and penalties under bye-laws may be prosecuted or recovered under the Summary Jurisdiction Acts.

“**Summary Jurisdiction Acts.**”—By the Interpretation Act, 1889 (52 & 53 Vict. c. 69, s. (12), (7), (10)), this means the Summary Jurisdiction Act of 1848 (11 & 12 Vict. c. 43), and the Summary Jurisdiction Act, 1879 (42 & 43 Vict. c. 49), and any Act past or future amending those Acts or either of them.

Constitution
of court
(E. E. Act,
1870, s. 92).

A Court of Summary Jurisdiction when hearing and determining any information or complaint as to breach of bye-laws is to be constituted either of:—

E. E. Act,
1873, s. 23.

- (a) Two or more justices of the peace in petty sessions sitting at a place appointed for holding petty sessions; or
- (b) Some magistrate or officer sitting alone or with others

- at some court or other place appointed for the administration of justice, and for the time being empowered by law, to do alone any act authorised to be done by more than one justice of the peace.

Chap. I.
Sect. 3.

“Court of Summary Jurisdiction.”—This means any justice or justices of the peace, or other magistrate by whatever name called to whom jurisdiction is given by, or who is authorised to act under the Summary Jurisdiction Acts, or any of them, or under any other Act, or by virtue of his commission, or under the common law (Interpretation Act, 1889 (52 & 53 Vict. c. 63), s. 12 (11)).

“Information or Complaint.”—An information is laid against a person charged with the commission of, or who is suspected to have committed, an offence for which he is liable by law upon a summary conviction to be imprisoned or fined, or otherwise punished (S. J. Act, 1848 (11 & 12 Vict. c. 43), s. 1).

An information is not required to be in writing, but writing seems contemplated.

A complaint against a person is made when that person is liable by law to have an order made upon him by justices for the payment of money, or to do some act which he has refused or neglected to do contrary to law.

A complaint need not be in writing.

The information must be laid within six months from the day on which the matter of complaint arose or the offence was committed (S. J. Act, 1848 (11 & 12 Vict. c. 43), s. 11).

Under the Factory and Workshop Act, 1901 (1 Edw. VII. c. 22, s. 146), the information must be laid within three months after the date at which the offence comes to the knowledge of the inspector for the district within which the offence is charged to have been committed.

“Some Magistrate or Officer sitting alone.”—By the Stipendiary Magistrates Act, 1858 (21 & 22 Vict. c. 73, s. 1), every stipendiary magistrate appointed for any city, town, liberty, borough, place or district sitting at a police court or other place appointed in that behalf, has power to do alone any act and to exercise alone any jurisdiction which under any law then in force, or under any law not containing an express enactment to the contrary thereafter to be made, may be done or exercised by the justices of the peace, and all the provisions of any Act of Parliament auxiliary to the jurisdiction of such justices are to be applicable also to the jurisdiction of such stipendiary magistrate.

The description of any offence in the words of the bye-law or in similar words is sufficient. Any exception, exemption,

Act, 1879,

Part II.

proviso, excuse, or qualification, whether it does or does not accompany in the same section the description of the offence in the bye-law creating the offence, may be proved by the defendant, but need not be specified or negatived in the information or complaint, and, if so specified or negatived, no proof in relation to the matter so specified or negatived is to be required on the part of the informant or complainant.

E. E. Act,
1873, s. 24 (3).

In any proceeding for an offence under a bye-law the court may, instead of inflicting a penalty, make an order directing that the child shall attend school, and that, if he fail to do so, the person on whom such order is made shall pay a penalty not exceeding the penalty to which he is liable for failing to comply with the bye-law.

For penalty for non-compliance with a bye-law, see ante, p. 43.

Order for production of child before Court (E. E. Act, 1873, s. 24 (4)).

Any justice may require by summons any parent or employer of a child, required by a bye-law to attend school, to produce the child before a court of summary jurisdiction, and any person failing to comply with such summons without reasonable excuse to the satisfaction of the Court, is liable to a penalty not exceeding 20s.

“**Parent.**”—For definition see p. 37.

“**Required by a bye-law to attend school.**”—See p. 37.

“**Court of Summary Jurisdiction.**”—See above, p. 45.

Certificate made evidence (E. E. Act, 1873, s. 24 (5)).

A certificate purporting to be under the hand of the principal teacher of a public elementary school stating :—

(a) That a child is or is not attending such school ; or

(b) The particulars of the attendance of a child at such school ; or

(c) That a child has been certified by one of His Majesty's inspectors to have reached a particular standard, is evidence of the facts stated therein.

Cross References.—Public elementary school, and reaching a standard, p. 40 ; principal teacher, pp. 649, 658.

Forging certificates (E. E. Act, 1873, s. 25).

The forging or counterfeiting of such a certificate or the giving or signing of such a certificate which is false in any

material particular to the knowledge of the person so giving or signing it; or the using of any such certificate when known to be forged, counterfeit, or false by the person so using it, renders such person liable on summary conviction to imprisonment for a period not exceeding three months, with or without hard labour.

Chap. I.
Sect. 3.

“**Summary Conviction.**”—The proceedings will be taken under the Summary Jurisdiction Acts, as to which *vide supra*, p. 44.

When a child is apparently of the age alleged for the purposes of the proceeding, it lies on the defendant to prove that the child is not of such age. (*See a similar provision in Factory and Workshop Act, 1901 (1 Edw. VII. c. 22.), p. 343.*)

Onus of proof
cast on defen-
dant (E. E.
Act, 1873
s. 24 (6)).

Certified copies of the entry of a child's birth in the register may be obtained on presenting a written requisition and payment of 6d. from a registrar or superintendent registrar (*Factory and Workshop Act, 1901, s. 134, p. 348; and order of Local Government Board made thereunder, p. 594.*) Such certificates may also be obtained under the E. E. Act, 1876, s. 25, but the fee under that section is 1s. (see p. 237).

Where a child is attending an elementary school which is not a public elementary school, it lies on the defendant to show that the school is efficient, and the Court in considering whether an elementary school is efficient, is to have regard to—

- (a) The age of the child;
- (b) The standard of education corresponding to such age prescribed by the minutes of the Board of Education for the time being in force with respect to the Parliamentary grant.

to ascertain whether a child who is resident within the area for which such local education authority act and who attends such school, attends school in conformity with a bye-law made by such local education authority, it lies on the defendant to show that the child has attended school in conformity with the bye-law.

Appearance by defendant (E. E. Act, 1873, s. 24 (9)).

Appearance by local education authority (E. E. Act, 1870, s. 85).

Any person may appear by any member of his family or any other person authorised by him in that behalf.

The local education authority may appear by their clerk, or by some member of the authority authorised by a resolution of the authority.

“**Appear by their Clerk.**”—In the case of *R. v. Justices of London* [1896], 1 Q. B. 659, 65 L. J. M. C. 120, similar words in the Valuation (Metropolis) Act, 1869 (32 & 33 Vict. c. 67, s. 62), were held not to give the local authority a right to be heard by their clerk where there was a rule of the Court that parties were only to be heard by counsel; that the object of the words was to enable the clerk to appear for all the members of the local authority instead of its being necessary for them to appear individually.

“**Resolution.**”—The resolution must appear on the minutes of the local education authority, but until the contrary is proved, is to be deemed in any legal proceedings to appear on such minutes.

Discretion of local education authority as to mode of procedure (E. E. Act, 1876, s. 50).

Where any act, neglect, or default is punishable under the E. E. Act of 1876, and also under any other enactment or under any bye-law, then proceedings may, in the discretion of the local education authority, or person instituting the proceedings, be instituted in respect of such act, neglect, or default, either under the E. E. Act of 1876, or such other enactment or the bye-law.

E. E. Act, 1880, s. 4.

And such proceedings may be instituted under the bye-laws even should the act, neglect, or default in question amount to “habitual neglect to provide efficient elementary education for a child” within the E. E. Act, 1876, s. 11.

39 & 40 Vict. c. 79, s. 50.

But proceedings cannot be taken in respect of the same act, neglect, or default in more than one manner.

No legal proceedings for non-attendance, or irregular attendance at school are to be commenced in a Court of Summary Jurisdiction by any person appointed to carry out the compulsory bye-laws of a local education authority, except by direction of not less than two members of the education committee, or of any sub-committee appointed by that committee for school attendance purposes.

As to the duty of the local education authority to direct officers to act in execution of bye-laws, see p. 56.

Attendance at school may also be enforced under the E. E. Act, 1876, though owing to the universality of bye-laws it will presumably not be much resorted to, save and except when either it is desired on non-compliance with an "attendance order" to proceed under sect. 12 of the Act of 1876 (*vile infra*), or where the bye-laws do not happen to extend to children over thirteen. It is the duty of the local education authority where either:—

- (1.) The parent of any child above the age of five years who is prohibited under the Act from being taken into full time employment, habitually and without reasonable excuse neglects to provide efficient elementary education for his child ; or
- (2.) Any child is found habitually wandering or not under proper control, or in the company of rogues, vagabonds, disorderly persons, or reputed criminals,

to complain, after due warning given to the parent of such child, to a Court of Summary Jurisdiction.

"Parent."—See definition, p. 37.

"Child."—In the E. E. Act, 1876, "child" means a child between 5 and 14 years of age (s. 48), p. 242.

"Prohibited under the Act from being taken into Full Time Employment."—See p. 64.

"Without Reasonable Excuse."—Reasonable excuse under this section exists if:—

- (a) There is no public elementary school open which the child can attend within two miles, measured according to the nearest road, from the residence of the child.
- (b) The absence of the child has been caused by sickness or any unavoidable cause.

Legal proceedings not to be commenced by officers of local education authority unless authorised (E. E. Act, 1876, s. 38 ; E. Act, 1902, Sch. III. (3)).

Complaint by local education authority when child does not attend school (E. E. Act, 1876, s. 11 (1)).

“Rogues, Vagabonds, Disorderly Persons.”—For persons coming within these terms, see Vagrancy Acts, 1824 (5 Geo. IV. c. 88), 1888 (1 & 2 Vict. c. 38), 1878 (36 & 37 Vict. c. 38).

Attendance order (E. E. Act, 1876, s. 11).

The Court of Summary Jurisdiction may, if satisfied of the truth of such complaint, make an “attendance order.” Such order directs :—

- (a) That the child shall attend some certified efficient school willing to receive him and named in the order, such school being either such as the parent may select, or if he do not select any, then such public elementary school as the Court think expedient.
- (b) That the child attend that school every time it is open, or in such other regular manner as is specified in the order.

“ Court of Summary Jurisdiction.”—See p. 45.

“ Certified Efficient School.”—This includes a certified *day* industrial school (see p. 40), and where an attendance order is made requiring attendance at such a school, the provisions of Arts. 18 and 19 of the Order in Council of 20th March, 1877, must be strictly adhered to. Such an order cannot therefore, be made for more than one year, or to extend beyond the time when the child will attain the age of fourteen years (Art. 9). For Order see p. 510.
As to contribution of parents in such cases, see p. 141.

“ Public Elementary School.”—For definition see p. 21.

“Non-compliance with attendance order” (E. E. Act, 1876, s. 12).

Should an “attendance order” not be complied with without any reasonable excuse, the Court of Summary Jurisdiction, on the complaint of the local education authority :—

- (1.) In the first case of non-compliance, if the parent of the child—
 - (a) Does not appear ; or
 - (b) Appears, and fails to satisfy the Court that he has used all reasonable efforts to enforce compliance with the order ; or
 - (c) Satisfies the Court that he has used all reasonable efforts to enforce compliance.

may, if it thinks fit, in cases (a) and (b) impose a penalty not exceeding with costs 20s. ; and in case (c) without inflicting

a penalty order the child to be sent to a certified day industrial school, or if it appears to the Court that there is no such school suitable for the child, then to a certified industrial school.

“**Attendance Order.**”—*Vide supra.*

“**Reasonable Excuse.**”—That is, reasonable excuse as defined by the E. E. Act, 1876, as to which *vide supra.*

“**Order the Child to be sent to a Certified Day Industrial School, or . . . Certified Industrial School**”—Such an order sending a child to a certified day industrial school is an “order of detention” within the Order in Council, 20th March, 1877, and must be made in the manner provided in the Order. It cannot, therefore, be made for more than a period of three years, nor to extend beyond the time when the child attains fourteen years of age (Art. 18 of the Order). See p. 520.

For definition of “Certified day industrial school” and “Certified industrial school,” see p. 34. For list of such schools, see p. 553.

(2.) In the case of a second or any subsequent case of non-compliance with an attendance order, the Court may order the child to be sent either :—

Continuing non-compliance with attendance order.

(a) To a certified day industrial school ; or

(b) If it appears to the Court that there is no such school suitable for the child, order it to be sent to a certified industrial school ;

imposing in its discretion in each of the above cases a further fine not exceeding with costs 20s. ; or

(c) Inflict a penalty not exceeding with costs 20s. for each non-compliance, without ordering the child to be sent to an industrial school.

A complaint with respect to a continuing non-compliance with an “attendance order” is not to be repeated by the local education authority at any less interval than two months.

“**Certified Industrial School,**” and “**Certified Industrial Day School.**”—*Vide supra, p. 34.*

When a child is sent to a certified industrial school, he is to be sent in like manner as though sent in pursuance of the Industrial Schools Act, 1866 (29 & 30 Vict. c. 118), ss. 18—20

Part II. (see p. 353), and when so sent he is to be deemed to have been sent in pursuance of that Act and the Acts amending the same.

See *The Reformatory and Industrial Schools Acts Amendment Act, 1872, p. 371; Statute Law Revision Act, 1875; Industrial Schools Acts Amendment Act, 1880, 1894. See pp. 372, 373.*

See also *Reformatory and Industrial Schools Act, 1891.*

As to the liability of parents to contribute to the maintenance and training of children sent to certified industrial and certified day industrial schools, see pp. 140, 141.

Where any person states to the local education authority that any child within their jurisdiction is liable :—

(a) To be ordered to attend school under the E. E. Act, 1876 ; or

(b) To be sent to an industrial school under that Act or the Industrial Schools Act, 1866,

the local education authority must proceed under one of those Acts unless it deems it inexpedient.

Licence to child to live out of industrial school (E. E. Act, 1876, s. 14).

When a child is sent to a certified industrial school under the E. E. Act, 1876, or the Industrial Schools Act, 1866, upon the complaint or representation of the local education authority, the managers of such school may, if they think fit, at any time after the expiration of *one month* after the child is so sent, give him a licence under sect. 27 of the Industrial Schools Act, 1866, to live out of the school, but the licence is to be conditional upon the child attending as a day scholar, in such regular manner as is specified in the licence, some school willing to receive him and named in the licence, and being a certified efficient school.

“**After the Expiration of One Month.**”—In ordinary certified industrial schools a licence can only be obtained after the child has been there eighteen months (see Industrial Schools Act, 1866, s. 27), but in certified truant industrial schools such a licence can be obtained after one month. *For Model Rules for such schools, see p. 535.*

“**Certified Efficient School.**”—A certified *day* industrial school comes within this (see p. 40). Accordingly where a child is licensed to attend such a school, the provisions of the Order in Council, 20th March, 1877, relating to a child attending a certified day industrial school *without an order* of a Court apply (See Arts. 17, 20 of Order, pp. 520, 523).

"*Without an Order of a Court.*"—A child may be sent to a certified day industrial school *without* any order of a Court under the following conditions:—

- (a) If the managers of such school are willing to receive the child; and
- (b) The local education authority and the parent of the child request the managers to receive him; and
- (c) The parent undertakes to pay towards the industrial training, elementary education, and meals of the child, such sum, not less than 1s. a week, as the Home Secretary from time to time may fix (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 16 (4)).

In such a case the provisions of the Order in Council, 20th March, 1877, Art. 20, apply. See p. 52B.

For similar proceedings where a parent fails to comply with an order of a Court of summary jurisdiction to send an epileptic child of over seven years to school, see E. E. (Defective and Epileptic Children) Act, 1899, s. 4, p. 264.

SECT. IV.—DUTIES AND POWERS AS TO APPOINTMENT OF OFFICERS AND TEACHERS.

The local education authority have power to:—

E. E. Act,
1870, s. 35.

- (1.) Appoint necessary officers, including the teachers, required for any school provided by them. Such officers to hold office during the pleasure of the local education authority.
- (2.) Assign such officers such salaries or remuneration (if any) as they think fit.
- (3.) From time to time remove such officers.

"**School Provided by Local Education Authority.**"—As to what are such schools see p. 22.

"**The Local Education Authority has Power to Appoint.**"—Two or more local education authorities may arrange for the appointment of the same person to be an officer to both, or all such local education authorities.

"**Teachers.**"—The term "teacher" includes assistant teacher, pupil teacher, sewing mistress, and any person who forms part of the educational staff of a school (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 3).

"*Staff of a School.*"—The recognised teachers form this staff (D. S. Code, 1903, Art. 71), p. 647.

Part II. Lay persons alone are recognised as teachers (D. S. Code, 1903, Art. 82), p. 639.

The teachers recognised by the Board of Education are:—(a) Probationers; (b) pupil teachers; (c) provisional assistant teachers; (d) assistant teachers; (e) provisionally certificated teachers; (f) certificated teachers; (g) women approved by the inspector as additional teachers (D. S. Code, 1903, Art. 81), p. 639.

No paid teachers who are members of school boards or school attendance committees can be recognised as part of the school staff (D. S. Code, 1903, Art. 71; E. Act, 1902, Sch. III. (1), (10)).

For regulations of Board of Education as to teachers see D. S. Code, 1903, Chap. III., p. 639.

For pensions see *Elementary School Teachers (Superannuation) Act, 1898*, p. 326; and *Rules*, p. 694; and *D. S. Code, 1903, Part III.*, p. 686.

“**Salaries or Remuneration.**”—See p. 165.

“**Remove such Officers.**”—The possession of any premises held over by a master or mistress who has been dismissed, or has ceased to hold office, may be recovered under the provisions of the School Sites Act, 1841, s. 18. See p. 385 (E. E. Act, 1870, s. 86).

“**Teachers in Schools not Provided by Local Education Authority.**”—In the case of a school not provided by them, the local education authority do not appoint the teachers save where there are more candidates for the post of pupil teacher than there are places to be filled, in which case the local education authority is to appoint and determine the respective qualifications of the candidates by examination or otherwise (E. Act, 1902 (2 Edw. VII. c. 42, s. 7 (5))). In all other cases the appointment and dismissal of teachers in such schools is in the managers, subject only to the consent of the local education authority (see pp. 89, 90).

“*Pupil Teachers.*”—See pp. 640—642 and 684—685.

(II.) To bring children who are liable under the Industrial Schools Act, 1866, to be sent to a certified industrial school, before the justices in order to their being so sent.

- (a) That is found :—

 - (ii.) In any place or street for either of the above purposes.
 - (iii.) Wandering and not having any home or settled place of abode, or proper guardianship, or visible means of subsistence.
 - (iv.) Destitute, either being an orphan or having a surviving parent who is undergoing penal servitude or imprisonment (Industrial Schools Act, 1866 (29 & 30 Vict. c. 118), s. 14).
- (b) That frequents the company of reputed thieves or prostitutes (Industrial Schools Act, 1866 (*supra*), and Amendment Act, 1880 (43 & 44 Vict. c. 15), s. 1).
- (c) That is lodging, living, or residing with common or reputed prostitutes, or in a house resided in or frequented by prostitutes for the purpose of prostitution (Industrial Schools Amendment Act, 1880, *supra*).
- (d) Apparently under the age of twelve years who is charged before two justices or a magistrate with an offence punishable by imprisonment or a less punishment, but who has not been in England convicted of felony, or in Scotland of theft, and who ought, in the opinion of the justices or magistrate (regard being had to his age and to the circumstances of the case) to be dealt with under the Industrial Schools Act, 1866 (*Industrial Schools Act*, 1866, s. 15).
- (e) Apparently under the age of fourteen years whose parent, step-parent, or guardian represents to two justices or a magistrate that he is unable to control the child, and that he desires that the child be sent to an industrial school under the Industrial Schools Act, 1866, if the justices or magistrate are satisfied on inquiry that it is expedient so to deal with the child (*ibid.* s. 16).
- (f) Apparently under the age of fourteen years and who is :—
- (1.) Maintained in a workhouse or a pauper school of a union or parish, or in a district pauper school, or in the poor-house of a parish or combination ; and
 - (2.) Represented by the guardians of the poor of a union or of a parish wherein relief is administered by a board of guardians, or the board of management of a district pauper school, or the parochial board of a parish or combination as being :—
 - (a) Refractory ; or
 - (b) The child of parents either of whom has been

convicted of a crime or offence punishable with penal servitude or imprisonment; and

(7) In either case a child whom it is desirable should be sent to an industrial school.

(8.) A child the justices or magistrates are satisfied it is expedient to deal with under the Industrial Schools Act, 1866 (*ibid.* s. 17).

(g) Under the age of fourteen of any woman convicted of crime after a previous conviction against her, who may be under her care and control at the time of her conviction for the last of such crimes, and who has no visible means of subsistence, or is without proper guardianship (Prevention of Crimes Act, 1871 (84 & 85 Vict. c. 112), s. 14).

“*Industrial School.*”—It is to be borne in mind that under the E. E. Act, 1876, s. 16, a child may, in any case where it may be sent to an industrial school, be sent to a certified day industrial school if the Court before whom it is brought think it expedient. A child under the age of sixteen years brought before a petty sessional Court under the circumstances authorising the Court to deal with the child under the Industrial Schools Acts may, if the Court thinks fit, be committed to the custody of a relation or person named by the Court, instead of being sent to an industrial school.

Where a Court orders a child to be sent to an industrial school, the order may, at the discretion of the Court, be made to take effect either immediately or at any later time specified therein, regard being had to the age or health of the child; and if the order is not made to take effect immediately, or if at the time specified for the order to take effect the child is deemed unfit to be sent to an industrial school, the Court may commit the child to the custody of a relation or person named by the Court until the time so specified or the time when the order actually takes effect (Prevention of Cruelty to Children Act, 1894 (57 & 58 Vict. c. 41), s. 9).

“*But who has not been in England convicted of Felony.*”—Where a child having been convicted of felony is discharged in accordance with sect. 16 of the Summary Jurisdiction Act, 1879, or the Protection of First Offenders Act, 1887—*i.e.*, shortly, on his giving security with or without sureties to appear for sentence when called upon, or to be of behaviour or otherwise, or is punished with whipping only—the conviction is not to be regarded as a conviction of felony within sect. 15 of the Industrial Schools Act, 1866 (Youthful Offenders Act, 1901 (1 Edw. VII. c. 20), s. 1.)

Duty of local
education
authority to

It is further the duty of the local education authority to direct one or more of their officers to act in the execution of

the E. E. Act, 1876, and of any bye-laws in force within the jurisdiction of such authority, and they have power if they think fit to pay him or them for so doing, and also if there is need to appoint and pay officers for the purpose.

direct officers
to enforce bye-
laws (E. E. Act
1876, s. 28).

As to legal proceedings for non-attendance at school see pp. 44, 49.

The officers of any authority, the property, rights and liabilities of which are transferred to any council, are to be transferred to and become the officers of such council, but the council may abolish the office of any such officer whose office they deem unnecessary.

Transfer of
officers under
E. Act, 1902
(Sch. II. (16)).

For similar provisions in the L. G. Acts, 1888 and 1894, see sects. 119 and 81 of those Acts respectively.

“Any Authority whose Property, Rights and Liabilities are Transferred.”—These authorities seem to fall into two classes:—

- (a) School boards, and school attendance committees, existing at the appointed day (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (1)).
- (b) Any council which relinquishes its duties in favour of a county council (E. Act, 1902 (2 Edw. VII. c. 42), s. 21 (b), Sch. II. (2)).

“May abolish.”—As to compensation in the case of abolished offices (*vide infra*), p. 58.

Every officer so transferred is:—

- (a) To hold his office by the same tenure, and on the same terms and conditions as before the transfer.
- (b) To receive not less salary or remuneration than theretofore while performing the same duties, but if required to perform duties which are not analogous to, or which are an unreasonable addition to those which he is required to perform at the date of the transfer, he may relinquish his office.

Position of
transferred
officers
(E. Act, 1902,
Sch. II. (17)).

“The same Tenure.”—That is apparently, in the case of officers of School Boards, during the pleasure of the council (*vide supra*, p. 58).

In the case of “School attendance officers” appointed by guardians under the E. E. Act, 1876, ss. 28, 31, and orders of the

Part II. Local Government Board (14th April, 1877), the office was to be held until death, resignation, dismissal by the Local Government Board, or school attendance committee with assent of the guardians, or on proof of insanity by evidence deemed sufficient by the Local Government Board.

“Date of the Transfer.”—The date in the case of the transfer of the property, rights and liabilities of a school board or school attendance committee will be “the appointed day” (E. Act, 1902, Sch. II. (1)). For “Appointed day” see p. 5. In the case of a relinquishment of powers and duties to a council (see p. 74), the date on which the relinquishment takes place (E. Act, 1902, Sch. II. (2) (8) (a)).

Compensation
to officers
(E. Act, 1902,
Sch. II. (16),
(21)).

- (i.) Officers transferred under the Act ; and
- (ii.) Any other officers, including officers who relinquish their offices, and officers whose offices are abolished (*vide supra*),

who by virtue of the Act, or anything done in pursuance of or in consequence of the Act, suffer any direct pecuniary loss by abolition of office or by diminution or loss of fees or salary, are entitled to compensation under the Act and sect. 120 of the L. G. Act, 1888, dealing with compensation to “existing officers” is to apply, with, in the case of officers within (ii.), *supra*, necessary modifications.

“Entitled to Compensation.”—This does not apply in the case of voluntary school teachers. They are not “officers.” Nor does it entitle board school teachers who may be dismissed to compensation so long as the terms of their contracts as to notice of dismissal are observed, but to such cases as where a school board is abolished and the school board clerks lose their office.

“Sect. 120 of the L. G. Act, 1888.”—This section provides :—

Compensation
to existing
officers (L. G.
Act, 1888,
s. 120).

120.—(1.) Every existing officer declared by this Act to be entitled to compensation, and every other existing officer, whether before mentioned in this Act or not, who by virtue of this Act, or anything done in pursuance of or in consequence of this Act, suffers any direct pecuniary loss by abolition of office or by diminution or loss of fees or salary, shall be entitled to have compensation paid to him for such pecuniary loss by the county council (a), to whom the powers (b) of the authority, whose officer he was, are transferred under this Act, regard being had to the conditions on which his appointment was made, to the nature of his office or employment, to the duration of his service (c), to any additional

emoluments which he acquires by virtue of this Act or of anything done in pursuance of or in consequence of this Act, and to the emoluments which he might have acquired if he had not refused to accept any office offered by any council (*a*) or other body acting under this Act, and to all the other circumstances of the case, and the compensation shall not exceed the amount which, under the Acts and rules relating to Her Majesty's Civil Service (*d*), is paid to a person on abolition of office.

(2.) Every person who is entitled to compensation, as above mentioned, shall deliver to the county council (*a*) a claim under his hand setting forth the whole amount received and expended by him or his predecessors in office, in every year during the period of five years next before the passing of this Act, on account of the emoluments for which he claims compensation, distinguishing the offices in respect of which the same have been received, and accompanied by a statutory declaration under the Statutory Declaration Act, 1835, that the same is a true statement according to the best of his knowledge, information, and belief (*e*).

5 & 6 Will. IV.
c. 62.

(3.) Such statement shall be submitted to the county council (*a*), who shall forthwith take the same into consideration, and assess the just amount of compensation (if any), and shall forthwith inform the claimant of their decision.

(4.) If a claimant is aggrieved by the refusal of the county council (*a*) to grant any compensation, or by the amount of compensation assessed, or if not less than one third of the members of such council (*a*) subscribe a protest against the amount of the compensation as being excessive, the claimant or any subscriber to such protest (as the case may be) may, within three months after the decision of the council (*a*), appeal to the Treasury (*f*), who shall consider the case and determine whether any compensation, and if so, what amount ought to be granted to the claimant, and such determination shall be final.

(5.) Any claimant under this section, if so required by any member of the county council (*a*), shall attend at a meeting of the council (*a*) and answer upon oath, which any justice (*g*) present may administer, all questions asked by any member of the council (*a*) touching the matters set forth in his claim, and shall further produce all books, papers, and documents in his possession or under his control relating to such claim.

(6.) The sum payable as compensation to any person in pursuance of this section shall commence to be payable at the date fixed by the council (*a*) on granting the compensation, or, in case of appeal, by the Treasury (*f*), and shall be a specialty debt (*h*) due to him from the county council (*a*), and may be enforced accordingly in like manner as if the council (*a*) had entered into a bond to pay the same.

(7.) If a person receiving compensation in pursuance of this

Part II.

section is appointed to any office under the same or any other county council (a) or by virtue of this Act, or anything done in pursuance of or in consequence of this Act, receives any increase of emoluments of the office held by him, he shall not, while receiving the emoluments of that office, receive any greater amount of his compensation, if any, than, with the emoluments of the said office, is equal to the emoluments for which compensation was granted to him, and if the emoluments of the office he holds are equal to or greater than the emoluments for which compensation was granted, his compensation shall be suspended while he holds such office.

(8.) All expenses (i) incurred by a county council (a) in pursuance of this section shall be paid out of the county fund, as a payment for general county purposes.

(a) References to the county council are to include references to a borough or urban district council (E. Act, 1902, Sch. II. (21), (a)).

(b) A reference to powers transferred is to be construed as a reference to property transferred (*ibid.* (c)).

(c) A council may, if they think fit, take into account continuous service under any school boards or school attendance committees in order to calculate the total period of service of any officer entitled to compensation under the E. Act, 1902 (E. Act, 1902, Sch. II. (18)).

tion allowance.

II. Subject to the exceptions and provisions hereinafter contained, the superannuation allowance to be granted after the commencement of this Act to persons who shall have served in an established capacity in the permanent Civil Service of the State, whether their remuneration be computed by day pay, weekly wages, or annual salary, and for whom provision shall not otherwise have been made by Act of Parliament, or who may not be specially excepted by the authority of Parliament, shall be as follows; (that is to say,)

To any person who shall have served ten years and upwards, and under eleven years, an annual allowance of ten sixtieths of the annual salary and emoluments of his office:

For eleven years, and under twelve years, an annual allowance of eleven sixtieths of such salary and emoluments:

And in like manner a further addition to the annual allowance of one sixtieth in respect of each additional year of such service, until the completion of a period of service of forty years, when the annual allowance of forty sixtieths may be granted; and no addition shall be made in respect of any service beyond forty years:

Provided always, that if any question should arise in any department of the public service as to the claim of any person or class of persons for superannuation under this clause, it shall be referred to the Commissioners of the Treasury, whose decision shall be final.

Power to
Treasury to
grant allow-
ances on aboli-
tion of offices.

VII. It shall be lawful for the Commissioners of the Treasury to grant to any person retiring or removed from the public service in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organization of the department to which he belongs, by which greater

efficiency and economy can be effected, such special annual allowance by way of compensation as on a full consideration of the circumstances of the case may seem to the said Commissioners to be a reasonable and just compensation for the loss of office; and if the compensation shall exceed the amount to which such person would have been entitled under the scale of superannuation provided by this Act if ten years were added to the number of years which he may have actually served, such allowance shall be granted by special minute, stating the special grounds for granting such allowance, which minute shall be laid before Parliament, and no such allowance shall exceed two thirds of the salary and emoluments of the office.

(e) *Form of Statutory Declaration.*—I, A. B., do solemnly and sincerely declare that (the above claim or words to that effect is a true statement according to the best of my knowledge, information, and belief), and I make this solemn declaration conscientiously believing the same to be true and by virtue of the Statutory Declaration Act, 1835 (5 & 6 Will. IV. c. 62, Schedules); Conveyancing Act, 1881 (44 & 45 Vict. c. 41, s. 68); Interpretation Act, 1889 (52 & 53 Vict. c. 63, s. 21).

Such declaration may be made before any justice of the peace, notary public, or other officer by law authorised to administer an oath (5 & 6 Will. IV. c. 62, s. 18). *The making a false declaration is a misdemeanour and punishable by fine or imprisonment, or both, to an extent limited only by the discretion of the Court (Bill of Rights).*

(f) “*The Treasury.*”—This means the Commissioners of the Treasury (51 & 52 Vict. c. 41, s. 100).

(g) The chairman of a county council is *ex-officio* a justice of the peace for the county (51 & 52 Vict. c. 41, s. 5 (6)). In the case of a borough, the mayor is a justice of the peace in the borough, and unless disqualified to be mayor, continues to be so during the year next after he ceases to be mayor (Municipal Corporation Act (45 & 46 Vict. c. 50), s. 155). As chairman of an urban district council he is also *virtute officii* a justice of the peace for the county (*vide infra*). In the case of an urban district council the chairman, unless a woman or personally disqualified by any Act, is *virtute officii* a justice of the peace for the county in which the district is situate (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 22).

(h) “*Specially debt,*” and so not statute barred until the expiration of twenty years.

(i) Any expenses are to be paid out of the fund or rate out of which the expenses of a council under the E. Act, 1902, are paid (see pp. 147—156), and if any compensation is payable otherwise than by way of an annual sum, the payment of that compensation is to be a purpose for which a council may borrow for the purposes of the E. Act, 1902 (see p. 168), (E. Act, 1902, Sch. II. (21) (d)).

Any local education authority who have established any pension scheme, or scheme for the superannuation of their officers, may admit to the benefit of that scheme any officers transferred on such terms and conditions as they think fit.

transferred to any council and has made the annual contributions required to be made by that Act, the provisions of that Act are to apply, subject to such modification as the Local Government Board may by order direct for the purpose of making that Act applicable to the case.

“**Officers.**”—The officers referred to are school attendance officers appointed with the consent of the guardians under the E. E. Act, 1876, ss. (28), (31), who, by the Poor Law Officers Superannuation Act, 1896, s. 19, are deemed to be in the service of the guardians of the union in which their districts are situated, and consequently entitled to the benefits conferred by sect. 2 of the Act on “officers and servants in the service or employment of the guardians of a union or parish.”

E. Act, 1902,
Sch. II. (22).

Should any adjustment be required in respect of the above purposes, sect. 68 of the L. G. Act, 1894, is to apply. For that section see p. 8.

SECT. V.—POWERS AND DUTIES AS TO MAKING
REPORTS AND RETURNS.

It is the duty of the local education authority to furnish the Board of Education with the following :—

General
reports (E. E.
Act, 1870,
s. 95).

(1) Such report and returns and such information as the Board may from time to time require.

Annual reports
(E. E. Act,
1870, s. 67).

(2) Not oftener than once a year a return containing such particulars with respect to the elementary schools and children requiring elementary education in the area for which they act as the Board of Education may from time to time require.

Board of edu-
cation to
supply forms
(*ibid.* s. 68).

The Board of Education is to supply the requisite number of forms for the purpose of such return to the local education authority.

Managers and
teachers to
fill up forms.
(*ibid.*).

The managers or principal teachers of any school required to be included in any such return must fill up the form and return it to the local education authority within the time specified in that behalf in the form ; should they neglect or refuse to do so, the school is not to be considered as giving efficient elementary education, and consequently will not be entitled to the annual grant (D. S. Code, 1903, Art. 87), p. 651.

Sect. 5.

“Managers.”—As to managers see p. 78.

The local education authority may, with the sanction of the Board of Education, employ persons to assist in making such returns, and may pay those persons such remuneration as the Treasury may sanction. That remuneration and all such other reasonable expenses incurred by the local education authority in making such returns as the Treasury may sanction, are to be paid by the Board of Education.

E. E. Act,
1870, s. 69.

Should the local education authority fail to make a return, the Board of Education may appoint any person or persons to make such returns, and the person or persons so appointed have for that purpose the same powers and authorities as the local education authority. The Board of Education may also appoint such person or persons in the first instance without requiring the local education authority to make a return.

Failure to
make such
returns (E. E.
Act, 1870,
s. 70).

E. E. Act,
1873, s. 19.

The Board of Education has power to appoint persons to act as inspectors of returns, whose duty it is :—

Appointment
and duties of
inspectors
(E. E. Act,
1870, s. 71).

- (a) To inquire into the accuracy and completeness of any one or more of these returns ; and
- (b) To inquire into the efficiency and suitability of any school mentioned in any such return, or which ought to have been mentioned therein ; and
- (c) To inspect and examine the scholars in any such school.

Where there is no return, the inspector is to proceed as though there had been a defective return. Should the managers or teacher of any school refuse to allow the inspector to inspect the school house or examine any scholar, or examine the books and registers, or make copies or extracts therefrom, such school is not to be considered as giving efficient elementary education, and consequently will not be entitled to the annual grant (D. S. Code, 1903, Art. 87), p. 651.

Ibid. s. 72.

- (3) A report of any infraction of the provisions of sect. 7 of the E. E. Act, 1870 (the “Conscience clause,” see p. 21), in any public elementary school within the area for which they act which may come to their knowledge ; and

clause” (E. E.
Act, 1876,

Returns under
the E. E. (D. &
E. C.) Act,
1899.

- (4) Any complaint they may receive of the infraction of those provisions.
- (5) Such returns as the Board of Education may require under the E. E. (D. & E. Children) Act, 1899 (62 & 63 Vict. c. 32), s. 13.

SECT. VI.—POWERS AND DUTIES AS TO THE ENFORCEMENT OF NON-EMPLOYMENT OF CHILDREN.

E. E. Act,
1876, s. 7 (1),
(2).

It is the duty of the local education authority to enforce within the area for which they act the provisions of the E. E. Act, 1876, and subsequent Acts, as to the non-employment of children within certain age limits; and with a view to making the provisions of the Act of 1876 known they are to publish them within their jurisdiction in such manner as they think best calculated to do so. In the case, however, of factories workshops, and mines, it is the duty of the inspectors and sub-inspectors acting under the Acts regulating such places to enforce the provisions above referred to, and not that of the local education authority, the local education authority being only bound to assist such inspectors and sub-inspectors in the performance of their duty by information or otherwise.

The provisions of the E. E. Act, 1876, and subsequent Acts, forbid the employment of children save and except where they may be entitled to partial or total exemption under bye-laws or that Act.

For total and partial exemption, see pp. 39—42.

“**Subsequent Acts.**”—E. E. (School Attendance) Act, 1893 (56 & 67 Vict. c. 51), s. 1, fixing at eleven years; E. E. (School Attendance) Act, 1899 (62 & 63 Vict. c. 13), s. 1, fixing at twelve years the minimum age for exemption under bye-laws; E. E. Act, 1890 (43 & 44 Vict. c. 23), s. 2, making bye-laws of universal application, and sect. 4 of the same Act, punishing employment in breach of bye-laws as offences under the E. E. Act, 1876. See also 56 & 57 Vict. c. 51, s. 2.

“**Forbids the Employment of Children.**”—Where it is said that the employment of children is forbidden by the E. E. Act, 1876, and subsequent Acts, save where exemption either total or partial has been gained, it must, of course, be understood that employment during school hours, or in such a manner as to

interfere with due attendance at school is alone spoken of, employment of children out of school hours or on holidays not being forbidden.

Chap. I.
Sect. 6.

The provisions, however, of certain other Acts have to be considered with regard to the employment of children.

Children in Factories.—In the case of factories, employment of children under twelve years of age is absolutely forbidden, save in the case of children lawfully so employed on or before the 1st January, 1902 (Factory and Workshop Act, 1901 (1 Edw. VII. c. 22, s. 62). See p. 348.

Nor can children be employed full time in factories before reaching the age of thirteen years. Consequently should the bye-laws grant total exemption before that age, yet children employed in factories will nevertheless have to attend school under the provisions of the Factory and Workshop Act, 1901. *For school attendance under that Act, see Part III. of the Act, p. 343.* "Child" under the Factory Act, 1901, means a person who is under the age of fourteen years, and who has not, being of the age of thirteen years, obtained the certificate of proficiency or attendance mentioned in Part III. of the Act. See p. 352.

Children in Mines.—The Metalliferous Mines Regulation Act, 1872 (35 & 36 Vict. c. 77), as amended by the Mines (Prohibition of Child Labour Underground) Act, 1900 (68 & 64 Vict. c. 21) provides that :—

4. No boy under the age of twelve years (*a*), and no girl or woman of any age, shall be employed in or allowed to be for the purpose of employment in any mine to which this Act applies below ground.

Metalliferous
Mines Regula-
tion Act, 1872.
Employment
of women and
children in
mines.

(*a*) By the Mines (Prohibition of Child Labour Underground) Act, 1900 :—

(1) A boy under the age of thirteen years shall not be employed in or allowed to be, for the purposes of employment, in any mine below ground. Accordingly sects. 4 and 5 of the Coal Mines Regulation Act, 1887, and sect. 4 of the Metalliferous Mines Regulation Act, 1872, shall be read and have effect as if for the word "twelve" the word "thirteen" were substituted therein.

(2) Nothing in this section shall apply to any boy who has been lawfully employed in any mine below ground before the passing of this Act. (30th July, 1900).

5. A boy of the age of twelve years and under the age of thirteen years (*b*), and a male young person of the age of thirteen and under the age of sixteen years shall not be employed in or allowed to be for the purpose of employment in any mine to which this Act applies below ground for more than fifty-four hours in any one week, or

more than ten hours in any one day, or otherwise than in accordance with the regulations following; that is to say,

- (1.) There shall be allowed an interval of not less than eight hours between the period of employment on Friday and the period of employment on the following Saturday, and in other cases of not less than twelve hours between each period of employment; provided always, that in the case of boys and young male persons whose employment is at such distance from their ordinary place of residence that they do not return there during the intervals of labour, and who are not employed during more than forty hours in any week, an interval of not less than eight hours shall be allowed between each period of employment:
- (2.) The period of each employment shall be deemed to begin at the time of leaving the surface, and to end at the time of returning to the surface:
- (3.) A week shall be deemed to begin at midnight on Saturday night, and to end at midnight on the succeeding Saturday night.

(b) The Mines (Prohibition of Child Labour Underground) Act, 1900, (*vide supra*) does not in terms repeal the first sentence of sect. 5. But it is submitted that it does so inferentially, for if a boy under thirteen years of age cannot under any circumstances now be employed underground, *a fortiori*, he cannot for more than fifty-four hours in any one week.

Register to be kept by owner, &c. of boys and male young persons employed in mines.

6. The owner or agent of every mine to which this Act applies shall keep in the office at the mine, or in the principal office of the mine belonging to the same owner in the district in which the mine is situated, a register, and shall cause to be entered in such register the name, age, residence, and date of first employment of all boys of the age of twelve and under the age of thirteen years, and of all male young persons of the age of thirteen and under the age of sixteen years who are employed in the mine below ground, and of all women, young persons, and children employed above ground in connexion with a mine, and shall produce such register to any inspector under this Act at the mine at all reasonable times when required by him, and allow him to inspect and copy the same.

The immediate employer of every boy or male young person of the ages aforesaid, other than the owner or agent of the mine, before he causes such boy or male young person to be in any mine to which this Act applies below ground, shall report to the owner or agent of such mine, or some person appointed by such owner or agent, that he is about to employ him in such mine.

As to employment of young persons under

7. Where there is a shaft, inclined plane, or level in any mine to which this Act applies, whether for the purpose of an entrance to such mine or of a communication from one part to another part

of such mine, and persons are taken up when, or along such shaft, plane, or level by means of an engine, windlass, or gin, driven or worked by steam or any mechanical power, or by animal, or by manual labour, a person shall not be allowed to have charge of such engine, windlass, or gin, or of any part of the machinery, ropes, chains, or tackle connected therewith, unless he is a male of at least eighteen years of age.

Chap. I.

eighteen in connexion with engines.

Where the engine, windlass, or gin is worked by an animal, the person under whose direction the driver of the animal acts shall, for the purposes of this section, be deemed to be the person in charge of the engine, windlass, or gin, but such driver shall not be under twelve years of age.

8. If any person contravenes or fails to comply with any provision of this Act with respect to the employment of women, girls, young persons, or boys, or to the register of or report respecting boys and male young persons, or to the employment of persons about any engine, windlass, or gin, he shall be guilty of an offence against this Act: and in case of any such contravention or non-compliance by any person whomsoever in the case of any mine, the owner and agent of such mine shall each be guilty of an offence against this Act, unless he proves that he had taken all reasonable means by publishing and to the best of his power enforcing the provisions of this Act to prevent such contravention or non-compliance.

Penalty for employment of persons contrary to this Act.

If it appear that a boy or young person or a person employed about an engine, windlass, or gin, was employed on the representation of his parent or guardian that he was of that age at which his employment would not be in contravention of this Act, and under the belief in good faith that he was of that age, the owner or agent of the mine and the immediate employer shall be exempted from any penalty, and the parent or guardian shall, for such misrepresentation, be deemed guilty of an offence against this Act.

Penalties.

31. Every person who is guilty of an offence against this Act shall be liable to a penalty not exceeding, if he is an owner or agent, twenty pounds, and if he is any other person, two pounds, for each offence; and if an inspector has given written notice of any such offence, to a further penalty not exceeding one pound for every day after such notice that such offence continues to be committed.

Penalty for offences against Act.

The Coal Mines Regulation Act, 1887 (50 & 51 Vict. c. 59) as amended by the Mines (Prohibition of Child Labour Underground) Act, 1900 (63 & 64 Vict. c. 21) provides that:—

- (8.) No boy, girl, or woman shall be employed in moving railway waggons.

The provisions of this section as to the employment of boys, girls and women after two o'clock on Saturday afternoon, shall not apply in the case of any mine in Ireland, so long as it is exempted by order of a Secretary of State.

8.--(1.) The owner, agent, or manager of every mine shall keep in the office at the mine a register, and shall cause to be entered in that register, in such form as the Secretary of State may from time to time prescribe or sanction, the name, age, residence, and date of first employment of all boys employed in the mine below ground, and of all boys, girls, and women employed above ground in connexion with the mine ; and shall on request, produce the register to any inspector under this Act, and to any officer of a school board (a) or school attendance committee in the district in which the mine is situate, at the mine at all reasonable times, and shall allow any such inspector or officer to inspect and copy the same.

Penalty for offences against Act.

59.—(2.) Every person who is guilty of an offence against this Act for which a penalty is not expressly prescribed, shall be liable to a fine not exceeding, if he is an owner, agent, or manager, or under-manager twenty pounds, and if he is any other person, two pounds, for each offence; and if an inspector has given written notice of any such offence, to a further fine not exceeding one pound for every day after such notice that such offence continues to be committed.

61.—(1.) All offences under this Act not declared to be misdemeanours, and all fines under this Act, and all money and costs by this Act directed to be recovered as fines, may be prosecuted and recovered in manner directed by the Summary Jurisdiction Acts before a court of summary jurisdiction.

General provisions as to summary proceedings.

62. In every part of the United Kingdom the following provisions shall have effect :

- (i.) Any complaint or information made or laid in pursuance of this Act shall (save as otherwise expressly provided by this Act) be made or laid within three months from the time when the matter of the complaint or information arose ;
- (ii.) Any person charged with any offence under this Act, may, if he thinks fit, be sworn and examined as an ordinary witness in the case.
- (iii.) The court shall, if required by either party, cause minutes of the evidence to be taken and preserved.

ENFORCEMENT OF NON-EMPLOYMENT OF CHILDREN.

63. If any person feels aggrieved by any conviction made by a court of summary jurisdiction on determining any information under this Act, by which conviction imprisonment or a fine amounting to or exceeding one half the maximum fine, is adjudged, he may appeal therefrom to a court of quarter sessions in manner provided by the Summary Jurisdiction Acts.

64. If it appears that a boy or girl was employed on the representation of his or her parent or guardian that he or she was of the age at which his or her employment would not be in contravention of this Act, and under the belief in good faith that he or she was of that age, or that a person has worked alone as a coal or ironstone getter on his representation that he has had two years' experience of such work under the supervision of skilled workmen, or that he has been previously employed for two years in or about the face of the workings of a mine, and under the belief in good faith that he has had such experience or has been so previously employed, the owner, agent, or manager of the mine and employer shall be exempted from any penalty, and the parent or guardian or the person who has so worked alone, as the case may be, shall, for the misrepresentation, be deemed guilty of an offence against this Act.

66. Where the owner, agent, or manager of a mine has taken proceedings under this Act against any person employed in or about a mine in respect of an offence committed under this Act, he shall, within twenty-one days after the hearing of the case, report the result thereof to the inspector of the district.

Report of
result of pro-
ceedings
against
workmen.

68.—(1.) Nothing in this Act shall prevent any person from being indicted or liable under any other Act or otherwise to any other or higher penalty or punishment than is provided for any offence by this Act, so, however, that no person be punished twice for the same offence.

Saving for
proceedings
under other
Acts.

(2.) If the court before whom a person is charged with an offence under this Act think that proceedings ought to be taken against such person for such offence under any other Act or otherwise, the court may adjourn the case to enable such proceedings to be taken.

The non-employment of children may be enforced either:—

(a) Under the E. E. Act, 1876 (39 & 40 Vict. c. 79), and the E. E. Act, 1880 (43 & 44 Vict. c. 23, s. 4), as varied by subsequent Acts: or

(b) Under the E. E. Act, 1876 (39 & 40 Vict. c. 79), alone.

The former method must be employed where it is desired to proceed under bye-laws, and owing to the universality of such

Part II. laws proceedings under the Act of 1876 are for all practical purposes confined to cases where the bye-laws do not extend to children between the ages of thirteen and fourteen years.

By the 4th section of the E. E. Act, 1880, varied as stated above, it is provided that any person who takes into his employment a child of the age of twelve years, and under the age of fourteen years, resident within the area for which a local education authority act, before that child has obtained a certificate of having reached the standard of education fixed by a bye-law in force in such area for the total or partial exemption of children of the like age from the obligation to attend school, is to be deemed to take such child into his employment in contravention of the E. E. Act, 1876.

“Subsequent Acts.”—See 56 & 57 Vict. c. 51, s. 1; 62 & 63 Vict. c. 13, s. 2; 63 & 64 Vict. c. 53, s. 6 (1); 2 Ed. VII. c. 42, Sch. III (1).

E. E. (School Attendance) Act, 1893, s. 2.

So, too, any person taking a child into his employment in such a manner as to prevent the child from attending school in accordance with the bye-laws for the time being in force in the local education authority's area in which the child resides is to be deemed to be guilty of a similar offence.

“Reached the Standard.”—To reach a standard a child must be individually examined in reading, writing, and arithmetic in that or a higher standard, and must pass in each of those subjects (D. S. Code, 1903, Art. 30), p. 639.

“Total or Partial Exemption.”—*Vide supra*, pp. 38–42.

Penalties and enforcement thereof (E. E. Act, 1876, s. 6).
Ibid., s. 37.

The penalty for so taking a child into employment is a fine not exceeding 40s.

Legal proceedings for enforcing such penalty are to be taken in the same manner as for the enforcement of bye-laws.

See “Enforcement of Bye-laws,” p. 44.

Defences open to employer,
Ibid., s. 9.

When proceedings are instituted under the E. E. Act, 1876, the employer may in his defence prove either :—

- (a) That during the employment there was not, within two miles measured according to the nearest road from the residence of such child, any public elementary school open which the child could attend ; or

- (b) That such employment, by reason of being during the school holidays, or during the hours when the school is not open, or otherwise, did not interfere with the efficient elementary instruction of such child, and that the child obtained such instruction by regular attendance for full time at a certified efficient school or in some other equally efficient manner : or
- (c) That the employment is exempted by a notice of the local education authority exempting children from labour prohibitions for the purpose of husbandry, &c. (see p. 41) ; or
- (d) (1.) That he has used due diligence to enforce the observances of the E. E. Act of 1876 ; and
- (2.) That the child was employed either :—
- (i.) By some agent or workman of his without his knowledge or consent ; or
 - (ii.) On the production of a forged or false certificate, and under the belief in good faith in the genuineness and truth of such certificate ; or
 - (iii.) On the representation by his parent that the child was of an age at which his employment would not be in contravention of the E. E. Act, 1876, and under the belief in good faith in such representation.

Chap. I.
Sect. 6.

E. E. Act,
1876. s. 39.

“**Agent or Workman.**”—Where the offence of taking a child into employment in contravention of the E. E. Act, 1876, is in fact committed by an agent or workman of the employer, such agent or workman is liable to the penalty as though he were the employer (E. E. Act, 1876, s. 39).

“**Parent.**”—The term has the same meaning as in the E. E. Act, 1870, and includes guardian and every person who is liable to maintain or has the actual custody of the child (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 3 ; E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 48).

Where a child is taken into employment in contravention of the Act on the production by or with the privity of the parent of a false certificate or on the false representation of the parent, the parent is liable for a penalty not exceeding 40s. (E. E. Act, 1876 (39 & 40 Vict. c. 79), s. 39).

ELEMENTARY EDUCATION.

Part II.

Proceedings against agent, workman, or parent (E. E. Act, 1876, s. 39).

Where an employer satisfies the local education authority's inspector or other person about to institute a prosecution that:—

(a) He is exempt under (d), *supra*, by reason of some agent, workman, or parent being guilty; and

(b) Gives all facilities in his power for proceeding against or convicting such agent, workman, or parent,

the local education authority's inspector or other person are to institute proceedings against such agent, workman, or parent, and not against the employer.

Penalty (*ibid.*, s. 6).

The penalty for contravening the provisions of the E. E. Act, 1876, as to non-employment of children is a fine not exceeding 40s.

Mode of procedure (*ibid.*, s. 37).

The mode of procedure is the same as that by which bye-laws may be enforced (*vide* p. 44.)

For similar provisions in the Factory and Workshop Act, 1901, see p. 343.

SECT. VII.—RELINQUISHMENT OF POWERS AND DUTIES.

E. Act, 1902, s. 20 (b).

An authority having powers under the Education Act, 1902, if it happens to be the council of a non-county borough or urban district, may at any time after the passing of the Act, (Dec. 18th, 1902):—

(a) By agreement with the council of the county; and

(b) With the approval of the Board of Education; relinquish in favour of the council of the county their powers and duties as to elementary education, in which case they will cease to have such powers and duties, and their area for the purposes of elementary education will become part of that of the county council.

Ibid., Sch. II. (2).

On such a relinquishment taking place any property or rights acquired, and any liabilities incurred for the purpose of the performance of their powers and duties with respect to elementary education are to be transferred to the county council.

“**Non-County Borough or Urban District.**”—This must mean a borough of over 10,000, and an urban district of over 20,000

RELINQUISHMENT OF POWERS AND DUTIES.

Chap. I.
Sect. 7.

inhabitants, no other non-county boroughs or urban districts being local education authorities. This at all events seems to be the meaning of what, it is submitted, is a somewhat unhappily drafted sub-section. The relinquishment contemplated in sub-sect. (b) of sect. 20 of the E. Act, 1902, is a relinquishment by an "authority." Now the only "authority" known to the Act is the local education authority. Further, the council of a non-county borough or urban district can only be a local education authority in respect of elementary education, the county council being the authority in respect of higher education. It would appear, therefore, incorrect to assume, as the sub-section does, that a case of relinquishment of powers and duties other than those as to elementary education could be made by such an "authority." The council of a non-county borough or urban district *quâ* council, and not *quâ* local education authority, have powers relating to education other than elementary (see p. 10). The word "councils" substituted in the sidenote for "local education authorities and councils" in the Bill, does not tend to make the matter clearer.

"Property and Liabilities."—These terms have the same meaning as in the L. G. Act, 1888, s. 100 (E. Act, 1902, s. 24 (3)). For sect. 100 of L. G. Act, 1888, see p. 5.

"Transferred."—With respect to the above transfer, sects. 85—88 of the L. G. Act, 1894 (which contain transitory provisions) are to apply, subject as follows:—

- (i.) References to "the appointed day" and to "the passing of the Act" are to be construed as references to the date on which the relinquishment takes effect.
- (ii.) The powers and duties of the council ceasing to exercise powers and duties are to be deemed powers and duties transferred under the E. Act of 1902.
- (iii.) Sub-sects. (4) and (15) of sect. 85 are not to apply (E. Act, 1902 (2 Edw. VII. c. 42), Sch. II. (8)).

For sects. 85—88 of L. G. Act, 1894, see p. 6.

SECT. VIII.—ENFORCEMENT OF DUTIES OF THE LOCAL EDUCATION AUTHORITY.

Should the local education authority fail to fulfil any of their duties in any part of their area, the Board of Education may, after holding a public inquiry, make such order as they think necessary or proper for the purpose of compelling the authority to fulfil their duty, and such order may be enforced by mandamus.

Mandamus
proceedings
(E. Act, 1902,
s. 16).

Part II.

“Public Inquiry.”—The provisions of sect. 78 of the E. E. Act, 1870 (see p. 211), apply to the holding of such an inquiry (E. Act, 1902 (2 Edw. VII. c. 42.) s. 28 (10)). Where under sect. 299 of the P. H. Act, 1875, the provisions of which are very similar to those of sect. 16 of the E. Act, 1902, the granting of a mandamus was opposed on the ground that no due inquiry had been held by the Local Government Board, the Court held that a mandamus must go calling upon the local authority to perform their duty in the terms of the orders of the Local Government Board. That so long as there had been no legal error or omission of legal form, it was not for the Court to entertain questions as to whether there had been a due inquiry or whether the findings of the Local Government Board were sufficient or not (*R. v. Staines Union*, 62 L. J. Q. B. 540; 69 L. T. 714).

“Mandamus.”—The writ of mandamus being a high prerogative writ cannot be demanded *ex debito justitiæ*, and is issued only in the discretion of the Court. The application for the writ will during the sittings be made to a Divisional Court of the K. B. D., on the motion of the Attorney-General in this particular instance, for an order *nisi*; during vacation to the vacation judge in chambers for a summons to show cause (C. O. R. (1886), 60., p. 603).

No second application can be made after the first has been discharged (*R. v. Mayor of Bodmin* (1892), 2 Q. B. 21).

The Public Authorities Protection Act, 1893 (56 & 57 Vict. c. 61), which requires proceedings in respect of any alleged neglect or default in the execution of any Act of Parliament, public duty, or authority, to be commenced within six months next after the neglect or default complained of, does not apply to any proceedings by any department of the Government (in this case the Board of Education) against any local authority or officer of a local authority. (See sect. 1 of the Act).

The writ will be directed to the county council or urban district council, but in the case of a borough council, which is an unincorporated body, presumably to the “Councillors of the Borough of ———.”

As regards the service of the writ, if it is directed to one person only, the original must be personally served upon such person; but if directed to more than one, the original is to be shown to each at the time of service, a copy served on all but one, and the original delivered to such one (C. O. R. (1886), 65), p. 604.

Except where by statute service on the clerk or some other officer is made sufficient service, a quorum of the members of the body to which the writ is directed should be served, or as many as are competent to do the act required to be done (C. O. R. (1886), 66), p. 604.

This will be in the case of—

- (a) A county council: one-fourth of the whole number of the council (see L. G. Act, 1888 (51 & 52 Vict. c. 41), s. 75 (15)).
- (b) A borough council: not less than one-third of the number of the whole council (Municipal Corporations Act, 1882 (45 & 46 Vict. c. 50), s. 22 (1), Sch. II. (10)).
- (c) An urban district council: one-third of the full number of members, but in no case need the number of the quorum exceed seven. (See L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 59 (1), and P. H. Act, 1875 (38 & 39 Vict. c. 55), Sch. I. (2)).

A local education authority may appear by their clerk, or by some member of the authority authorised by a resolution of the authority. Every such resolution is to appear on the minutes of the proceedings of the authority, but until the contrary is proved any such resolution is to be deemed in any legal proceeding to appear on the minutes (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 85). As to the limitation which has been put on the meaning of similar words, see note "Appear by their clerk," p. 48.

CHAPTER II.

THE MANAGEMENT OF SCHOOLS.

SECT. I.—CONSTITUTION OF THE MANAGING BODY.

Part I.

THE managing body of a public elementary school varies, firstly according as to whether the school is provided by the local education authority or not, and secondly according to the nature of the local education authority. Women are not disqualified either by sex or marriage for being managers.

Qualification of women (E. Act, 1902, s. 23 (6)).

“**Public Elementary School.**”—Definition, see p. 21.

§ 1.—*In “ Provided ” Schools.*

Managers in provided schools (E. Act, 1902, s. 6 (1)).

As to what this includes see p. 22.

In this case :—

(I.) Where the local education authority are a county council there must be for every public elementary school provided by them a managing body consisting of :—

(a) A number of managers not exceeding four appointed by the county council ; and

(b) A number of managers not exceeding two appointed by the minor local authority.

E. Act, 1902, s. 6 (1).

(II.) Where the local education authority are the council of a borough or urban district they *may*, if they think fit, appoint for any school provided by them such number of managers as they may determine.

In neither of the above cases is it necessary that the managers should be members of the council or minor local authority.

For the devolution by an authority of its powers of management see p. 96.

“**Where the Local Education Authority are a County Council.**”—See p. 1.

“**Minor Local Authority.**”—This means as respects any school the council of any borough or urban district, or the parish

council, or where there is no parish council the parish meeting of any parish which appears to the county council to be served by the school. Where the school appears to the county council to serve the area of more than one minor local authority the county council is to make such provision as they think proper for joint appointment of managers by the authorities concerned (E. Act, 1902 (2 Edw. VII. c. 42), s. 24 (2)).

Chap. II.
Sect. 1.

“Where the Local Education Authority are the Council of a Borough or Urban district.”—See p. 4.

As the managers of provided schools are but the agents of the local education authority, they may be dismissed at pleasure.

Discharge of
managers.

§ 2.—In “Non-provided” Schools.

In this case the managing body consists of :—

(a.) A number of foundation managers not exceeding four appointed under the provisions of the trust-deed of the school.

Managers in
non-provided
schools (E.
Act, 1902,
s. 6 (2).

(b.) A number of managers not exceeding two representing the local education authority, appointed :—

(i.) Where the local education authority are the council of a county :—

(a).

one by that council : and

one by the minor local authority.

(ii.) Where the local education authority are the council of a borough or urban district :—

Ibid. (b).

both by that authority.

Such managers may be removed by the authority appointing them, and may resign their office.

Removal and
resignation of
managers
Ibid. (Sch. I.,
B. (5)).

“Trust-Deed.”—Trust-deed includes any instrument regulating the trusts or management of a school or college (E. Act, 1902 (2 Edw. VII. c. 42), s. 24 (5)).

The Board of Education in their Memorandum of 20th December, 1902, accordingly point out (par. 6) that for the purposes of the Act the term “Trust-deed” includes not only deeds in the ordinary sense, but also any of the following instruments if they provide for the appointment of trustees, or give directions for the management of a school or its endowments, viz. :—

(i.) Orders of the Court of Chancery.

(ii.) Orders of a county court under the Charitable Trusts Acts, 1853 and 1860.

(iii.) Orders of the Charity Commissioners.

(iv.) Schemes made under the Endowed Schools Act.

Part II.

(v.) Schemes made by the Education Department under sect. 75 of the E. E. Act, 1870.

(vi.) In the case of privately-owned schools, a lease or agreement in writing by which a school is let to managers for the purpose of a school may be usually regarded as a trust-deed, and any trust declared therein attaches to the whole of the tenants' interest whatever it may be.

See the Memorandum, p. 395.

“Foundation Managers.”—Such managers represent the interests of those by whom the school was established or is at present managed. The “Foundation Managers” will, although appointed in a different manner, act together with the two other managers for all the purposes of conducting a public elementary school, and with them will compose the body which is spoken of in the E. Act, 1902, as “the managers of the schools.” *Memorandum of Board of Education, p. 395.*

Increasing the number of managers (E. Act, 1902, s. 6 (3), (b)).

Should the local education authority consider that the circumstances of any school require a larger body of managers than that stated above, the local education authority may increase the total number of managers, provided that the number of each class of managers is proportionately increased.

“The Local Education Authority may increase.”—The Board of Education in their Memorandum of 20th December, 1902, par. 17 (a), point out that four is the nominal number of foundation managers contemplated by the Act, and will usually be found most convenient. Under the provisions, however, of sect. 6 (3) (b) the local education authority may increase the total number of managers the foundation managers and local authority's managers being proportionately increased. That where the local education authority are the council of a borough or urban district, the number of managers of the two classes respectively may be six and three, but where the local education authority are the council of a county, the number of managers must be increased (if increase is thought desirable) to eight and four respectively, or to some other multiple of four and two. That it will be probably found in most cases that twelve is an inconveniently large number of managers. *See Memorandum, p. 399.*

Order of Board of Education where provisions of trust-deed insufficient, &c. (E. Act, 1902, 11 (1)).

Where it is shown to the satisfaction of the Board of Education that :—

(I.) The provisions of the trust-deeds as to the appointment of managers, are in any respect :—

(a) Inconsistent with the provisions of the E. Act, 1902 ; or

- (b) Insufficient or inapplicable for the purpose ; or
 (II.) There is no such trust-deed available, it is the duty of the Board of Education to make an order for the purpose of meeting the case.

Chap. II.
 Sect. 1.

“Insufficient or Inapplicable for the Purpose.”—In cases of doubt or difficulty, where the trust-deed is defective or insufficient in any particulars, the trustees should not attempt to supplement it by a new deed, but should apply for directions to the Board of Education (exercising the powers formerly belonging to the Charity Commissioners in respect of purely educational endowments). *Memorandum of 20th December, 1902, par. 12.* See p. 398.

The defects in a deed may be cured by an order under sect. 11 of the E. Act ; where this is not possible, it is open to the trustees to apply to the Board of Education for a scheme, but no scheme will be made at present unless it is clearly shown that an order would be insufficient to secure the proper management (*ibid. par. 13*).

“There is no such Deed.”—Where there is no trust-deed and the school is not claimed as private property (*vide infra*), but is held on implied trusts (*i.e.*, such as may be presumed upon usage), it is undesirable that the persons now managing the school should attempt to make a trust-deed ; they should either apply to the Board for an order, or in case of doubt or difficulty as to their rights and duties, for direction under the Charitable Trusts Acts. An order will be required in all cases where there is no trust-deed or where the trust-deed is not available. Where a trust-deed is known to have existed, every effort should be made to discover it. Where the trust-deed cannot be found, particulars should be given in the application form of any draft, abstract, or other documents from which the trust of the school may be collected (*ibid. par. 15*).

Where no trust-deed is known to have existed, it is important that full particulars of the usage which has prevailed in the management of the school at different periods should be supplied (*ibid. par. 16*).

The application for such order may be made either by—

- (a) The existing owners, trustees, or managers of the school, within a period of three months after the passing of the E. Act, 1902 (Dec. 18, 1902) ; *after that period*—
 (b) On the application of the local education authority or any other person interested in the management of the school.

Application for such order (E. Act, 1902, s. 11 (2)).

“The Application for such an Order.”—The application for an order should be made on the special form provided for the purpose (form E. A 2), and full information under the several heads

Part II.

should be given. Any failure to supply the information required may lead to considerable delay in dealing with the case. Applications should be either sent directly to the Secretary, Board of Education, Whitehall, or transmitted through the secretary of any voluntary school association to which the school may belong. The latter course is, perhaps, the more convenient, in order that the applications may reach the Board in batches corresponding to geographical or administrative divisions, and that time may be saved in dealing with them (*Memorandum of Board of Education, 20th December, 1902, par. 8. For form E. A 2, see p. 400.*)

The applicant may make recommendations as to the provisions to be embodied in the order. These should be in special form where the trust-deed departs from the usual type or contains unusual provisions as to the management of the school; in other cases they may conveniently be made (in the case of denominational schools) in or by reference to one of the forms adopted by the National Society or Associations of Church of England, Roman Catholic, Wesleyan, or other schools (*ibid. par. 9.*)

“*National Society.*”—The National Society have recommended that in cases where the managers of church schools have to apply for an order from the Board of Education to bring the constitution of the committees of management into agreement with the requirements of the E. Act, 1902, a management clause on the lines of the following clause should be applied:—

The foundation managers under the E. Act, 1902, shall consist of the principal officiating minister of the ecclesiastical parish or district in which the school is situated, *ex-officio*, and three (or such other number as may be required to make up the number of foundation managers as provided under the Act) other persons, being *bonâ fide* members of the Church of England, who shall in the first instance be (a) nominated by the persons who are the managers of the school at the time of the application to the Board of Education (or (a), who shall in the first instance be elected by the annual subscribers to the school at the time of the application to the Board of Education or other persons who are entitled under the terms of the school trust-deed to vote in the election of or appoint managers). (b) The persons so nominated (or elected) shall hold office for three years, and thereafter the non-official foundation managers shall be elected triennially by such of the annual subscribers to the foundation of at least two shillings and sixpence during the two years immediately preceding the election as are *bonâ fide* members of the Church of England, and such of the contributors to the foundation at any time of not less than five pounds in one sum as are *bonâ fide* members of the Church of England. Provided that any society which may have contributed to the foundation at any time not less than ten pounds in one sum

(a) One of these alternatives to be struck out.

shall have the right to a vote and may nominate one of its officers or other person to exercise the right of voting in its behalf (or (b), vacancies in the number of the non-official foundation managers shall be filled by nomination on the part of the remaining foundation managers of another person or persons being *bona fide* a member or members of the Church of England).

