

Hey everybody.

My name is Tamara Leach and I'm here with some of our fabulous Rd captains. This evening. We are here to represent freedom Convoy 2022 and we just have a few things we wanted to say.

To you, so I'm just going to get started.

Our federal government has enacted in emergency measures while the freedom convoy is conducting a lawful demonstration, we recognize that there is a democratic process within which change occurs, and we have no intention of acting outside the realm of this democratic process.

As we have all observed over the past weeks, Canadians are increasingly raising their voice and concern about the loss of fundamental rights and freedoms.

During our convoy across Canada and while we have been here in Ottawa, we have heard from Canadians about what they would like to.

See what happen next.

We have put in writing what we have heard tonight.

We have sent our road map to freedom to all federal and provincial leaders.

I will read that to you now.

With pleasure.

We began our Freedom Convoy with a clear destination, restoring freedom to for our families, our neighbors and our country.

We rolled into Ottawa 19 days ago, taking a stand for our future.

We have given hope and power to freedom loving Canadians and beyond.

People from around the world are now standing with us and they want their freedoms back.

Our message to all government has been clear from the start.

We want our freedoms restored.

To say the least, our government reactions to COVID and the restrictions imposed on our lives, kids and businesses over the last two years have been very difficult for everyone.

Families have been separated.

Kids have lost education and social developments.

People have been censored, bullied and shamed.

People have lost their jobs and their livelihoods.

We have lost our fundamental rights and freedoms.

Worst of all, so many Canadians have lost hope.

We are calling on all governments in Canada to restore the rights and freedoms of Canadians and set concrete limits so governments can't easily abuse our rights and limit our freedoms again.

It is now time for serious and immediate action by our governments.

We call upon our governments to restore the rights and freedoms to all Canadians.

1. End all vaccine mandates for all Canadians, truckers, travelers, employees, healthcare workers, law enforcement agents and soldiers.
2. Cancel provincial and municipal vaccine passports and masking requirements.
3. And all state of emergency declarations.
4. Allow those who have lost their jobs to go back to work.
5. Grant access to parents that lost. Access to their kids be reunited.
6. 6. financial protection for all small businesses harmed by COVID restrictions.
7. Respect, freedom of choice and not discriminate.

We call upon our governments to ensure we don't make this mistake again.

By doing the following:

1. Supreme Court of Canada review of government actions. We need to know whether our rights under the Charter mean anything.
2. We call upon the federal government to initiate a constitutional reference question to the Supreme Court of Canada about the constitutional validity of the COVID laws and restrictions.
3. Public inquiry of government response to COVID. As a matter of national importance, we call upon the federal government to appoint of fully independent and impartial public inquiry on the government's handling of COVID responses. We need to know what went wrong, what caused governments to so easily trample our rights and freedoms, and cause so much harm to our people and our nation.

For the inquiry to be effective, the following conditions must be considered:

1. The enquiry members to be selected by an all party parliamentary process.
2. Be, it must contain a thorough examination of the science policy responses and the consequences.
3. It must be commenced by March 20th, 2022, and It must be public in live stream.

It is time to heal the divisions that have been created in our families in our communities.

And in our country.

This has gone on far too long.

We are calling upon all levels of government to do the right thing for our families, for our communities and for Canada.

The Freedom Convoy 2022.

Thank you.
