YOUR RUIN IS OUR DANCEFLOOR
DREAM

WHEN I MOVE YOU MOVE
EAT THE SYSTEM

Your Ruin is Our Dancefloor recorded and mixed on the road to everywhere 2016-2017 // Recorded and mixed by SX // Mastered by SX march 2017 // All songs are stolen - conyleft.

BEYOND THE BORDER YOUR RUIN IS OUR DANCEFLOOR

Hello kids welcome to BTB most danceable album so far... This EP is made from my favorite tracks of recent years. Rooted in punk scene, mixed with breaks and synths and sprinkled with bits of humor on top! I dedicate this album to all the raver punx around the Europe and beyond. The ones who stomp the grounds of gigs and raves and make this system rock, shake and twist!!! Kick and the bass cracking the foundations till all walls and borders fall apart! Brick by brick, wall by wall - Your ruin is our dancefloor!!!

Track list:

YOUR RUIN IS OUR DANCEFLOOR - originally by ZixTonE, track That's true! First time I heard it at one party and instantly thought of remixing it, making a bit faster and with lyrical content. While bouncing around with punx to the beat I thought that this tune will be a perfect soundtrack for apocalyptic rave party! Time goes on empires will fall. Brick by brick, wall by wall...

DREAM - originally by I.D.Clair (punk hardcore, Latvia). Great tune performed by my friends from Riga. Very naïve and sweet lyrics about building a utopian society where everyone is taking part and nobody is left aside. Where we stand side by side and trust in each other. This punk dream is still close to me and final guitar solo sends shivers over my spine. I believe in you, you believe in me and all together we are a big family...

WHEN I MOVE YOU MOVE - originally by BTB. Yes, I remix myself. This is a great track made in 260BPM, now downshifted to 130BPM. Perfect soundtrack for shredding your bike in the city, waving between lanes, jumping red lights. Dedicated to my two-wheeled love. Simple yet effective. When I move you move, just like that...

EAT THE SYSTEM - originally by Toms the Bum. This track is result of long nights spent with Toms, chayok and Magic Tetris Box (AKA KP3). "Bum ate the system!!!", Toms was yelling in the mic, "coz he was hungry!" Philosophy is simple! To become free is to let go all your possessions, jobs, home and hit the streets! Lyrics from old BTB song from Mass Betonizer album.