Chap. II.
Sect. 1.

“By the existing Owners, Trustees, or Managers.”—The trustees are those persons in whom the property in the school premises is now vested. These persons may also be entitled to act as managers, but in the case of most elementary schools the two bodies are distinct. It is indifferent whether the application is made by the trustees or managers, but in any case the application should be signed by a majority of the body which applies. It is also obviously desirable that before applying the managers and trustees should consult one another, and also the owner, if there is one (*Memorandum of Board of Education, 20th December, 1902, par. 7. See p. 397.*)

Notice of the application, together with a copy of the draft final order, proposed to be made, is to be given by the Board of Education to :

Notice of application
E. Act, 1902,
s. 11 (3).

- (a) The local education authority ;
- (b) The existing owners, trustees, and managers :
- (c) Any other persons who appear to the Board to be interested.

In ordinary cases, notices and draft final orders will also be sent to the parish council, or meeting, or other minor local authority, of the area in which the school is situated, as representing “other persons interested” (*Memorandum of Board of Education, 20th December, 1902. par. 18, p. 399.*)

The final order is not to be made until six weeks after the above notice has been given, but the Board may, if they think that the circumstances of the case require it, make any interim order on any application to have temporary effect until the final order is made.

Making of
order (*ibid.*).

The Board of Education in their Memorandum of 20th December, 1902, par. 18, state that in order to avoid delay it is probable that most orders under sect. 11 will, in the first instance be made in the form of “interim orders,” which will not be confirmed until the local education authorities have had time to make preparation for the proper consideration of the notices and draft final orders. See also Circular of Board of Education, p. 442.

- (b) One of these alternatives to be struck out.

Part II.

In making an order the Board of Education are to have regard :—

Matters to which Board of Education to have regard in making order (E. Act, 1902, s. 11 (4)).

(I.) To the principles on which the education given in the school has been given in the past.

(II.) To the ownership of the school buildings.

Effect of order (E. Act, 1902, s. 11 (2)).

Any such order is to have effect :—

(a) Where it modifies the trust-deed as part of such deed.

(b) Where there is no trust-deed as if contained in a trust-deed.

Revocation, variation and amendment of order (E. Act, 1902, s. 11 (8)).

The Board of Education may on the application of :—

(a) The managers of the school ; or

(b) The local education authority ; or

(c) Any person appearing to them to be interested in the school,

revoke, vary, or amend any such order by an order made in a similar manner ; but before doing so, a draft of the proposed orders must, as soon as may be, be laid before each House of Parliament, and if within thirty days, being days on which Parliament has sat, after the draft has been so laid before Parliament, either House resolves that the draft, or any part thereof, should not be proceeded with, no further proceedings are to be taken on such draft, but without prejudice to the making of any new draft order.

Grouping of schools under one management. Provided schools (E. Act, 1902, s. 6 (3) (9), s. 12 (1) (c)).

The local education authority may group under one body of managers :—

(I.) Any public elementary schools *provided by them*. The body of managers is to consist of such number and to be appointed in such manner and proportion as may be determined by the local education authority.

Non-provided schools (*ibid.*, s. 6 (3) (a), s. 12 (1) (2)).

(II.) With the consent of the managers of the schools, any public elementary schools *not provided by them*. In this case the body of managers is to consist of such number and is to be appointed in such manner and proportion as may be agreed upon between the bodies of managers of the schools concerned and the local education authority, or in default of such agreement as may be determined by the Board of Education.

MANAGEMENT OF SCHOOLS.

Any such arrangement is to remain in force, unless previously determined by the consent of the parties concerned, for a period of three years.

Period of
agreement
(E. Act, 1902,
s. 12 (4)).

“**With the Consent of the Managers.**”—This must mean “body of managers.” Sect. 12 was not in the original Bill, and was passed without debate under the closure.

Where the local education authority are the county council, then it is their duty to make provision for the due representation of minor local authorities on the bodies of managers of schools grouped under their direction.

Representative
of minor local
authorities
(*ibid.*, s. 12
(3)).

“**Minor Local Authorities.**”—For definition see p. 78. It is open to question whether schools grouped under the direction of the county council include or not non-provided schools; apparently, as such schools can only be grouped by arrangement they do not. It is to be remembered that clause 12 was not in the original Bill, nor debated, but put from the chair and agreed to without a division.

As to combination of Local Education Authorities see p. 4.

As to Joint Education Committees see p. 12.

SECT. II.—POWERS AND DUTIES OF THE MANAGING BODY.

§ 1.—In “*Provided*” Schools (a).

The body of managers of a school provided by the local education authority deal with such matters relating to the management of the school, and subject to such conditions and restrictions as that authority determine.

E. Act, 1902,
Sch. I. B. (4).

Questions affecting the external relations of schools to one another and to the county as a whole will probably be dealt with by the local education authority, whilst questions of internal economy, *e.g.*, the appointment of teachers, would be dealt with by the managers.

The school must, moreover, be conducted in accordance with the following regulations:—

(i.) It must be a public elementary school within the meaning of the E. E. Act, 1870: and

E. E. Act,
1870, s. 14.

(a) *To be known as “Council Schools.” See p. 22, n.*

Part II.

(ii.) No religious catechism or religious formulary which is distinctive of any particular denomination is to be taught in the school.

"Schools Provided by the Local Education Authority."—See p. 22.

"Following Regulations."—The regulations are those of sect. 14 of the E. E. Act, 1870, which is known as the "Cowper-Temple clause." See p. 198.

"Public Elementary School."—See p. 21.

"No Religious Catechism . . ."—Religion may or may not be taught in "provided schools," but if taught it must be taught in such a manner as not to offend against this regulation. No grant is made in respect of such teaching. E. E. Act, 1870, s. 97 (1).

Powers of managers to purchase school house or site (E. E. Act, 1870, s. 21).

Managers of any public elementary school have power to purchase a school house or site for such school.

"Managers."—Any persons desirous of establishing a public elementary school are to be deemed managers if they obtain the approval of the Board of Education to the establishment of such school.

The above must now be read subject to the provisions of sects. 8 and 9 of the E. Act, 1902 (vide supra).

Appointment of correspondent (D. S. C., 1903, Art. 9 (a)).

The body of managers of every school maintained by a local education authority under the Education Act, 1902, must have a correspondent through whom any necessary communications with

- (a) The Board of Education ; or
- (b) The local education authority,

are to be made.

Verification of registers (D. S. C., 1903, Sch. VII. (3)).

It is the duty of the managers to verify the school registers, in order to do which they are to—

- (a) Visit the school from time to time without previous notice, at an hour when the register should have been made up for that particular attendance ;
- (b) Check the register ;
- (c) Enter in the log book the result of their visit.

"Check the Register."—In order to do this, they are to—

- (a) Go through the register and check the attendances of children absent and present ;
- (b) Total up the attendances of at least 10 per cent. of the whole.

“Log Book.”—For particulars as to this, see D. S. Code, 1903, Sch. VII. (22), p. 690.

Chap. 11.
Sect. 2.

At the end of the year they are to check—

- (i) The number of times the school has been opened ;
- (ii) A sufficient number of the attendance totals (at least 10 per cent.) to convince themselves of the accuracy of the registration.

D. S. C., 1903,
Sch. VII. (3).

§ 2.—*In “Non-provided” Schools (a).*

The body of managers of such a school are to be the managers of the school both for the purposes of the E. E Acts, 1870—1890, and the E. Act, 1902, and, so far as respects the management of the school as a public elementary school, for the purpose of the trust-deed.

E. Act, 1902,
s. 11 (6).

They have all powers of management requisite for the purpose of carrying out the E. Act, 1902 ; and notwithstanding any provision contained in the instrument regulating the trusts or management of their school, power to fulfil the conditions required to be fulfilled in order to obtain the parliamentary grant, and to apply the same.

1870, s. 99 ;

“Parliamentary Grant.”—See p. 121.

Every school not maintained by a local education authority under the Education Act, 1902, must have responsible managers, and a correspondent, as required in the Code of 1902.

(D. S. C., 1903,
Art. 9 (e)).

“As required in the Code of 1902.”—The requirements of the Code of 1902, Arts. 8 and 9, in the above respect were as follows :—

8. The managers are held responsible by the Board for the conduct of their schools, for their maintenance in efficiency, and for the provision of all needful furniture, books, and apparatus, and in particular of—

- (a) Suitable registers ;
- (b) A portfolio to contain official letters ;
- (c) A diary or log book ;
- (d) A cash book ;
- (e) The Code and Revised Instructions for each year ;
- (f) A book for recording minutes of managers' meetings.

(a) To be known as “Voluntary Schools.” See p. 23, n.

Part II. **“The Log Book.”**—The log book must be stoutly bound, and contain not less than 800 ruled pages. It must be kept by the principal teacher, who is required to enter in it from time to time such events as the introduction of new books, apparatus, or courses of instruction, any plan of lessons approved by the inspector, the visits of managers, absence, illness, or failure of duty on the part of any of the school staff, or any special circumstances affecting the school, that may, for the sake of future reference or for any other reason, deserve to be recorded.

No reflections or opinions of a general character are to be entered in the log book.

“Suitable Registers.”—For managers’ duties as to verification of registers, see p. 86.

9. (a) The managers are required to appoint a correspondent with the Board, who must not be any paid teacher in the school.

Notice should at once be given to the Board of any change of correspondent occurring during the school year. The notice should be signed by the outgoing correspondent or by the chairman of the managers.

The managers must, however, if they desire their school :—

(i.) To be maintained and kept efficient by the local education authority ; and

(ii.) To be eligible for the Parliamentary grant,

comply with the conditions and provisions of sect. 7 of the E. Act, 1902, which conditions and provisions may conveniently be grouped as follows :—

(I.) *Conditions and provisions relating to the instruction given in the school.*

Under this head—

(a) The directions of the local education authority as to the secular instruction to be given in the school, including any directions with respect to :—

(i.) The number and educational qualifications of the teachers to be employed for such instruction ;

(ii.) The dismissal of any teacher on educational grounds,

must be carried out by the managers. But no directions may interfere with reasonable facilities for religious instruction during school hours.

Directions of local education authority to be complied with (E. Act, 1902, s. 7 (1) (a) (4)).

Failure on the part of the managers to carry out such directions will give the local education authority, in addition to their other powers, that of themselves carrying out the direction given as though they were the managers.

“Dismissal of any Teacher.”—The local education authority cannot, however, require managers in this connection to break existing contracts, and the teachers will in any case be entitled to such notice of dismissal as may be a term of their employment.

“Must be carried out by the Managers.”—The managers cannot, it would seem, appeal against the directions of the local education authority to the Board of Education under sect. 7 sub-sect. 3 of the E. Act, 1902 (*vide infra*, p. 92). The Board of Education must accept the law as it is declared by statute, and where the statute says in terms that any direction given by the local education authority is to be carried out by the managers, the managers must carry it out.

Should, however, a question arise as to whether the directions have or have not been carried out, it appears that it would be a case for appeal to the Board of Education.

“In addition to their other Powers.”—The local education authority would be no longer bound to maintain the school, one of the conditions precedent to their so doing not having been complied with. The school would also be ineligible for the Parliamentary grant (*vide supra*, p. 88). The school would accordingly cease to be “a public elementary school” within sect. 7 of the E. E. Act, 1870, and the local education authority would have—in pursuance of their duty to provide a sufficient amount of accommodation in public elementary schools (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 5)—to provide a new school.

(b) The local education authority have power to inspect the school.

Local education authority to have power of inspection (E. Act, 1902, s. 7 (1) (b)).

The local education authority are not bound to inspect. Whilst the inspector of the Board of Education only inspects as to the general efficiency of the school, the inspector of the local education authority will probably report on and give directions as to the suitability of the school to the district.

(c) Although the managers have the exclusive power of appointing and dismissing teachers—and may, if it is thought fit, in the case of assistant teachers and pupil teachers, appoint without reference to religious

authority (E. Act, 1902, s. 7 (7), (5)).

creed or denomination—yet the consent of the local education authority is required to :—

- (1.) Every appointment—such consent not, however, being withholdable except on educational grounds.
- (2.) Every dismissal—unless the dismissal be on grounds connected with the giving of religious instruction in the school.

As to the managers' duty to carry out directions of the local education authority with regard to the number, educational qualification, and dismissal of teachers on educational grounds, vide supra.

“**Pupil Teachers.**”—For appointment of these by local education authority under certain circumstances, see p. 54.

(II.) *(Conditions and provisions relating to the school premises.*

Under this head :—

Provision of school house (E. Act, 1902, s. 7 (1) (d), (4)).

- (a) The managers are to provide the school house free of charge, except for the teacher's dwelling-house, if any, to the local education authority for use as a public elementary school. The local education authority are also entitled to the use, for the purposes of the school, of any school furniture and apparatus belonging to the trustees and managers of any public elementary school not provided by a school board, and in use for the purposes of the school before the appointed day.

Sch. II. (14).

“**The School House.**”—Including presumably arrangements for the lighting and warming of the school, the local education authority having to provide the light and fuel.

“**Free of Charge.**”—Including any charge for ground rent, unless the same is charged in respect of the teacher's dwelling-house. These words mean free of charge to the public, but do not prevent any possible owner from letting the schools to the managers at a nominal or substantial rent. Such rent will have to be paid by the managers out of funds other than those provided by the local education authority, and must not be charged in the school accounts.

“**Public Elementary School.**”—See p. 21.

“**Trustees and Managers.**”—*Vide supra*, p. 83.

Chap. II.
Sect. 2.

“**Appointed Day.**”—*Vide supra*, p. 5.

(b) The managers must allow the local education authority, if such authority have no suitable accommodation in schools provided by them, to use any room in the school house out of school hours free of charge for any educational purposes, but such obligation is not to extend to more than three days in the week.

Use of school house out of school hours by local education authority (E. Act, 1902, s. 7 (1) (c)).

The local education authority is also liable to make good any damage caused to the room by reason of such use other than damage arising from fair wear and tear.

Local education authority liable to make good damage (E. Act, 1902, s. 7 (2)).

“**Suitable Accommodation.**”—The existence or not of such accommodation will in case of dispute be a question for the Board of Education to decide (*vide infra*, p. 92).

“**Schools Provided by them.**”—As to this see p. 22.

“**Fair Wear and Tear.**”—This is a question of fact which if disputed will be determined by the Board of Education under sect. 7 (3), E. Act, 1902 (*vide infra*, p. 92) (a).

(c) The managers must out of funds provided by them keep the school house in good repair, and make such alterations and improvements in the buildings as may be reasonably required by the local education authority, but such damage as the local education authority consider to be due to fair wear and tear in the use of any room in the school house for the purpose of a public elementary school is to be made good by the local education authority.

Managers liable for repairs (E. Act, 1902, s. 7 (1) (d)).

“**Out of Funds Provided by them.**”—Including (a) any rent received in respect of the teacher's dwelling-house (*vide supra*, p. 90); (b) fees where chargeable (*vide*, p. 136); (c) endowments (*vide*, p. 145); (d) subscriptions. The local education authority has no control over the expenditure of such funds. No personal liability is cast upon the managers; they are liable only in so far as they have funds at their disposal from any source. They

(a) Dilapidations caused by the friction of the air, exposure, and ordinary use have been held to be covered by the words “reasonable wear and tear.” *Terrell v. Murray*, T. L. R. xvii. 570.

Part II.

should, however, be careful not to contract with third parties unless actually or constructively in funds, as they may otherwise incur personal liability to such parties. Managers are also entitled to any parliamentary grant due before the "appointed day." See p. 123.

"School House."—Including the teacher's dwelling-house, playground (if any), and the offices and premises belonging to or required by a school (E. E. Act, 1870 (33 & 34 Vict. c. 75), s. 3).

"Good Repair."—In the case of leases these words are to be construed with reference to the subject matter, regard being had to the age, class, and general condition of the premises when the term commenced. Good repair has been held to be much the same as tenantable repair, which has been defined as such repair as having regard to the age, character, and locality of the premises would make it reasonably fit for the occupation of a reasonably-minded tenant of the class who would be likely to take it.

See *Paine v. Haine*, 16 M. & W. 541; *Proudfoot v. Hart*, 25 Q. B. D. 42.

"The Buildings."—See "School House," *supra*.

"As may Reasonably be Required."—In case of dispute the Board of Education will decide (*vide infra*).

"Fair Wear and Tear."—It is to be noted that whereas the local education authority is not liable for damages due to fair wear and tear if it arise when they are occupying the school house out of school hours (*vide supra*), they are so where such damage is caused in connection with elementary education to the extent to which they may consider themselves so liable. Should the local education authority consider themselves not liable, it is questionable whether an appeal would lie to the Board of Education under sect. 7 (3), but presumably not.

Managers
liable for
damage to
school furni-
ture (E. Act,
1902, s. 7 (2)).

(d) The managers of the school in respect of the use by them of the school furniture out of school hours are to be liable to make good any damage caused to such furniture by reason of that use (other than damage arising from fair wear and tear).

"Fair Wear and Tear."—This is a question of fact which if disputed will be determined by the Board of Education (*vide infra*).

Managers to
leave room in
proper con-
dition (*ibid.*).

(e) The managers are to take care that after the use of a room in the school by them the room is left in proper condition for school purposes.

Should any question in connection with the foregoing conditions and provisions arise between the local education authority and the managers of a school not provided by the authority, that question, subject to what has been said as to directions (p. 89), is to be determined by the Board of Education.

Chap. II.
Sect. 2.

Appeal to
Board of
Education (E.
Act, 1902, s. 7
(3)).

The managers are to have the control of the religious instruction given in such schools, such religious instruction being as regards its character in accordance with the provisions (if any) of the trust-deed relating thereto. But nothing in the sub-sect. is to affect any provision in a trust-deed for reference to the bishop, or superior ecclesiastical or other denominational authority, the power of deciding whether the character of the religious instruction is or is not in accordance with the provisions of the trust-deed.

Control of
managers over
religious in-
struction (E.
Act, 1902, s. 7
(6)).

The above provision of the Act of 1902 is known as the "Kenyon-Slaney clause," having been introduced by Major Kenyon-Slaney.

The sub-section consists of two parts, the first dealing with the nature of the religious teaching to be given, and the second with the control of administration. The first part deals with doctrine, and the second with machinery. As to the first part, if the trust-deed makes no provision for determining any questions of difference as to what the doctrine of the Church of England may be, the question in the last resort will have to be determined by the Court of Chancery. The Courts will also have to determine any question of that kind when there is no trust-deed at all, and where there are any circumstances from which a trust can be implied in favour of the tenets of one denomination or another. But where the trust-deed provides that cases of difference, in relation to ecclesiastical teaching, are to be determined by some ecclesiastical authority, the clause does not in the slightest degree interfere with the functions of such authority to determine what the doctrine of the Church of England is. And if a question should arise as to whether a particular doctrine is a doctrine of the Church of England, if the trust-deed provides for the decision of that point by the bishop, his decision must be obtained, and it will be the duty of the managers to loyally carry it out. Should the managers infringe the terms of the trust as regards the character of the religious instruction as defined by the bishop, on reference to him under the terms of the trust-deed, the proper remedy would be an information in the name of the Attorney-General.

As to the second part of the clause, dealing with the manage-

Part II.

ment of the religious teaching—how it is to be given, and by whom—the managers have full control, and no appeal lies against their decision, and should the trust-deed happen to provide that the teaching is to be under the superintendence of the rector, such superintendence will now, under the sub-section, be subject to the control of the managers.

Transfer of schools and endowments by managers (E. E. Act, 1870, s. 23).

The managers of any elementary school within the area for which a local education authority act may make an arrangement with the local education authority for transferring their school to the local education authority, and the local education authority have power to consent to such an arrangement.

“**Elementary School.**”—See p. 22.

“**Make an arrangement.**”—For the machinery by which such an arrangement is to be carried out, see sect. 23, E. E. Act, 1870, p. 202.

E. E. Act, 1870, s. 23.

Such an arrangement may provide :—

- (a) For the absolute conveyance to the local education authority of all the interest in the school house possessed by the managers or by any person who is trustee for them or for the school ; or
- (b) For the lease of the same, with or without any restrictions, and either at a nominal rent or otherwise to the local education authority ; or
- (c) For the use by the local education authority of the school house during part of the week, and for the use of the same by the managers or some other person during the remainder of the week ; or
- (d) For any arrangement that may be agreed on.

The arrangement may also provide :—

- (a) For the transfer on application of any endowment belonging to the school ; or
- (b) For the local education authority undertaking to discharge any debt charged on the school not exceeding the value of the interest in the school house or endowment transferred to them.

“**School House.**”—For what this term includes see p. 91.

Power of managers to

Where such an arrangement is made, the managers may, whether the legal interest in the school house or endowment is

vested in them or in some person as trustee for them or the school, convey to the local education authority all such interest in the school house and endowment as is vested in them or in such trustee, or such smaller interest as may be required under the arrangement. But the managers may not so transfer any property which is not vested in them, or a trustee for them, or held in trust for the school; and where any person has any right given him by the trusts of the school to use the school for any particular purpose independently of the managers, no arrangement authorising any interference with such right can be made except with the consent of such person.

Chap. II.
Sect. 2.
convey all
interests
vested in them
or trustees
(*ibid.*).

Where the school has been so transferred to a school board or to a local education authority, the local education authority may, by resolution with the consent of the Board of Education, re-transfer any school or interest in a school to a body of managers qualified to hold the same under the trusts of the school as they existed before such transfer, and upon such re-transfer may convey all the interest in the school house and in any endowment belonging to the school vested in the local education authority. The school upon such re-transfer ceases to be a "provided school," and is to be held upon the same trusts as it was before its transfer to the local education authority or school board.

E. E. Act,
1870, s. 24.

"Resolution."—The requisite majority for passing such resolution is not less than two-thirds of those members of the local education authority who are present at a meeting duly convened for the purpose, and vote on the question.

"Consent of Board of Education."—The Board cannot give their consent unless they are satisfied that any money expended upon such school out of a loan raised by the school board or local education authority of such district or area has been, or will, on the completion of the re-transfer, be repaid to the local education authority.

"Body of Managers qualified to hold . . . under the Trusts of the School as they existed before the Transfer."—These words, and those lower down directing that the school is to be held upon the same trusts as before the transfer, must be read as modified by the E. Act, 1902, which may have affected the constitution of such a body of managers, and the disposition of the endowments. See p. 79.

Part II.

Transfers to be treated as provision of new schools (E. Act, 1902, s. 8 (3)).

Any transfer of a public elementary school to or from a local education authority is now by the E. Act, 1902, to be treated for the purposes of sect. 8 of that Act as the provision of a new school. *As to the provision of new schools under the Act, see p. 25.*
As to power of managers to purchase school house or site, see p. 86.

SECT. III.—PROCEDURE OF THE MANAGING BODY.

Appointment of chairman and regulation of proceedings (E. Act, 1902, Sch. I. B. (1)).

The body may choose their chairman, except in cases where there is an *ex-officio* chairman, and regulate their quorum and proceedings in such manner as they think fit, subject however :—

- (a) In the case of a provided school to any direction of the local education authority providing the school ;
- (b) In *all* cases to the quorum being not less than three, or one-third of the whole number of managers, whichever is the greater.

Holding of meetings (Sch. I. B. (6) (7)).

A meeting must be held at least once in every three months.

Any two managers may convene a meeting of managers.

Determination of questions. Chairman's casting vote (Sch. I. B. (2)).

Every question at a meeting is to be determined by a majority of the votes of the managers present and voting on the question, the chairman, in the case of an equal division of votes, giving a second or casting vote.

Proceedings not invalidated by vacancy (Sch. I. B. (3)).

The proceedings of a meeting are not invalidated by any vacancy in the number of the body of managers, or by any defect in the election, appointment, or qualification of any managers.

Minutes to be kept (Sch. I. B. (8)).

The minutes of the proceedings are to be kept in a book provided for the purpose.

Signed minutes made evidence (Sch. I. B. (9)).

A minute of the proceedings, signed at the same or at the next ensuing meeting by a person describing himself as, or appearing to be, chairman of the meeting at which the minute is signed, is to be received in evidence without further proof.

Inspection of minutes (Sch. I. B. (10)).

The minutes are to be open to inspection to the local education authority.

Due constitution of managing body to be assumed until contrary proved (Sch. I. B. (11)).

Until the contrary is proved, a body of managers is to be deemed to be duly constituted and to have power to deal with the matters referred to in their minutes.

SECT. IV.—DEVOLUTION BY THE LOCAL EDUCATION
AUTHORITY OF ITS POWER OF MANAGEMENT.

Chap. 11.
Sect. 4.

The local education authority may make arrangements with the council of any county, borough, district, or parish (whether a local education authority or not), for the exercise by such council, on such terms, and subject to such conditions as may be agreed on, of any powers of the authority in respect of the management of any school or college within the area of the council.

E. Act, 1902,
s. 20 (a).

Devolution of Powers of Management.—This power may be very useful where non-county boroughs or urban districts relinquish their powers and duties under the Act as to elementary education (see p. 74), as the county council may devolve its powers in respect of the management of any school within such borough or urban district on the borough or district council.

“The Council of any Parish.”—The L. G. Act, 1894, provides :—

That there shall be a parish council for every rural parish which has a population of 300 and upwards (sect. 10).

Rural parish means every parish in a rural sanitary district (sect. 1 (2)) ; and the area of a rural sanitary district is the area of any union which is not coincident in area with an urban district, not wholly included in an urban district, excepting those portions, if any, of the area, which are included in an urban district, (P. H. Act, 1875 (38 & 39 Vict. c. 55), s. 9).

The council consists of a chairman and councillors, for both of which women, married or single, are eligible (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 3 (1) (2)).

It is a body corporate with perpetual succession, and power to hold land for the purposes of their powers and duties without licence in mortmain (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 3 (9)).

The parish council must hold not less than four meetings a year, of which one must be the annual meeting (*ibid.* Sch. I. r. 13).

The annual meeting must be held on or within seven days of the 15th of April (Parish Councillors (Tenure of Office) Act, 1899 (62 & 63 Vict. c. 10), s. 1 (5)).

The parish council may appoint committees, consisting either wholly or partly of members of the council, for the exercise of any powers which, in the opinion of the council, can be properly exercised by committees, but a committee cannot hold office beyond the next annual meeting of the council, and its accounts must be submitted to the council for their approval (L. G. Act, 1894 (56 & 57 Vict. c. 73), s. 56 (1)).

The quorum, proceedings, and place of meeting of a committee,

Part II.

whether within or without the parish, and the area (if any) within which the committee are to exercise their authority, are such as may be determined by regulations of the council or councils appointing the committee. Subject to such regulations, the quorum, proceedings, and place of meeting, whether within or without the parish, is to be such as the committee direct, and the chairman at any meeting has a second or casting vote (L. G. Act, 1894 (56 & 57 Vict. c. 73), Sch. I. Part IV.).

“ Powers of the Authority in respect of the Management of any School.”—In the case of non-provided schools these words presumably refer to the powers, of giving directions as to secular instruction, including directions with respect to the number and educational qualifications, and dismissal on educational grounds of teachers (see p. 88) ; of inspecting schools (see p. 89) ; of consenting to the appointment and dismissal of teachers (see pp. 89, 90) ; and of appointing pupil teachers under certain circumstances (p. 54).

In the case of “ provided ” schools the managing body only deals with such matters, and subject to such conditions and restrictions as the local education authority determine (E. Act, 1902 (2 Edw. VII. c. 42, Sch. I. B. (4)). In such cases, therefore, it would appear to be entirely in the discretion of the authority as to whether they will delegate the whole or any and what powers to a council.

It would seem open to question whether the words “ Any powers . . . in the respect of management ” include the power of the authority to appoint managers. They may possibly do so, in which case it would be competent in a county council to surrender its power of appointing managers in the case of the schools of non-county boroughs or urban districts relinquishing their rights as elementary education authorities under sect. 20 (b) (see p. 74), and by thus putting the appointment of the managing body entirely in the hands of the council to delegate the whole management of such schools to the borough or urban district (*vide supra*, p. 97).

“ College.”—This expression includes any educational institution whether residential or not (E. Act, 1902, s. 24 (4)).

PART III.

HIGHER EDUCATION.

CHAPTER I.

HIGHER EDUCATION UNDER THE EDUCATION ACT, 1902.

SECT. I.—POWERS AND DUTIES OF THE LOCAL EDUCATION AUTHORITY.

It is the duty of the local education authority :—

- (a) To consider the educational needs of their area.
- (b) To take such steps, as seem to them desirable, after consultation with the Board of Education to :—
 - (i.) Supply, or aid the supply of education other than elementary ;
 - (ii.) Promote the general co-ordination of all forms of education.

E. Act, 1902,
s. 2 (1).

“ **It is the Duty of the Local Education Authority.** ”—The failure to consider the educational needs of their area by the local education authority would seem to be a breach of duty enforceable by mandamus under sect. 17, E. Act, 1902 (see p. 75) ; but the further duty of taking steps to supply or aid the supply of education, &c., would scarcely seem to be so enforceable if the local education authority, after a *bonâ fide* consideration of the matter, do not consider it desirable.

For mandamus see p. 75.

As to the local education authority for higher education see p. 9.

“ **To Supply or Aid the Supply of Education.** ”—This power includes :

- (i.) The power to make provision for the purpose outside their

Part III.

area in cases where the local education authority consider it expedient to do so in the interest of their area (E. Act 1902, s. 23 (2)).

- (ii.) The power to provide or assist in providing scholarships for, and to pay or assist in paying the fees of, students ordinarily resident in the area of the local education authority at schools or colleges or hostels within or without that area (*ibid.* (2)).
- (iii.) The power to train teachers (E. Act, 1902, s. 22 (3)).
- (iv.) To supply or aid the supply of *any* education except where that education is given at a public elementary school (*ibid.*).

“*Any Education.*”—It will accordingly be possible for the local education authority to supply elementary education out of higher education funds where this is necessary, and, conversely, higher education may be given out of elementary education funds, with the consent of the Board of Education, where no suitable higher education is available within a reasonable distance of a public elementary school. See E. Act, 1902, s. 22 (2), p. 1, *supra*.

“*Public Elementary School.*”—See p. 21.

For the funds available for higher education purposes see p. 156.

Concurrent powers of boroughs and urban districts (E. Act, 1902, s. 3).

The council of any non-county borough or urban district have power *as well as* the county council to spend such sums as they think fit for the purpose of supplying or aiding the supply of education other than elementary.

For the amount which such councils may raise out of rates see p. 158.

“**For the Purpose of Supplying or Aiding the Supply of Education other than Elementary.**”—As to what this power includes, *vide supra*. It will be noted that the exercise of this power in the case of a non-county borough and urban district council is optional only, and in the case of a borough or urban district which is a local education authority may be relinquished (E. Act, 1902, s. 20 (b)). See also Circular of Board of Education, 470, II. (4), p. 407).

Matters to be regarded in exercising powers as to higher education (E. Act, 1902, s. 2 (2)).

A council in exercising their powers in respect of higher education are to have regard to:—

- (a) Any existing supply of efficient schools or colleges ;
- (b) Any steps already taken for the purpose of higher education under the Technical Instruction Acts, 1889, 1891.

“ **A Council.**”—Including those of non-county boroughs and urban districts.

Chap. I.
Sect. 1.

“ **Technical Instruction Acts.**”—These Acts are repealed by E. Act, 1902, Sch. IV. Part I.

In the application of money for the above purposes, any council must comply with the following provisions :—

Religious instruction (E. Act, 1902, s. 4 (1)).

- (a) In any school, college, or hostel aided but not provided by them, they cannot require any particular form of religious instruction or worship, or any religious catechism or formulary which is distinctive of any particular denomination to be taught or not taught, used, or practised ; and
- (b) In any school, college, or hostel provided by them :—
 - (i.) No pupil may, on the grounds of religious belief, be excluded from or placed in an inferior position in such school, college or hostel ;
 - (ii.) No catechism or formulary distinctive of any particular denomination is to be taught or used in any such school, college or hostel, except in cases where the council, at the request of the parents of scholars, at such times and under such conditions as the council thinks desirable, allow any religious instruction to be given in the school, college, or hostel, otherwise than at the cost of the council.

“ **Where the Council . . . allow any Religious Instruction.**”—In exercising their power of allowing religious instruction to be given, the local education authority must not show any unfair preference to any religious denomination (E. Act, 1902. s. 4 (1)).

The above two provisions were framed to deal with the subject of training colleges. The ways in which the training of teachers is provided for are as follows :—

- (i.) By residential training colleges (mostly denominational) ;
- (ii.) By day training colleges ;
- (iii.) By hostels for students attending a denominational training college, although not of that denomination.

The provisions recognise all three ways, and both denominational and undenominational training. For whilst by (a) the denominational colleges are safeguarded, (b) (ii.), by applying a modified form of Cowper-Temple clause to higher education, secures

Part III.

undenominational training in all colleges and hostels provided by the local education authority. The view of the Government expressed in committee on the Bill was that undenominational training would be most effectually provided by the erection of undenominational training colleges and hostels in connection with day-training colleges attached to a university. It was also then stated that in support of such hostels, annual grants from the Exchequer would be made in the case of students resident in such hostels to the like amount as is already done in the case of students in residential training colleges, viz., a sum not exceeding £50 for each man and £35 for each woman (*D. S. Code, 1903, Art. 125 (b), p. 668*). For grants to training colleges see *D. S. Code, 1903, Arts. 122—129*.

“*Residential Training College.*”—This is defined as an institution for boarding, lodging and instructing students who are preparing to become certificated teachers in elementary schools; but such a college may receive day students. Institutions for boarding, lodging and instructing blind students who are preparing to become teachers in schools for the blind may be recognised as a training college (*D. S. Code, 1903, Art. 111*).

“*Day Training College.*”—This is defined as an institution for merely instructing students who are preparing for being certificated teachers in elementary schools. Such a college must be attached to some university or college of university rank. The authorities of such a college must be a local committee, who will be held responsible for the discipline and moral supervision of the students, for due care as regards their board and lodging, and for regular attendance at professorial or other lectures (*D. S. Code, 1903, Art. 112*), p. 661.

Training colleges are required to include, either on their premises or within a convenient distance, a practising school in which students may learn the practical exercise of their profession (*ibid.* Art. 111, p. 661).

E. Act, 1902.
s. 4 (2).

(c) In any school or college receiving a grant from or maintained by a council :—

(i.) A day or evening scholar is not to be required as a condition of being admitted into or remaining in the school or college to attend or abstain from attending any :—

(a) Sunday school ; or

(β) Place of religious worship ; or

(γ) Religious observance ; or

(δ) Instruction in religious subjects

in the school or college or elsewhere ;

- (ii.) The times of religious worship, or for any lesson on a religious subject, is to be conveniently arranged for the purpose of allowing the withdrawal of any such scholar therefrom.

Chap. I.
Sect. 1.

It will be noted that the above is an application of the "Conscience Clause" (E. E. Act, 1870, s. 7) to higher education in the case of day and evening scholars.

As to the power of a county or borough council, or, with the consent of the Board of Education, an urban district council, to empower a school board to carry on up to the "appointed day" the work of any school or class not lawfully maintainable by such school board out of the school fund, see E. Act, 1901; E. Act 1901 (Renewal) Act, 1902, p. 269; E. Act, 1902, s. 27 (3), p. 285.

"*Appointed Day*."—See p. 5.

"**Devolution of Powers of Management.**"—For this power, E. Act, 1902, which exists also in the case of higher education, see p. 96. s. 20 (b).

CHAPTER II.

INTERMEDIATE AND TECHNICAL EDUCATION UNDER THE WELSH INTERMEDIATE EDUCATION ACT, 1889.

SECT. I.—THE JOINT EDUCATION COMMITTEE.

Part III.

Welsh Inter-
mediate Edu-
cation Act,
1889, s. 5.

THE Welsh Intermediate Education Act of 1889 (52 & 53 Vict. c. 40) which, as provided by its first section, came into force on the 1st of November of that year, had for its purpose the making of further provision for the intermediate and technical education of the inhabitants of Wales and the county of Monmouth (see sect. 2). The machinery whereby it was proposed to effect that purpose was as follows:—There was to be appointed in every administrative county and county borough, within the meaning of the L. G. Act of 1888 in Wales and Monmouthshire, a committee of the council of such county or county borough, termed a joint education committee, and consisting of three persons nominated by the county council and two nominated by the Lord President of Her Majesty's Privy Council, the two latter "being persons well acquainted with the condition of Wales and the wants of the people," preference being given to residents within the county for which such joint committee was appointed.

"Intermediate and Technical Education."—Unless there is something in the context inconsistent therewith, the expression "intermediate education" means a course of education which does not consist chiefly of elementary instruction in reading, writing, and arithmetic, but which includes instruction in Latin, Greek, the Welsh and English languages and literature, modern languages, mathematics, natural and applied science, or in some of such studies, and generally in the higher branches of knowledge, but nothing in this Act shall prevent the establishment of scholarships in higher or other elementary schools;

The expression "technical education" includes instruction in—

- (i.) Any of the branches of science and art with respect to which grants are for the time being made by the Department of Science and Art;
- (ii.) The use of tools, and modelling in clay, wood, or other material;
- (iii.) Commercial arithmetic, commercial geography, book-keeping, and shorthand;
- (iv.) Any other subject applicable to the purposes of agriculture, industries, trade, or commercial life and practice, which may be specified in a scheme, or proposals for a scheme, of a joint education committee as a form of instruction suited to the needs of the district;

but it shall not include teaching the practice of any trade, or industry, or employment. (See Welsh Intermediate Education Act (52 & 53 Vict. c. 40), s. 15.)

It was the duty of these joint education committees to submit to the Charity Commissioners a scheme or schemes for the intermediate and technical education of the inhabitants of their county, either alone, or in conjunction with the inhabitants of any adjoining county or counties, specifying in each scheme the educational endowments within their county, which in their opinion ought to be used for the purposes of such scheme. The schemes so submitted were to be dealt with by the Commissioners as schemes under the Endowed Schools Acts, 1869—1874, and accordingly they were ultimately sanctioned by an order of the Queen in Council, with or without having been previously laid before both Houses of Parliament. Instead, however, of submitting schemes to the Commissioners, the joint education committee might, if they so preferred, submit under sub-sect. 7 of sect. 3 of the Act proposals for a scheme (52 & 53 Vict. c. 40, s. 3 (7)).

Although the joint education committees under the Act were speedily formed and the work commenced in most cases with vigour, it was not until December, 1890, that proposals for a scheme were received by the Commissioners from Carmarthenshire; nor before May, 1896, had schemes been approved by the Crown for all the counties and county boroughs. (For list of these see p. 115.)

The course almost universally followed was to submit proposals for schemes under sect. 3 (7) of the Act, rather than complete draft schemes under sect. 3 (1). The proposals, although, as was naturally

Chap. II. ...

Part III.

to be expected, displaying many differences in detail, yet possessed many features in common—a result due in large measure to a series of conferences of joint education committees held while the schemes for the several counties were in course of preparation. The powers conferred by the Act on the joint education committees were limited in the first instance to a period of three years, during which time the powers of the Charity Commissioners to frame schemes, except as provided by the Act, for educational endowments in Wales and Monmouthshire, were suspended, unless the consent of the Education Department to their exercise was obtained (see sect. 11 of the Act, p. 301). The powers of the committees, which would thus have expired in November, 1892, have been extended from year to year by the Expiring Laws Continuance Acts, up to 31st December, 1902. See 1 Ed. VII. c. 33, s. 1 (1), Schedule Part I.

“**Charity Commissioners.**”—The Board of Education Act, 1899 (62 & 63 Vict. c. 33), s. 2 (2), provides that it shall be lawful for Her Majesty in Council, from time to time, by Order to transfer to, or make exercisable by, the Board of Education any of the powers of the Charity Commissioners . . . in matters appearing to Her Majesty to relate to education, and that the Order may make such provision as appears necessary for applying to the exercise of those powers by the Board of Education the enactments relating to the Charity Commissioners. Provided that any question as to whether an endowment or any part of an endowment is held for or ought to be applied to educational purposes shall be determined by the Charity Commissioners.

By virtue of the above section an Order dated the 24th July, 1901, and which may be cited as the Board of Education (Powers) Order in Council, 1901, provides:—

1.—(1.) The powers conferred on the Charity Commissioners by the Charitable Trusts Acts, 1853 to 1894, and by the Endowed Schools Acts, 1869 to 1889, to frame, approve, certify, establish, and amend schemes shall, so far as those powers are exercisable in respect of any endowment held solely for educational purposes in England and Wales, and so far as they have not already been transferred to the Board of Education, be transferred to that Board.

Provided that a scheme made by the Board of Education shall not contain provisions requiring or authorising any land or funds belonging to any such endowment to be vested or transferred in, to, or from the Official Trustee of Charity Lands or the Official Trustees of Charitable Funds otherwise than by Order of the Charity Commissioners.

(2.) Where the Charity Commissioners, in exercise of the powers conferred on them by the Charitable Trusts Acts, 1853 to 1894, or the Endowed Schools Acts, 1869 to 1889, determine, by

scheme or otherwise, in respect of any endowment held partly for educational purposes and partly for other purposes, what part of the endowment is held for educational purposes, that part shall, for the purposes of this Order be treated as an educational endowment held solely for educational purposes.

(3.) For the purposes of the transfer effected by this section the provisions of the Charitable Trusts Acts, 1853 to 1894, and the Endowed Schools Acts, 1869 to 1889, shall apply with the modifications and adaptations set forth in the schedule of this Order. (*Vide infra.*)

(4.) In any scheme made before the commencement of this Order relating to an endowment held solely for educational purposes, provisions empowering the Charity Commissioners to make amending schemes and to make rules, regulations, and forms, and any rules, regulations, and forms made by the Charity Commissioners, before the commencement of this Order in pursuance of any such power, shall have effect as if in those provisions and in those rules, regulations, and forms, references to the Board of Education were substituted for references to the Charity Commissioners.

2.—Provisions in any scheme made before the commencement of this Order empowering the Charity Commissioners by Order to direct the manner in which a school shall be examined in any year, or directing the Governing Body to send a copy of the examiner's report to the Charity Commissioners, shall have effect as if in any such scheme references to the Board of Education had been substituted for references to the Charity Commissioners.

SCHEDULE.

MODIFICATIONS AND ADAPTATIONS.

In such of the provisions of the Charitable Trusts Acts, 1853 to 1894, and of the Endowed Schools Acts, 1869 to 1889, as relate to the framing, approving, certifying, establishing, and amending of schemes, or to the powers and duties and proceedings incidental thereto or consequential thereon, for references to the Charity Commissioners and their officers shall be substituted references to the Board of Education and their officers respectively.

The Board of Education shall, before finally settling the draft of any scheme framed under the Endowed Schools Acts, 1869 to 1889, or any of them, cause all such steps to be taken as are by those Acts required to be taken before any such scheme is submitted for approval to the Committee of Council on Education, and such final settlement shall take the place of the approval required by those Acts, and accordingly the Board of Education shall cause the scheme to be published and circulated in such manner and together with such notice as is required by sect. 13 of the Endowed Schools Act, 1873, and the like proceedings may be taken with respect to a scheme so settled as may under the Endowed

Part III. Schools Acts, 1869 to 1889, be taken with respect to a scheme approved by the Committee of Council on Education.

The report required by sect. 16 of the Endowed Schools Act, 1873, to be made to the Committee of Council on Education shall be made to His Majesty the King.

See the Order and those of 7th August, 1900, and 11th August, 1902, at pp. 452, 455, 457.

“ Educational Endowments. ”—By sect. 12 of the Act:—

- (i.) An educational endowment within the county of a joint education committee means any educational endowment which is applied in the county or is appropriated for the benefit of the natives or inhabitants of the county, or of some of such natives or inhabitants, or their children; or
- (ii.) Where the benefits of such endowment are divisible between two counties or between the counties in Wales and the county of Monmouth, or any of them, and any place outside of Wales and the county of Monmouth, then means so much of the endowment as the Charity Commissioners may determine to be applicable for the benefit of the county of the joint education committee.
- (iii.) Any school or endowment of a school to which sect. 75 of the E. E. Act, 1870, applies, and any endowed school to which sect. 3 of the Endowed Schools Act, 1873, applies, if the school is in the county of a joint education committee under the Act is, for the purposes of the Endowed Schools Acts and the Welsh Intermediate Education Act, an educational endowment or endowed school within the county of such committee.

For sect. 75 of the E. E. Act, 1870, see p. 213.

SECT. II.—THE COUNTY GOVERNING BODY.

County govern-
ing body.

A central governing body is constituted in the case of each county and county borough, consisting of a varying number of representative governors—the average is about twenty-three—and of a much smaller number, generally two or three, of co-optative governors. In every case a majority of the body is appointed by the county council, and in every case at least one governor is appointed by a Welsh University College. The remainder are appointed by the district governing bodies, by co-optation, and in some cases by the head teachers of public elementary schools in the county. Each county borough is represented on the governing body of the county in which it geographically

lies, and gives to the county an equivalent representation on its own governing body. In each of the three county boroughs there is also provision for the representation of the school board, and in two out of the three for representation of duly constituted managers of public elementary schools not provided by school boards.

Chap. II.
Sect. 2.

“**County Governing Body.**”—The E. Act, 1902, sect. 17 (8) provides that any scheme for establishing an education committee of the council of any county or county borough in Wales or of the county of Monmouth or county borough of Newport, shall provide that the county governing body constituted under the Welsh Intermediate Education Act, 1889, for any such county or county borough shall cease to exist, and shall make such provision as appears necessary or expedient for:—

- (i.) The transfer of the powers, duties, property and liabilities of any such body to the *local education authority* under that Act: and
- (ii.) Making the provisions of the section (17) applicable to the exercise by the local education authority of the powers so transferred.

“*Education Committee.*”—See p. 11.

“*Powers, Duties, Property and Liabilities.*”—These words are to have the same meaning unless the context otherwise requires as under the L. G. Act, 1888 (E. Act, 1902, s. 24 (3)). See p. 5.

The county governing body has a general control of the county organisation, partly through its position as receiver and distributor of the county fund, and partly by virtue of special functions which affect all the county schools. Among such functions are the making of arrangements for—the examination and inspection of schools in concert with the Central Welsh Board, for travelling teachers in special subjects, and for exhibitions to take pupils from the schools to places of higher education; the organisation of a pension fund for teachers; and the framing of general regulations for the guidance of district bodies in the administration of the district scholarship funds. The county governing body has also the important function of making arrangements with the governing body of any other county for the benefit of scholars on the borders or otherwise.

Functions of
county govern-
ing body.

Part III.

There are, however, two or three points in respect of which the county governing body is in almost every county directly concerned with the actual management of the several schools. These are the provision of school buildings, the extension of the school curriculum beyond the subjects named in the scheme, and the appointment or dismissal of the head-master or head-mistress.

SECT. III.—THE DISTRICT GOVERNING BODY.

Organisation
of county by
districts.

The county is divided into districts, called "school districts" in cases where a county school is established, and "scholarship districts" in other cases. Each district has its own governing body, which is also as a rule the governing body of any county school or schools within the district.

The district
governing
body.

The district governing body, where there is a school, varies in number from eleven to twenty-one, and in scholarship districts is usually below the former figure. Its constitution varies also very considerably in different localities, but it contains in all cases representatives of the county council, of urban and rural local authorities in the district, and of the elementary education authorities (school boards and managers). Parents of scholars, donors and subscribers are also provided for in some cases. With but very few exceptions, the election of a minimum number of women is secured on the governing body of every district in which there is to be a school.

Broadly speaking, the district governing body is responsible for local finances and the ordinary management of school affairs, and administers the scholarship fund of the district.

"A Scholarship District."—Such a district is constituted where a group of parishes is too small to support a school of its own, and too remote from any county school to be able to get its fair proportion of advantage therefrom without special expense and difficulty. In such a case the district is given its own share of the county fund, and provision is made for the application of the money in the maintenance of scholarships tenable at any county school, or in the maintenance of an upper department in connection with some public elementary school in the district.

SECT. IV.—THE CENTRAL WELSH BOARD OF
INTERMEDIATE EDUCATION.

Chap. II.
Sect. 4.

This Board, which was constituted by a scheme approved 13th May, 1896, has for its object the carrying out of the examination and inspection, upon the result of which the Treasury grant under sect. 9 of the Act depends.

The scheme establishes two bodies, a board consisting of 80 members, and an executive committee consisting of 15 members of the board.

The board is composed of—

- 3 *ex-officio* members (being the principals of the three Welsh University Colleges);
- 71 representative members; and
- 6 co-optative members.

The representative members are appointed by the county councils, the county governing bodies under schemes, head-masters and head-mistresses of the county schools, certificated teachers of public elementary schools in Wales and Monmouthshire, the councils of the three University Colleges, the Senates of the same, the Principal and Fellows of Jesus College, Oxford, and the University of Wales, with the result that—

County councils appoint	21
County governing bodies	26
Head-masters and mistresses of county schools	5
Teachers of public elementary schools	5
University bodies	14

The executive committee is appointed by the board. Eight members must be chosen from the representatives of county councils and of county governing bodies, and the remainder from the other members of the board.

Members of both bodies hold office for three years.

The Charity Commissioners have the right to be represented at the meetings of both bodies by an assistant commissioner who is at liberty to take part in the proceedings, but not to vote.

The funds to be administered by the scheme are :—

- (a) A uniform yearly contribution to be paid by the county

Funds administered by the central board.

Part III.

governing body of each county and county borough, being not more than 5 per cent. of its total revenue for the preceding year.

- (b) A yearly contribution by the Treasury of £500.
- (c) Any additional donations or endowments which may hereafter be received.

Functions of
the central
board.

The functions of the board are declared to be :—

- (a) To provide and pay for the examination of all the county schools, for which purpose they are to fix the percentage of income to be paid by each county, and may further charge every county governing body a capita- tion fee at the rate of not more than 2s. 6d. for each scholar offered for examination in the county schools. It is also provided that the examination need not be the same for all schools, but that regard shall be had by the examiners to the teaching in each school as prescribed by the governors.
- (b) To provide and pay for the inspection of all the county schools, for which purpose there is to be a chief inspector, at a salary not exceeding 800l. a year exclusive of travelling expenses, who may also be employed in the discharge of other executive functions.
- (c) The provision for examination and inspection may be extended to any other school in Wales regulated by scheme under the Endowed Schools Acts, 1869—1889, provided that the charge to such school shall be not less than the actual cost.

The Board may further undertake the following functions, but may not, except in payment of expenses of organisation and management, apply their income to the objects specified :—

- (a) The organisation of a pension scheme for teachers in schools established by scheme under the Welsh Act.
- (b) The collection and circulation of information with regard to books, maps, and other apparatus. The Board may on certain conditions act as agents for the purchase of the same.

(c) The arrangement of conferences of governing bodies or of teachers.

Chap. II.
Sect. 4.

(d) Such other functions within the scope of the Endowed School Acts as the Board think fit.

The executive committee has, in accordance with regulations to be framed by the Board :—

Functions of
the executive
committee.

(a) To make the necessary arrangements for the examination and inspection of schools.

(b) To perform such other work as may be assigned to them by the Board.

(c) To prepare and submit to the Board, from time to time, proposals for the extension and development of the work of the Board.

(d) To appoint examiners.

(e) To appoint, and at pleasure dismiss, the chief inspector, clerk, and all other officers of the Board, subject to the approval of the Board in the case of the chief inspector and clerk.

“**Treasury Grant.**”—The following regulations were made by the Lords Commissioners of Her Majesty’s Treasury under sect. 9 of “The Welsh Intermediate Education Act, 1889,” June 20th, 1892:

1. The Treasury will in each year pay, subject to the conditions and reductions hereinafter stated, in aid of each school aided by a county, and subject to a scheme made under the Act, a grant equal to such part of the amount payable in that year in pursuance of the Act out of the county rate as may be designated in respect of the school by a schedule prepared by the county governing body and approved by the Charity Commissioners. The grant for each school shall fall due on such day as may be from time to time appointed by the Treasury.

2. The grant will be paid to the persons to whom the county council contribution is directed by scheme to be paid in pursuance of sect. 7, sub-sect. 2 of the Act.

3. The conditions required to be fulfilled by a school in order to obtain an annual grant under the Act are as follows:—

(a) The school must be efficient as regards instruction.

(b) The school premises must be healthy, and suitable for the purposes of an intermediate school.

(c) The school premises must provide sufficient accommodation for the scholars attending the school.

Part III.

- (d) The school must be supplied with suitable furniture and apparatus.
- (e) The school must be conducted in accordance with the scheme under which it is established.
- (f) The school must be open at all reasonable times to officers authorised by the Charity Commissioners and any returns or information called for by that Department must be duly furnished.
- (g) The school must be reported on by the Charity Commissioners in respect of the fulfilment of the preceding conditions or otherwise.

4. For the purpose of ascertaining whether these conditions are fulfilled there shall be an annual examination and inspection of the school. Such examination and inspection may be conducted by a Central Welsh Board for intermediate education, established by scheme under the Act, provided that such scheme is approved by the Treasury. The results of such examination and inspection shall be reported to the Charity Commissioners, and the Charity Commissioners will make such inquiry, and, in case of need, such further examination or inspection as they think necessary.

5. If the Charity Commissioners report to the Treasury that any of these conditions are not satisfied, the grant may be refused or may be reduced by such number of tenths as the Treasury may determine.

6 Any officer authorised in that behalf by the Charity Commissioners shall be at liberty to attend any meeting of the Central Welsh Board for intermediate education, or of any committee of that board, and to take part in the proceedings, but shall not have a right to vote. (Signed) R. E. WELBY.

"*On such day as may be from time to time appointed by the Treasury.*"—In cases where a change is made in the date at which the grant falls due, or where there is other sufficient reason, the grant may be made for a period greater or less than a year; and in that case it shall be proportionately increased or diminished.

FINANCE.

CHAPTER I.

INCOME.

SECT. I.—INCOME FOR ELEMENTARY EDUCATION PURPOSES.

THE possible sources of income for elementary education purposes are as follows :—

- (1) Annual grants.
- (2) School fees and contributions.
- (3) Endowments.
- (4) Rates.

All receipts to be paid to local education authority (E. Act, 1902, s. 18 (2)).

These are dealt with below in the above order, but before doing so it should be pointed out that all receipts in respect of any school maintained by a local education authority, including any parliamentary grant, but excluding sums specially applicable for purposes for which provision is to be made by the managers, are to be paid to that authority.

“ Any School Maintained by a Local Education Authority.”
—This of course includes non-provided schools, the local education authority being liable to maintain *all* public elementary schools (see p. 21), subject in the case of non-provided schools to the compliance of the managers with certain conditions and provisions (see pp. 88—92).

“ Parliamentary Grant.”—*Vide infra.*

“ Sums Specially Applicable for Purposes for which Provision is to be made by the Managers.”—This refers to managers of non-provided schools. Such sums would include (a) the rent of the teacher's dwelling-house, see pp. 90, 91 ;

INCOME FOR ELEMENTARY EDUCATION.

(b) endowments or portions thereof (see p. 195); (c) fees where charged (see p. 137); (d) subscriptions.

Chap. I.
Sect. 1.

The purposes for which the managers have to make provision are (a) repairs of school-house (see p. 91); (b) rent, if any, payable to the owner of the school (see p. 90); (c) damage caused to school furniture out of school hours (see p. 92); (d) expenses of putting room in proper condition for school purposes (see p. 92); liability for taxes, and rates in respect of the teacher's dwelling-house only (Voluntary Schools Act, 1897, s. 3), p. 259.

§ 1.—*Government Grants.*

(a) *Annual Parliamentary Grant.*

This grant is made up of the several grants which, with their amounts, are enumerated in the day school code (D. S. Code, 1903, Art. 95), p. 652.

In order to obtain this grant the conditions set forth in that code, commencing with Art. 76, see p. 648, must be fulfilled to the satisfaction of the Board of Education, whose decision is final and conclusive in the matter (Art. 76, D. S. Code, 1903). It must also be maintained under and comply with the provisions of sect. 7 of the E. Act, 1902 (E. Act, 1902, s. 7 (4)).

No school is placed on the annual grant list until an application has been addressed to the Secretary of the Board of Education, Whitehall, London, S.W., and a form of preliminary statement has been filled up and sent to the Board by the managers (Art. 19, D. S. Code, 1903), p. 638.

The Board employs inspectors to visit schools to inquire whether those conditions have been fulfilled and to report to the Board (Art. 18, D. S. Code, 1903), p. 638.

Before placing a school on the "annual grant list" the Board ascertain as far as possible whether these conditions are fulfilled, and if any one of them is clearly not satisfied the inspector is not instructed to visit the school (Art. 76, D. S. Code, 1903), p. 648.

The grant becomes payable on the first day of the month following the end of the school year. The school year being

Part IV.

the year or other period for which an annual parliamentary grant is for the time being paid or payable under the code.

See Letter of Board of Education as to payment in the case of financial difficulties, p. 438; and also Circular of the Board as to date of payment of instalments, p. 439.

Grants to schools for small populations (E. E. Act, 1876, s. 19).
E. Code (1890) Act, 1890, s. 2 (1).
E. Act, 1902, Sch. III. (1).

Should :—

- (1) The population of the parish (*a*) in which the school is situate, or the population within two miles measured according to the nearest road from the school, not exceed in each case the numbers as stated below; and
 - (2) There be no other school recognised by the Board of Education as available for that parish or population;
- then, on the recommendation of their inspector, the Board of Education may make the following grants :—
- (a) Where the population does not exceed 200, 15*l*.
 - (b) Where it exceeds 200 but is less than 300, 10*l*.
 - (c) Where it does not exceed 500, *and* the Board are satisfied that the school staff is sufficient, 10*l*.

Sufficient School Staff.—In this connection :

The principal teacher is considered to be sufficient for an average attendance of forty scholars.

An additional certificated teacher for forty scholars.

An assistant teacher for thirty scholars.

A pupil, additional, or provisional assistant teacher for twenty scholars.

A probationer for ten scholars.

This grant will, as a rule, be reduced by one-twelfth for any month during which the staff has not satisfied the above requirements subject to the provisions of Arts. 74, p. 648, and 82 (c), p. 649, of the Code as to vacancies in the course of a school year.

With regard to the above grants, it is to be noted that (c) is payable in all cases where the population is less than 500, but only provided the necessary conditions co-exist, and that it is payable in addition to all other grants including (a) or (b) where the circumstances are such that one of them is also payable. (a) and (b) are, where payable, to be additional to all other grants. Grants (a), (b), and (c) are not calculated on the average attendance (Day School Code. 1908, Arts. 104 and 105), p. 658.

(a) For "parish," "school district" is to be read (E. E. Act, 1870, ss. 4 and 10) in the case of areas where the E. Act, 1902, is not operative.

Where required for the purpose of:

- (1) Bringing the accounts of a school to a close before the end of the financial year of the school ; or
 - (2) Meeting any change consequent on the E. Act, 1902 ;
- the Board of Education may calculate and pay at such times and in such manner as they think fit any parliamentary grant in respect of any month or other period less than a year.

Chap. I.
Sect. 1.

Transitory provisions as to parliamentary grant (E. Act, 1902, Sch. II. (11)).

Any parliamentary grant payable to a public elementary school not provided by a school board in respect of a period before the appointed day is to be paid :

(*Ibid.*)
Sch. II. (12).

- (1) To the persons who were managers of the school immediately before that day and applied by them in payment of the outstanding liabilities on account of the school ;
- (2) So far as not required for the above purpose such grant is to be paid to the persons who are managers of the school under the E. Act, 1902, who are to apply it :
 - (a) For the purposes for which provision is to be made by them under the E. Act, 1902 : or
 - (b) For the benefit of any general fund applicable for those purposes.

But the Board of Education may, if they think fit, pay any share of the aid grant under the Voluntary Schools Act, 1897, allotted to an association of voluntary schools, to the governing body of that association, if such governing body satisfy the Board of Education that proper arrangements have been made for the application of any sum so paid (*a*).

“Appointed Day.”—That is 26th March, 1903, or such other day, not being more than eighteen months later, as the Board of Education may appoint; different days may be appointed for different purposes and for different provisions of the Act and for different councils (E. Act, 1902 (2 Edw. VII. c. 42), s. 26). See also p. 5, n.

“Managers of the School under the E. Act, 1902.”—As to who are to be managers in non-provided schools under the Act, see p. 79.

“For the Purposes for which Provision is to be made by them.”—As to this see p. 120.

“Any General Fund.”—It has been suggested that the governing bodies of voluntary school associations should administer:

(a) See Circular of Board of Education, p. 425.

Part IV.

such fund, the nucleus of which should be the amount of the aid grant under the Voluntary Schools Act due to the managers. See Circular of Board of Education, p. 425.

“**Aid Grant under the Voluntary Schools Act, 1897.**”—Such aid grant is now abolished (see p. 134).

“**Association of Voluntary Schools.**”—For a list of such associations, see p. 448.

“**To the Governing Body.**”—Not to the schools in each association as heretofore.

Should any adjustment be required, sect. 68 of L. G. Act, 1894 (see p. 8), is to apply. E. Act, 1902 (2 Edw. VII. c. 42, Sch. II. (22)).

(b) *Grants on Account of Blind and Deaf Children.*

E. E. (B. & D. Children) Act, 1893, s. 12.

Minute of Committee of Council on Education, 2nd April, 1894.

In the case of such children grants are made as follows :

For each blind or deaf child who has attended a certified school for not less than one month during the school year, grants may be allowed for each complete month of attendance :

(a) At the rate of *3l. 3s.* a year if such child has received with due regularity efficient elementary education other than manual instruction or industrial training, and his attainments are found to be satisfactory, regard being had to his necessary disqualifications.

(b) At the rate of *2l. 2s.* a year if such child has received with due regularity satisfactory instruction and made satisfactory progress in some course of manual instruction or industrial training approved by the Department.

Provided that all returns called for by the Department are duly made by the managers.

The term “certified school” means a school certified under sect. 2 of the E. E. (Blind and Deaf Children) Act, 1893.

Grants under this minute are not paid for any child in respect of any period for which grants are paid for the same child under the Code of Minutes of the Department in force for the time being with respect to the payment of the Parliamentary grant to public elementary schools.

(c) *Grants on Account of Defective and Epileptic Children.*

E. E. (D. & E. Children) Act, 1893, s. 7.

In the case of such children, where the necessary conditions are complied with (as to which see p. 492), grants will be paid

annually at the following rates for each unit of average attendance :—

Chap. I.
Sect. 1.

- For instruction other than manual instruction, 50s.
- For manual instruction of younger children, 30s.; older children, 40s.
- For each complete tenth of a unit of average attendance a tenth of the above grants will be paid.
- These grants are in lieu of the annual grants (*vide supra*) and the fee grant (*vide infra*), payable to ordinary public elementary schools. (Sects. I. (16), II. (11), III. (12) of the Minute (pp. 495, 498, 499).)

Minute of
Committee of
Council on
Education,
26th Feb.,
1900.

“ **Unit of Average Attendance.** ”—The “ average attendance ” in any period is found by dividing the total number of “ attendances ” made during that period by the number of times for which the school has met during the period (D. S. Code, 1903, Art. 14), p. 636.

The minimum time of attendance is attendance at secular instruction for an hour and a-half; time spent in recreation or registration must not be included in the minimum period of an hour and a-half (Minute of 26th February, 1900, I. (13), p. 494).

(d) *Grants in Respect of Certified Industrial Schools.*

In the case of certified industrial schools the Commissioners of the Treasury may from time to time contribute out of money provided by Parliament for the purpose such sum as the Home Secretary from time to time thinks fit to recommend towards the custody and maintenance of children detained in such schools; but such contributions are not to exceed 2s. per head per week for children detained on the application of their parents, step-parents, or guardians. The grant is also allowed for children sent temporarily to hospital in cases where there is a *bonâ fide* weekly charge, but if an absence of over three months is necessary the special sanction of the Secretary of State must be obtained.

(e) Grants in respect of Certified Day Industrial Schools.

E. E. Act, 1876, s. 16 (2). In the case of certified day industrial schools there may be contributed out of moneys provided by Parliament:

(a) In the case of children sent by an order of a court other

than an order of attendance made under the E. E. Act, 1876, towards the custody, industrial training, elementary education, and meals of such children, such sums not exceeding 1s. per head per week, and on such conditions as the Secretary of State from time to time recommends.

Chap. I.
Sect. 1.

In the case of a child received into such a school under an *attendance order* or *without an order of a court*, such sum not exceeding 6d. a week, and on such conditions as a Secretary of State from time to time recommends. *Ibid.*, s. 16 (4).

The following recommendations are now in force :—

Whereas it is enacted by the 16th and 17th secs. of the E. E. Act, 1876, as follows :

Recommendations of Home Secretary as to parliamentary grant, 9th May, 1892.

There may be contributed out of moneys provided by Parliament towards the custody, industrial training, elementary education, and meals of children sent by an order of a court other than an attendance order under this Act to a certified day industrial school such sum, not exceeding 1s. per head per week, and on such conditions as a Secretary of State from time to time recommends.

* * * * *

The managers of a certified day industrial school may, upon the request of a local authority and of the parent of a child, and upon the undertaking of the parent to pay towards the industrial training, elementary education, and meals of such child such sum, not less than 1s. a week as a Secretary of State from time to time fixes, receive such child into the school under an attendance order or without an order of a court; and there may be contributed out of moneys provided by Parliament in respect of that child such sum not exceeding 6d. a week and on such conditions as a Secretary of State from time to time recommends.

* * * * *

The conditions of a parliamentary contribution to a certified day industrial school, to be recommended by the Secretary of State, shall provide for the examination of the children according to the standards of proficiency for the time being in force for the purposes of a parliamentary grant to public elementary schools, but may vary the amounts of the contributions to be made in respect of such standards respectively.

Any conditions recommended by a Secretary of State for the purposes of contributions to a day industrial school shall be laid before Parliament in the same manner as Minutes of the Education Department relating to the annual parliamentary grant.

Now, in pursuance of the said Act, I, the Right Honourable Henry Matthews, one of Her Majesty's Principal Secretaries of State, hereby recommend that the sums to be contributed out

Part IV.

of moneys provided by Parliament (hereinafter called the grant) to the managers of any certified day industrial school, in respect of children attending the same under orders of detention, attendance orders, or without any order of court, shall be such sums, and shall be paid on such conditions, as are hereinafter respectively set forth.

I. No grant shall be made except on a report of the inspector showing that the conditions of the grant have been fulfilled. The inspector may delegate to an assistant the duty of examining the attendance and proficiency of the children.

II. The principal teacher of the school shall be approved by the inspector of certified day industrial schools.

III. The grant shall be payable in part quarterly for attendance, in part annually for proficiency, and for the discipline and organisation of the school.

IV. For the purpose of so much of the grant as is payable annually, the year is reckoned as ending with the last day (inclusive) of the month preceding that fixed for the inspector's annual visit; and for the purpose of so much of the grant as is payable quarterly, the quarter is reckoned as ending on 31st March, 30th June, 30th September, and 31st December, as the case may be.

V. With respect to so much of the grant as is payable for attendance, the managers may at the end of each quarter claim:—

- (a) For each child attending under an order of detention according to the average number of such children in attendance throughout the quarter - - - 10 0
- (b) For each child attending otherwise than under an order of detention according to the average number of such children in attendance throughout the quarter 5 0

VI. With respect to so much of the grant as is payable for proficiency, the managers at the end of the year may claim as follows:—

(a) As to infants, *i.e.*, children who at the end of each quarter have not completed seven years of age:—

	Sum which may be claimed for each Infant attending the School, according to the Average Number of such Children in Attendance during the Year.	
	If the Infant attending under an Order of Detention.	If the Infant is attending otherwise than under an Order of Detention.
If the infants are taught suitably to their age, and so as not to interfere with the instruction of the older children	8s.	4s.

b) As to children (not being infants) attending under Orders of Detention.

Chap. I.
Sect. 1.

Subject of Examination.	Sum which may be claimed for each such Child attending the School, according to the Average Number of such Children in Attendance during the Year.
For proficiency in reading writing and arithmetic	A principal grant of 6s
For special subjects	

(c) As to children (not being infants) attending otherwise than under an Order of Detention :—

Subject of Examination.	Sum which may be claimed for each such Child attending the School, according to the Average Number of such Children in Attendance during the Year.
For proficiency in reading, writing and arithmetic	A principal grant of 3s.
For special subjects	

Provided that—

- (1.) The test of proficiency in each standard applied at the annual inspection in each year be satisfactory to the inspector.
- (2.) The children shall be examined according to the standards of proficiency in reading, writing, and elementary arithmetic, for the time being in force for the purposes of the parliamentary grant in public elementary schools.
- (3.) No child attending the school shall be withheld from examination on the day of the inspector's visit without reasonable excuse for absence.
- (4.) The children shall be presented for examination in any standard the managers think fit, but no child shall be presented—
 - (i.) Under any standard which he has already passed in the same school or in any other certified efficient school;
 - (ii.) Under any lower standard;
 - (iii.) Under the same standard in which he has been before presented at the same school, unless he failed altogether or passed in only one subject in such standard.
- (5.) The children shall be advanced, as a rule, not less than one standard in twelve months. All exceptions should be specially notified and explained to the inspector, who will determine whether the explanation justifies the exception.

