

EXPRESS YOUR CONCERN LETS DO IT TOGETHER

Lets do an email convoy.
The truckers stood their ground and made the journey,
NOW ITS OUR TURN

Please commit
to sending **one email
each month until June**
(5 EMAILS TOTAL more if
you wish). We hope that
at least 100 emails will be
sent out from the
community to the
government, AHS, and
media sources every day
of the week for 5 months.

**We need to
express
our concerns
while we still have
FREEDOM**

WHAT DO I DO?

1. Choose a topic that is dear to your heart. Or many topics in one email.
2. Find supporting video links or web Pages. Add them to the email.
3. Give a description of the most important facts in the video and qualification of the individuals making the claim.
4. Add the emails to the address bar to Premiers, MLAs, The Prime Minister, AHS, media sources.

If you just put one person they will delete and not take you seriously. However if they see all of these other people are seeing these remarks they will be forced to take your concern seriously.

Speak with kindness.

Not authoritative but more asking questions.

Example:

Alberta Services says that the vaccines are safe, however I have found many reports of vaccine injuries there seems to be an inconsistency in what we are being told and what is actually happening.

Please watch the links below and see what the reports, scientists, and doctors are saying. I am concerned about how this will effect my family and all those who have taken the vaccine.

Give links with descriptions of the main points in the video

If your name begins or ends with the letter send an email on that day. You can choose to do only first or last name or do both. Please mark these days on your calendar. I will give you an example.

Dear Honorable Prime Minister Trudeau,

Thank you for taking the time to read my email and hearing my concerns.

I have also CC some and BCC others this message so that all are aware of the concerns that many citizens have and are struggling with.

We are all in this together and are able to help each other through our difficulties.

Together we are stronger. So let us stand and not be silent.

I am not good at writing letters to politicians so forgive me if I do it wrong or something in here is not as formal as it should be. I have never written an email to the Prime Minister

before because I never had a real need to do so. I do as a citizen of Canada have major concerns that do need to be addressed.

Before you read on I want you to know that I am praying for you and hope you will do what is best for the people not just your party.

Here are just a few of my concerns.

The world is lacking love and truth and some common sense.

2+2 is no longer 4 everything seems to be relative.

Science for most has gone out the window,

leaders say follow the science

but themselves dismiss the true facts

and what the science is saying to meet their agenda.

You can have a point of view as long as you submit to the Liberal point of view.

You can have an opinion as long as it reflects the Liberal point of view.

You can give information as long as it is the prospective and in the agenda of the Liberal view.

Any other view seems to be discriminated, black listed, censored, or muzzled.

What happened to Canada?

Where is democracy?

Why so much propaganda and censorship?

MAKING HISTORY (Please watch this video and the other videos)

<https://thehighwire.com/videos/episode-252-making-history/>

1700 doctors are against the vaccine (That are not afraid to speak out, there are many more who fear losing their jobs, there are many more that are silent.).

Profits seem to be more important than patients. The making of billions by Bill Gates and his people seems to be more important than the truth, than lives.

The safe effective drugs are not allowed to be used to treat patients, doctors were fired for treating and healing patients. Only one AGENDA, the vaccine.

“Vaccine Immunity cannot super seed natural immunity”

“If the vaccines are so safe and effective, then why do the manufacturers need liability protection? And if they are so safe then why do the organizations that mandate that we take these vaccines not accept the liability for any risk?”

“If there is risk there must be choice”

So many victim injuries of the vaccine.

Yet they have no recourse because the vaccine manufactures are not liable for their wrong doings.

WHY IS THERE DISCRIMINATION AGAINST THE VACCINE?

STOP THE LIES! We want truth and freedom.

DISCRIMINATION

You preach in you preach to be loving and nondiscriminatory to all people yet you seem to be the most discriminatory person in the public sector. You mock and belittle those with a voice, those who were wise to do their research in finding out what was in the vaccines, and all the science behind it and chose not to take it. Yet us people did not discriminate against the ones who took it and the ones who chose to not take it. We loved them and accepted their choice to choose what goes into their body. Why are you so racist? Is it because you are profiting from the vaccines? Or just following someone else's commands?

I am wondering why do you preach unity and yet discriminate so much?

You are tearing the country into two tiers and taking the lively hoods of those individuals and in some cases preventing them from getting food because of these mandates and vaccine passes. This reminds me of Hitler and him classifying the Jews as non humans even taxing the Jews, just as in Quebec they are or are planning to tax the vaccinated. The Ontario Human Rights Commission actually has a statement saying it's a breach of human rights to compel somebody to take specific medical treatments that they're not comfortable with.

