

This compilation is a fruit of a five-year activity of people united in sound and idea. Here you will find tracks produced by members of ROMBANKA and it's guests who played along during these years, both at clubs and free parties. However, we would like you to know that ROMBANKA SS is not only a wall of speakers but above all else, a group of people working together. If you support our work – thank you! If you haven't so far – it's not too late. JOIN US!