Part IV.

(6.) *Special Subjects* :—

A grant of one shilling or sixpence for children attending otherwise than under an order of detention, will be made for each child attending the school according to the average number of such children in attendance during the year—

(i.) For recitation.

(ii.) For elementary geography or grammar. Provided that the children satisfy the inspector in these subjects according to a scheme for the succeeding year to be submitted to and approved of by the inspector at his annual visit.

VII. With respect to so much of the grant as is payable for the discipline and organization of the school, if the inspector reports that the discipline and organization are satisfactory, the managers may at the end of the year claim :—

(a) For each child attending under an order of detention according to the average number of such children in attendance throughout the year	s. 4 0
(b) For each child attending otherwise than under an order of detention according to the average number of such children in attendance throughout the year	2 0

Calculation of Attendance.

VIII. For obtaining the grant for attendance under Rule V. and Rule VII., the average number is found by adding together the attendances of all the children for any period, and dividing the sum by the number of times the school has been open for daily instruction for the same period; the quotient being the average number in attendance.

IX. The attendance of a child at the school on any day shall not be reckoned unless such attendance includes three hours of secular instruction.

X. If some unforeseen cause (such as a continued epidemic) make it impossible for the inspector to visit the school for the purpose of making his annual report thereon, such sum, not exceeding the sum payable according to the rates herein-before recommended, shall be payable to the managers for the proficiency of the children, and for the discipline and organization of the school, as under the circumstances the Secretary of State may deem just.

XI. The school must be efficient. A school or class is regarded as satisfying this rule, unless the inspector at his annual visit report the school or class to be inefficient, and state the ground of such judgment. In this case formal warning must be given that the grant may be withheld under this rule at the next annual inspection, if the inspector again report the school or class to be inefficient.

If the inspector at his next annual visit again report the school or class to be inefficient, and give just grounds for his judgment, the grant may be withheld under the provisions of this rule.

Chap. I.
Sect. 1.

XII. The recommendations made by the Secretary of State on the 18th day of April, 1891^(a), are hereby withdrawn and the above substituted for them.

(Signed) HENRY MATTHEWS.

HOME OFFICE, WHITEHALL,
May 9, 1892.

(f) *The Fee Grant (b).*

This grant consists of a sum of 10s. a year, payable in respect of each child of the number of children over three and under fifteen years of age in average attendance at any public elementary school, whether provided by the local education authority or not if:—

E. E. Act,
1891, sect. 1.

- (i.) The managers are willing to receive the grant ; and
- (ii.) The regulations of the school as to fees are to the satisfaction of the Board of Education, in accordance with the conditions (*infra* 132) ; and
- (iii.) The school is not an evening school.

“**In Average Attendance.**”—The average attendance is to be calculated in accordance with the minutes of the Board of Education in force for the time being in respect of public elementary schools (63 & 64 Vict. c. 53, s. 1). Accordingly the average attendance for any period is found by dividing the total number of “attendances” made during that period by the number of times for which the school has met during such period (D. S. Code, 1903, Art. 14).

“**Public Elementary School.**”—See p. 21. The departments of a school may be treated together as one or separately, as the managers decide.

“**The Managers are Willing.**”—As to managers see p. 78. The acceptance of the grant is optional on the part of the managers. Their refusal to accept the grant from the date at which the Act came into force (September 1st, 1891) is not a bar to their subsequently accepting it, and where they have agreed to accept the grant, it appears to be open to them to discontinue the arrangement and to make the school a fee paying school if they deem this course desirable.

(a) See Parliamentary Paper 220, of Session 1890—91.

(b) See Letter of Board of Education, p. 438, as to acceleration of payment.

Part IV. "Evening School."—By E. Act, 1902, s. 22 (1), the expression "elementary school," both in that Act and the E. E. Acts, is not to include any school carried on as an evening school under the regulations of the Board of Education.

Conditions under which fees cannot be charged where "fee grant" accepted (E. E. Act, 1891, s. 2 (1) (a)).

I. No fees for instruction can be charged for children over three and under fifteen years of age where :—

- (a) The average rate of fees received during the school year ended last before the 1st January, 1891, was not in excess of 10s. a year for each child of the number of children in average attendance at the school ; or
- (b) No Parliamentary annual grant fell due to the school before 1st January, 1891, or in other words, where the school had not by that date completed its first "school year."

E. E. Act, 1891, s. 3.

II. No charge of any kind can be made :

- (c) Where the average rate charged and received in respect of fees and books and for other purposes, during the school year ended last before 1st January, 1891, was not in excess of 10s. a year for each child of the number of children in average attendance at the school. Where, however, the average rate so charged and received was in excess of 10s., the acceptance of the fee grant will not restrict the liberty of managers to charge a reasonable sum for books and other school requisites, provided such charges are kept distinct from school fees, which are payments in respect of the instruction (sect. 3, E. E. Act, 1870).

"School Year."—The year or other period for which an annual Parliamentary grant is for the time being paid or payable under the D. S. Code (see D. S. Code, 1903, Art. 20, p. 638).

Managers cannot charge a higher fee than the Act allows, on the plea that they provide books or other school requisites gratis, nor can they add the receipt for books, &c., to the school fees, in ascertaining the average rate of fees.

Conditions under which fees may be charged though "fee grant" accepted (E. E. Act, 1891, s. 2)).

I. Where the average rate received during the school year ending last before 1st January, 1891, was in excess of that mentioned in I., *supra* ; provided the fee to be charged must not render the average rate of fees received for all children

over three and under fifteen years of age greater than the amount of such excess.

Chap. I.
Sect. 1.

For example, if at the given date the average rate of fees received for each child of the number of children in average attendance equalled 15s., the managers receiving the fee grant, cannot charge more than an average rate of 5s. a year for all the children between three and fifteen years of age, although in the case of individual children they may charge more or less.

II. The Board of Education may from time to time approve a charge or increase of fees where they are satisfied:—

E. E. Act,
1891, s. 4 (1).

- (a) That sufficient public school accommodation, without payment of fees, has been provided for the local education authority's area ; and
- (b) That the charge or increase of school fees for children over three and under fifteen years of age in any particular school receiving the fee grant is required owing to a change of population in the local education authority's area or any part of it, or will be for the educational benefit of the area or any part of it.

The ordinary fee for such children must not exceed 6*d.* a week.

The Board of Education, if they think fit, may make it an express condition of their approval that the amount received for any school year from the fees so charged or increased, or a specified portion of that amount, shall be taken in reduction of the fee grant which would otherwise have been payable for that school year, in which case the fee grant will be reduced accordingly.

E. E. Act,
1891, s. 4 (3).

Should there be in any case a failure to comply with any of the above conditions, the Board of Education may still pay the fee grant if satisfied that there was a reasonable excuse for the failure, but in such a case if the amount received from fees has exceeded the amount allowed by the Act a deduction is to be made from the fee grant equal to that excess.

(Ibid) s. 1 (2).

“**The Amount Allowed by the Act.**”—As to the amount of fees allowed to be received where the fee grant is accepted, *vide supra*.

Part IV.

(g) *Aid Grant under Education Act, 1902 (a).*

E. Act, 1902,
s. 10 (1).

This grant takes the place of the Necessitous School Board Grant under E. E. Act, 1870 (33 & 34 Vict. c 75, s. 97), as amended by the E. E. Act, 1897 (60 Vict. c. 16, s. 1), and of the grant for voluntary schools under the Voluntary Schools Act, 1897 (60 Vict. c. 5).

It consists of :—

- (a) A fixed annual contribution of 4s. per scholar ; and
- (b) An additional sum of 1½d. per scholar for every complete 2d. per scholar by which the amount which could be produced by 1d. rate in the area of the local education authority in question falls short of 10s. per scholar.

Ibid (2).

In calculating the amounts receivable either in respect of the fixed or additional sum, the number of scholars is to be taken to be the number of scholars in average attendance, as computed by the Board of Education, in public elementary schools maintained by the authority (as to this see p. 125).

“The Necessitous School Board Grant and the Grant for Voluntary Schools.”—Both these grants will continue to be payable up to the “Appointed day,” and clauses (11) and (12) of Sch. II. of the E. Act, 1902, will apply. For “Appointed day” see p. 5. For payment of share of Voluntary Schools Aid grant to governing body of a voluntary school association, see p. 123.

“An additional Sum.”—Where the penny rate in any district produces 10s. per child, then that district will not participate in the additional sum, but get only the 4s. per child in average attendance. But directly a penny rate produces less than 10s. per child, that district immediately begins to gain something from the additional part of the grant, and as the penny rate produces less and less the district will receive more and more outside the fixed contribution of 4s. per head.

If, for example, as has been stated to be the case in a large part of Oldham, a penny rate only produces 1s. 6d. per head, that place would not only receive 4s., but would receive in addition 6s. 4½d., making a total of 10s. 4½d. For varying amounts of aid grant see Table, *infra*.

(a) For date of payment, see letter of Board of Education, p. 438.

The following Table gives the amount of the new aid grant according to the amount produced by the penny rate :—

The aid grant being payable only in respect of scholars in public elementary schools would appear not to be payable in respect of certified schools and classes under the E. E. (B. and D. Children) Act, 1893, and E. E. (D. and E. Children) Act, 1899: such schools only being treated as public elementary schools for the purposes of sect. 11 of the E. E. Act, 1876. See sects. 7 and 5 of those Acts respectively.

“Amount which could be Produced by 1d. Rate.”

—In estimating the produce of a 1d. rate in the area of a local education authority not being a county borough, the rate is to be calculated on the county rate basis, which, in cases where part only of a parish is situated in the area of the authority is to be apportioned in such manner as the Board of Education think just (E. Act, 1902, s. 10 (1) (6)). “County Rate Basis,” see p. 148. The amount which could be produced by any rate in the £ is to be estimated in accordance with regulations of the Local Government Board (E. Act, 1902, s. 23 (4)).

If in any year the total amount of Parliamentary grants payable to a local education authority would make the amount payable out of other sources by that authority, on account of their expenses in respect of elementary education, less than the amount which would be produced by a rate of 3d. in the £, the Parliamentary grants are to be decreased, and the amount

Reduction of
Parliamentary
grants. E. Act,
1902, s. 10
(1) (6).

Part IV.

payable out of other sources is to be increased by a sum equal in each case to half the difference.

Thus, suppose the total expenses in respect of elementary education to amount in an area to £3,000, and the total amount of the Parliamentary grant to £2,000, making "the amount payable out of other sources" £1,000; and further suppose that the amount which would be produced by a rate of 3*d.* in the £ works out at £1,500. In such a case "the amount payable out of other sources" viz., £1,000, will be less than the produce of the 3*d.* rate, viz., £1,500, the difference being £500. Accordingly the Parliamentary grant of £2,000 will be decreased by £250, "half the difference," to £1,750, "the amount payable out of other sources," viz. £1,000, correspondingly increased to £1,250.

§ 2.—*School Fees and Contributions.*(a) *School Fees.*

Power of local education authority to charge fees (E. E. Act, 1870, s. 17).

The local education authority have power, with the consent of the Board of Education, to prescribe the payment of a weekly fee by every child attending a school provided by them.

Such fee must not, however, in so far as it represents "ordinary payments in respect of instruction," exceed 9*d.* per week from each scholar.

It is further to be remembered that the local education authority are bound to provide a sufficient amount of "public school accommodation" without payment of fee in every part of their area (see p. 24), and that where the "fee grant" is accepted fees cannot, with certain exceptions, be charged. (See p. 132.)

"**Ordinary Payment.**"—See D. S. C., 1903, Art. 3, p. 633.

Payment of school fees by occupiers of factories (Factory and Workshop Act, 1901, s. 70).

The persons who manage a recognised efficient school attended by a child employed in a factory or workshop, or son: person authorised by them, may (if fees for children may be charged in that school) apply in writing to the occupier of the factory or workshop to pay a weekly sum specified in the application, not exceeding 3*d.* and not exceeding one-twelfth part of the wages of the child.

After that application the occupier, so long as he employs the child, is liable to pay to the applicants, while the child

attends their school, that weekly sum. Such sum may be recovered as a debt, and the occupier may deduct the sum so paid by him from the wages payable for the services of the child.

Chap. I.
 Sect. 1.

“**Persons who Manage.**”—For managers see 78.

“**Recognised Efficient School.**”—See Factory and Workshop Act, 1901, s. 72 (1), p. 346.

“**If Fee may be Charged.**”—See p. 132.

“**As a Debt.**”—*I.e.*, civilly in the county court, and not summarily under the Act.

After a request in writing by the principal teacher of a public elementary school which is attended by any boy or girl employed in or in connection with a mine, the person who pays the wages of the boy or girl must, as long as he employs the boy or girl, pay to the principal teacher of that school, for every week that the boy or girl attends the school, the weekly sum specified in the application, not exceeding 2*d.* per week, and not exceeding one-twelfth part of the wages of the boy or girl, and may deduct the sum so paid from the wages payable for the services of the boy or girl. (See p. 70.)

Payment of school fees in case of coal mines (Coal Mines Regulation Act, 1887, s. 10).

Should any person after such application refuse to pay on demand any sum that becomes due, he will be liable to a penalty not exceeding 10*s.*, which is recoverable in manner directed by the Summary Jurisdiction Acts before a court of summary jurisdiction. (*Ibid.*)

Ibid (2).

For proceedings under the Summary Jurisdiction Acts see p. 44.

Where before the passing of the E. Act, 1902, fees have been charged in any public elementary school not provided by the local education authority, that authority while they continue to charge fees in respect of that school are to pay such proportion of them as may be agreed upon, or in default of agreement, determined by the Board of Education, to the managers.

Apportionment of school fees between local education authority and managers (E. Act, 1902, s. 14).

“**Public Elementary School.**”—See p. 21.

“**Not Provided by the Local Education Authority.**”—As to what schools are to be deemed to be provided by the local education authority, see p. 22.

Part IV.

“To Charge Fees.”—Subject to their having to supply a sufficient amount of “public school accommodation” free of charge (see p. 24), and to their being forbidden save in certain cases to charge fees where the fee grant is accepted (see p. 132), the local education authority may at their option continue or cease to charge fees.

Remission of fees (E. E. Act, 1891, s. 8).
E. E. Act, 1870, s. 17.

The local education authority have in all cases the power to admit children without charging a fee, and where they are of opinion that the parent of a child is unable through poverty to pay the prescribed fee, they may from time to time for a renewable period not exceeding six months remit the whole or any part of such fee.

Such remission is not to be deemed parochial relief given to the parent.

Punishment for fraudulently obtaining certificates, &c. (E. E. Act, 1876, s. 37; E. E. Act, 1873, s. 25).

Any person who fraudulently obtains, or enables or procures another person to obtain, from a local education authority remission of payment, or any order for remission of payment of fees, is liable on summary conviction to imprisonment for a period not exceeding fourteen days.

“Summary Conviction.”—See p. 44.

Payment of school fees by guarlians (E. E. Act, 1876, s. 10).

The local education authority have no power to pay the fee of children; that can only be done by the guardians as follows:—

Non-pauper Cases.

- (i.) In such cases the parent of any child who is unable by reason of poverty to pay the ordinary fee for such a child at a public elementary school, or any part of such fee, may apply to the guardians having jurisdiction in the parish in which the applicant resides; and
- (ii.) The guardians if satisfied of such inability must pay the fee, not exceeding 3*d.* a week, or such part thereof as the parent, in their opinion, is unable to pay.

Any such payment is not:—

- (i.) To deprive the parent of any franchise right or privilege or subject him to any disability or disqualification; nor
- (ii.) To be made on condition of the child attending any public elementary school other than such as may be selected by the parent; nor

(iii.) To be refused because the child attends, or does not attend, any particular public elementary school.

Chap. I.
Sect. 1.

“**Parent.**”—This includes guardian and every person who is liable to maintain or has the actual custody of any child. See E. E. Act, 1870, s. 3, and E. E. Act, 1876, s. 48.

“**Child.**”—A child between the ages of five and fourteen (E. E. Act, 1876, s. 48).

“**Ordinary Fee.**”—For what this means see D. S. Code, 1903, Art. 3, p. 633.

“**Guardians having Jurisdiction.**”—That will be the board of guardians of the union in which the parish of the applicant is situate, to which board or to the relief committee (if any) appointed by them the application must be made.

By regulations of the Local Government Board issued under the 34th section of the E. E. Act, 1876, guardians were empowered to appoint “inquiry officers” to discharge certain duties with reference to the above applications. Sect. 34 of the Act of 1876 is, however, now repealed by the E. Act, 1902, Sch. IV., and necessarily the regulations issued under it fall with it. It would seem, therefore, that no such officers can be appointed in the future.

Money given for the payment of school fees in the above cases shall be charged by the guardians having jurisdiction in the parish of the applicant to such parish with other parochial charges.

Charge to parish of money for school fees (E. E. Act, 1876, s. 35 ;

Pauper Cases.

Where outdoor relief is given by the guardians or their order by way of weekly or other continuing allowance to the parent of any child above the age of five years, or to such child itself, it is the duty of the guardians to impose as a condition for the continuance of such relief that the child shall attend school in accordance with the terms of the bye-laws in force in the area of the local education authority in which the child resides.

E. E. Act, 1876, s. 40 ;
E. E. Act, 1880, s. 5).

Further, should a fee be payable by the child, the guardians are to give such further relief (if any) as may be necessary to pay the ordinary fee payable at that school. Such relief is not to be granted on condition of the child attending any public elementary school other than such as may be selected by the parent, nor refused because the child attends or does not attend any particular elementary school.

Part IV.

“Outdoor Relief . . . Further Relief.”—Such relief is to be deemed relief within the meaning of the Acts relating to the relief of the poor, and is to be paid out of the common fund.

“Parent . . . Child.”—*Vide supra*, 139.

“In Accordance with the Terms of the Bye-laws in Force.”

—This does not apply where there is no bye-law in force within the area (E. E. Act, 1880, s. 5), but as such a case is virtually impossible, it has not been thought necessary to set out here the provisions of sect. 40 of the E. E. Act, 1876, which would then apply. The section will be found at p. 240.

“Ordinary Fee.”—For what this means, *vide supra*. The guardians have no power to give any relief to a parent in order to enable such parent to pay more than the ordinary fee payable at the school which he selects, or more than 3*d.* per week.

(b) Contributions.

E. E. Act,
1900, s. 2.

(1) By Guardians.

The guardians of any poor law union may contribute towards such of the expenses of providing, enlarging, or maintaining any public elementary school as are certified by the Board of Education to have been incurred wholly or partly in respect of scholars taught at the school who are either :

- (a) Resident in a workhouse or institution to which they have been sent by the guardians ; or
- (b) Boarded out by the guardians.

E. E. (D. & F.
Children) Act,
1899, s. 9.

Similar contributions may be made by the guardians in the case of certified special classes or schools for the education of defective and epileptic children. See also p. 32.

(2) By Parents.

In the case of
child sent to
industrial
school under
E. E. Act,
1876, s. 12 ;
I. E. Act, 1866,
ss. 39, 40, 51.

Where a child is sent by order of a Court of Summary Jurisdiction to a certified industrial school for non-compliance with an attendance order (see p. 50), the parent, step-parent or other person for the time being legally liable to maintain the child, if of sufficient ability, must contribute to his maintenance and training a sum not exceeding 5*s.* per week.

Should failure in payment occur, any two justices or a magistrate having jurisdiction where the person liable resides,

may make an order on him for payment, and such order may be enforced under the Summary Jurisdiction Acts.

Chap. I.
Sect. 1.

Where a child is sent under similar circumstances to a certified *day* industrial school, his parent, if liable to maintain him, is bound to contribute to his industrial training, elementary education, and meals in the school, such sum not exceeding 2s. per week as is named in the order, and any sum so paid is to be paid over to the local education authority in aid of their expenses under the Elementary Education Act, 1876.

In case of child sent to day industrial school under E. E. Act, 1876, ss. 12, 16 (3).

The local education authority are bound to obtain and enforce such order, and if a parent resident in any parish is unable to pay the sum so ordered, he is to apply to the board of guardians of the union in which such parish is situate; and they, if satisfied of his inability, are to give him sufficient to pay the sum, or so much of it as they consider him unable to pay, and the money so given is to be charged to the parish where the parent resides.

Where, upon the request of the local education authority and the parent, a child is admitted by the managers to a certified day industrial school under an attendance order or without any order (see pp. 50, 52), the parent must undertake to pay towards the industrial training, elementary education, and meals of such child, such sum as may be agreed upon between the parent of the child and the managers being not less than 1s. nor more than 2s. per week (Regulations of Secretary of State, 4th January, 1878).

In case of child sent to day industrial school under attendance order or without an order (E. E. Act, 1876, s. 16 (4)).

Where a local education authority incur any expenses in respect of enabling blind and deaf (see p. 28) or defective and epileptic children (see p. 30) to obtain efficient and suitable education, the parent is liable to contribute towards the expenses of the child such weekly sum, if any, as, regard being had to the Elementary Education Act, 1891, may be either:

In the case of blind and deaf, defective and epileptic children (E. E. (B. & D. Children) Act, 1893, s. 9; E. E. (D. & E. Children) Act, s. 8).

- (a) Agreed upon between the local education authority and the parent; or *failing such agreement*
- (b) Settled on the application of either party by a Court of Summary Jurisdiction.

The sum so agreed on or settled is recoverable summarily as

Part IV.

a civil debt, but without prejudice to any other remedy, and may be applied by the local education authority in aid of their general expenses.

“Expenses of the Child.”—Include the expenses :—

- (i) Of and incidental to the attendance of a child at school; and
- (ii) Of and incidental to the maintenance and boarding out of the child while so attending.
- (iii) Of conveying the child to and from school (E. E. (Blind & Deaf Children) Act, 1893 (s. 15); E. E. (Defective & Epileptic Children) Act, 1899 (s. 14)).

“The Parent.”—This includes guardians and every person who is liable to maintain or has the actual custody of the child. (E. E. Act, 1870 (s. 3); E. E. (Blind & Deaf Children) Act, 1893, s. 15, and E. E. (Defective & Epileptic Children) Act, 1899, s. 14).

The parent is not, by reason of any payment made in respect of the child, to be deprived of any franchise right or privilege, or to be subject to any disability or disqualification.

Nor is any payment to be made on condition of a child attending any certified school other than such as may be reasonably selected by the parent nor refused because the child attends or does not attend any particular certified school (E. E. (Blind & Deaf Children) Act, 1893 (s. 10), E. E. (Defective & Epileptic Children) Act, 1899 (s. 18)).

“Regard being had to E. E. Act, 1891.”—This means that the sum is only to include such amount in respect of school fees as the school, if in receipt of the fee grant, may be able to charge under that Act (see p. 132).

“Court of Summary Jurisdiction.”—See p. 44.

“Recoverable summarily as a Civil Debt.”—See the following sections of the Summary Jurisdiction Act, 1879 :—

7. A court of summary jurisdiction, by whose conviction or order any sum is adjudged to be paid, may do all or any of the following things; namely,

- (1.) Allow time for the payment of the said sum; and
- (2.) Direct payment to be made of the said sum by instalments; and
- (3.) Direct that the person liable to pay the said sum shall be at liberty to give to the satisfaction of that court, or of such other court of summary jurisdiction, or such person as may be specified by that court, security with or without a surety or sureties for the payment of the said sum or of any instalment thereof, and such security may be given and enforced in manner provided by this Act.

Payment by instalments of or security taken for payment of money.

Where a sum is directed to be paid by instalments and default is made in the payment of any one instalment, the same proceedings may be taken as if default had been made in payment of all the instalments then remaining unpaid.

A court of summary jurisdiction directing the payment of a sum or of an instalment of a sum may direct such payment to be made at such time or times, and in such place or places, and to such person or persons, as may be specified by the court; and every person to whom any such sum or instalment is paid, where not the clerk of the court of summary jurisdiction, shall as soon as may be account for and pay over the same to that clerk.

35. Any sum declared by this Act, or by any future Act, to be a civil debt, which is recoverable summarily, or in respect of the recovery of which jurisdiction is given by such Act to a court of summary jurisdiction, shall be deemed to be a sum for payment of which a court of summary jurisdiction has authority by law to make an order on complaint in pursuance of the Summary Jurisdiction Acts: Provided as follows:

Recovery of civil debts in court of summary jurisdiction.

- (1.) A warrant shall not be issued for apprehending any person for failing to appear to answer any such complaint; and
- (2.) An order made by a court of summary jurisdiction for the payment of any such civil debt as aforesaid or of any instalment thereof, or for the payment of any costs in the matter of any such complaint, whether ordered to be paid by the complainant or defendant, shall not, in default of distress or otherwise, be enforced by imprisonment, unless it be proved to the satisfaction of such court or of any other court of summary jurisdiction for the same county borough or place, that the person making default in payment of such civil debt instalment or costs either has, or has had since the date of the order, the means to pay the sum in respect of which he has made default, and has refused or neglected, or refuses or neglects, to pay the same, and in any such case the court shall have the same power of imprisonment as a county court would for the time being have under the Debtors Act, 1869, for default of payment if such debt had been recovered in that court, but shall not have any greater power.

32 & 33 Vict. c. 62.

Proof of the means of the person making default may be given in such manner as the court to whom application is made for the commitment to prison think just, and for the purposes of such proof the person making default and any witnesses may be summoned and examined on oath according to the rules for the time being in force under this Act in relation to the summoning and examination of witnesses, or if no such rules are in force, to the

<p>Date of order of commitment.</p>	<p>26. An order of commitment made under section thirty-five of the Summary Jurisdiction Act, 1879, shall, on whatever day it is issued, bear date on the day on which it was made.</p>

<p>Discharge of judgment debtor.</p>	<p>28. The sum indorsed on the order of commitment as that on payment of which the prisoner may be discharged may be paid to the clerk of the Court of Summary Jurisdiction from which the commitment order was issued, or to the governor of the prison in whose custody the prisoner is. Where it is paid to the clerk, he shall sign a certificate of the payment, and upon receiving the certificate by post or otherwise the governor of the prison in whose custody the prisoner then is shall forthwith discharge the prisoner. Where it is paid to the governor of the prison, he shall, on payment to him of that amount, with costs sufficient to pay for sending the amount by post office order or otherwise to the Court of Summary Jurisdiction under the order of which the prisoner was committed, sign a certificate of the payment, and discharge the prisoner, and forthwith transmit the sum so received to the clerk of the said court.</p>

32. The forms in the Schedule to the Summary Jurisdiction Act, 1848, the Summary Jurisdiction Rules, 1880, with the forms in the Schedule thereto, the Summary Jurisdiction Rules of the 21th of August, 1880, and the Summary Jurisdiction Rule of 1881, are hereby annulled.

§ -Endowments.

The E. Act, 1902, in no wise affects endowments, nor the discretion of the trustees in respect of them ; but where under the terms of the trust or other provisions affecting an endowment the trust income *must* be applied in whole or in part for those purposes of a public elementary school which are to be now provided for by the local education authority, *e.g.*, teacher's salaries or maintenance in the technical sense in which it is used in sect. 7 of the E. Act, 1902—then such whole or part of the trust income is to be paid over to the local education authority.

“Where under the Terms of the Trust . . . the Income thereof must be Applied for those Purposes . . . for which Provision is to be made by the Local Education Authority.”

—No difficulty will arise as to the construction of these words where the trust specifically or impliedly directs the whole or part of the income to be applied to what, for shortness, may be called local education authority purposes, nor where, on the other hand, there is a general direction to use the income for the benefit of the school. In the first case the trustees would have no discretion in the matter ; in the second, their discretion would be entirely untrammelled. They would indeed, in the second case, be bound by the terms of the trust to use the endowment for the benefit of the school, but if they found some of the school purposes adequately met by the local education authority, then they might use the money in their hands for other purposes for which the local education authority would not be responsible, *e.g.*, for a building fund. Should, however, the trust-deed direct the income to be used for the “ maintenance ” of the school, then, owing to the employment in sect. 7 (1) of the Act of the word “ maintain ” in a technical and restricted sense, excluding the upkeep of the

It may be contended on one side that "maintenance" corresponds to "benefit," and if so, that the discretion of the trustees is entirely at large; and on the other, that the term is used in the strict technical sense of sect. 7, and that, therefore, the whole or part of the income so directed to be applied must be paid over to the local education authority. Should such a question arise, it would have to be determined by a court of law in proceedings for the interpretation of the terms of the trust, the Board of Education being only authorised to intervene (*infra*) when it is clear that part of the trust income is to be applied to local education authority purposes and only the amount is in dispute.

Board of Education to determine differences as to amount of endowment payable (E. Act, 1902, s. 13 (1)).

Where part only of the trust income must be applied to local education authority purposes, and no direction is contained in the trust as to the amount of such part, then in case of a difference arising between the parties concerned the Board of Education is to determine the amount (*a*). The local education authority may, however, demand a public inquiry, in which case:—

- (i.) The Board of Education is to hold an inquiry.
- (ii.) Ten days previous notice is to be given of the inquiry to :
 - (a) The local education authority.
 - (b) The minor local authority.
 - (c) The trustees.
- (iii.) The local education authority are to bear costs of the inquiry.

"**Public Inquiry.**"—This is to be held in accordance with the provisions of sect. 73, E. E. Act, 1870. See p. 211 (E. Act, 1902 (2 Edw. VII. c. 42), s. 23 (10)).

Endowment money paid to county council to go in aid of parish rates (E. Act, 1902, s. 13 (2)).

Any money arising from an endowment and paid to a county council is:—

Where the receipt by a school, or the trustees or managers of a school, of any endowment or other benefit, is, at the time of the passing of the E. Act, 1902 (Dec. 18, 1902), dependent on any qualifications of the managers, the qualification of the foundation managers is alone, in case of question, to be regarded.

§ 4.—*Rates.*

(a) *In the case of a County Council.*

The expenses of the local education authority, so far as not otherwise provided for, are to be paid out of the county fund.

E. Act, 1902,
s. 18 (1).

Such expenses will apparently be “general expenses” within sect. 68 (2) of the L. G. Act, 1888 (*infra*).

“**The County Fund.**”—As to this, see the following provisions of the L. G. Act, 1888:—

L. G. Act,
1888.
Funds of
county council.

68.—(1.) All receipts of the county council, whether for general or special county purposes, shall be carried to the county fund, and all payments for general or special county purposes shall be made in the first instance out of that fund.

(2.) In this Act the expression “general county purposes” means all purposes declared by this or any other Act to be general county purposes, and all purposes for contributions to which the county council are for the time being authorised by law to assess the whole area of their administrative county, and the expression “general county account” means the account of the county fund to which the contributions so raised are carried, and any costs incurred for a general county purpose shall be general expenses, and all costs incurred by the county council in the execution of their duties which are not by law made special expenses shall be general expenses.

(3.) In this Act the expression “special county purposes” means any purposes from contribution to which any portion of the county is for the time being exempt, and also includes any purposes where the expenditure involved is by law restricted to a hundred, division, or other limited part of the county, and the expression “special county account” means any account of the

Part IV.

county fund to which contributions for special county purposes are carried, and any costs incurred for a special county purpose shall be special expenses.

(4.) If the moneys standing to the general county account of the county fund are insufficient to meet the expenditure for general county purposes, county contributions may be levied to meet the deficiency on the whole administrative county, and shall be assessed on all the parishes in the county.

(5.) If the moneys standing to any special county account of the county fund are insufficient to meet the expenditure for the special county purposes chargeable to that account, county contributions may be levied to meet the deficiency on any parishes in the county liable to be assessed to county contributions for those purposes.

Assessment and Levy of County Rate.—The assessment basis of the county rate is founded and prepared rateably and equally according to the full and fair annual value of the property, messuages, lands, tenements, and hereditaments rateable to the relief of the poor within the county (County Rate Act, 1852, s. 2). It is prepared by a committee of the county council (County Rate Act, 1852, s. 2; L. G. Act, 1888, s. 3).

The rate is levied under the precept of the county council addressed to the guardians of unions of parishes within the county, requiring them to pay to the county treasurer the sums due from each parish in their union, and the guardians obtain these sums from the overseers in the same manner as money for the relief of the poor (County Rate Act, 1852, s. 26).

Money for the relief of the poor is obtained by "Contribution order," as to which see p. 155.

Should the guardians fail to pay such rates the county council may issue warrants to the overseers of parishes, &c., to pay the same; and if the overseers fail to pay, the county council may levy the rate by distress and sale (County Rate Act, 1852, ss. 27, 28, County Rate Act, 1866, and L. G. Act, 1888, s. 3).

As to any deficiency under the Agricultural Rates Act, 1896, see the Act, p. 320.

The county council may not raise any sum on account of their expenses in respect of elementary education within any borough or urban district, the council of which is the local education authority for the purposes of elementary education.

With respect to any expenses incurred by a county council in respect of capital expenditure or rent on account of the provision or improvement of any public elementary school, the council must charge such portion of them as they think fit, not

incurred in respect of capital expenditure (s. 18 (1) (c)).

With respect to expenses incurred to meet the liabilities on account of loans or rent of any school board transferred to a county council, the council is bound to raise such portion as they think fit, not being less than half or more than three-quarters of such expenses exclusively within the area which formed the school district in respect of which the liability was incurred, so far as it is within the area of the county council.

Raising of expenses in respect of loans and rent of school boards (s. 18 (1) (d)).

As to these expenses being "special expenses," vide supra.

As to crediting money arising from an endowment in aid of the rate levied for the purposes of elementary schools, see p. 146.

(b.) *In the case of the Council of a Borough.*

The expenses of the local education authority, so far as not otherwise provided for, are to be paid out of the borough fund or rate; or, if no borough rate is levied, out of a separate rate made, assessed and levied in like manner as the borough rate. Where, however, under any local act the expenses incurred in any borough for the purposes of the E. E. Acts, 1870—1900, are payable out of some fund or rate other than the borough fund or rate, the expenses of the council of such borough are to be paid out of that fund or rate instead of out of the borough fund or rate.

E. Act, 1902, s. 18 (1).

Ibid. (4).

As to any deficiency under the Agricultural Rates Act, 1896, see p. 320.

"**In like Manner as the Borough Rate.**"—The Municipal Corporations Act, 1882 (45 & 46 Vict. c. 50), provides:—

139. The rents and profits of all corporate land, and the interest, dividends, and annual proceeds of all money, duties, chattels, and valuable securities belonging or payable to a municipal corporation, or to any member or officer thereof in his corporate capacity, and every fine or penalty for any offence against this Act (except where

and as far as the application thereof is otherwise provided for) shall go to the borough fund.

Application of borough fund.

140.—(1.) The borough fund shall be applicable to and charged with the several payments specified in the Fifth Schedule.

(2.) The payments specified in Part I. of that schedule may be made without order of the council; those specified in Part II. may not be made without such order.

(3.) No other payment shall be made out of the borough fund, except—

- (a) Under the authority of an Act of Parliament; or
- (b) By order of the council; or
- (c) By order of the court of quarter sessions for the borough; or
- (d) By order of a justice in pursuance of this Act; or
- (e) In cases in which the court of quarter sessions for a county, or a justice acting in and for a county in the discharge of his judicial duty, might make an order for the payment of money on the treasurer of the county.

(4.) Saving, nevertheless, in relation to the application of the borough fund as authorised by this section, or otherwise by this Act, all rights, interests, and demands of all persons in or on the real or personal estate of the municipal corporation, by virtue of any legal proceeding, or of any mortgage, or otherwise.

Orders for payment of money.

141.—(1.) An order of the council for payment of money out of the borough fund shall be signed by three members of the council, and countersigned by the town clerk.

(2.) Any such order may be removed into the Queen's Bench Division of the High Court by writ of certiorari, and may be wholly or partly disallowed or confirmed on motion and hearing, with or without costs, according to the judgment and discretion of the court.

Payments to and by treasurer.

142.—(1.) All payments to and out of the borough fund shall be made to and by the treasurer.

(2.) All payments to the treasurer shall go to the borough fund.

Application of surplus of borough fund.

143.—(1.) If the borough fund is more than sufficient for the purposes to which it is applicable under this Act, or otherwise by law, the surplus thereof shall be applied under the direction of the council for the public benefit of the inhabitants and improvement of the borough.

(2.) If the surplus arises from the rents and profits of the property of the municipal corporation, and not from a borough rate, and the borough is a sanitary district under the Public Health Act, 1875, then the municipal corporation, as the sanitary authority for the borough, may apply the surplus in payment of any expenses incurred by them as such sanitary authority, before or after the commencement of this Act, in improving the borough, or any part

thereof, by drainage, enlargement of streets, or otherwise, under the Public Health Act, 1875, or any Act thereby repealed.

Chap. I.
Sect. 1.

Borough Rate.

144.—(1.) If the borough fund is insufficient for the purposes to which it is applicable under this Act or otherwise by law, the council shall from time to time estimate, as correctly as may be, what amount, in addition to the borough fund, will be sufficient for those purposes.

Borough Rate.
Power for council to make borough rate and assess contribution thereto.

(2.) In order to raise that amount, the council shall, subject to the provisions of this Act, from time to time order a rate, called a borough rate, to be made in the borough.

(3.) A borough rate may be made retrospectively, in order to raise money for the payment of charges and expenses incurred, or which have come in course of payment, at any time within six months before the making of the rate.

(4.) The council shall assess the contributions to the borough rate on the several parishes and parts of parishes in the borough in proportion to the total annual value of the hereditaments in each parish or part which are rateable to the poor, or in respect of which a contribution is made to the poor rate.

(5.) That value shall be estimated according to the valuation list (if any) in force for the time being, and if there is none, according to the last poor rate.

(6.) But if for any reason the council think that the valuation list or poor rate is not a fair criterion of value they may cause an independent valuation to be made.

(7.) For the purpose of assessing a borough rate, or for the purpose of an independent valuation, the council from time to time may cause any of the books of assessment of any rates or taxes, parliamentary or parochial, on any property, and the valuation by which the assessment is made, in the hands of the overseers, to be brought before them, and may take copies thereof or extracts therefrom, or may direct any person to take copies of or extracts from such books being in his hands, without having the same brought before the council, or may call before them any overseer to give evidence respecting the same; and may cause copies of the total amount assessed in each parish in respect of any tax payable to the Crown, and the total amount of the valuation of the property on which that assessment was made in any past year, to be made out by the clerk to the commissioners of each district.

(8.) The overseers and such persons as they select, by warrant of the council, signed by the mayor and sealed with the corporate seal, may enter on, view, and examine any land chargeable to the borough rate, in order to ascertain the annual value at which it ought to be charged; but no such entry shall in any case be made unless fourteen days previous notice in writing, signed by the

Part IV.

mayor and sealed with the corporate seal, of the intention to make the entry, has been given to the overseers and to the persons on whose land the entry is to be made.

(9.) If on any occasion the overseers of a parish think that their parish is aggrieved by a borough rate, on account of the proportions assessed as the contributions of the respective parishes being unequal, or on account of some parish being without sufficient cause omitted, or on account of any other just cause of complaint, they may appeal to the recorder at the next quarter sessions for the borough, or if there is none, to the next quarter sessions for the county wherein the borough is situate, or whereto it is adjacent, against such part of the rate only as affects their parish.

(10.) The recorder or quarter sessions shall hear and finally determine the appeal, and either confirm such parts of the rate as are appealed against, or correct any inequalities, disproportions, or omissions proved to exist therein, as to him or them appears just.

(11.) The expenses of the appeal shall be paid by such parishes or persons and in such proportions as the recorder or court having cognisance of the appeal directs.

(12.) If any person having custody of any book for which the council call under this section, fails to produce it to the council or to permit any copy thereof or extract therefrom to be made or taken, or to give such evidence as the council require, he shall, on summary conviction, be liable to a fine not exceeding ten pounds.

(13.) If any clerk to the commissioners of a district fails to make any copy, which he is required to make under this section, within a reasonable time after his receipt of the order to make it, he shall, on summary conviction, be liable to a fine not exceeding twenty pounds.

Collection of
borough rate
in undivided
parish.

145.—(1.) Where a parish is wholly in a borough, the council may from time to time, if they think fit, order the overseers to pay the contribution of the parish to the borough rate out of the poor rate made or to be made for the parish.

(2.) The overseers shall pay the contribution to the council or as they order.

(3.) If the overseers fail to pay as ordered, the amount may be levied off the goods of them or any of them, by distress, by virtue of a warrant signed by the mayor and sealed with the corporate seal, or signed by two justices in and for the borough.

Collection of
borough rate
in divided
parish.

146.—(1.) Where a parish is partly in and partly out of a borough, the overseers, on receipt of an order for payment of money for the contribution of the part in the borough towards a borough rate, which order the council may make as if the whole parish was in the borough, shall assess on and levy from the occupiers of hereditaments rateable to the poor rate in that part

of the parish the amount necessary for the contribution, either as a separate rate, for which the overseers shall have all the powers which belong to them for levying a poor rate, or with and as part of the poor rate to which occupiers in that part of the parish are liable in common with occupiers in the other part.

(2.) Any person rated under this section may appeal against the rate in like manner and with the like consequences, and subject to the like provisions and regulations, as in appeals against a poor rate.

(3.) The overseers shall pay the amount of the contribution to the council, or as they order, and in default thereof shall be subject to all provisions and penalties provided by law concerning non-payment of contribution to a borough rate.

(4.) Every overseer and collector shall account for the money collected and expended under this section to the auditor of the district comprising the parish in the like manner, and with the like incidents, consequences, liabilities, and power of appeal as in the case of the poor rate; and the Local Government Board shall have the like power to make orders to regulate the mode of accounting as they have in regard to other local rates.

(5.) If any balance is found in the hands of any such overseer or collector he shall apply it towards the next rate required under this section, or pay it to his successor in office.

(6.) In default of his so applying it while in office, or making payment to his successor within seven days after the balance is found, the auditor shall proceed to recover it.

(7.) The officers ordinarily employed in the collection of the poor rate shall, if required by the overseers, collect the rate under this section, and shall receive thereout such remuneration for the additional duty as the overseers, with the consent of the vestry, determine.

(8.) The collector or other person appointed shall, for the purposes of this section, have all the powers of overseers.

(9.) The overseers, in estimating the amount of their assessment under this section, may include a sum for costs of assessment and collection, and a reasonable sum for rates excused or irrecoverable.

147. Where the vestry of a parish has made or makes, before or after the commencement of this Act, under section four of The Poor Rate Assessment and Collection Act, 1869, an order, as in that section provided, to the effect that the owners, instead of the occupiers, of such rateable hereditaments, as therein mentioned, shall be rated to the poor rate in respect thereof, every such order, while in force after the commencement of this Act, shall be deemed to apply to and include rating to the borough rate, with the same incidents, conditions, powers, liabilities, and remedies as if the borough rate were a poor rate.

148. Any warrant required for the levy or collection of a borough rate may be issued by the mayor, signed by him, and sealed with the corporate seal.

149. All sums levied in pursuance of the borough rate shall go to the borough fund; and, subject to the foregoing provisions of this Part, the same shall be applied to all purposes to which the borough fund is applicable under this Act, or otherwise by law; and, as regards a borough named in the schedules to the Municipal Corporations Act, 1835, to all purposes to which, before the passing of that Act, a borough rate was by law applicable in the borough, or a county rate was applicable in a county.

(c) *In the case of an Urban District Council.*

The expenses of the local education authority, so far as not otherwise provided for, are to be paid in the manner provided by sect. 33 of the E. E. Act, 1876, as respects the expenses mentioned in that section—*i.e.*, out of a fund to be raised out of the poor rate of the parish or parishes comprised in the area of the urban district according to the rateable value of each parish, and the urban district council will for the purpose of obtaining payment of such expenses have the same powers as a board of guardians have for the purpose of obtaining contributions to their common fund under the Acts relating to the relief of the poor.

“**The same Powers as a Board of Guardians.**”—By virtue of the Poor Law Amendment Act, 1834 (4 & 5 Will. IV. c. 76), and the Order of the Poor Law Commissioners (April 22nd, 1842), the overseers of the poor of every parish in a union are directed to pay over from time to time out of the poor rates collected all such sums as by any order of the guardians expressed to them in writing according to the form prescribed by the Order of the Poor Law Board, February 26th, 1866 (*vide infra*), shall be directed to be provided from the poor rate of the parish, and to pay over such sums to such person or persons at such times and place as by the said order shall be directed, and to take the receipt of such person or persons; and to produce such order and such receipt as their vouchers for such payments before the auditor of the said union in passing their quarterly accounts. By the Consolidated Order Amendment Order of 26th February, 1866, it is provided as follows:

ART. 1.—The clerk [to the guardians] shall, as soon as convenient before the 25th day of March next, and thenceforth four weeks at least before the 29th day of September and the 25th day of March respectively in each year, estimate the probable amount

of the expenditure in the relief of the poor, and other charges by the guardians on behalf of the union, as well as any separate expenditure chargeable against any parish therein during the then next ensuing half year, and estimate the probable balance due to or from each parish at the end of the current half year, and shall apportion the sums to be contributed by the several parishes comprised in the union, according to the law for the time being in force therein, and shall prepare the orders on the overseers or other proper authorities of the several parishes for the payment of such respective contributions, and of any such separate expenditure as aforesaid, and the orders so prepared shall be laid before the guardians for their consideration a reasonable time before the expiration of the current half year.

ART. 2.—The guardians shall make orders on the overseers or other proper authorities of every parish in the union at the commencement of each half year ending on the days above mentioned, and from time to time as occasion may arise, for the payment to the guardians of all such sums as may be required by them as the contribution of the parish to the common fund of the union, and for any other expenses separately chargeable by the guardians on the parish; and in such orders the contributions shall be directed to be paid in one sum or by instalments, on days to be specified in such orders, as to the guardians may seem fit.

SECT. II.—INCOME FOR HIGHER EDUCATION
PURPOSES.

§ 1.—*In the case of a County Council.*

Residue under
53 & 54 Vict.
c. 60 (E. Act,
1902, s. 2 (1),
Sch. II. (5)).

The possible sources of income for higher education purposes are in the case of a county council as follows:—

- (a) The residue under the Local Taxation (Customs and Excise) Act, 1890, including therein any balance of such residue remaining unexpended at the appointed day.

“**Local Taxation (Customs and Excise) Act, 1890.**”—This Act provides:—

- 1.—(1.) Out of the English share of the Local Taxation (Customs and Excise) duties paid to the local taxation account on account of any financial year:—

(a) The sum of £300,000 shall be applied for such purposes of police superannuation in England as hereinafter mentioned.

- (b) The residue shall, unless Parliament otherwise determines, be distributed between county and county borough funds, and carried to the Exchequer contribution accounts of those funds respectively, and applied under the L. G. Act, 1888, as if it were part of the English share of the local taxation probate duty, and shall be the subject of an adjustment between county and county boroughs according to sect. 32 of the said Act, by the Commissioners under that Act.

This residue of the Local Taxation (Customs and Excise) duties is colloquially known as the “Whisky Money,” and under the above Act (sect. 2—which section is repealed by E. Act, 1902, Sch. IV., Part I.) it was optional for the county or county borough council to apply it in whole or in part to the purposes of technical education. Now, however, they cannot spend income derived from this source on anything else, and if they do not so spend it, must keep it in reserve and carry it forward as a balance.

County rate
(E. Act, 1902,
s. 2 (1)).

- (b) The county rate, the amount, however, raised by the council of a county for the purposes of higher education in any year out of rates may not exceed the amount which

would be produced by a 2*d.* rate, or such higher rate as the county council, with the consent of the Local Government Board, may fix.

Chap. I.
Sect. 2.

It is to be remembered that this source of income is optional, *i.e.*, the council are not bound to raise a rate; but if they choose to spend more on higher education than can be provided for otherwise, they may to the above extent provide such further sums out of rates.

“**The Amount which would be Produced.**”—The amount which would be produced by any rate in the £ is to be estimated for the purposes of the E. Act, 1902, in accordance with regulations made by the Local Government Board (E. Act, 1902, s. 23 (4)).

For county rate see p. 147.

A county council may if they think fit (after giving reasonable notice to the overseers of the parish or parishes concerned) charge any expenses incurred by them with respect to education other than elementary on any parish or parishes which in the opinion of the council are served by the school or college in connection with which the expenses have been incurred.

Power to charge expenses on particular parishes (E. Act, 1902, s. 18 (1) (a)).

See similar provision in case of public elementary schools, and as to above expenses being “special expenses” see p. 149.

“**College.**”—This expression includes any educational institution whether residential or not (E. Act, 1902, s. 24 (4)).

(c) The Parliamentary grant for instruction in science and art.

Parliamentary grant.

For conditions on which such grant is made see the Regulations for Secondary Day Schools, p. 614, and Evening Schools, p. 606, and the Supplementary Regulations, 1902—1903, which supersede those contained in the Directory, 1901—1902, and in the Minutes of Brd July, 1901.

(d) Where a borough or urban district which is a local education authority relinquishes to the county its powers in respect of higher education, the county council may raise an additional rate for that borough or district not exceeding 1*d.* in the £.

Additional borough or urban district rate (E. Act, 1902, s. 29 (b)).

“**Relinquishes to the County its Powers in respect of Higher Education.**”—For these powers and their relinquishment see p. 100.

“**An Additional Rate.**”—For these rates see p. 158.

Part IV.

§ 2.—*In the case of a County Borough.*

The possible sources of income for higher education purposes are in the case of a county borough :—

Residue under
53 & 54 Vict.
c. 60 (E. Act,
1902, s. 2 (1)),
Sch. II. (5)).
Borough rate
(E. Act, 1902,
ss. 2, 18 (1)).

(a) The residue under the Local Taxation (Customs and Excise) Act, 1890, as in the case of a county council (see p. 156).

(b) The borough rate, or such other fund or rate as has hitherto met the expenses incurred for educational purposes.

“**The Borough Rate . . . or such other Rate.**”—For this see p. 151. It is to be noted that whereas in the case of a county council they can only levy a rate for the purposes of higher education to the amount of 2*d.* in the £, there is no such limit in the case of a county borough.

Parliamentary
grant.

(c) The Parliamentary grant for instruction in science and art.

As to this, vide supra.

§ 3.—*In the case of Boroughs other than County Boroughs.*

The possible sources of income for higher education purposes are :—

Borough rate,
&c. (E. Act,
1902, ss. 3, 18
(1)).

(a) The borough rate or such other fund or rate as has hitherto met the expenses incurred for educational purposes, provided that the amount raised in any year may not exceed the amount which would be produced by a rate of 1*d.* in the £.

“**Borough Rate . . . or other . . . Rate.**”—Sec p. 149.

“**The Amount which would be Produced.**”—The amount which would be produced by any rate in the £ is to be estimated in accordance with regulations made by the Local Government Board (E. Act, 1902, s. 23 (4)).

(b) The Parliamentary grant for instruction in science and art.

As to this vide supra.

§ 4.—*In the case of an Urban District.*

What has been said as to the sources of income for higher education in the case of a borough other than a county borough (*vide supra*) will apply in that of an urban district, save only

Rate under
E. E. Act,
1876 (E. Act,
1902, ss. 3, 18
(1))

that the rate in the latter case is a rate to be made, assessed and levied in the manner provided by sect. 33 of the E. E. Act, 1876, as respects the expenses mentioned in that section.

Chap. I.
Sect. 2.

As to this rate, see p. 154.

Any liability of an urban district council incurred under the Technical Instruction Acts, 1889—1891, and charged on any fund or rate is to become charged on the fund or rate out of which the expenses of the council are to be paid.

Liability of urban district under Technical Instruction Acts (E. Act, 1902, Sch. 11. (4)).

“**Technical Instruction Acts, 1889—1891.**”—These Acts are now repealed (E. Act, 1902, Sch. IV. Part I.).

“**Fund or Rate out of which the Expenses of the Council are to be Paid.**”—See as to this p. 165.

SECT. III.—FUNDS AVAILABLE UNDER THE WELSH INTERMEDIATE AND TECHNICAL EDUCATION ACT, 1889.

§ 1.—*Sources of Income.*

The sources of income to which, under the various schemes, the county governing bodies may have recourse are as follows:—

- (a) The amount payable by the county council out of the rate authorised by the Act ;
- (b) The amount payable by the county council by way of grant under the Local Taxation (Customs and Excise) Act, 1890 ;
- (c) The Treasury grant ;
- (d) Endowments, the administration of which is vested by the county scheme in the county governing body.
- (e) Additional donations or endowments which may be received by the county governing body after the date of the scheme.

“**County Governing Body.**”—The county governing bodies being now abolished where an education committee is established (see p. 109), in such cases the various sums above mentioned will for the future be retained by and paid to the local education authority (E. Act, 1902, s. 17 (8)).

“**The Rate Authorised by the Act.**”—The Welsh Intermediate Education Act, 1889, s. 8 (3), provides that the addition made to the county rate in any county for the purposes of defraying

Part IV. contributions for intermediate and technical education under the Act is not in any year to exceed $\frac{1}{4}d.$ in the £ on the aggregate amount of any rateable value of the property in the county, as ascertained for the purpose of the levy of the county contributions.

“*County Rate.*”—See p. 147.

“**The Amount Payable to the County Council under the Local Taxation (Customs and Excise) Act, 1890.**”—For this see p. 156.

“**The Treasury Grant.**”—The Welsh Intermediate Education Act, 1889, s. 9, provides :—

(i.) The Commissioners of Her Majesty’s Treasury shall annually out of moneys provided by Parliament pay in aid of each school aided by the county and subject to a scheme made under this Act such sums as hereinafter mentioned.

(ii.) The sums to be so paid shall depend on the efficiency of the schools aided by the county, as ascertained by such annual inspection and report as may be required by the regulations from time to time made by the Treasury for the purposes of this section, and shall be of such amounts as may be fixed by those regulations, and shall be paid in manner provided by those regulations.

(iii.) The aggregate amount of the sums paid by the Commissioners of Her Majesty’s Treasury in any year in respect of the schools in any county shall not exceed the amount payable in that year in pursuance of this Act out of the county rate.

(iv.) The Treasury may from time to time make, and, when made, vary and revoke, regulations for the purposes of this section.

“*Regulations made by the Treasury.*”—See p. 113.

“**Endowments, the Administration of which is vested . . . in the County Governing Body.**”—Sect. 3 (1) of the Welsh Intermediate Education Act, 1889, provides that the schemes should specify the educational endowments within the county which in the opinion of the joint education committee ought to be used for the purposes of such scheme. For a description of endowments applicable to the purposes of the Act as contained in sect. 12 of the Act, see p. 108. A list of such endowments is set out in Sch. I. of each scheme.

As to the transfer of such endowments with other property to the local education authority, see p. 109.

**Fees of
scholars.**

Every scheme fixes a minimum and maximum charge for tuition, and a maximum charge for boarding. In the majority of cases the tuition fee may range from £3 to £8 a year according to the discretion of the district governors. The maximum yearly charge for boarding is usually £40 in a

master's house, or £30 in a hostel managed by the governors. In two counties the minimum tuition fee falls to £2. In a few cases both minimum and maximum are raised for special schools intended to give a more advanced or more expensive type of education. This is the case in the three county boroughs where the minimum is £6 and the maximum £10 to £12.

All payments of tuition fees are to be accounted for by the persons receiving them to the school managers or governors, and to be treated by them as part of the general income of the school.

“**The Minimum is £6.**”—In the case of Newport £5 for girls.

The schemes also provide that the county schools shall be so conducted as to allow of a grant being made to it by the Department of Science and Art.

Grants from Science and Art Department and under the Technical Instruction Act, 1889.

It may also be so conducted as to receive aid from a local authority under the Technical Instruction Act, 1889. Any moneys payable by the Department of Science and Art or under the Technical Instruction Act are to be paid to the school managers or governors.

“**Department of Science and Art.**”—For grants, see pp. 606, 614.

“**The Technical Instruction Act, 1889.**”—This Act is now repealed (E. Act, 1902, Sch. IV. Part I.), but by Sch. III. (11) it is provided that references in any provision of a scheme made under the Endowed Schools Acts, 1869—1889 (including therefore schemes made under the Welsh Intermediate Education Act, 1889, see s. 1), to any provisions of the Technical Instruction Acts, 1889 and 1891, or either of those Acts shall, unless the context otherwise requires, be construed as references to the provisions of Part II. of the E. Act, 1902 (Higher Education).

“**School Managers or Governors.**”—See p. 110. “District Governing Body.”

§ 2.—*Administration of Income.*

The above various sources of income are treated collectively under the name of the “General Fund,” and are administered by the county governing body in accordance with the provisions of the scheme.

“**Administered . . . in accordance with the . . . Scheme.**”—The schemes very generally if not universally provide in the first

Part IV.

place for the carrying to a separate account, entitled the "Building Fund," of the Exchequer contributions received by the county governing body for three or four years together with the interest thereon. Out of this fund grants from the county governing body of a specified amount were to be payable to the local governors, speaking generally, if, and when, within three years from the date of the scheme, there had been provided (a) a piece of freehold land suitable for the requisite school buildings, and (b) a specified sum of money either actually paid or properly guaranteed. The proportion that the voluntary contributions are to bear to the county grant varies in different schemes. It ranges from about one-third to something more than one-half of the estimated cost of building for the minimum number of pupils fixed by the scheme. If at the end of the three years these conditions have not been fulfilled the local governors lose their title to the grant, and the county building fund so set free is invested and treated as part of the county fund. The county governing body has, however, the power in such cases to make other provision, with the sanction of the Charity Commissioners, for the erection of school buildings. The arrangement in detail for the provision of buildings is a function of the local governors, but plans and financial arrangements require the sanction of the Charity Commissioners.

"*County Governing Body.*"—The administration of these funds will now be in the hands of the local education authority. See p. 159, and E. Act, 1902, s. 17 (8).

"*The Charity Commissioners.*"—Now the Board of Education. See Board of Education Act, 1899, s. 2 (2), p. 334, and Orders in Council, pp. 452, 455, 457.

Subject to what has been said above as to the creation of a "building fund," the general fund is charged in the first place with a sum not exceeding one-fifth (the maximum is lower in one or two cases) to be applied yearly by the county governing body to meet expenses incurred under the following heads:—

- (a) Management of property and business;
- (b) Examination and inspection of county schools;
- (c) Travelling teachers;
- (d) County exhibitions; and
- (e) Teachers' pension fund.

The residue is, as a rule, divisible among the school and scholarship districts in stated proportions, which were determined by population and rateable value, modified occasionally by peculiar local circumstances. In one or two cases the residue is allocated by two steps, a fixed sum being first given to each district, and the ultimate residue being distributed on the basis of population, or more or less at the discretion of the county governing body.

The payments thus made by the county governors to the district managers are, in school districts, subject to the condition that one-fifth shall be set apart for scholarships and bursaries, the remainder being applicable for the general maintenance of the school.

“*The General Fund is Charged,*” &c.—Generally speaking, but in many cases there are special provisions for the application of that part of it which comes from charitable endowments.

The scholarships and bursaries fund is applied under the following regulations and conditions:—

- (a) The county governing body is required, after consultation with the district authority, to make regulations from time to time for advertisement, examinations, the equitable award of scholarships as between boys and girls and as between candidates speaking and not speaking Welsh, as to the particular schools, whether in the county or not, at which the scholarships shall be tenable, and as to reports on the working of the system;
- (b) The local governors who administer the fund, are required to maintain scholarships, tenable in the school of the district, unless otherwise ordered, not less in number than 10 per cent. nor more than 20 per cent. of the greatest number of pupils in the school in the last term of the preceding year;
- (c) A scholarship is tenable for one year, but may be renewed from year to year on the written recommendation of the head master;
- (d) Not less than one half of the scholarships are to consist of total exemption from the tuition fee, and are restricted to children who are and have for not less than three years been scholars in a public elementary school;
- (e) The remaining scholarships are to consist of exemption from one half of the tuition fees, and to be awarded to children already in the school;
- (f) The residue of the scholarship fund is to be applied in the first place to the augmentation, where the governors think fit, of the value of the scholarships; and secondly, to the maintenance of bursaries;
- (g) A bursary is to consist of a payment to cover the expense of travelling to and from the school, and other incidental expenses of pupils from the public elementary schools.

Bursaries are to be awarded to those who appear to the governors to be most in need of them, and not on the result of an examination. They are not, therefore, as scholarships are, the reward of merit. It was intended that they should be mainly used to minimise the disadvantages of children whose homes were in the more remote parts of the school districts.

The maintenance and award of exhibitions to carry pupils from

Part IV. the county schools to places of higher education are functions of the county governing body. These exhibitions are to be of a minimum yearly value of £10, and to be tenable for not more than three years by boys and girls who have been not less than five years in a county school. The terms of the competition are to be so arranged that the pupils in all county schools shall in each year be enabled to compete for at least one exhibition.

**Leaving
exhibitions.**

The local education authority may pay, as part of their expenses under the E. E. Act, 1876, to the registrar of births and deaths making a return to them of such particulars registered by him concerning the deaths and births of children

as may be specified in any requisition by them, a fee not exceeding 2*d.* for every birth and death entered in the return.

The remuneration of any persons employed by the local education authority to assist them in making their annual returns to the Board of Education, together with all such other expenses incurred therein as the Treasury may sanction, are to be paid by the Board of Education.

The costs of a public inquiry held under the E. Act, 1902, s. 23 (10), and E. E. Act, 1870, s. 73, or under the latter section only, may, if the Board of Education so direct, are to be paid by the area of the local education authority, in which case the costs may be recovered as a debt due from the local education authority.

The council of any county or county borough may, out of any money applicable for the purposes of technical education, pay or contribute to the expenses of an inspection by the Board of Education of any school supplying secondary education and desiring to be so inspected situate within their county or borough.

“Money applicable for the Purposes of Technical Education.”—Previous to the passing of the E. Act, 1902, the moneys which a county or borough might apply for the purposes of technical education were—(i.) the produce of the rate levied under the Technical Instruction Act, 1889, and (ii.) the “residue” under the Local Taxation (Customs and Excise) Act, 1890. The former Act, and sect. 1 (2) of the latter, which authorised the application of the “residue,” are now repealed by the E. Act, 1902. But Sch. III. (11) of that Act provides that references in any enactment to any provisions of the Technical Instruction Acts, 1889 and 1891, or either of those Acts, shall be construed as references to the provisions of Part II. of itself, which deals with higher education. The above payments will accordingly be able to be made out of the funds now available for higher education, for, although not directly, yet certainly indirectly, the third section of the Board of Education Act refers to the provisions of the Technical Instruction Act, 1889.

births (E. E. Act, 1870, s. 26).

Expenses in respect of returns (E. E. Act, 1870, s. 69).

Expenses in respect of public inquiries (E. E. Act, 1870, s. 73 ; E. Act, 1902, s. 23 (10)).

Expenses of inspection by Board of Education of secondary schools (E. Act, 1899, s. 3 (2)).

CHAPTER III.

BORROWING AND LOANS.

THE local education authority may borrow money for the purposes of the E. E. Acts, 1870—1900, and for those of the E. Act, 1902.

“For the Purposes of the E. E. Acts, 1870—1900, or the E. Act, 1902.”—The most important of such purposes which may possibly involve borrowing appear to be :—

- (1.) The provision of sufficient public school accommodation. (See pp. 24, 26.)
- (2.) The maintenance and efficiency of all public elementary schools. (See p. 21.)
- (3.) The provision of efficient and suitable education for deaf and blind and defective and epileptic children (E. E. (Blind and Deaf Children) Act, 1893, s. 5 (1); E. E. (Defective and Epileptic Children) Act, 1899, s. 6).

In respect of these two purposes the consent of the Board of Education is no longer necessary to the exercise of the power of borrowing, the consent of the Local Government Board being substituted (E. Act, 1902, Sch. III. (8)). Sub-sections (1) and (5) of sect. 87 of L. G. Act, 1888 (see p. 172), apply in the case of such consent (E. Act, 1902, s. 23 (9)).

- (4.) The establishing, building, and maintaining of certified industrial and certified day industrial schools. (See p. 34.)

In these cases it is necessary to get the consent of the Home Secretary instead of that of the Local Government Board to the spreading of the payment of the expenses of such establishment and building over a number of years, and to the borrowing of money for such purposes (E. E. Act, 1876, s. 15; E. Act, 1902, Sch. III. (8)).

The same consent is also necessary where the local education authority desire to borrow money in furtherance of a resolution passed by them to contribute any sum of money towards, or to undertake the cost of :

- (a) The alteration, enlargement, or rebuilding, but not the furnishing of any industrial school or day industrial school; or
- (b) The establishment or building, but not the furnishing of such a school; or

- (c) The purchase of land required either for the use of such an existing school, or for the site of a school intended to be used as such a school (F. E. (Industrial Schools) Act, 1879, s. 3. E. Act, 1902, Sch. III. (8)).

Chap. III.

In both these cases before the passing of E. Act, 1902, if it were desired to raise the loan from the Public Works Loan Commissioners, the Commissioners could only entertain the application on the recommendation of the Home Secretary, required by sect. 10 of E. E. Act, 1873. That section is now repealed, but both purposes are still to be deemed works for which the local education authority is authorised to borrow within the meaning of Sch. I. of the Public Works Loans Act, 1875. See E. E. Act, 1876, s. 15; E. E. (Industrial Schools) Act, 1879, s. 3. That schedule, as modified by E. Act, 1902, Sch. III. (10), provides that among the works for the purpose of which the Commissioners may lend money is any school house or work for which a local education authority is authorised to borrow under the E. E. Acts, 1870--1873, or any Act amending the same.

§ 1.—*In the case of a County Council.*

The borrowing powers of the local education authority are to be exercised as for the purposes of the L. G. Act, 1888.

E. Act, 1902,
s. 19 (1).

The L. G. Act, 1888, provides as follows :—

Borrowing by
county council
(L. G. Act,
1888, s. 69).

69.—(1.) The county council may from time to time, with the consent of the Local Government Board (*a*), borrow, on the security of the county fund, and of any revenues of the council, or on either such fund or revenues, or any part of the revenues, such sums as may be required for the following purposes, or any of them, that is to say :

- (a) for consolidating the debts of the county ; and
- (b) for purchasing any land or building any building, which the council are authorised by any Act to purchase or build ; and
- (c) for any permanent work or other thing which the county council are authorised to execute or do, and the cost of which ought in the opinion of the Local Government Board to be spread over a term of years : and
- (d) for making advances (which they are hereby authorised to make) to any persons or bodies of persons, corporate or unincorporate, in aid of the emigration or colonisation of

Part IV.

inhabitants of the county, with a guarantee for repayment of such advances from any local authority in the county, or the Government of any colony ; and

(e) for any purpose for which quarter sessions or the county council are authorised by any act to borrow,

but neither the transfer of powers by this Act nor anything else in this Act shall confer on the county council any power to borrow without the consent above mentioned (a), and that consent shall dispense with the necessity of obtaining any other consent which may be required by the Acts relating to such borrowing, and the Local Government Board, before giving their consent, shall take into consideration any representation made by any ratepayer or owner of property rated to the county fund.

(2.) *Provided that where the total debt of the county council, after deducting the amount of any sinking fund, exceeds, or if the proposed loan is borrowed will exceed, the amount of one tenth of the annual rateable value of the rateable property in the county, ascertained according to the standard or basis for the county rate, the amount shall not be borrowed, except in pursuance of a provisional order made by the Local Government Board and confirmed by Parliament (b).*

(3.) A county council may also from time to time, without any consent of the Local Government Board, during the period which was fixed for the discharge of any loan raised by them under this Act or transferred to them by this Act, borrow on the like security such amount as may be required for the purpose of paying off the whole or any part of such loan, or if any part of such loan has been repaid otherwise than by capital money for reborrowing the amount so repaid, and for the purpose of this section, "capital money" includes any instalments, annual appropriations, and sinking fund and the proceeds of the sale of land or other property, but does not include money previously borrowed for the purpose of repaying a loan.

(4.) All money reborrowed shall be repaid within the period fixed for the discharge of the original loan, and every loan for

reborrowing shall for the purpose of the ultimate discharge be deemed to form part of the same loan as the original loan, and the obligations of the council with respect to the discharge of the original loan shall not be in any way affected by means of the reborrowing.

Chap. III.

(5.) A loan under this section shall be repaid within such period, not exceeding thirty years, as the county council, with the consent of the Local Government Board, determine in each case.

(6.) The county council shall pay off every loan either by equal yearly or half-yearly instalments of principal, or of principal and interest combined, or by means of a sinking fund set apart, invested, and applied in accordance with the Local Loans Act, 1875, and the Acts amending the same (*e*).

38 & 39 Vict.
c. 83.

(7.) Where a loan is raised for any special county purpose (*d*), the council shall take care that the sums payable in respect of the loan are charged to the special account to which the expenditure for that purpose is chargeable.

(8.) Where the county council are authorised to borrow any money on loan they may raise such money either as one loan or several loans, and either by stock issued under this Act (*e*), or by debentures (*f*), or annuity certificates (*g*) under the Local Loans Act, 1875, and the Acts amending the same, or, if special reasons exist for so borrowing, by mortgage, in accordance with sections two hundred and thirty-six and two hundred and thirty-seven of the Public Health Act, 1875 (*h*).

38 & 39 Vict.
c. 55.

Discharge of loan by sinking fund.

