Okay, everyone! Welcome to the

Okay everyone, this is the Doki Doki Literature Club Music Sample List! The purpose of this list is to identify all of the samples and instruments/VSTs used within the soundtrack to the popular visual novel game Doki Doki Literature Club. This list is heavily inspired and based off of the <u>Undertale Music Sample List</u> (it's also being worked on by some of that list's original contributors). If you would like to be an editor for this, email <u>ddlcsamplelist@gmail.com</u>. If you simply want to make a suggestion, you may comment freely, but be sure to leave your name so we know who you are. Most underlined text are links. Also, there may be heavy spoilers for the game so tread carefully (or just play the game before coming here).
