

Here are 11 very important questions that you need to ask yourself:

1. *Where are the Articles of Confederation, if Canada had confederated in 1867 and is a sovereign nation?*
2. *Why was Canada known as the “Dominion of Canada” a British colony until 1938, if Canada had confederated in 1867 and is a sovereign nation?*
3. *Why in 1867 was the BNA act created to be Letters Patent for a Governor General to the Dominion of Canada if Canada had confederated and is a sovereign nation?*
4. *Why in 1893, would the British Parliament deem it necessary to repeal certain sections of the BNA act, with the “Statute Law Revisions act” if Canada confederated in 1867 and is a sovereign nation?*
5. *Why in 1931 would the British parliament create the “Statute of Westminster” to nullify the Dominion of Canada, if Canada confederated in 1867 and is a sovereign nation?*
6. *Why in 1946 did a foreign Monarch, King George VI appoint a representative for the UK, a Governor General and then command the Parliament of Canada to create Letters Patent and command the PM at that time to sign on his behalf those Letters Patent in 1947 for his Governor General, if Canada confederated in 1867 and is a Sovereign Nation?*
7. *Why did PM Trudeau in 1982 have the government create the “Canada Bill” and then take that Bill to a foreign Monarch and have her parliament pass that Bill as the “Canada act, 1982” if Canada confederated 153 years earlier and is a sovereign nation?*

8. *Why do Prime Ministers and other officials (when sworn into office here in Canada) swear their allegiance to a foreign monarch, Queen Elizabeth, and not to the people of Canada if Canada confederated in 1867 and is a sovereign nation?*

9. *If Canada is a sovereign nation, why does the Government of Canada in their Interpretations act define Canada as the internal waters and territorial seas if Canada confederated in 1867?*

10. *Why was it necessary in 1990 to sue a member of the federal parliament, J. Littlechild MP, to force him to do his duty to his constituents and have the courts rule against his constituents, if Canada had confederated in 1867 and is a sovereign Nation?*

11. *Why in the “Constitution act, 1867” of Canada is there no clause that allows for land for the Government of Canada to become a sovereign nation if Canada Confederated in 1867 and is a sovereign nation?*

If the Sovereigns in the 12 Nations (Provinces and Territories all have Act they refer to as a Constitution) could awaken to what the Government of Canada Inc. really is, (master that owns them upon their ignorance and consent) and take the blinders off put there by those who call themselves the government, we could all have a bright future.

“You never change things by fighting in their existing corrupt System. To change something, build a Solution that makes the existing corrupt system obsolete” – Dallas K Hills

OUR CONSTITUTIONAL CRISIS

There is a lack of education on the true history of Canada, the Constitution Act of 1867 & 1982. The British parliament was the lawful source of government of Canada until it was given sovereignty under the Statue of Westminster on December 11, 1931. On December 12, 1931, the newly sovereign people of Canada should have approved a document, known as a Constitution, giving the central government authority to govern them. Instead, since that time it has carried on without any break in continuity and Canadian people have voted in elections for an unlawful government that was imposed on them by politicians.

HOW DOES THIS IMPACT

THE CURRENT HEALTH

ORDERS IN OUR PROVINCES?

Since December 12, 1931 all provinces are in actuality sovereign nations. Both provincial & federal governments have no lawful authority to pass Statutes with the force of the law. The people have never been given their inherent right to choose their form of government. All provincial parties are competing in a UNCONSTITUTIONAL system. Which means all mandates against your unalienable right & freedoms are...

UNLAWFUL & UNCONSTITUTIONAL!

DID YOU KNOW?

Canada is a corporation listed under the US Securities and Bonds it has no lawful authority over the people of Canada. With the implementation of the Birth Certificates our parents unwittingly made us wards of the state, subjecting us to government benefits and privileges. By this process all human beings have been made a legal fiction entity that are debtors for a global corporate system that has enslaved us and given us the status of being chattel property in a state of permanently indentured servitude. Our Government does not speak for or represent the WILL OF THE PEOPLE.

ASK YOURSELF?

1. Are you happy with the direction of Canada?
2. Is Canada a Free Country run by the people?
3. Is Canada a Corporation or a Country?
4. Has Canada become a Socialist Country?
5. Does Canada have a Constitution?
6. Can you have a Country without a Constitution?
7. Do you trust the media?
8. Does your vote count?
9. Is the government working for you?
10. What are unalienable rights?
11. Do you know what your unalienable rights are?

OUR MISSION:

We're all working together, that's the secret. We are creating a Constitution that represents both men & women's unalienable rights, liberties and freedoms. The Constitution will create an accountable administration that is responsible to the sovereigns. People from all provinces and territories now have an opportunity to learn, voice their options and actively participate to make changes to policies through our interactive website.

BE PART OF THE SOLUTION

Join us on our website and start educating yourself and others. Start asking questions. It is only when we come together, setting aside all differences of culture, race and religion that we will have the power to implement the change that is necessary for us, our children & grandchildren. To build a better future we need to unite.

IMPORTANCE OF A CONSTITUTION

A CONSTITUTION. Written by the People for the People, places the sovereigns unalienable rights and freedoms above all else. It holds everyone accountable under Natural Law (Do no harm).

NO ONE WILL BE ABOVE THE LAW!