15. Where a sinking fund is prescribed (1) for any loan or part of a loan, the local authority shall create a sinking fund as herein-after mentioned; that is to say,

(1.) Such equal yearly or half-yearly sums shall be paid into the sinking fund in each year as, being accumulated at compound interest at the prescribed rate, or if no rate is prescribed, at such rate as in the opinion of the local authority, (regard being had to the securities in which they are authorised to make investments,) will, at the expiration of some period not longer than the prescribed period, be sufficient, after payment of all expenses, to discharge such loan or part of a loan; and,

(2.) The first of such payments shall be made within one year from the date of the loan; and,

(3.) All sums paid into the sinking fund shall be, as soon as may be, invested by the local authority in the prescribed manner, and if no manner is prescribed, or if a manner having been prescribed, the Local Government Board shall assent, in securities in which trustees are by law for the time being authorised to invest, or in debentures, debenture stock, or annuity certificates issued under this Act, and any such investments may be from time to time varied or transposed, and all dividends and other annual sums received in respect of such investments shall as soon as may be after they are received, be paid into the sinking fund and invested by the local authority in like manner; and,

The debentures or portion of debenture stock, to the payment of which such sinking fund is for the time being applicable, shall be ascertained in such manner as may have been fixed at the time of the issue of the debentures or debenture stock, or may thereafter have been arranged. Where the debentures or portion of debenture stock to be paid off are or is to be determined by lot, the lots shall be drawn and notice shall be given in manner herein-before in this Act mentioned :
- (6.) - (7.) Where any part of the sinking fund is invested in any securities of the local authority, or is applied in paying off any part of the loan before the prescribed period, the interest which would otherwise be payable on such securities or on such part of the loan shall be paid into the sinking fund and invested in manner provided by this Act :
- (8.) If the annual income of the sinking fund is not less than the annual interest payable on so much of the loan or part of the loan in respect of which it was created as remains undischarged, the equal annual sums required by this section to be paid into the sinking fund may cease to be so paid.

(1) By the Local Loans Sinking Funds Act, 1885 (48 & 49 Vict. c. 30, s. 4), it is provided that notwithstanding anything contained in the Local Loans Act, 1875, any loan borrowed in manner provided by that Act may be discharged by the establishment of a sinking fund as therein mentioned, notwithstanding that a sinking fund may not have been prescribed by the special act authorising the loan.

16. Where a sinking fund is created for the purpose of discharging any loan or part of a loan the local authority shall, until such loan or part of a loan is discharged, within twenty-one days after the expiration of each year, transmit to the Local Government Board a return in such form and verified in such manner as the Board from time to time directs, showing the amount which has been invested or applied for the purpose of such sinking fund during the year next preceding the making of such return, and the description of the securities upon which any investment has been made, and the purposes to which any portion of the sinking fund has been applied during the same period, and

If it appears to the Local Government Board, by such return or otherwise, that the local authority have failed to comply with the provisions of this Act with respect to the sinking fund, that Board may, if they think fit and after hearing the local authority, if desirous to be heard, by order direct that the sum in respect of which default has been made is to be raised and invested or applied as part of the sinking fund, and any such order may be enforced by mandamus.

Part IV.

E. Act, 1902,
s. 18 (3).

§ 2.—*In the case of a Borough.*

In the case of a borough separate accounts are to be kept by the council of their receipts and expenditure under the E. Act of 1902, and those accounts are to be made up and audited in like manner and subject to the same provision as the accounts of a county council, and the enactments relating to the audit of those accounts and to all matters incidental thereto and consequential thereon, including the penal provisions, are to apply, in lieu of those of the Municipal Corporations Act, 1882, relating to accounts and audit.

“**In like Manner . . . as the Accounts of a County Council.**”—*Vide supra*, p. 186.

“**Enactments relating to Audit of those Accounts.**”—*Vide supra*, notes to sect. 71 of L. G. Act, 1888, pp. 187—191.

“**In lieu of those of the Municipal Corporations Act, 1882.**”—It will be seen on referring to sect. 71, sub-sect. (2), of the L. G. Act, 1888, *supra*, that the provisions of sects. 26, 27, and 28 of the Municipal Corporations Act, 1882, will still apply to the accounts of a borough, and that sect. 25 of that Act, which makes provision for borough auditors, is alone excluded. The reasons for adopting the Government system of audit appear to be—first, that there is a distinction between the expenditure under the E. Act, 1902, and any other expenditure incurred by a municipal authority, because more than half the sum is received from the Imperial Exchequer; secondly, Parliament having laid down the lines on which the money is to be spent, without a system of Government audit it would be impossible to tell whether the orders of Parliament are obeyed.

§ 3.—*In the case of an Urban District Council.*

L. G. Act,
1894, s. 58 (1).

The accounts of the receipts and payments of district councils and their committees and officers are made up yearly to the 31st day of March, or where a half-yearly audit is required to the 30th September and 31st of March, in such form as the Local Government Board prescribe.

Ibid. (2). Such accounts are audited by a district auditor, and the enactments relating to audit by district auditors of accounts of urban sanitary authorities and their officers, and to all matters incidental thereto and consequential thereon, apply.

Ibid. (3). The Local Government Board, however, have power to make rules modifying the enactments as to publication of notice of

the audit and of the abstract of accounts and the report of the auditor.

§ 4.—*In case of Education Committee and Managers.*

When any receipts or payments of money under the E. Act, 1902, are entrusted by the local education authority to any education committee, or managers of any public elementary school, the accounts of those receipts and payments are to be accounts of the local education authority, but the auditor of those accounts is to have the same powers with respect to managers as he would if the managers were officers of the local education authority.

Where receipts or payments entrusted to education committee or managers (E. Act, 1902, s. 18 (5)).

§ 5.—*In case of Joint Industrial Schools.*

Where two or more local education authorities combine for the establishment of a joint industrial school under a joint body of managers, the enactments relating to the audit of local education authority accounts are to apply as if the joint body of managers were a local education authority.

For the purpose of the purchase by the managers of any public elementary school of a schoolhouse for such school, or a site for the same, "The Lands Clauses Consolidation Act, 1845," and the Acts amending the same, (except so much as relates to the purchase of land otherwise than by agreement,) shall be incorporated with this Act; and in construing those Acts for the purposes of this section the special Act shall be construed to mean this Act, and the promoters of the undertaking shall be construed to mean such managers, and land shall be construed to include any right over land.

23. The managers of any elementary school in the district (*b*) of a school board (*c*) may, in manner provided by this Act, make an arrangement with the school board (*c*) for transferring their school to such school board (*c*), and the school board (*c*) may assent to such arrangement. *See p. 94.*

An arrangement under this section may be made by the managers by a resolution or other act as follows; (that is to say,)

- (1.) Where there is any instrument declaring the trusts of the school, and such instrument provides any manner in which or any assent with which a resolution or act binding the managers is to be passed or done, then in accordance with the provisions of such instrument:
- (2.) Where there is no such instrument, or such instrument contains no such provisions, then in the manner and with the assent, if any, in and with which it may be shown to the Education Department (*a*) to have been usual for a resolution or act binding such managers to be passed or done:
- (3.) If no manner or assent can be shown to have been usual, then by a resolution passed by a majority of not less than two thirds of those members of their body who are present at a meeting of the body summoned for the purpose, and vote on the question, and with the assent of any other person whose assent under the circumstances appears to the Education Department (*a*) to be requisite.

And in every case such arrangement shall be made only—

- (2.) If there are annual subscribers to such school, with the consent of a majority, not being less than two thirds in number, of those of the annual subscribers who are present at a meeting duly summoned for the purpose, and vote on the question.

of the school, and such instrument contains any provision for the alienation of the school by any persons or in any manner or subject to any consent, any arrangement under this section shall be made by the persons in the manner and with the consent so provided.

Where it appears to the Education Department (*a*) that there is any trustee of the school who is not a manager, they shall cause the managers to serve on such trustee, if his name and address are known, such notice as the Education Department (*a*) think sufficient; and the Education Department (*a*) shall consider and have due regard to any objections and representations he may make respecting the proposed transfer.

The Education Department (*a*) shall consider and have due regard to any objections and representations respecting the proposed transfer which may be made by any person who has contributed to the establishment of such school.

At the expiration of six months from the date of transfer the consent of the Education Department (*a*) shall be conclusive evidence that the arrangement has been made in conformity with this section.

An arrangement under this section may provide for the absolute conveyance to the school board (*b*) of all the interest in the schoolhouse possessed by the managers or by any person who is trustee for them or for the school, or for the lease of the same, with or without any restrictions, and either at a nominal rent or otherwise, to the school board (*b*), or for the use by the school board (*b*) of the schoolhouse during part of the week, and for the use of the same by the managers or some other person during the remainder of the week, or for any arrangement that may be agreed on. The arrangement may also provide for the transfer or application of any endowment belonging to the school, or for the school board (*b*) undertaking to discharge any debt charged on the school not exceeding the value of the interest in the schoolhouse or endowment transferred to them.

When an arrangement is made under this section the managers may, whether the legal interest in the schoolhouse or endowment is vested in them or in some person as trustee for them or the school, convey to the school board (*b*) all such interest in the schoolhouse and endowment as is vested in them or in such trustee, or such smaller interest as may be required under the arrangement.

Nothing in this section shall authorise the managers to transfer any property which is not vested in them, or a trustee for them, or held in trust for the school; and where any person has any right given him by the trusts of the school to use the school for any particular purpose independently of such managers, nothing in this section shall authorise any interference with such right except with the consent of such person.

Re-transfer
of school by
school board
to managers.

24. Where any school or any interest therein has been transferred by the managers thereof to the school board (*a*) of any school district (*b*) in pursuance of this Act, the school board (*a*) of such district (*b*) may, by a resolution passed as herein-after mentioned, and with the consent of the Education Department (*c*), re-transfer such school or such interest therein to a body of managers qualified to hold the same under the trusts of the school as they existed before such transfer to the school board (*a*), and upon such re-transfer may convey all the interest in the schoolhouse and in any endowment belonging to the school vested in the school board (*a*).

A resolution for the purpose of this section may be passed by a majority of not less than two thirds of those members of the school board who are present at a meeting duly convened for the purpose and vote on the question.

The Education Department (*c*) shall not give their consent to any such re-transfer unless they are satisfied that any money expended upon such school out of a loan raised by the school board (*a*) of such district has been or will on the completion of the re-transfer be repaid to the school board (*a*).

Every school so re-transferred shall cease to be a school provided by a school board (*a*), and shall be held upon the same trusts on which it was held before it was transferred to the school board (*a*). *See p. 95.*

As to attendance of children at school.

74. Every school board (*a*) may from time to time, with the approval of the Education Department (*b*), make byelaws for all or any of the following purposes : *See pp.* 35, 36.

- (1.) Requiring the parents of children of such age, not less than five years nor more than thirteen years, as may be fixed by the byelaws, to cause such children (unless there is some reasonable excuse) to attend school : *See p.* 37.
- (2.) Determining the time during which children are so to attend school ; provided that no such byelaws shall prevent the withdrawal of any child from any religious observance or instruction in religious subjects, or shall require any child to attend school on any day exclusively set apart for religious observance by the religious body to which his parent belongs, or shall be contrary to anything contained in any Act for regulating the education of children employed in labour : *See p.* 42.
- (3.) Providing for the remission or payment of the whole or any part of the fees of any child where the parent satisfies the school board that he is unable from poverty to pay the same : *See pp.* 43, 138.
- (4.) Imposing penalties for the breach of any byelaws : *See p.* 43.
- (5.) Revoking or altering any byelaw previously made : *See p.* 44.

Provided that any byelaw under this section requiring a child between ten and thirteen years of age to attend school shall provide for the total or partial exemption of such child from the obligation to attend school if one of Her Majesty's inspectors certifies that such child has reached a standard of education specified in such byelaw. *See pp.* 39, 42.

Any of the following reasons shall be a reasonable excuse ; namely,

- (1.) That the child is under efficient instruction in some other manner :
- (2.) That the child has been prevented from attending school by sickness or any unavoidable cause :
- (3.) That there is no public elementary school open which the child can attend within such distance, not exceeding three miles, measured according to the nearest road from the residence of such child, as the byelaws may prescribe. *See p.* 38.

The school board (*a*), not less than one month before submitting any byelaw under this section for the approval of the Education Department (*b*), shall deposit a printed copy of the proposed byelaws at their office for inspection by any ratepayer, and supply a printed copy thereof gratis to any ratepayer, and shall publish a notice of such deposit.

The Education Department (*b*) before approving of any byelaws

shall be satisfied that such deposit has been made and notice published, and shall cause such inquiry to be made in the school district as they think requisite.

Any proceeding to enforce any byelaw may be taken, and any penalty for the breach of any byelaw may be recovered, in a summary manner; but no penalty imposed for the breach of any byelaw shall exceed such amount as with the costs will amount to five shillings for each offence, and such byelaws shall not come into operation until they have been sanctioned by Her Majesty in Council (a).

It shall be lawful for Her Majesty, by Order in Council (a), to sanction the said byelaws, and thereupon the same shall have effect as if they were enacted in this Act.

All byelaws sanctioned by Her Majesty in Council (a) under this section shall be set out in an appendix to the annual report of the Education Department (b).

(2.) If in any case there is a failure to comply with any of the conditions in this Act, and the Education Department (*a*) are satisfied that there was a reasonable excuse for the failure, the Department (*a*) may pay the fee grant, but in that case shall, if the amount received from fees has exceeded the amount allowed by this Act, make a deduction from the fee grant equal to that excess. *See p.* 133.

(*a*) Now Board of Education : Board of Education Act, 1899, sect. 2 (1).

(2.) In any school receiving the fee grant where the said average rate was so in excess, the fees to be charged for children over three and under fifteen years of age shall not, except as by this Act provided, be such as to make the average rate of fees for all such children exceed for any school year the amount of the said excess. *See p. 132.*

3. In any school receiving the fee grant, where the average rate charged and received in respect of fees and books, and for other purposes, during the school year ended last before the first day of January, one thousand eight hundred and ninety-one, was not in excess of ten shillings a year for each child of the number of children in average attendance at the school, no charge of any kind shall be made for any child over three and under fifteen years of age. *See p. 132.*

4.—(1.) Notwithstanding anything herein-before contained, the Education Department (a), if they are satisfied that sufficient public school accommodation, without payment of fees, has been provided for a school district, and that the charge of school fees or the increase of school fees for children over three and under fifteen years of age in any particular school receiving the fee grant is required owing to a change of population in the district, or will be for the educational benefit of the district, or any part of the district, may from time to time approve such charge or increase of fees in that school, provided that the ordinary fee for such children shall not exceed sixpence a week. *See p. 133.*

(2.) The Education Department (a) shall report annually to Parliament all cases in which they have sanctioned or refused the imposition or augmentation of fees under this section, with a statement of the amount of fee permitted.

Definitions.

4. In this Act, unless the context otherwise requires—

The expression "voluntary school" means a public elementary day school not provided by a school board^(b) :

Any reference to the number of scholars in schools means the number of scholars in average attendance as computed by the Education Department^(c) :

The expression "local rate" means a rate the proceeds of which are applicable to public local purposes, and which is leviable on the basis of an assessment in respect of the yearly value of property, and includes any sum which, though obtained in the first instance by a precept, certificate, or other instrument requiring payment from some authority or officer, is or can be ultimately raised out of a local rate as before defined :

Other expressions have the same meaning as in the Elementary Education Acts, 1870 to 1893.

The certificate shall be in such form as may be prescribed by the Education Department (*b*).

(5.) The school authority (*a*), acting under this section, shall make provision for the examination from time to time of any child dealt with under this section, in order to ascertain whether such child has attained such a mental and physical condition as to be fit to attend the ordinary classes of public elementary schools; and the school authority (*a*) shall make provision for such examination in the case of any child whose parent claims such examination of his child, provided that the parent shall not make such claim within less than six months after his child has been examined; and any school authority (*a*) failing to make such provision as this sub-section requires shall be deemed to have acted in contravention of this Act. *See p. 32.*

the local education authority shall have all powers of management required for the purpose of carrying out this Act, and shall (subject to the powers of the local education authority under this section) have the exclusive power of appointing and dismissing teachers. *See pp.* 88, 89.

Provision of
new schools.

(2.) If, in the opinion of the Board of Education, any enlargement of a public elementary school is such as to amount to the provision of a new school, that enlargement shall be so treated for the purposes of this section. *See p.* 25.

(3.) Any transfer of a public elementary school to or from a local education authority shall for the purposes of this section be treated as the provision of a new school. *See p.* 95.

9. - (a.) a sum equal to four shillings per scholar; and
- (b.) an additional sum of three halfpence per scholar for every complete twopenny per scholar by which the amount which would be produced by a penny rate on the area of the authority falls short of ten shillings a scholar; Provided that, in estimating the produce of a penny rate in the area of a

local education authority not being a county borough, the rate shall be calculated upon the county rate basis, which, in cases where part only of a parish is situated in the area of the local education authority, shall be apportioned in such manner as the Board of Education think just. *See p. 135.*

But if in any year the total amount of parliamentary grants payable to a local education authority would make the amount payable out of other sources by that authority on account of their expenses under this Part of this Act less than the amount which would be produced by a rate of threepence in the pound the parliamentary grants shall be decreased, and the amount payable out of other sources shall be increased by a sum equal in each case to half the difference. *See p. 134.*

(2.) For the purposes of this section the number of scholars shall be taken to be the number of scholars in average attendance, as computed by the Board of Education, in public elementary schools maintained by the authority. *See p. 135.*

managers.**

11.—(1.) The foundation managers of a school shall be managers appointed under the provisions of the trust deed of the school, but if it is shown to the satisfaction of the Board of Education that the provisions of the trust deed as to the appointment of managers are in any respect inconsistent with the provisions of this Act, or insufficient or inapplicable for the purpose, or that there is no such trust deed available, the Board of Education shall make an order under this section for the purpose of meeting the case. *See p. 80.*

(2.) Any such order may be made on the application of the existing owners, trustees, or managers of the school, made within a period of three months after the passing of this Act, and after that period on the application of the local education authority or any other person interested in the management of the school, and any such order, where it modifies the trust deed, shall have effect as part of the trust deed, and where there is no trust deed shall have effect as if it were contained in a trust deed. *See pp. 81, 84.*

(3.) Notice of any such application, together with a copy of the draft final order proposed to be made thereon, shall be given by the Board of Education to the local education authority and the existing owners, trustees, and managers, and any other persons who appear to the Board of Education to be interested, and the final order shall not be made until six weeks after notice has been so given. *See p. 83.*

(4.) In making an order under this section with regard to any school, the Board of Education shall have regard to the ownership of the school building, and to the principles on which the education given in the school has been conducted in the past. *See p. 84.*

(5.) The Board of Education may, if they think that the circumstances of the case require it, make any interim order on any

application under this section to have temporary effect until the final order is made. *See p. 83.*

(6.) The body of managers appointed under this Act for a public elementary school not provided by the local education authority shall be the managers of that school both for the purposes of the Elementary Education Acts, 1870 to 1900, and this Act, and, so far as respects the management of the school as a public elementary school, for the purpose of the trust deed. *See p. 88.*

Where the receipt by a school, or the trustees or managers of a school, of any endowment or other benefit is, at the time of the passing of this Act, dependent on any qualification of the managers, the qualification of the foundation managers only shall, in case of question, be regarded. *See p. 147.*

(8.) The Board of Education may, on the application of the managers of the school, the local education authority, or any person appearing to them to be interested in the school, revoke, vary, or amend any order made under this section by an order made in a similar manner; but before making any such order the draft thereof shall, as soon as may be, be laid before each House of Parliament, and, if within thirty days, being days on which Parliament has sat, after the draft has been so laid before Parliament, either House resolves that the draft, or any part thereof, should not be proceeded with, no further proceedings shall be taken thereon, without prejudice to the making of any new draft order. *See p. 84.*

12.—(1.) The local education authority may group under one body of managers any public elementary schools provided by them, and may also, with the consent of the managers of the schools, group under one body of managers any such schools not so provided.

(2.) Any money arising from an endowment, and paid to a county council for those purposes of a public elementary school for which provision is to be made by the council, shall be credited by the council in aid of the rate levied for the purposes of this Part of this Act in the parish or parishes which in the opinion of the council are served by the school for the purposes of which the sum is paid, or, if the council so direct, shall be paid to the overseers of the parish or parishes in the proportions directed by the council, and applied by the overseers in aid of the poor rate levied in the parish. *See p. 146.*

15. The local education authority may maintain as a public elementary school under the provisions of this Act, but shall not be required so to maintain, any Marine school, or any school which is part of, or is held in the premises of, any institution in which children are boarded, but their refusal to maintain such a school shall not render the school incapable of receiving a parliamentary grant, nor shall the school, if not so maintained, be subject to the provisions of this Act as to the appointment of managers, or as to control by the local education authority. *See p. 24.*

The council may also delegate to the education committee, with or without any restrictions or conditions as they think fit, any of their powers under this Act, except the power of raising a rate or borrowing money. *See p.* 18.

(3.) Every such scheme shall provide—

(7.) If a scheme under this section has not been made by a council and approved by the Board of Education within twelve months after the passing of this Act, that Board may, subject to the provisions of this Act, make a provisional order for the purposes for which a scheme might have been made. *See pp. 13, 17.*

Preliminary.

1. This Act may be cited for all purposes as the Welsh Intermediate Education Act, 1889, and shall, so far as is consistent with the tenour thereof, be construed as one with the Endowed Schools Acts, and may be cited together with those Acts as the Endowed Schools Acts, 1869 to 1889. This Act shall come into operation on the first day of November next after the passing thereof, which day is in this Act referred to as the commencement of this Act. See p. 161.

Short title and construction.

2. The purpose of this Act is to make further provision for the intermediate and technical education of the inhabitants of Wales and the county of Monmouth.

Purpose of Act.

Schemes for Intermediate Education.

3.—(1.) It shall be the duty of the joint education committee as herein-after mentioned of every county in Wales and of the county of Monmouth to submit to the Charity Commissioners (*a*) a scheme or schemes for the intermediate and technical education of the inhabitants of their county, either alone or in conjunction with the inhabitants of any adjoining county or counties, specifying in each scheme the educational endowments within their county which in their opinion ought to be used for the purpose of such scheme. See p. 160.

Schemes by joint education committee.

(2.) A county council may recommend their committee to insert in such scheme a provision for a payment out of the county rate to an amount not exceeding that in this Act mentioned of the expenses of carrying into effect the scheme, or any particular part thereof, and such provision may accordingly, if it is thought fit, be inserted in the scheme.

(3.) Such scheme, if the Commissioners (*a*) (after such examination or inquiry as mentioned in section thirty-two of the Endowed Schools Act, 1869) approve it (*b*), either without modification, or with such modifications as may be assented to by the joint education committee, shall be adopted and proceeded on by the Commissioners (*a*) in the same manner as if it were a draft scheme originally prepared by themselves.

32 & 33 Vict. c. 56.

(4.) If the scheme is not so adopted by the Commissioners (*a*), it shall be deemed to be a scheme prepared and submitted by a governing body to the Commissioners (*a*) within the meaning of section thirty-two of the Endowed Schools Act, 1869, and shall be dealt with accordingly.

(6.) The Charity Commissioners (a) may, if they think fit, accept a joint scheme from two or more joint education committees.

(7.) A joint education committee may, instead of submitting a scheme, submit to the Charity Commissioners (a) proposals for a scheme, and such proposals may include, if so recommended by the county council, a payment out of the county rate; and the Commissioners (a) shall prepare a scheme for carrying into effect such proposals, either with or without modifications, but any modification to which the joint education committee do not assent shall be struck out of the scheme, and the scheme as so prepared, with the omission of any modification to which the joint education committee do not assent, shall be deemed for the purposes of this section to be a scheme submitted by a joint education committee to the Charity Commissioners (a), and the Commissioners (a) shall proceed accordingly.

Such order, if the Court thinks fit, may be made on such terms and conditions, if any, as the Court thinks proper: but no such order shall be made if the

(5.) Money arising by sale may, until reinvested in the purchase of land, be invested in the names of the governing body or of trustees for the governing body in any manner in which trust money is for the time being by law authorised to be invested; and all dividends and income on investments so made and all the resulting income shall be invested in like manner so as to accumulate in the way of compound interest, and be added to capital until the capital is reinvested in the purchase of land.

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

2. If any person—

- (a.) causes or procures any child, being a boy under the age of fourteen years, or being a girl under the age of sixteen years, or, having the custody, charge, or care of any such child, allows that child, to be in any street, premises, or place for the purpose of begging or receiving alms, or of inducing the giving of alms, whether under the pretence of singing, playing, performing, offering anything for sale, or otherwise; or

that person shall, on summary conviction, be liable, at the discretion of the court, to a fine not exceeding twenty-five pounds, or

alternatively, or in default of payment of such fine, or in addition thereto, to imprisonment, with or without hard labour, for any term not exceeding three months.

Provided that—

- (i.) This section shall not apply in the case of any occasional sale or entertainment the net proceeds of which are wholly applied for the benefit of any school or to any charitable object, if such sale or entertainment is held elsewhere than in premises which are licensed for the sale of any intoxicating liquor but not licensed according to law for public entertainments, or if, in the case of a sale or entertainment held in any such premises as aforesaid, a special exemption from the provisions of this section has been granted in writing under the hands of two justices of the peace; and
- (ii.) Any local authority may, if they think it necessary or desirable so to do, from time to time by byelaw extend or restrict the hours mentioned in paragraph (b) of this section, either on every day or on any specified day or days of the week, and either as to the whole of their district or as to any specified area therein; and

- (iv.) Paragraph (d) of this section shall not apply in the case of a person who is the parent or legal guardian of a child, and himself trains the child.

3.—(1.) A petty sessional court, or in Scotland the School Board, may, notwithstanding anything in this Act, grant a licence for such time and during such hours of the day, and subject to such restrictions and conditions as the court or board think fit, for any child exceeding seven years of age,—

Licences for
employment of
children.

- (a.) to take part in any entertainment or series of entertainments to take place in premises licensed according to law for public entertainments, or in any circus or other place of public amusement as aforesaid; or
- (b.) to be trained as aforesaid; or
- (c.) for both purposes;

if satisfied of the fitness of the child for the purpose, and if it is shown to their satisfaction that proper provision has been made to secure the health and kind treatment of the children taking part in the entertainment or series of entertainments or being trained as aforesaid, and the court or board may, upon sufficient cause, vary, add to, or rescind any such licence.

Any such licence shall be sufficient protection to all persons acting under or in accordance with the same.

(2.) A Secretary of State may assign to any inspector appointed under section sixty-seven of the Factory and Workshop Act,

41 & 42 Vict.
c. 16.

1878 (a), specially and in addition to any other usual duties, the duty of seeing whether the restrictions and conditions of any licence under this section are duly complied with, and any such inspector shall have the same power to enter, inspect, and examine any place of public entertainment at which the employment of a child is for the time being licensed under this section as an inspector has to enter, inspect, and examine a factory or workshop under section sixty-eight of the same Act.

(3.) Where any person applies for a licence under this section he shall, at least seven days before making the application, give notice thereof to the chief officer of police for the district in which the licence is to take effect, and that officer may appear or instruct some person to appear before the authority hearing the application, and show cause why the licence should not be granted, and the authority to whom the application is made shall not grant the same unless they are satisfied that notice has been properly so given.

(4.) Where a licence is granted under this section to any person, that person shall, not less than ten days after the granting of the licence, cause a copy thereof to be sent to the inspector of factories and workshops acting for the district in which the licence is to take effect, and if he fails to cause such copy to be sent, shall be liable on summary conviction to a fine not exceeding five pounds.

Arrest of Offender and Provision for Safety of Children.

Power to take
offenders into
custody.

4.—(1.) Any constable may take into custody, without warrant, any person—

- (a.) who within view of such constable commits an offence under this Act, or any of the offences mentioned in the Schedule to this Act, where the name and residence of such person are unknown to such constable and cannot be ascertained by such constable; or
- (b.) who has committed or who he has reason to believe has committed any offence of cruelty within the meaning of this Act, or any of the offences mentioned in the Schedule to this Act, if he has reasonable ground for believing that such

(a) The Factory and Workshop Act, 1878, is repealed by the Factory and Workshop Act, 1901 (1 Edw. 7, c. 22), but by sect. 161 (3) of that Act it is provided that all inspectors and sub-inspectors appointed in pursuance of any enactment hereby repealed shall continue in office and shall be subject to removal and have the same powers and duties as if they had been appointed in pursuance of this Act. For the appointment of inspectors and their powers under the Act of 1901, see sects. 118—121 thereof.

(b) See the Act, *ante*, p. 226.

person will abscond, or if the name and address of such person are unknown to and cannot be ascertained by the constable.

(2.) Where a constable arrests any person without warrant in pursuance of this section, the inspector or constable in charge of the station to which such person is conveyed shall, unless in his belief the release of such person on bail would tend to defeat the ends of justice, or to cause injury or danger to the child against whom the offence is alleged to have been committed, release the person arrested on his entering into such a recognisance, with or without sureties, as may in his judgment be required to secure the attendance of such person upon the hearing of the charge.

5.—(1.) A constable may take to a place of safety any child in respect of whom an offence under paragraph (a) of section two of this Act has been committed, or in respect of whom an offence of cruelty within the meaning of this Act, or any of the offences mentioned in the Schedule to this Act has been, or there is reason to believe has been, committed.

Detention of
child in place
of safety.

(2.) A child so taken to a place of safety, and also any child under the age of sixteen years who seeks refuge in a place of safety, may there be detained until it can be brought before a court of summary jurisdiction, and that court may make such order as is mentioned in the next following sub-section, or may cause the child to be dealt with as circumstances may admit and require until the charge made against any person in respect of any offence as aforesaid with regard to the child has been determined by the committal for trial, or conviction, or discharge of such person.

(3.) Where it appears to a court of summary jurisdiction or any justice that an offence of cruelty within the meaning of this Act or any of the offences mentioned in the Schedule to this Act has been committed in the case of any child that is brought before such court or justice, and that the health or safety of the child will be endangered unless an order is made under this sub-section, the court or justice may, without prejudice to any other power under this Act, make such order as circumstances require for the care and detention of the child until a reasonable time has elapsed for a charge to be made against some person for having committed the offence, and, if a charge is made against any person within that time, until the charge has been determined by the committal for trial or conviction or discharge of that person, and any such order may be carried out notwithstanding that any person claims the custody of the child.

(4.) Boards of guardians, and, in Scotland, parochial boards, shall provide for the reception of children brought to a workhouse in pursuance of this Act, and where the place of safety to which a constable takes a child is a workhouse, the master shall receive the child into the workhouse if there is suitable accommodation

therein for the same, and shall detain the child until the case is determined, and any expenses incurred in respect of the child shall be deemed to be expenses incurred in the relief of the poor.

Disposal of
child by order
of court.

6.—(1.) Where a person having the custody, charge, or care of a child under the age of sixteen years has been—

- (a.) convicted of committing in respect of such child an offence of cruelty within the meaning of this Act, or any of the offences mentioned in the Schedule to this Act; or
- (b.) committed for trial for any such offence; or
- (c.) bound over to keep the peace towards such child,

by any court, that court either at the time when the person is so convicted, committed for trial, or bound over, and without requiring any new proceedings to be instituted for the purpose, or at any other time, and also any petty sessional court before which any person may bring the case, may, if satisfied on inquiry that it is expedient so to deal with the child, order that the child be taken out of the custody of the person so convicted, committed for trial, or bound over, and be committed to the custody of a relation of the child, or some other fit person named by the court (such relation or other person being willing to undertake such custody), until it attains the age of sixteen years, or for any shorter period, and may of its own motion or on the application of any person from time to time by order renew, vary, and revoke any such order; but no order shall be made under this section unless a parent of the child has been convicted of or committed for trial for the offence, or is under committal for trial for having been or has been proved to have been party or privy to the offence, or has been bound over to keep the peace towards such child.

(2.) Every order under this section shall be in writing, and any such order may be made by the court in the absence of the child; and the consent of any person to undertake the custody of a child in pursuance of any such order shall be proved in such manner as the court may think sufficient to bind him.

(3.) Where an order is made under this section in respect of a person who has been committed for trial, then if that person is acquitted of the charge, or if the charge is dismissed for want of prosecution, the order shall forthwith be void except with regard to anything that may have been lawfully done under it.

(4.) A Secretary of State in England, and in Scotland the Secretary for Scotland, and in Ireland the Lord Lieutenant of Ireland, may at any time in his discretion discharge a child from the custody of any person to whose custody it is committed in pursuance of this section, either absolutely or on such conditions as such Secretary of State, Secretary, or Lord Lieutenant, approves, and may, if he thinks fit, make rules in relation to children so committed to the custody of any person, and to the duties of such persons with respect to such children.

(3.) A Secretary of State, in any case where it appears to him to be for the benefit of a child who has been committed to the custody of any person in pursuance of this section, may empower such person to procure the emigration of the child, but, except with such authority, no person to whose custody a child is so committed shall procure its emigration.

7.—(1.) Any person to whose custody a child is committed under this Act shall, whilst the order is in force, have the like control over the child as if he were its parent, and shall be responsible for its maintenance, and the child shall continue in the custody of such person, notwithstanding that it is claimed by its parent.

Maintenance of child when committed to custody of any person under order of court.

(2.) Any court having power so to commit a child shall have power to make the like orders on the parent of the child to contribute to its maintenance during such period as aforesaid as if the child were detained under the Industrial Schools Acts, but the limit on the amount of the weekly sum which the parent of a child may be required, under this section, to contribute to its maintenance shall be one pound a week instead of the limit fixed by the Industrial Schools Acts.

(3.) Any such order may be made on the complaint or application of the person to whose custody the child is for the time being committed, and either at the time when the order for the child's committal to custody is made, or subsequently, and the sums contributed by the parent shall be paid to such person as the court may name, and be applied for the maintenance of the child.

(4.) If a person fails to pay any sum payable by him in pursuance of any such order, he may be dealt with in like manner as if the sum were due from him in pursuance of an order under the Bastardy Law Amendment Act, 1872, or in Scotland were a sum decreed for alimony, or in Ireland were a sum ordered to be paid by him under the Summary Jurisdiction (Ireland) Acts.

35 & 36 Vict. c. 65.

(5.) Where an order under this Act to commit a child to the custody of some relation or other person is made in respect of a person who has been committed for trial for an offence, the court shall not have power to order the parent of the child to contribute to its maintenance prior to the trial of that person.

8.—(1.) In determining on the person to whose custody the child shall be committed under this Act, the court shall endeavour to ascertain the religious persuasion to which the child belongs, and shall, if possible, select a person of the same religious persuasion, or a person who gives such undertaking as seems to the court sufficient that the child shall be brought up in accordance with its own religious persuasion, and such religious persuasion shall be specified in the order.

Religious persuasion of person to whom child is committed.

(2.) In any case where the child has been placed pursuant to any such order with a person who is not of the same religious persuasion as that to which the child belongs or who has not given

such undertaking as aforesaid the court shall, on the application of any person in that behalf, and on its appearing that a fit person who is of the same religious persuasion or who will give such undertaking as aforesaid, is willing to undertake the custody, make an order to secure his being placed with a person who either is of the same religious persuasion or gives such undertaking as aforesaid.

(3.) Where a child has been placed with a person who gives such undertaking as aforesaid and the undertaking is not observed, the child shall be deemed to have been placed with a person not of the same religious persuasion as that to which the child belongs as if no such undertaking had been given.

Interchange of powers under Industrial Schools Acts and this Act.

9.—(1.) Where any child under the age of sixteen years is brought before a petty sessional court under circumstances authorising the court to deal with the child under the Industrial Schools Acts, the court, if it thinks fit, in lieu of ordering that the child be sent to an industrial school, may make an order under this Act for the committal of the child to the custody of a relation or person named by the court.

(2.) Where a court orders a child to be sent to an industrial school, the order may, at the discretion of the court, be made to take effect either immediately or at any later time specified therein, regard being had to the age or health of the child; and if the order is not made to take effect immediately, or if at the time specified for the order to take effect the child is deemed unfit to be sent to an industrial school, the court may commit the child to the custody of a relation or person named by the court, as provided by this Act, until the time so specified or the time when the order actually takes effect.

Evidence and Procedure.

Evidence of accused person.

12. In any proceeding against any person for an offence under this Act or for any of the offences mentioned in the Schedule to this Act, such person shall be competent but not compellable to give evidence, and the wife or husband of such person may be required to attend to give evidence as an ordinary witness in the case, and shall be competent but not compellable to give evidence.

Evidence of child of tender years.

15.—(1.) Where, in any proceeding against any person for an offence under this Act or for any of the offences mentioned in the Schedule to this Act, the child in respect of whom the offence is charged to have been committed, or any other child of tender years who is tendered as a witness, does not in the opinion of the court understand the nature of an oath, the evidence of such child may be received, though not given upon oath, if, in the opinion of the court, such child is possessed of sufficient intelligence to justify the reception of the evidence, and understands the duty of speaking the truth: and the evidence of such child, though not given on oath but otherwise taken and reduced into writing, in accordance

with the provisions of section seventeen of the Indictable Offences Act, 1848, or of section fourteen of the Petty Sessions (Ireland) Act, 1851, or of section thirteen of this Act, shall be deemed to be a deposition within the meaning of those sections respectively :

(b.) Any child whose evidence is received as aforesaid and who shall wilfully give false evidence shall be liable to be indicted and tried for such offence, and on conviction thereof may be adjudged such punishment as is provided for by section eleven of the Summary Jurisdiction Act, 1879, in the case of juvenile offenders, or in Ireland by section four of the Summary Jurisdiction over Children (Ireland) Act, 1884, in the case of children.

42 & 43 Vict.
c. 49.
47 & 48 Vict.

(2.) This section shall not apply to Scotland.

17. Where a person is charged with an offence under this Act, or any of the offences mentioned in the Schedule to this Act, in respect of a child who is alleged in the charge or indictment to be under any specified age, and the child appears to the court to be under that age, such child shall for the purposes of this Act be deemed to be under that age, unless the contrary is proved.

Presumption
of age of
child.

18.—(1.) Where a person is charged with committing an offence under this Act or any of the offences mentioned in the Schedule to this Act in respect of two or more children, the same information or summons may charge the offence in respect of all or any of them but the person charged shall not be liable to a separate penalty for each child unless upon separate informations.

Mode of
charging
offences and
limitation of
time.

(2.) The same information or summons may also charge the offences of assault, ill-treatment, neglect, abandonment, or exposure, together or separately, but when those offences are charged together the person charged shall not be liable to a separate penalty for each.

(3.) A person shall not be summarily convicted of an offence under this Act or of an offence mentioned in the Schedule to this Act unless the offence was wholly or partly committed within six months before the information was laid ; but, subject as aforesaid, evidence may be taken of acts constituting, or contributing to constitute, the offence, and committed at any previous time.

(4.) Where an offence under this Act or any offence mentioned in the Schedule to this Act charged against any person is a continuous offence, it shall not be necessary to specify in the information, summons, or indictment, the date of the acts constituting the offence.

19. When, in pursuance of this Act, any person is convicted by a court of summary jurisdiction of an offence, and such person did not plead guilty or admit the truth of the information, or when in the case of any application under sections six, seven, or eight of this Act, other than an application to a judge or court of assize, any party thereto thinks himself aggrieved by any order or decision of the court, he may appeal against such a conviction, or order, or decision, in England and Ireland to a court of quarter sessions, and in Scotland to the High Court of Justiciary, in manner provided by the Summary Prosecutions Appeal (Scotland) Act, 1875, or any Act amending the same.

(2.) The Commissioners of Inland Revenue, in such manner, by such payments, and under such regulations, as the Treasury direct, shall pay to the local taxation account, out of the proceeds of the estate duty derived in England from personal property, the annual sum required by this section to be paid to that account.

(3.) The first of those payments shall be made during the six months ending on the thirty-first day of March next after the passing of this Act, so as to make up a half-yearly payment to meet the issues to spending authorities (a) on account of the six ensuing months.

3.—(1.) Where any spending authority (a) require in any half year or other period to raise from two or more parishes a sum by a rate to which this Act applies, they shall, in determining the net amount to be so raised, deduct the sum issuable to them in respect of the said rate on account of their share of the annual grant for the said half year or other period, and the net amount after that deduction shall, where it would otherwise be raised in proportion to the rateable value, be raised in proportion to the assessable value of those parishes.

(2.) For the purposes of this section the assessable value of a parish shall be the rateable value thereof reduced by an amount equal to one half of the rateable value of the agricultural land in the parish.

4.—(1.) The Local Government Board shall, as soon as may be after the passing of this Act, certify the amount—

- (a.) of the annual grant to be paid to the local taxation account; and
- (b.) of the share of such grant to be paid annually to each spending authority,

(3.) A sum equal to the total amount of the deficiencies thus estimated for all the spending authorities (a) in England shall be the amount of the annual grant, and a sum equal to the deficiency thus estimated in the case of each spending authority (a) shall be the share of that spending authority (a) in the annual grant, and the Local Government Board shall certify the same accordingly.

(4.) The Local Government Board, in acting under this section, shall obtain such information and make such inquiries, and in such manner as they think fit.

(6.) The Local Government Board may give provisional certificates, if they think necessary for the purpose of enabling the first payments to and out of the local taxation account under this Act to be made, before they have sufficient information to enable them to give final certificates.

5. In every valuation list and in the basis or standard for any county rate, and in any valuation made by the council of a borough or any other council for the purpose of raising the borough or other rate—

- (a.) where separate hereditaments are specified therein, the value of agricultural land shall be stated separately from that of any building or other hereditament; and
- (b.) in every case the total rateable value of the agricultural land in each parish shall be stated separately from the total rateable value of the buildings or other hereditaments in such parish; and whenever a copy of the total of the rateable value of any parish is required to be sent to any person, such copy shall state both the above-mentioned totals; and

6.—(1.) For the purposes of this Act returns shall be made to the Local Government Board in accordance with the prescribed regulations—

(2.) For the purpose of the returns, statements showing the gross estimated rental and rateable value of the agricultural land in a parish, and, in the case of any hereditament separately valued which consists in part of agricultural land and in part of buildings or other hereditaments, of each such part, shall be made by the overseers of every parish, and corrected by the assessment committee, and sent to the surveyor of taxes, and be subject to objection or appeal by the said surveyor and overseers before the assessment committee, and the justices in special sessions, and the court of quarter sessions, and subject to the right of any aggrieved ratepayer to be heard upon the said appeal, in such form, within such times, and generally in such manner, and subject to such provisions, as may be prescribed. These provisions shall conform as nearly as circumstances will permit to the existing statutory law respecting valuation lists, as regards notices, rights to inspect and take extracts, the hearing of objections, and otherwise.

(3.) The Local Government Board may by order make regulations for the purpose of this section, and also generally for carrying into effect this Act, and those regulations shall be laid before both Houses of Parliament, and if neither House of Parliament within ten days passes a resolution adverse to the said order, they shall be binding in law until varied in the same manner, shall have effect

- (a.) for fixing, with the concurrence of the Treasury, for the purpose of the division in the statements of agricultural land from buildings or other hereditaments, the minimum gross estimated rental and rateable value of the buildings or other hereditaments;
- (b.) for giving effect to a notice of objection or appeal by the surveyor of taxes unless it is proved that such notice is unfair or incorrect;

- (d.) for the alteration in the valuation list in accordance with the statements as finally settled and sending copies of the returns to spending authorities and for applying and adapting any statutory form or procedure respecting the valuation list or poor rate; and
- (e.) for adapting this Act to cases where there is no valuation list, or where a sum is raised by rate from an area not a parish.

(4.) The regulations may also provide fines for the breach thereof not exceeding forty shillings, or in case of any continuing offence not exceeding forty shillings a day during the continuance of the offence, and any such fine may be recovered as a Crown debt or to an amount not exceeding one hundred pounds before a court of summary jurisdiction.

An Act to provide for Superannuation and other Annuities and Allowances to Elementary School Teachers certificated by the Education Department. [12th August, 1898.]

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :

(a) School boards are abolished as from the "appointed day" by E. Act, 1902, sect. 5, Sch. II. (1) ; but references to them are to be read as references to local education authorities, Sch. III. (1).

1.—(1.) A teacher certificated after the commencement of this Act shall not be recognised by the Education Department (a) as a certificated teacher until the Department (a) are satisfied in the prescribed manner of his physical capacity.

Elementary school teachers certificated after commencement of the Act.

(2.) In the case of a teacher who becomes a certificated teacher after the commencement of this Act, the following provisions shall, subject to rules under this Act, apply:—

(a.) His certificate shall expire on his attaining the age of sixty-five years, or if the Education Department (a), on account of his special fitness, allow his service to continue for a further limited time, then on the expiration of that limited time;

(b.) The teacher shall, while serving in recorded service (b), contribute to the deferred annuity fund under this Act at the rate, if a man, of three pounds, and if a woman, of two pounds, a year, or at such increased rate as may for the time being be fixed by the Treasury in accordance with this Act;

(c.) On his attaining the age of sixty-five years, or on any later date at which his certificate expires, he shall be entitled, out of the deferred annuity fund, to such annuity for the remainder of his life in respect of his contributions to that fund as may be fixed by the tables under this Act, but he shall not be entitled to any return of contributions or to any benefits in respect of his contributions other than that annuity;

(d.) On his attaining the age of sixty-five years, or on any later date at which his certificate expires, if he has contributed to the deferred annuity fund in accordance with this Act, and his years of recorded service (b) are not less than half the number of years which have elapsed since he became certificated, the Treasury may grant to him, out of moneys provided by Parliament, an annual superannuation allowance calculated at the rate of ten shillings for each complete year of recorded service.

(3.) If at any time the Education Department (a) find that the average salaries of the certificated teachers calculated in the prescribed manner exceed by ten per cent., in the case of men one hundred and nineteen pounds thirteen shillings and threepence, or in the case of women seventy-six pounds eleven shillings and ninepence per annum, they shall certify accordingly to the Treasury, and the Treasury may by warrant, in the case of either sex, increase the rate of contribution to the deferred annuity fund under this Act by an amount not exceeding five shillings a year for each full ten per cent. of the excess.

(4.) Any such certificate may be given and warrant made from time to time, and if in any year the Education Department (a) consider that the average emoluments have been so reduced as no longer to justify any increase of contribution made by any such

(b) For definition of this see sub-sect. (5).

warrant, they may certify the same to the Treasury, and the Treasury may cancel their warrant accordingly.

(5.) "Recorded service" for the purposes of this Act shall be such service in the capacity of certificated teacher in a public elementary school, not being an evening school, as is recorded by the Education Department (a), and may include such service as is so recorded in the capacity, within the meaning of the Education Code, either of a teacher in a training college, or of organising teacher, or of teacher of a central class for pupil teachers, or in such other capacity in or connected with public elementary schools as may be for the time being prescribed, or in the capacity of a certificated teacher in a certified reformatory or industrial school; but no service after the teacher attains the age of sixty-five years, shall be recorded service for the purpose either of contribution to the deferred annuity fund, or of determining the amount of any allowance under this Act.

Allowances to
incapacitated
teachers.

2.—(1.) Where a teacher satisfies the Treasury in the prescribed manner that he—

- (a.) has served a number of years of recorded service not less than ten and not less than half the years which have elapsed since he became certificated; and
- (b.) has not at the date of the application been for more than the prescribed time unemployed in recorded service; and
- (c.) has become permanently incapable, owing to infirmity of mind and body, of being an efficient teacher in a public elementary school; and

(d.) is not excluded by the prescribed disqualifications; the Treasury may, subject to the prescribed conditions and to the provisions of this Act, grant to such teacher out of moneys provided by Parliament an annual allowance (in this Act called "a disablement allowance") not exceeding—

- (a.) If the teacher is a man, twenty pounds for ten complete years of recorded service, with the addition of one pound for each complete additional year of recorded service; and
- (b.) if the teacher is a woman, fifteen pounds for ten complete years of recorded service, with the addition of thirteen shillings and fourpence for each complete additional year of recorded service; and
- (c.) in any case, the total annual sum which the teacher might obtain from an annuity and superannuation allowance under this Act by continuing to serve until the age of sixty-five years.

(2.) If the grantee of a disablement allowance attains the age of sixty-five years, any annuity which would otherwise be payable to the grantee out of the deferred annuity fund shall, except where the allowance has ceased by reason of the grantee being again employed

(a) Now Board of Education: Board of Education Act, 1899, sect. 2 (1).

as a teacher in recorded service, be paid to the Treasury and applied as they direct towards the payment of disablement allowances, and, in that case, the Treasury shall not award any superannuation allowance to the grantee.

(8.) A disablement allowance shall be reconsidered by the Treasury at intervals not exceeding three years; and the rules shall provide for the suspension, cessation, or reduction of the allowance in whole or in part, if the prescribed conditions are not complied with or the prescribed disqualifications apply, and those disqualifications shall deal with the cases of persons who have caused or increased their infirmity by their own misconduct or default, or who marry or cease to be incapable, or become in such a position as not to be in pecuniary need of the allowance.

3.—(1.) The contributions under this Act from certificated teachers shall be paid to the Education Department (a) at the prescribed time and in the prescribed manner by the teachers or their employers; and the receipt of the Education Department (a) for the amount of a contribution paid by the employer of a teacher shall be a good discharge for the like amount of remuneration otherwise payable to the teacher.

Collection of contributions and deferred annuity fund arising therefrom.

(2.) The contributions so received by the Education Department (a) shall be paid to the National Debt Commissioners, and be invested by them so as to form a fund, in this Act referred to as "the deferred annuity fund."

(3.) The National Debt Commissioners shall pay out of the fund to the Treasury the sums required by the Treasury for the payment of annuities under this Act, but otherwise shall invest the contributions, and all income of the fund for the time being, in any securities in which money held by the Commissioners on account of savings banks may be invested.

(4.) Separate subsidiary funds shall be kept in respect of the contributions and annuities of men and women teachers respectively, and any part of the assets of one subsidiary fund may be used for meeting the liabilities of the other, and in that case the amount lent by the one to the other shall be a debt bearing interest at the rate used for the computation of the tables for the time being in force under this Act.

(5.) A return showing the state of the fund at the end of every financial year, distinguishing the said accounts, shall be annually laid before Parliament.

(6.) At the end of every seven years an actuarial inquiry into and report upon the assets and liabilities of the fund shall be made under the direction of the Treasury and the Education Department (a), and the report shall be laid before Parliament.

4.—(1.) The Treasury shall cause tables to be constructed, showing the amount of annuity payable out of the deferred annuity

fund to men and women teachers respectively in respect of the contributions made by them from time to time under this Act, and so framed as to secure the fund against loss.

(2.) If it appears from any actuarial report under this Act that the assets and liabilities of either account of the fund are such as either to require a reduction or to justify an increase of the annuities, the Treasury may cause fresh tables to be constructed, and those tables, when approved by the Treasury, shall come into force and shall be laid before Parliament, and the former tables shall cease to be in force, and so on from time to time as occasion requires.

Application of
Act to existing
teachers.

5. With respect to the application of this Act to certificated teachers who became certificated before the commencement of this Act (in this Act referred to as "existing teachers") the following provisions shall have effect:—

(1.) The Education Department(a) shall, in the prescribed manner, give to each existing teacher the option, within the prescribed time, not being more than one year after the commencement of this Act, of accepting, in the prescribed manner, this Act.

(2.) If an existing teacher does not so accept this Act, it shall not apply to him. If an existing teacher does so accept this Act, it shall apply to him with the following modifications; that is to say:—

(a.) The rate of ten shillings upon which the superannuation allowance is calculated may be augmented in the case of a man by threepence, and in the case of a woman by twopence, for each complete year of recorded service served before the commencement of this Act;

(b.) If the teacher has at the date of the acceptance attained the age of sixty-five years or any greater age, and has served in recorded service throughout the seven years next before the commencement of this Act, the provisions with respect to the expiration of the certificate shall apply as if the date of the acceptance were substituted for the date at which the teacher attained the age of sixty-five years;

(c.) If the teacher has not at the date of the acceptance attained the said age, he must serve in recorded service after the commencement of this Act, and where, during any part of the seven years next before the commencement of this Act, he was not in recorded service, the duration of the recorded service after the commencement of this Act must not be less than the said part of the seven years.

(3.) Nothing in this section shall authorise the grant of any allowance to any teacher who at the commencement of this Act is in receipt of a pension out of moneys provided by Parliament for the service of education.

(a) Now Board of Education: Board of Education Act, 1899, sect. 2 (1).

6.—(1.) The Treasury and the Education Department (*a*) may **Rules.** make rules for carrying into effect this Act, and shall provide thereby—

- (a.) for permitting certificated teachers to pay contributions to deferred annuity fund during any interval not exceeding six months in which they are not employed in recorded service, and for reckoning the time in respect of which such contributions are made as if it were recorded service;
- (b.) for the application of an annuity or allowance under this Act when payable to a person who is of unsound mind, or otherwise incapable of giving a receipt;
- (c.) for the suspension of all or any part of an allowance when the grantee is wholly or partly maintained out of any public money; and
- (d.) for the payment of any sum under one hundred pounds due on the death of a person without the production of probate or other proof of the title of the personal representative of such person.

(2.) All rules made under this section shall be laid, as soon as may be, before both Houses of Parliament.

7. Any question which arises as to the application of any section of this Act to any person, or as to the amount of any annuity or allowance under this Act, or as to the grant, refusal, suspension or cessation of any such allowance, shall be referred to the Treasury, and any question as to the reckoning of any service for any purpose of this Act shall be referred to the Education Department (*a*), and the decision of the Treasury or Education Department (*a*) on any question so referred shall be final.

Decision of
Treasury and
Education
Department.

8.—(1.) Where the certificate of a teacher is suspended or cancelled by the Education Department (*a*), the teacher shall not be entitled to any disablement allowance under this Act, unless the certificate is restored by the Department (*a*).

Forfeiture for
misconduct.

(2.) Where the Education Department (*a*) certify to the Treasury that a recipient of any superannuation allowance, or disablement allowance under this Act, has been proved to them to have been guilty of any act or conduct which, if he had continued to serve as a teacher, would have justified them in suspending or cancelling his certificate, the Treasury shall suspend or determine the allowance in whole or in part.

9.—(1.) Every annuity and allowance under this Act shall be payable quarterly at such times and payable and apportionable in such manner as the Treasury may fix.

As to payment
and assign-
ment of
annuities and
allowances.

(2.) Every assignment of or charge on, and every agreement to assign or charge, any annuity or allowance to a teacher under this Act, whether payable presently or at some future date, shall be void, and on the bankruptcy of the teacher the annuity or allowance

shall not pass to any trustee or other person acting on behalf of the creditors, but this provision shall be without prejudice to any order of the Court made under section fifty-three of the Bankruptcy Act, 1883, or any corresponding enactment in Scotland or Ireland.

(b.) by means of any such false certificate, document, representation, or statement, or by other fraudulent means, or by any personation, obtains or attempts to obtain for himself or any other person any annuity or allowance under this Act,

1.—Where a child or young person having been convicted of felony is discharged in accordance with section sixteen of the Summary Jurisdiction Act, 1879, or the Probation of First Offenders Act, 1887, or otherwise, or is punished with whipping only, the conviction shall not be regarded as a conviction of felony for the purposes of section fifteen of the Industrial Schools Act, 1866, or of any disqualification attaching to felony.

2.—(1.) Where a child or young person is charged with any offence for the commission of which a fine, damages, or costs, may be imposed upon him by a court of summary jurisdiction, and there is reason to believe that his parent or guardian has condoned the commission of the alleged offence by wilful default or by habitually neglecting to exercise due care of him, the court may, on information, issue a summons against the parent or guardian to the child or young person charging him with so contributing to the commission of the offence.

Liability of parent or guardian in case of offence committed by child or young person.

(2.) A summons to the child or young person may include a summons to the parent or guardian.

(3.) The charge against the child or young person and the charge against the parent or guardian may be heard together, and for that purpose the proceedings against the child or young person may be adjourned.

(4.) When, after hearing the case, any fine, damages, or costs are imposed upon the child or young person, and the court is satisfied that his parent or guardian has condoned the commission of the offence by wilful default or by habitually neglecting to exercise due care of him, the court may order that the fine, damages, or costs shall be paid by the parent or guardian instead of by the child or young person, and may also order the parent or guardian to give security for the good behaviour of the child or young person.

(5.) Any sums so imposed and ordered to be paid may be recovered from the parent or guardian by distress or imprisonment in manner provided by section twenty-one of the Summary Jurisdiction Act, 1879.

(6.) A parent or guardian may appeal against an order made under this section to a court of quarter sessions.

(7.) Where a parent or guardian is ordered by the court to pay fine, damages, or costs, or to give security for the good behaviour of the child or young person, no further charge under this Act shall be brought against the parent or guardian in respect of any wilful default or habitual neglect to exercise due care of such child or young person prior to the making of such order, without prejudice to the liability of the parent or guardian for any subsequent wilful default or habitual neglect in respect of the same child or young person.

Remand or committal to place other than prison.

4.—(1.) A court of summary jurisdiction, on remanding or committing for trial any child or young person, may, instead of committing him to prison, remand or commit him into the custody of any fit person named in the commitment who is willing to receive him (due regard being had, where practicable, to the religious persuasion of the child), to be detained in that custody for the period for which he has been remanded, or until he is thence delivered by due course of law, and the person so named shall detain the child or young person accordingly, and if the child or young person escapes he may be apprehended without warrant and brought back to the custody in which he was placed.

21. In Scotland where a magistrate is about to make or has made an order for sending a child to a certified industrial school, and the child is chargeable at the time to any parish, or has been so chargeable within three months then last past, and there is in that parish a certified industrial school maintained by the parochial board thereof, and conducted in accordance with the religious persuasion to which the child belongs, and the inspector of the poor of such parish certifies to the magistrate (or to a magistrate having the like jurisdiction) that he requires the child to be sent to the certified industrial school in such parish maintained by the parochial board thereof, and conducted in accordance with the religious persuasion to which the child belongs, then and in every such case the magistrate shall direct the child to be sent to the last-mentioned school accordingly, the inspector of the poor defraying the expense of conveying the child thither; Provided that where the order of detention has been made, the application of the inspector to the magistrate be made within fourteen days of the day of the making of the order.

The time during which a child is absent from a school in pursuance of a licence shall, except where such licence has been forfeited by his misconduct, be deemed to be part of the time of his detention in the school, and at the expiration of the time allowed by the licence he shall be taken back to the school.

If the child charged with such an offence is apparently above ten years of age, then on his summary conviction of the offence before two such justices or such a magistrate he shall be liable, at the discretion of the justices or magistrate, instead of being sent back to the same school, to be imprisoned with or without hard labour for any term not less than fourteen days and not exceeding three months, and the justices or magistrate before whom he is convicted may direct him to be sent at the expiration of the term of his imprisonment to a certified reformatory school, and to be there detained subject and according to the provisions of the Reformatory Schools Act, 1866.

XV. And whereas in many cases conveyances of land have been made, purporting to be made in pursuance of the powers of the said first-recited Act, to the minister or incumbent and the churchwardens or chapelwardens of certain parishes or places, as and for sites of schools or houses of residence for the schoolmasters; and doubts have been entertained whether such conveyances are valid and effectual for the purposes of conveying the fee simple, in consequence of the said statute not containing any words of limitation to the successors of such persons; be it therefore enacted, that all conveyances whereby any land shall have been conveyed to the minister or incumbent and the churchwardens or chapelwardens of any parish or place for the time being, whether made to them as such minister or incumbent and churchwardens or chapelwardens, or to them and their successors, shall be deemed and taken to have been and shall be valid and effectual for the purpose of vesting the fee simple, or such other estate as hath been proposed to be conveyed, in the persons who from time to time shall be the minister or incumbent and the churchwardens or chapelwardens of such place, such minister being the rector, vicar, or perpetual curate, whether endowed or not, of the said parish or place.

XVI. [*Certain conveyances of lands, &c. for purposes of education not enrolled as required by the 9 G. 2, c. 36, rendered valid if enrolled within twelve months from the passing of this Act. Proviso*

for deeds avoided in any suit.—Repealed by Stat. Law Rev. Act (No. 2), 1874.]

XVII. And be it enacted, that no schoolmaster or schoolmistress to be appointed to any school erected upon land conveyed under the powers of this Act shall be deemed to have acquired an interest for life by virtue of such appointment, but shall, in default of any specific engagement, hold his office at the discretion of the trustees of the said school.

No schoolmaster to acquire a life interest by virtue of his appointment.

XVIII. And for the more speedy and effectual recovery of the possession of any premises belonging to any school which the master or mistress who shall have been dismissed, or any person who shall have ceased to be master or mistress, shall hold over after his or her dismissal or ceasing to be master or mistress, be it enacted, that when any master or mistress, not being the master or mistress of any grammar school within the provision of the Act of the last session of Parliament herein-after mentioned, holding any schoolroom, schoolhouse, or any other house, land, or tenement, by virtue of his or her office, shall have been dismissed or removed, or shall have ceased to be master or mistress, and shall neglect or refuse to quit and deliver up possession of the premises within the space of three calendar months after such dismissal or ceasing to be master or mistress, not having any lawful authority for retaining such possession, it shall be lawful for the justices of the peace acting for the district or division in which such premises are situated, in petty sessions assembled, or any two of them, or for the sheriff of the county in Scotland, and they are hereby required, on the complaint of the trustees or managers of the said school, or some one of them, on proof of such master or mistress having been dismissed or removed, or having ceased to be such master or mistress, to issue a warrant under their hands and seals, or under the hand of such sheriff in Scotland, to some one or more of the constables and peace officers of the said district or division, or of the sheriff's officers in Scotland, commanding him or them, within a period to be therein named, not less than ten nor more than twenty-one clear days from the date of such warrant, to enter into the premises, and give possession of the same to the said trustees or managers or their agents, such entry and possession being given in England in such manner as justices of the peace are empowered to give possession of any premises to any landlord or his agent under an Act passed in the second year of the reign of Her present Majesty, intituled An Act to facilitate the Recovery of Possession of Tenements after due Determination of the Tenancy.

Justices of the peace or sheriff, to give possession of schoolrooms, &c. in case of the refusal of the master.

1 & 2 Vict. c. 74.

XIX. And whereas by an Act passed in the last session of Parliament, intituled An Act to further amend the Church Building Acts, provision was made to enable Her Majesty's commissioners for building new churches to apply land in any parish granted to them for any of the purposes of the Church Building Acts to any

other ecclesiastical purposes, or for the purpose of any parochial or charitable school, or any other charitable or public purpose relating to any such parish or place: and whereas through an accidental omission such provision does not extend to cases of land granted by way of gift; be it therefore enacted, that such power so given to the said commissioners, so far as it is applicable to the purposes of any school, shall extend to every case of land granted, given, or conveyed to them under the authority of the several Acts in the said Act recited.

SCHOOL SITES ACT, 1844.

7 & 8 VICT. c. 37.

An Act to secure the Terms on which Grants are made by Her Majesty out of the Parliamentary Grant for the Education of the Poor; and to explain the Act of the fifth year of the reign of Her present Majesty, for the Conveyance of Sites for Schools.

[18th July, 1844.]

Whereas during several years last past divers sums of money have been granted by Parliament to Her Majesty, to be applied for the purpose of promoting the education of the poor in Great Britain, and similar grants may hereafter be made: and whereas Her Majesty hath appointed a committee of her council to receive applications for assistance from such grants, and to report thereon, and to advise her as to the terms and conditions upon which such assistance shall be granted, and many such reports have been made,

(a) Words in italics repealed by Stat. Law Rev. Act (No. 2), 1874.

and approved of by Her Majesty, and the terms and conditions having been assented to by the applicants, grants have been made out of the said fund: and whereas in some cases, by reason of the deeds of endowment of schools in respect of which such applications have been received having been executed before the grant has been made, such terms and conditions have not and cannot be made permanently binding on the estate; but the parties promoting the said schools have entered into personal obligations or assurances for the due performance of such terms and conditions, though deriving no beneficial interest from the charitable institution which they have established; and it is desirable to provide permanent security to Her Majesty and her successors for the due fulfilment of the terms and conditions, and to relieve the parties from the personal liabilities so entered into for the purpose aforesaid: be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that where any grant hath been made or shall hereafter be made out of any sums of money heretofore granted or hereafter to be granted by Parliament for the purposes of education in Great Britain, under the advice of any committee of the council on education for the time being, upon terms and conditions to provide for the inspection of the school by an inspector appointed or to be appointed by Her Majesty and her successors, which shall not be inserted in the conveyance of the site of the school, or in the deed declaring the trusts thereof, and such grant shall be made in aid of the purchase of the site, or of the erection, enlargement, or repair of the school, or of the residence of the master or mistress thereof, or of the furnishing of the school, such terms and conditions shall be binding and obligatory upon the trustees or managers of the said school or other the premises for the time being in like manner and to the like effect as though they had been inserted in the conveyance of the site of the said school, or in the declaration of the trusts thereof; and henceforth all personal obligations entered into for the purpose of securing the fulfilment of such terms and conditions shall, so far as they relate thereto, but no further, be null and void: Provided nevertheless, that such terms and conditions shall have been or shall be set forth in some document in writing, signed by the trustees of the said school or the major part of them, or by the party or parties conveying the site, in the case where there shall have been a voluntary gift thereof.

The terms and conditions upon which parliamentary aid has been given towards the building of schools secured upon the site.

II. And whereas there are many endowments for the purpose of education of the poor in Great Britain of ancient date, the schools whereon have become dilapidated, and, the funds of such endowment being insufficient for the restoration thereof, application is made by the trustees, or by the persons acting in the discharge of the trusts

thereof, for aid out of the said parliamentary grant, but the same hath been declined, because such applicants could not impose upon their lawful successors in the said trust the conditions which the said committee would have advised Her Majesty to require to secure the due inspection of such schools, and it is expedient to enable them to do so; be it therefore enacted, that where the major part of the trustees of any endowed school for the education of the poor duly appointed under the terms of the deed of endowment, or, when such deed cannot be found or cannot be acted upon, of the persons who shall be in the possession of the endowment, and shall be acting in the execution of the trusts or the reputed trusts thereof, shall, and in cases where there shall be a visitor of such school with the consent of such visitor in writing, apply for aid out of such parliamentary grant to enable them to rebuild, repair, or enlarge the school belonging to such endowment, or the residence of the master or mistress thereof, or to furnish such school, and shall in writing assent to the said school being open to inspection on behalf of Her Majesty and her successors, if the said committee shall deem fit to advise that any such grant shall be made, it shall immediately after the making of such grant, and thenceforth from time to time, be lawful for any inspector of schools appointed by Her Majesty and her successors, in conformity with the terms contained in the writing testifying such consent as aforesaid, to enter the said school at all reasonable hours in the day for the purpose of inspecting and examining the state and condition of the school and the scholars thereat, and of making such report thereon, as he shall deem fit.

Death of donor within twelve calendar months not to avoid grant.
9 G. 2, c. 36.

III. And whereas by an Act passed in the fifth year of the reign of Her present Majesty, intituled An Act to afford further facilities for the Conveyance and Endowment of Sites for Schools, it is enacted, that any person, being seised in fee simple, fee tail, or for life of and in any manor, or lands of freehold, copyhold, or customary tenure, may grant, convey, or enfranchise, and subject to the provisions therein mentioned, any quantity not exceeding one acre of land as a site for a school or otherwise, as therein likewise specified; and it is desirable to prevent any such grant, being of so limited an interest, from being defeated by the death of the grantor; be it enacted, that where any deed shall have been or shall be executed under the powers and for the purposes contained in the said Act, without any valuable consideration, the same shall be and continue valid, if otherwise lawful, although the donor or grantor shall die within twelve calendar months from the execution thereof (a).

Site may be granted to the minister and church-wardens

IV. And whereas it was provided by the said Act that grants of land or buildings, or any interest therein, for the purposes of the education of poor persons, might be made to the minister of any

parish, being a corporation, and the churchwardens or chapelwardens and overseers of the poor and their successors, and it is sometimes found inexpedient or impracticable to introduce the overseers as parties to the legal estate; be it therefore enacted, that such grants may be made to the minister and churchwardens of any parish, such minister being the rector, vicar, or perpetual curate thereof, whether endowed or not, to hold to them and their successors, subject to the provisions contained in the deed of conveyance thereof for the management, direction, and inspection of the school and premises.

V. And be it enacted, that if the rector, vicar, or perpetual curate of any parish shall be desirous of making a grant of any land for the purposes and under the powers of the said Act, being part of the glebe or other possessions of his benefice, and shall, with the consent of the patron of the said benefice, and of the bishop of the diocese within which the same shall be situated, grant the same to the minister and church or chapel wardens, or to the minister, church or chapel wardens, and overseers of the poor of the said parish, such grant shall be valid, and shall thenceforth enure for the purposes of the trust set forth therein, if otherwise lawful, notwithstanding such minister is the party making the grant.

Rector, vicar, or perpetual curate may grant to the minister and churchwardens, or to the minister, churchwardens, and overseers of his parish.

SCHOOL SITES ACT, 1849.

12 & 13 VICT. C. 49.

An Act to extend and explain the provisions of the Acts for the Granting of Sites for Schools. [28th July, 1849.]

