

ABOUT RETRO WARFARE

RETRO WARFARE IS THE “WHAT IF” SCENARIO TO HOW THE COLD WAR COULD HAVE ENDED INTO A ATOMIC WORLD WAR.

IT’S THE SOUNDTRACK TO A WAR THAT NEVER HAPPENED. INSPIRED ON OLD WAR TYPE VIDEO GAME SOUNDTRACKS, AND OLD COLD WAR DOCUMENTARIES AND PROPAGANDA FILMS PROCLAIMING THE WAR, R10T33R BRINGS 4 POUNDING TRACKS AND A FINAL SCORE WHICH CONCLUDES WITH THE THOUGHT THAT IF THE WAR DID HAPPEN IT WOULD HAVE BEEN GAME OVER FOR ALL OF US.

AS THE 80’S HAVE BECAME RETRO WITH IT’S VIDEO GAMES , SYNTH MUSIC AND SCIENCE FICTION IMAGERY, SO IS THE END OF THE COLD WAR WITH IT’S TYPICAL IMAGERY OF ATOMIC THREADS , BOMB SHELTERS, AND TANK PARADES. RETRO WARFARE IS LIKE REVIVING THE CATASTROPHICAL CONCLUSIONS OF AN EVENT THAT NEVER TOOK PLACE.
