

O II Origins EP

Thank you for taking the time to download my latest release. Following on from O pt 1 - released N.Y.E 2011/2012 with Splatterkore Records, this album is further experimentation into ambience, audio manipulation and experimental instrumental techniques.

As with the last release, both Splatterkore and I are giving you this release for free, to thank you for all the support you guys have given both us. Although this release is free, I'd like to stress the amount of time and effort that goes into projects like these.

If you wish to thank either myself or Splatterkore - would you consider donating to a charity that's close to your heart? I have a just giving page - set to raising money for Shelter, where you can donate directly.

If you don't want to support shelter, why not choose a charity of your own? Or donate to Splatterkore so they can continue to bring you free music!