Whereas by an Act passed in the fifth year of the reign of Her Majesty provisions are made for facilitating the erection of schools and buildings for the education of poor persons, which said Act hath been since explained and extended by an Act of the eighth year of the reign of Her Majesty; and it is expedient that further facilities should be afforded for the conveyance of lands for sites for schools in cases where such lands are comprised with other lands in leases, and that some amendments should also be made in the said Acts: Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that if part only of any lands comprised in a lease for a term of years unexpired shall be conveyed or agreed to be conveyed for the purposes of the said firstly hereinbefore mentioned Act, the rent payable in respect of the lands

Where part only of lands under lease conveyed, the rent, and fine

upon renewal of lease, may be apportioned.

comprised in such lease, and any fine certain or fixed sum of money to be paid upon any renewals thereof, or either of such payments, may be apportioned between the part of the said lands so conveyed or agreed to be conveyed and the residue thereof; and such apportionment may be settled by agreement between the parties following, that is to say, the lessor or other the owner subject to such lease of the lands comprised therein, the lessee or other the party entitled thereto by virtue of such lease or any assignment thereof for the residue of the term thereby created, and the party to whom such conveyance as aforesaid for the purposes of the said firstly herein-before mentioned Act is made or agreed to be made; and when such apportionment shall so be made it shall be binding on all under-lessees and other persons and corporations whatsoever, whether parties to the said agreement or not.

Liabilities of tenants, and remedies of landlords, as to the lands not conveyed.

II. And be it enacted, that in case of any such apportionment as aforesaid, and after the lands so conveyed or agreed to be conveyed as aforesaid shall have been conveyed, the lessee, and all parties entitled under him to the lands comprised in the lease not included in such conveyance, shall, as to all future accruing rent, and of all future fines certain or fixed sums of money, to be paid upon renewals, be liable only to so much of the rent and of such fines or sums of money as shall be apportioned in respect of such last-mentioned lands; and the party entitled to the rent reserved by the lease shall have all the same rights and remedies for the recovery of such portion of the rent as last aforesaid as previously to such apportionment he had for the recovery of the whole rent reserved by such lease; and all the covenants, conditions, and agreements of such lease, except as to the amount of rent to be paid, and of fines or sums of money to be paid upon renewals, in case of any apportionment of the same respectively, shall remain in force with regard to that part of the land comprised in the lease which shall not be so conveyed as aforesaid, in the same manner as they would have done in case such part only of the land had been included in the lease.

The same person may grant several sites for schools in the same parish if the whole extent do not exceed certain limits.
4 & 5 Vict. c. 38, s. 9.

III. And whereas by the said first-recited Act power is given to any person or corporation to grant any number of sites for distinct and separate schools; but after providing that the site of each school and residence do not exceed one acre, it is also provided that not more than one such site shall be in the same parish (a); and doubts have been entertained as to the meaning of this last-recited proviso: be it therefore declared and enacted, that nothing in the said Act contained shall prevent any person or corporation from granting any number of sites for separate and distinct schools in the same parish (a), provided the aggregate quantity of land granted by such person in the same parish (a) shall not exceed the extent of one acre.

(a) See 14 & 15 Vict. c. 24, p. 392.

IV. And whereas it would be expedient that the absolute owners of land and tenants in tail in possession should have the power of granting land to a limited extent for the purpose of erecting sites for schools to be applied and used in and for the education and instruction of persons intended to be masters or mistresses of elementary schools for poor persons, without any risk of such grant being defeated by the death of the grantor: be it therefore enacted, that it shall be lawful for all persons, being such absolute owners or tenants in tail in possession as aforesaid, to grant, convey, or enfranchise, by way of gift, sale, or exchange, any quantity of land, not exceeding in the whole five acres, to any corporation sole or aggregate, or to several corporations sole, or to any trustees whatsoever, to be held, applied, and used by such corporation or corporations or trustees in and for the erection of school buildings and premises thereon for the purpose of educating and instructing, and of boarding during the time of such education and instruction, persons intended to be masters or mistresses of elementary schools for poor persons, and for the residence of the principal or master or mistress and other officers of such institution; and such gift, sale, or exchange shall be and continue valid, if otherwise lawful, although the donor or grantor shall die within twelve calendar months from the execution thereof; Provided always, that it shall be lawful for the trustees of such school buildings and premises to allow the same to be applied and used, concurrently with the education and instruction of such masters or mistresses, for the purpose of boarding other persons, and of educating and instructing the said persons in religious and useful knowledge.

Grants of land for sites of schools by owners or tenants in tail to be valid, although grantor die within twelve months.

V. And whereas the absolute owners of land may grant, subject to the regulations and provisions prescribed by the statutes in such behalf, any quantity of such land to trustees, to be held upon charitable purposes; and it would be beneficial that they should be authorised to exercise such power in respect of lands granted for the sites or for the endowment of the last-mentioned schools, or of schools for poor persons, by vesting the same so as to secure it permanently for the purpose of the trust, without the necessity of subsequent renewals of the deeds of trust: be it therefore enacted, that where any such person shall be lawfully entitled to convey an estate in land to trustees, to hold the same upon any charitable use, and shall be desirous of conveying the same for the purposes of the Acts herein-before referred to, or this Act, or for the endowment of such schools, such person may grant and convey the same to any corporation or corporations as aforesaid, to be held in trust for such purposes, whatever may be the quantity of land or extent of the estate so to be granted and conveyed.

The owners of land empowered to vest any quantity of land for purposes of these Acts in corporations.

VI. And be it enacted, that where land of copyhold or customary tenure shall have been or shall be granted for the purposes of the said Acts, the conveyance of the same by any deed wherein the

Mode of conveying the lord's interest and that of the

copyholder in
copyhold land.

copyholder shall grant and convey his interest, and the lord shall also grant his interest, shall be deemed to be valid and sufficient to vest the freehold interest in the grantee or grantees thereof without any surrender or admittance or enrolment in the lord's court.

Interpretation
clause.

VII. And be it enacted, that, except in cases where there shall be something in the subject or context repugnant to such construction, words occurring in this Act and the above-recited Acts importing the singular number shall include the plural number, and words importing the plural number shall include the singular number; and words importing the masculine gender only shall include females; and the word "land" shall include messuages, houses, lands, tenements, hereditaments, and heritages of every tenure; and the word "lease" shall include an under-lease, agreement for a lease, and missive of lease; and the word "owner" shall include any person or corporation enabled under the provisions of the said firstly hereinbefore mentioned Act to convey lands for the purposes thereof.

SCHOOL SITES ACT, 1851.

14 & 15 VICT. C. 24.

An Act to amend the Acts for the granting of Sites for Schools.

[24th July, 1851.]

Whereas by the statute fourth and fifth Victoria, chapter thirty-eight, power is given to divers persons therein mentioned to grant, convey, and enfranchise a certain portion of land for the purpose of a site for a school for the education of poor persons, or for the residence of a schoolmaster or schoolmistress, or otherwise for the education of poor persons in religious and useful knowledge, and provisions are contained therein for facilitating the conveyance of such sites and perpetuating the trusts of the deeds: and whereas the persons therein mentioned having been authorised to grant any number of sites for distinct and separate schools, and residences for the master or mistress thereof, it is provided that the site of each school and residence should not exceed the extent of one acre, and it is also provided that not more than one such site should be in the same parish: and whereas by the twelfth and thirteenth Victoria, chapter forty-nine, it is declared and enacted, that nothing in the last-recited Act contained should prevent any person or corporation from granting any number of sites for separate and distinct schools in the same parish, provided the aggregate quantity of land granted by such person in the same parish should not exceed the extent of one acre: and whereas by reason of the great extent

of some parishes, wherein the population is very large, this limitation is found to be productive of inconvenience, and to prevent the extension of the education of the poor; and it is desirable to make further provision in this behalf: Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

I. The word parish in the sections of the statutes herein referred to shall, in the case of any parish which has heretofore been or shall hereafter be divided by lawful authority into two or more ecclesiastical districts, whether confined to such parish, or comprising also any part of another parish, be construed with reference to such parish to signify each such ecclesiastical district.

II. This Act shall be construed as and be deemed to be a part of the said recited Acts, except so far as it amends the same.

The word parish in the 4 & 5 Vict. c. 38, s. 9, and 12 & 13 Vict. c. 49, s. 3, to signify an ecclesiastical district in any divided parish.

Incorporation of this Act with recited Acts.

Form E. A. 1.

MEMORANDUM.

BOARD OF EDUCATION,

WHITEHALL, S.W.

20th December, 1902.

EDUCATION ACT, 1902, SECTION 11(a).

FOUNDATION MANAGERS.

1. The Education Act, 1902, materially alters the conditions under which voluntary public elementary schools are at present managed, and this preliminary memorandum has been prepared by the Board of Education in order to assist owners, trustees, and managers of such schools to decide whether they will apply for an order under section 11 of the Act, and in order to facilitate the work of making and considering such applications. It must be regarded as subject to such modification as further experience may show to be necessary.

2. Every such voluntary school will henceforth be managed by a body normally consisting of six persons, of whom four will be "foundation managers" representing the interests of those by whom the school was established or is at present managed. The manner of their appointment under the Act is the chief subject of this memorandum. The remaining two managers will be representative of local authorities. (As regards the possibility of a larger number of managers than six, see below, par. 17(u).) The "foundation managers" will, although appointed in a different manner, act together with the two other managers for all the purposes of conducting a public elementary school and with them will compose the body which is spoken of in the Act as "the managers of the schools."

New conditions of management. Local authorities' managers. "Foundation managers" managers.

3. If the school has a "trust-deed" (an expression explained below, par. 6), and the deed permits of the appointment of four foundation managers and gives sufficient and practicable directions as to the manner of their appointment, the intervention of the Board will not usually be required, and the present managers will only have to see that four such managers are properly appointed to act with the two other managers. If, however, this is not the case, then the proper course for the present owners or trustees or managers is to apply to the Board of Education for an order under section 11 of the Act for the purposes of meeting the case. It is expected that such an order will be found necessary for a large majority of voluntary schools. Any failure to make or delay in making application where such is necessary, may result in serious embarrassment and inconvenience to the district served by the school.

"Foundation managers" must be appointed.

If the owners or trustees or managers do not think fit to apply to the Board for such an order within three months of the passing of the Act, the local education authority, or any person interested, may after that period make application.

Trustees and managers have no power to close schools.

4. It is to be remembered that (except in the case of such privately-owned schools as are the absolute property of the owner, and are subject to no trusts whatsoever), managers and trustees of elementary schools usually hold the school premises upon trust, either themselves to carry on a school therein or to permit it to be carried on. It is therefore not open to either body, or even to both bodies acting together, to close the school as or when they please. An attempt to close the school capriciously or for insufficient reasons may involve the consequences attendant on a breach of trust. If trustees or managers are unable or unwilling to carry on the school it is their duty at once to apply to the Board of Education (who for this purpose may exercise the powers formerly possessed by the Charity Commissioners) to be relieved of their trust or for direction in the matter.

The following paragraphs of this memorandum assume that it is intended to carry on the school in accordance with the trusts, except in so far as those trusts are modified by the Act.

Section 11.

5. Section 11 provides that "if it is shown to the satisfaction of the Board of Education that the provisions of the trust-deed as to the appointment of managers are in any respect inconsistent with the provisions of this Act, or insufficient or inapplicable for the purpose, or that there is no such trust-deed available, the Board of Education shall make an order under this section for the purpose of meeting the case."

Trust-deeds.

6. Under section 24 (5) the expression "trust-deed" includes "any instrument regulating the trusts or management of a school."

For the purposes of the Act therefore the term "trust-deed" includes not only deeds in the ordinary sense, but also any of the following instruments if they provide for the appointment of trustees or give directions for the management of a school or its endowment, viz. :—

- i. Orders of the Court of Chancery ;
- ii. Orders of a county court under the Charitable Trusts Acts, 1853 and 1860 ;
- iii. Orders of the Charity Commissioners ;
- iv. Schemes made under the Endowed Schools Acts ;
- v. Schemes made by the Education Department under section 75 of the Elementary Education Act of 1870 ;
- vi. In the case of privately-owned schools, a lease or agreement in writing by which a school is let to managers for the purposes of a school may be usually regarded as a trust-deed, and any trust declared therein attaches to the whole of the tenants'

interest whatever it may be. The proper course of action in such cases is indicated below (paragraph 11).

7. Application for an order under section 11 may be made within three months of the passing of the Act by "the existing owners, trustees or managers of a school." The trustees are those persons in whom the property in the school premises is now vested. These persons may also be entitled to act as managers, but in the case of most elementary schools the two bodies are distinct.

Who may apply.

For the purposes of this Act it is indifferent whether the application is made by the trustees or by the managers, but in any case the application should be signed by a majority of the body which applies. It is also obviously desirable that before applying the managers and trustees should consult one another, and also the owner if there is one.

8. Application should be made on the special form provided for the purpose (Form E. A. 2), and it is important that full information under the several heads should be given. Any failure to supply the information required may lead to considerable delay in dealing with the case. Applications should be either sent directly to the Secretary, Board of Education, Whitehall, or transmitted through the secretary of any voluntary school association to which the school may belong. The latter course is perhaps the most convenient, in order that the applications may reach the Board in batches corresponding to geographical or administrative divisions, and that time may be saved in dealing with them.

Form of application.

9. In cases where an order is required (see below, par. 17) to adapt the provisions of the deed to the new conditions of management created by the Act, and where the trust-deed departs from the usual type or contains unusual provisions as to the management of the school, it is desirable that special recommendations should be made by the applicant as to the provisions to be embodied in the order. In other cases recommendations may conveniently be made (in the case of denominational schools) in or by reference to one of the forms adopted by the National Society, or associations of Church of England, Roman Catholic, Wesleyan, or other schools. It is desirable that where schools have trust-deeds of a similar type uniformity in the provisions relating to the appointment of foundation managers should be secured, as far as is possible consistently with due regard to the trust-deed and local circumstances.

Recommendations.

10. Where there is no trust-deed and the school is not claimed as private property, but is held on implied trusts (*i.e.* such as may be presumed from usage), it is undesirable that the persons now managing the school should attempt to make a trust-deed; they should either apply to the Board for an order under section 11 of the Act, or, in case of doubt or difficulty as to their rights and duties, for direction under the Charitable Trusts Acts.

No deed, but implied trusts.

11. Where school premises are held by lease or agreement from

Existing lease.

a private owner, it is not open to the owner, pending the term of the tenancy, to modify the trusts on which the premises are held. In such cases, if the conditions of letting do not allow of the appointment of the number of foundation managers required by the Act, it is the duty of the owner or the managers to apply to the Board for an order under section 11 (see also below, paragraph 14).

Defective deed

12. In cases of doubt or difficulty where the trust-deed is defective or insufficient in any particulars, the trustees should not attempt to supplement it by a new deed, but should apply for direction to the Board of Education (exercising the powers formerly belonging to the Charity Commissioners in respect of purely educational endowments).

Schen

13. The defects in a deed may be cured by an order under section 11; where this is not possible it is open to the trustees to apply to the Board of Education for a scheme, but no schemes will be made at present unless it is clearly shown that an order would be insufficient to secure the proper management of the school.

No trusts—
schools which
are absolute
property of
owner.

14. Where school premises are the property and in the possession of a private owner free from any trusts, express or implied, for educational purposes, several courses are open to him.

i. He may retain them in his own hands and as his absolute property, permitting them to be used by managers appointed by himself. In this case, as there is no trust-deed, he will have to apply to the Board of Education for an order appointing foundation managers. This course is perhaps the least convenient (a).

ii. He may execute a declaration of trust making himself, either alone or jointly with others, trustee of the school, either in perpetuity or for a fixed period.

iii. He may convey the school to trustees in perpetuity.

iv. He may let the school to managers by lease or agreement for a term of years, or from year to year, at a nominal or a substantial rent. This rent must now be paid by the managers out of funds other than those provided by the local education authority, and must not be charged in the school accounts.

In the second, third, and fourth cases above-mentioned he may insert in the trust-deed, lease or agreement, such provisions as to management and mode of appointing managers as he thinks fit. If these provisions are consistent with and sufficient for the purposes of the Act, no order under section 11 will be required. It is obviously desirable that in any case he should act under competent legal advice, and the Board of Education cannot undertake to advise an owner as to the manner in which he should carry out his intention.

It may be noted that if the owner lets the school to a local education authority it becomes a "provided" school subject to the "Cowper-Temple clause," and all the other provisions of the Act

(a) See Memorandum 26th February, 1903, p. 436.

applicable to such schools will attach to it. The relations between the owner and the local authority will be merely those of landlord and tenant.

15. An order under section 11 will be required in all cases where there is no trust-deed or where the trust-deed is not available. Where a trust-deed is known to have existed, every effort should be made to discover it. Where the trust-deed cannot be found, particulars should be given in the application form of any draft, abstract, or other documents from which the trusts of the school may be collected. Lost deed.

16. Where no trust-deed is known to have existed, it is important that full particulars of the usage which has prevailed in the management of the school at different periods should be supplied. The direction contained in section 11 (4) that the Board "shall have regard to . . . the principles on which the education given in the school has been conducted in the past," is specially applicable to such cases. Where deed never existed.

17. It is apprehended that where there is a trust-deed an order will usually be required in the following cases:— Order required to supplement deed.

(a) Where the trust-deed contemplates a number of managers either greater or less than four.

Four is the normal number of foundation managers contemplated by the Act, and will usually be found the most convenient. Under the provisions, however, of section 6 (3) (b), the local education authority may increase the total number of managers, the foundation managers and local authority's managers being proportionately increased. In the circumstances to which section 6 (2) (b) of the Act applies (viz., where the local education authority are the council of a borough or urban district) the number of managers of the two classes respectively might be six and three; but where the local education authority are the council of a county, the number of managers must be increased (if increase is thought desirable) to eight and four respectively, or to some other multiple of four and two. It will probably be found in most cases that twelve is an inconveniently large number of managers. Orders of the Board under section 11 will be so drawn as to meet the case of future increase in the number of managers. Number of foundation managers.

(b) Where the trust-deed gives (i.) no directions as to the appointment of managers, or (ii.) such directions as cannot be fulfilled.

(c) Where by reason of changes in local or other circumstances, the trust-deed has become inapplicable for the purposes of the management of the school, or a strict adherence to the letter of the deed would defeat its intention.

18. In order to avoid delay in bringing this part of the Act into operation, it is probable that most orders under this section will, Interim orders.

MEMORANDUM OF BOARD OF EDUCATION.

in the first instance, be made in the form of "interim orders," which will not be confirmed until the local education authorities have had time to make preparation for the proper consideration of the notices and draft final orders, which, under the section, will be sent to them as well as to the owners, trustees, and managers.

In ordinary cases, notices and draft final orders will also be sent by the Board of Education to the parish council or parish meeting or other minor local authority of the area in which the school is situated, as representing "other persons interested."

Clerk.

19. It will greatly assist the Board if bodies of trustees and managers will appoint some person to receive and distribute all notices and orders on their behalf.

Additional copies of this Memorandum and of the Form of Application under section 11 may be obtained, free of charge, from the Board of Education.

FORM OF APPLICATION TO THE BOARD OF EDUCATION FOR AN ORDER UNDER SECTION 11 OF THE EDUCATION ACT, 1902.

{ County

 †Clerk (Name and Address)
 Association (if any)
 Denomination (if any)

† Name some person authorised to receive draft orders and notices on behalf of the trustees and managers.

* Strike out words not applicable.

The undersigned, being *owners, trustees, managers** of the said school, and having regard to the statement of facts set out below, do hereby apply to the Board of Education for an order constituting a body of foundation managers under section 11 of the Education Act, 1902.

As witness our hands this day of 1902.

Applicants should state whether they sign as owners, trustees or managers. The application should be signed by at least a majority of the trustees or managers.

FOUNDATION MANAGERS.

†RECOMMENDATIONS.

The applicants recommend that provisions to the following effect should be embodied in the order :—

† Recommendations should be strictly confined to the following space.

Recommendations may be made by reference to forms adopted by the National Society, Roman Catholic, Wesleyan, or other associations of which copies have previously been deposited with the Board of Education (c).

STATEMENT OF FACTS.

A.—Form to be used where there is a Trust-deed or other written Instrument declaring the Trusts.

1. †DEED, state—

- (a) date of deed (of conveyance, lease or declaration of trust) }
- (b) date of enrolment (if enrolled) (b)
- (c) whether conveyance purports to be under School Sites Acts and whether voluntary or for valuable consideration }
- (d) date of any order of Court of Chancery, County Court, Charity Commissioners appointing trustees, or affecting the school or its endowment }
- (e) whether the deed is in the form of a model deed of any society or denomination, or places the school in union with the National or any other society ... }
- (f) name and address of person having the custody of the deed, or the place where it is kept }

† If the deed is lost, state whether a draft or abstract is in existence.

[The notes appended were issued by the National Society and only deal with church schools.]

(a) The National Society in the case of church schools advise managers to write in the space provided "National Society's Model Form." If this is done, a good workable management clause will be secured, though the details may not always exactly agree with the outline suggested by the model form, seeing that the Board of Education must have regard to the provisions of the existing trust-deeds. The Board of Education will probably proceed in the first instance by interim orders, and it will be possible to adjust some details afterwards. See also Management Clause recommended by the society, p. 82.

(b) The enrolment referred to is enrolment in the central office of the Supreme Court. Not all deeds are enrolled. Conveyances of glebe land very often are not. If the deed has been enrolled, a statement to this effect with the date of enrolment will be found endorsed upon the deed.

MEMORANDUM OF BOARD OF EDUCATION.

† This head is to be filled up if the school premises are held by lease or agreement or at will.

2. †OWNER, state—

- (a) name and address of owner or lessor }
or his agent }
- (b) date and term of lease or agreement

* If the school premises were conveyed to the vicar, churchwardens or overseers, and their successors or any of them, it is sufficient to state this fact, and the three following heads (b) (c) (d) need not be filled up, unless the deed has been modified by scheme (a).

TRUSTEES, state—

*(a) who were the Trustees appointed by the deed or the persons to whom the school premises were conveyed or leased

(b) directions given by the deed as to future appointment of trustees

(c) date of last instrument or order appointing trustees

(d) names and addresses of present trustees (other than vicar, churchwardens and overseers ex-officio) and mode of appointment

Repeat School Number

(e) any special powers given to trustees, e.g., powers of acting as or appointing managers

(f) if the trustees of the school are *as such* trustees of any endowment applicable in connection with the school, the name of such endowment (b)

(g) if the original trust-deed has been modified by any scheme, particulars of such scheme

(a) Where the trust-deed vests the school in (1) the minister, churchwardens, and overseers, (2) the minister and churchwardens, (3) the minister, (4) the bishop, (5) the archdeacon, (6) the National Society, (7) the diocesan trustees or (8) other trustees having a corporate character, there is no need to make any statement under heads (b) and (c) unless the deed has been modified by scheme, and as a rule there will be no need to make any statement under (d).

(b) As regards head (f) it should be noted that the name of the endowment is asked for only if the trustees of the school are *as such* trustees of the endowment.

4. MANAGERS, state—

(a) full number of managers, and the mode of appointment and qualifications prescribed by deed (a),

	Full number.

(d) any special powers given to managers

5. SUBSCRIBERS AND DONORS (b), state—

(a) number of subscribers of	1900	1901	1902
(i.) amount specified in deed ...			
(ii.) sums of 2s. 6d. and upwards in each of last three years.			

(a) It should be carefully noted that the managers mentioned under heads (a), (b), and (c) (i.) are the *managers prescribed by the deed*. If the actual body of managers includes managers not legally appointed in accordance with the terms of the trust-deed, their names and addresses are to be given under (c) (ii.).

If the original trust-deed of the school has been modified by any scheme, and that scheme includes provisions for the appointment of managers, the word "deed" in (a) should be struck out and "scheme" substituted for it, and the particulars of the management clause in the scheme should be set forth, and not those, if any, of the original deed.

Under (d) should be entered any special powers, such as the power to draw up the rules and regulations, the power of appointing a ladies' committee, and the like.

(b) "Subscribers of amount specified in the deed" refers to the facts enumerated under section 4 on page 3 of the form—namely, qualifying subscription of electors and qualifying subscription of managers. The lesser amount—*i.e.*, the qualifying subscription of electors—is here asked for. The number

MEMORANDUM OF BOARD OF EDUCATION.

- (b) number of surviving donors of £5 in one sum and upwards to the funds of the school or towards purchase of site and erection or extension of buildings ...
- (c) names of societies who have contributed £10 in one sum and upwards

† The particulars asked for in the following Form B. 3 should be given here.

The statement of facts should be certified by one of the trustees or managers of the school or by some person appointed by them.

I certify that the above statement is correct to the best of my knowledge.

given will, of course, include the subscribers of larger amounts. In cases where a voluntary rate has been raised for the support of the school, those who have paid the voluntary rate must be reckoned as subscribers.

The number entered under (a) (ii.) should include the number entered under (a) (i.).

The societies entered under (c) will usually be the National Society and the diocesan boards. The Voluntary Schools Association must not be set down here on account of aid-grant received by the school.

(a) If the trust-deed does not contain the National Society's union clause it may give precise directions that the school is to be a Church of England school. All such should be stated here under (a).

If there be not room in the space provided, the facts may be recorded on page 7 of the Form (see p 406), and a reference to that page should be inserted under (a). (c) is to be filled up only when the deed contains no directions as to religious instruction. Some schools which are, and always have been, church schools beyond question have deeds of this character. Sometimes the school site has actually been given from the glebe and is vested in the archdeacon or the bishop, and yet no direction as to the religious instruction is given in the deed. The reason for the omission was that no directions were thought to be necessary. The evidence of old minute-books, of diocesan inspection, and the like, will be useful in cases of this kind.

The certificate as to the truth of the statement of facts is to be signed "by one of the trustees or managers of the school or by some person appointed by them." It will be well for the person signing to state after his signature whether he is a trustee, a manager, or has been appointed by them to sign.

(d) date and effect of any order of the Court of Chancery, County Court or Charity Commissioners relating to the school, its endowments, or management

2. MANAGERS, state—

- (a) names, addresses, and mode of }

 (b) manner in which vacancies among managers have usually been filled up

(a) In some cases schools without trust-deeds have been aided by grants from the National Society. The condition of such grants has been union with the society. Under (a) should be entered the fact of union with the society and the date and amount of any grant made.

(b) Under head (b) should be entered any evidence furnished by old minute-books, the fact of diocesan inspection, and the like.

CIRCULARS AS TO EDUCATION COMMITTEES.

Circular 470.

This Memorandum is intended to set before County Councils such of their powers and duties, and such of the powers and duties of the Board of Education, as it may be desirable for the councils to bear in mind when framing schemes for the establishment of an education committee.

The following notes are limited by this purpose; they are not a summary of the Act, nor do they touch upon several matters in respect of which it may be possible at a later stage for the Board of Education to assist county councils, if invited to do so, by advice, suggestion and co-operation.

The following Memorandum concerns the Council of a County only.

COUNCIL OF A COUNTY.

I.—*Powers and Duties.*

(1) As to higher education.

To consider the needs of the area, and to take such steps as seem to them desirable, after consulting the Board of Education, to supply or aid the supply of education other than elementary.

To promote the co-ordination of all forms of education.

(As to matters included in education other than elementary, see sec. 22 (2) (3), sec. 23 (1) (2).)

(2) As to elementary education.

To take over and exercise the powers and duties of school boards and school attendance committees, and to control all secular instruction in public elementary schools. (Sec. 5.)

To appoint four managers for each school provided by them, (sec. 6 (1).) and also one manager or more for each school not provided by them. (Sec. 6 (2) (a) and (3) (b).)

To maintain and keep efficient all public elementary schools within their area under the conditions set forth in section 7.

To provide such additional school accommodation as may be necessary, subject to the provisions of sec. 8 (1), sec. 16.

II.—*Main Sources of Income.*

A. For higher education.

(1) The residue under 53 & 54 Vict. c. 60, s. 1.

(2) The county rate, which for this purpose must not exceed 2*d.* in the pound unless by consent of the Local Government Board.

(3) Parliamentary grant for instruction in science and art subject to conditions laid down by the Board of Education.

(4) Where a borough or urban district which is a local education authority relinquishes to the county its powers under

part ii. of the Act, an additional rate for that borough or district not exceeding 1*d.* in the pound.

B. For elementary education.

- (1) The parliamentary grants payable in respect of public elementary schools.
- (2) The aid grant under section 10.
- (3) Fees, where the local education authority allows fees to be charged: but in the case of a non-provided school, such proportion only of the fees as is agreed upon under section 14.
- (4) The use of the school house in the case of non-provided schools during school hours subject to the provisions of sections 7 (1) (d) as to payment for wear and tear, and for the rent of the teacher's house (if any).
- (5) The county rate.

. III.—Manner of Exercise of Powers.

- (a) Every county council shall establish an education committee or committees in accordance with a scheme to be made by the council and approved by the Board of Education.
- (b) Every matter relating to the exercise of powers under the Act shall stand referred to the education committee except the power of raising a rate or borrowing money; and the council shall, unless the matter is urgent, consider the report of the committee before acting.
- (c) The council may delegate to the committee, under any conditions it pleases, any of its powers under the Act except that of raising a rate or borrowing money.

So the council—

must frame a scheme for the establishment of a committee;
must refer every educational matter to the committee except the raising a rate or borrowing money;
may, in case of urgency, act without awaiting the report of the committee;
may delegate, on any terms it pleases, its powers under the Act to the committee; but
must not delegate its power of raising a rate or borrowing money.

Under all circumstances the council is responsible, whether for its own action, or for that of the committee.

IV.—The Scheme of Establishment.

Necessary Provisions.

- (1) There must be a majority on the committee of members of the council, unless the council of the county otherwise determine.

(2) The council must appoint :

(a) persons of experience in education.

(b) persons acquainted with the needs of the various kinds of schools within the area.

These may be obtained :—

(a) By selection by the council from among its own members, or from outside, or ;

(b) By nomination or recommendation of other bodies where it appears desirable.

(3) There must be at least one woman on the committee.

Optional Provisions.

(a) Among the bodies who may be invited to nominate or recommend are included associations of voluntary schools. Section 17 (3) (b).

(b) Among the persons whom it may be desirable to appoint as members of the first committee are the members of school boards existing at the time of the passing of the Act.

(c) A separate education committee may be established for all or any purposes for any area within a county; or separate education committees may be established, for the whole or any part of a county, to deal with special departments of work. The latter mode of distribution is guarded by the provisions of section 17 (6).

(d) A joint committee may be formed for all or any purposes by a combination of counties, boroughs, or urban districts.

In the case of such a joint committee it is necessary that a majority of the members should be *appointed* by the councils of the counties, boroughs or districts concerned; it does not appear necessary that a majority should be *members* of those councils.

(The formation of such committees may be convenient in the case of boroughs or urban districts which may not desire to relinquish permanently their powers under the Act, but may, nevertheless, desire to work in close co-operation with the county in which they are situated.)

V.—*Nomination or Recommendation of other Bodies.*

It is probable that the representation of certain educational interests within the area of a council may be effected most satisfactorily by the nomination of a member of the committee by some society within the area or representative of some educational interest within the area.

This course may save the council some trouble in selection, and may also be most satisfactory to the society which is to be represented. In other cases it might be more convenient that a society should be invited to recommend a representative, or to

recommend certain persons from among whom the council might choose a representative.

In the case of nomination it must be assumed that the council places itself in the hands of the body whom it invites to nominate.

In the case of recommendation, suggestions might be made on both sides with a view to the choice of some one acceptable to the council and representative of the interest concerned.

In each case the appointment is made by the council, but either method would ensure that the person appointed was considered to be really representative by the interest concerned.

VI.—*Duties of the Board of Education in respect of Schemes.*

- (1) To give publicity to the provisions of the proposed scheme. Section 17 (6).
- (2) To hold an inquiry if necessary. Section 23 (10).
- (3) To be satisfied that where the scheme provides for more than one committee due regard is paid to the importance of co-ordinating all forms of education. (See section 17 (6).)

It would not be desirable to perpetuate the severance of elementary from higher education by the creation of separate committees for each. But it may often be convenient to establish sub-committees which might, under the supervision of the education committee, administer the various forms of education.

- (4) In the event of a scheme not having been made, or not having been approved within 12 months after the passing of the Act, to make a provisional order for the purposes of a scheme.

(A ground on which the Board might be asked to withhold its approval of a scheme would be the non-representation or inadequate representation of some of the educational interests within the area. An educational body or association might complain—

- (a) That the interests with which it was concerned were wholly unrepresented;
- (b) That the person chosen to represent it was not really representative;
- (c) That no security was afforded by the scheme for the continuance of its representation.

Points such as these should be carefully considered in framing a scheme.)

VII.—*Further Powers of County Council.*

Delegation to the council of any borough, district or parish, on conditions to be agreed upon, of the powers of management which it possesses in respect of any school or college within the area of such borough, district or parish.

Acquisition—by arrangement and with the approval of the Board of Education—of the powers of a borough or urban district which is a local education authority under the Act, and which may relinquish to the county its powers under part ii. or part iii., or both.

VIII.—*Disqualifications.*

The circumstances which would disqualify a person for membership of the council disqualify for membership of the committee appointed by the council (a), except that no person is disqualified by his holding office in a school or college aided, provided or maintained by the council.

A person is disqualified for voting in the county council on any question relating only to part iii. if he is elected for a division which consists wholly of a borough or urban district or of a part of such borough or district which is a local education authority for part iii. of the Act. (See section 23 (3).)

IX.—*Draft Scheme.*

Among the more important matters for which a draft scheme should provide are the following:—

1. The number of the proposed committee.
2. How many are required to be members of the council.
3. The educational interests which it is proposed should be represented.
4. How it is proposed to secure their representation—by selection, recommendation or nomination.
5. What security is provided for the permanence of such representation.
6. What provision is made for the appointment of women.
7. If more committees than one—are they constituted for separate areas or for separate administrative duties—their proposed numbers and composition—the number, duties and composition of sub-committees.
8. The term of office of members of the committee, and the arrangements for retirement and the filling of vacancies, occurring casually or at stated times.

* Circular 470 A.

This Memorandum is intended to set before County Borough Councils such of their powers and duties, and such of the powers and duties of the Board of Education, as it may be desirable for the councils to bear in mind when framing schemes for the establishment of an education committee.

(a) This refers only to the disqualifications for membership of an education committee laid down in sect. 17 (4) of the E. Act, 1902, viz., "by reason of holding an office or place of profit, or having any share or interest in a contract or employment": Letter of Board of Education, February 13th, 1903.

The following notes are limited by this purpose; they are not a summary of the Act, nor do they touch upon several matters in respect of which it may be possible at a later stage for the Board of Education to assist councils, if invited to do so, by advice, suggestion and co-operation.

The following Memorandum concerns the Council of a County Borough only.

(1) The parliamentary grants payable in respect of public elementary schools.

(2) The aid grant under section 10.

(3) Fees, where the local education authority allows fees to be charged: but in the case of a non-provided school, such proportion only of the fees as is agreed upon under section 14.

- (4) The use of the school house in the case of non-provided schools during school hours subject to the provisions of section 7 (1) (d) as to payment for wear and tear, and for the rent of the teacher's house (if any).
- (5) The borough rate, as in A. (2).

III.—*Manner of Exercise of Powers.*

- (a) Every county borough council shall establish an education committee or committees in accordance with a scheme to be made by the council and approved by the Board of Education.
- (b) Every matter relating to the exercise of powers under the Act shall stand referred to the education committee except the power of raising a rate or borrowing money; and the council shall, unless the matter is urgent, consider the report of the committee before acting.
- (c) The council may delegate to the committee, under any conditions it pleases, any of its powers under the Act except that of raising a rate or borrowing money.

So the council—

must frame a scheme for the establishment of a committee;
must refer every educational matter to the committee except the raising a rate or borrowing money;
may, in case of urgency, act without awaiting the report of the committee;
may delegate, on any terms it pleases, its powers under the Act to the committee; but
must not delegate its power of raising a rate or borrowing money.

Under all circumstances the council is responsible, whether for its own action, or for that of the committee.

IV.—*The Scheme of Establishment.*

Necessary Provisions.

- (1) There must be a majority on the committee of members of the council.
- (2) The council must appoint:
 - (a) persons of experience in education.
 - (b) persons acquainted with the needs of the various kinds of schools within the area.

These may be obtained:—

- (a) By selection by the council from among its own members, or from outside, or;
 - (b) By nomination or recommendation of other bodies where it appears desirable.
- (3) There must be at least one woman on the committee.

Optional Provisions.

- (a) Among the bodies who may be invited to nominate or recommend are included associations of voluntary schools. Section 17 (3) (b).
- (b) Among the persons whom it may be desirable to appoint as members of the first committee are the members of school boards existing at the time of the passing of the Act. Section 17 (3) (d).
- (c) Separate education committees may be established to deal with special departments of work, subject to the provisions of section 17 (6).
- (d) A joint committee may be formed for all or any purposes by a combination of counties, boroughs, or urban districts. In the case of such a joint committee it is necessary that a majority of the members should be *appointed* by the councils of the counties, boroughs or districts concerned; it does not appear necessary that a majority should be *members* of those councils.

(The formation of such committees may be convenient in the case of county boroughs which may desire to work in close co-operation with the county in which they are situated.)

V.—Nomination or Recommendation of other Bodies.

It is probable that the representation of certain educational interests which a council would desire to see represented on its committee may be effected most satisfactorily by the nomination of a member of the committee by some society within the area or representative of the interest in question.

This course may save the council some trouble in selection, and may also be most satisfactory to the society which is to be represented. In other cases it might be more convenient that a society should be invited to recommend a representative, or to recommend certain persons from among whom the council might choose a representative.

In the case of nomination it must be assumed that the council places itself in the hands of the body whom it invites to nominate.

In the case of recommendation, suggestions might be made on both sides with a view to the choice of some one acceptable to the council and representative of the interest concerned.

In each case the appointment is made by the council, but either method would ensure that the person appointed was considered to be really representative by the interest concerned.

VI.—Duties of the Board of Education in respect of Schemes.

- (1) To give publicity to the provisions of the proposed scheme. Section 17 (6).

- (2) To hold an inquiry if necessary. Section 23 (10).
 (3) To be satisfied that where the scheme provides for more than one committee due regard is paid to the importance of co-ordinating all forms of education. (See section 17 (6).)

It would not be desirable to perpetuate the severance of elementary from higher education by the creation of separate committees for each. But it may often be convenient to establish sub-committees which might, under the supervision of the education committee, administer the various forms of education.

- (4) In the event of a scheme not having been made, or not having been approved within 12 months after the passing of the Act, to make a provisional order for the purposes of a scheme.

(A ground on which the Board might be asked to withhold its approval of a scheme would be the non-representation or inadequate representation of some of the educational interests within the borough. An educational body or association might complain—

- (a) That the interests with which it was concerned were wholly unrepresented ;
 (b) That the person chosen to represent it was not really representative ;
 (c) That no security was afforded by the scheme for the continuance of its representation.

Points such as these should be carefully considered in framing a scheme.)

VII.—*Disqualifications.*

The circumstances which would disqualify a person for membership of the council disqualify for membership of the committee appointed by the council (a), except that no person is disqualified by his holding office in a school or college aided, provided or maintained by the council.

VIII.—*Draft Scheme.*

Among the more important matters for which a draft scheme should provide are the following :—

1. The number of the proposed committee.
2. How many are required to be members of the council.
3. The educational interests which it is proposed should be represented.

(a) This refers only to the disqualifications for membership of an education committee laid down in sect. 17 (4) of the E. Act, 1902, see p. 15, viz., "by reason of holding an office or place of profit, or having any share or interest in a contract or employment" : Letter of Board of Education, February 13th, 1903.

4. How it is proposed to secure their representation—by selection, recommendation or nomination.
5. What security is provided for the permanence of such representation.
6. What provision is made for the appointment of women.
7. If more committees than one—their proposed numbers, duties and composition—the number, duties and composition of sub-committees.
8. The term of office of members of the committee, and the arrangements for retirement and the filling of vacancies occurring casually or at stated times.

Circular 470 B.

This Memorandum is intended to set before Councils of Boroughs or Urban Districts which are local education authorities under the Act such of their powers and duties, and such of the powers and duties of the Board of Education, as it may be desirable for the councils to bear in mind when framing schemes for the establishment of an education committee.

The following notes are limited by this purpose; they are not a summary of the Act, nor do they touch upon several matters in respect of which it may be possible at a later stage for the Board of Education to assist councils if invited to do so, by advice, suggestion and co-operation.

The following Memorandum concerns the Councils of Boroughs or Urban Districts which are local education authorities under part iii. of the Act.

I.—*Powers and Duties.*

(1) As to higher education.

To spend such sums as they think fit for the purpose of supplying or aiding the supply of education other than elementary.

(As to matters included in education other than elementary, see sec. 22 (2) (3), sec. 23 (1) (2).)

(2) As to elementary education.

To take over and exercise the powers and duties of school boards and school attendance committees, and to control all secular instruction in public elementary schools. (Sec. 5.)

To appoint managers for each school provided by them in such number as they may determine, (Sec. 6 (1),) and also two managers or more for each school not provided by them. (Sec. 6 (2) (b) and (3) (b).)

To maintain and keep efficient all public elementary schools within their area under the conditions set forth in section 7.

EDUCATION COMMITTEES (BOROUGHS AND URBAN DISTRICTS).

To provide such additional school accommodation as may be necessary, subject to the provisions of section 8 (1), section 16.

II.—*Main Sources of Income.*

A. For higher education.

- (1) (a) In the case of a borough the borough rate or such other fund or rate as has hitherto met the expenses incurred for educational purposes. Section 18 (1) and (4).
- (b) In the case of an urban district, a rate to be made, assessed and levied in manner provided by section 33 of the Elementary Education Act, 1876, as respects the expenses mentioned in that section.

The rate for this purpose must not exceed 1*d.* in the pound.

(The county council also has powers to raise a rate in the borough or urban district for this purpose. Section 2 (1).)

- (2) Parliamentary grant for instruction in science and art subject to conditions laid down by the Board of Education.

B. For elementary education.

- (1) The parliamentary grants payable in respect of public elementary schools.
- (2) The aid grant under section 10.
- (3) Fees, where the local education authority allows fees to be charged: but in the case of a non-provided school, such proportion only of the fees as is agreed upon under section 14.
- (4) The use of the school house in the case of non-provided schools during school hours subject to the provisions of section 7 (1) (d) as to payment for wear and tear, and for the rent of the teacher's house (if any).
- (5) The rate, as in A. (1), but without the limitation there stated.

III.—*Manner of Exercise of Powers.*

- (a) Every borough or urban district council having powers under part iii. of the Act shall establish an education committee or committees in accordance with a scheme to be made by the council and approved by the Board of Education.
- (b) Every matter relating to the exercise of powers under the Act shall stand referred to the education committee except the power of raising a rate or borrowing money; and the council shall, unless the matter is urgent, consider the report of the committee before acting.
- (c) The council may delegate to the committee, under any conditions it pleases, any of its powers under the Act except that of raising a rate or borrowing money.

So the council—

must frame a scheme for the establishment of a committee;

CIRCULAR OF BOARD OF EDUCATION (NO. 470B).

must refer every educational matter to the committee except the raising a rate or borrowing money ; may, in case of urgency, act without awaiting the report of the committee ; may delegate, on any terms it pleases, its powers under the Act to the committee ; but must not delegate its power of raising a rate or borrowing money.

Under all circumstances the council is responsible, whether for its own action, or for that of the committee.

IV. *The Scheme of Establishment.*

Necessary Provisions.

- (1) There must be a majority on the committee of members of the council ;
- (2) The council must appoint :
 - (a) persons of experience in education.
 - (b) persons acquainted with the needs of the various kinds of schools within the area.These may be obtained :—
 - (a) By selection by the council from among its own members, or from outside, or ;
 - (b) By nomination or recommendation of other bodies where it appears desirable.
- (3) There must be at least one woman on the committee.

Optional Provisions.

- (a) Among the bodies who may be invited to nominate or recommend are included associations of voluntary schools. (Sec. 17 (3) (b).)
- (b) Among the persons whom it may be desirable to appoint as members of the first committee are the members of school boards existing at the time of the passing of the Act.
- (c) Separate education committees may be established to deal with special departments of work subject to the provisions of section 17 (6).
- (d) A joint committee may be formed for all or any purposes by a combination of counties, boroughs, or urban districts. In the case of such a joint committee it is necessary that a majority of the members should be *appointed* by the councils of the counties, boroughs or districts concerned ; it does not appear necessary that a majority should be *members* of those councils.

A borough or urban district may under section 20 (6) relinquish to the council of the county all or any of its powers and duties under part ii. or part iii. or both. Such relinquishment would be permanent in its effect. It would be

possible for the council to transfer back to the borough or urban district its powers of management in respect of any school or college within the area of the relinquishing council under section 20 (a).

But the formation of a joint committee may be convenient in the case of boroughs or urban districts which may not desire to relinquish permanently their powers under the Act, but may, nevertheless, desire to work in close co-operation with the county in which they are situated. Arrangements for the formation of such a committee may be made for a limited period.

V.—*Nomination or Recommendation of other Bodies.*

It is probable that the representation of certain educational interests which the council would desire to see represented on its committee may be effected most satisfactorily by the nomination of a member of the committee by some society representative of the interest in question.

This course may save the council some trouble in selection, and may also be most satisfactory to the society which is to be represented. In other cases it might be more convenient that a society should be invited to recommend a representative, or to recommend certain persons from among whom the council might choose a representative.

In the case of nomination it must be assumed that the council places itself in the hands of the body whom it invites to nominate.

In the case of recommendation, suggestions might be made on both sides with a view to the choice of some one acceptable to the council and representative of the interest concerned.

In each case the appointment is made by the council, but either method would ensure that the person appointed was considered to be really representative by the interest concerned.

VI.—*Duties of the Board of Education in respect of Schemes.*

- (1) To give publicity to the provisions of the proposed scheme. Section 17 (6).
- (2) To hold an inquiry if necessary. Section 23 (10).
- (3) To be satisfied that where the scheme provides for more than one committee due regard is paid to the importance of co-ordinating all forms of education. (See section 17 (6).)

It would not be desirable to perpetuate the severance of elementary from higher education by the creation of separate committees for each. But it may often be convenient to establish sub-committees which might, under the supervision of the education committee, administer the various forms of education.

- (4) In the event of a scheme not having been made, or not having

been approved within 12 months after the passing of the Act, to make a provisional order for the purposes of a scheme.

A ground on which the Board might be asked to withhold its approval of a scheme would be the non-representation or inadequate representation of some of the educational interests within the borough or urban district. An educational body or association might complain—

- (a) That the interests with which it was concerned were wholly unrepresented;
 - (b) That the person chosen to represent it was not really representative;
 - (c) That no security was afforded by the scheme for the continuance of its representation.
- (Points such as these should be carefully considered in forming a scheme.)

VII.—*Disqualifications.*

The circumstances which would disqualify a person for membership of the council disqualify for membership of the committee appointed by the council (a), except that no person is disqualified by his holding office in a school or college aided, provided or maintained by the council.

A person is disqualified for voting in the county council on any question relating only to part iii. if he is elected for a division which consists wholly of a borough or urban district or of a part of such borough or district which is a local education authority for part iii. of the Act. (See section 23 (3).)

VIII.—*Draft Scheme.*

Among the more important matters for which a draft scheme should provide are the following:—

1. The number of the proposed committee.
2. How many are required to be members of the council.
3. The educational interests which it is proposed should be represented.
4. How it is proposed to secure their representation—by selection, recommendation or nomination.
5. What security is provided for the permanence of such representation.
6. What provision is made for the appointment of women.
7. If more committees than one—their proposed numbers, duties, and composition—the number, duties and composition of sub-committees.

(a) This refers only to the disqualifications for membership of an education committee laid down in sect. 17 of the E. Act, 1902, see p. 15, viz., “by reason of holding an office or place of profit, or having any share or interest in a contract or employment”: Letter of Board of Education, February 13th, 1903.

8. The term of office of members of the committee, and the arrangements for retirement and the filling of vacancies, occurring casually or at stated times.

**MEMORANDUM ON EDUCATION COMMITTEES,
UNDER THE EDUCATION ACT, 1902.**

Various applications have been made to the Board of Education for suggestions with respect to the constitution of education committees and the framing of schemes for the purpose.

The details of any scheme must be settled by the councils by whom the schemes are made. But with a view to assisting councils who have not as yet framed schemes for themselves and desire assistance, the Board make the following suggestions as to the main matters which should be provided for by the scheme.

1. The heading of the scheme should be—

(a) County Education Committee.

or

(a) Borough Education Committee.

or

(a) Urban District Education Committee.

Heading.

Proposed Scheme for the Constitution of an Education Committee under the Education Act, 1902.

2. The following clause contains suggestions for the constitution of the committee, all or any of which can be adopted, as circumstances require:—

Constitution of committee.

The education committee (hereinafter called the committee) shall, when complete, consist of _____ members, including persons of experience in education, and persons acquainted with the needs of the various kinds of schools in the _____, appointed by the _____ council (hereinafter called the council), being:—

- (a) Members of the council;
- (b) Ex-officio members (e.g., the chairman or vice-chairman of the council);
- (b) Nominated members, one nominated by each of the following bodies, e.g.:—
The _____ council of the University of _____ ;

- (b) Recommended members, one* recommended by each of the following bodies, e.g.:—

The Chamber of Commerce of _____ ;
 The Agricultural Society of _____ ;
 The Association of _____ ;
 The Governing Body of the _____ ;
 An electing body consisting of _____ ;

- (a) Here insert the name of the area for which the committee is appointed.
- (b) Here insert number (if any).

* It may often be found convenient to define the mode in which the members are to be recommended, and to insert after "one" some such phrase as the following:—
 "selected by the council from not less than two nor more than four persons."

MEMORANDUM OF BOARD OF EDUCATION.

(a) Members appointed after consultation with:—

The

(a) Selected members, of whom at least shall be women.
The following interests:—

University education;

The secondary education of boys and girls in its higher and lower grades;

Technical instruction and commercial and industrial education having special regard to the industries of the ;

The training of teachers;

Elementary education in county schools and in voluntary schools;

shall always be represented either among the members appointed from the council or among members appointed from outside the council.

In the event of any of the nominating or recommending bodies ceasing to exist, the county council shall substitute such other body as in their opinion is of the same character or represents the same interests as the body which has ceased to exist.

3. It will possibly be advisable to make it clear whether a member of the council is to be eligible as a nominated or recommended member of the committee, or whether it is necessary for a nominated or recommended member to be a member of the nominating or recommending body. The following paragraphs, each drawn in an alternative form, are suggested for the purpose of making this clear; they could be added to the foregoing clause:—

(1) $\left\{ \begin{array}{l} \text{A} \\ \text{No} \end{array} \right\}$ member of the council shall be eligible as a nominated or recommended member of the committee.

(2) A nominated or recommended member $\left\{ \begin{array}{l} \text{must} \\ \text{need not} \end{array} \right\}$ be a member of the nominating or recommending body.

Term of office.

4. Some provision should be made with respect to the term of office of the members of the committee.

Members of the council who are appointed *as such* will necessarily go out of office if they cease to be members of the council. The term of office of such a member should, therefore, unless a shorter term is fixed, be made coincident with his ordinary term of office as a councillor.

It will, however, be noticed that in boroughs, and in urban districts where the members retire in rotation, and not simultaneously, it will be very difficult to formulate any plan in practice which provides for the simultaneous retirement of all members of the committee, and also provides for the term of office of a councillor as a member of the committee being coincident with his term of office as a member of the council.

(a) Here insert number (if any).

As regards outside members it may be convenient that their term of office should, in counties, and in urban districts where the members retire simultaneously, expire at the same time as the term of office of members of the committee who are members of the council. On the other hand, this is not at all necessary, and, from the point of view of continuity of policy, may be inadvisable.

If simultaneous retirement is not adopted, the term of office for outside members can be fixed without regard to the term of office of members of the committee who are members of the council, and, if necessary, different terms of office may be fixed for different classes of outside members.

There is also another alternative, namely, to leave the term of office of members of the committee to the discretion of the appointing council.

To meet these various cases the following alternative clauses are suggested :—

The term of office of members of the committee shall be years, except that the first members, instead of being appointed for years, shall be appointed each for a term of office ending on the next ordinary day of retirement of councillors (a).

Or,

The term of office of members of the committee who are members of the council appointed by the council as such, shall be the same as their term of office as members of the appointing council (b).

The term of office in the case of members of the committee not appointed by the council as members of the council shall be—

- (a) in the case of nominated members, years;
- (b) in the case of recommended members, years;

and so on :

Or,

The term of office of each member of the education committee shall be such as may be determined in each case by the council appointing the committee.

5. A provision limiting the term of office of members appointed to fill casual vacancies will not be required except in cases where the whole committee go out of office together, or where regular rotation is provided for. If any such provision is required, it might be in the following form :—

Casual vacancies.

Members appointed to fill casual vacancies shall be appointed only for the remainder of the term of office of the outgoing member, and subject to the same provisions as regulated the appointment of that member.

6. It is possible that in some cases the scheme will provide for one of the nominated or recommended persons being elected by some body

Election of a member.

(a) It will be found that a provision of this sort is practically only applicable in counties, and in urban districts, where the members retire simultaneously.

(b) Possibly some shorter term may be desirable in the case of aldermen.

MEMORANDUM OF BOARD OF EDUCATION

of persons with no machinery available for the purpose, *e.g.*, by the headmasters of secondary schools in the area, or by the teachers in elementary schools in the area, or by the managers of a large number of schools. If this is the case, it will be well to provide for the mode in which the election is to take place (*e.g.*, by voting papers or by calling a meeting), and for the determination of the persons who are qualified to elect. But this is a matter which may, of course, be left to the council appointing the committee; at any rate, power should be given to the council to alter any regulations laid down with regard to this matter in the scheme.

If it is necessary to make provision on this subject the following clause is suggested :

“The person to be nominated or recommended as a member of the committee by an electing body consisting of _____ shall be elected in accordance with regulations framed from time to time by the council for the purpose, *or* [in accordance with the regulations contained in the schedule to this scheme; but those regulations shall be subject to alteration by the council from time to time].”

If it is decided that the regulations should be attached to the scheme, the Board of Education will be glad, if desired, to suggest a form of regulations.

Determination
of office.

7. It will probably be found advisable to make some provision as to the determination of office of members (not being members of the council who are appointed as such) in addition to that made by the Act as respects disqualification. A clause could easily be framed for the purpose on the lines of section 46 of the Local Government Act, 1894, or the following clause could be adopted:—

Any member who is incapacitated from acting, or who communicates in writing to the committee a wish to resign, or who is absent from all meetings of the committee during a period of _____ months (except for some reason approved by the committee), or who being, when appointed, a member of the council ceases to be a member of the council, shall thereupon cease to be a member of the committee.

General.

8. The foregoing provisions seem to be all the provisions which are required in an ordinary scheme.

All matters relating to the proceedings of the committee are matters which are more properly determined by the appointing council under paragraph (1) of the first schedule to the Act than determined by the scheme.

The powers to be exercised, and the duties to be performed, by the council, so far as they are not regulated by the Act, are also matters which should be regulated by the council from time to time and should not be included in the scheme.

The same remark applies with even greater force to any provision in the scheme as to the delegation of powers.

It will no doubt be found in future most convenient that all the

provisions relating to the constitution, duties, and proceedings of the committee should be collected in one document for the use of the committee. It will, therefore, be very useful if the council, after the committee have got into working order, could print under one cover :—

- (1) The scheme for the constitution of the committee; and
- (2) The provisions of the Act specially affecting the education committee, *e.g.*, section 17 (2) and (4) and Schedule I., A. (1)—(6); and
- (3) Any standing orders or regulations made by the county council under Schedule I., A., paragraph (1).

Circular No. 472.

CIRCULAR TO ASSOCIATIONS OF VOLUNTARY
SCHOOLS (V. S. A. '97).
(EDUCATION ACT, 1902.)

BOARD OF EDUCATION,

WHITEHALL, LONDON, S.W.,

February, 1903.

SIR,—It has been intimated to the Board of Education that in view of the provisions of the Education Act, 1902, it may be thought desirable in the case of some associations, that there should be an alteration either in the existing areas, or in the powers and functions of the governing body. Any proposals to that effect will be carefully considered by the Board of Education, but it is necessary to point out that any such reconstruction would require the assent of the managers of the schools composing the association.

The majority of the present governing bodies retire from office on 31st March next, and the constitution of the association in such cases generally provides for the election of a new governing body before that date. It is suggested that the governing bodies should in these cases take the opportunity of placing any views they may entertain on the subject of reconstruction before the managers when assembled for the purpose of such election, and obtaining from them authority to deal with the matter.

Where this not practicable, special arrangements should be made for ascertaining the views of the managers, either through sub-associations where such exist, or by summoning a special meeting of representative managers.

It must be pointed out that the special functions of associations under the Voluntary Schools Act will not cease until the appointed

day, and that where this day is later than 1st April next the governing body may be called upon to advise as to the distribution of some aid grant under the Voluntary Schools Act for the ensuing financial year.

As an alternative the Board of Education may, if they think fit, pay such grant direct to the governing body, if satisfied that proper arrangements have been made for its application. If the governing body desire to receive such grant direct, they should prepare to submit a statement as to the proposed arrangements, which should include provision for the vesting of the money in some responsible body of trustees, and for its suitable application as a fund for the benefit of the associated schools.

It is well to point out that the aid grant payable will be the proportionate amount due for the period intervening between the beginning of the new financial year and the appointed day. This day may be any day not more than eighteen months later than the 26th March next, as the Board of Education may appoint, and may differ in different areas. The later it is fixed, the larger will be the amount of aid grant payable under the Voluntary Schools Act. In the case of the other grants the amount payable will be the full amount earned by the school between the end of the last school year and the appointed day.

Any further balances which the old managers may have in hand on the appointed day are held by them in a fiduciary capacity for the purposes of the school as a public elementary school, and should therefore be handed over to their successors to be used at their discretion for those purposes connected with the school for which provision has to be made by them under the Act.

No other application of the money would be permissible without a scheme under the provisions of the Charitable Trusts Acts, which could only be made if the original purposes were no longer available,—if, for instance, the school was closed or transferred to the local authority.

Even when the special functions of the governing body under the Voluntary Schools Act will have lapsed, there will still remain much valuable work that may be done by these bodies with regard to the responsibilities placed upon the managers of voluntary schools under the Act. These responsibilities are of a two-fold nature.

Firstly, the managers must provide the school-house (other than any residence for the teacher) free of any charge to the local authority. How they do so, is a matter that concerns the managers only, and will of course depend upon the nature of their tenure of the buildings provided.

Secondly, having provided a school-house free of charge the managers must, out of funds provided by them, keep it in good repair and make such alterations and improvements as may

reasonably be required by the local authority. It is with regard to these duties that governing bodies can best render assistance to school managers by undertaking the administration of a common fund, of which the aid grant above referred to will form the nucleus, and in which managers can invest or deposit any further sums which may from time to time come into their possession. There will thus be created a mutual insurance fund, upon which the managers of individual schools can depend for assistance towards the expense of such repairs and alterations as they may be called upon from time to time to carry out.

The formation of such fund is expressly contemplated by clause 12 of Schedule II. of the Act. It is there provided that the balance of any grant paid to the original managers, which may remain after the discharge of all liabilities of whatever nature that have been incurred by them on account of the school, shall be paid to the new managers, to be applied to those purposes for which they are responsible under the Act, or for the benefit of any general fund applicable for those purposes. In the governing body of the association to which the school belongs there exists an organisation which is well adapted for the administration of such common fund, and which is expressly recognised in the clause as a body to whom any aid grant that may be due can be entrusted. It is clear, however, that the "fund" could not be applied to the provisions of new schools by building or hiring, or to such enlargements of existing ones as would come under the provisions of section 8 (2) of the Act. On the other hand the expense of keeping the school in good repair, and making necessary alterations and improvement is one which may be properly assisted out of such common fund.

Such contributions may be made not only from any grants which may come into the hands of the new managers under the circumstances above referred to, but also from such voluntary subscriptions as they may from time to time obtain, and from any endowment, whether by way of rent or otherwise, to which they may be entitled. It must, however, be borne in mind that any contribution from endowment is in the nature of a deposit or an investment of a trust fund, and could only legally be made, on the express understanding that the managers would be entitled to claim an amount from the common fund at least equivalent to the amount so contributed, whenever they may require it for the purposes of their trust.

The points, therefore, to which the Board of Education desire to invite the early attention of governing bodies are as follows:—

1. The submission of proposals for any alteration in the present area of the association, or in the constitution and functions of the governing body, after having consulted and obtained the consent of the managers of the associated schools.

2. Application for the direct payment of any further aid grant that may be allotted under the Voluntary Schools Act, directly to the governing body—such application should contain a clear statement of the arrangements which it is proposed to make for its proper application.

3. The proposals, if any, of the governing body as to the creation and management of a common fund for repairs and alterations, for the benefit of all such schools belonging to the association as may desire to contribute to it.

I am to suggest that each governing body of an association should take steps to make the contents of this circular known to the managers of the constituent schools.

I have the honour to be, Sir,

Your obedient Servant,

ROBERT I. MORANT.

of the Association.

MEMORANDUM.

EDUCATION ACT, 1902, SECTION 13. ENDOWMENTS.

Form E. A. 7.

BOARD OF EDUCATION,
WHITEHALL, LONDON, S.W.,
16th February, 1903.

1. This Memorandum has been prepared to assist trustees of endowments, applicable or applied in connection with elementary schools, and also local education authorities in cases of difference of opinion or doubt as to the effect of section 13 of the Education Act, 1902.

It is concerned solely with the proper procedure in such cases and does not attempt to state the principles on which the decision of questions arising under the section will be based.

2. By section 13 of the Education Act, 1902, it is provided:—

(1) Nothing in this Act shall affect any endowment, or the discretion of any trustees in respect thereof: Provided that, where under the tests or other provisions affecting any endowment the income thereof must be applied in whole or in part for those purposes of a public elementary school for which provision is to be made by the local education authority, the whole of the income or the part thereof as the case may be, shall be paid to that authority, and in case part only of such income must be so applied and there is no provision under the said trusts or provisions for determining the amount which represents that part, that amount shall be determined in case

of difference between the parties concerned, by the Board of Education; but if a public inquiry is demanded by the local education authority, the decision of the Board of Education shall not be given until after such an inquiry, of which ten days' previous notice shall be given to the local education authority and to the minor local authority and to the trustees, shall have been first held by the Board of Education at the cost of the local education authority.

(2) Any money arising from an endowment, and paid to a county council for those purposes of a public elementary school for which provision is to be made by the council, shall be credited by the council in aid of the rate levied for the purposes of part iii. of this Act in the parish or parishes which in the opinion of the council are served by the school for the purposes of which the sum is paid, or, if the council so direct, shall be paid to the overseers of the parish or parishes in the proportions directed by the council, and applied by the overseers in aid of the poor rate levied in the parish.

3. This clause, it should be observed, deals solely with the income of such endowments as under the trusts *must necessarily* be applied either in whole or in part to purposes for which the local education authority have to provide. Income, which must or may be applied to purposes for which managers have to provide or to educational purposes other than those for which the local authority have to provide is not dealt with by the section. Any income which is *necessarily* applicable to local authorities' purposes will be payable to the local authority and (in the case of a county council) applied by them in reduction of the rates in the area served by the school.

4. Trust deeds are often expressed in vague and general terms, giving no direction which would clearly require the application of the income of the endowment to one or other of the purposes above-named: and sometimes there are no written trusts.

In such circumstances trustees cannot safely assume that they have a discretion in the matter. This is a question of interpretation, and one which can be decided only on the merits of each case. In every case of difference of opinion or doubt trustees may apply to the Board of Education for direction in the matter, and if they act upon such direction they are completely protected against personal liability. Such application may be made under the Charitable Trusts Acts, the jurisdiction under which has, in the case of endowments held solely for educational purposes, been transferred to the Board of Education by the Board of Education Act, 1899, and the Board of Education (Powers) Orders in Council, 1900 to 1902. In case such an application is found desirable the form provided on page 2 of Form E. A. 8 should be used. In case of doubt and pending such direction, the only safe course for the

trustees to pursue is to *leave in their bankers' hands any moneys not expended by them before the 26th March, 1903 (or such later date as may be fixed as the "appointed day" for section 13 of the Act to come into operation in this particular area), or received by them on or after that date.*

5. Before, however, applying to the Board of Education it is very desirable that trustees should place themselves in communication with the particular local education authority which has or may have an interest in the matter. In all cases it is very desirable that any application for advice or direction should be made jointly by the local education authority and the trustees. Each local education authority has a financial interest in the decision of questions relating to endowments applicable in connection with elementary schools within its area. The Board would therefore not be justified in giving their advice or direction to either party upon an *ex parte* statement. The adoption of this policy by the Board will necessarily lead to some delay in the decision of questions under this section, and there will be cases in which it would be impossible or very undesirable for the Board to suspend all decision or action until the local education authority is in a position to deal with the matter. The Board, however, recognise that in ordinary circumstances it is most desirable that full time should be allowed to the local authorities for the examination of the facts and the expression of their views.

In many cases careful consideration by both parties may show that the intervention of the Board is not required.

6. It is to be observed that under section 5 of the Charitable Trusts Act, 1860, the Board can decline to exercise jurisdiction in very contentious cases and may leave the matter to be decided by the Courts. On the other hand, no legal proceedings relating to the administration of endowments held for purely educational purposes can be commenced or entertained by any Court or Judge without the certificate of the Board of Education (or in the case of mixed charities without the consent of the Charity Commissioners), unless the Attorney-General, acting *ex-officio*, thinks fit to move in the matter.

7. It is also to be observed that under the provisions of section 23 of the Charitable Trusts Act, 1853, and section 31 of the Charitable Trusts Amendment Act, 1855, the Board have power, on the application of the parties interested, to authorise compromises of any claims against charities held for purely educational purposes or against the trustees or administrators thereof. This power will possibly be found useful in dealing with obscure or complicated questions arising under section 13, especially where the difficulty of the questions is out of proportion to the amount of money involved, and the attention of local education authorities and trustees is particularly drawn to it.

If a compromise order is desired application should be made by both parties in the manner provided in Form E. A. 8.

8. For the purpose of facilitating the determination of the questions arising under section 13 the Board have prepared a form of return in which information may conveniently be given as to the nature of any endowment, the trusts to which it is subject, the income and expenditure thereof for the last three years, and its financial position as on the 25th March, 1903.

9. The Board are aware that in many cases it may be difficult or even impossible to give the particulars of expenditure in such detail as the form of return suggests. In such cases the Board will be satisfied with a statement of such figures as are available.

It is very desirable that before Form E. A. 8 is returned to this office, duplicate copies should be filled up and retained by the local education authority and the trustees respectively for purposes of reference.

MEMORANDUM.

BOARD OF EDUCATION,
WHITEHALL, S.W.,
26th February, 1903.

EDUCATION ACT, 1902. SECTION 11.

SCHOOLS HELD BY PRIVATE OWNERS FREE FROM ANY TRUSTS.

1. Frequent inquiries have been addressed to the Board with reference to the meaning of paragraph 14 (1) of the memorandum (Form E. A. 1) issued by them on the 20th December, 1902. In paragraph 14 of the memorandum the various courses open to private owners of schools were set out, and it was stated that the least convenient course for an owner to adopt was to retain the school premises in his own hands and apply to the Board for an order under section 11, appointing foundation managers.

2. The Board were led to this conclusion by the following considerations:—

(a) An order under section 11 can make provision for the appointment of managers only, and cannot include any provisions relating, (for instance) to the character of the

(a) This head is to be filled up only when the entire net income from endowment is applied or applicable to purposes of or connected with elementary education, or where the income is appropriated by trust in definite shares.

instruction to be given in the school, or the use of the premises out of school hours.

(b) It is possible that in some cases a difference of opinion as to the form of order might arise between the Board and the owner of the school, which it is very desirable to avoid; and it would therefore be more convenient that the owner should declare his own wishes as to the constitution of the managing body.

(c) When a final order under section 11 has been made, it can only be varied by a further order of the Board. A draft of such varying order must, under section 11 (8) of the Act, be laid before each House of Parliament for thirty days during which Parliament is sitting. In the event of either House deciding that the draft, or any part thereof, should not be proceeded with, the draft would have to be dropped and a fresh draft made which would be subject to the same procedure.

3. For these reasons, among others, the Board consider that the most convenient course for a private owner, who wishes to retain the property in and control over his own schools, is to let the school premises at a nominal (or substantial) rent for the purposes of a school. The conditions of the letting may be expressed in any simple agreement, which for the purposes of the Act would fall under the definition of a trust-deed. This agreement *must* contain provisions for the constitution and continuance of a body of four foundation managers, and may also give full expression to the owner's wishes, so far as these are consistent with the provisions of the Act, as to the principles on which the school is to be conducted, the use of the premises out of school hours, and other matters in which he is interested. If such an agreement is made, an order of the Board under section 11 will not be required. The agreement may be for a tenancy from year to year, terminable by notice on either side, and if it does not work satisfactorily it can be terminated and a fresh agreement substituted without difficulty or delay.

