John D. Rockefeller designed a scheme to control the minds of a country's entire population. He began by taking control of every major Newspapers and TV Newscasts in the United States to promote his narratives. He then gave substantial grants to all medical institutions and universities in the country in exchange for them to teach only his curriculums, making the patentable, highly addictive petroleum based drugs the gold standard for medical treatments all doctors must abide by, fault of which their medical licenses would be revoked along with a possible jail sentence.

Watch: **Media Scam & The Rockefeller Hijacking of the Medical Profession**

Is there any legitimacy in the COVID pandemic? Tens of thousands of doctors, microbiologists, virologists, epidemiologists, and other biology scientists, around the world, are saying that the "COVID-19 pandemic" is a **HOAX**. Can so many science professionals be wrong, while non-scientists government officials be right? Many of these professionals lost their jobs and had their licenses revoked for exposing it publicly. Some even died suspiciously... They say that they are forced to tag patients with COVID-19 regardless of what the patients are hospitalized for, and even threatened when they try to object against participating in what they call a "**SHAMEFUL FRAUD**"! They also expose that hospitals receive large amounts of money for COVID patients, a lot more when they are put on ventilators, and even a considerable amount when they die in nursing homes.

The TRUTH about this madness - Dr. Bruce Lipton

Many microbiologists and virologists say, as does the inventor of the process himself (**Kary Mullis**), that the RT-PCR (Reverse Transcription – Polymerase Chain Reaction) test is unreliable for detecting SARS CoV2 coronavirus, because it produces far too many "**FALSE POSITIVES**" when exponentially amplified anything over 25 cycles, and becomes completely unreliable over 35 cycles, returning nearly all False Positives. So why are test labs instructed to process samples through 40 or more cycles? Furthermore, the PCR tests only indicate if viruses are present which can be remnants of previous flues or influenzas, not necessarily those of COVID!

Watch: **RT - PCR Deception**

News Medias, worldwide, portray SARS CoV2, or whatever virus that is circulating, to be frighteningly LETHAL! In the following video, these Frontline Nurses are exposing the truth about what is really going on behind close doors. They say that, in order to work in certain hospitals, they are required to sign "**Non-Disclosure Agreements**". If they talk about anything that takes place in these hospitals, they lose their jobs and are liable to be sued. Some even had their lives threatened! *The following video has drastically been shortened from 4 hours down to 2, which is still very long. Yet it is well worth watching until the end; because what these nurses have to say will definitely open your eyes on what's really going on!* Watch: **Frontline Nurses Speak Out [1 & 2] Shortened**

If you made it up to here, you may have realized that there is something suspicious about the legitimacy of the COVID-19 "pandemic". In "**Part 2**", well be looking at the COVID-19 Preliminary Rollout Results; it may not be what you would have liked it to be...

May God protect you and your loved ones...
