

# **Mandating Vaccines Is “UNCONSTITUTIONAL” And “ILLEGAL”; It’s A “R A P E”...!**

First and foremost, since a vaccine is meant to immunize the recipient against a pathogen, then a person who carries the pathogen (virus) “CANNOT AFFECT” a person who has been immunized against it; otherwise there would be no point in being vaccinated. On the other hand, “EVERYONE” can carry the virus whether vaccinated or not. Since those who refuse to be vaccinated, because they judge that the “HEALTH RISKS” associated with the “POISONOUS CHEMICALS” that make up the vaccine are greater than the pathogen itself, “CANNOT AFFECT” those who have been immunized against the pathogen, “THERE IS ABSOLUTELY NO REASON TO MANDATE A VACCINE”. The only persons who would remain at risk, would be those who are “WILLING” to take that risk. Only a “CLUELESS” Government would mandate a vaccine; unless it is hiding a “CRIMINAL AGENDA” behind the guise of the virus; *monetary gain* being the least of possible “CRIMES”.

History tells us that there is “NO SUCH THING AS A SAFE VACCINE” and different people have different reactions to vaccines. Most will have mild fevers while others will have more severe reactions. These more severe reactions can range from:

- Case #1) For some, it will result in permanent health disorders such as a permanently compromised immune system rendering the vaccine recipient extremely vulnerable to any viruses, bacteria and cancers, requiring continual medications for the rest of his/her life suffering the medications' side effects and premature death.
- Case #2) Some will further become crippled to the point of being wheelchair or bedridden for the rest of their lives; and this is up and above the issues mentioned in Case #1.
- Case #3) Some will even “DIE” from complications due to the vaccine or process of vaccination.

In all three Cases, “ALL” Government Officials who would have approved the vaccine to be “Mandated” would be “RESPONSIBLE” for the outcome of the vaccine “IN EACH AND EVERY INDIVIDUAL IT IS FORCED UPON”. Are we going to allow the Government to “R A P E” us? Any health disorder(s) due to the vaccine and/or the process of vaccination would be “CRIMES AGAINST HUMANITY” which would have to be PROSECUTED. Therefore, “ALL” Government Officials and those who would enforce and/or administer the mandated vaccine would be “ACCOMPLICES” of these “CRIMES”. As for Case #3, it would be “MURDER” in the “FIRST DEGREE”, because they are made aware beforehand that the vaccine will inevitably “KILL” INNOCENT Citizens.

This makes “Mandating” vaccines “UNCONSTITUTIONAL” and “ILLEGAL”;

## **It's a “RAPE”...**

It is way overdue that the people, who we elect to run our Country and protect our rights and well being, be made “ACCOUNTABLE” for the actions they take in our behalf; especially when it H A R M S and/or “K I L L S” INNOCENT CITIZENS.

Therefore, the first thing to do is to sign the “NON-MANDATORY” Vaccination Petition at: << Petition e-2961 – Petition – House of Commons e-petition >>