4. The Board do not think it desirable that they should issue any model form of agreement for use by private owners. The agreement should, however, provide (a) for the appointment of the first four foundation managers, (b) for filling up any vacancies which may occur in their number. It would usually be convenient that school premises should be let to a single tenant (who may be the nominee of the landlord) for use as a school under the management of the foundation managers. If the premises were let directly to the foundation managers, a change among the managers would also involve a change among the tenants, and this might give rise to some practical inconvenience. The premises might of course also be let to an incorporated society, but there is no practical reason why they should not be let to an individual.

5. The Board have of course no desire to evade any of the duties

imposed on them by section 11 of the Act, and if any private owner prefers to dispense with an agreement and to apply for an order under section 11, the Board will act on such an application. If, however, he adopts the course suggested in this memorandum and makes an agreement, it is desirable that he should *at once* inform the Board of the fact. When the agreement is executed it is important either that particulars of the agreement should be furnished in the form of Return E. A. 2 already issued, or that a copy of the agreement should be sent to this office for purposes of record and future reference.

LETTER OF BOARD OF EDUCATION AS TO PAYMENT OF GRANTS.

BOARD OF EDUCATION,
WHITEHALL, LONDON, S.W., 190 .

Letters should be addressed—"The Secretary, Board of Education,
Whitehall, London, S.W."

*At the head of letters relating }
to this communication write-- }*

N.B.—1.—Write clearly on good Foolscap paper of the same size as this sheet.

2.—The complete postal address and designation of the correspondent should always be given.

3.—Every letter containing enclosures should enumerate them *specifically*, with a line in the margin for each.

4.—Applications relating to different schools are to be made in separate letters.

Adverting to your letter dated the , I am directed to state that the Board of Education are prepared to take the following steps for accelerating the payment of grants, in order to meet financial difficulties that have arisen in the administration of the Education Act:—

1. Practically the whole of the new aid grant under section 10 of the Act can be paid to the local authority (not merely the 4s.) within a few days, or at the outside, weeks, after the appointed day—the whole or proportionate part, according to the number of months of the financial year that remain after the appointed day, when the appointed day is not April 1st.

2. The fee grant in respect of each school to be paid by quarterly instalments as hitherto—except that if it be desired by any authority, the Board may be able in many cases to pay some of the instalments sooner than usual—it being clearly understood that in no case will more money be paid in respect of a school between April 1st, 1903, and March 31st, 1904, than would under ordinary

circumstances have been paid out of the Exchequer in respect of that school during that period.

3. As regards the annual grant, commonly called the block grant, the Board of Education would normally pay it in respect of each school within a few weeks of the close of the school year of each school. But if any authority desires it, the Board would be glad to pay, on the same date as instalments of fee grant are paid, instalments of annual grants, say 5s. at a time or otherwise, rather than hold up the whole payment to the end of the school year. This would again put money into the hands of the authorities sooner than would otherwise be the case—but here again it must be clearly understood that no more money will be paid by the Board of Education in respect of any school between April 1st, 1903, and March 31st, 1904, than would under ordinary circumstances have been paid out of the Exchequer in respect of that school during that period.

I have the honour to be your obedient servant,

Circular 477.

CIRCULAR TO LOCAL EDUCATION AUTHORITIES.

BOARD OF EDUCATION,

WHITEHALL, LONDON, S.W.,

13th March, 1903.

SIR,

I am directed by the Board of Education to state for your information that it is proposed to pay to local education authorities instalments of annual grant after the appointed day; but any such payment must be limited by the condition that it should not increase the total amount that would in ordinary circumstances be paid out of the exchequer in respect of any school during the financial year ending 31st March, 1904.

The Board are therefore prepared to pay such instalments in respect of all schools maintained by your council whose school years end not later than 31st December, 1903. Where an instalment of fee grant becomes payable in the ordinary course in respect of any such school on or after the appointed day, the Board will pay at the same time an instalment of annual grant equal in amount (usually) to twice the instalment of fee grant; *i.e.*, at the rate of 5s. a quarter for each unit of average attendance.

The effect of this arrangement, where the appointed day is 1st April, 1903, is shown on the accompanying schedules.

CIRCULAR TO LOCAL EDUCATION AUTHORITIES.

Schedule A gives the dates on which instalments will be paid in respect of schools of the various school years. Schedule B is a re-arrangement of schedule A, so as to show to what schools the various instalments paid on each date refer.

Where the appointed day is later than 1st April, 1903, the mode of payment will be seen by striking off, from either schedule, all payments on dates preceding the appointed day.

It should be observed that the schedule relates only to instalments of annual grant: the balance of the grants due in respect of each school year will be paid at about the same time as the whole annual grant and balance of fee grant have been paid in previous years.

It would be a convenience to this Board, and would conduce to the earlier settlement of financial arrangements, if you could furnish, with as little delay as possible, a statement showing the anticipated abnormal deficiency on the first year's working of the new Act in the area under your Council.

I have the honour to be, sir, your obedient servant,

ROBERT L. MORANT.

Circular 474.

CIRCULAR TO LOCAL EDUCATION AUTHORITIES
(EDUCATION ACT, 1902).

BOARD OF EDUCATION,

WHITEHALL, LONDON, S.W..

4th March, 1903.

SIR,

The Board of Education desire to call the attention of your council to the fact that the Education Act will come into operation on the 26th of March next in any area for which some later day has not previously been appointed by the Board under section 27 (2) of the Act.

The Board consider that it will be convenient for administrative purposes that the appointed day for the purposes of the Act should be the first day of a calendar month in all cases except those in which it is desired to bring the Act into operation in an existing school board district about the commencement of October, when it will be more convenient that the 30th of September should be chosen. They understand that many councils are finding it possible to make all the necessary arrangements for beginning their educational administration for all purposes under the Act on 1st April next, and it is hoped that this date, or one as soon after as is consistent with the formalities in connection with the approval of schemes for the constitution of education committees, will be widely adopted.

It is desired that every local education authority will, as soon as possible, but in no case later than 12th March, intimate to the Board of Education the day which they wish to have appointed for their area; and, if this is later than 1st May, 1903, will furnish a statement showing fully the reasons which, in their opinion, render the postponement desirable.

Where a local education authority is not in a position at present to intimate the precise day which is desired, the Board of Education can *pro forma* appoint a day subject to a subsequent order, and by such subsequent order fix the precise day which may ultimately be decided upon. The essential point is that the Board should know, at once, if any local education authority does not desire the 1st April. This day will in every case, so far as the substantial provisions of the Act are concerned, be substituted for the 26th March, if no further postponement is necessary.

The Board of Education will be prepared so to use their powers of making interim orders under section 11 (5) of the Act as to obviate any necessity for delay owing to the permanent arrangements for the appointment of foundation managers of voluntary schools not being complete.

The Board would urge that so far as possible the same day should, in the interests of simplicity, be suggested for all purposes of the Act, but in cases where the council show to the satisfaction of the Board that their duties in regard to elementary education cannot advantageously be assumed for some weeks or months to come, the Board of Education will be prepared to name the 1st of April, or as early a date as may be practicable, for the purposes of part 2 of the Act, and a later day for the purposes of part 3.

I am to add that an education committee under the Act can be set up as soon as the scheme establishing it is approved, and in advance of the appointed day for the general purposes of the Act.

I have the honour to be, sir, your obedient servant,

ROBERT L. MORANT.

**THE BOARD OF EDUCATION (POWERS) ORDER
IN COUNCIL, 1900.**

At the Court at Osborne House, Isle of Wight, the
7th day of August, 1900.

PRESENT:

The Queen's Most Excellent Majesty in Council.

Whereas by section two of the Board of Education Act, 1899, it is enacted that, subject to the provisions of that section, it shall be lawful for Her Majesty in Council, from time to time, to transfer to, or make exercisable by, the Board of Education, any of the powers of the Charity Commissioners in matters appearing to Her Majesty to relate to education, and that the Order may make such provision as appears necessary for applying to the exercise of those powers by the Board of Education the enactments relating to the Charity Commissioners.

Now, therefore, Her Majesty, by and with the advice of her Privy Council, and by virtue of the authority committed to her by the Board of Education Act, 1899, and of all other powers enabling her in that behalf, is pleased to order, and it is hereby ordered, as follows:—

1. The powers of—

- (a.) inquiring into charities; and
- (b.) requiring accounts and statements to be rendered and answers to questions to be returned; and
- (c.) requiring copies of and extracts from documents to be furnished; and
- (d.) searching records; and
- (e.) requiring the attendance of witnesses and the production of documents; and
- (f.) examining witnesses on oath and administering oaths conferred on the Charity Commissioners and their Assistant Commissioners and officers by the enactments specified in Part I. of the First Schedule to this Order, or by any scheme under the Charitable Trusts Acts, 1853 to 1894, or the Endowed Schools Acts, 1869 to 1889, may, so far as they relate to trusts for educational purposes, be exercised by the Board of Education and their officers concurrently with the Charity Commissioners and their Assistant Commissioners and other officers, and accordingly those enactments and schemes and the enactments specified in Part II. of that schedule shall apply with the modifications set forth in the Second Schedule to this Order.

2.—(1.) There shall be transferred to the Board of Education—

- (a.) all powers conferred on the Charity Commissioners by any

scheme made under the Endowed Schools Acts, 1869 to 1889, or any of them, and regulating an endowment held for, or applicable to, educational purposes in Wales or the county of Monmouth, or by any scheme amending any such scheme, except such of those powers as relate to the vesting or transfer of any land or funds of the endowment in, to, or from the Official Trustee of Charity Lands or the Official Trustees of Charitable Funds; and

(b.) all powers conferred on the Charity Commissioners by the Charitable Trusts Acts, 1853 to 1894, or the Endowed Schools Acts, 1869 to 1889, so far as those powers are exerciseable in respect of any endowment so regulated.

(2.) Provided that—

(a.) land or funds belonging to any such endowment shall not be vested or transferred in, to, or from the Official Trustee of Charity Lands or the Official Trustees of Charitable Funds except by order of the Charity Commissioners; and

(b.) the powers of the Charity Commissioners with respect to—

(i.) the appointment and removal of trustees, or otherwise in relation to the constitution of a governing body, of an endowment held partly for educational purposes in Wales and the county of Monmouth and partly for other purposes; and

(ii.) the property of an endowment the income of which is applicable partly to educational purposes in Wales and the county of Monmouth and partly for other purposes,

shall not be transferred to the Board of Education unless the property of endowment is administered by a governing body established for educational purposes, and any question whether a governing body was established for educational purposes shall be determined by the Charity Commissioners.

(3.) For the purposes of the transfer effected by this section, the provisions of the Charitable Trusts Acts, 1853 to 1894, and the Endowed Schools Acts, 1869 to 1889, shall apply with the modifications and adaptations set forth in the Second Schedule to this Order, and in the schemes conferring powers transferred by this section the provisions relating to those powers shall have effect as if anything required to be done to, by, or in relation to the Charity Commissioners, were required to be done to, by, or in relation to the Board of Education, and any rules, regulations, or forms made, approved, or prescribed by the Charity Commissioners under any such scheme shall continue in force until varied, revoked, or superseded by new rules, regulations, or forms made in accordance with the provisions of the scheme as amended by this Order.

3. This Order may be cited as the Board of Education (Powers) Order in Council, 1900, and shall come into operation on the first day of November one thousand nine hundred.

A. W. FITZROY.

THE BOARD OF EDUCATION (POWERS) ORDER
IN COUNCIL, 1901.

At the Court at St. James's, the 24th day of July, 1901.

PRESENT:

The King's Most Excellent Majesty in Council.

Whereas by section two of the Board of Education Act, 1899, it is lawful for His Majesty in Council, subject to the provisions of that section, from time to time, to transfer to the Board of Education, any of the powers of the Charity Commissioners in matters appearing to His Majesty to relate to education, and the Order may make such provision as appears necessary for applying to the exercise of those powers by the Board of Education the enactments relating to the Charity Commissioners.

Now, therefore, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority committed to him by the Board of Education Act, 1899, and of all other powers enabling him in that behalf, is pleased to order, and it is hereby ordered, as follows:—

1. (1.) The powers conferred on the Charity Commissioners by the Charitable Trusts Acts, 1853 to 1894, and by the Endowed Schools Acts, 1869 to 1889, to frame, approve, certify, establish, and amend schemes shall, so far as those powers are exercisable in respect of any endowment held solely for educational purposes in England and Wales, and so far as they have not already been transferred to the Board of Education, be transferred to that Board.

Provided that a scheme made by the Board of Education shall not contain provisions requiring or authorising any land or funds belonging to any such endowment to be vested or transferred in, to, or from the Official Trustee of Charity Lands or the Official Trustees of Charitable Funds otherwise than by order of the Charity Commissioners.

(2.) Where the Charity Commissioners, in exercise of the powers conferred on them by the Charitable Trusts Acts, 1853 to 1894, or the Endowed Schools Acts, 1869 to 1889, determine, by scheme or otherwise, in respect of any endowment held partly for educational purposes and partly for other purposes, what part of the endowment is held for educational purposes, that part shall, for the purposes of this Order, be treated as an educational endowment held solely for educational purposes.

(3.) For the purposes of the transfer effected by this section the provisions of the Charitable Trusts Acts, 1853 to 1894, and the Endowed Schools Acts, 1869 to 1889, shall apply with the modifications and adaptations set forth in the schedule of this Order.

(4.) In any scheme made before the commencement of this Order relating to an endowment held solely for educational purposes, provisions empowering the Charity Commissioners to make amending schemes and to make rules, regulations, and forms, and any rules, regulations, and forms made by the Charity Commissioners, before the commencement of this Order in pursuance of any such power, shall have effect as if in those provisions and in those rules, regulations, and forms, references to the Board of Education were substituted for reference to the Charity Commissioners.

2. Provisions in any scheme made before the commencement of this Order empowering the Charity Commissioners by order to direct the manner in which a school shall be examined in any year, or directing the governing body to send a copy of the examiner's report to the Charity Commissioners, shall have effect as if in any such scheme references to the Board of Education had been substituted for references to the Charity Commissioners.

3. This Order may be cited as the Board of Education (Powers) Order in Council, 1901, and shall come into operation on the 1st day of September, 1901.

A. W. FITZROY.

SCHEDULE.

MODIFICATIONS AND ADAPTATIONS.

In such of the provisions of the Charitable Trusts Acts, 1853 to 1894, and of the Endowed Schools Acts, 1869 to 1889, as relate to the framing, approving, certifying, establishing, and amending of schemes, or to the powers and duties and proceedings incidental thereto or consequential thereon, for references to the Charity Commissioners and their officers shall be substituted references to the Board of Education and their officers respectively.

The Board of Education shall, before finally settling the draft of any scheme framed under the Endowed Schools Acts, 1869 to 1889, or any of them, cause all such steps to be taken as are by those Acts required to be taken before any such scheme is submitted for approval to the Committee of Council on Education, and such final settlement shall take the place of the approval required by those Acts, and accordingly the Board of Education shall cause the scheme to be published and circulated in such manner and together with such notice as is required by section thirteen of the Endowed Schools Act, 1873, and the like proceedings may be taken with respect to a scheme so settled as may under the Endowed Schools Acts, 1869 to 1889, be taken with respect to a scheme approved by the Committee of Council on Education.

The report required by section sixteen of the Endowed Schools Act, 1873, to be made to the Committee of Council on Education shall be made to His Majesty the King.

**THE BOARD OF EDUCATION (POWERS) ORDER
IN COUNCIL, 1902.**

At the Court at Buckingham Palace, the 11th day of August, 1902.

PRESENT:

The King's Most Excellent Majesty in Council.

Whereas by section two of the Board of Education Act, 1899, it is lawful for His Majesty in Council, subject to the provisions of that section, from time to time, to transfer to the Board of Education any of the powers of the Charity Commissioners in matters appearing to His Majesty to relate to education, and the Order may make such provision as appears necessary for applying to the exercise of those powers by the Board of Education the enactments relating to the Charity Commissioners:

 shall, so far as those powers relate to endowments held solely for educational purposes, and so far as they have not been transferred to the Board of Education, be transferred to that Board.
- 2.—(1.) For the purpose of the transfer effected by this Order,—
 - (a.) In all enactments and instruments, provisions relating to the powers transferred shall be construed as if references to the Charity Commissioners and their officers, except the said Official Trustees, were references to the Board of Education and their officers, and shall have effect as if everything required to be done to, by, or in relation to the Charity Commissioners and their officers, except the said Official Trustees, were required to be done to, by, or in relation to the Board of Education and their officers.
 - (b.) The report required by section sixteen of the Endowed Schools Act, 1873, to be made to the Committee of Council on Education shall be made to His Majesty the King.

- (2.) Where the Charity Commissioners, in exercise of the powers conferred on them by the Charitable Trusts Acts, 1853 to 1894, or the Endowed Schools Acts, 1869 to 1889, determine, by scheme or otherwise, in respect of any endowment held partly for educational purposes and partly for other purposes, what part of the endowment is held for educational purposes, that part shall, for the purposes of this Order, be treated as an educational endowment held solely for educational purposes.
3. This Order shall come into operation on the 1st day of October, 1902, and may be cited as the Board of Education (Powers) Order in Council, 1902, and the Board of Education (Powers) Order in Council, 1900, the Board of Education (Powers) Order in Council, 1901, and this Order may be cited together as the Board of Education (Powers) Orders in Council, 1900 to 1902.

GENERAL.

8. In the case of any person applying to be placed on column B. of the register, or any supplemental register, the registration authority may, if they think fit, and after giving the applicant an opportunity of being heard, refuse to register him on the ground that his moral character renders him unfit to be employed as a teacher.

9. The registration authority may at any time remove from column B. of the register, or from any supplemental register, the name of any person proved to their satisfaction, and after such person has had an opportunity of being heard, to have been guilty of felony or misdemeanour or of conduct unbefitting a teacher.

12. In approving or recognising a degree, diploma, certificate, examination, or other standard of education, for the purpose of column B., or in recognising an institution for the purpose of training, or in approving subjects for a supplemental register, the Board shall act after taking the advice of the Consultative Committee.

13. The registration authority shall from time to time and at least once every year present a report of their proceedings to the Board together with their observations on the working of these regulations.

14. The register and every supplemental register shall be published annually, and shall be open at any reasonable time to public inspection on the payment of the proper fee, and any person shall, on payment of the proper fee, be entitled to take copies of and make extracts from the register and any supplemental register, and to have delivered to him extracts from any such register certified by the registrar to be true.

The fees for the purpose of this regulation shall be such as may be fixed by the registration authority with the approval of the Board.

15. In these regulations—

“The Board” means the Board of Education.

“Approved” or “recognised” means approved or recognised for the time being by the Board for the purpose of the regulation in which the expression is used.

The “registration authority” means the body to be established for forming and keeping the register.

1. A school authority (*a*) may, subject to the provisions of these regulations board out blind or deaf children resident in their district in homes conveniently near to a school for the time being certified by the Education Department (*b*) as suitable for providing elementary education for such children respectively under arrangements approved by the Education Department (*b*) with a boarding-out committee, constituted as herein-after mentioned.

2. A boarding-out committee shall consist of three or more persons, to be approved by the Education Department (*b*), who shall have signed an engagement in the form annexed to this Order (Schedule I.).

4. The boarding-out committee shall from time to time appoint one of their members to act as secretary; and it shall be the duty of the secretary punctually to inform the Education Department (*b*) of any vacancies which may be caused by death, resignation, or otherwise, amongst the members of the committee, and to submit the names of the persons proposed to fill the vacancies.

5. A child may be withdrawn from a home by its parent or by the school authority (*a*) of the district from which the child is sent, notice of the intention to do so being given at least one week beforehand to the boarding-out committee; and the foster-parent shall, upon the demand of a person duly authorised in writing by the boarding-out committee, or by the school authority (*a*), or by the parent, deliver up the child to such person.

6. The regulations to be observed by the school authority (*a*) with respect to such boarding out of deaf or blind children shall be as follows:—

- (1.) There shall not be more than two blind or two deaf children resident in the same home at the same time, whether boarded out or not.
- (2.) No blind child shall be boarded out in a home where there is a deaf child, nor a deaf child where there is a blind child.

- (6.) No child shall be boarded out without a certificate, in the form annexed to this Order (Schedule II.), signed by a duly qualified medical practitioner, stating the particulars of the child's health, such certificate to be forwarded by the school authority (*a*) to the boarding-out committee.
- (7.) Before receiving any child to be boarded out with him, the foster-parent shall sign an undertaking in duplicate, which shall, in addition to any other matter which may be agreed upon, contain an engagement on the part of the foster-parent, that, in consideration of a certain sum per week, he will bring up the child as one of his own children, and provide the child with proper food, lodging, and washing, and endeavour to train the child in habits of truthfulness, obedience, personal cleanliness, and industry, as well as in such special industry or occupations as may be prescribed by the managers of the certified school which the child attends; that he will take care that the child shall attend duly at church or chapel according to the religious denomination to which the child belongs, and shall attend the particular certified school directed by the school authority (*a*) according to the provisions of the law for the time being, and will make such provision as may be necessary for the escort of the child to and from church or chapel and school; that he will provide for the proper repair and renewal of the child's clothing, and that, in case of the child's illness, he will forthwith report such illness to the school authority (*a*), to the child's parent, and to the boarding-out committee; and that he will at all reasonable times permit the child to be visited by his parent, and will at all times permit the child to be visited, and the house to be inspected by any member of the boarding-out committee, and by any person specially appointed for that purpose by the school authority or by the Education Department (*b*). These reports shall be forwarded by the boarding-out committee to the school authority (*a*) and to the child's parent not less often than quarterly.

If in the case of any boarded-out child no such report shall be received by the school authority (*a*) or the parent for the space of four consecutive months, the school authority (*a*) shall in default of satisfactory explanation withdraw the child from the home with all reasonable expedition.

Provided that it shall not be necessary for the school authority to take back such children if the Education Department (*b*) declare that the withdrawal of authority from the committee shall not apply to children already boarded out under their superintendence.

SCHOOLS FOR BLIND OR DEAF CHILDREN.

BUILDING RULES.

Schools for the blind and the deaf should not be held in the same building.

The following rules should be read in connexion with the general rules laid down in Schedule VII. of the Day School Code as to drainage, warming, and ventilation.

Recreation Grounds.

Where no field or other larger space has been secured, the superficial area of the site should not be less than 30 square feet per child. The recreation grounds for girls and boys should be separate. There should be a covered gymnasium, or large shed open on one side, provided with ample top light, which, under supervision, may be used by boys and girls together.

Schoolrooms.

The area should be (as a rule) not less than 20 square feet per child, and the cubic contents should not be less than 240 cubic feet.

(a) That is, the Board of Education : see Board of Education Act, sect. 2 (1), p. 334.

The position should be on the ground floor, near the playground. Where boys and girls are taught in one room, the exits should be separate.

The light should be such as to suit the mode of teaching employed.

The children should, as a rule, be arranged in a semicircle around the teacher, and provided with top light in order to enable the teacher to see, in the case of the blind, every change of facial expression, and, in order that in the case of the deaf, the teacher and scholars may observe closely the action of the lips.

Where the children are not arranged in a semicircle, the light should be ample from both sides of the room.

Day Rooms.

These should be of at least the same size as the schoolrooms.

Dining Rooms.

These should be of sufficient size to seat each child comfortably, with space for the passage of waiters. There should be a minimum of 6 square feet per child.

Dormitories.

The minimum width should be 18 feet, the minimum area should be 36 square feet per child, and the minimum cubic capacity 360 cubic feet per child. A separate bed must be provided for each child, with sufficient space between the beds.

A dormitory should be supervised by means of a window in the bedroom of the officer in charge. In houses, or homes, having small bedrooms, the officer's bedroom should be closely adjoining on the same floor, and the doors of the bedrooms left wide open at night.

No boys over nine years of age should be lodged with girls, unless in a distinct wing approached by a separate staircase.

Boys under nine years of age may be lodged with girls, but must have separate sleeping rooms.

Each teacher should (as a rule) also have a separate room.

Sick Rooms.

These should be separate for each sex, and should consist of two rooms in each case—viz., one for the patients and the other for the nurse.

A detached building is also necessary for infectious cases, except in the neighbourhood of a hospital to which cases can be readily conveyed.

Baths.

These should be supplied with hot and cold water, and should be sufficient to enable each child to obtain a bath at least once a week.

in winter and twice in summer. There must be a separate towel for each child. Lavatory basins should be sufficient to enable each child to wash the hands, face, and upper portion of the body morning and evening. No two children may wash at once at the same basin.

Latrines.

For day.—The provision of closets should be 10 per cent. on the number of boys, together with a urinal; and 15 per cent. on the number of girls.

For night.—One or two closets should be provided adjoining the dormitories, but disconnected therefrom by a lobby having a current of air by windows on two sides.

Staircases and Corridors.

Those must be fire-proof.

Fire Escapes.

Where only one staircase exists, or where the dormitories are at some distance from the staircases, fire escapes should be provided.

MINUTE OF THE COMMITTEE OF COUNCIL ON EDUCATION, DATED 26TH FEBRUARY, 1900, PROVIDING FOR GRANTS ON ACCOUNT OF THE EDUCATION OF DEFECTIVE AND EPILEPTIC CHILDREN AND PRESCRIBING CONDITIONS TO BE FULFILLED BY CERTIFIED SCHOOLS FOR SUCH CHILDREN.

At the Council Chamber, Whitehall, the 26th day of February, 1900.

By the Lords of Her Majesty's Most Honourable Privy Council on Education.

Their Lordships having had under consideration the Elementary Education (Defective and Epileptic Children) Act, 1899 (*a*), read and approved the following Minute:—

I. DAY SCHOOLS AND CLASSES.

Day Schools or classes for defective children are public elementary schools or classes attached to public elementary schools, differing only from ordinary public elementary schools in the special conditions hereinafter required and the special grants made for them. In other respects they are subject to the ordinary requirements of the Day School Code (*b*). Schools or classes for defective children are called "special" schools or classes.

Her Majesty's Inspector will inspect special schools and classes in the ordinary course. He will pay his visits without notice, and will satisfy himself that all the conditions of the grant are fulfilled. In no case will he hold a formal examination. The Department (*c*) reserves the power to inspect schools or classes by means of any officers whom it may appoint for the purpose.

The following conditions must be fulfilled by schools or classes that are certified as special schools or classes:—

(1.) The premises must be approved by the Department (*c*).

In the case of new premises—

- (a.) 20 square feet of floor space per child in average attendance must be provided in the class-rooms.
- (b.) All playgrounds, offices, lavatories, entrances and passages must be so constructed as to admit of easy supervision by the teacher of the special class, and must, as a rule, be kept for the sole use of the children attending the special class.
- (c.) All rooms, must, as a rule, be constructed on the ground floor.
- (d.) Where the premises are intended for the use of more than one class, they must, as a rule, include a wide and

well-lighted corridor, which can be used for drill and assembling.

- (e) Each child must, as a rule, be provided with a single desk of suitable size, and sloped at an angle of from 10 to 15 degrees.

The approval of premises, which have already been approved as suitable for special schools or classes, will be continued provided that conditions (a) and (b) be satisfied.

(2.) No children may be admitted, except those who have been ascertained to be defective within the meaning of the Elementary Education (Defective and Epileptic Children) Act, 1899, under arrangements approved by the Education Department (a). No child may be admitted at less than seven years of age, or retained after reaching the age of sixteen.

(3.) Proper records must be made at the time of admission and afterwards—

(a.) As to the child's capacity, habits, attainments, and health.

(b.) As to the family history of the child;

(c.) As to the progress of the child in the special school or class.

(4.) The children must, from time to time, be inspected by a medical officer appointed for the purpose by the school authority (b), and records of such inspections must be kept. Provision must be made for the examination, from time to time, of every child, in order to ascertain whether he has attained such a mental and physical condition as to be fit to attend an ordinary class in a public elementary school, and the school authority (b) shall make provision for such examination in the case of any child whose parent claims such examination of his child, provided that the parent shall not make such claim within less than six months after his child has been examined. The decision of the Education Department (a) is final as to whether a child may be retained in a special school or class as defective.

(5.) Every special school or class must have managers specially appointed, who will undertake to visit the school or class from time to time during school hours.

(6.) The children must not for any lessons be mixed with the children of the ordinary public elementary schools.

(7.) Each class must have a separate teacher of its own.

(8.) The principal teacher must hold the certificate of the Education Department (a) or of the National Froebel Union. When

there are less than 10 children on the roll the principal teacher may be one qualified under article 50 of the Code.

As a rule, men will not be approved as teachers of special schools or classes.

(9.) Subject to the continued recognition of the uncertificated teachers at present employed, assistant teachers not certificated will only be recognised in places where there is more than one class, and where a certificated teacher is in charge as principal. Such assistants should be persons qualified under article 50 of the Code (*a*), or holders of a certificate from the National Froebel Union. No one under the age of 21 will be recognised as a teacher in a special class.

(10.) Her Majesty's inspector must annually approve of all the staff employed. The withholding of approval of a teacher as a special teacher of defective children will in no way affect the teacher's qualification for teaching in ordinary schools.

(11.) The number of children in average attendance may not exceed 20 for each class, except that, if the number of classes at a centre exceed two, there may be an average attendance of 30 in each class after the first two.

(12.) Before any teacher is recognised as a principal teacher she must have at least six months' experience in a special school or class approved by the Department (*b*).

(13.) The hours during which a special school or class is open must not exceed two and a half in the morning and two in the afternoon. An interval of at least an hour and a half must be interposed between the morning and the afternoon meeting of the school or class.

The minimum time of attendance is attendance at secular instruction for an hour and a half; time spent in recreation or registration must not be included in the minimum period of an hour and a half.

(14.) The time-table must provide for—

- (a.) Instruction in the elements of reading, writing and arithmetic;
- (b.) Singing and recitation;
- (c.) Object lessons;
- (d.) Drawing;
- (e.) Needlework for girls;
- (f.) Physical exercises;
- (g.) Manual instruction.

(15.) As a rule, not less than six hours of manual instruction must be given weekly to every child. For the purposes of manual instruction the children must be classed as "younger children" and "older children" respectively; this classification

(a) See p. 643.

(b) New the Board of Education: Board of Education Act, 1899, sect. 2 (1), p. 334.

must not depend upon any fixed rule as to age, but must be so made as to assign to each child that form of manual instruction which is suitable to his skill and capacity. Form of manual instruction approved by the Department (a) as suitable (a) for younger children, (b) for older boys, (c) for older girls, are shown on the list appended to this Minute. In the case of girls, time spent in needlework may, to the extent of two hours per week, be counted as part of the minimum six hours of manual instruction. Other forms of manual instruction which the managers consider suitable for either the younger or the older children may be submitted to the Department (a) for approval. With the approval of the inspector, manual instruction may be given elsewhere than on the premises of the special school or class, but in no case may the children be taught together with children attending an ordinary public elementary school. No class for the manual instruction of older children may, as a rule, contain more than ten children present at any one time.

(16.) Where the above conditions are satisfied, grants will be paid annually at the following rates for each unit of average attendance :—

For instruction other than manual instruction, 50s.

For manual instruction of younger children, 30s., and older children, 40s.

For each complete tenth of a unit of average attendance a tenth of the above grants will be paid.

These grants are in lieu of the annual grant and the fee grant payable to ordinary public elementary schools.

II. CERTIFIED SCHOOLS FOR BOARDING AND LODGING DEFECTIVE CHILDREN.

The following conditions must be fulfilled by schools that are certified for boarding and lodging defective children :—

(1.) The schools must be exclusively confined to children who are ascertained to be defective within the meaning of the Elementary Education (Defective and Epileptic Children) Act, 1889 (section 1).

(2.) No establishment established after the commencement of the Elementary Education (Defective and Epileptic Children) Act (9th August, 1899) can be certified for boarding and lodging more than 15 defective children in one building, or comprising more than four such buildings (section 2 (6)).

(3.) The premises must be approved by the Department (a).

The following rules should be observed in connection with the

No boys over nine years of age should be lodged with girls, unless in a distinct wing approached by a separate staircase.

Boys under nine years of age may be housed in the same buildings with girls, but must have separate dormitories.

Each teacher should have a separate bedroom.

(f) *Sick Rooms.*

These should be separate for each sex, and should consist of two rooms at least in each case, viz., one for the patients and the other for the nurse. An aspect S.E. or S.W. is to be preferred.

A detached building is also necessary for infectious cases.

except in the neighbourhood of a hospital to which cases can be readily conveyed.

(g) *Baths.*

These should be supplied with hot and cold water, and should be of sufficient number to enable each child to obtain a bath at least once a week in winter and twice in summer. Lavatory basins should be sufficient to enable each child to wash the hands, face, and upper portion of the body morning and evening.

(h) *Latrines.*

For day.—The provision of closets should be 10 per cent. on the number of boys, together with a urinal; and 15 per cent. on the number of girls, with facility for frequent supervision.

For night.—One or two closets should be provided adjoining the dormitories, but disconnected therefrom by a lobby having a current of air by windows on two sides.

(k) *Staircases and Corridors.*

These must be fireproof.

(1) *Fire Escapes.*

(4.) No children may be admitted at less than seven years of age, or retained after reaching the age of sixteen.

(5.) The sexes should be separated, as a rule, for all purposes, except meals and lessons and recreation under supervision.

(6.) The staff of every certified school must be approved by the Education Department (a).

(7.) The schools must be at all times open to the officers of the Education Department (a) or of the school authorities (b) by whom the children are sent.

(8.) The accounts must be audited by a professional auditor (c) and submitted to the Department (a) in such form as may be prescribed.

(9.) The provisions regulating religious instruction must be the same as those enacted by section eight of the Elementary Education (Blind and Deaf Children) Act, 1893.

(10.) Instruction must be given in accordance with the rules prescribed by the Education Department (a) for day schools and classes for defective children.

(c) This will probably be modified having regard to the fact that the accounts of local education authorities are now audited by district auditors.

(11.) Where the above conditions are satisfied, grants will be paid annually at the following rates for each unit of average attendance:—

For instruction other than manual instruction, 50s.

For manual instruction of younger children, 30s.; and older children, 40s.

For each complete tenth of a unit of average attendance a tenth of the above grants will be paid.

These grants are in lieu of the annual grant and the fee grant payable to ordinary public elementary schools.

III. CERTIFIED SCHOOLS FOR EPILEPTIC CHILDREN.

The following conditions must be fulfilled by schools that are certified for epileptic children:—

(1.) The schools must provide for the boarding, lodging, and medical treatment of the children as well as for their education. They must be exclusively confined to children who are epileptic within the meaning of the Elementary Education (Defective and Epileptic Children) Act, 1899.

(2.) No establishment established after the commencement of the Elementary Education (Defective and Epileptic Children) Act (9th August, 1899) can be certified for boarding and lodging more than 15 epileptic children in one building, or comprising more than four such buildings (section 2 (6) of the Act).

(3.) The premises must be approved by the Department (a). They should, if possible, be built all on one floor, so as to avoid the use of staircases. It is necessary that they should be situated in the country, or on a good pervious soil.

In other respects the rules laid down for the premises of certified schools for boarding and lodging defective children apply to the premises of certified schools for epileptic children.

(4.) No children may be admitted at less than seven years of age, or retained after reaching the age of sixteen.

(5.) The sexes should be separated, as a rule, for all purposes, except meals and lessons and recreation under supervision.

(6.) The staff of every certified school must be approved by the Education Department (a).

(7.) The schools must be at all times open to the officers of the Education Department (a), or of the school authorities (b) by whom the children are sent.

(8.) The accounts must be audited by a professional auditor, and submitted to the Department (a) in such form as may be prescribed.

(9.) The provisions regulating religious instruction must be the same as those enacted by section eight of the Elementary Education (Blind and Deaf Children) Act, 1893.

(10.) The school instruction should as nearly as possible resemble that given in an ordinary elementary school.

(11.) Not less than six hours of manual instruction must be given weekly to each child. It should have for its objects—(1), to train the hand and eye and brain; (2), to fit a child to earn a living; and it should be chosen with a view of improving the health of the children. More highly skilled forms of manual instruction than those provided for defective children may be suitable for epileptic children; and it will be necessary to guard against dangerous tools or machinery. The forms of manual training proposed should be submitted to the Department (a) for approval. For purposes of manual instruction children must be classed as “younger children” and “older children” respectively. This classification must not depend upon any fixed rule as to age, but must be made so as to assign to each child that form of manual instruction which is suitable to his skill and capacity.

(12.) Where the above conditions are satisfied, grants will be paid annually at the following rates for each unit of average attendance:—

For instruction other than manual instruction, 50s.

For manual instruction of younger children, 30s.; and older children, 40s.

For each tenth of a unit of average attendance a tenth of the above grants will be paid.

These grants are in lieu of the annual grant and the fee grant payable to ordinary public elementary schools.

3. Any person deriving any pecuniary or other personal profit from the boarding out of any child shall be thereby disqualified from becoming or continuing to be a member of any such boarding-out committee.

4. The boarding-out committee shall from time to time appoint one of their members to act as secretary; and it shall be the duty of the secretary punctually to inform the Education Department (a) of any vacancies which may be caused by death, resignation, or otherwise, amongst the members of the committee, and to submit the names of the persons proposed to fill the vacancies.

5. A child may be withdrawn from a home by its parent or by the school authority (b) of the district from which the child is sent, notice of the intention to do so being given at least one week beforehand to the boarding-out committee; and the foster-parent shall, upon the demand of a person duly authorised in writing by the boarding-out committee, or by the school authority (b), or by the parent, deliver up the child to such person.

Before receiving any child to be boarded out with him, the foster-parent shall sign an undertaking in duplicate, which shall, in addition to any other matter which may be agreed upon, contain an engagement on the part of the foster-parent, that, in consideration of a certain sum per week, he will bring up the child as one of his own children, and provide the child with proper food, lodging, and washing, and endeavour to train the child in habits of truthfulness, obedience, personal cleanliness, and industry, as well as in such special industry or occupations as may be prescribed by the managers of the certified school which the child attends; that he will take care that the child shall attend duly at church or chapel according to the religious denomination to which the child belongs, and shall attend the particular certified school directed by the school authority (*a*) according to the provisions of the law for the time being, and will make such provision as may be necessary for the escort of the child to and from church or chapel and school; that he will provide for the proper repair and renewal of the child's clothing, and that, in case of the child's illness, he will forthwith report such illness to the school authority (*a*), to the child's parent, and to the boarding-out committee; and that he will at all reasonable times permit the child to be visited by his parent, and will at all times permit the child to be visited, and the house to be inspected by any member of the boarding-out committee, and by any person specially appointed for that purpose by the school authority (*a*) or by the Education Department (*b*). The undertaking shall also contain an engagement on the part of the foster-parent that he will, upon the demand of the child's parent or of a person duly authorised in writing by him or by the boarding-out committee, or by the school authority (*a*), give up possession of the child.

Such undertaking shall be made in triplicate according to the form annexed to this Order (Schedule III.). One copy of it shall be kept by the foster-parent, another by the school authority (*a*) and another by the child's parent.

These reports shall be forwarded by the boarding-out committee to the school authority (*a*), and to the child's parent not less often than quarterly.

If in the case of any boarded-out child no such report shall be received by the school authority (*a*), or the parent for the space of four consecutive months, the school authority (*a*) shall in default of satisfactory explanation withdraw the child from the home with all reasonable expedition.

DAY INDUSTRIAL SCHOOLS.

ORDER IN COUNCIL OF 20TH MARCH, 1877.

At the Court at Windsor, etc., etc.

Whereas by the 16th section of the Elementary Education Act, 1876, it is enacted as follows : (a)

If a Secretary of State is satisfied that, owing to the circumstances of any class of population in any school district, a school in which industrial training, elementary education, and one or more meals a day, but not lodging, are provided for the children, is necessary or expedient for the proper training and control of the children of such class, he may, in like manner as under the Industrial Schools Act, 1866, certify any such school (in this Act referred to as a day industrial school) in the neighbourhood of the said population to be a certified day industrial school.

* * * * *

It shall be lawful for Her Majesty from time to time, by Order in Council, to apply to a certified day industrial school the provisions of the Industrial Schools Act, 1866, and the Acts amending the same, with such modifications as appear to Her Majesty to be necessary or proper for adapting such provisions to a day industrial school, and bringing them into conformity with this Act; and such Order may provide that a child may be punished for an offence by being sent to a certified industrial.

(a) See p. 233.

in lieu of a certified reformatory, school, or may otherwise mitigate any punishment imposed by the said Act.

It shall be lawful for Her Majesty from time to time, by Order in Council, to revoke and vary any Order in Council made under this section.

Every such Order shall be laid before both Houses of Parliament within one month after it is made, if Parliament be then sitting, or if not, within one month after the beginning of the then next session of Parliament, and while in force shall have effect as if it were enacted in this Act.

Now, therefore, in pursuance of the above-mentioned Act, Her Majesty is pleased, by and with the advice of her Most Honourable Privy Council, to order that the following provisions, being modified provisions of the Industrial Schools Act, 1866, and the Acts amending the same (a), shall apply to certified day industrial schools :

1. This Order shall not extend to Scotland or Ireland.

2. A day industrial school within this order shall mean a school in which industrial training, elementary education, and one or more meals a day, but not lodging, are provided for the children.

29 & 30 Vict. c. 118, s. 5.

The persons for the time being having the management or control of such a school shall be deemed the managers thereof for the purposes of this Order.

3. The person who for the time being is inspector of industrial schools under the Industrial Schools Act, 1866, shall be also the inspector of day industrial schools.

Inspector of day industrial schools and assistants.
29 & 30 Vict. c. 118, s. 6.

The Secretary of State may from time to time appoint a fit person or persons to assist the inspector; and every person so appointed shall have such of the powers and duties of the inspector of day industrial schools as the Secretary of State from time to time prescribes, but shall act under the direction of the inspector.

4. The Secretary of State may, on the application of the managers of a day industrial school, direct the inspector of day industrial schools to ascertain whether such school is in the neighbourhood of any class of population in any school district (b), the circumstances of which class are such that a day industrial school is necessary or expedient for the proper training and control of the children belonging to such class, and to examine into the condition of the school with respect to which the application is made, and its fitness for the reception of children to be sent there under this Order, and to report to him thereon, and the inspector shall examine and report accordingly.

Power of prison authority.

Power to undertake or contribute towards establishment or maintenance of school. 29 & 30 Vict. c. 118, s. 27. 35 & 36 Vict. c. 21, s. 7.

If satisfied with the report of the inspector the Secretary of State may, by writing under his hand, certify that the school is fit for the reception of children under this Order, and thereupon the school shall be deemed a certified day industrial school.

5. A school shall not be at the same time a certified day industrial school under this Order, and a certified industrial school under the Industrial Schools Act, 1866, or any other Act, or a certified reformatory school.

6. A notice of the grant of such certificate shall within one month be inserted by order of the Secretary of State in the London Gazette.

A copy of the Gazette containing the notice shall be conclusive evidence of the grant, which may also be proved by the certificate itself, or by an instrument purporting to be a copy of the certificate, and attested as such by the inspector of day industrial schools.

7. Every certified day industrial school shall from time to time, and at least once in each year, be inspected by the inspector of day industrial schools, or by a person appointed to assist him as aforesaid.

8. No substantial addition or alteration shall be made to or in the buildings of any certified day industrial school without the approval in writing of the Secretary of State.

9. Whereas it is enacted by the 16th section of the Elementary Education Act, 1876 (a), that a prison authority within the meaning of the Industrial Schools Act, 1866, shall have the same powers in relation to a certified day industrial school as they have in relation to a certified industrial school:

It is hereby declared that a prison authority shall have the following powers:

- (a.) A prison authority may from time to time either themselves undertake or contribute such sums of money on such conditions as they think fit, towards the alteration, enlargement, or rebuilding of a certified day industrial school or the support of the inmates of such a school, or the management of such a school, or the establishment or building of a school intended to be a certified day industrial school, or the purchase of land required either for the use of an existing certified day industrial school, or for the site of a school intended to be a certified day industrial school.

Provided,—

First, that not less than two months' previous notice of the intention of the prison authority, at a time and place to be mentioned in such notice, to take into consideration the entering into such undertaking or the making of such contribution, be given by advertisement in some one or more

(a) See p. 233.

public newspaper or newspapers circulated within the jurisdiction of the prison authority, and also in the manner in which notices relating to business to be transacted by the prison authority are usually given :

Secondly, that where the prison authority is the council of a borough, the order for the undertaking or contribution be made at a special meeting of the council :

Thirdly, that where the undertaking or contribution is for alteration, enlargement, rebuilding, establishment, or building of a school or intended school, or for purchase of land, the approval of the Secretary of State be previously given for that alteration, enlargement, rebuilding, establishment, building, or purchase.

(b.) Expenses incurred by a prison authority in carrying into effect the provisions of this Order may be deemed expenses incurred by that authority in carrying into effect the provisions of the Prison Act, 1865, and may be defrayed accordingly.

Expenses of prison authority, how defrayed.
28 & 30 Vict. c. 118, s. 50.

(c.) Any prison authority may, with the approval of one of Her Majesty's Principal Secretaries of State, borrow money for the purpose of defraying the expense of any such undertaking or contribution on the part of such prison authority as is authorised by this Order with respect to altering, enlarging, rebuilding, establishing, building, or purchasing the site of any day industrial school.

Power to borrow money for purposes of day industrial schools.
37 & 38 Vict. c. 47, s. 2.

Any moneys borrowed by a prison authority under this Order may be charged by that authority on any county rate, or rate in the nature of a county rate, borough rate, or other rate applicable to the maintenance of a prison and leviable by that authority, or on any other property belonging to that authority and applicable to the same purpose as the said rates, and shall be repaid, together with the interest due thereon, out of such rates or other property.

Charge of borrowed moneys.
37 & 38 Vict. c. 47, s. 3.

The clauses of "The Commissioners Clauses Act, 1847," with the exception of the eighty-fourth clause with respect to mortgages to be created by the Commissioners, shall form part of and be incorporated with this Order, and any mortgagee or assignee may enforce payment of his principal and interest by appointment of a receiver.

Certain clauses of 10 & 11 Vict. c. 16 as to borrowing money incorporated.
37 & 38 Vict. c. 47, s. 4.

In the construction of the said clauses "the Commissioners" shall mean "the prison authority."

Where a prison authority borrows any money under this Order they shall charge the rates or property out of which the moneys borrowed are payable, not only with the interest of the moneys so borrowed, but also with the payment of such further sum as will ensure the repayment of the whole sum borrowed within thirty years.

35 & 36 Vict. c. 21, s. 8. Provided nevertheless,—

That in any borough having a school board, none of the powers declared by this Order to be exercisable by a prison authority shall be exercisable by the council of the borough as such prison authority, except that if during not less than six months before the election of a school board in such borough the council has contributed to or maintained a day industrial school the powers declared by this Order to be exercisable by the prison authority shall not cease to be exercisable by the council with respect to such school until the school board in the borough resolve in the manner and with the consent (if any) prescribed by this Order to contribute towards or to maintain such day industrial school; and, notwithstanding any such resolution of the school board, any such day industrial school which was so maintained by the council may continue to be maintained by the council until the council agree to transfer such school to the school board.

Powers of school board.

10. Whereas by the 16th section of the Elementary Education Act, 1876, it is enacted that a school board (*a*) shall have the same powers in relation to a certified day industrial school as they have in relation to a certified industrial school :

And whereas by the 15th section of the same Act it is enacted as follows :

The consent of one of Her Majesty's Principal Secretaries of State and not of the Education Department (*b*), shall be required for the establishing, building, and maintaining of a certified industrial or certified day industrial school by a school board (*a*), and to the spreading of the payment of the expense of such establishment and building over a number of years [*not exceeding 5/10*] (*c*), and to the borrowing of money for that purpose; and for the purpose of such borrowing [section ten of the Elementary Education Act, 1873] (*d*), shall be held to apply to the loan in like manner as if one of Her Majesty's Principal Secretaries of State were substituted therein for the [Education Department] (*e*), and such establishment and building shall be deemed to be a work for which a school board is authorised to borrow within the meaning of the first schedule to the Public Works Loans Act, 1875 (*f*).

It is hereby declared and ordered that the following powers shall be exercisable by a school board : (a)

- (a.) A school board (a) may from time to time contribute such sums of money, and on such conditions as they think fit, towards the alteration, enlargement, or rebuilding of a certified day industrial school, or towards the support of the inmates of such a school, or towards the management of such a school, or towards the establishment or building of a school intended to be a certified day industrial school, or towards the purchase of land required either for the use of an existing certified day industrial school, or for the site of a school intended to be a certified day industrial school.

A school board (a) may also, with the consent of the Secretary of State, establish, build, and maintain a certified day industrial school, and shall for that purpose have the same powers as they have for the purpose of providing sufficient school accommodation for their district (c); and may further, with the like consent, spread the payment of such establishment and building over a number of years [*not exceeding 50*] (d), and borrow money for that purpose; and for the purpose of such borrowing [section 10 of the Elementary Education Act, 1873] (e), shall be held to apply to the loan in like manner as if a Secretary of State were substituted therein for the [Education Department] (f), and such establishment and building shall be

INSTRUCTIONS FOR ERECTION OF TRUANT INDUSTRIAL SCHOOLS.

In a truant industrial school, boys are kept under control, discipline, teaching and industrial training, for a period of about three months. In so short a time instruction can only be attempted in certain trades and industries, such as tailoring, stocking-knitting, darning, mending, boot-making, wood-chopping, mat-making, &c., or in gardening.

Site.—The site should be open, airy, and sunny, free from surrounding impurities, and thoroughly land drained. The building should have its ground floor level not less than 15 inches above the ground, the space between being ventilated by air-bricks. The whole area of ground within the building should be covered with a layer of concrete not less than 9 inches thick, all vegetable or refuse soil having first been removed.

Drains.—Cesspools and privies should only be used where unavoidable. Earth or ash-closets, of an approved type, may be employed in rural districts, but drains for the disposal of slop and surface water are still necessary

Soil drains must always be laid outside the building (on a hard, even bottom and concrete) in straight lines, with glazed stoneware pipes, carefully jointed in cement and made absolutely watertight. A diameter of 4 inches is sufficient, unless for drains receiving the discharge of more than 10 closets. Above this number the diameter should be 6 inches. The fall should never be less than one in 30 for 4-inch, and one in 40 for 6-inch drains. An inspection opening, or manhole, should be provided at each change of direction so as to facilitate cleansing the drain without opening the ground. Every soil drain must be disconnected from the main sewer by a properly constructed trap, placed on the line of drain between the latrines and the public sewer. This trap must be thoroughly ventilated by at least two untrapped openings, one being the 4-inch soil pipe carried up full size above the roof, and the other an inlet pipe connected with the side of the trap furthest from the public sewer. Automatic flushing tanks are desirable where trough closets are used.

Urinals must in all cases have a sufficient supply of water for flushing.

Buildings.—A building for 100 boys needs the following accommodation, arranged with careful attention to convenience and economy in daily working, and with the strictest attention to all points affecting health, viz. :—

1. A principal entrance, waiting-room, board room, office, lavatory, and W.C.
2. A separate entrance for boys, with reception-room, disinfecting closet for clothes, and storage for these till the boys leave. All these should be near the lavatory and baths.
3. A schoolroom containing not less than 10 square feet and 120 cubic feet per child, lighted from two sides, and available for 50 or more at one time. A schoolmaster's room, small book store, and W.C.
4. An officer's mess room, contiguous to the kitchen, and apart from the schoolmaster's rooms, W.C.'s.
5. A dining room to seat 100, at tables placed at right angles with the light, and available for use as an assembly hall and chapel.
6. A kitchen, servants' hall, serving-room, scullery, large store-room for dry stores, boot-cleaning room, clothes'-brushing room, pantry, bread room built and finished in cement, and larder. W.C.'s for female servants.
7. A large double lavatory arranged over a water channel where boys can wash at taps in batches of 25 at one time. Two baths available for six boys at one time, and one for 12. The lavatory and baths, and the boiler connected therewith, are under the charge of a labour-master.
8. Governor's quarters, self-contained and forming a house in

TRUANT INDUSTRIAL SCHOOLS.

INSTRUCTIONS AS TO THE TRANSFER OF SCHOOLS.

1. The Board of Education have no power to compel the transfer of any school to a school board. The Board of Education can only *consent* to the terms of transfer *agreed* to by the managers of an elementary school and the school board of the district within which the school in question is situated.

2. When school premises have (under the advice of the Committee of Council on Education for the time being) been erected, enlarged, improved, or fitted up partly by pecuniary aid (*a building grant*) from the Parliamentary grant, the Board of Education will refuse to pay any annual grant to a school board on account of a school carried on in such premises until such school has been actually transferred under section 23 of the Elementary Education Act, 1870.

3. Where no *building grant* has been made by the Education Department, the parties, if so advised, may transfer under section 19 of the Act. If this is done, the clerk to the school board should send to the Board of Education a notice that the school has been taken over by the school board as soon as such is the fact. The Minute of the Education Department of the 17th July, 1871, and the explanatory letter thereon of the 1st January, 1872, may be of assistance in determining the preliminary question.

4. (a.) If it is decided by the parties concerned to submit an arrangement for transfer to the Board of Education under section 23, a form 96 (to be obtained on application to the Board) should be completed and sent to the Board of Education for consideration with the draft of the proposed arrangement for transfer.

(b.) In filling up the form 96, each answer should be written opposite the corresponding question.

(c.) When the answers have been filled in, the form should be dated, and signed by the solicitor to the board, the secretary or clerk of the managers, and the clerk of the school board.

5. (a.) In preparing a draft arrangement for transfer, for submission to the Board of Education under section 23, one of the printed forms, 96 T., supplied by the Board, *must* be used, and not a manuscript draft.

(b.) The arrangement should be submitted to the Board of Education as a draft, *i.e.*, unexecuted, and is of no validity until approved by the Board.

(c.) The consent of the Board of Education to an arrangement under section 23 is confined to approving a copy of the draft terms of arrangement. It must rest with the parties concerned to determine what further proceedings may be required to complete the transfer.

6. In preparing the draft 96 T. in cases where there is an instrument declaring the trusts of the school, and such instrument contains any provision for the *alienation* of the school by any persons, or in any manner, or subject to any consent, care must be taken to set forth properly that the arrangement is made by the persons in the manner and with the consent so provided. The draft 96 T. will therefore require to be modified :—

- (a.) The aforesaid persons will be the proper parties to the arrangement, and their names will require to be inserted on page 1 of 96 T.
- (b.) After the words "it is provided that" in paragraph B., should be inserted a recital of the aforesaid proviso for alienation.
- (c.) This recital should be followed by a statement that the consents and formalities required by the proviso have been duly obtained and fulfilled, the proper dates being given.
- (d.) Paragraphs B¹., C., C¹., C²., and the last line of paragraph B., should be struck out. It will also be necessary to strike out of paragraph A. the words "the managers are managers within the meaning of the Elementary Education Act, 1870, and," and the word "managers" in paragraph F. should be replaced by the proper description of the aforesaid persons.

7. The terms of arrangement should be inserted in paragraph F.

- (a.) The arrangement may be for a term of years, or for the entire interest which can be transferred under section 23.
- (b.) The school board must not undertake to pay any consideration other than a strictly nominal one (say five shillings), whether such consideration consists of a price or of a rent.
- (c.) The arrangement may provide for the discharge of any *bond fide* encumbrance which is secured by a charge on the school premises, provided the amount of such encumbrance does not exceed the value of the interest in the premises and endowment transferred to the school board. (See paragraph 10, *post.*)
- (d.) The arrangement may provide for the school board keeping down the interest on any such encumbrance as that specified in paragraph 7 (c.), *ante*, provided the annual amount of such interest does not exceed the annual value of the interest in the premises and endowment transferred to the school board.
- (e.) The arrangement must not provide for the payment by the school board of any other debt, or for the keeping down by the school board of the interest on any other debt.
- (f.) The arrangement must not provide for the payment by the school board of the current expense of maintaining the school during any time *prior to the date of the transfer*, and this date must not be earlier than the date of the consent of the Board of Education to the terms of arrangement for transfer.

- (g.) If the fittings, furniture, books, and apparatus of the school are private property, they should be dealt with by a distinct agreement outside of any arrangement submitted to the Board of Education under section 23. If, however, these articles can only be dealt with by an arrangement under that section, there must be no valuable consideration given for them or for their use by the school board.
- (h.) The use to which the trustees or managers think they may legally put the school premises during any times when their use is not transferred to the school board must not be specified in the arrangement for transfer, as the Board of Education do not think they should be called upon to express any opinion upon that point.
- (i.) The arrangement must not prescribe the kind of instruction (whether religious or secular) to be given in the school. It must not contain anything as to the examination or inspection of the school, the appointment of managers or teachers, the admission of children, or the general management of the school. The school, so far as transferred to the school board, must be managed in every respect as the school board for the time being see fit, subject only to sections 7 and 14 of the Elementary Education Act, 1870.

8. If there is any trustee of the school who is not also a manager (whose address is known), the proposed terms of arrangement should be shown to him, and his observations thereon communicated by the clerk of the school board to the Board of Education. The view which the school board and the managers take of these observations should also be communicated to the Board of Education.

9. If there are any societies (such as the National Society, the British and Foreign School Society, the Wesleyan Education Committee, the Roman Catholic Poor School Committee, or any local educational body) who have contributed to the establishment of the school, the proposed terms of arrangement should be shown to them, and their observations thereon communicated by the clerk of the school board to the Board of Education. The view which the school board and the managers take of these observations should also be communicated to the Board of Education, who should be informed what practical reasons prevent the school board and managers from agreeing to meet the objections made by the society to the arrangement, on the ground that it involves an unnecessary departure from the terms of the original trust. The Board of Education, under the 23rd section of the Act of 1870, are required to "consider and have due regard to any objections and representations respecting the proposed transfer which may be made by any *person* (which includes a body corporate, section 3) who has contributed to the establishment of such school."

10. If the school board are to pay off or keep down any encumbrance charged on the school, full particulars of the origin and nature of such charge must be given, and the Board of Education must be informed of the reasons for supposing that the charge is one duly created. A certificate of a professional surveyor must in such a case also be sent to the Board of Education to show the value of the interest in the school premises which it is proposed to transfer to the school board.

11. (a.) The trust deeds or other instruments of trust of the school (or copies thereof) must be sent to the Board of Education with forms 96 and 96 T.

(b.) Where there has been a school building grant made by the Education Department, the trust instruments affecting the school premises of an earlier date than the school building grant need not be sent.

12. A solicitor should be employed in the case of every transfer under section 23, to consider and fill up the forms 96 and 96 T., but *all* communications with the Board of Education on the subject of a proposed transfer under section 23 must be made through the clerk of the school board.

13. Where it is proposed to transfer more than one school, the correspondence as to the transfer of each school should be conducted separately.

14. Any consent required by section 23 of the Elementary Education Act, 1870 (for example, the consent of the body of managers and of the body of annual subscribers), should be obtained, if possible, *in a general form*. That is, such consent should be to the proposed terms of arrangement for transfer, subject to such modifications in detail as may be required by the Board of Education before giving their consent. The Board of Education should be informed by the clerk of the school board whether the aforesaid consents or any of them have been given in such general form. The course here suggested is calculated to prevent unnecessary delay.

C.—And whereas the arrangement hereinafter set forth has been proposed by the managers, and assented to by the board: And the managers in pursuance of such proposal have passed a resolution on the day of according to the manner in which, and with the assent with which a resolution binding the managers was to be passed.

In cases falling under Section 23 (2) (3) of the Elementary Education Act instead of B. let B¹. and instead of C. let C¹. or C². be substituted.

B¹.—And whereas there is no instrument declaring the trusts of the school or containing any provision with respect to the manner in which or the assent with which a resolution or act binding the managers is to be passed or done;

C¹.—And whereas the arrangement hereinafter set forth has been proposed by the managers and assented to by the board and the managers in pursuance of such proposal have passed a resolution in the manner in which and with the assent with which it has been shown to the Board of Education to have been usual for a resolution binding the managers to be passed;

Question 7 in Form 96 should be answered.

(a) When there is any provision "for the alienation of the schools by any persons or in any manner or subject to any consent, any arrangement under this section shall be made by the persons in the manner and with the consent so provided": E. Act, sect. 23.

F.—Now it is hereby agreed between the managers and the board as follows:

In this arrangement the expression “school-house” means the hereditaments comprised in, and of which the trusts are declared by, the hereinbefore recited instrument.

The board shall during the term of (1) years from the date of these presents, have the exclusive use at all times of every teacher’s residence forming part of the school-house, and also the exclusive use of the rest of the school-house on every week day from (1) o’clock in the morning until (1) o’clock in the afternoon, and after six o’clock in the afternoon of every (1) .

The right to the use of the school-house at all such times, as its use is not by this arrangement allowed to the board, shall be in those persons who but for the said arrangement would have the said right.

The board shall during the said term pay and discharge all rates, taxes, charges, assessments, and out-goings whatsoever, whether parliamentary, municipal, parochial, local, or of any other description, which are now or may at any time hereafter be assessed, charged, or imposed upon the school-house, or on the owner or occupier in respect thereof.

The board shall at their own costs during the said term insure and keep insured against loss by fire the school-house to the full value thereof in some office of repute, and shall expend all moneys received in respect of such insurance upon the school-house in such manner as may be directed by the Board of Education.

The board shall during the said term keep the school-house clean and in good and tenurable repair internally and externally.

All the costs and expenses of, and incidental to, these presents, and the carrying out and perfecting of the said arrangement, shall be borne and paid by the board.

Strike out paragraph D. or paragraph D¹. according as there are, or are not, any annual subscribers.

State the terms of the agreement.

(1). Insert the term of years and the hours and days fixed on. The hours fixed on should give to the board at least 2½ hours for the morning meeting and 2½ hours for the afternoon meeting of the school. Less time will not allow for marking the registers, and the orderly assembling and dismissal of the children. Holidays, such as Christmas Day, Good Friday, &c., should (if agreed upon) be specially reserved.

If any annual grant received by the board from the Board of Education on account of the school relates to a period during part of which the school was conducted by the managers, any grant paid by the Board of Education in respect of such part, but not in any case exceeding the net liabilities of the managers at the date at which the school ceased to be conducted by them, shall be paid by the board to the managers.

Provided always that notwithstanding anything expressed or contained in the present arrangement, the board shall continue to have such use of the school-house as hereinbefore specified until the expiration of a period not exceeding 12 months to be fixed by the board after the value of any works executed with the aid of a loan shall have been repaid to the board.

The aforesaid value shall be the value at the time when the repayment is made in full, and the amount to be so repaid shall be ascertained and certified by a surveyor selected jointly by the board and the managers to whom the school will revert when it ceases to be a school provided by the board. In the event of their disagreement the surveyor shall be appointed by the Board of Education and his expenses defrayed by the board and managers in such proportions as the Board of Education shall direct.

G.—From and after the day of the school hereby transferred shall to such extent and during such times as the board have under the said arrangement any control over such school be deemed to be a school provided by the board within the meaning of the Elementary Education Act, 1870. In witness, &c.

Circular 467.

CIRCULAR TO TRAINING COLLEGES.
SCIENCE AND DRAWING GRANTS.

BOARD OF EDUCATION,
WHITEHALL, LONDON, S.W.,

22nd December, 1902.

SIR,

The Board of Education have had under consideration the question of the science and drawing grants (see article 128, Code of 1902) payable to training colleges for the current session, 1902—3. It was stated in circular 462, which was issued on the 20th May last, that the arrangements therein made held good for the then current session only and would be liable to review before the next year.

In laying down the following regulations the Board of Education wish to emphasise the fact that they are intended to meet the difficulties of a transitional period, and will be in force for the current session only. It is intended that the whole system of the grants to training colleges should shortly be remodelled, and considerable changes will probably be made next year, with a view to placing the organisation for the training of elementary school teachers and the Exchequer contributions thereto upon a sound educational and financial basis.

(1.) SCIENCE.

(a.) For every student who takes, under the provisions of circular 454, the approved course of general elementary science only, but no approved special course in science, a grant will be paid at a rate varying from 35s. to 50s. according to the report of the inspector upon the science equipment of the college, upon the facilities provided for adequate scientific instruction, upon the amount and character of the practical work of the students in the course, and upon the quality of the scientific instruction given.

(b.) For every student who has taken the approved course of general elementary science, and has also taken an approved special course in rural subjects, or in advanced science, or in advanced mathematics, a grant will be paid, subject to a favourable report by an inspector upon the teaching, of 35s. for general elementary science, for rural subjects, or for advanced science, and of 25s. for advanced mathematics.

(c.) For every student of the first or second year excused under the provisions of circular 454 from taking a course in general elementary science, who has attended during the session a course in

(i.) Mathematics or theoretical mechanics ;

(ii.) Science: the subject being one of those mentioned in the certificate examination syllabus for 1902 as a subject for which

marks may be obtained by candidates for a certificate, or being a subject specially approved by the Board of Education : a grant will be paid, subject to a favourable report by an inspector upon the teaching, of 25s. for mathematics or theoretical mechanics, and of 35s. for science.

Grants will be paid under similar conditions for students of the third year.

No student may obtain grants for more than two subjects. Each student must be certified by or on behalf of the principal of the college to have attended the course during the session, and to have received not less than 20 hours' instruction in the subject of the course.

(2.) DRAWING.

Grants for drawing will be paid upon the same lines as last year, that is to say, subject to a favourable report by an inspector upon the teaching, a grant of 10s. will be paid for every student certified by or on behalf of the principal of the college to have attended during the session a course in drawing, and to have received not less than 20 hours' instruction in the subject.

No student may obtain more than one grant of 10s. for drawing.

Towards the end of the session the Board of Education will issue to every training college forms of application for the grants in respect of science and of drawing.

I have the honour to be, sir, your obedient servant,

ROBERT L. MORANT.

REGULATIONS AT TO THE ISSUE OF COUNTY STOCK:
AMENDING ORDER.

To the County Councils of the several Administrative Counties in England and Wales, other than the County Council of London:—

And to all others whom it may concern.

Whereas by sub-section (8) of section 69 of the Local Government Act, 1888, it is enacted that where the county council are authorised to borrow any money on loan they may raise such money by stock issued under the said Act, or by the other methods mentioned in the said sub-section;

And whereas by section 70 of the said Act it is enacted as follows:—

“70.—(1.) County stock may be created, issued, transferred, dealt with, and redeemed in such manner, and in accordance with such regulations as the Local Government Board may from time to time prescribe.

“(2.) Without prejudice to the generality of the above power, such regulations may provide for the discharge of any loan raised by such stock, and in the case of consolidation of debt for extending or varying the times within which loans may be discharged, and may provide for the consent of limited owners and for the application of the Acts relating to stamp duties and to cheques, and for the disposal of unclaimed dividends, and may apply for the purposes of this section, with or without modifications, any enactments of the Local Loans Act, 1875, and the Acts amending the same, and of any Act relating to stock issued by the Metropolitan Board of Works, or by the corporation of any municipal borough.

And whereas we, the Local Government Board, made the County Stock Regulations, 1891, and the County Stock Regulations (Amendment), 1897, and the same were confirmed by Orders in Council dated respectively the 26th day of September, 1891, and the 3rd day of August, 1897;

And whereas it is desirable that the County Stock Regulations, 1891, and the County Stock Regulations (Amendment), 1897, should be amended as herein-after provided:

“(2.) Where the county council determine to proceed in the manner authorised by paragraph (1) of this proviso, the county council shall pass a resolution to that effect; and shall, by the resolution, prescribe all such matters or things as in or in pursuance of this proviso are referred to as prescribed or are required to be prescribed; and, after passing the resolution, the county council shall—

“(a.) withdraw from the moneys standing to the credit of the redemption fund account the prescribed sum which shall be equal to the amount of the statutory borrowing power proposed to be exercised, and such sum shall be deemed to be withdrawn from such separate

account or separate accounts of the redemption fund account as shall be prescribed; and

“(b.) deduct, from the amount of stock for the time being chargeable to the undertaking or purpose or attributable to the exercise of the borrowing power to which a separate account prescribed as aforesaid has reference, a portion of stock at par value equal to the sum withdrawn from that separate account, and transfer that portion of stock, as from the prescribed date, to the separate account in respect of which the statutory borrowing power is exercised under this proviso.

“(3.) These regulations, and any regulations amending these regulations, shall apply—

“(a.) to the moneys withdrawn from the redemption fund account and used as aforesaid as though the moneys so withdrawn had been applied in the redemption of stock at par on the separate account or separate accounts from which the moneys were withdrawn, and as though the moneys so used had been raised by the issue of additional stock for the purposes of the separate account in respect of which the statutory borrowing power is exercised under this proviso; and

“(b.) to the stock deducted and transferred as aforesaid as though the stock so deducted had, in pursuance of the regulations, been redeemed by the application of moneys carried to the redemption fund account on the separate account or separate accounts from which the stock was deducted, but subject to the condition that such stock shall not be cancelled, and as though the stock so transferred were additional stock expressly issued for the purposes of the separate account in respect of which the statutory borrowing power is exercised under this proviso.”

