Yes, you have been deceived during the last two weeks (and during the last two years if you reflect on it), by the government and the main-stream media, but why you ask? The answer is simple, the media is corrupted, they have received millions of dollars of “aid” from the liberal party, please check this video of Trudeau bragging about it. They have been bribed to not report the truth and report what it is convenient for the government.

More recently, media companies received payments just before the elections, the list of payments is here:

And what the media do? Spread fear and fake news. There always be a new variant of the virus, and corrupt governments will use it as a lever to scare people, because that is the way they can control us.

if you are in Quebec, you may have recently watched an emission hosted by Julie Snyder where children were used as propaganda against people who decided not to get vaccinated, it was later discovered that the kids are paid actors.

And this is just an example of the corruption in Canada, if you have spare time, I recommend you this excellent piece of investigative reporting:

The PM has no intention of ending mandates because he is profiting from the pandemic, let’s be honest, anyone who is making money from this pandemic is happy while the population suffers. This explains why the PM purchased 10 times more vaccines than the population of Canada, check this video.

Please bear in mind, my message is intended to everybody, liberal, conservatives, etc., this is not about political point of views, right or left, capitalism or communism, this is about corruption and more importantly FREEDOM.

The media is portraying the protestors as racist, dangerous, and even Nazis and white supremacist, this is a well-known strategy to distort the truth. All is lies. Please check this video and then make up your own mind.

Now, instead of hearing the demands of the truckers, the PM made the excuse to have gotten covid and needed to self-isolate, despite the fact he is supposedly triple vaccinated, which goes against the narrative of the efficacy of the so-called vaccines. Is he really vaccinated? check this out:

Facebook has partnered with governments to hide the truth and has recently deleted several groups against the vaccine passports and the freedom convoy, one group had more than 130 thousand members and one freedom convoy group had more than 800 thousand members, another freedom convoy group was created and in just one week has reached more than 700 thousand members.

This movement is not just about vaccine coercion, it is not about trusting or untrusting science, it is about freedom of movement, choice, to breath, to travel, to buy and sell, of expression. The truckers have demonstrated to have more courage than any university graduate.

Are your children wearing masks at school the whole day? Are you happy doing the same? If not, why do we force our children to do it? It has been proved that chirurgical face masks have microplastics that goes to our lungs, among other chemicals. And if the governments extend the mandates 2, 3, 5 more years? Are you willing to just obey? And if you think more profoundly all this is due to a flu with a 99% rate of survival and 100% survival rate if treated early.

Truckers are the backbone of our supply chain, they work long hours under sometimes hard weather conditions, they transport our food, furniture, spare parts, your online purchases.

Please consider following real unbiased journalism like fox news, or <https://www.rebelnews.com/news>

If you can, go to Ottawa and you will see the truth by yourself, it is all fun, peace and friendship, no fears, the truckers even set up bouncing castles for kids.

If you can't go, please consider donating money to the truckers at <https://www.givesendgo.com/FreedomConvoy2022> or if you believe in God, just pray for them because they are fighting peacefully to have our freedom back and if they fail, a complete tyrant regime will be the legacy we will leave to future generations.

Finally, please consider sharing this message to at least ten friends. Thank you and God bless Canada.