SAFETY OF CANADIAN CITIZENS

Alberta Services says that the vaccines are safe, however I have found many reports of vaccine injuries (thousands of injuries) there seems to be an inconsistency in what we are being told and what is actually happening. Please watch the links below watch the videos. I am sure the people I have CC will watch the videos and have concerns about what is going on. See what the reports, scientists, and doctors are saying. I am concerned about how this

will effect my family and all those who have taken the vaccine. These vaccines are still experimental and they have not had the full safety study done. Some studies say that these vaccines will cause infertility in children. Is that something we really want for our children?

How is Canada to prosper?

Why are so many doctors, nurses, and scientists being told to hush up or being fired when revealing sound medical information or data?

Is this communism?

Where is freedom of speech and democracy?

How come you have the freedom to do what ever you want and yet all the people are oppressed by you?

Where is the freedom to debate and seek truth?

Safety of the vaccines, one size fits all.

I have heard of many top doctors and scientists express there concerns about the safety of the vaccine. Also many injuries have been reported. Even in my own life my friends dad who was perfectly fine and had never had problems with his eyes within one week of the vaccine his retina started to separate from his eye and he had to have surgery. Another friend her friend had a vaccine and she was breast feeding, three days later the baby died. There were no health issues with the baby previously and doctors have shown that the vaccine contents flow through the body and go to the breast milk.

Others have had severe adverse reactions to the vaccine and still receive no exemptions to the second vaccine, booster 1, booster 2, booster 3....how many more? According to may qualified experts (doctors, nurses, and scientists) these vaccines and boosters do not stop the spread of the virus, and people with the vaccine and boosters still spread the virus and get the virus and die from the virus. So my question to you is why are you discriminating and mandating a vaccine pass when the vaccine itself is harmful and not effective? Why are you wrecking peoples lively hoods and preventing them from accessing services?

Please listen to the professionals on these links and websites for I myself am a nobody to you, but these people are important for all of humanity.

Also look at the PDFs which are important. The notice of liability is not being served to you yet, but take a look at it and see what laws you may be breaking. Read it please.

Here is just a bit from a notice of Liability from Action4Canada

According to the Public Health Agency of Canada, Canadian National Report on Immunization, 1996

“Vaccines are not mandatory in Canada and they cannot be made mandatory because of the Canadian Constitution.”

If the Federal Government had invoked the Federal Emergencies Act, which it has not, even that

Emergencies Act states:

AND WHEREAS the Governor in Council, in taking such special temporary measures, would be

subject to the Canadian Charter of Rights and Freedoms and the Canadian Bill of Rights and must have regard to the International Covenant on Civil and Political Rights, particularly with respect to those fundamental rights that are not to be limited or abridged even in a national emergency.

Employment, education, extra-curricular activities, or access to essential, or non-essential services is

100% guaranteed and protected under Section 7 of The Canadian Charter of Rights and Freedoms:

“Everyone has the right to life, liberty, and security of the person and the right not to be deprived thereof except in accordance with the principles of fundamental justice.”

VACCINE 'CONTAMINANTS' - GERMAN TEAM REVEAL DAMNING EVIDENCE

Since we proved vaccine-induced magnetism in May 2021, Dr T and the Not On The Beeb team have been calling for help from the medical and scientific community in the recognition of undisclosed ingredients and undisclosed biotech.

The machinery of creating professional lead proof is gaining momentum.

The Pathological Institute in Reutlingen have held a key press conference revealing their findings.

QUOTE: "...Undeclared metal-containing components were found in the vaccine. Visually, vaccine elements are conspicuous by their unusual shape....which are in line with the findings of scientists from Japan and the USA. "

The **pathologists Prof. Dr. Arne Burkhardt and Prof. Dr. Walter Lang** also declared that among the 40 or more autopsied on corpses who had died within two weeks of COVID19 vaccination, approximately one-third of the deaths were due to a vaccine.

Is the Liberal way a way of oppression?

I FEEL as though this is what you are doing to CANADA.

I feel choked, discriminated, ostracized, and bombarded by your forceful ways.

Start helping Canadians!

Stop lying, cheating, overspending, taxing the people and companies to the point where they are struggling to live, stealing, covering up your illegal involvements.

BE A MAN OF INTEGRITY there is still hope for you.

I believe all things are possible with God.

I am praying for you.

"GOD KEEP OUR LAND GLORIOUS AND FREE"

Thank you and God bless,

If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land.

Now my eyes will be open and my ears attentive to the prayers offered in this place.