Article 3.—Article 6 of the County Stock Regulations (Amendment), 1897, and the proviso to article 16 of the County Stock Regulations, 1891, shall be rescinded; and the last-mentioned article shall have effect as if there were added to the said article the following proviso; that is to say,—

“Provided that if, after the raising of any money by stock under these regulations, it shall be found that any part of such money is not required for the purposes to which it is applicable as aforesaid, the county council shall carry the same to the redemption fund account and to the proper separate account forming part of the redemption fund account.”

Article 4.—The regulations in this Order shall be read as one with the County Stock Regulations, 1891 and 1897, and may be cited as “The County Stock Regulations (Amendment), 1901,”

and with the County Stock Regulations, 1891 and 1897, may be cited as "The County Stock Regulations, 1891, 1897, and 1901."

REVISED REGULATIONS MADE BY THE BOARD
OF EDUCATION, DATED APRIL 23, 1900, AS TO
CERTIFICATES OF AGE, PROFICIENCY, AND
SCHOOL ATTENDANCE.

(Elementary Education Act, 1876, sect. 24.)

BY THE BOARD OF EDUCATION.

The Board of Education, by virtue and in pursuance of the powers in them vested under the Elementary Education Act, 1876, and of every other power enabling them in this behalf, do order, and it is hereby ordered, that the following regulations be substituted for those contained in the Revised Regulations as to certificates of age, proficiency, and school attendance, dated the 28th day of February, 1898.

Certificates of Age.

1. A certificate of the date of a child's birth will be granted by a registrar or superintendent registrar of births and deaths on presentation of a requisition in a form prescribed for the purpose by the Local Government Board, [pursuant to the 20th section of the *Factory and Workshop Act, 1891*. The prescribed form of requisition is annexed to this Order (Schedule I.). The fee for such certificate is not to exceed 6d. (Order of Local Government Board, dated 20th October, 1891.)] (a).

2. A statutory declaration of the date of a child's birth, made by the parent of the child before a magistrate, may be accepted by the local authority (b) in place of a registrar's certificate. The declaration shall be made on the form annexed to this Order (Schedule II.).

3. When a local authority (b), under the power given by the 26th section of the Elementary Education Act, 1876 (c), have obtained a return of the births of children in their district which will enable them to grant age certificates to individual children, they shall, on the application of any parent or other person interested in the education or employment of a child, grant such certificate under the hand of their clerk, or other officer deputed for the purpose, for a fee not exceeding 4d. for each child. This certificate is to be given in the form hereinafter proscribed for labour certificates (Schedule III.), or, in the case of a child over thirteen years of age, in the form proscribed in Schedule IV.

(a) This Order is now superseded by that of 23rd December, 1901, made under sect. 134 of the *Factory and Workshop Act, 1901*. For Order and Form, see p. 594.

(b) Now local education authority: E. E. Act, 1876, sect. 7, p. 228; E. Act, 1902, Sch. IV., Part II., p. 293, Sch. III. (1), p. 291.

(c) See the section p. 238.

Certificates of Proficiency.

4. Certificates of proficiency are certificates of having reached or passed any standard prescribed by the Code. To reach or pass a standard a child must be individually examined in reading, writing, and arithmetic in that or a higher standard, and must pass in each of those subjects.

5. At any visit of an inspector to any public elementary or other certified efficient school, the managers are required to admit to examination, and the inspector to examine for a certificate of proficiency, any child over twelve years, or if the child is to be employed in agriculture under any byelaw made under section 1, Elementary Education (School Attendance) Act, 1893, Amendment Act, 1899, over eleven years of age (a), whether a scholar in the school or not, if the child's parent or guardian or the local authority apply for the child to be examined for such a certificate; but the inspector is at liberty to refuse to examine any child for whose examination due provision is made elsewhere, or any child who has not been instructed for at least six months in the standard in which he is represented, or who has failed in that standard at an examination held in the previous three months.

6. The inspector may, in concert with the local authority (b), hold such special examinations as he may think necessary of children over eleven years of age, whom their parents or guardians or the local authority (b) wish to be examined for certificates of proficiency.

7. The inspector does not grant certificates to individual children, but after every examination held as above he sends to the managers of the school, or in the case of a special examination to the local authority (b), a schedule containing the names of the children who have passed in all the three elementary subjects in any standard, with a certificate that such children have reached the standards entered opposite to their names.

8. If the local authority (b) do not make arrangements to obtain from the managers a copy of so much of this schedule as they require, they may accept a certificate under the hand of the principal teacher of any certified efficient school as evidence that any scholar in such school has been certified by one of Her Majesty's inspectors to have reached a particular standard. The principal teacher shall give such certificate, free of charge, in the form given in the second column of certificate No. 1 in the third schedule to this Order, or, in the case of a child over thirteen years of age, in the form given in the fifth schedule to this Order.

(a) See p. 42.

Certificates of School Attendance.

9. Any local authority (*a*), parent, or other person interested in the employment or education of a child over twelve and under fourteen, may require the principal teacher for the time being of any certified efficient school, which such child has attended, to furnish a certificate specifying the number of school attendances made by the child in the school during each year, for which the school registers are preserved.

10. The teacher shall give such certificate in the form annexed to this Order (Schedule VI.), in the first case free of charge, and for a fee not exceeding 1*d.* for each year's attendances in the case of the second or any subsequent certificate, that may be demanded in respect of such child.

11. The school registers of every certified efficient school shall be carefully preserved by the managers. If a school is discontinued, the registers are to be handed over to the local authority (*a*) of the district.

Labour Certificates.

12. Any parent or other person interested in the employment or education of any child may apply to the local authority (*a*) of the district in which the child resides for a labour certificate. The applicant must present to the local authority (*a*) the evidence of age prescribed above; he must further present *either* the certificate of proficiency, *or* that of school attendance prescribed above, and the local authority (*a*), if they are satisfied that the child is qualified for total or partial exemption from school attendance under the byelaws of the district (*b*), or for employment in agriculture under any byelaw made in that behalf, or for employment under the first schedule to the Elementary Education Act, 1876 (*c*), shall furnish the certificate asked for in one of the forms given in the third schedule to this Order, or, in the case of a child over thirteen years of age, in the forms given in the fourth and fifth schedules to this Order.

General.

13. No certificate purporting to be granted under these regulations will be recognised unless given in one of the printed forms annexed to this Order. All these forms shall be kept by every local authority (*a*), from whom they are to be obtained free of charge, except in the cases where any fee is specially allowed.

14. The forms may be procured from the Board of Education by the local authority (*a*), who shall supply such number of copies

86. No writ of certiorari shall be allowed to remove any judgment, order, or conviction given or made by justices, unless the party (other than the Attorney-General acting on behalf of the Crown) prosecuting such certiorari, before the allowance thereof, shall enter into a recognizance with sufficient sureties before one or more justices of the county or place or at their general or quarter sessions, where such judgment or order shall have been given or made, or before any judge of the High Court in the sum of £50l., with condition to prosecute the same at his own costs and charges with effect, without any wilful or affected delay, and to pay the party in whose favour or for whose benefit such judgment, order, or conviction shall have been given or made, within one month after the said judgment, order, or conviction shall be confirmed, his full costs and charges, to be taxed according to the course of the court where such judgment, order, or conviction shall be confirmed, and in case the party prosecuting such certiorari, shall not enter into such recognizance, or shall not perform the conditions aforesaid, it shall be lawful for the said justices to proceed and make such further order for the benefit of the party for whom such judgment shall be given, in such manner as if no certiorari had been granted.

41. Notice to persons interested.

61. Notice shall be given by the order nisi for a mandamus to every person who by the affidavits on which the order is moved

Service of writ,

66. The writ may be made returnable forthwith, or time may be allowed to return it, either with or without terms, as the Court thinks fit. A writ of mandamus shall be in the form in the Appendix No. 37, with such variations as circumstances may require.

Date, test, form, and return of writ.

69. Any person by law compellable to make any return to a writ of mandamus shall make his return to the first writ.

In that case the persons interested shall be permitted to frame the return and conduct the subsequent proceedings at their own expense; and if judgment is given for or against the applicant it shall likewise be given for or against the persons on whose behalf the return is expressed to be made; and if judgment is given for them, they shall have the same remedies for enforcing it as the person to whom the writ is directed would have in other cases.

Proceedings not to abate by death, &c.

74. Where, under the last preceding rule, the return to a writ of mandamus is expressed to be made on behalf of some person other than the person to whom the writ is directed, the proceedings on the writ shall not abate by reason of the death, resignation, or removal from office of that person, but they may be continued and carried on in his name; and if a peremptory writ is awarded, it shall be directed to the successor in office or right of that person.

MEMORANDUM

These regulations for evening schools supersede those contained in Directory 1901—1902, and in the Minute of July 3rd, 1901.

Copies of any of the forms relating to evening schools will be supplied on application, personally, or by letter addressed to the Secretary, Board of Education, South Kensington, London, S.W.

Official communications should be written upon foolscap paper and sent in envelopes addressed to the Secretary, Board of Education, South Kensington, London, S.W. The postage need not be prepaid, and it is particularly requested that post cards and correspondence cards may not be used.

Telegraphic Address: "Secondary Education, London."

Parliamentary grant.

I. The sum granted by Parliament for evening schools will be administered by the Board of Education under the following regulations.

Conditions of grant.

II. An evening school must be efficient and necessary for the circumstances of the locality; must not compete unduly with a neighbouring school; and from its character and financial position must be eligible to receive aid from public funds. It must be open at all times to the inspection of the officers of the Board.

III. It shall not be required, as a condition of any student being admitted into or continuing in the school, that he shall attend or abstain from attending any Sunday school or any place of religious worship, or that he shall attend any religious observance or any instruction in religious subjects in the school or elsewhere. The times (if any) during which any religious observance is practised, or instruction in religious subjects is given at any meeting of the school, shall be at the beginning or end of such meeting, and shall be inserted in a time-table to be approved by the Board of Education.

Religious instruction.

IV. If any of the conditions on which the grant is awarded are not fulfilled, or if the instruction or management is inefficient, the Board may withhold the grant, or, if they think fit, pay the grant with or without deductions, warning the managers that a grant will not again be paid under similar circumstances. Grants may be refused on students in any course whom the inspector reports as unqualified from want of sufficient preliminary training, or other cause, to take advantage of the instruction given in it.

Revision of grant.

V. Grants are intended to supplement and not to supersede local effort, and must be expended to the satisfaction of the Board.

Local support.

The Board consider that at least 25 per cent. of the expenditure of a school should be met by local contributions, such as fees, subscriptions, grants from the local authority, or endowments.

VI. Every school must be under the superintendence of a body of managers responsible to the Board. It must not be conducted for private profit or farmed out to the teacher; and no student may be refused admission on other than reasonable grounds. The managers must appoint a person to act as correspondent with the Board.

Management.

The courses of instruction and the school fees must be suitable to the circumstances of the locality, and be approved by the Board.

The Board will not in general recognise schools in which no fees are charged, but they will be prepared, in certain cases, to approve the remission of fees to individual students.

A full account of the income and expenditure of all schools must be furnished annually to the Board.

Application of income.

Schools managed by a public company, in the articles of association of which provision is made that no dividend shall be paid exceeding 5 per cent. per annum, are not considered as conducted for private profit, provided they show that the capital is not nominal, but has absolutely been expended in buildings or maintenance.

Teachers, pupil teachers, and holders of scholarships, exhibitions, and studentships, may be exempted from the payment of school fees.

VII. The council of any county or county borough or its technical instruction committee may notify its willingness to be responsible, within its area, to the Board for instruction in schools aided by grants under these regulations.

Local authorities as managers.

In such case managers of existing schools may continue to receive

grants in respect of their present curriculum, but promoters of new schools, or managers wishing to change the character of their present curriculum, will in general be required, as a condition of grants, to act in unison with the council or its committee.

Premises and equipment.

VIII. The premises must be sanitary, convenient for teaching purposes, adapted to the circumstances of the school, and provided with satisfactory equipment and appliances.

Qualifications of teachers.

IX. The teaching staff must be sufficient. The teachers must, as a rule, be paid fixed salaries. They must possess such qualifications as may be required by the Board, and their employment at other times must not be such as will prevent the efficient discharge of their duties at the school. For qualifications see Supplementary Regulations.

Instruction.

X. Arrangements should be made, so far as practicable, to provide for a progressive course or courses of instruction for students attending in successive school years. Syllabuses of subjects in which the Board hold examinations, and specimen syllabuses of instruction in certain other subjects, are given in the Supplementary Regulations. Managers of schools who wish to adopt any other syllabus must submit it to the Board for their approval.

Duration of school year.

XI. The school year will, in general, be held to begin on the 1st August and to terminate on the following 31st July.

A school will not, as a rule, be placed upon the list of recognised schools except upon an application made to the Board (on the prescribed form) before the 1st October in each year, but applications for the recognition of short courses in special subjects may be accepted at a later date, provided they are received not later than one month before the course begins.

Time table.

XII. The time table must be submitted to the inspector in duplicate at the beginning of the school year. The time table must show the several subjects (*u*) in which instruction is given, and the time allotted to each subject. At least one week's previous notice of any alteration in the time table affecting the days or hours of meeting or of a holiday or temporary closure of the school must be given to the inspector. The managers must also give a clear fortnight's notice to the inspector of the date at which the school will close for the school year.

A deduction from the grant not exceeding 17. may be made if the inspector finds the school closed at a time when the time table provides for instruction being given.

Meetings.

XIII. The instruction in the school must begin after 4 p.m., or on Saturdays after 1 p.m.

In special circumstances instruction may be given at an earlier hour with the previous sanction of the Board.

No course in any subject will be recognised which provides for less than 20 hours of instruction.

(*u*) As a rule every school must give instruction in at least two subjects.

No meeting of the school is reckoned at which less than one hour's instruction has been given in subjects sanctioned by the Board.

For the minimum length of lessons, see § XX.

XIV. Managers must keep a record of the students who join the school. They are responsible for the accuracy of the registration of the attendance of all students who receive instruction.

Record of students and attendance registers.

For detailed rules, see *Supplementary Regulations*.

XV. No student may be registered (1) who is under twelve years of age, or (2) whose name is on the register for day attendance at any school under Government inspection.

Persons excluded from registration.

Exception.—Students, whose only registration for day attendance is at a school of art or its branches, are exempted from the operation of this latter restriction. This exemption may, with the special sanction of the Board, be extended to students whose only registration for day attendance is at an efficient art class.

No student's attendance in any course may be counted unless he has received at least fourteen hours of instruction in that course.

Not more than 160 hours of instruction in a school may be counted for any student in one year.

Where students of a school become eligible for registration too late to receive fourteen hours instruction in any subject before the end of the school year, the Board may allow the attendances of such students to be carried forward to the following school year, provided that no grant will be made in respect of a student who receives in all less than fourteen hours instruction in that subject.

Carrying forward of students' attendances and class meetings.

Where it is necessary on educational grounds to hold some of the meetings of a class before, as well as after, the 31st July in any year, the Board may allow the meetings of such a class to be carried forward to the following school year, provided that no grant will be made in respect of any subject in which less than twenty hours of instruction in all has been given.

XVI. The inspectors of the Board will from time to time visit the schools and report on the sufficiency, condition, and suitability, of the premises and fittings; the sufficiency of the apparatus and equipment; the curriculum; the character and quality of the instruction; the sufficiency of the teaching staff for the number of students under instruction; the progress of the students, which they may test in such manner as may be necessary; the constitution and working of the managing body; and the manner in which the Board's regulations are carried out.

Visits of inspectors.

A meeting of the managers, for which sufficient notice will be given, must, if required, be held when the school is inspected.

Where the school is under the management of an authority acting under § VII, the inspector may convene a meeting of the local managers.

The inspectors may require the production of the accounts and of

any other necessary papers to enable them to verify the income and expenditure in respect of the school.

Examinations. XVII. Examinations are held by the Board under conditions which are stated in the Supplementary Regulations.

Payments. XVIII. Payments are made on the attendance of students at instruction (a). For rules governing the rate of the payments, see § XX.

Certificates required from the managers. The payments are made when the prescribed conditions have been complied with. The managers must certify that these conditions have been fulfilled.

In case a school is compulsorily closed by order of a proper authority a special grant may be made.

Assessment of efficiency of class. XIX. The rates payable under § XX. will be determined by the Board upon (a) the inspector's report; (b) the past record of the school, and, in certain cases, (c) the success of the students at the examinations.

Subjects and grants. XX. Subject to the foregoing conditions the grant will be calculated by adding together the number of hours of instruction in a subject received by registered students, and each complete twenty hours will be paid for at the rates following :—

(I.) LITERARY AND COMMERCIAL.

Reading, writing, and arithmetic—either taken separately or in any combination.

(For list of subjects in which the Board hold examinations, see Supplementary Regulations.)

Well-appointed schools may submit schemes and time-tables for grouping together cognate science and art subjects. This grouping will only be permitted where the students are actually in training for a trade or craft under some recognised educational authority, and when the subjects selected for grouping together are those necessary for the instruction in the principles underlying such trade or craft. The time to be given to instruction in each subject of the proposed group must be clearly indicated in the scheme submitted for approval. Where an advanced course is proposed, the instruction in it must, as a rule, be confined to a smaller number of subjects than that which is suitable for the elementary course.

The ordinary rate of grants payable will be from 2*s.* 6*d.* to 3*s.* 6*d.* This rate may be increased for elementary work up to 8*s.* 6*d.*, and for advanced work (including honours, Part I. of the syllabus on which examinations are held) up to 20*s.* according to the

- efficiency of the instruction and equipment, the experimental illustration of the teaching, and the qualifications of the teacher.
- For systematic practical instruction given under the same conditions, and in lessons of not less than one hour and a half in an approved laboratory, grants up to 13s. and 25s. respectively may be awarded.
- Successes in examinations in the advanced stage or in honours Part I. will be taken into consideration in assessing the rate.
- The hours of a student's instruction between 120 and 160 will be paid upon at the minimum rate.
- The works submitted for the national competition by the students in classes in Science Subjects II., III., and IV., may be taken into account in assessing the rates of grant for attendances in such classes.

No lesson of less than one hour will be allowed to count as instruction in the above subjects.

NOTE.—Subjects other than those given in the different divisions may be approved should the Board consider them to be of educational value and suited to the needs of the locality.

(c.) If the student, on account of whom payment under (a.) and (b.) is claimed, has been previously successful in the same subject, or in a corresponding subject, the payment on his account will be reduced by the payment which would be claimable on such previous success; but when such previous success has been obtained in a school or class under the same managers, and has not been paid upon, the Board may allow the full claim. Payments for not more than three successes, whether in honours or in drawing from life or modelling from life or architectural design, will be allowed for the same student in the same year.

XXII. Rewards to students consist of certificates, prizes, medals, and scholarships and exhibitions. (See Supplementary Regulations.)

MEMORANDUM.

These regulations for secondary day schools supersede those contained in the Directory, 1901—1902.

Particulars and syllabuses of the subjects of science referred to in the regulations will be found in the supplementary regulations.

Copies of any of the forms relating to such schools will be supplied on application, personally, or by letter, addressed to the Secretary, Board of Education, South Kensington, London, S.W.

Official communications should be written upon foolscap paper and sent in envelopes addressed to the Secretary, Board of Education, South Kensington, London, S.W. The postage need not be prepaid, and it is particularly requested that post cards and correspondence cards may not be used.

Telegraphic Address: "Secondary Education, London."

I. The sum granted by Parliament for secondary day schools will be administered by the Board of Education under the following regulations. Parliamentary grant.

II. A school or class must be efficient and necessary for the circumstances of the locality; must not compete unduly with a neighbouring school; and from its character and financial position must be eligible to receive aid from public funds. Conditions of grant.

III. It must be open at all times to the inspection of the officers of the Board.

IV. If any of the conditions on which the grant is awarded are not fulfilled, or if the instruction or management is inefficient, the Board may withhold the grant, or, if they think fit, pay the grant with or without deductions, warning the managers that a grant will not again be paid under similar circumstances. Grants may be refused on students in any course whom the inspector reports as unqualified from want of sufficient preliminary training, or other cause, to take advantage of the instruction given in it. Revision of grant.

V. Grants are intended to supplement and not to supersede local effort, and must be expended to the satisfaction of the Board. Local support.

The Board consider that at least 25 per cent. of the expenditure of a school should be met by local contribution, such as fees, subscriptions, grants from the local authority, or endowments.

VI. Every school must be under the superintendence of a body of managers responsible to the Board, and the courses of instruction must be approved by the Board. The managers must appoint a person to act as correspondent with the Board. Management.

A full account of the income and expenditure of all schools must be furnished annually to the Board. Application of income.

VII. In counties and county boroughs which possess an organisation for the promotion of secondary education, such organisation, if recognised by the Board, may notify its willingness to be responsible, within its area, to the Board for instruction in schools aided by grants under these regulations. In such case grants will, in general, be made to the managers of new schools only if they are acting in unison with such organisation. The rights of managers of existing schools will not be interfered with. Local authorities as managers.

VIII. The premises must be sanitary, convenient for teaching purposes, adapted to the circumstances of the school, and provided with satisfactory equipment and appliances. Premises and equipment.

IX. The teaching staff must be sufficient. The teachers must, as a rule, be paid fixed salaries. They must possess such qualifications as may be required by the Board (a), and their employment at other times must not be such as will prevent the efficient Qualifications of teachers.

(a) Inclusion of the teacher's name in column B. of the official register of teachers will be accepted.

discharge of their duties at the school. For qualifications, see Supplementary Regulations.

SCIENCE AND ART DAY CLASSES.

Science and
art day
classes.

X. The conditions for grants laid down in the regulations for evening schools apply to science and art day classes, with the following modifications:—

(a.) Payments will only be made on account of subjects under Divisions II. and IV. in § XX. of those regulations.

(b.) The rate of grants payable under Division IV. will for elementary work be from 1*s.* 6*d.* to 4*s.* 6*d.*, and for advanced work (including honours, Part I., of the syllabus on which examinations are held) from 1*s.* 6*d.* to 10*s.*

For systematic practical instruction the maxima will be 6*s.* 6*d.* and 12*s.* 6*d.* respectively.

Up to 320 hours of instruction may be counted per student, of which the hours between 240 and 320 will be paid upon at the minimum rate.

Future
restrictions.

After the 31st July, 1904, no grants will be paid under this section in respect of instruction given in any school which is eligible for aid under Divisions A. or B. (see below).

SECONDARY DAY SCHOOLS (a).—DIVISION A. (b).

(Schools formerly called Schools of Science.)

General
conditions.

XI. The instruction must be carried on in day classes methodically according to one or other of the courses laid down, or according to a course framed on similar lines which has been specially submitted to and approved by the Board. No school will be recognised unless it has at least twenty qualified students, nor will it continue to be recognised beyond two years after its formation unless it has a fair proportion of students taking the advanced course.

Inspection
under Board
of Education
Act, 1899.

XII. Any school applying for recognition under this division will be deemed to have applied for inspection of the school as a whole under the Board of Education Act, 1899 (see p. 628), as a condition of its acceptance.

XIII. The school must provide a thorough and progressive course in science, together with the subjects of a general education.

Students whom the inspector considers to be unfitted to benefit by the course, and students under twelve years of age, unless specially allowed by the inspector, must be excluded.

(a) This term excludes evening schools, but not boarding schools.

(b) Schools which desire recognition under this division should apply to the Board of Education, South Kensington, for Form 122.

XIV. A school must possess such properly equipped laboratories as are necessitated by the courses, and they must be available for preparation work by students of the school, beyond the school hours of the time-table. A time-table of the school, framed in accordance with the provisions of this division, must be submitted on Form 122 not later than the first week of each school year. Such time-table must be approved by the Board, and a copy of it conspicuously exhibited in the school, and it must not be modified without notice. Laboratories and time-tables.

XV. The attendance of the students must be recorded on the special attendance register (Form 486d), separate copies being kept for each division of the elementary and advanced courses respectively. Not more than two attendances may be registered for any one student on any one day. Registration.

XVI. Not less than thirteen hours per week must be allotted to instruction in the obligatory subjects, of which not more than five hours may be allotted to mathematics. Not less than ten hours must be allotted to the other approved subjects, which must include English subjects and at least one foreign language. Two of these ten hours may be allotted to some form of manual instruction, and two others of them to mathematics or art. Instruction.

Each lesson in practical work in a subject of science must be of at least one hour and a half's duration, and any other lesson in subjects of science or art must be of at least forty minutes' duration.

ELEMENTARY COURSES.

XVII. The elementary course may extend over two years, to afford sufficient time for thorough and progressive instruction. Elementary course.

Reasonable latitude will be allowed to the teacher in the preparation of a scheme of instruction, provided it is sound, satisfactory in amount, and makes provision for proper practical work.

GENERAL ELEMENTARY COURSE.

Obligatory Subjects.

1. Mathematics (as in stage 1 of Subject V. or of Subject V. p.).
2. Physics, including the fundamental principles of Mechanics (theoretical and practical).
3. Chemistry (theoretical and practical).

ALTERNATIVE COURSE FOR GIRLS.

XVIII. In the case of girls, instruction in one of the Biological Subjects XIV., XV., or XVII., may, with the approval of the

Board, be substituted for Physics, and either Elementary Science, including the fundamental principles of Chemistry and Physics, or Hygiene § I. of Subject XXV. for Chemistry. Practical work will be required in each case.

ADVANCED COURSES.

Advanced course.

XIX. On the completion of the elementary course the work of the students should be specialised in one of the following advanced courses. Students should not be admitted to these courses unless they are fully qualified to take advantage of the advanced instruction. When a school wishes to develop art instruction, it should submit a special advanced course, and may at the same time suggest a slight modification of the prescribed elementary course with a view to rendering it a suitable introduction to the advanced teaching.

Stages to be taught.

XX. Where the stage of the subject to be taken is not stated in the advanced courses any stage may be taught; but in those subjects which formed part of the elementary course the advanced stage or honours must be taken.

When a student has received two years' instruction under the Board in Practical Geometry, it ceases to be an obligatory subject so far as that student is concerned, and, in its place, one of the optional subjects may be submitted for approval.

XXI. A special advanced curriculum for those students who have completed one of the advanced courses laid down in the three following sections may be submitted to the Board for approval. It must be in continuation of the advanced course which the student has already followed, but the time devoted to subjects outside that course may be curtailed to six hours per week.

ALTERNATIVE COURSES FOR GIRLS.

ELEMENTARY COURSE.

Obligatory Subjects.

1. Elementary Mathematics.
2. Physiography.
3. Biology.
4. Botany or Hygiene (obligatory in the second year only).
5. Drawing, Modelling, or Elementary Practical Geometry.

This course is intended to cover two years.

• Physics or Chemistry may be substituted for Physiography in the second year.

ADVANCED COURSE.

The advanced stage of at least one subject must be taken.

Obligatory Subjects.

1. Mathematics.
2. Botany or Biology.
3. Hygiene or Physiology.
4. Physiography or Physics or Chemistry.
5. Agricultural Science and Rural Economy (poultry-keeping, dairying, bee-keeping, etc.).

Optional Subjects.

One of any of the above subjects not taken, or either Geology or Zoology, or an approved art subject.

In the courses laid down in this section a minimum of eleven hours weekly must be given to the obligatory subjects. Two hours at least must also be given to manual subjects, such as needlework, cookery, dairy work, or laundry work.

When the minimum is less than thirteen hours, the total grant will be proportionately diminished; thus, for twelve hours the

grant would be diminished to twelve-thirteenths of the total amount. In the elementary course, practical work in at least one of the obligatory subjects, and in the advanced course in at least two subjects, must be taken.

MANUAL INSTRUCTION.

Manual
Instruction.

XXV. Manual instruction should form part of the elementary course of each student, unless special exemption is given by the Board, and must be given throughout the school for two hours weekly.

(a.) For boys—the manual instruction—

- (i.) must be in the use of the ordinary tools used in handicrafts in wood or iron, and must be given in a properly-fitted workshop for at least one hour and a half a week ;
- (ii.) must be connected with the instruction in drawing, that is to say, the work must be from drawings to scale previously made by the scholars for half an hour a week ;
- (iii.) may be given by one of the regular teachers of the school or centre at which the manual instruction is given if he is sufficiently qualified ; if not, he must be assisted by a skilled artisan, and care must be taken to make such arrangements as will ensure the maintenance of good order and discipline.

(b.) For girls—cookery, laundry work, dairy work, and needlework should be the manual instruction, of which subjects any one or two may be taken.

GRANTS.

Grants.

XXVI. After a school has been working for five consecutive years as a recognised school of science, or under the provisions of this division, it will receive, if the Board so determine, an annual grant on each student who has made not less than 250 attendances, provided that the inspector reports that the students have received continuous instruction in the approved course throughout the school year.

Such grant will be equivalent to the amount paid per student in the preceding year in the elementary and advanced courses respectively. The annual grant thus calculated will be subject to re-assessment as the result of a detailed inspection, which will be held, as a rule, at intervals not exceeding three years.

XXVII. On any reassessment taking place after July 31st, 1904, the provisions as to the rate of grants contained in § XXIX. will apply to all students in the elementary course, and after July 31st, 1906, to all students.

XXVIII. Schools complying with the provisions of this division which were recognised as schools of science before the 31st July, 1902, but which have not been working as such for five consecutive years, will continue to have their grants assessed on the scale and subject to the conditions laid down in the Directory of 1901. Such schools may apply to have their grants assessed under the provisions

of the following section. After such schools have been working for five consecutive years the grants will be as provided for in § XXVI.

After July 31st, 1904, the grants for students in the elementary course will not exceed the rates laid down in the following section.

XXIX. To schools recognised under the provisions of this division after the 31st July, 1902, grants will be paid at the following rates:—

On each student who has not made less than 250 attendances, provided that the inspector reports that the students have received continuous instruction in the approved course throughout the school year:—

In the elementary course from 70s. to 120s.

In the advanced course from 80s. to 180s.

These grants will be assessed annually on the reports of the inspectors.

XXX. Students taking the elementary course are not allowed to sit at the May or June science and art examinations. Students taking the advanced course may not sit for elementary stage science and art examinations except for the purpose of competitions for exhibitions and scholarships, in which case special permission must be obtained and the fees for examination must be paid. (See Supplementary Regulations.)

Examinations.

XXXI. Grants are not payable for more than four years in all on account of any one student.

Limitation grants.

XXXII. The school year terminates on the 31st July unless the Board have sanctioned its termination on the 31st December. Should a school desire to be recognised under this division before the 1st August (or, in the case of a school in which it is proposed that the school year should end on the 31st December, before the 1st January), the Board may allow the attendances made previous to that date to count towards the attendance grant.

School year

XXXIII. A student who attends a three or four years' course will be granted a certificate provided that he has obtained a success in the advanced stage, or in honours, of three of the obligatory subjects of his advanced course. This certificate will be issued on application being made by the managers on Form 637, and no other class of certificates will be issued to these schools.

Certificates

For the award of this certificate theoretical and practical Inorganic Chemistry count as but one subject, as do the various stages of Mathematics.

SECONDARY DAY SCHOOLS (a).—DIVISION B. (b).

XXXIV. A school (not being a public elementary school), conducted in the manner prescribed by § VI, may submit a scheme of instruction for a three or four years' course in science for forms in

General conditions

(a) This term excludes evening schools, but not boarding schools.

(b) Schools which desire recognition under this division should apply to the Board of Education, South Kensington, for Form 124.

which the average age of the students is above twelve, and which are reported by the inspector as able to benefit by such instruction, provided that the number of qualified students is not less than twenty.

The time-table of the curriculum of the whole school must be submitted to the Board of Education, showing that in the forms in respect of which grants will be claimed provision is made for not less than nine hours per week of science instruction, including not more than five hours' mathematics, as in Subject V., stages 1, 2, 3. Instruction in science must be both theoretical and practical, the latter being conducted in such laboratories as are reported by the inspector to be suitably equipped for the subjects sanctioned.

The requirements as to registration of students and qualifications of teachers, are those laid down for Division A. The commencement of any school term may be recognised as the commencement of the school year upon the managers making application to the Board at least one month before the date proposed.

Every student must attend all the yearly courses in the prescribed sequence, except that a student whose previous instruction is equivalent to that given in the course laid down for one or more years may, with the approval of the inspector, be placed in the year's course above that to which he is held to have attained.

Grants.

XXXV. Grants will be paid to these schools for each student who has made not less than 240 school attendances, provided that the inspector reports that the students have received continuous instruction throughout the school year, at the following rates:

For the first 100 students:

For the 1st and 2nd year's attendance a sum of 50s.

For the 3rd and 4th year's attendance a sum of 60s.

For students in excess of 100:

For the 1st and 2nd year's attendance a sum of 40s.

For the 3rd and 4th year's attendance a sum of 60s.

In calculating the payments to schools claiming for students in excess of 100, the numbers in the first 100 on whom the 70s. and 50s. grants respectively will be paid, will be determined by the proportion that the total number of 1st and 2nd year's students bears to the total number of 3rd and 4th year's students.

Thus in a school of 160 students on whom a grant is claimable and of whom forty are in the 3rd or 4th years, the first 100 payments will be made on seventy-five 1st and 2nd year's students, and twenty-five 3rd and 4th year's students.

From the beginning of the school year 1904-5, 20 per cent. of the students on whom grants are claimable must, as a rule, be 3rd or 4th year's students, and grants for 1st and 2nd year's students combined will not be claimable on more than four times the number of 3rd and 4th year's students combined.

XXXVI. All schools applying for and receiving recognition under this division will be held to have applied for inspection

under the Board of Education Act, 1899 (see p. 628), and will accordingly be inspected at such periods as the Board shall determine, and the grants may be diminished or withheld should the inspector's report of the general efficiency, and especially that of the science teaching, be unfavourable. The inspection of the science course will not be confined to the periodical inspection above mentioned, and the school must at all times during the hours of instruction be open to the officers of the Board.

of Education
Act, 1899.

XXXVII. A school recognised under either Division A. or Division B. will not be eligible for grants in respect of its students for any subject in an evening school under the Board, or for any science subject, or in Division A. for any art subject in day classes under the Board, but if recognised in respect of some of its forms under one division may be recognised in respect of other forms under the other division.

Restrictions.

SCHOOLS OF ART.

XXXVIII. A school of art is one in which instruction in art is carried on methodically for about forty weeks in the year.

General
conditions.

The school year will be held to begin on the 1st August and to terminate on the following 31st July. Managers must keep a record of the students who join the school. They are responsible for the accuracy of the registration of the attendance of all students who receive instruction. For detailed rules see Supplementary Regulations.

The work of the school must be carried on under the recognised teachers in day and evening classes. The day classes must meet on at least two days a week for two hours at each meeting, and the evening classes must meet on at least three evenings a week for two hours at each meeting.

There must be a principal teacher holding an art master's certificate (1.). Specially qualified persons may be exceptionally recognised. The qualifications of other teachers must be submitted to the Board for their approval.

In cases of the principal teacher's illness the Board may, under certain conditions, provide a substitute from the Royal College of Art.

The rooms of a school of art must be approved by the Board and must be devoted wholly to art instruction. They should be well lighted for drawing from plants and the life, for painting and for modelling, and suited for elementary and other study and instruction in ornamental and decorative art. The school must be properly equipped for the work included in its curriculum. The managers must submit (on the prescribed form) the time table and teaching staff for approval as soon as possible after the 1st August, and not later than the 1st September.

It is advisable that a curriculum specially adapted to the needs of the locality should be framed and followed.

NOTE.—The Advisory Council for Art have drawn up specimen courses,
W.L.E.

which will be found in the Appendix to the Supplementary Regulations, and have indicated in the prospectus of the Royal College of Art suggestions of a manner in which various branches of study and work in art may be co-ordinated.

The council consider that as a rule students at a school of art should have passed through instruction corresponding with that of the primary course in drawing (pencil and brush work) and modelling, and be qualified for work in the secondary (*i.e.*) advanced course, the more efficient students taking work in further special courses (see Appendix to Supplementary Regulations).

Grants.

XXXIX. Schools of art which have been continuously efficient for the last five years will, as a rule, be paid an annual grant equivalent to the average of the amount received by the school for attendances, results, and works for the last three years. This annual grant will be subject to re-assessment, as the result of a detailed inspection, which will be held in general at intervals not exceeding three years.

Schools registered for this annual grant must submit works yearly for the National Competition.

Special payments.

In addition to this annual grant a school of art can claim :—

- (a.) 3*l.* for a student obtaining a free studentship tenable at the school or a local scholarship (see Supplementary Regulations).
- (b.) 5*l.* for every student taught in the school who obtains a Royal Exhibition or a National Scholarship, or is admitted as a student in training to the Royal College of Art (see Supplementary Regulations).
- (c.) A sum not exceeding 15*l.* for an art pupil-teacher in a school of art in which, at least, twenty students have been satisfactorily taught; and a further sum not exceeding 15*l.* for a second art pupil-teacher, in schools in which there are, at least, fifty such students. Students are considered to have been taught satisfactorily when their attendance has been regular and they have given, at the inspections or examinations, evidence of their progress during the school year.

One art pupil-teacher may be recognised in a branch school of art provided the instruction in the branch is of an elementary and advanced character.

The grant is to assist managers in training young, deserving, and qualified students to become teachers, and is not claimable in respect of members of the teaching staff.

The managers must annually notify on the prescribed form their nomination of an art pupil-teacher for the approval of the Board. The candidate approved by the Board must have passed in elementary freehand, geometry, model, and perspective drawing, or have obtained corresponding or higher qualifications at the art examinations of the Board. The Board will consider proposals to make appointments outside this rule. The art pupil-teacher, who must

not be required to pay fees for instruction, must during the year of his appointment submit works for examination, or sit for examination in subjects other than those in which he has previously obtained success.

No person over twenty-five years of age may be appointed art pupil-teacher. The appointment is from year to year. In no circumstances may the same person be continued as art pupil-teacher for more than five years.

An art pupil-teachership cannot be held by a local scholar.

The claim to a full grant under this article must be supported in each case by the art pupil-teacher's receipt for the amount paid to him by the managers in respect of his services for the school year of twelve months ending July 31st.

XL. The grants to other schools of art and to all branch schools of art will consist of payments on attendances (see § XX. Div. II. of the Regulations for Evening Schools), on results of advanced examinations (see § XXI. of the same regulations), and for free studentships and art pupil-teachers (see above).

Schools of art and branch schools must submit works for the National Competition, and also a selection of school works to illustrate the character of the course of instruction (see Supplementary Regulations). These works will be taken into consideration in assessing the attendance grants.

A branch school of art must be under the managers of the school of art and in the same district. It must have evening classes open three evenings a week for a school year of about forty weeks, and must be taught by a teacher holding the art class teacher's or a higher certificate, and acting under the direction of the principal teacher of the school of art, who must supervise the approved course of study and work to be followed at the branch school. Branch schools.

INSPECTION.

XLI. The inspectors of the Board will from time to time visit the schools and report on the sufficiency, condition, and suitability, of the premises and fittings; the sufficiency of the apparatus and equipment; the curriculum; the character and quality of the instruction; the sufficiency of the teaching staff for the number of students under instruction; the progress of the students, which they may test in such manner as may be necessary; the constitution and working of the managing body; and the manner in which the Board's regulations are carried out. Visits of inspectors.

A meeting of the managers, for which sufficient notice will be given, must, if required, be held when the school is inspected.

The inspectors may require the production of the accounts and of any other necessary papers to enable them to verify the income and expenditure in respect of the school. •

INSPECTION OF SECONDARY SCHOOLS UNDER SECTION 3 OF THE
BOARD OF EDUCATION ACT, 1899.

Application for inspection.

XLII. The Board will be prepared to conduct an inspection under section 3 of the Board of Education Act, 1899 (a) (see Supplementary Regulations), upon receiving an application for such inspection from the governing body of the school.

The Board cannot undertake to arrange for an inspection to take place in less than two months from the date on which the formal application for inspection is received.

Extent of inspection.

The inspection will cover (a) the administration of the school, (b) the conditions of the school buildings, and (c) the education given throughout the school.

(a.) For the purposes of the administrative inspection there will be a conference between an inspector and the governing body.

(b.) The inspection of the school buildings will include sanitary inspection, for which purpose a sanitary expert may, in special cases, have to be called in. It will also include an inspection of the provision for recreation, and of all boarding houses conducted by the governors or under their license or by any member of the school staff.

(c.) The educational inspection will deal with all the subjects comprised in the curriculum of the school, but not by way of systematic examination either written or oral.

Charge for inspection.

The charge for inspection, based on the ordinary curriculum, will be as follows, viz. :—

	<i>£</i>	<i>s.</i>	<i>d.</i>
For a school having not more than 50 students ..	5	0	0
For a school having more than 50 students and not more than 75	7	10	0
For a school having more than 75 students and not more than 100	10	0	0
And so on.			

In assessing the charge for any school not containing a school conducted under Division A. (see p. 7), every two students above the number of 400 will be counted as one; and for any school containing a school conducted under Division A., every two students in the school under that division will be counted as one, and should the resulting number in the whole school exceed 400, every two units over 400 will be counted as one.

A minimum charge of 5*l.* will in all cases be made. When a sanitary expert is employed there will be an additional charge for his services.

Report on inspection.

The report of the Board on the efficiency of the school at the time of inspection will be sent to the governing body, and to the headmaster or the headmistress of the school, and also to the county

(a) See the sect., p. 334.

FOR SECONDARY DAY SCHOOLS.

council, if that body contributes to the cost of the inspection under section 3, sub-section 2, of the Act. The report, if published, must be published in its entirety.

Where the school is in receipt of grants from the Board, the inspection will be combined with that required for the assessment of the grant.

The names of some of those who have assisted as occasional inspectors of secondary schools are given with the Supplementary Regulations.

EXAMINATIONS.

XLIII. Examinations are held by the Board under conditions which are stated in the Supplementary Regulations. **Examinations.**

REWARDS TO STUDENTS.

XLIV. These consist of certificates, prizes, medals, and scholarships and exhibitions (see Supplementary Regulations). **Rewards.**

PROVISIONAL CODE FOR 1903 OF REGULATIONS FOR PUBLIC ELEMENTARY SCHOOLS AND TRAINING COLLEGES, WITH SCHEDULES.

PREFATORY MEMORANDUM.

It should be understood that the following Code is provisional in character. It is issued to cover a period which is transitional, a period during which some elementary schools will, as heretofore, be maintained and conducted by school boards, or by voluntary managers, while others will be passing, at various dates in various localities, under the control of the new statutory educational authorities.

Early in next year, or so soon as they deem it advantageous, the Board intend to replace this provisional Code by a Code better adapted to meet the changed conditions which will have been created by the new Act.

It has been considered that it would be prudent, in the interests of all whom the Code concerns, to defer such wider changes as are necessary, until experience has been gained of the working of the Act, more especially as regards the training of teachers, and pupil teachers, and the conduct of elementary schools under the new conditions.

In this provisional Code, in order to make reference easier, the old numbering has been retained for the articles which correspond, whether with or without modification in detail, with antecedent articles in the Code for 1902. Several articles have been omitted

altogether as not applicable to schools on the new footing, while the wording of others has been more or less altered so as to be better suited to the new Act. Under these circumstances it would have served no good purpose to follow the practice of past years by setting forth *seriatim*, in an appendix, all the changes made. But on page 56 a list will be found of all articles either cancelled or modified or newly established, while the following paragraphs set out every important change of substance, as distinct from merely verbal modifications, to which the attention of managers and of local authorities need be specially directed.

IMPORTANT CHANGES.

(1.) *Dates for Payment of Annual Grants.*

The arrangements for the date of payment of annual grants (see articles 20 and 94) will not be the same as hitherto. The Board is publishing, in a separate document, information as to the times at which, and the manner in which, grants in respect of elementary education (including the new aid grant under section 10 of the Education Act, 1902, and the fee grant) will be paid during the year 1903, in view of the special arrangements necessary for that period.

(2.) *Reports of Inspectors.*

The inspector will periodically test the efficiency of every school, and with this object, in accordance with current practice, he may visit a school at any time either with or without notice; but, when he is of opinion that the circumstances require it, he may, after due notice, hold a formal examination, whether of the school as a whole, or of any class in it (article 22). Furthermore, it will not henceforward be obligatory on the inspector to write a formal report (article 65), year by year, upon every inspected school before the annual grant can be paid (article 84) in respect of such school. Reports that have to be written every year, whether the staff and the work of the school have varied in any way or not, tend to become perfunctory and of little value. The object of every formal report on a school by the inspector will in future be the giving of helpful guidance to the managers and the authorities as to the points in which improvements may be needed.

(3.) *Teachers' and Pupil Teachers' Agreements.*

No compulsory form of agreement for pupil teachers will henceforward be issued by the Board of Education (article 84). The terms on which pupil teachers are engaged may be varied with local circumstances, provided they conform to certain important requirements on particular points. These points are specified in Schedule VI.

Similarly, no model form of agreement for principal teachers in voluntary schools will any longer be issued. But, while leaving the parties to the agreement free to adapt their terms of engagement to the circumstances of the case, the Code requires that all agreements with teachers, whether principal or assistant, in such schools, should be in writing, and should include the particular clause set out in article 71* which prohibits the imposition on any teacher of extraneous duties.

(4.) *Superintendence of Pupil Teachers.*

The distinction based upon an examination test only (articles 61, 62, 64), between certificated teachers who are, and those who are not, recognised as qualified to superintend pupil teachers, is now abolished. From this it follows that the privilege of re-examination, which has been allowed to the latter class of teachers for the purpose of qualifying themselves for admission to the former class, is no longer needed. Accordingly, while all certificated teachers will be provisionally regarded as so qualified, the Board reserve power to withdraw this recognition in cases where a certificated teacher is found not to possess sufficient knowledge or aptitude for the task, or to be negligent in its performance. Inspectors will be instructed to exercise great vigilance in regard to the efficient supervision of pupil teachers by principal teachers.

(5.) *Teachers, under Article 68.*

As a condition of the recognition, or continued recognition, of an untrained woman teacher under article 68, the Board may require arrangements to be made for the due training of such teacher.

(6.) *School-Staffing.*

The rule under which each teacher counted on the staff as sufficient for a certain number of children in average attendance has been altered. Henceforth the scale set forth in article 73 will indicate a minimum school staff in the sense that, subject to unforeseen or unavoidable contingencies as provided for in article 92, no public elementary school in which the regular staff is below that scale can be considered eligible for grants at all. Consequently, the provision in the Code (articles 108, 109) for paying the grant in such cases with a reduction in proportion as the staff might prove to have been below the scale, has been cancelled. The Board desire it to be clearly understood that, in future, a staff confined to the scale set out in article 73 is not to be regarded as universally, or even generally, sufficient to justify the payment of the State subsidy. The various circumstances and requirements of each particular school will in every case be carefully considered, and the

sufficiency and suitability of the staff, thus measured and estimated, will be deemed to be a condition precedent to the payment of any annual grant at all for that school.

It is probable that article 49* will be abolished in next year's Code.

(7.) *The Epidemic Grant (Article 101*).*

After March 31st, 1903, the Board will discontinue the special epidemic grant which has hitherto been allowed to schools in compensation for loss of income in any particular year, owing to the grant being payable on a diminished attendance while the expenditure on staff and maintenance remained undeducted. The amounts paid under this article to individual schools have, as a rule, been inconsiderable as compared with the total income and expenditure of the year. Many difficulties, too, have been found incident to the administration of the article, and it is believed that the money spent under its provisions might better be devoted to the improvement of the instruction given to pupil teachers. Arrangements are accordingly being made to effect this.

(8.) *Age-Limits for Attendances.*

The age-limits within which attendances of scholars may be reckoned for the purposes of annual grants have been amended in accordance with the notice given in the Code of 1902.

(9.) *Manual Training; Physical Training; Examinations for Special Purposes.*

Revised and amended regulations (Schedules II. and III.) have been drawn up for manual and physical training, and the list of examinations and certificates recognised for special purposes has been revised and enlarged. The list now includes a list of training schools of housewifery.

(10.) *The Revised Instructions.*

The re-modelling of the revised instructions is deferred until they can be issued in a complete form in connection with a more definite Code. Meanwhile, the regulations as to needlework, singing, cookery and laundry-work, set forth in Appendices III., IV., and V. of the Revised Instructions of 1902 remain in force.

(11.) *The Keeping of School Records.*

A new schedule, Schedule VII., is appended to the Code setting out the Board's rules for the keeping of school records. In substance the new schedule is a revision of Appendix II. of the Revised Instructions of 1902, in accordance with the new conditions of the Act of 1902.

(12.) *Accounts in Schools not maintained by a Local Education Authority.*

The directions as to school accounts which are to be found in the Revised Instructions of 1902 will continue in force for all schools not maintained by a local education authority under the Education Act, 1902. But from the time that any school comes under the control of a local education authority under that Act, it will cease to be affected by these directions. New instructions as to their accounts of educational expenditure will be issued to the local education authorities by the Local Government Board. At a later date the Board of Education will explain the nature of the financial and other statistics which will be required by the Board from those authorities.

PART I.—PUBLIC ELEMENTARY SCHOOLS.

CHAPTER I.—INTRODUCTORY.

3. The term "elementary school" means "a school or department of a school at which elementary education is the principal part of the education there given, and does not include any school or department of a school at which the ordinary payments in respect of the instruction, from each scholar, exceed ninepence a week" (Elementary Education Act, 1870, s. 3). "Elementary school."

The "ordinary payment" for each scholar must cover all the instruction given in the school; and will, as a rule, be found by dividing the total amount of fees payable for any week, by the number of scholars on the registers for that week. But if more than one-third of the scholars pay fees exceeding ninepence a week the "ordinary payment" will be considered to exceed ninepence a week. The term "payments in respect of the instruction" means the fee payable by the parent, and does not include any payment for the purchase of books or other such articles. But a weekly or other periodical payment for the use of books or other school requisites, if required as a condition of admission to the school, is treated as a fee.

3a. Wherever the word "school" occurs in this Code, it is to be held to include "department of a school." For the purposes of this Code the Board of Education, hereinafter called the Board, have power to decide whether a part of a school is or is not a department.

“Public elementary school.”

4. The term “public elementary school” is defined by the Elementary Education Act, 1870, s. 7, which is as follows:—

“Every elementary school which is conducted in accordance with the following regulations shall be a public elementary school within the meaning of this Act; and every public elementary school shall be conducted in accordance with the following regulations (a copy of which regulations shall be conspicuously put up in every such school); namely,

“(1.) It shall not be required, as a condition of any child being admitted into or continuing in the school, that he shall attend or abstain from attending any Sunday school or any place of religious worship, or that he shall attend any religious observance or any instruction in religious subjects in the school or elsewhere, from which observance or instruction he may be withdrawn by his parent, or that he shall, if withdrawn by his parent, attend the school on any day exclusively set apart for religious observance by the religious body to which his parent belongs :

“(2.) The time or times during which any religious observance is practised, or instruction in religious subjects is given at any meeting of the school shall be either at the beginning or at the end, or at the beginning and the end of such meeting, and shall be inserted in a time-table to be approved by the Education Department, and to be kept permanently and conspicuously affixed in every schoolroom; and any scholar may be withdrawn by his parent from such observance or instruction without forfeiting any of the other benefits of the school :

“(3.) The school shall be open at all times to the inspection of any of Her Majesty’s inspectors, so, however, that it shall be no part of the duties of such inspector to inquire into any instruction in religious subjects given at such school, or to examine any scholar therein in religious knowledge, or in any religious subject or book :

“(4.) The school shall be conducted in accordance with the conditions required to be fulfilled by an elementary school in order to obtain an annual parliamentary grant.”

‘ Inspector.’

5. The term “inspector” means one of the inspectors of the Board, or any person employed by the Board for the purpose of inspection.

“Organising teacher.”

5*. For the purposes of the Elementary School Teachers’ Superannuation Act, 1898, an “organising teacher” is a person who is recognised as such by the Board, and who is employed with the sanction of the Board to pay visits of inspection to schools, or to instruct or examine teachers in any special subjects or educational methods, or to instruct or examine candidates for the office of pupil teacher.

Correspondent.

9—(a.) The body of managers of every school maintained by a local education authority under the Education Act, 1902, must

have a correspondent through whom any communications with the Board or with the local education authority that may be necessary should be made.

- (b.) All communications from the Board in respect of the ordinary matters of control and maintenance of a school maintained by a local education authority under the Education Act, 1902, will, as a rule, be made to the clerk or secretary of the education committee of that authority, or such other person as may be named for the purpose by that authority with the approval of the Board.
- (c.) Every school not maintained by a local education authority under the Education Act, 1902, must have responsible managers, and a correspondent, as required in the Code of 1902.

10. The term "local authority" means the local education authority acting under Part III. of the Education Act, 1902, where that Act is in operation, and the school board or school attendance committee, as the case may be, where that Act is not yet in operation. "Local authority."

11. The term "half-time scholar" means a scholar certified by the local authority to be employed in conformity with the by-laws, or, if not subject to the by-laws, in conformity with the Elementary Education Act, 1876, or any other Act regulating the education of children employed in labour, and in either case recognised by the Board as a half-time scholar. "Half-time scholar."

12. An "attendance" means attendance at secular instruction— "Attendance."

- (a.) during one hour and a half in the case of a scholar in a school or class for infants;
- (b.) during two hours in the case of a scholar in a school or class for older children; and during one hour and twenty minutes, in the case of a half-time scholar. The attendance of a half-time scholar for less than two consecutive hours is not recognised, but such two consecutive hours are reckoned as an attendance and a half.

A separate register must be kept for half-time scholars; and the certificate of the Inspector shall be conclusive proof of the number of attendances made by half-time scholars.

- (c.) The marking of the registers for the afternoon meeting may not, without the special consent of the Board, commence within an hour of the close of the morning meeting.
- (d.) The class registers must be marked and finally closed before the minimum time constituting an attendance begins. If any scholar entered in the register as attending is withdrawn from school before the minimum time constituting an attendance is complete, the entry of attendance should be at once cancelled.
- (e.) The minimum time constituting an attendance may include an interval for recreation of not more than fifteen minutes in a meeting of three hours, and not more than ten minutes in a shorter meeting. A

REGULATIONS

meeting of two hours or more must include an interval for recreation of not less than ten minutes.

- (f.) In making up the minimum time constituting an attendance there may be reckoned time occupied by instruction in any of the following subjects, whether or not it is given in the school premises or by the ordinary teachers of the school, provided that special and appropriate provision approved by the inspector is made for such instruction, and the times for giving it are entered in the approved timetable :—

Drawing.

Manual instruction.

Science.

Physical training.

Cottage gardening.

Domestic economy, practical cookery, laundry-work, dairy-work, practical housewifery.

Any other subject specially recognised by the Board for the purposes of this article.

N.B.—Games such as football, cricket, etc., cannot be recognised in making up the time constituting an attendance.

- (g.) (i.) Visits paid during the school hours under proper guidance to museums, art galleries, and other places of educational value, or of national or historical interest, may be reckoned as attendances in accordance with sections (a.) and (b.) of this article, provided that not more than twenty such attendances may be claimed for any one scholar in the same school year, and that the places to be visited and the arrangements for such visits are approved by the inspector.

(ii.) Attendances at a central examination (not being an examination for labour certificates) may be reckoned as attendances in accordance with sections (a.) and (b.) of this article, provided that the arrangements for such examination are previously approved by the inspector.

- (h.) In making up the minimum time constituting an attendance there may be reckoned time occupied in attending at a training college or central class for pupil teachers for the purpose of model or criticism lessons.

13. No attendance may be reckoned for purposes of grants from the Board for any scholar under three or over fifteen years of age, or for any scholar while habitually employed as a monitor.

“Average attendance.”

14. The “average attendance” for any period is found by dividing the total number of “attendances” made during that period by the number of times for which the school has met during such period.

Course of instruction.

15.—(a.) The course of instruction in infant schools and classes should, as a rule, include—

• Suitable instruction in reading, writing, and numbers.

• Simple lessons on common things.

- Appropriate and varied occupations.
- Needlework.
- Drawing.
- Singing.
- Physical training.

(b.) The course of instruction in schools for older scholars is as follows:—

One or more of them may be omitted in any school which can satisfy the inspector and the Board that there is good reason in its case for the omission.

Where manual instruction is taken, it is desirable that suitable occupations leading up to it should be taken in the lower classes.

16. Any subject, other than those mentioned in article 15, may, if sanctioned by the Board, be included in the course of instruction, provided that a graduated scheme for teaching it be submitted to, and approved by, the inspector.

17. Instruction may be given in religious subjects, but no grant is made in respect of any such instruction (Elementary Education Act, 1870, s. 97 (1) (a)).

CHAPTER II.—INSPECTION.

Duties of
inspectors.

18. Inspectors are employed to visit schools to enquire whether the conditions of annual grants have been fulfilled, and to report to the Board.

Application
for grants.

19. No school is placed on the list of schools towards the maintenance of which annual grants are made, hereinafter called "the annual grant list," until an application has been addressed to the Secretary, Board of Education, Whitehall, London, S.W., and a form of preliminary statement has been filled up and sent to the Board.

Any school for which the entire annual grant is withheld, is at once removed from the annual grant list, and cannot be replaced on that list until a fresh application has been addressed to the Board.

School year.

20. The school year is the year or other period for which an annual parliamentary grant is for the time being paid or payable under this Code.

21. The educational year need not be identical with the school year.

Visits of
inspectors.

22.—(a.) An inspector may visit at any time with or without notice any public elementary school or place in which the scholars are receiving instruction under the Code. The registers, portfolio and log-book must, if required, be produced for his inspection, and any of these documents may be required to be sent either to him or to the Board.

(b.) The inspector may, where he considers it desirable, hold a

formal examination of any class in the school upon the work done by the class during the previous six months; but not less than six months' notice will be given before such examination is held.

23. [Cancelled.]

24. The summary of any report made by the inspector, and any remarks made upon it by the Board, must, as soon as received, be copied verbatim into the log-book and signed by the correspondent. Summary of report.

Certificates of Proficiency.

30. At any visit of an inspector to a public elementary school, he will examine for a certificate of proficiency any child over twelve years of age, or, if the child is to be employed in agriculture under any byelaw made under section 1 of the Elementary Education (School Attendance) Act, 1893, Amendment Act, 1899, over eleven years of age, whether a scholar in the school or not, if the child's parent or guardian, or the local authority, apply for the child to be examined for such a certificate; but the inspector is at liberty to refuse to examine any child for whose examination due provision is made elsewhere, or any child who has not been instructed for at least six months in the standard in which he is presented, or who has failed in that standard at an examination held in the previous three months.

Certificates of proficiency are certificates of having reached any standard prescribed by the Code. To "reach a standard" a child must be individually examined in reading, writing, and arithmetic in that or a higher standard, and must pass in each of those subjects.

CHAPTER III.—TEACHERS.

31. The teachers recognised by the Board are (a) probationers; (b) pupil teachers; (c) provisional assistant teachers; (d) assistant teachers; (e) provisionally certificated teachers; (f) certificated teachers; (g) women approved by the inspector as additional teachers. Classes of teachers.

32. Lay persons alone are recognised as teachers.

Teachers to be lay persons.

Probationers.

33. Boys or girls over thirteen and under sixteen years of age and exempt from legal obligation to attend school may be recognised as probationers, provided that they are approved by the inspector, and are employed with the intention that they shall subsequently enter into engagements as pupil teachers in the school.

Probationers are not permitted to serve in school during more

than half the time that the school is open ; and they must receive suitable instruction during the term of their employment.

Certificates of health and character, and, in the case of girls, of proficiency in needlework, must be furnished for probationers proposed for recognition under this article.

Pupil Teachers.

34. A pupil teacher is a boy or girl engaged to serve in a public elementary school during some portion of the school hours under the superintendence of the principal teacher, on condition of receiving suitable instruction. The Board may decline to recognise any pupil teachers where they consider that this condition is not satisfied.

The terms of the engagement of a pupil teacher must include the conditions set forth in Schedule VI. The Board will not recognise any pupil teacher whose engagement does not include those conditions.

Engagements. 35. Candidates, in order to be engaged as pupil teachers, must be presented to the inspector for approval, and must pass the examination specified in Schedule V., or some other examination recognised by the Board for the purpose of this article (see Schedule IV. A.). The certificates specified in Schedule V. must also be furnished.

Central 36. Central classes for the instruction of pupil teachers must be open at all times to the inspection of the Board, and the Board must be satisfied with the premises and general arrangements. The names of all teachers employed in such classes must be notified to the Board, and the time-table must be approved by the inspector.

Central classes will not be recognised for the purpose of article 63 or of the Elementary School Teachers Superannuation Rules, 1899, unless five meetings of not less than two hours each are held in the morning or afternoon in each week.

Pupil teachers may receive their instruction in secondary schools under conditions approved by the Board.

37. Pupil teachers and probationers must, as a rule, be of the same sex as the principal teacher of the school in which they are engaged.

Where a girl is engaged as a pupil teacher or probationer in a school under a master, and receives instruction from him out of school hours, some respectable woman must invariably be present during the whole time that such instruction is being given.

Girls are not, as a rule, recognised as pupil teachers or probationers in a boys' school, nor boys in a girls' or infants' school.

38. The engagement of a pupil teacher can only begin on the 1st of

July, or on the 1st of January. One of these dates must be uniformly adopted for all pupil teachers in the same school.

39.—(a.) Pupil teachers must be, except as hereinafter provided, not less than fifteen years of age at the beginning of their engagement.

(b.) In rural schools candidates between the ages of fourteen and fifteen may, with the special consent of the inspector, be admitted for an engagement of four years. In such cases the candidates will be required before admission to pass an examination in the three elementary subjects up to and including Standard VII., and in the elements of grammar, geography, and history. Certificates of health and character, and, in the case of girls, of proficiency in needlework, must be furnished for candidates proposed for admission as pupil teachers under this article.

40. The length of the engagement will ordinarily be three years, but may be two, or one, provided that (a) the candidate passes the examination prescribed by Schedule V. for such shorter engagements, and (b) the end of the reduced term of service falls beyond the completion of the candidate's eighteenth year.

Candidates may be admitted for an engagement of one or more years, provided that (a) they have passed not more than two years previously an examination recognised by the Board (see Schedule IV. A.), and (b) the end of the engagement falls beyond the completion of the candidate's eighteenth year.

41.—(a.) Pupil teachers are not required to take any examination after admission other than that prescribed by article 41 (f.), but in each year of their engagement the inspector must be satisfied that they are properly taught and diligent in their studies, and certificates of good conduct must be produced.

Certificates
and examina-
tions.

(b.) If the inspector's report or the certificates are not satisfactory the recognition of the pupil-teacher may cease from the end of the month in which the decision of the Board is announced.

(c.) [Cancelled.]

(d.) The collective examination of candidates is held in the spring. In 1903 the examination will be on April 4th.

(e.) The inspector will give notice of the time and place at which the collective examination will be held.

Notice should, in accordance with article 46, be given to the Board of the names of pupil teachers who will attend the King's Scholarship Examination.

(f.) The final examination of pupil teachers will (unless some other examination recognised by the Board under Schedule IV. B. is taken) be the King's Scholarship Examination next preceding the termination of their engagements. The King's Scholarship Examination may be deferred for a year, if the engagement is extended under paragraph 2 (b.) of Schedule VI.

42. The number of pupil teachers recognised by the Board must

Number of
pupil teachers.

not exceed three for the principal teacher, and one for each certificated assistant teacher.

For the purposes of this article a probationer is reckoned as equivalent to a pupil teacher.

Pupil teachers, whose engagements have been extended under section 2 (b.) of Schedule VI. will not be reckoned as pupil teachers for the purposes of this article.

43. [Cancelled.]

44. [Cancelled.]

45. [Cancelled.]

Examination for Admission to Training Colleges.

King's
Scholarship
Examination.

46. The examination of candidates for admission into training colleges, called the "King's Scholarship Examination," is held at each college, and at such other centres as are necessary. The examination in 1903 will be held on the 15th December and following days.

The names of all candidates must be notified to the Board before the 1st of October.

It will be necessary to enforce this rule strictly.

Arrangements will be made for the special examination in the summer of 1903 of blind candidates proposing to enter a recognised training college for the blind in the autumn of 1903.

Subjects.

47. The examination extends to all the subjects specified in Schedule V.

A syllabus may be had on application to the Secretary, Board of Education, Whitehall, S.W.

(c.) A school already on the annual grant list may be conducted without a qualified teacher for not more than three months of the time (exclusive of the ordinary holidays) occupied by any interval or intervals in any school year, between the leaving of one and the coming of another teacher qualified under this Code to have charge of it, provided the school is kept open and the registers are duly marked during the interval.

(b.) If school premises are temporarily used under section 6 of the Ballot Act, 1872, for an election, or under any other statutory power, the number of meetings which would in ordinary course have been made had the school premises not been so used may, if necessary, be counted in making up the required number of meetings of the school.

84. [Cancelled.]

The log-book must be stoutly bound and contain not less than 300 ruled pages. It must be kept by the principal teacher, who is required to enter in it from time to time such events as the introduction of new books, apparatus, or courses of instruction, any plan of lessons approved by the inspector, the visits of managers, absence, illness, or failure of duty on the part of any of the school staff, or any special circumstances affecting the school, that may, for the sake of future reference or for any other reason, deserve to be recorded.

No reflections or opinions of a general character are to be entered in the log-book.

N.B.—The plans of all new school premises and enlargements must be approved by the Board before such new premises and enlargements are passed under this article. The numbers for which such new premises and enlargements are passed will be settled by the Board. Subject to the conditions laid down in the body of this article being fully satisfied, schools already on the annual grant list will as a rule be regarded as accommodating the number of scholars for which they have been hitherto recognised by the Board, provided that in no case there shall be less than 80 cubic feet of internal space and 8 square feet of internal area for each unit of average attendance. If in the neighbourhood of any school there is a deficiency of school accommodation, which is being supplied with due despatch, the accommodation of that school may with the consent of the Board be temporarily calculated at 80 cubic feet and 8 square feet for each unit of average attendance.

No room may be habitually used for a larger number of scholars than that for which it is passed by the Board:

not to interfere with the instruction of the older scholars in the same school ;

(e.) [Cancelled.]

86. The school or infant class must be efficient. A school or class is regarded as satisfying this article if the inspector does not recommend the withholding of the grant under article 98, or article 101 (a.). The grant will not be withheld under this article until the following conditions have been fulfilled :—

- (1.) The inspector must report the school or class inefficient and state specifically the grounds of such judgment, and the Board must with the report give formal warning that the grant may be withheld under this article, if the inspector again reports the school or class to be inefficient.
- (2.) The inspector must, not less than twelve months later, and after a visit paid with due notice, again report the school or class inefficient, and again state specifically the grounds of such judgment.
- (3.) If within fourteen days after the receipt of the second adverse report of the inspector appeal is made by the managers or by the local authority against his decision, the school must be visited and such adverse report must be confirmed by another inspector.

87. All returns called for by the Board or by Parliament must be duly made. Returns.

87*. Notice must be sent to the inspector, as soon as is possible in each case, of every date upon which the school will be closed, or its ordinary work suspended, during the year, whether for the ordinary holidays or on any special occasion. Inspector to have timely notice of all closures.

In the event of failure to give such notice a deduction not exceeding 1/7 may be made from the next annual grant.

This article is not intended to limit the discretion of managers or local authorities in closing a school temporarily in the event of a sudden emergency.

88. If the sanitary authority of the district in which the school is situated, or any two members thereof acting on the advice of the medical officer of health require either the closure of the school or the exclusion of certain children for a specified time, with a view to preventing the spread of disease, or any danger to health likely to arise from the condition of the school, such requirement must

Compliance with order to close school.

(a) For particulars as to the keeping and verification of registers see Sch. VII. of the Code, p. 684.

89. [Cancelled.]

90. The income of the school must be "applied only for the purpose of public elementary schools" (Elementary Education Act, 1876, s. 20).

Students from training colleges to be admitted.

91. On request from the authorities of a training college, students from the college must be allowed to attend the school for the purpose of practical instruction in teaching on such conditions as may be approved by the Board.

92. In cases where any of the conditions of annual grants set forth in this Code (except such conditions as are specially imposed by Act of Parliament) are not fulfilled, the Board have power, after considering all the circumstances, to pay the grant or a portion of the grant, and give a warning that the next year's grant may be withheld.

Commencement of Grant.

93. The annual grant for a school begins to run, as a rule, from the first day of a calendar month nearest to the date at which the school begins to be taught by a teacher qualified under this Code to have charge of it; but if application for a grant is not made within six months after such date the Board may refuse to make a grant for any time previous to the receipt of the application.

94. Where a grant is payable for a school not maintained by a local education authority under the Education Act, 1902, which has been closed, the amount of such grant shall not, as a rule, exceed the amount of the net outstanding liabilities on current account of the school at the time of its closing.

SUBJECTS AND AMOUNTS OF GRANTS.

95. The annual grant is made up of the several grants, which, with their amounts, are enumerated in the following articles.

96. Except where it is specially provided otherwise, the sum mentioned is the amount of a year's grant for each unit of average attendance.

A fraction of a unit, if it reaches .5, may be counted as an additional unit.

97. If the grant is paid for a period other than a year, the year's grant is increased or diminished by one-twelfth for each month more or less than a year.

This article does not apply to grants under articles 101, (g.) to (m.), and 102, pp. 654—656.

Grants for Infant Schools or Classes.

98. Grants are made for infant schools and classes under this article; and every school or class for which a grant is made under this article is an infant school or class.

Only one infant class will be recognised in any department.

In an infant class in which the average attendance is less than twenty, the attendances of the scholars of such class will be reckoned with those of the older scholars, and the grant on the whole average attendance will be made under article 101, but it will be necessary in this case, as in that of a grant made under this article, that the Board should be satisfied that the infants are taught suitably to their age and so as not to interfere with the instruction of the older scholars. If the Board are not satisfied of this, they may pay the grant on the average attendance of older scholars only.

A principal grant of 17s. or 16s. is made for infant schools and classes.

The Board shall decide which, if either, of these grants shall be paid after considering the report and recommendation of the inspector upon each of the following four points:—

(a.) The suitability of the instruction to the circumstances of the children and the neighbourhood.

(b.) The thoroughness and intelligence with which the instruction is given.

(c.) The sufficiency and suitability of the staff.

(d.) The discipline and organisation.

The inspector will recommend the higher grant, unless he is unable to report favourably upon the school under these heads.

The course of instruction for infant schools and classes is given in article 15 (a.).

99. [Cancelled.]

An infant class with an average attendance of more than fifty should be in charge of a certificated teacher of its own, and an infant class with an average attendance of more than thirty should be in charge of a teacher over eighteen years of age, approved by the inspector. No grant will, as a rule, be paid for more than three months (exclusive of the ordinary school holidays) of any period during which the class has been without such a teacher.

Grants for Schools for Older Scholars.

101. Grants are made for schools for older scholars under this article, and every school for which a grant is made under this article is a school for older scholars.

(a.) A principal grant of 22s. or 21s. is made for schools for older scholars. Principal grant.

(i.) The Board shall decide which, if either, of these grants shall be paid, after considering the report and recommendation of the inspector upon each of the following four points :—

(a.) The suitability of the instruction to the circumstances of the children and the neighbourhood.

(b.) The thoroughness and intelligence with which the instruction is given.

(c.) The sufficiency and suitability of the staff.

(d.) The discipline and organisation.

The inspector will recommend the higher grant unless he is unable to report favourably upon the school under these heads.

The course of instruction for schools for older children is given in article 15 (b.).

(ii.) The instruction should be in accordance with a syllabus which must be produced to the inspector at his visit. The inspector may disapprove any portion of the syllabus which he considers unsuitable.

Specimen schemes of instruction suited to schools in various circumstances may be obtained on application to the Board.

(iii.) In reporting upon the sufficiency and suitability of the staff, the inspector will have regard to the fitness of each teacher for the work allotted to him (or her).

(iv.) In reporting upon the discipline and organisation the inspector will have special regard to the moral training and conduct of the children, to the neatness and order of the school premises and furniture, and to the proper classification of the scholars, both for teaching and examination. But he will not interfere with any method of organisation adopted in a training college, if it is satisfactorily carried out in the school. To meet the requirements respecting discipline, the inspector must be satisfied that all reasonable care is taken, in the ordinary management of the school, to bring up the children in habits of punctuality, of good manners and language, of cleanliness and neatness, and also to impress upon the children the importance of cheerful obedience to duty, of consideration and respect for others, and of honour and truthfulness in word and act.

The scheme must provide for not less than 100 hours' instruction being given in each year for which the grant is claimed. As a rule one half of the time given to this subject must be spent in practical work by the girls. The instruction must be given in premises specially adapted for the purpose and by a teacher specially recognised by the Board as qualified to teach the subject (see Schedule IV. E.), and the inspector must report that the instruction and arrangements are satisfactory.

The complete course of instruction may be spread over two or more years, and in that case the grant may be claimed at the end of each year in respect of the instruction given during that year.

No grant may be claimed under article 101 (g.), (h.), or (i.), in respect of any girl for whom the grant for household management is claimed.

The time for household management must be entered in the time table.

N.B.—If the school year is less than twelve months, or if the school has been closed under medical authority, and it is shown to the satisfaction of the Board that the completion of the course of instruction in cookery, laundry work, dairy work, or cottage gardening, has been thereby prevented, the Board may pay a part of the grants under article 101 (g.), (h.), (i.), and (k.), proportionate to the part of the course completed in the school year.

If in any school the course of instruction follows an educational year which differs from the school year, attendance at a class for cookery, laundry work, dairy work, cottage gardening, manual instruction or household management may be reckoned according to the educational year, and in that case the grants under article 101 (g.), (h.), (i.), (k.), (l.), and (m.) will be paid with the grant for the school year in which the end of the educational year falls.

The grants under article 101 (g.) to (m.) are not calculated on the average attendance.

Special Grants.

101*. Where the Board are satisfied that by reason of a notice of the sanitary authority under article 88 or any provision of an Act of Parliament requiring the exclusion of certain children, or by reason of the exclusion under medical advice of children from infected houses, the average attendance has been seriously diminished, and that consequently a loss of annual grant would, but for this article, be incurred, the Board have power to make a special grant not exceeding the amount of such loss in addition to the ordinary grant. Epidemic grant.

No grant will be made under this article in respect of any diminution of attendance occurring after March 31st, 1903.

102. A grant of 40s. is made annually for each recognised pupil teacher admitted from July the 1st, 1900, or from any later date, provided that the inspector reports that the pupil teacher is properly taught and diligent in his or her studies.

The number of grants paid for any pupil teacher shall not exceed the number of years for which he or she was originally admitted.

Grants are made for pupil teachers admitted from the 1st of January, 1900, or from any earlier date, in accordance with article 102 of the Code of 1902.

Grants for
small
populations.

103. [Cancelled.]

104. Where the population of the parish (a) in which any public elementary school is situate, or the population within two miles measured according to the nearest road from the school is less than 300, and there is no other public elementary school recognised by the Board as available for that parish (a) or that population, as the case may be, the Board may, on the recommendation of the inspector, make a special grant, in addition to the ordinary grants, amounting, if the said population exceeds 200, to 10%, and if it does not exceed 200, to 15%.

105. Where the population of the parish (a) in which the school is situate, or the population within two miles measured according to the nearest road from the school, is less than 500, and there is no other public elementary school recognised by the Board as available for that parish (a) or that population, the Board may, on the recommendation of the inspector, make in addition to all other grants due under this Code a special grant to the amount of 10%. For the purposes of this article the limit below which the school staff will in no case be accepted as sufficient is as follows:—

Teacher.	Number of Children in average attendance.
Principal	40
Additional certificated	40
Assistant	30
Provisional Assistant	20
Additional (Article 68)	20
Pupil teacher	20
Probationer	10

The grant under this article will, as a rule, be reduced by one-twelfth for every month during which the staff has not satisfied the above requirements, subject to the provisions of articles 74 and 82 (c.), as to vacancies in the course of a school year.

N.B.—The grants under the last two articles are not calculated on the average attendance.

CHAPTER V.—HIGHER ELEMENTARY SCHOOLS.

110. A public elementary school may be recognised by the Board as a higher elementary school under the following conditions :—

(1.) The school must be organised to give a complete four years' course of instruction approved by the Board.
 (2.) A child proposed for admission to a higher elementary school must—

- (i.) Be not less than ten years of age at the date of admission ;
- (ii.) Have, as a rule, been for at least two years under instruction at a public elementary school ;
- (iii.) Be shown to the satisfaction of the inspector to be qualified to profit by the instruction offered in the higher elementary school.

(3.) The inspector must be satisfied of the fitness of any child to continue, or to be promoted from one year's course to another, in a higher elementary school.

(4.)—(i.) Attendances may not be recognised in a higher elementary school for any scholar who is upwards of fifteen years of age.

(ii.) No scholar may remain in a higher elementary school beyond the close of the school year in which he or she is fifteen years old. But scholars who are receiving instruction in a school at the time of its conversion into a higher elementary school may remain with the sanction of the Board of Education.

(5.) Scholars newly admitted into a higher elementary school must, except with the express sanction of the inspector, commence with the first-year course.

This rule does not apply to scholars who are receiving instruction in a school at the time of its conversion into a higher elementary school.

(6.) The number of scholars in a higher elementary school will, as a rule, be limited to about 350, except in the case of a school of science converted into a higher elementary school.

(7.)—(i.) The school must be shown, to the satisfaction of the Board, to be necessary, having regard to the circumstances of the particular locality.

(ii.) The premises must be specially equipped for practical instruction, and must be recognised by the Board as suitable for the purposes of a higher elementary school.

(8.)—(i.) The teachers must be qualified under articles 50, 51, or 60, and their recognition will not be continued if the inspector is unable to report favourably on their qualifications. An assistant teacher engaged to teach science must possess a special qualification recognised by the Board.

Persons recognised under previous Codes as head or assistant

teachers may continue to be so recognised subject to the favourable report of the inspector.

(ii.) No member of the teaching staff may undertake duties not connected with the school which may occupy any part whatever of the school hours.

(iii.) The numbers of a class should be, as a rule, confined to thirty-five, and may not exceed forty. There must be a teacher for every class, and a laboratory should be, as a rule, in charge of a teacher of its own.

(9) Before a school can be recognised as a higher elementary school a curriculum and time table must be submitted for the approval of the Board, and such other information as the Board may require must be supplied. The curriculum must be approved by the Board, and must show that a sufficiency of science instruction, both practical and theoretical, is provided for in each year.

(10.) The grants made for higher elementary schools are as follows:—

	Higher Scale.	Lower Scale.
	<i>s.</i>	<i>s.</i>
1st year	35	31
2nd year	47	43
3rd year	65	55
4th year	90	73

The Board shall decide which, if either, of these grants shall be paid, in the case of each year's course, after considering the report and recommendation of the inspector upon each of the following four points:—

(a.) The suitability of the instruction to the circumstances of the scholars and the neighbourhood.

(b.) The thoroughness and intelligence with which the instruction is given.

(c.) The sufficiency and suitability of the staff.

(d.) The discipline and organisation.

The inspector will recommend the higher grant unless he is unable to report favourably upon the school under these heads.

(11).—(i.) The sum named in section 10 of this article is in each case the amount of a year's grant for each unit of average attendance.

(ii.) For the purpose of reckoning the average attendance at a higher elementary school an attendance shall mean attendance during two and a half hours.

(12.) No grant may be received from the Board for any higher elementary school in addition to the grants named in section 10 of this article, with the exception of the fee grant.

(13.) Separate registers must be kept for the higher elementary school.

(14.) No scholar may attend a higher elementary school who is attending an evening school or class under the regulations of the Board.

(15.) The other articles of this Code are applicable to higher elementary schools, except so far as a contrary intention appears from the terms of this article.

PART II.—TRAINING COLLEGES.

Residential and Day Training Colleges.

111. A training college is an institution either for boarding, lodging, and instructing, or for merely instructing students who are preparing to become certificated teachers in elementary schools. The former are called residential, the latter day training colleges. A residential college may receive day students. Training colleges are required to include, either on their premises or within a convenient distance, a practising school in which the students may learn the practical exercise of their profession.

Training colleges must be open at all reasonable times to the inspection of the Board.

An institution for boarding, lodging, and instructing blind students who are preparing to become teachers in schools for the blind may be recognised as a training college. Grants will be paid to such a college on the same conditions, so far as circumstances permit, as those laid down for an ordinary residential training college.

112. A day training college must be attached to some university or college of university rank. The authorities of a day training college must be a local committee, who will be held responsible for the discipline and moral supervision of the students, for due care as regards their board and lodging, and for their regular attendance at professorial or other lectures.

113. No grant is made for a training college unless the Board are satisfied with the premises, management, staff, curriculum, and general arrangements, and recognise it as a training college. Conditions of grant.

Admission into Training Colleges.

114. The recognised students in a training college are called King's scholars. King's scholars.

115. The authorities of a training college may propose to the Board for admission as King's scholar— Qualifications for admission.

(a.) any candidate who has obtained a place in the first or second class at the last or last but one preceding King's Scholarship Examination (articles 46 and 47);

(b.) any certificated teacher who has not previously been trained

during two years, and who wishes to enter the college for a year's training, in the course prescribed for students of the second year;

(c.) any graduate, or person qualified by examination to become a graduate, in arts or science of any university in the British Empire recognised by the Board for the purposes of this article, who wishes to enter the college for a year's training;

(d.) any candidate over eighteen years of age who has passed since the 1st of January, 1901, one of the examinations approved by the Board for this purpose (see Schedule IV. D.).

The Board may limit in the case of any training college the number of candidates admitted under each paragraph of this article.

Number of day students.

116. The number of day students to be admitted to each training college will be fixed by the Board upon receipt of an application from the authorities of such colleges dated not later than the 1st of June in each year and stating the number of students that they desire to admit.

Conditions of admission.

117. Before candidates are admitted—

(a.) The medical officer of the college must certify that the state of their health is satisfactory, and that they are free from serious bodily defect or deformity; and,

(b.) They must sign a declaration that they intend *bonâ fide* to adopt and follow the profession of teacher in a public elementary school, or in a school certified under the provisions of the Elementary Education (Blind and Deaf Children) Act, 1893, or in a central class for pupil teachers, or in a training college, or in the army or navy, or (within Great Britain) in poor law schools, certified industrial or day industrial schools, or certified reformatories.

Other conditions laid down by college authorities.

118. The Board may refuse to recognise in a training college any student who has subsequently to the publication of the list of King's scholars signed an engagement to enter another training college, without the written consent of the authorities of the latter college. In other respects the authorities of each college settle their own terms of admission.

Non-fulfilment of conditions.

119. Upon proof by the authorities of any college that candidates have not fulfilled the conditions signed by them on admission into the college, the Board may refuse to grant parchment certificates to such candidates, or to recognise them as certificated teachers.

Period of training.

120. The period of training is ordinarily two years, except for students admitted under article 115 (b.) or (c.). But an additional year's training may be allowed on the application of the authorities of the college proposing to admit the student to such training. The consent of the Board will only be given in the case of students of special merit, for whom special educational facilities are offered. Such additional year's training may with the like application and consent be taken, in whole or in part, at the college itself or elsewhere.

Students of special merit may on the application of the authorities of their training college, and with the consent of the Board, be allowed to take their second year of training, in whole or in part, in an institution for training teachers of the deaf approved by the Board for the purpose.

Students who pass successfully through two or three years of training receive special mention thereof on their certificates.

For the purposes of this article the period from January to June, 1895, is counted as one year.

Examination of Students in Training Colleges.

121. Students who are King's scholars and are qualified to attend the examinations for certificates (articles 55—57*) are required to attend such examination, unless prevented by illness or other cause approved by the Board.

Grants to Training Colleges.

122. Grants are placed to the credit of each residential college of 100*l.* for every master, and of 70*l.* for every mistress, who, having been trained in such college as a resident King's scholar, and of 20*l.* for every master and every mistress who, having been trained in such college as a day King's scholar, during two years, is recognised as a certificated teacher, and completes the prescribed period of probation and obtains a parchment certificate (article 63).

Grants for teachers trained two years.

An additional grant of half of each of the above amounts is placed to the credit of the college on account of each such master or mistress who has received an additional year's training under article 120.

123. Teachers who have been trained for one year only may, if they satisfy the requirements of article 60, obtain parchment certificates after probation, or may be reported by the proper department, upon the same terms as others; and grants, of half the amounts specified in article 122, may be placed to the credit of the college in which they were trained, provided they entered the college as King's scholars for training in the course prescribed for students of the second year under article 115 (b.) or article 115 (c.) of this Code or the corresponding article of any previous Code.

For teachers trained one year.

124. The annual grant for each residential college is paid out of the sums standing to its credit (articles 122, 123) at the beginning of the year, after the adjustment under article 126 (c.)

Exception:—

In the case of a new college, or (subject to the approval of the Board) of an extension of a college, the grants for the first five years are paid without reference to the sums standing to the credit of the college.

The annual expenditure of the college in respect of such extension must be approved by the Board and certified in such a manner as the Board may require.

Limitation of grant to residential

125. Except as provided by article 128, the annual grant for a residential college must not exceed—

(a.) 75 per cent. of the expenditure of the college for the year, approved by the Board and certified in such manner as the Board may require.

(b.) 50*l.* for each man, and 35*l.* for each woman, in residence as a King's scholar, and 10*l.* for each day student enrolled, for continuous training as a King's scholar throughout the year for which it is being paid.

In the case of third-year students studying elsewhere than at the college, and in receipt of an allowance from the college approved by the Board, 75 per cent. of such allowance will be substituted for the sums of 50*l.* and 35*l.*

Instalments of grant.

126. The annual grant for each residential college is paid as follows:—

(a.)—(i.) An instalment of 12*l.* (men), or 8*l.* (women) is paid on October 1st, February 1st, and May 1st in respect of every King's scholar in residence for continuous training throughout the year.

(ii.) An instalment of 2*l.* is paid on October 1st, February 1st, and May 1st, in respect of every day student enrolled for continuous training as a King's scholar throughout the year.

(b.) Part of the instalment of the 1st of May may be suspended, if payment of the full amount then due would cause the limit under article 124 or article 125 (a.) to be exceeded.

Adjustment.

(c.) The balance is adjusted as soon as the college accounts for the year have been closed, audited, and approved by the Board.

Grants to day colleges.

127.—(a.) In day training colleges, a grant will be made annually, through the local committee, of 25*l.* to each man, and of 20*l.* to each woman King's scholar, and a grant of 10*l.* to the committee in respect of each King's scholar enrolled for continuous training throughout the year.

N.B.—Grants of corresponding amounts will be made to day King's scholars who attend a residential college, but the grant to the authorities of a residential college in respect of such day King's scholars will be made under articles 124, 125, and 126, and not under this article.

(b.) These grants will be paid to the local committee in three instalments, upon a certified list of the King's scholars enrolled for continuous training throughout the year, and attending lectures at the university or college to which the day training college is attached, viz.:—

(i.) an instalment of 11*l.* (men), or 9*l.* (women), on the 1st of October, or as soon as the certified list of the King's scholars has reached the Board, and on the 1st of February;

(ii.) an instalment of 13*l.* (men), or 12*l.* (women), on the 1st of May. Out of these sums the committee will pay to each King's scholar on the 1st of October, or as soon as the grant has been

received, and the 1st of February, 8*l.* (men), or 6*l.* (women), and on the 1st of May, 9*l.* (men), or 8*l.* (women).

N.B.—The grants to day King's scholars attending a residential training college will be paid through the committee under this article.

(c.) The local committee will be required to produce to the Board as soon as possible after the 31st of July in each year, an account of their income and expenditure in such form as may be prescribed by the Board. The accounts shall (*inter alia*) include the grants for the King's scholars, and the payments by the committee to them.

128. Separate grants for drawing and science are made at the following rates to training colleges for every student who has satisfactorily passed through an approved course in—

- (a.) Drawing, 10*s.*
- (b.) Mathematics or theoretical mechanics, 25*s.*
- (c.) Any other science subject, 35*s.*
- (d.) General elementary science only, and no other science subject, from 35*s.* to 55*s.*, according to the report of the inspector upon the science equipment of the college, upon the facilities provided for adequate scientific instruction, upon the amount and character of the practical work of the students in the course, and upon the quality of the scientific instruction given.

These grants will be in addition to the grant at present payable under articles 122—127; but in determining the limit of grant under article 125 (a.), the cost of the instruction in science and drawing will be excluded from the certified expenditure, except so far as the cost of instruction in either science or drawing can be shown to be in excess of the grant for science or drawing paid or payable for the same period.

129. The following table shows the amounts of the grants that, in consequence of the change of date of the certificate examination, will be made instead of those specified in the Code, in the case of students in residential colleges—

(Grants for shortened year 1895.)

- A. whose first or second year of training included the period from January to June, 1895.

PART III.—PENSIONS.

130. A limited number of pensions will be granted to certificated teachers who were employed as teachers, or were recognised students in any training college, at the date (May 9th, 1862) when the Minutes (a) relating to pensions were cancelled.

No application for a pension under this article will be entertained unless it is made before April 1st, 1906.

- (1.) An applicant for a pension must—
- (a.) Be, as a rule, a teacher employed in a public elementary school, in a school certified under the provisions of the Elementary Education (Blind and Deaf Children) Act, 1893, training college, or central class for the instruction of pupil teachers, or as an organising teacher, at the time when the pension is applied for.

 - (e.) Be 60 years of age (if a man), or 55 (if a woman), unless the pension is applied for on the ground of failure of health.

- (3.) [Cancelled.]
- (4.) The applications will be collected for decision, on their comparative merits, twice a year, about Lady-Day and Michaelmas.
- (5.) Teachers who entered on the charge of a school before 1851 will be regarded, *ceteris paribus*, as having the first claim.
- (6.) The maximum number and value of pensions receivable at one time, in England and Wales, will be as follows:—

		£	
947	{	66 pensions of 30 <i>l.</i> each	1,980

(a) Minutes of August 25th and December 21st, 1846, and August 6th, 1851.

But this limit of the number of pensions will not affect the claims of teachers who were employed or were recognised students in any training college before August, 1851.

(7.) The pension will be paid quarterly or half-yearly (at the option of the pensioner), on certificates proving identity and good behaviour.

(8.) No person will be eligible for a pension under this article who has accepted the Elementary School Teachers' Superannuation Act, 1898.

Provided that, if a person who has accepted the Act is proved to the satisfaction of the Board to be unable to qualify for an allowance under the Act, he may be granted a pension under this article not exceeding 20% per annum.

(9.) No person who completed the 65th year of his age before April 1st, 1901, will be granted a pension under this article unless an application for a pension is made on his behalf before April 1st, 1902.

(10.) No person who was under 65 years of age on April 1st, 1901, will be granted a pension under this article unless an application for a pension is made on his behalf within three months of his attaining the age of 65.

(11.) A teacher over 65 years of age to whom a pension is granted under this article will not be recognised as a certificated teacher unless the Board, on account of his special fitness, allow his service to continue for a limited time. Application for the service of a teacher to continue may be made at the same time as the application for a pension. Such permission, if granted, will as a rule be granted for periods not exceeding one year at a time.

The work of girls will be judged more leniently than that of boys, and, as a rule, the sums set will be easier. Acquaintance with the principles of the metric system, and the advantages to be gained from uniformity in the method of forming multiples and sub-multiples of the unit, is required in Standards IV., V., VI., and VII.

SCHEDULE II.

MANUAL INSTRUCTION.

1. The Board must be informed as soon as manual instruction is commenced in connection with a school.

The conditions of a grant for manual instruction are as follows:—

- (a.) The manual instruction classes must be carried on continuously throughout the whole of the school year for at least two hours weekly. It is recommended that on the days when manual instruction is taken, it should extend over the whole time of a school meeting (exclusive of the interval for recreation prescribed by article 12 (e.)), even if that exceeds two hours.
- (b.) Every scholar for whom a grant is claimed must have received manual instruction for at least two hours a week for not less than twenty weeks during the school year.
- (c.) The instruction must be in the use of the ordinary tools employed in handicrafts in wood or metal.
- (d.) It must be given in a properly fitted workshop, wholly devoted to manual instruction.
- (e.) It must be connected with instruction in drawing—that is to say, the work must be from drawings to scale previously made by the scholars under the personal supervision of the manual instructor.
- (f.) Of the two hours (or more) a week, half an hour may be given to the above special instruction in drawing, and one and a half hours at least must consist of practical work at the bench.
- (g.) Attendances of scholars under twelve years of age are not recognised for grant unless they were qualified to attend manual instruction under the Code of 1900, and began such instruction prior to the 1st of May, 1901.

2. Manual instruction should be given if possible by a teacher holding the certificate of the City and Guilds of London Institute, or one of the teachers' certificates for woodwork and metalwork of the Board of Examinations for Educational Handwork, or some other qualification recognised by the Board, but such qualification will not for the present be insisted on as a condition of the grant being paid. The instruction may be given by one of the regular teachers of the school or centre at which the manual instruction is given, if he is sufficiently qualified; if not, he must be assisted by a skilled artisan, and care must be taken to make such arrangements as will insure the maintenance of good order and discipline.

3. For the practical work at the bench, there must be at the least one instructor for every twenty scholars present.

4. The work of the class will be judged by an inspector at a visit or visits which he will make in the course of the school year, generally without notice.

Early notice should be sent to the inspector of any alteration of the time or times as provided in the time table for manual instruction, and also of times when the class may have to be closed for any special reason.

5. A special register of the school, or of the centre, if the instruction is given in a central school, or workshop, must be kept.

Suggestions for a course of manual instruction may be obtained from the Board on application, as also the rules for building manual instruction centres.

SCHEDULE III.

PHYSICAL TRAINING.

(See Article 15 (a.) and (b.), and the N.B. paragraphs of that Article.)

1. Physical training should be regarded as one of the most important parts of the elementary school course. The object in view should be the healthy development of a child's frame and muscles, and not merely the acquisition of smartness and dexterity in the performance of particular forms of drill. The training should be made as interesting and varied as possible.

2. The exercises should be carefully graded, and should be adapted, as far as possible, to the age, sex, and physique of each class in the school.

3. In schools where the rooms are small, the playground unsuitable, or the staff untrained or ill-adapted for the purpose, it is, of course, impossible to carry out the training so thoroughly as in large and well-equipped schools. In view of these difficulties, the inspectors are instructed to press upon local education authorities the need of improving the conditions of the schools in these very important respects, and of engaging, for the purpose of physical training, competent men or women instructors outside the school staff, wherever this training, from whatever reason, cannot be properly given by the regular school staff.

4. As a general rule it is desirable that the regular teachers of the school, to whom the children are accustomed, should give the physical training. Teachers should accordingly be encouraged to

attend training courses conducted by approved instructors, so as to become proficient in this important part of the elementary school work. For the same reason, local authorities should be advised to organise central classes, for women as well as for men teachers; and training colleges for either sex should make proper provision for all their students in this respect.

5. The "Model Course of Physical Training" issued by the Board in 1901, and obtainable from Messrs. Eyre and Spottiswoode, East Harding Street, Fleet Street, E.C., may be taken as a general guide for all courses of physical exercises, in the upper classes of elementary schools. Alternative courses, more specially planned for boys' or for girls' classes, or to meet difficult conditions occasionally attaching to rural schools at the present time, may be submitted for the approval of the inspector, where circumstances render it desirable. Introductory courses for younger children may be submitted in the same way. No courses, however, may be adopted by managers which the inspector cannot approve as based on sound hygienic principles, as suitable to the age and sex of the particular scholars for whom they are intended, and as calculated to develop properly and harmoniously the various parts of the body.

6. The course of physical training should be carried on continuously throughout the school year for not less than one hour in each week for each class, and for not more than one half-hour for each class on any one day. The instruction should not occupy any part of the time given to recreation (article 12 (e)).

7. The instruction should, wherever possible, be carried on in the open air. Where outdoor space is not available, it should be given in the central hall, and, where there is no central hall, it is recommended that a room should, if possible, be cleared for the purpose. The instruction should not be given (if it can possibly be avoided) while the children are at the desks, since each child should be able to move every limb to its fullest extent without fear or possibility of striking any person or object.

8. The utmost promptitude, and the most precise and vigorous movement, should be aimed at. In the lower classes, in which correct position and movement can only be secured by individual attention, the number of children under the instruction of any single teacher at any one time should be small. In the higher classes the number under instruction at the same time may be considerable, provided the teacher is competent.

9. Teachers in many schools have devoted themselves most successfully to organising regular games for the scholars out of school hours, such as cricket and football. These are a most desirable supplement to, though from their nature they cannot be regarded as a substitute for, physical training in the strict sense. Such efforts should be encouraged in every way. While games cannot

be recognised under the school time table of instruction, in respect of which grants are paid by the Board, they are of the utmost importance in the school life of the child, and are moreover of great value in improving not only the physique of the scholars, but also what may be called the "tone" of the school.

CLAUSES REQUIRED IN ALL ENGAGEMENTS OF PUPIL TEACHERS.

1. The pupil teacher shall serve in school under the head teacher during some portion of the usual school hours, but not for more than five hours on any one day, nor for more than twenty hours in any one week. Sunday is expressly excluded from the engagement.

2. The engagement shall begin on the first day of ^{January,} 19 ^{or July,} and shall end on the last day of ^{December,} 19 ^{or June,} : provided that

(a.) the engagement shall determine, if the pupil teacher enters a training college as a King's scholar before the last-mentioned date;

(b.) the engagement may by mutual consent be extended for one year if the pupil teacher defers the final examination under article 41 (f.) of the Code.

3. The pupil teacher shall receive throughout the engagement, from a certificated teacher or other qualified teacher approved by the Board, special instruction in the subjects required for the final examination prescribed under article 41 (f.). Such instruction shall be given for at least five hours in each week, but not more than three hours on any one day on which the pupil teacher serves in the school.

SCHEDULE VII.

SCHOOL RECORDS.

1. The Code requires that schools shall be furnished with suitable registers, a diary or log-book, and a school portfolio. These books are the property of the school. The name of the school, and in the case of registers, that of the department or class, should be distinctly written on the cover of each register. The entries must be original and not copied. They must be made in ink, without erasures or insertions. If it is necessary to make any correction, this should be done in such a manner that the original entry and the alteration made are both clear on the face of the record. The entries should be consecutive, with no blank spaces left between them. Registers should be preserved for ten years after they are filled.

2. The registers required for every school or department are:—

(a.) A register of admission, progress, and withdrawal.

(b.) Attendance registers.

(c.) A register of summaries.

The pages of these registers must be numbered consecutively.

Each register should be signed on the title-page by the correspondent of the school, with the date at which it was supplied to the teacher. No leaf should be withdrawn from, or inserted in, any register. The head teacher of a school or department is held responsible for the proper keeping of the records of that school or department, and should not delegate to any subordinate the keeping of any of these registers, except those of attendance. Pupil teachers who have completed their first year may register the attendance of their own classes; but a first-year pupil teacher may not be employed in registration.

3. The managers are held responsible for the efficient verification of the registration. Form 9 contains certificates to be signed by managers, (1) that the registers have been accurately kept in accordance with this schedule; and (2) that the accuracy of the registers has been tested by the managers on several occasions and the result recorded in the log-book. In order that managers may be able to give these certificates they are required to visit the school without notice, at least once in every quarter, at some time when the attendance registers should have been marked and added up for that meeting of the school, and to check the entries. This should be done by ascertaining (1) that each of the children present at the time of marking has been marked present, and each of the children not so present has been marked absent; (2) that the totals of these attendances have been duly entered; (3) that the instructions for the keeping of these registers, hereafter laid down, have been fulfilled; and (4) that the admission register and summary have been properly kept up to date. The result of each such visit should be entered by the visiting manager in the log-book, dated, and signed by him. The managers should also, at the end of the year, check the number of times the school has been opened, and also a sufficient number of the attendance totals (at least 10 per cent.) to convince themselves of the accuracy of the registration.

Admission Register.

4. The entry for each scholar should be made in this register on his admission to the school. Successive numbers must be allotted to the scholars on their admission, so that each may have his own number, which he should retain throughout his career in the school, and which should be used to identify him. This will be specially useful when there are two or more scholars of the same name. When more than one entry is made for the same scholar that is to say, when he has been admitted and re-admitted, he should resume his old number, and cross references should be made to the entries.

This register should have an alphabetical index.

5. No child's name should be removed from this register until he has become exempt from legal obligation to attend school, unless it has been ascertained that he is dead, is attending another school, or has left the neighbourhood. If no information can be obtained the name may be removed after a continuous absence of four weeks.

6. This register must show distinctly for each scholar who has actually been present in the school—

- (a.) His number on the register.
- (b.) The date of his admission (and re-admission)—day, month, and year.
- (c.) His name *in full*.
- (d.) The name and address of his parent or guardian.
- (e.) Whether exemption from religious instruction is claimed on his behalf.
- (f.) The exact date of his birth—day, month, and year.
- (g.) The last school he attended before entering this school. If this is his first school, the word "none" should be entered in this column.
- (h.) If he has left, the date of his last attendance at *this* school and the cause of his leaving.

Attendance Registers.

7. In each school or department separate registers should be provided for older scholars and for infants. The attendances of all children who are being taught with the older scholars or with the infants must be entered in the corresponding register, and no attendance must be transferred from one register to the other. The infant registers must show the attendances of infants under five separately.

In small infants' schools and classes two registers should be kept, one of children under five and one of children over five years of age.

In large schools it will probably be necessary to have two registers for those classes of infants which contain some children below and some above five years of age.

Strictly speaking, the transfer from one register to the other should be made on the child's fifth birthday; but a sufficient degree of accuracy will be attained if at the end of each week, when the summary is made up, the teacher transfers the names of all children who have reached the age of five during the week.

8. Separate registers should be provided for recording the attendance of scholars at special classes for instruction in any of the subjects mentioned in article 12 (f.). These registers should show accurately the dates on which the class meets and the time during which the scholar is under instruction at each meeting; and those for cookery classes should also distinguish between attendances at

demonstrations and time spent by the scholars in cooking with their own hands.

9. The approved time-table must provide adequate time at each meeting of the school for marking the registers, and they must be marked and the attendance totals entered during the time so provided. This time must end before the commencement of the minimum time constituting an attendance as defined by the Code, after which the register must be closed, and no scholar may be marked present except as provided in paragraph 12.

The marking of the registers for the afternoon meeting may not commence within an hour of the close of the morning meeting, except on occasions for which the special sanction of the Board has been given to a shorter interval. This proceeding is generally very undesirable, but special cases may occur, such as those of country schools in the North during the winter, where there is good reason for making the afternoon meeting of the school follow the morning meeting after a short interval.

10. There must be columns for the admission numbers and names of the scholars, both of which must invariably be entered at the same time, and a column for the attendances at each meeting in the school year, which column should be properly dated *before any entry of attendances or absences is made in it*. These attendance columns should be grouped in weeks, and at the foot of them should be spaces for totals of the number present when the registers were marked and the number withdrawn before the time constituting an attendance is complete. There is no need that the weekly total of attendances of each scholar should be entered; but the total attendances of each quarter should be recorded.

If school fees are entered in the register, they should be kept quite separate from the entries of attendances: the best place will be the extreme left of the page before the names of the scholars.

11. Every scholar whose name has been entered in the admission register and not removed from that register must be definitely marked \ (present) or  (absent) at every meeting of the school.

12. When a scholar leaves before the completion of the minimum time prescribed by the Code, his mark of presence must be cancelled immediately on leaving by drawing a ring round it thus, .

and his attendance must be deducted from the total. But this need not be done in the case of a scholar leaving the school for instruction in any of the subjects mentioned in article 12 (f), unless it is subsequently ascertained that such scholar has not completed the minimum time constituting an attendance. Any scholar

marked absent at any meeting who is found—when the registers of a central class for cookery, drawing, science, etc., or the registers of attendance at museums or other approved places are examined—to have been present during the minimum time constituting an attendance at such class or partly at such class and partly at the school, may have the letter C, D, S, M, A, &c., entered inside the

mark of absence, thus, . All

attendances so registered should be added to the total attendances of each child at some time not later than the end of the year.

When a child is prevented from attending the school by reason of a notice of a sanitary authority under article 88 of the Code, or any provision of an Act of Parliament, or is excluded under medical

advice his mark of absence should be entered thus,  (epidemic sickness).

13. At each meeting the total number of scholars marked present should be checked by counting those actually present before the correct total is entered at the foot of the register.

The number of scholars who have left any meeting before completing their attendances (see paragraph 12 above) must be entered before the close of each meeting.

14. When the school does not meet on an occasion for which space is provided in the registers, this space must before the next meeting be cancelled by one or more lines being plainly drawn through it. The reason why the school did not meet should always appear in the log-book. For longer periods "holiday" should be written across the column.

15. The attendance registers must be marked every time the school meets, however small the attendance, and the meeting must be counted in ascertaining the average attendance.

N.B.—In country districts, where the children have to come from some distance to attend school, a meeting of the school may occasionally be abandoned without previous notice on days when, owing to inclement weather, the attendance is so small as seriously to interfere with the ordinary working of the school.

In such a case, the children who reach the school so wet that sitting in school for the usual school hours is likely to be injurious to their health, should be sent home at once. The children not likely to be injured by remaining for the usual school hours may be admitted and allowed to receive instruction without the registers being marked or the meeting reckoned. Whenever this is done, full particulars of the circumstances must be entered in the log-book, and a record should be kept of the numbers sent home and retained in school respectively.

Half-time Registers.

16. A separate register must be provided for half-time scholars. The name of no scholar may be entered on this register unless he has obtained a labour certificate from the local authority of the district, and is actually employed in conformity with such certificate.

17. In this half-time register will be posted, at the close of each week, the number of the attendances made by each of the half-time scholars during the week.

18. The class registers will be marked for half-time scholars just in the same way as for other scholars, presence for *not less than two hours of secular instruction* being marked by a stroke, and the entry for the week in the half-time register will be the number of such two-hour attendances made during the week.

19. At the end of the year a list will be drawn up and signed on behalf of the local authority, certifying (a) the number of two-hour attendances made by each half-time scholar, (b) the addition claimed on his behalf. This addition may not exceed—

- (i.) *One-half* of the two-hour attendances made by the scholar during the year, or during the portion of the year that has elapsed since the scholar became qualified as a half-timer; or
- (ii.) Such a number as when added to the number of his two-hour attendances will give a total equal to *three-fourths* of the number of meetings of the school during the year, or during the portion of the year that has elapsed since the scholar became qualified as a half-timer.

20. In form 9 there should be entered in the spaces provided for the purpose—(1) the total number of two-hour attendances, whether made by half-time or whole-time scholars; (2) the average attendance found by dividing this number by the number of meetings of the school; and (3) the additional attendances claimed for half-timers under the rules laid down in the preceding paragraph. The average attendance, which will be the basis of the grant, will be calculated from the above data by the Board.

Register of Summaries.

21. The attendance totals of each class and department, for each week or part of a week, the number of times each department has been open for the same periods, and the average attendance of each department for these periods should be entered in the register of summaries *at the close of each week*.

At the end of the school year the total number of attendances and meetings for that year should be ascertained for each school or department. A separate summary of the attendances of children under five years of age must be given for infant schools or classes.

The average attendance for the year should also be ascertained

REGULATIONS FOR PUBLIC ELEMENTARY SCHOOLS.

for each section of the school for which separate returns are required by dividing the total number of attendances in the year by the number of meetings of the school in that year.

The summary should also show the number of scholars on the registers at the end of the school year classified as required by form 9.

Log-Book.

22. The log-book should be stoutly bound and contain not less than 300 ruled pages. It must be kept by the principal teacher, who should enter in it, from time to time, such events as the introduction of new books, apparatus, or courses of instruction, any plan of lessons approved by the Board, the visits of managers, absence, illness, or failure of duty on the part of any of the school staff, or any special circumstance affecting the school that may, for the sake of future reference or for any other reason, deserve to be recorded. No reflections or opinions of a general character are to be entered in the log-book.

Entries in the log-book should be made by the head teacher at the end of each school week, and at such other times as occasion may require. No entries should be made by other persons except by the correspondent, by the managers who check the registers periodically, and by the inspector.

The log-book should contain an explanation of the reason for the closing of the school on all occasions on which it is closed. It should also contain an account of all important variations in the attendance, and all deviations from the ordinary routine of the school.

- (2.) The expression "school year" means the year or other period for which an annual parliamentary grant is for the time being paid or payable under the Education Code.
- (3.) Expressions to which special meanings are attached by the Act have, unless the context otherwise requires, the same respective meanings in these rules.
- (4.) The Interpretation Act, 1889, applies for the purpose of the interpretation of these rules as it applies for the purpose of the interpretation of an Act of Parliament.
3. Any application to be made or any notice, document, or other communication to be sent to the Treasury^(a), Education Department^(a), or Paymaster-General^(a), under these rules, shall be so made or sent by post, and if it is to be made or sent to the Treasury through the Education Department, or Paymaster-General, shall be directed to the Education Department, or Paymaster-General, as the case may be. ELEMENTARY SCHOOL TEACHERS SUPERANNUATION RULES.

- forms as they think fit, for use by the teacher for the purpose of these rules and, if they think fit, may require a teacher, for the purpose of these rules, to use the forms so to be supplied.

Evidence of Physical Capacity and Age.

Medical certificate of physical capacity.

- 6.—(1.) For the purpose of satisfying the Education Department of his physical capacity a person applying after the commencement of the Act to be recognised by that Department as a certificated teacher must be examined by a medical officer nominated for the time being by the Department.
- (2.) Lists of the medical officers so nominated for the time being can be obtained on application to the Education Department.
- (3.) The examination must take place—
- (a.) in the case of a person who applies to be examined for a certificate, not earlier than the 1st day of April and not later than the 1st day of June in the year in which the second year's certificate examination is to take place.
 - (b.) in the case of a person who applies to be recognised as a certificated teacher without examination, within the time fixed by the Department when the application for recognition is received.

Evidence of age.

- 7.—(1.) A person applying after the commencement of the Act to be recognised by the Education Department as a certificated teacher must produce to the Department evidence of his age, by means of the certificate of a registrar of births and deaths, or, failing such a certificate, by some other means sufficient in the opinion of the Department.
- (2.) The evidence must be produced—
- (a.) in the case of a person who applies to be examined for a certificate, at the time of the application to attend the second year's certificate examination; and
 - (b.) in the case of a person who applies to be recognised as a certificated teacher without examination, at the time of the application for recognition.

Calculation of Average Salaries.

Calculation of average salaries of teachers.

8. The average salaries of certificated teachers shall be calculated for the purpose of sub-section 3 of section 1 of the Act by dividing the total of the sums given in the returns made by the managers of schools to the Education Department as the professional incomes of men and women teachers respectively by the number of men or women teachers in respect of which the returns are so made.

Recorded Service.

Recorded service.

- 9.—(1.) Such service as is recorded by the Education Department in the capacity, within the meaning of the Education Code,

either of a teacher in a training college, or of an organising teacher, or of teacher of a central class of pupil teachers, or of teacher in a certified reformatory or industrial school, will be included for the purpose of the Act as "recorded service."

- (2.) In addition to such service as is specially mentioned in subsection 5 of section 1 of the Act, service in the capacity of teacher in a central class for the instruction of scholars on the registers of public elementary schools in any subject which under the Education Code may be taught off the school premises shall, if recorded by the Education Department, be recorded service for the purpose of the Act.

Payment of Contributions.

- 10.—(1.) The Education Department shall deduct from any grant payable by them to any public elementary school at the close of any school year an amount equal to the contributions due from the certificated teachers employed in the school for that year or any part of that year in which they have been so employed.

Deductions from annual grant in the case of teachers in schools, &c., to which a grant is made.

- (2.) The Education Department shall similarly deduct from any grant payable by them to any residential training college at the close of the year for which the college accounts are made up an amount equal to the contributions due from the certificated teachers employed in the college for that year or any part of that year in which they have been so employed.

- (3.) The Secretary of State shall deduct, from any grant payable by him to any reformatory or industrial school at the close of the year ending the 30th day of September, an amount equal to the contributions due from the certificated teachers employed in the school for that year, or any part of that year in which they have been so employed, and shall pay the amount so deducted to the Education Department.

- (4.) The Education Department or Secretary of State in forwarding any grant payable by them to the managers of the school or college shall forward with it the receipt of the Education Department for the deductions made, specifying separately the deduction made on account of each teacher, and the managers of the school or college shall, if required by any such teacher within one year of the receipt being so forwarded, give the teacher a copy of so much of the receipt as relates to him.

- (5.) The contributions so deducted shall be treated for the purpose of the tables under section 4 of the Act as having been paid in the case of teachers in public elementary schools in receipt of a grant from the Education Department on the day following the end of the school year, and in the case of teachers in

residential training colleges on the 1st day of July before the date of the payment of the grant from which the contribution is deducted, and in the case of teachers in reformatory and industrial schools on the day following the close of the year for which the deductions are made.

- (6.) When a teacher becomes entitled to an annuity, any contributions due from him which, but for this provision, would have been made by deduction shall not be so made by deduction but shall be paid direct by the teacher to the Education Department.
- (7.) No deductions on account of contributions will be made until the expiration of six months after the commencement of these rules, and accordingly the first deductions made under these rules will be made in respect of contributions due during the period between the commencement of the Act and the end of the first school year or other period when deductions are made.
- (8.) Where a teacher's contribution should be paid by means of a deduction under this rule, no other mode of payment will be recognised, and no sum paid on account of any such contribution direct to the Education Department or otherwise than by means of the deduction will be received by the Department, except in a case where the deduction should have, but has not actually, been made.

Payment of contributions in case of other teachers.

- 11.—(1.) Where a teacher is employed in recorded service which is not service in respect of which deductions for contributions can be made under the preceding rule, he must send notice of the fact that he is so employed to the Education Department, if possible, before the 15th day of August in each year during which or part of which the employment continues, and shall while he is so employed directly or through his employers send to the Education Department before the 15th day of September in any year the amount due on account of his contribution up to the 31st day of July in that year.
- (2.) A teacher so employed shall give to the Education Department such information with regard to his employment as they may require.
- (3.) Any contributions so paid before the 15th day of September in any year shall be treated for the purpose of the tables under section 4 of the Act as having been paid on the previous 1st day of August.

Provision where payments in respect of contributions have not been made.

- 12.—(1.) Where a payment on account of a contribution has not been made in accordance with these rules by reason either of a deduction not having been made when it should have been made, or of the omission of the teacher to make a contribution, or otherwise, the teacher from whom the contribution is due shall either pay the amount due direct to the Education

Department, or, if he is employed in a public elementary school or a residential training college in receipt of a grant, authorise the Department, or in the case of reformatory or industrial schools, the Secretary of State, to add the amount so due to the deduction next made on account of his contribution.

- (2.) Any contribution paid under this rule direct to the Education Department shall be treated for the purpose of the tables under section 4 of the Act as having been paid on the day on which it is received.
- 13.—(1.) A certificated teacher shall be permitted to pay contributions in respect of any interval not being longer than six months between his employments in recorded service, and, where contributions are so paid in respect of any such interval, that interval shall, for the purpose of determining the amount of any annuity or allowance, be reckoned as recorded service.
- (2.) Where a teacher desires to pay any such contributions in respect of an interval, he shall, on resuming recorded service, give notice to the Education Department that contributions are to be paid in respect of the interval, and the amount of contributions so due shall be added to the payment or deduction next made on account of contributions.
- 14. In estimating the amount of contributions to be paid or deducted for a period of recorded service less than a full year, one-twelfth part of the annual contribution shall be paid or deducted for each month, or part of a month not less than fifteen days, of recorded service completed, but no payment or deduction shall be made or accepted for any part of a month less than fifteen days of such recorded service.

Disablement Allowance.

- 15.—(1.) An application by a teacher for a disablement allowance must be made by him to the Treasury through the Education Department, but if the teacher is of unsound mind, or otherwise unable, in the opinion of the Education Department, to make the application himself, the application may be made by any other person on his behalf.
- (2.) The application must be sent to the Education Department, and if made in manner required by this rule will be submitted by them to the Treasury.
- (3.) Where an application is made on behalf of a teacher by another person, the reasons for the application not being made by the teacher himself must be stated in the application, and the Education Department may refuse to submit any application to the Treasury if those reasons are not in their opinion sufficient.
- (4.) The Education Department will, as soon as may be, inform

a teacher applying for a disablement allowance, or any person making an application on behalf of a teacher, of the decision of the Treasury with regard to the application, and will also inform the managers of the school at which the teacher was last employed.

Medical examination and report.

- 16.—(1.) A teacher applying for a disablement allowance must, except as otherwise provided by this rule, submit himself for special medical examination to a medical officer chosen by the Education Department, whose name and address will be given to the teacher by that Department.
- (2.) Where a teacher is an inmate of a public lunatic asylum, a special medical examination will be dispensed with, and the report of the medical officer of the asylum will be accepted by the Education Department in lieu of the report of the medical officer chosen by that Department.
- (3.) The Education Department may also dispense with the special medical examination in any case in which a medical report sufficient in their opinion is furnished to them as to the condition of the teacher, and in which they are satisfied that the special medical examination is owing to exceptional circumstances inexpedient or impracticable, and may accept the medical report so furnished in lieu of the report of the medical officer chosen by the Education Department.
- (4.) The report under this rule of a medical officer chosen by the Education Department, and any medical report accepted by the Education Department in lieu thereof, must state—
- (a.) whether in the opinion of the person making the report the teacher has or has not become permanently incapable owing to infirmity of mind or body of being an efficient teacher in a public elementary school; and
 - (b.) whether in the opinion of the person making the report the infirmity of the teacher has or has not been caused or increased by the teacher's own misconduct or default.
- (1.) A teacher applying for a disablement allowance, or if the application is made on behalf of the teacher by any other person, the person making the application must furnish to the Education Department a statement stating particulars—
- (a.) as to the number of years of the teacher's recorded service, and the number of years which have elapsed since the teacher became certificated; and
 - (b.) as to the dates on which any periods of recorded service have commenced and ended; and
 - (c.) as to the pecuniary circumstances of the teacher; and
 - (d.) if the teacher is a woman, as to whether the teacher is or has been married or not.
- 2.) The Education Department may in any case require the statement to be verified by further evidence, or by a

statutory declaration or otherwise in such manner as they think fit.

- 18.—(1.) The Education Department on submitting an application for a disablement allowance to the Treasury shall submit to them the report of the medical officer after the special medical examination, required by these rules, or the medical report accepted in lieu thereof, and the statement of particulars furnished to them by the teacher, and shall also submit their own report upon the case.
- (2.) The Education Department shall certify to the Treasury—
- (a.) whether the teacher has served a number of years of recorded service not less than ten, and not less than half the years, which have elapsed since he became certificated or not; and
- (b.) whether the teacher has at the date of the application been for more than the time fixed by these rules unemployed in recorded service or not.
- 19.—(1.) Before granting a disablement allowance the Treasury must be satisfied by the certificate of the Education Department—
- (a.) that the teacher has served a number of years of recorded service not less than ten, and not less than half the years which have elapsed since he became certificated; and
- (b.) that the teacher has not at the date of the application been for more than the time fixed by these rules unemployed in recorded service;
- and must also be satisfied that the teacher has become permanently incapable, owing to infirmity of mind or body, of being an efficient teacher in a public elementary school, and is not excluded by the disqualifications provided by these rules.
20. The time during which a teacher, in order to obtain a disablement allowance, must not at the date of the application for the allowance have been unemployed in recorded service is one year, or such extended time as the Treasury on the report of the Education Department may allow in cases where they are satisfied that there is a sufficient cause for an application not having been made within one year after the termination of the teacher's recorded service.
21. The following disqualifications shall have effect as regards the grant of disablement allowances:—
- (1.) A teacher shall be disqualified for the grant of an allowance if he is not in pecuniary need of it, and shall be disqualified for a grant of part of an allowance if he is not in pecuniary need of that part.
- (2.) A teacher shall be disqualified for the grant of an allowance if his infirmity has been wholly caused by his own misconduct or default, and, if his infirmity though not

wholly so caused has been increased by his own misconduct or default, shall be disqualified for the grant of such part of the allowance as the Treasury think fit.

(3.) A teacher who is a woman and has married since her last employment in recorded service shall be disqualified for the grant of an allowance.

Payment of
disablement
allowances.

22.—(1.) A disablement allowance, if granted, will be payable from the date on which the application reached the Education Department, or from the date on which the teacher's paid service has ceased, whichever is the latter date.

(2.) Service after the date on which the application for a disablement allowance has reached the Education Department will not be reckoned as recorded service for the purpose of that allowance.

Provision as to
discontinuance
of allowance.

23.—(1.) The Treasury may suspend, determine, or reduce any disablement allowance, if at any time after the grant thereof, whether on the periodical reconsideration of the allowance or not, they are satisfied that any of the following disqualifications apply, namely:—

(a.) that the teacher has ceased to be incapable, owing to infirmity of mind or body, of being an efficient teacher in a public elementary school;

(b.) that the teacher has ceased to be in pecuniary need of the allowance, or of any part of it;

(c.) that the teacher, if a woman, has married.

(2.) Any application on behalf of a teacher for the resumption of the payment of a disablement allowance which has been suspended, shall be made to the Treasury through the Education Department.

Documents to
be sent for the
periodical
reconsideration
of the allow-
ance.

24.—(1.) For the purpose of the periodical reconsideration of a disablement allowance, the following documents shall be sent by or on behalf of the teacher in receipt of the allowance to the Treasury through the Paymaster-General before the day for the quarterly payment which comes next before each completed period of three years from the commencement of the allowance.

(a.) A certificate of a qualified medical practitioner stating whether or not the teacher is still incapable owing to infirmity of mind or body of being an efficient teacher in a public elementary school.

(b.) A statement of the teacher's income from all sources;

(c.) A statement by the teacher, or in the case of his being of unsound mind or practically incapable of making the declaration, by some person on his behalf—

(i.) that the circumstances of the teacher are such that he is still in pecuniary need of the allowance; and

(ii.) that the teacher, if a woman, has not married during the period to which the documents relate.

- (2.) A disablement allowance is granted on the condition that the requirements of these rules as to the sending of documents for the purpose of the periodical reconsideration of the allowance are complied with, and if those requirements are not complied with, the Treasury may suspend, determine, or reduce the allowance as they think fit.

Payment of Annuities and Allowances.

- 25.—(1.) Where a teacher claims to be entitled to an annuity, he must send to the Treasury, through the Education Department, an application for the payment of the annuity, and, if he wishes for the grant of an annual superannuation allowance, for the grant of that allowance, and shall send with the application particulars as to his age and his years of recorded service since he became certificated.
- (2.) As soon as the Treasury are satisfied that the teacher applying for the payment of an annuity is entitled to the annuity, they will direct the Paymaster-General to pay the annuity in manner provided by these rules, and send notice to the teacher through the Education Department that the direction has been given.
- (3.) The Treasury will, as soon as may be, through the Education Department, send notice to the teacher applying for the grant of an annual superannuation allowance of their decision in the matter, and if the allowance is granted will direct the Paymaster-General to pay the allowance in manner provided by these rules.
- (4.) A teacher making an application under this section must give the Treasury any information they may require in addition to the particulars furnished by him on his application.
- 26.—(1.) An annuity or allowance under the Act shall be considered as accruing from day to day, but shall be payable by equal quarterly payments at the close of each quarter ending on the quarter days mentioned in this rule.
- (2.) Where an annuity or allowance begins or ends during a quarter, an apportioned part of the annuity or allowance shall be payable on the quarter day after the annuity or allowance has begun or ended, calculated according to the number of days in the quarter.
- (3.) The quarter days for the purpose of this rule are the 31st day of March, the 30th day of June, the 30th day of September, and the 31st day of December.
- (4.) Payments on account of annuities or allowances under the Act will be made by the Paymaster-General, and, if the Paymaster-General makes arrangements for the purpose, may be made locally.

Application for payment of annuities and grant of allowances.

Payment of annuities.

- (5.) Such evidence of the life and identity of a teacher must be produced to the Paymaster-General as he may require before making any payment to or on account of the teacher.
- Contributions to be fully paid up. 27. No sum will be paid on account of any annuity or allowance to a teacher unless all the contributions due from him in respect of the annuity have been fully paid.

Payments on Death or Incapacity of Teacher.

Payments on death of teacher. 28.—(1.) Where on the death of any teacher any sum is due to his estate on account of any annuity or allowance under the Act, the Treasury may, if probate or other proof of the title of the personal representative of the teacher is not produced to them within three months of the death, authorise the Paymaster-General to pay the sum due or distribute it amongst the persons appearing to the Treasury to be beneficially entitled to the personal estate of the teacher, and the Treasury and the Paymaster-General shall be discharged from any liability in respect of such payment or distribution.

(2.) Any person claiming to have a payment made to him under this rule must transmit to the Treasury through the Paymaster-General a statutory declaration showing the title under which he makes the claim, and such other particulars in relation thereto as the Paymaster-General requires.

Provision where teacher is of unsound mind or unable to give receipt. 29.—(1.) Where the Treasury are satisfied by the certificate of a justice of the peace, or minister of religion, and of a duly qualified medical practitioner, that a teacher in receipt of an annuity or allowance under the Act is of unsound mind or otherwise incapable of giving a receipt they may authorise the Paymaster-General to pay any sum due on account of any such annuity or allowance, partly to the institution or person having the care of the teacher, partly for the benefit of the wife, husband, or relatives of the teacher in such proportion and in such manner as the Treasury direct.

Provided that where any such teacher is maintained in any asylum or other institution supported out of local rates, any sum due on account of a superannuation or disablement allowance shall be applied towards the maintenance of the teacher before it is applied for the benefit of the wife, husband, or relatives of the teacher, and any sum due on account of an annuity shall be applied towards the maintenance of the wife (or children), if any, of a teacher dependent on him before it is applied towards the maintenance of the teacher.

- (2.) Any application with regard to the payment of an annuity or allowance under this rule should be made to the Treasury through the Paymaster-General.
- (3.) An authority given by the Treasury for the payment or

application of any annuity or allowance under this rule will remain in force until cancelled or varied, but will be cancelled or varied as occasion requires, and the Paymaster-General may at any time suspend any payment under the rule until he is satisfied that the circumstances are such as to justify the continuance of the payment.

30. Where a teacher becomes a pauper lunatic, or is otherwise wholly or partly maintained out of public money, so much of any allowance shall be suspended as is equal to the sum which the Treasury consider is contributed out of public money towards the cost of maintaining the teacher, or if that sum is equal to or greater than the allowance the whole of the allowance shall be suspended.

Suspension of allowance where a teacher is supported out of public money.

Option of existing Teachers to accept the Act.

- 31.—(1.) The Education Department shall as soon as may be give to each existing teacher the option of accepting the Act—
 (i.) by sending to any such teacher whom they know to be employed in recorded service a form of option; and
 (ii.) by supplying any existing teacher who applies for such a form, or for information as to the exercise of the option, with such a form.
 (2.) The Education Department shall also cause notices to be published by advertisement in such papers as they think fit calling the attention of existing teachers to their option under the Act.

Notice of option.

- 32.—(1.) If a teacher wishes to accept the Act he must give notice of his acceptance to the Education Department on the form provided for the purpose within six months after the commencement of the Act; but the Education Department may accept any such notice (if given within one year after the commencement of the Act) in any case in which in the opinion of the Education Department there was a reasonable cause for the omission to give the notice within the six months.
 (2.) A teacher shall be taken to have accepted the Act as from the date on which the notice of acceptance is posted.

Notice of acceptance of Act.

33. The Education Department may require any existing teacher who accepts the Act to furnish evidence of age satisfactory to the Department, and the Treasury may refuse to pay any annuity or allowance to a teacher who has failed to comply with any requirement of the Education Department under this rule.

ELEMENTARY SCHOOL TEACHERS (SUPERANNUATION) ACT, 1898.

EXPLANATORY MEMORANDUM.

The Elementary School Teachers (Superannuation) Act, 1898, comes into operation on April 1st, 1899. In view of the importance of the Act to teachers, and all persons concerned in their employment, it has been thought desirable to explain, as clearly and shortly as may be, the nature and scope of its chief provisions.

I.—SCOPE OF THE ACT.

1. In order to be eligible for the benefits of the Act, a person must (i.) be a teacher who is recognised under the Education Code as a *certificated* teacher for public elementary schools; (ii.) serve in *recorded service*.

“Recorded service” is defined by section 1 (5.) of the Act, together with rule 9 of the rules under the Act; and the effect of the provisions made therein is to include as recorded service, service in the following capacities:—

- (a.) Of a teacher in a public elementary day school (including schools for the blind and deaf, certified by the Education Department, and certified efficient schools).
- (b.) Of a teacher in a training college
- (c.) Of an organising teacher
- (d.) Of a teacher of a central class for pupil teachers

} within the
meaning
of the
Code.

(e.) Of a teacher in a central class in any of the subjects in which the attendances of scholars are registered for the purpose of article 12 (f.) of the Code (a).

(f.) Of a teacher in a certified reformatory or industrial school.

Recorded service is also limited in point of the time during which it may continue; no service after a teacher attains the age of sixty-five years can be recorded service for the purpose of the Act.

2. Teachers serving in recorded service are divided by the Act into two classes—teachers certificated before April 1st, 1899 (called in the Act “existing teachers”), and teachers certificated after April 1st, 1899, who, by way of distinction, will be denominated “future teachers.” As the position of a teacher under the Act varies according to the class to which he or she belongs, it will be convenient to consider each class separately.

The Position of “Existing Teachers” under the Act.

Existing teachers have the option of accepting the Act (section 5 (1.)). This option must be exercised in all ordinary cases within six months from April 1st, 1899, and cannot under any circumstances be delayed longer than March 31st, 1900 (section 5 (1.) and rule 32).

It should be observed that all teachers recognised as certificated before April 1st, 1899, whether they are at present serving or not, may accept the Act; and that the acceptance does not bind any teacher to resume service in the future, although it may be necessary for him to do so if he is to benefit under the Act.

A Form of Option, together with a detailed explanation of the provisions of the Act which specially affect existing teachers, may be obtained on application to the Secretary, Education Department, Whitehall, S.W.

It is desirable to call attention here to the effect of the acceptance upon the duration of the teacher's certificate. The certificate of a teacher who is sixty-five years of age or over at the date of his acceptance, and is eligible for the benefits of the Act, will expire on the date of his acceptance, unless the Education Department, on account of his special fitness, allows his service to continue for a further limited time, and subject to the same exception, the certificate of a teacher who is under sixty-five years of age at the date of

Domestic economy, practical cookery, laundry-work, dairy-work, practical housewifery (for girls).

acceptance, and who is eligible for the benefits of the Act, will expire on his sixty-fifth birthday.

The Position of "Future Teachers" under the Act.

The provisions of the Act are obligatory upon every teacher certificated after 1st April, 1899, so long as he serves in recorded service. He will not be recognised by the Education Department as a certificated teacher until the Department are satisfied of his physical capacity in the manner prescribed by the rules made under the Act (section 1 (1.) and rule 6); and his certificate will expire on his attaining the age of sixty-five years, or if the Education Department, on account of his special fitness, allow his service to continue for a further limited time, then on the expiration of that limited time (section 1 (2.) (1.)).

II.—THE BENEFITS PROVIDED BY THE ACT.

The benefits for which the Act makes provision are of three kinds: the Annuity, the Superannuation Allowance, and the Disablement Allowance.

The Annuity.

Every teacher, while serving in recorded service after 1st April, 1899, must contribute to the Deferred Annuity Fund (section 1 (2.) (b.)); and he may contribute to it for a break in his employment which does not exceed six months (section 6 (1.) (a.)). The rate of contribution at present is 3% per annum for men, and 2% for women (a). The contributions will in ordinary cases be deducted by the Department from the grant due to the school or institution in which the teacher is serving; and the managers have the power to deduct the amount of the contribution from his salary. "The receipt of the Education Department for the amount of a contribution paid by the employer of a teacher shall be a good discharge for the like amount of remuneration otherwise payable to the teacher" (section 3 (1.)).

Upon the teacher's attaining the age of sixty-five years he will become entitled to such annuity for the remainder of his life as is fixed by the tables under the Act (section 1 (2.) (c.)). The amount will depend on the number of his contributions and the various times at which they were paid; in order to ascertain it, the tables should be consulted.

It should be clearly understood that no return of any kind can be made for a teacher's contributions, unless he lives to the age of sixty-five years. The only return which can be then made is the

(a) By Treasury warrant, dated 26th December, 1900, the rate of contribution for a woman has been increased to two pounds four shillings a year from and after 1st April, 1901.

annuity due to himself. Under no circumstances whatever can the teacher or his relations have the contributions or any part of them returned in a lump sum. On the other hand, however few or broken a teacher's contributions may have been, the annuity, to which they entitle him, will be payable upon his reaching the prescribed age, whether he is then in service or not.

The Superannuation Allowance.

The Superannuation Allowance cannot become payable until a teacher has attained the age of sixty-five years, and it will be in addition to any annuity to which he is entitled. Unlike the annuity, however, it can only be obtained by a teacher whose years of recorded service upon his reaching the age of sixty-five are not less than half the number of years which have elapsed since he became certificated (section 1 (2.) (d.)). Thus, a teacher, who at the age of sixty-five, has been certificated for forty-four years, must have served twenty-two years in recorded service, if any allowance at all is to be awarded to him. The years of service, however, need not be continuous, nor is a teacher obliged to remain in service up till the age of sixty-five. As soon as he has completed the minimum amount of service required, he may, if he chooses, give up teaching. If he lives till the age of sixty-five, the allowance due in respect of his recorded service will be paid to him.

The allowance is liable to forfeiture, suspension, or reduction, in cases of misconduct (sections 8 and 10).

The rate at which the allowance is calculated varies according as the teacher is an existing or a future teacher. If he is a future teacher, it is calculated at the rate of ten shillings for each complete year of recorded service. If he serves forty complete years, he may thus be granted an annual superannuation allowance of 20*l.* for the remainder of his life. Any fractions of a year over the number of complete years served must be disregarded.

If he is an existing teacher, the rate of ten shillings may be augmented in the case of a man by threepence, and in the case of a woman by twopence, for each complete year of recorded service served before the commencement of the Act (section 5 (2.) (a.)).

The effect of this provision is that the allowance for each year of service in the case of an existing teacher is—

For men, 10*s.* + 3*d.* × number of complete years of service before 1st April, 1899;

For women, 10*s.* + 2*d.* × number of complete years of service before 1st April, 1899.

The annual pension due to masters at the age of sixty-five will thus be found by adding to 10*s.* as many threepences as years of service previous to 1st April, 1899, and multiplying the sum thus obtained

by the total number of years of service, whether before or after 1st April, 1899.

The annual pension due to mistresses will be found similarly, *2d.* being substituted for *3d.*

To illustrate this scale, suppose a total service of forty complete years, then the annual allowance which will be obtained will be the sum entered in the following table, according to the varying length of service before the 1st April, 1899.

The Disablement Allowance.

The Disablement Allowance is intended to meet the case of a teacher who, before reaching the age of sixty-five, has become permanently incapable, owing to infirmity of mind or body, of being an efficient teacher in a public elementary school (section 2 (1.) (c.)). In order to satisfy the Treasury that this condition is fulfilled, he must submit to a medical examination, which, save in exceptional cases, will be conducted by an officer nominated by the Education Department (rule 16).

In order to be eligible for the allowance, a teacher thus incapacitated must satisfy certain further conditions.

1. He must have served "a number of years of recorded service not less than ten, and not less than half the years which have elapsed since he became certificated (section 2 (1.) (a.)).

Thus a teacher in whose case twenty years or less have elapsed since he became certificated, must have actually served at least ten years. If he has been certificated for twenty-two years, the minimum period of actual service which is required will be raised to eleven years; if for forty years, to twenty years.

2. At the date of his application for a Disablement Allowance, he must not have been for more than the prescribed time unemployed in recorded service (section 2 (1.) (b.)). In normal cases, the

application must be made within one year from the date of the teacher's last employment in recorded service, though an extension of this time may be granted under exceptional circumstances (rule 20).

3. He must produce evidence to show that he is not subject to certain disqualifications (section 2 (1.) (d.)), which are prescribed by rule 21, as follows:—

“(1.) A teacher shall be disqualified for the grant of an allowance if he is not in pecuniary need of it, and shall be disqualified for a grant of part of an allowance if he is not in pecuniary need of that part.

“(2.) A teacher shall be disqualified for the grant of an allowance if his infirmity has been wholly caused by his own misconduct or default; and if his infirmity, though not wholly so caused, has been increased by his own misconduct or default, shall be disqualified for the grant of such part of the allowance as the Treasury think fit.

“(3.) A teacher who is a woman, and has married since her last employment in recorded service, shall be disqualified for the grant of an allowance.”

If these conditions are satisfied, the annual allowance which a teacher can obtain will be on the following scale:—

(a.) If the teacher is a man, twenty pounds for ten complete years of recorded service, with the addition of one pound for each complete additional year of recorded service; and

(b.) If the teacher is a woman, fifteen pounds for ten complete years of recorded service, with the addition of thirteen shillings and fourpence for each complete additional year of recorded service.

Thus a man who has served twenty complete years before breaking down, may obtain 30*l.* as his annual allowance; and a woman, who had served the same period, 21*l.* 13*s.* 4*d.* Under no circumstances, however, can the Disablement Allowance exceed the total annual sum which the teacher might obtain from an Annuity and Superannuation Allowance under the Act, by continuing to serve until the age of sixty-five years.

A Disablement Allowance will be reconsidered by the Treasury every three years, when the teacher must produce evidence to show that he is still qualified to retain it (section 2 (3.), and rule 24). If he is, then, or at any other time, found not to be so qualified, or if he is guilty of misconduct, it may be suspended, reduced or forfeited (sections 8 and 10 and rule 23 (1.)).

It should be observed, finally, that a teacher who is in receipt of a Disablement Allowance is excluded from obtaining any other benefit under the Act. If he still retains his allowance at the age of sixty-five years, no Annuity or Superannuation Allowance can be paid to him (section 2 (2.)).

EXPLANATORY MEMORANDUM.

715

The attention of school managers is specially directed to the passages on pages 24 and 25 of this Memorandum, which deal with the expiration of the certificates of teachers and the mode of payment of their contributions by deduction from the grant. It is not proposed to begin such deductions before October, 1899.
